Subject: Agreement between the Town of Miami Lakes and Miami-Dade County for the Provision of Stormwater Billing Charges by Miami-Dade Water and Sewer Department

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) approve and adopt the attached resolution authorizing the execution of an agreement between Miami-Dade County and the Town of Miami Lakes (Town) providing for the billing of the Town's stormwater charges by the Miami-Dade Water and Sewer Department (WASD).

SCOPE OF AGENDA ITEM

This agenda item is for billing services for the Town of Miami Lakes, District 13, Commissioner Natacha Seijas.

FISCAL IMPACT/FUNDING SOURCE

There is a positive fiscal impact to the County. Pursuant to Resolution R-530-10 adopted by the Board on May 4, 2010: (1) the nature of the commitment is an agreement between the County and the Town for the County to provide a billing service. WASD will receive \$.81 per bill from the Town for the service. The revenue received from the Town for this service for Fiscal Year 2009-10 was \$29,966.28. The total revenue received by WASD in Fiscal Year 2009-10 for the provision of identical services to other participating municipalities was \$575,313.11, (2) a funding source is not required because the County is the recipient of the revenue from participating municipalities, and (3) there is no negative fiscal impact to the County's current budget or to future annual budgets.

TRACK RECORD/MONITOR

The WASD's Chief of Intergovernmental Affairs Section will monitor this agreement.

BACKGROUND

On May 3, 2005, the County and the Town entered into a five (5) year agreement providing for the billing of stormwater charges by WASD on behalf of the Town. WASD has been billing a stormwater utility service charge simultaneously with the issuance of its bills for water and sewer service. Pursuant to the May 2005 Agreement with the Town, WASD also bills, collects and retains the Town's pro-rata share of the debt service on the County's 1999 Stormwater Utility Bonds and remits the balance of the stormwater charges to the Town in accordance with rates established and approved by the Town. WASD and the Town have negotiated the terms of the current proposed agreement, which provides that WASD will bill, collect and remit the stormwater utility charges to the Town in accordance with rates established and approved by the Town for a fee of \$.81 per bill.

Honorable Chairman Joe A. Martinez and Members,
Board of County Commissioners
Page 2

WASD's water and sewer bills will identify the stormwater charges as those of the Town and will provide a Town telephone number for customers to call if they have questions. This new agreement has a ten-year term and may be extended by mutual consent of WASD and the Town but cannot be terminated without a County approved alternate method of satisfaction of any outstanding balance of the Town's pro-rata share of the debt service on the 1999 Stormwater Utility Bonds.

WASD currently performs similar billing services for the Cities of Doral, Coral Gables, Miami, Miami Gardens, South Miami and Sweetwater, the Town of Cutler Bay and the Villages of El Portal, Key Biscayne and Palmetto Bay.

AGREEMENT FOR THE BILLING OF
STORMWATER CHARGES
BETWEEN
MIAMI-DADE COUNTY
AND
TOWN OF MIAMI LAKES

THIS AGREEMENT, entered into this ___ day of _____, 2011, by and between the TOWN OF MIAMI LAKES, FLORIDA, a municipal corporation of the State of Florida (the "TOWN"), and MIAMI-DADE COUNTY, a political subdivision of the State of Florida (the "COUNTY").

WITNESSETH:

WHEREAS, the COUNTY, through its Miami-Dade Water and Sewer Department (the "Department"), operates the water and sewer utility systems within the TOWN; and

WHEREAS, effective October 1, 2003, the TOWN has been exclusively responsible to operate and maintain the stormwater utility system within the TOWN boundaries, and

WHEREAS, on May 3, 2005, the COUNTY and the TOWN entered into an agreement providing for the billing of stormwater charges by the COUNTY for the TOWN and has been administering, billing and collecting a stormwater utility service charge simultaneously with the issuance of the COUNTY's bills for water and sewer service, and

WHEREAS, the TOWN desires the COUNTY to continue to administer, bill and collect the stormwater utility service charge on behalf of the TOWN, and

WHEREAS, the COUNTY has agreed to continue to administer, bill and collect the stormwater utility service charge on behalf of the TOWN, and

WHEREAS, the COUNTY needs to continue to retain, from the stormwater utility service charges it collects for the TOWN, on a monthly basis, the TOWN's pro-rata share of debt service on the Stormwater Utility Revenue Bonds, Series 1999 (the "Stormwater Bonds") outstanding since the Exemption Date of the Town from the Miami-Dade County Stormwater Utility;

NOW, THEREFORE, in consideration of the premises and mutual covenants and agreements set forth herein, it is agreed:

Section 1. The TOWN, jointly with the COUNTY, will designate and cause to be identified from time to time the water and sewer service accounts of the Department which thereafter, under the rules and regulations of the TOWN, shall be billed for stormwater utility service charges. The TOWN shall designate the rate classifications applicable thereto in writing in a format acceptable to the COUNTY. The COUNTY shall act thereon until such designations and classifications are changed in writing by the TOWN. The TOWN understands and accepts that the COUNTY shall consider the person or persons whose names appear on the COUNTY's water and sewer service account as the persons responsible for the stormwater utility service charges at the location involved.

