The fiscal impact will be approximately \$373,597.23 and will be funded from the Surtax. The proposed improvements qualify under the allowable work categories included in the PTP Neighborhood Improvements Section. Specific funding for this project will be allocated from the respective Commission District PTP yearly allocations. The base contract amount is \$332,089.30, but the total allocated amount is \$373,597.23, which is inclusive of the contingency and dedicated allowances. This project does not create any additional impact on the current budget nor does it impact future budgets.

## Delegation of Authority

No additional authority is being requested within the body of this contract.

## Track Record/Monitor

Quality Paving Corp. is currently performing work for PWD at a satisfactory level as reported by the Project Manager. PWD has reviewed the Office of Capital Improvements (OCI) database and found 40 awarded construction contracts and are listed as follows: four (4) from the Department of Environmental Resources Management (DERM), four (4) from the Water and Sewer Department (WASD), two (2) contracts from each of the following Departments: Fire, Transit, Parks and Recreation, Seaport; and 24 from PWD. The referenced database also lists a total of 33 contractor performance evaluations with an overall performance rating of satisfactory performance (3.0) out of a possible superior performance (4.0) rating. The Department of Small Business Development's (SBD) History of Violation's report lists three (3) closed violations for this contractor.

Following PWD's standard operating procedures, after award of this contract, a pre-construction meeting will be scheduled. Throughout all PTP projects, the responsible staff person in PWD will be the PTP Coordinator, Mr. Frank Aira, P.E. Following completion of the award process, the project will be assigned to Mr. Rudy Raghunandan, Project Coordinator, for day to day responsibilities.

According to the Florida Department of State, Division of Corporations, Quality Paving Corp., Company Principal is: Richard A. Gonzalez and the Company's address is listed as: 7875 SW 40 Street, Suite 229, Miami, Florida 33155.

### **Background**

In an effort to carry on the success of the PTP Neighborhood Improvements initiative, PWD continues to take advantage of various contracting mechanisms such as the subject MCC process available under OCI contract MCC 7040 Plan. Through this process, PWD forwards the RPQ, by way of facsimile transmission, to a pool of pre-qualified Community Small Business Enterprise (CSBE) contractors for the subject trade. Additionally, PWD advertises the project in the Daily Business Review and all solicitations are available on-line through the Miami-Dade County portal under the "Procurement Solicitations" link. The project award evaluation is based upon the lowest sum bid submitted by the responsive, responsible bidder for the project.

PWD staff determined that the scope of work for this project qualified for a CSBE set-aside (Levels I, II, and III) designation. Therefore, on May 5, 2010, PWD forwarded an RPQ for the PTP Ramps and Connectors Contract, utilizing the OCI contract MCC 7040 Plan, to a list of 130 pre-qualified firms. A total of seven (7) firms purchased contract documents and three (3) firms proffered a bid. On June 9, 2010, Quality Paving Corp. proffered the lowest responsive, responsible base bid of \$332,089.30, 16% below the County's cost estimate; the second lowest bidder, CEB Construction, Inc., proffered a base bid of \$383,770.00, 16% over the lowest bidder; the third lowest bidder, Wrangler Construction, Inc., proffered a base bid of \$451,055.00, 18% over the second lowest bidder. As a result, on July 13, 2010, PWD issued a recommendation of award for RPQ No. 20100512 to Quality Paving Corp., with the stipulation that approval of this project must be obtained from the BCC and the CITT due to guidelines associated with the funding source.

In accordance with the American with Disabilities Act (ADA) regulations, the County must upgrade existing sidewalks to provide ADA accessibility as part any roadway project, including roadway resurfacing projects. This contract is to provide these required improvements in conjunction to PTP resurfacing projects. The work to be accomplished for this project consists of, but is not limited to, furnishing all supervision, labor (including cleaning and preparation), required materials, equipment and tools to perform all operations necessary for the construction of new sidewalk ramps and connectors with sub-grades; installation of detectable warning surfaces; restoration of asphalt and concrete driveways, providing the driveway transitions; installation of new fences; removal and disposal of existing sidewalks; removal and disposal of existing trees, hedges and debris; regrade existing swale; resetting of existing signs and posts, guard-rail and fences; adjustment of existing utility valve covers to new finished grade; drainage remediation; and sodding, at various locations within Miami-Dade County.

**Recommendation of Award**

**RPQ No. 20100512**

No work is to be performed without a permit unless the Project Manager issues a written directive to proceed without permit(s). After receipt of the permits the Project Manager will schedule a Pre-Construction Conference and issue a Notice to Proceed authorizing the performance of the work. This letter will also serve as a reminder that all work must be performed according to the scope of work and contract's terms and conditions, all permits and inspections and in accordance with all applicable Federal, State and local laws, codes and regulations.

Additionally, this contract, along with any future contracts awarded to your firm, have very similar completion schedules and competing deadlines. Please be advised that your firm must have the resources to ensure work proceeds without delay once the "Notice to Proceed" is issued. This will result in your firm working on multiple contracts concurrently. Lack of equipment and/or personnel will not be reason for delay.

Further, it shall be understood that since proceeds from the Charter County Transit System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to pay for all or some part of the cost of this contract, no award of this contract shall be effective and thereby give rise to a contractual relationship with the County unless and until the following have occurred: 1) the County Commission awards the contract, and such award becomes final (either by expiration of 10 days after such award without veto by the Mayor, or by Commission override of a veto); and 2) either i) the Citizens' Independent Transportation Trust (CITT) has approved same, or ii) in response to the CITT's disapproval, the County Commission re-affirms its award by two-thirds (2/3) vote of the Commission's membership and such reaffirmation becomes final.
