and Members, Board of County Commissioners

Agenda Item No. 801A

**From:** George M. Burgess  
County Manager

**Subject:** Supplement to Rejection Recommendation for EPP- RFP No. 625, Consulting  
Services for the County's Elevators, Escalators, and Related Equipment

---

This memorandum provides supplemental information for the referenced rejection recommendation. On September 20, 2007, the Board of County Commissioners directed the administration to establish a consulting contract to verify that the elevator maintenance contractors are performing maintenance services in accordance with County contractual requirements. Price proposals received in response to the subject Request for Proposals (RFP) are significantly higher than the initial estimates. In light of the costs associated with these services and the County's current budget situation, it is recommended that the Board of County Commissioners approve the rejection of all proposals received in response to the RFP.