Section 2. The TOWN shall deliver to the COUNTY a minimum of thirty (30) calendar days in advance of the effective date its schedule of rates and any revisions of such schedule of rates by furnishing to the Department's Assistant Director of Finance a certified copy of the ordinance or other action of the TOWN promulgating said revised schedule of rates. Until the COUNTY is so furnished with a revised schedule, the COUNTY shall act upon the prior delivered schedule. The stormwater utility service charge shall be prorated in accordance with the revised schedule of rates. No security deposits shall be collected by the COUNTY nor shall delinquent penalty charges be imposed by the COUNTY on the stormwater utility charge.

Section 3. The COUNTY agrees, during the COUNTY's regular and periodic billing procedures, to cause to be billed and collected from each water and sewer customer under said accounts, as an added and designated separate item on the bill, the stormwater utility service charge, according to the schedule of rates established by the TOWN for such customer. During the term of this Agreement, this shall be the exclusive method for billing stormwater utility service charges by the County; no separate bills shall be issued, except for those bills that may be generated by the TOWN. The TOWN authorizes and empowers the COUNTY to render such billing for the TOWN's account and on the payment thereof to give receipt and acquittance therefore, either by endorsement of payment upon such billings or by separate receipt. Upon the initial billing by the COUNTY to each user of stormwater utility service and at any time during the term of this agreement, as deemed necessary by the COUNTY or the TOWN, the TOWN shall at its sole cost and expense and independent of this Agreement, advise such user of the method and arrangement between the TOWN and the COUNTY for the billing and collection of said charge by the COUNTY for and on behalf of the TOWN as the TOWN's agent. Furthermore, the TOWN shall notify its stormwater utility users of future rate increases. The COUNTY shall not be responsible for the notification of new owners, occupants or tenants that there is a stormwater utility service charge.

Section 4. The COUNTY agrees to observe the same diligence, policy and procedure in the billing, and collection of stormwater utility service accounts as is used by the COUNTY in billing and collecting its water service accounts, except that the COUNTY shall not terminate water and/or sewer service for non-payment of stormwater utility service charges, except when account balances exceed an amount to be determined by the Department, nor shall it institute or maintain suits at law for collection of stormwater utility service charges. The COUNTY may provide water and sewer service to customers irrespective of said customer's failure to pay the applicable stormwater utility charge. The COUNTY shall not be responsible for the billing of accounts that are inactive. The COUNTY shall not file any liens on property for the collection of the stormwater utility charges. Legal actions for non-payment of stormwater utility charges shall be the sole responsibility of the TOWN.

Section 5. The COUNTY will keep correct and proper books of accounts, showing monthly gross billings of stormwater utility service charges, and shall provide to the TOWN a monthly statement in writing, showing the net amount owed the TOWN by the COUNTY for the month covered by such statement. The COUNTY shall provide this statement and the remittance due the TOWN within sixty (60) days of the end of each monthly period. Based on such statement, the COUNTY shall make payment to the TOWN of the amount due, less the COUNTY's compensation for the billing and collection of said charges and less any other payments or deductions as hereinafter specifically provided in Sections 6, 9 and 10 of this Agreement.

The TOWN agrees that the COUNTY shall remit monthly payments based on the collection of stormwater utility service charges, when the COUNTY's billings system is capable of this method of remittance on all accounts.

Section 6. Adjustments for uncollected stormwater billings shall be made on a regular basis, at least annually or when write-offs occur, as a deduction provided in Section 5.

Section 7. Upon written request from the TOWN, the COUNTY shall make available for inspection or audit by the TOWN and its representatives at any reasonable time all of its records pertaining to the COUNTY's actions under this Agreement as agent for the TOWN and shall also furnish to the TOWN such information concerning the administration of this Agreement as the TOWN may reasonably request, including information as to delinquent stormwater utility charges and accounts not currently being billed. Should the TOWN, in any audit of the COUNTY's records, find a discrepancy between the amount of funds remitted to the TOWN and the actual billing and collection by the COUNTY, the COUNTY shall within 30 days of receipt of written notification from the TOWN, remit to the TOWN the sums owed.

Section 8. Both the TOWN and the COUNTY recognize that in the billing and collection of stormwater utility service charges involving thousands of customers, numerous situations arise that require discretion. The TOWN agrees with the COUNTY that the COUNTY may use its best judgment in such instances. The COUNTY's method or manner of handling such situations shall not be considered as negligence under or independent of the terms and conditions of this Agreement or as a breach thereof and the COUNTY shall not be liable or responsible to the TOWN for any loss in stormwater utility service charge revenues by reason of the COUNTY's discretionary handling of such situations. Specifically, the COUNTY shall have the right to remove or adjust the stormwater utility service charge from a customer's bill if the customer provides proof acceptable to the COUNTY that he or she was not the owner, occupant or tenant of the property on the date that the stormwater utility service charge was applied. However, the COUNTY shall advise the TOWN of all adjustments to the TOWN accounts as part of the monthly statements provided pursuant to Section 5. Except as otherwise specified in this Section, any adjustments to accounts assessed a stormwater utility service charge shall be initiated solely by the TOWN and provided to the COUNTY in writing.

