Subject: Recommendation to Reject all Proposals, Waive the Competitive Bidding Process and Bid Protest Procedures, and Allow for Parallel Negotiations with the Two Proposers that Submitted Proposals: Medical Transportation Services (Ambulance)

RECOMMENDATION

It is recommended that the Board of County Commissioners reject all proposals received in response to the referenced solicitation, approve waiver of competitive bid procedures pursuant to 4.03(D) of the Home Rule Charter and Section 2-8.1 of the Miami-Dade County Code, and waive the bid protest procedures pursuant to the requirements of Section 2-8.4 of the Miami-Dade County Code. Furthermore, it is recommended that the Board authorize staff to conduct parallel negotiations with Randle-Eastern Ambulance Services, Inc. d/b/a American Medical Response, and the alliance of American Medical Service Inc. and Medics Ambulance Service.

CONTRACT NO: RFP 692

CONTRACT TITLE: Medical Transportation Services (Ambulance)

DESCRIPTION: The County issued an open and competitive solicitation to obtain proposals from qualified firms to provide medical transportation services (Ambulance) to respond to calls from the County and Municipal Fire and Police Departments for Basic Life Support Level (BLS), and Advanced Life Support (ALS) level response, and urgent/non urgent/stretchers services for Community Health Facilities.

**USING/MANAGING AGENCY
AND FUNDING SOURCE:** Department of Emergency Management

CONTRACT MEASURES: The Review Committee recommended a Small Business Enterprise (SBE) selection factor for this solicitation.

LIVING WAGE: The services being provided are not covered under the Living Wage Ordinance.

- USER ACCESS PROGRAM:** The solicitation includes the 2% User Access Program provision.
- LOCAL PREFERENCE:** Applied in accordance with applicable ordinance, and did not affect the outcome.
- PROJECT MANAGER:** Charles Cyrille, Manager, Infrastructure & Recovery Bureau, Department of Emergency Management.

BACKGROUND

A Request for Proposals (RFP 692) was issued to obtain proposals to provide medical transportation services (ambulance) to respond to calls from the County and Municipal Fire and Police Departments (as stated below in Group categories) for the Basic Life Support (BLS), Advanced Life Support (ALS), and urgent/non urgent/stretchers services for Community Health Facilities.

Services to be provided are established in the following Groups:

- Group 1: Urgent /Non Urgent Response - County and Municipal Fire Rescue Systems
- Group 2: Urgent/Non Urgent - Miami-Dade Corrections and Rehabilitation and Municipal Police Departments
- Group 3: Urgent/Non Urgent/Stretchers Community Health Facilities

Negotiations with Randle-Eastern Ambulance Services, Inc. d/b/a American Medical Response (AMR), the highest ranked proposer, were held on January 5, February 2, and March 2, 2010. The negotiations were not successful in that AMR could not continue to perform necessary services at no cost to the County. Negotiations with AMR were terminated. The County Manager authorized the Committee to proceed to negotiations with the second ranked firm. The Negotiations Committee met with American Medical Service Inc. and Medics Ambulance Service (an alliance of the two firms for the purpose of this RFP) on March 26, and April 12, 2010. Negotiations were not successful as the firms could not perform services without a financial subsidy.

Both proposers cited the number of calls, the response times and associated liquidated damages as the major reasons for not being able to meet the County's current pricing. When the current agreements were executed in 2004, the County was requesting approximately 5,500 transports per month for Groups 1 and 2. With this many calls, the contractor was able to place a significant number of vehicles around the County to meet the response times and other requirements of medical transportation services. Over the last two years, the number of calls has dropped significantly. Recently, the call volume has decreased to approximately 1200 calls per month for Groups 1 and 2. The proposers advised staff that with the limited number of calls the County now requires, it is not feasible for the private companies to provide the required services without a County subsidy.

It is recommended that parallel negotiations begin with both proposers, and that the original requirements of the RFP be waived, to allow staff the opportunity to negotiate a contract for the services described for Groups 1 and 2 only, that will be in the best interest of the County.

Consideration for the parallel negotiations, following a waiver of the competitive process will include obtaining only Group 1 (Urgent /Non Urgent Response - County and Municipal Fire Rescue Systems) and Group 2 (Urgent/Non Urgent - Miami-Dade Corrections and Rehabilitation and Municipal Police Departments) services (Group 3 will be eliminated); a revised EMS Fee Schedule; pricing for two

different scenarios pertaining to the number of transports requested by the County; and, potential modifications to the response requirements and associated liquidated damages. The County does not intend to pay for these services (as in the current contract for Groups 1 and 2).

