Subject: Sunset Review of County Boards for 2011 – Historic Preservation Board

Pursuant to Section 2-11.40 of the Code of Miami-Dade County, I am submitting the 2011 Sunset Review of County Boards Report for the Historic Preservation Board for transmittal to the Board of County Commissioners (BCC). The Board approved the attached report at its meeting of February 16, 2011.

It is recommended that the BCC approve the continuation of the Historic Preservation Board.

BACKGROUND

The Historic Preservation Board was created on February 17, 1981.

The Board is vested with the power, authority, and jurisdiction to designate, regulate, and administer historical, cultural, archaeological, paleontological, and architectural resources in Miami-Dade County, Florida, as prescribed by County ordinance 16A under the direct jurisdiction and legislative control of the Board of County Commissioners.

The Historic Preservation Board serves in a very specialized capacity. The items and applications that come before the board are specific in nature to historic preservation, urban planning and historical research. Its members are required to review architectural plans and make decisions based on a project's adherence to the Secretary of the Interior's Standards for Rehabilitation.

Since Miami-Dade County is a Certified Local Government (CLG) the State has "certified" that our ordinance includes certain provisions, including a requirement that our board be made up of certain professionals from the fields of architecture, history, real estate, archaeology and the law.

Number of Vacancies: 2
(Commissioner Seijas and Commissioner Diaz)

3. Identify number of meetings and members' attendance (Attach records reflecting activity from **Jan. 1, 2009** through **December 31, 2010**):
Number of Meetings: 2009: 8 meetings 2010: 10 meetings
Number of Meetings with a Quorum: 18
Attendance Records: See Attachment 1

4. What is the source of your funding? 52% CDBG, 48% Department of Planning and Zoning (DPZ)

5. Date of Board Creation: February 17, 1981

6. Attach a copy of the ordinance creating the Board (Please include all subsequent amendments).
See Attachment 2

7. Include the Board's Mission Statement or state its purpose:
The Historic Preservation Board was created as a governmental agency of the County government in and for Miami-Dade County, Florida. The Board is vested with the power, authority, and jurisdiction to designate, regulate, and administer historical, cultural, archaeological, paleontological, and architectural resources in Miami-Dade County, Florida, as prescribed by County ordinance 16A under the direct jurisdiction and legislative control of the Board of County Commissioners.

8. Attach the Board's standard operating procedures, if any.

9. Attach a copy of the Board's By-Laws, if any.
N/A

10. Attach a copy of the Board minutes approving the Sunset Review Questionnaire, including a vote of the membership.
See Attachment 3

II. EVALUATION CRITERIA

1. Is the Board serving the purpose for which it was created? (Please provide detailed information) Yes. The Historic Preservation Board, which was created in 1981, fulfills its role by continuing to designate local historic sites and districts as well as archaeological sites and zones. For major renovations or new construction, the board reviews the Certificates of Appropriateness applications and makes their decisions based on standards set forth by the Secretary of the Interior's Standards for Rehabilitation, as required by the ordinance.

2. Is the Board serving current community needs? (Please provide detailed information)
The Historic Preservation Board is able to be responsive to community needs by holding a monthly meeting at which applications and designation requests are discussed. The board continues to also address community concerns for the retention of our valuable historic resources by supporting, either through application approvals or resolutions, the various historic projects being undertaken by the county and the community at large.
3. What are the Board's major accomplishments?
 a. Last 24 months: For the years 2009-2010, the Historic Preservation Board designated 8 historic sites and 1 archaeological zone. 6 Ad-Valorem applications were reviewed and approved to send to county commission, and 2 National Register Historic District applications were approved for sending to the Department of the Interior (Greynolds Park and the Original Parrot Jungle.) The GOB Project at the historic Redland Farmlife School was completed and permits closed. For a more detailed look at some of our recent projects and accomplishments, please see Attachment 4.
- b. Since established: _____ (see Attachment 5)_____
4. Is there any other board, either public or private, which would better serve the function of this board?
No other board can better serve the functions of the Historic Preservation Board. The items and applications that come before this board are specific in nature to historic preservation, urban planning and environmental preservation issues. Since Miami-Dade County is a Certified Local Government (CLG) the State has "certified" that our ordinance includes certain provisions, including a requirement that our board be made up of certain professionals from the fields of architecture, history, real estate and the law.
5. Should the ordinance creating the Board be amended to better enable the Board to serve the purpose for which it was created? (If "Yes", attach proposed changes)
No, the ordinance creating the Board does not need to be amended. It is believed that the current composition of the Board, representing a blend of architectural and landscape architectural expertise, historical interests and citizen members, is a good representation of the broad constituency of the county's historical groups. However, it has been several years since the last revision to the historic preservation ordinance. As good ordinances are living documents that are regularly updated to address new issues that the preservation community now faces, it may be time to review the ordinance and see where it can be improved. But revisions are not ready to be submitted at this time.
6. Should the Board's membership requirements be modified?
No. The board's makeup is already regulated by ordinance and by state requirements, in order to encompass the technical expertise and historical interests outlined in the ordinance.
7. What is the operating cost of the Board, both direct and indirect? (Report on FY 2009 and FY 2010)
The Historic Preservation Board serves in a fully voluntary capacity. There is no specific county budget for the board itself. The board staff serves the