Section 9. The TOWN agrees to pay to the COUNTY and the COUNTY shall receive from the TOWN, by means of deduction from payments for monthly billings, compensation determined as follows:

- A. For the period from the effective date of this agreement, until the agreement is modified pursuant to Section 11 hereinafter, a charge in the amount of eighty-one cents (\$0.81) per bill for all accounts to be charged the TOWN's stormwater utility service charge; and
- B. For all costs and expenses incurred and paid by the COUNTY during the preceding month in defending legal actions brought against the COUNTY by any person, firm or corporation, excluding the TOWN, involving billing or collection of stormwater utility service charges on behalf of the TOWN, or involving the COUNTY's administration of the terms and conditions of this Agreement.

The COUNTY shall notify the TOWN in writing of any legal claims filed against the COUNTY pertaining to the COUNTY's billing and collection of the TOWN's stormwater fees within thirty (30) working days of receipt of any claim. The TOWN shall have the option to defend the COUNTY on any such

claims and settle or compromise the same unless such a claim involves employee dishonesty or theft.

Section 10. The TOWN agrees to pay to the COUNTY and the COUNTY shall receive from the TOWN, by means of deduction from payments for monthly billings of stormwater utility service charges collected by the COUNTY for the TOWN, the TOWN's pro-rata share of debt service on (i) the Stormwater Bonds until they are paid in full or provision made for their payment pursuant to Article IX of Ordinance No. 98-187, enacted by the Board of County Commissions on December 15, 1998 in accordance with the debt service schedule set forth in Exhibit "A" to this Agreement and (ii) any obligations associated with cost sharing Stormwater Management Projects that may include, but not be limited to, canal dredging, canal maintenance and drainage projects that may be agreed to subsequent to the date of this Agreement for which payment will be based on a mutually agreed fraction. For any payments pursuant to (ii) above, the COUNTY, through its Department of Environmental Resources Management with a copy to be sent to the Department, will inform the TOWN thirty (30) calendar days prior to the beginning of each Fiscal Year, of the amount of stormwater utility service charges the County will retain each month in addition to those retained pursuant to Exhibit "A" to this Agreement. Upon agreement by both the TOWN and the COUNTY, Exhibit "A" to this Agreement may be modified to include any additional TOWN share of debt service due to future TOWN annexations.

Section 11. The COUNTY reserves the right to review and revise the charges provided for in Section 9 (A) hereinabove and the TOWN agrees to be bound thereby, provided the COUNTY provides ninety (90) days notice to the TOWN of said proposed revised charges.

Section 12. All telephone calls and correspondence from customers regarding the stormwater utility shall be the responsibility of the TOWN. The COUNTY shall cause the telephone number for the TOWN, as provided by the TOWN, to be printed on the COUNTY's regular bill stock.

Section 13. The TOWN agrees that the COUNTY shall not be held liable for any damage, delay or other loss that the TOWN may experience as a result of the COUNTY's practices in administering this Agreement, unless such loss arises solely as a result of negligence by the COUNTY, its employees or agents.

Section 14. It is understood and agreed between the TOWN and the COUNTY that the COUNTY's obligation is limited to billing and collection of stormwater utility service charges as specifically provided for in this Agreement.

Section 15. The TOWN shall not allow or permit construction or installation of any connections of stormwater mains that allow stormwater to enter the COUNTY's sanitary sewer system. The TOWN agrees to use its best efforts to detect and lawfully disconnect all stormwater connections to the COUNTY's sanitary sewer system within the TOWN's jurisdiction and submit within ninety (90) days of the execution of this Agreement a timetable for the elimination of such stormwater connections which is reasonably acceptable to the COUNTY.

Section 16. This Agreement shall be binding upon the respective successors and assigns of both the TOWN and the COUNTY.

Section 17. All references to the TOWN under this Agreement that require direction to the COUNTY shall mean the TOWN Manager or his designee. Whenever written notice to the TOWN is required, it shall be sent by Certified Mail, Return Receipt Requested, to:

Section 18. This Agreement shall remain in full force and effect for a period of ten (10) years after its date of execution. This Agreement may be extended at that time by written request from the Town Manager to the Department's Director and mutual agreement by the Department, without which it shall terminate. Notwithstanding the above provisions, this Agreement shall terminate and be cancelled without further writings between the TOWN and the COUNTY upon either party providing six (6) months notice in writing to the other party so advising the other party.

Notwithstanding the provisions of this paragraph, should the COUNTY fail to timely bill the TOWN'S customers in accordance with the agreed upon billing cycles and rates or fail to remit payment to the TOWN in the timeframes specified in Section 5, the TOWN may terminate this Agreement on thirty (30) days written notice to the COUNTY.

Notwithstanding the above, this Agreement may not be terminated at any time without a COUNTY approved alternate method of payment by the TOWN to the COUNTY of the TOWN's outstanding debt service obligation for the Stormwater Bonds.
