

Memorandum

Date: April 4, 2011

To: Honorable Chairman Joe A. Martinez
And Members, Board of County Commissioners

From: George M. Burgess
County Manager

Subject: FY 2009-10 Year-End Budget Amendments

Agenda Item No. 8(L)(1)(A)

This item was amended at the Internal Management and Fiscal Responsibility Committee to adjust the Board of County Commissioners budget value to reflect the mid-year amendment value which was inadvertently not included, thereby moving the budget transaction information from Attachments A to B as reflected on both attachments.

Recommendation

It is recommended that the Board of County Commissioners approve the attached resolution, including the appropriation schedules attached thereto as Attachments 1 and 2, amending the FY 2009-10 Adopted Budget to allocate funds among various County agencies from appropriate sources.

Scope and Fiscal Impact/Funding Source

Detailed below.

Background

State law prohibits departmental spending in excess of Board approved appropriations. However, during the course of the year, extraordinary events can occur that would result in a department exceeding its budget without an additional appropriation of funds unless it was to reduce or suspend services. Historically, recommendations have been submitted to the Board to adjust budgets to account for such events. Technical adjustments also require a year-end General Fund budget amendment. Pursuant to Ordinance 07-45, also included in this item are the budget line item transfers that require the Board's review and approval. Attachment A requires Board approval; attachment B is for informational purposes. The adjustments included in this item equal \$975,000 which is .056 percent of the total general fund budget.

We implemented a saving plan mid-year to ensure departmental budgets could absorb the impact associated with the delayed implementation of the various collective bargaining agreements. Because of the successful implementation of the plan which saved the County more than \$180 million over both FY 2009-10 and for FY 2010-11, there are very few adjustments necessary in the General Fund. This savings was utilized to help close the FY 2010-11 Budget gap. The adjustments to the General Fund in this item are supported by savings in the Corrections and Rehabilitation Department generated by the additional positions approved to offset overtime costs within the department and other savings.

Board of County Commissioners (BCC)

The Office of Community Advocacy which is a division of the Office of the Chair requires an amendment of \$222,000 due to higher than anticipated personnel expenses.

Miami-Dade Sports Commission

The Department of Cultural Affairs requires an amendment of \$250,000 associated with the Miami-Dade Sports Commission FY 2009-10 agreement to promote youth, amateur, and professional sports in Miami-Dade County. The FY 2009-10 Budget was inadvertently noted as \$250,000. This adjustment brings the total to the correct figure of \$500,000.

Commission on Ethics

The Commission on Ethics and Public Trust requires an amendment of \$222,000 associated with the restoration of two full-time and one part-time positions and the delayed implementation of the employee contribution toward health insurance.

Small Business Development

Small Business Development requires a budget amendment of \$281,000 due to revenue shortfalls associated with project and contract monitoring fees which did not materialize and the reversal of prior year receivables which were deemed uncollectable.

Capital Budget

As part of implementing the mid-year savings plan, the Capital Outlay Reserve (COR) Fund CB 310 Subfund 313 requires a budget amendment of \$3.886 million to reflect a funding source swap which replaces general fund revenue with unallocated interest earnings and from savings realized through revised future construction project costs.

Of the \$3.886 million, \$2.139 million reflects the transfer of unallocated interest earnings to COR for debt services payments from the following funds:

- Capital Asset Acquisition 2002 Fund CB 362, Subfund 001 \$ 35,000
- Capital Asset Acquisition 2004A Fund CB362, Subfund 002 \$ 98,000
- Capital Asset Acquisition 2004B Fund CB362, Subfund 003 \$ 695,000
- Capital Asset Acquisition 2007 Fund CB360, Subfund 015 \$ 444,000
- Capital Asset Acquisition 2009 Fund CB362, Subfunds 004-005 \$ 62,000
- 2001 Sunshine State Loan Fund CB 360, Subfund 100 \$ 24,000
- 2006 Sunshine State Loan Fund CB 360, Subfund 103 \$ 4,000
- 2008 Sunshine State Loan Fund CB 360, Subfund 104 \$ 131,000
- Quality Neighborhood Improvement Program Fund CB361, Subfund 006 \$ 646,000

And, from Fund CB 370, Subfund 37E \$1.747 million of unallocated interest is transferred to COR for Miami-Dade Police Department projects such as the training facility, CAD Server replacement, purchase of air condition handlers, and electrical panel upgrades funded from savings realized through revised future construction project costs.

Technical Adjustments

Building Better Communities General Obligation Bond Program (GOB)

The GOB program (Fund CB 320) requires a technical adjustment of \$943,067 to reflect an arbitrage rebate payment (\$918,000) and a reimbursement to the Office of Countywide Healthcare Planning (\$25,000).

Fire Department

Projects 368014 (Fire Training Facility) and 368030 (East Homestead Station 65) both require a technical adjustment to reflect the expenditures under the appropriate revenue sources Fire Department Special Obligation Series 1995 and 2002.

Budget Line Item Transaction Appropriations

Miami-Dade County Ordinance 07-45 requires the disclosure of line item expenditures that exceeded budgeted allocation and the proper line item adjustments based on pre-established criteria. No transactions of this type had occurred at the time we reported this information to the BCC pursuant to the date established in the ordinance. In general, expenditure transactions beyond the stipulated line item budget are likely to occur in the last quarter of the year, when the majority of overdue transactions are posted in anticipation of the year-end closeout.

Attachment A lists all the transactions that require Board approval for the re-appropriation of budget as a result of exceeding the ten percent threshold and/or the movement of personnel expenditures to other line item categories. In addition, Attachment B lists in detail the department line item appropriations that were administratively approved to reflect the proper expenditure categorization and did not exceed the 10 percent threshold. Both attachments detail the department name, the fund type where the over expenditure occurred, the spending category, the total budget for the department, the amount of the adjustment(s), the percent of the budget it represents, the spending category where the re-appropriation will occur, and a description of the adjustment. Through the approval of this item, the Board authorizes the Office of Strategic Business Management (OSBM) to process all budget transactions required to execute the year-end amendments.
