REVIEW COMMITTEE DATE: August 5, 2009, Item #2-02

CONTRACT MEASURES: Small Business Enterprise Set Aside

LIVING WAGE: The services being provided are not covered under the Living Wage Ordinance.

USER ACCESS PROGRAM: The User Access Program provision will apply. The 2% program discount will be collected on all purchases.

LOCAL PREFERENCE: The Local Preference was applied in accordance with the Ordinance.

ESTIMATED CONTRACT COMMENCEMENT DATE: Upon approval by the Board of County Commissioners and expiration of the Mayoral veto period.

BACKGROUND

This contract will be used by five County departments for purchase of uniforms. Items on this contract include shirts, trousers, t-shirts and shorts. In addition to everyday uniforms, the contract provides for diverse items such as swim suits for lifeguards, safety vests used in disasters by search and rescue crews, dive suits used for underwater searches, and unique uniforms for bicycle patrols and motorcycle boots.

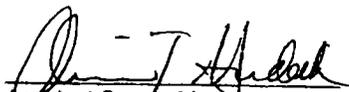

Each of the five departments that use the contract have specific requirements to meet safety and durability concerns, in addition to matching styles and colors of existing uniforms. Bidders who proposed to deliver "equal" products to those specified were asked to provide samples for evaluation. Some of the product offered as "equal" were rejected for color, style, stitching, and type of cloth used. For example: Blazers used by Miami-Dade Corrections and Rehabilitation did not match the color, cut or style of existing uniforms, the sample for the dress coat used by Miami-Dade Fire Rescue (MDFR) did not match the color of the existing pants used with the coat, the samples of the shorts used by MDFR were 50 percent polyester and 50 percent cotton instead of the required 100 percent cotton.

The County Attorney's Office (CAO) found FPP Ventures, Inc. non-responsive to the bid requirements for Group 30 because it had submitted two pricing proposals for the same items. The CAO also found RDH Quest, Inc. non-responsive to the bid requirements for Group 1 for not providing bid prices on all the items in that group. These decisions are attached.

REASON FOR CHANGE:

Additional time is requested to run concurrent with the extension approved by the State of Florida for this competitively established contract. This contract was established for purchase of ice making machines. The purchase of the ice making machines provides a cost effective alternative to purchasing ice.

The machines are located at various County facilities to facilitate the day-to-day operations of the Corrections and Rehabilitation, Fire Rescue, Police, and Public Works departments. Aviation uses the machines throughout its concourses, and facility maintenance work areas. The Water & Sewer Department strategically places the machines at all Treatment Plant Facilities, Water Distribution and Sewer Pumping and Collection Repair Centers, and Administrative Facilities. Solid Waste Management uses the machines at landfills, transfer stations, and collection and administrative facilities. In addition, the labor union contract stipulates that the Solid Waste Management Department must provide ice to its field employees.

The State of Florida has extended the current contract through April 30, 2011. A successor contract is expected to be awarded before that date.

The contract provides the Dade-Monroe Express fixed-route bus service between the Super Wal-Mart store in Florida City, Florida City's City Hall, Key Largo, Tavernier, Islamorada, and Marathon. The Card Sound Express fixed-route bus service runs between Florida City's City Hall and Ocean Reef Club. The Community Habilitation Center (CHC) route is a semi-fixed route providing transportation between the CHC in Kendall and their clients' residences. The contract also provides group travel

services that are utilized on an as needed basis by the Board of County Commissioners, the County Executive Offices, and other departments.