Group 1 and Group 2: Only Groups 1 and 2 services will be negotiated as the County will eliminate Group 3 services.

Group 3: Group 3 (Urgent/Non Urgent/Stretcher Community Health Facilities) consists of urgent and non urgent transportation services. Requests for urgent calls will be made through 911 and will be handled by MDFR. For non emergency transport services, DEM and Miami-Dade Transit will educate the community health facilities on utilizing Special Transportation Services (STS) or a private ambulance company to service their needs.

Revised EMS Fee Schedule: The negotiations will include consideration of an increase to the current rate of reimbursement private companies can bill for transport services. Currently, the private medical transportation companies can bill private insurance companies, private pay patients and Medicare patients \$358.67 for BLS transport services. Medicare will pay 80% of the fee and require that the patient (or its supplemental insurance company) pay the remaining 20%. Medicaid pays a flat billing rate of \$197. Approximately 35% of the transport service billing is to Medicare and Medicaid. The negotiations committee will obtain information from the Consumer Services Department to determine a reasonable and acceptable increase to the current rate for these services. This rate will be used as a "ceiling" for the committee to consider in its negotiations. MDFR is presenting an increase to the rates it can charge for medical transportation services as part of their 2010-2011 budget.

Modifications to Response Levels and Liquidated Damages: The RFP required that the Proposer(s) meet certain response times to have an ambulance at the scene. If the private ambulance company does not meet the response times, they are assessed liquidated damages. The negotiations would include potentially modifying both the response times and the associated liquidated damages.

The Department of Emergency Services has advised the Municipalities participating in ambulance services contract that in the event the County is unable to execute an agreement by September 16, 2010, each of the municipal departments will need to determine on their own on how to provide transportation of patients within their service areas.

Any resulting contract will be brought back to the Board for approval.

Subject: Report of Evaluation/Selection Committee for RFP No. 692 Medical Transportation Services (Ambulance)

The County issued a solicitation to obtain proposals from qualified firms to provide medical transportation services (Ambulance). The selected Proposer will provide ambulance services to respond to calls from the County, Municipal Fire Departments and Community Health Facilities at the Basic Life Support Level (BLS), and/or Advanced Life Support (ALS) level on as needed basis for the following categories:

- Group 1: Urgent /Non Urgent Response Fire Rescue System
- Group 2: Urgent/Non Urgent Miami-Dade Corrections
- Group 3: Urgent/Non Urgent Community Health Facilities

The Evaluation/Selection Committee has completed the evaluation of proposals submitted in response to the above referenced solicitation following the guidelines published in the solicitation.

Committee meeting dates: Evaluation/Selection Committee meetings were held on November 4, 2009 and November 18, 2009.

Verification of compliance with contract measures:

The Review Committee recommended a Small Business Enterprise selection factor for this solicitation. Neither proposer qualifies for the selection factor consideration.

Verification of compliance with minimum qualification requirements:

The solicitation had minimum qualification requirements which were reviewed by the Chairperson and Project Manager of the client department, Department of Emergency Management and Homeland Security. Both of the proposers met the requirements.

Summary of scores:

The final scores are presented by Group and are as follows:

Proposer	Group 1

2. American Ambulance Svc JV w/MAS	272	41	313

The Evaluation/Selection Committee decided not to hold oral presentations.

Local Preference:

Local Preference was considered in accordance with applicable ordinances, but did not affect the outcome as the difference between the two proposers was more than five percent.

Other information:

The prices submitted by proposers are significantly higher than what the County is currently paying for these services. The highest ranked proposer submitted prices that were significantly lower than the second ranked proposer (see attached spread sheet.) It is recommended that any approval to negotiate include approval for the Committee to continue with the second ranked proposer in the event that negotiations terminate with the highest ranked proposer without an agreement.

Negotiations:

The Evaluation/Selection Committee recommends that the County enter into negotiations with the proposer with the highest score, Randle Eastern Ambulance Services, Inc. d/b/a American Medical Response ("AMR"). The following individuals will participate in the negotiations:

- Andrew Zawoyski, CPPO, Contracting Officer, Department of Procurement Management
- Charles Cyrille, Manager, Infrastructure and Recovery, Department of Emergency Management and Homeland Security
- Lt. Joe Prendes, EMS Division, Miami-Dade Fire Rescue
- Kelly Duncombe, Contract Development Specialist 2, Small Business Development

Consensus Statement: The Evaluation/Selection Committee prepared a Consensus Statement which is attached herewith.

Copies of the score sheets are attached for each Evaluation/Selection Committee member, as well as a composite score sheet.
