

Memorandum

Date: June 15, 2010

To: Honorable Chairman Dennis C. Moss
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Subject: Resolution Declaring the Acquisition of Parcel 100A Required for the Construction of a New Park and Ride Facility, Located at the Southern Terminus of the Busway Extension to Florida City, Adjacent to the North Side of Palm Avenue (Southwest 344 Street) between Northwest 2 Avenue and Northwest 3 Avenue in Florida City to be a Public Necessity

Agenda Item No. 14(A)(2)

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) approve the attached resolution declaring the acquisition of Parcel 100A required for the construction of a new Park and Ride facility, located at the southern terminus of the Busway Extension to Florida City adjacent to the north side of Palm Drive (Southwest 344 Street) between Northwest 2 Avenue and Northwest 3 Avenue in Florida City to be a public necessity; and to employ appraisers, expert witnesses, obtain required environmental audits, and authorizing the County Mayor or the County Mayor's Designee and County Attorney to take any and all appropriate action to acquire the subject parcel in fee simple, either by negotiation, purchase at values established by appraisals, donation, or eminent domain court proceedings including declaration of taking as necessary for and on behalf of Miami-Dade County. Proceeds from future Charter County Transit System Sales Surtax (the Surtax) bond sales will be used to fund this project, therefore, approval by the Board of County Commissioners (BCC) and Citizens' Independent Transportation Trust (CITT) is required

SCOPE

While this park and ride lot is physically located within Commission District 9, the impact of the project benefits the riding public, and is therefore, Countywide.

FISCAL IMPACT/FUNDING SOURCE

The total cost of the project (inclusive of construction and right-of-way acquisition of all parcels), is estimated at \$10,140,000 and is funded in the Miami-Dade Transit (MDT) budget through a combination of grants and Joint Participation Agreements providing federal, state and local funding, including Charter County Transit System Surtax (Surtax) funds. Once the project is built out, an annual cost of approximately \$90,000 is anticipated to maintain and operate the Park and Ride facility and will be funded through the MDT Operating budget.

TRACK RECORD/MONITOR

Miami-Dade County has built several other park and rides along the Busway. The person responsible for managing this project is Froilan I. Baez, Acting Chief, MDT Right of Way, Utilities & Property Management Division.

DELEGATED AUTHORITY

In accordance with Section 2-8.3 of the Miami-Dade County code related to identifying delegation of Board authority, there are no authorities beyond that specified in the resolution.

BACKGROUND

The State of Florida's Park and Ride Lot Program was initiated in 1982 to provide organized, safe parking for vehicles. Initially, park and ride facilities were constructed on publicly owned land such

as rights of way, park lands and state owned land. Chapter 341 of the Florida Statutes (F.S.) provides for the purchase and/or leasing of private land for the construction of park and ride lots, the promotion of these lots, and the monitoring of their usage. This program is an integral part of the commuter assistance program efforts to encourage the use of transit, carpools, vanpools, and other high occupancy modes of transportation. In adherence of such law, Miami-Dade County is encouraged to provide such services.

MDT has identified the need to provide a new Park and Ride facility to serve patrons traveling to and from Monroe County and the lower keys in respect to other parts of the County and particularly to employment centers in downtown Miami and the Civic Center area. Moreover, the Park and Ride will serve South Miami-Dade residents wanting to travel within Miami-Dade County. In order to construct this Park and Ride facility, MDT shall acquire this parcel as well as 13 more parcels of land. This parcel is legally described in Exhibit "A", and illustrated on the project location map in Exhibit "B", attached hereto and made a part hereof, located on the north side of Palm Drive (Southwest 344 Street), and between Northwest 2nd Avenue and Northwest 3rd Avenue, in Florida City.

MDT has completed the planning phase for the project, with FTA's issuance of the approved Finding of No Significant Impact (FONSI) on April 7, 2010. MDT is ready to begin the acquisition process. The Park and Ride Facility improvements will provide transit users surface parking, a "kiss and ride" drop off area, passenger wait area, bus bays, roundabout for buses using the Busway, rest/break facility for bus drivers including restrooms, and other ancillary improvements standard for a Park and Ride facility.

The MDT routes which will service this park and ride include 34, 35, 38, 70, 344, Card Sound Express and Dade-Monroe Express. This lot is forecasted to accommodate approximately 260 parking spaces. Construction of this project is scheduled to begin in November 2011 and be completed by November 2012.