Commission in implementing the Historic Preservation Ordinance. The County and all its citizens are direct beneficiaries of the valuable contributions that these Board members make as custodian of the County's historical and archaeological resources.

Staff costs include our staff's time to attend the board meetings. These staff members are not assigned exclusively to the Board but also have other responsibilities to the County.

Office supply costs and other functions that are related to the board include the paper for board packet and designation report preparations, envelopes and postage for board mailings, certified mail costs for notifications, resolution recording fees, power-point projector, recorder and microphones used at board meetings, and parking stamp booklet used for the Board members (stamp booklet is \$360).

Direct costs associated with the staffing and office supplies to run the Board: approximately \$11,000

FY 2009: CDBG funding \$179,000, DPZ funding \$167,700

FY2010: CDBG funding \$179,000, DPZ funding \$0 (HP was eliminated due to budget, brought back in 2011)

8. Describe the Board's performance measures developed to determine its own effectiveness in achieving its stated goals.

The Historic Preservation Chief reports to the Board each month, and the Board's activities and minutes of the meetings are copied to County Manager's office. The Board is also required to submit annual reports to the state as part of the Certified Local Government requirements.

Also: Include a diskette, saved in Word, of the County Manager's transmittal memorandum to the Board of County Commissioners with the Board's recommendation.

Sec. 16A-1.- Short title.

This chapter shall be known and may be cited as the "Metropolitan Miami-Dade County Historic Preservation Ordinance."

(Ord. No. 81-13, § 1, 2-17-81)

Sec. 16A-2.- Declaration of legislative intent.

It is hereby declared as a matter of public policy that the protection, enhancement and perpetuation of properties of historical, cultural, archeological, paleontological, aesthetic and architectural merit are in the interests of the health, prosperity and welfare of the people of Miami-Dade County. Therefore, this chapter is intended to:

- (1) Effect and accomplish the protection, enhancement and perpetuation of buildings, structures, improvements, landscape features, paleontological and archeological resources of sites and districts which represent distinctive elements of the County's cultural, social, economic, political, scientific, religious, prehistoric and architectural history;
- (2) Safeguard the County's historical, cultural, archeological, paleontological and architectural heritage, as embodied and reflected in such individual sites, districts and archeological zones;
- (3) Foster civic pride in the accomplishments of the past;
- (4) Protect and enhance the County's attraction to visitors and the support and stimulus to the economy thereby provided; and
- (5) Promote the use of individual sites and districts for the education, pleasure and welfare of the people of Miami-Dade County.

(Ord. No. 81-13, § 2, 2-17-81; Ord. No. 03-38, § 1, 3-11-03)

Sec. 16A-3.- Scope of regulations.

