14.02 In the case of Bids containing multiple bid items or bid schedules, the correct summation of the correct products, obtained by multiplying the estimated quantities by the unit bid prices entered therein, together with lump sum bid prices, if any, will be considered as the total amount bid. This may include, but not be limited to the County's tax base. Bidders shall affirm in writing their compliance with their bid or proposal to be eligible for consideration as a "local business." A Bidder who misrepresents the Local Preference status of its firm in the bid or proposal will lose the privilege to claim local preference status for a period of up to one year. The County Manager, in his/her discretion, may also recommend that the Bidder be referred for debarment in accordance with Section 2-8.4.1 of the Code of Miami-Dade County.

When a responsive, responsible non-local business submits the lowest price bid and the bid submitted by one or more responsive, responsible local businesses is within ten percent (10%) of the price submitted by the non-local Contractor, then that non-local business and each of the aforementioned local businesses shall have the opportunity to submit, within five (5) working days of the bid opening, a best and final bid equal to or lower than the amount of the low bid previously submitted by the non-local business. Contract award shall be made to the responsive, responsible business submitting the lowest best and final bid. In the case of a tie in the best and final bid between a local business and a non-local business, Contract award shall be made to the local business.

14.04 An award will be made, or all bids will be rejected, within the number of calendar days after the opening of Bids stipulated as the bid guaranty period in the Advertisement For Bids, or as extended by Addendum, or otherwise.

14.05 The County reserves the right to cancel the award without liability to the Bidder, except return of the Bid Guaranty, at any time before the Contract is fully executed by the Mayor or his/her designee.

14.06 Within ten (10) calendar days after the Contract Documents are submitted to the recommended Bidder, the recommended Bidder shall deliver to the County the executed Contract Summary and respective Condition of Award Requirements. Failure by the recommended Bidder to execute and deliver the Contract Summary within ten (10) calendar days may result in the forfeiture of the bid guaranty to the County, which forfeiture shall be considered not as a penalty but in liquidation of damages sustained by the County. Award may then be recommended to the next lower responsive and responsible Bidder, or all remaining Bids may be rejected, and the Contract may be re-advertised.

15. FURNISH BOND AND INSURANCE

15.01 Within fifteen (15) calendar days from the date of Notice of Award presented to the successful Bidder, the Bidder shall deliver to the County, the Performance and Payment Bond, and satisfactory evidence of all required insurance coverages.

15.02 The Contract shall not be binding upon the County until it has been executed by the County and a copy of the fully executed Contract is delivered to the Contractor.

16. FAILURE TO FURNISH BOND AND INSURANCE

16.01 Failure by the Bidder to deliver the other applicable forms, to furnish the Performance and Payment Bond, and to furnish satisfactory evidence of all insurance coverage within fifteen (15) calendar days from the date of Notice of Award presented to the successful Bidder, may result in the annulment of the award and the forfeiture of the bid guaranty to the County, which forfeiture shall be considered not as a penalty but in liquidation of damages sustained by the County. Award may then be made to the next lower responsive and responsible Bidder, or all remaining Bids may be rejected, and the Contract may be re-advertised.

17. DEBARMENT OF CONTRACTORS

17.01 The Bidder shall comply with Miami Dade County Code Section 10-38, which prevents Contractors, Subcontractors, their officers, their principals, stockholders, and their affiliates who have been debarred by the County, from entering into Contracts with the County during the period for which they have been debarred. Debarment may also constitute grounds for termination of any existing County Contract.

17.02 It is the bidder's responsibility to ascertain that none of the Subcontractors, their officers, principals or affiliates, as defined in the ordinance, is debarred by the County pursuant to Miami Dade County Code Section 10-38 and Administrative Order 3-2 before submitting a bid.

17.03 Pursuant to Miami Dade County Code Section 10-38 the bidder is required to affirm, under oath, that neither the bidder, its Subcontractors, or their officers, principals, nor affiliates, as defined in the ordinance, is debarred by the County at the time of the bid.

