

Memorandum

Date: July 8, 2010

To: Honorable Chairman Dennis C. Moss
and Members, Board of County Commissioners

Agenda Item No. 8(P)(1)(D)

From: George M. Burgess
County Manager 

Subject: Resolution Authorizing the Acquisition of the Designated Property Known as Parcel 4 for Right-of-Way Needed for the People's Transportation Plan (PTP) Project Entitled Roadway Expansion, Beautification and Improvements to SW 176 Street, from US Highway 1 to SW 107 Avenue, to be a Public Necessity and Authorizing the Use of Charter County Transit Surtax Funds

Recommendation

It is recommended that the Board of County Commissioners (BCC) approve the attached resolution declaring the acquisition of Parcel 4 for right-of-way needed for roadway expansion, beautification and improvements to SW 176 Street from US Highway 1 to SW 107 Avenue, to be a public necessity, and authorizing the County Mayor or the County Mayor's designee and the County Attorney to employ appraisers, expert witnesses, obtain required environmental audits, and to take any and all appropriate actions to acquire the subject property in fee simple, by donation, purchase at values established by appraisals, or by eminent domain proceedings, including a declaration of taking as necessary for and on behalf of Miami-Dade County. Proceeds from future Charter County Transit System Sales Surtax (the Surtax) bond sales will be used to fund this project, therefore, approval by the BCC and Citizens' Independent Transportation Trust (CITT) is required.

Scope

This project is located within Commission District 9.

Fiscal Impact/Funding Source

Funding for the right-of-way acquisition, design and construction of this project has been budgeted at \$5,815,000 and will be provided by the Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County. This project was specifically listed in Exhibit 1 of the People's Transportation Plan (PTP) as one of the Board requested Major Roadway and Neighborhood Improvement projects within Commission District 9. The additional Operation and Maintenance (O&M) costs associated with this project once built out are estimated to be approximately \$9,000.00 per year.

The initial acquisition cost has been budgeted and no additional fiscal impacts are expected; however, the ultimate acquisition cost in the event of litigation would be subject to a future ruling by the Court.

Background

This Resolution is for the acquisition of Parcel 4 of six (6) separate parcels needed by the Public Works Department (PWD) for programmed improvements to SW 176 Street from US Highway 1 to SW 107 Avenue. This project consists of reconstructing the existing roadway to include a raised landscaped median, bicycle facilities, sidewalks, curb and gutters, continuous storm drainage system, signalization, pavement markings and signage, and roadway lighting. The area to be acquired by PWD for the street improvements is legally described in "Exhibit A" and illustrated in the parcel location map in "Exhibit B" attached. These improvements will improve traffic mobility and improve drainage as well as beautify SW 176 Street from US 1 to SW 107 Avenue.

Background and Relevant Legislation

The Florida Constitution, State Statutes and the Home Rule Charter of Miami-Dade County authorize the Board of County Commissioners to initiate the taking of property through eminent domain proceedings. See Chapters 73, 74, 125, 127 and 341, Florida Statutes; and §§1.01(A)(1)(2) and (21) of the Home Rule Charter of Miami-Dade County, Florida.

Policy Change and Implication

These resolutions to acquire land are consistent with current County and State policy regarding land acquisition.

Budgetary Impact

The fiscal impact to the County has been budgeted at \$5,815,000 and will be funded by future Charter County Transit System Surtax bond funds. However, these items only authorize the acquisition of certain parcels by donation, purchase or by eminent domain proceedings. The true fiscal impact to the County will be quantified once the County enters into negotiations with the owners of the parcels.

Once completed, operation and maintenance of this project is estimated at \$9,000 per year.