- (1) This chapter is intended to and shall govern incorporated and unincorporated Miami-Dade County.
- (2) The regulatory jurisdiction of the Miami-Dade County Historic Preservation Board pursuant to this Chapter shall extend to:
 - (a) all property located in the unincorporated areas of Miami-Dade County;
 - (b) all property located in incorporated areas of Miami-Dade County except where the municipality has enacted its own historic preservation ordinance in accordance with section 16A-3.1;
 - (c) archeology and paleontology zones and sites in the incorporated and unincorporated areas of Miami-Dade County except where the municipality has enacted its own historic preservation ordinance in accordance with section 16A-3.1 and the municipality, within 365 days of the effective date of this ordinance, enacts an ordinance that (1) expressly retains jurisdiction over archeology and paleontology zones and sites, (2) adopts regulations as least as protective of archeology and paleontology zones and sites as those in this Chapter, and (3) commits the municipality to retain sufficient archeological personnel or consultants to enforce such regulations; and
 - (d) the enforcement of the minimum standards established by this Chapter as set forth in this Chapter.
- (3) Nothing contained herein shall be deemed to supersede or conflict with applicable building and zoning codes. Provisions contained herein shall be cumulative and read in conjunction with other provisions of the Miami-Dade County Code.

(Ord. No. 81-13, § 3, 2-17-81; Ord. No. 82-99, § 1, 10-19-82; Ord. No. 03-38, § 2, 3-11-03)

Editor's note— Annotation—CAO 82-23.

Sec. 16A-3.1.- Municipal Historic Preservation.

- (1) *County Technical and Legal Support for Municipal Preservation.* The Director of the Office of Historic Preservation and the County Attorney's Office may provide a requesting municipality with technical and legal assistance in preservation matters. Such assistance is not intended to replace the municipality's own commitment of resources to preservation or to divert resources from the County's own preservation responsibilities.
- (2) *Timeframes for Municipalities to Enact Historic Preservation Ordinances.*
 - (a) Municipalities incorporated prior to July 1, 1982 were given the option to adopt their own municipal historic preservation ordinances or be governed by the County ordinance. The following municipalities enacted their own ordinances: Coral Gables, Hialeah, Homestead, Miami, Miami Beach, Miami Shores, Miami Springs, Opa-locka, and South Miami.
 - (b) Municipalities incorporated after July 1, 1982 but before the effective date of this ordinance have until one year after the effective date of this ordinance to adopt their own preservation ordinances.
 - (c) Municipalities incorporated after the effective date of this ordinance have until one year after the effective date of their incorporation to adopt their own preservation ordinances.
- (3) *Status of Designated Properties After Transition of Jurisdiction.* In the event that a municipality assumes jurisdiction of historic preservation from Miami-Dade County by enacting an ordinance as provided in this section, all properties previously designated by the Miami-Dade Historic Preservation Board shall have the status and protections of properties designated under the municipality's historic preservation ordinance unless and until such designation is removed by formal action of the municipality pursuant to its ordinance. The same rule shall apply if the County assumes jurisdiction from a municipality.
- (4) *Minimum Standards for Municipal Ordinances.*
 - (a) To comply with the minimum standards for historic preservation ordinances a municipal ordinance shall contain provisions:
 - (1) that establish a historic preservation board which shall be empowered to designate individual sites or districts and to issue certificates of appropriateness; or to advise the city commission regarding such matters. In this regard, this ordinance shall constitute authority for a municipality to delegate to its preservation board the power to designate sites and districts and issue certificates of appropriateness.
 - (2) that provide procedures for the municipality, its staff, the Director of the Miami-Dade County Office of Historic Preservation, and private parties to recommend the initiation of designations of historic districts and individual historic sites, whether residential, commercial, industrial or other, pursuant to due notice to affected parties, legally-enforceable standards, quasi-judicial hearings, and appeals to court;
 - (3)