17.04 Any Bidder who fails to disclose the required information pursuant to Miami Dade County Code Section 10-38 shall not be awarded a Contract with the County. Any Contract or transaction entered into in violation of Miami Dade County Code Section 10-38 is void, and any person who willfully fails to disclose the required information or who knowingly discloses false information can be punished by civil or criminal penalties, or both, as provided for in the law.

17.05 The Bidders and Contractors shall also comply with Miami Dade County Code Sections 2-8.4.1 and 10-33.02(5) providing contractual penalties and debarment for any Contractor attempting to meet contractual obligations and compliance with the Community Small Business Enterprise Program through fraud, misrepresentation, or material misstatement.

18. BID PROTESTS

Participants in this bid solicitation may protest any recommendations for Contract award in accordance with the procedures contained in Section 2-8.4 of the Miami-Dade County Code, and Implementing Order 3-21.

BACKGROUND

ABC Construction Inc. was established in 1990 in the State of Florida. It has been dedicated to quality and has grown to become one of South Florida's best construction companies. Since its inception, ABC Construction has built some of the finest residences, commercial properties and government projects.

One of the most important attributes of this company is the referral received from clients and professionals. Jorge Gonzalez, President and General Contractor of the company states, "The most important part of my work is customer satisfaction; it is the root of our business" and "because of them, we have grown tremendously". The company does not advertise and its client and job base is almost strictly by word of mouth. "This is the best reward for a job well-done", says Mr. Gonzalez. "Without the approval and referral of my clients and colleagues", we would not be here today.

ABC Construction offers a broad range of construction services including high-end custom houses, medium and high rises, retails and commercial shopping centers, airport facilities, demolition, etc. Projects completed include residences built for discriminating clientele such as diplomats and professionals as well as projects in Miami International Airport under the supervision of Miami-Dade Aviation Department for the South and North Terminal Development Programs, renovations for the State of Florida, construction of parks and recreational centers with Miami-Dade County Parks and Recreations. From high-end and custom homes to commercial construction and demolition, ABC Construction, Inc. is one of the most reliable General Contractors in Florida. The company strives to make the project run smoothly from start to finish. Its attention to detail is obvious when walking into a residence or even a demolition project. The workplace is kept clean and the work is completed in a safe and timely manner. 'All of these attributes are what have made ABC Construction, Inc. so successful all of these years'.

ABC Construction is proven a construction company that has established a "can do it well and on time" reputation required of a modern company who partners with their subcontractors and clients. We are a fully licensed, insured, and bonded corporation with demonstrated financial resources, which pride ourselves in our performance in safety, environmental, quality standards, and project management.

HEALTH & SAFETY QUALITY ASSURANCE & QUALITY CONTROL INFORMATION

Health & Safety

Safety is an integral part of our culture. Our Safety Program entails all aspects of safety awareness from general policies, operating practices and procedures, to job-specific training, project planning and hazard analysis. Our obligation for a safe and productive job site requires the understanding, commitment and action by every project team member. The prevention of occupationally induced injuries and illness is of such consequence that it will be given precedence over operating productivity when necessary. To the greatest degree possible, management will provide all mechanical and physical facilities required for personal safety and health in keeping with the highest standards. We will maintain a safety and health program conforming to the best practices of organizations of this type.

Safety Philosophy

ABC Construction's objective is a proactive program implementation that will reduce all safety-related losses to an absolute minimum surpassing the best experiences of operations similar to ours. Our goal is no zero accidents and injuries. It is to be on the left side of zero, managing prevention efforts instead of accidents.

Quality Assurance

The quality and validity of results can only be as good as the quality of data from which they are derived. In order to achieve the highest standards, we go above and beyond to insure quality assurance in our work. All members of ABC Construction are highly qualified and experienced in construction implementation processes. ABC Construction's high standard of reporting back to our clients is our trademark.
