Re: Budget Priorities FY 2010-11

Attached are three documents which should aid you in our forthcoming discussions on the FY 10-11 budget. The first document is a summary sheet of those budget priorities selected by you that received three (3) or more votes. The second document is a detailed schedule listing all priorities in the groupings that received three (3) or more votes. The third document is the initial tally sheet of all the Budget Priorities which was prepared by the Office of the Clerk of the Board. These documents should assist in adopting an efficient and fiscally prudent budget for FY 2010-11.

Thank you for your cooperation.

Streamline local government operations by reducing department volume; via decisively reviewing and critically-thinking about system inefficiencies in an attempt to eliminate any duplication and/or bottlenecks in providing services.	Various	GOC-44a	1