- that protect designated sites or districts by preventing the issuance of building, construction, zoning, and demolition permits or the significant change of appearance of such sites or districts until a written certificate of appropriateness has been issued;
- (4) that protect property owners by procedures (1) to de-designate properties and (2) to vary or modify historic regulation based upon economic hardship pursuant to due notice to affected parties, legally-enforceable standards, quasi-judicial public hearings, and appeals to courts;
 - (5) that provide economic incentives for preservation;
 - (6) that regulate and prevent the demolition of historic buildings by neglect, and
 - (7) that establish the Secretary of Interior's Standards for Rehabilitation as standards governing preservation, although a municipality may establish additional standards.
- (b) It is a violation of the minimum standards of this Chapter for a municipal historic preservation ordinance
- (1) to exempt an otherwise historic property from historic regulation or designation on the basis that the owner did not consent to the regulation or designation;
 - (2) to allow the issuance of a permit for the demolition of a historically-regulated property unless, after a public hearing pursuant to the ordinance, a variance based upon economic hardship has been granted or a certificate of appropriateness to demolish based on express standards in the ordinance has been issued. In this regard, it is a violation of the minimum standards of this Chapter to permit the issuance of a certificate of appropriateness for demolition based solely upon the passage of a certain amount of time after the owner has applied to demolish.
- (c) Municipalities that have already enacted historic preservation ordinances as of the effective date of this ordinance shall have 365 days from the effective date of this ordinance to bring their ordinances into compliance with these minimum standards.
- (d) The minimum standards created in these sub-section shall not apply to any municipality that is recognized as a Certified Local Government by the Florida Secretary of State.
- (5) *Guidelines for Municipal Enforcement.* Municipalities are encouraged to comply with the following guidelines, but these guidelines shall not serve as minimum standards:
- (a) have a quorum appointed to its historic preservation board at least 9 months in any 12 month period;
 - (b) conduct public meetings of its historic preservation board no less than 6 times in every calendar year;
 - (c) provide sufficient professional staff to its historic preservation board to allow the board to conduct its business, including evaluating properties and districts for designation, reviewing and issuing certificates of appropriateness, holding quasi-judicial hearings, and otherwise enforcing the terms of its historic preservation ordinance;
 - (d) conduct a separate public hearing to consider for designation each property within its jurisdiction listed on the National Register of Historic Places; and
 - (e) produce at least one designation report per calendar year until all properties in its jurisdiction listed as historically significant on the City or the County's last survey have been considered.
- (6) *Municipality Shall File Annual Report.* Municipalities that exercise jurisdiction of historic preservation shall annually file a report with the Clerk of the Board of the Miami-Dade County Commission. This report shall briefly state the name, address and qualification of its historic preservation board members; when each member joined and, if applicable left the board; the name, address and telephone number of its historic preservation staff members and consultants; and the number of designation reports and certificates of appropriateness prepared and considered in that year. Attached to the report shall be a copy of the minutes of the meetings of the municipality's historic preservation board for that year and any designation reports and certificates of appropriateness prepared by its staff during that year.
- (7) *Municipal Authority To Obtain Continuances Before Unsafe Structure Agencies.* A municipality that has enacted its own historic preservation ordinance in accordance with this section may obtain continuances before unsafe structure agencies as set forth in section 16A-11 (VI) (b) of this Chapter. For this limited purpose, "Director," "staff," and "Board" as used in that section shall refer to their counterparts in the municipality. The authority provided by this sub-section shall be interpreted only to expand, and not to limit, the discretion of a municipality.

(Ord. No. 03-38, § 3, 3-11-03)

Sec. 16A-3.2.- Authority of the Director to Appear as a Party.

In his official capacity, the Director of the Miami-Dade County Office of Historic Preservation shall have the legal authority to initiate or appear as a party in any administrative, legal proceeding, or appeal involving or arising out of a municipality's determination to designate an individual site or district, to grant or deny a certificate of appropriateness, to grant or deny a request to de-designate or grant a variance to a historic

property, or to consider other similar matters involving individual sites or districts. In all such matters, the Director shall be represented by the County Attorney.

(Ord. No. 03-38, § 4, 3-11-03)

Sec. 16A-4.- Definitions.

- (1) *Archeological or paleontological zone*: An area designated by this chapter which is likely to yield information on the paleontology, history and prehistory of Miami-Dade County based on prehistoric settlement patterns in Miami-Dade County as determined by the results of the Miami-Dade County historic survey. These zones will tend to conform to natural physiographic features which were the focal points for prehistoric and historic activities and paleontology.
- (2) *Certificate of appropriateness*: A certificate issued by the Board permitting certain alterations or improvements to a designated individual site or property in a designated district.
 - (a) *Regular certificate of appropriateness*: A regular certificate of appropriateness shall be issued by the staff of the Preservation Board, based on the guidelines for preservation approved by the Board.
 - (b) *Special certificate of appropriateness*. For all applications for a special certificate of appropriateness involving the demolition, removal, reconstruction or new construction at an individual site or in a district, a special certificate of appropriateness is required that is issued directly by the Board.
- (3) *Certificate to dig*: A certificate that gives the Board's permission for certain digging projects that may involve the discovery of as yet unknown or known archeological or paleontological sites in an archeological or paleontological zone. This certificate is issued by staff of the Board based on the guidelines for preservation approved by the Board.
- (4) *Certificate of recognition*: A certificate issued by the Board recognizing properties designated pursuant to this chapter.
- (5) *Demolition*: The complete constructive removal of a building on any site.
- (6) *Districts*: A collection of archeological or paleontological sites, buildings, structures, landscape features or other improvements that are concentrated in the same area and have been designated as a district pursuant to this chapter.
- (7) *Exterior*: All outside surfaces of a building or structure.
- (8) *Guidelines for preservation*: Criteria established by the Preservation Board to be used by staff in determining the validity of applications for a regular certificate of appropriateness and any certificate to dig and to establish a set of guidelines for the preservation of buildings in south Florida.
- (9) *Historic Preservation Board*: A board of citizens created by this chapter as described in Sections 16A-5 through 16A-9.
- (10) *Historic survey*: A comprehensive survey compiled by the Historic Preservation Division of the Miami-Dade County Office of Community and Economic Development involving the identification, research and documentation of buildings, sites and structures of any historical, cultural, archeological, paleontological or architectural importance in Miami-Dade County, Florida.
- (11) *Individual site*: An archeological site, a paleontological site, building, structure, place or other improvement that has been designated as an individual site pursuant to this chapter. Under the provisions of this chapter interior spaces may be regulated only where a building or structure is a designated individual site and where its interiors are specifically designated.
- (12) *National Register of Historic Places*: A federal listing maintained by the U.S. Department of the Interior of buildings, sites, structures and districts that have attained a quality of significance as determined by the Historic Preservation Act of 1966 as amended.
- (13) *Ordinary repairs or maintenance*: Work done to prevent deterioration of a building or structure or decay of or damage to a building or structure or any part thereof by restoring the building or structure as nearly as practicable to its condition prior to such deterioration, decay or damage.
- (14) *Owner of a designated property*: As reflected on the current Metropolitan Miami-Dade County tax rolls or current title holder.
- (15) *Undue economic hardship*: Failure to issue a certificate would place an onerous and excessive financial burden upon the owner that would amount to the taking of the owner's property without just compensation.
- (16) *Landscape feature*: Any improvement or vegetation including, but not limited to outbuildings, walls, courtyards, fences, shrubbery, trees, sidewalks, planters, plantings, gates, street furniture and exterior lighting.

(Ord. No. 81-13, § 4, 2-17-81; Ord. No. 82-99, § 1, 10-19-82; Ord. No. 03-38, § 5, 3-11-03)

Sec. 16A-5.- Historic Preservation Board—Created and established.

There is hereby created an Historic Preservation Board, ("the Board"), as a governmental agency of the County government in and for Miami-Dade County, Florida. The Board is hereby vested with the power, authority and jurisdiction to designate, regulate and administer historical, cultural, archeological, paleontological and architectural resources in Miami-Dade County, Florida, as prescribed by this chapter under the direct jurisdiction and legislative control of the Board of County Commissioners.

(Ord. No. 81-13, § 5, 2-17-81; Ord. No. 03-38, § 6, 3-11-03)

Cross reference—Standards for creation and review of boards, commissions, etc., §§ 2-11.36—2-11.40.

Sec. 16A-6.- Same—Members.

The Board shall consist of thirteen (13) members appointed by the Board of County Commissioners. The Board of County Commissioners should attempt to appoint architects, realtors, archeologists, historians, art historians, lawyers or other individuals from the business, financial and other segments of the community who, by virtue of their profession or business, have demonstrated concern for historic preservation. The Historic Preservation Board shall contain not less than one architect; one real estate agent or attorney at law; and one historian or architectural historian. The term of office of membership shall be four (4) years for each member. Any vacancy occurring on the Board shall be filled by the County Commission for the remainder of the unexpired term, at the earliest possible date. Members shall be eligible for reappointment. Members of the Board shall serve without compensation but shall be reimbursed for necessary expenses incurred in the performance of their official duties, as shall be determined and approved by the County Commission. Members of the Board shall be governed by Section 2-11.36, et seq. of the Code.

(Ord. No. 81-13, § 6, 2-17-81; Ord. No. 03-38, § 7, 3-11-03)

Sec. 16A-7.- Same—Organization.

The members of the Board shall annually elect a Chair who shall serve at the pleasure of the Board and such other officers as may be deemed necessary or desirable. The County Manager shall provide adequate professional staff for the Board, including but not limited to representatives from the departments of community and economic development, building and zoning, and planning Office of Historic Preservation which shall be deemed the staff of the Board. The Office of Historic Preservation shall have a professional Director. The Historic Preservation Board shall be consulted regarding the selection of the Director. The Chair or his or her designee shall serve on any board reviewing candidates for the position of Director. Minutes of each Board meeting shall be kept and prepared under the supervision and direction of the Board, and copies of such minutes shall be filed with the Clerk of the County Commission.

(Ord. No. 81-13, § 7, 2-17-81; Ord. No. 03-38, § 8, 3-11-03)

Sec. 16A-8.- Same—Rules and regulations.

The Board shall make and prescribe such rules and regulations reasonably necessary and appropriate for the proper administration and enforcement of the provisions of this chapter. Such rules and regulations shall conform to the provisions of this chapter and shall not conflict with the Constitution and General Laws of the State of Florida, and shall govern and control procedures, hearings and actions of the Board. No such rules and regulations shall become effective until a public hearing has been held upon the proposed rules and regulations, and any amendments or modifications thereto, and the same have been approved by the County Commission and filed with the Clerk of the Commission. Upon approval by the Commission, such rules and regulations shall have the force and effect of law within Miami-Dade County, Florida. The Board shall prescribe forms for use by applicants in compliance with the provisions of this chapter. The Board may authorize any one (1) of its members to administer oaths and certify to official acts.

(Ord. No. 81-13, § 8, 2-17-81)

Sec. 16A-9.- Same—Powers and duties.

The Historic Preservation Board shall have the following enumerated powers and duties:

- (1) Adopt or amend rules of procedure.
- (2) Designate individual sites, districts and archeological and paleontological zones.
- (3) Issue or deny certificates of appropriateness and certificates to dig.
- (4) Approve historical markers and issue certificates of recognition for individual sites and designated properties in a district.
- (5) Recommend zoning and building code amendments to the proper authorities.
- (6)

Establish guidelines for preservation and criteria for issuance by staff of regular certificates of appropriateness.

- (7) Promote the awareness of historic preservation and its community benefits.
- (8) No actions of this Board will supersede or be construed as superseding the authority of the Board of County Commissioners.
- (9) Review and update the historic survey for its quality and professional merit, and validate the findings of the survey as bona fide and sincere.
- (10) Implement the authority of this chapter and fulfill the tasks set forth for this Board by the County Commissioners in this chapter and other ordinances.
- (11) Record and maintain records of the Board's actions and decisions.
- (12) Follow and abide by the laws of the United States of America, the State of Florida and Miami-Dade County.
- (13) Provide an annual report to the Board of County Commissioners.
- (14) Review and make recommendations to the Office of Historic Preservation regarding any grant proposals reviewed by the Office of Historic Preservation, including but not limited to Community Development Block Grants.

(Ord. No. 81-13, § 9, 2-17-81; Ord. No. 03-38, § 9, 3-11-03)

Editor's note— Annotation—CAO 84-8.

Sec. 16A-10.- Designation process and procedure.

- (I) [*Criteria.*] The Board shall have the authority to designate areas, places, buildings, structures, landscape features, archeological and paleontological sites and other improvements or physical features, as individual sites, districts or archeological or paleontological zones that are significant in Miami-Dade County's history, architecture, paleontology, archeology or culture and possess an integrity of location, design, setting, materials, workmanship or association, or:
 - (a) Are associated with distinctive elements of the cultural, social, political, economic, scientific, religious, prehistoric, paleontological and architectural history that have contributed to the pattern of history in the community, Miami-Dade County, south Florida, the State or the nation; or
 - (b) Are associated with the lives of persons significant in our past; or
 - (c) Embody the distinctive characteristics of a type, period, style or method of construction or work of a master; or that possess high artistic value; or that represent a distinguishable entity whose components may lack individual distinction; or
 - (d) Have yielded, or are likely to yield information in history or prehistory; or
 - (e) Are listed in the National Register of Historic Places.
- (II) [*Properties not generally considered; exceptions.*] Certain properties, which include cemeteries, birthplaces, properties owned by religious institutions or used for religious purposes, structures that have been moved from their original locations, properties commemorative in nature and properties that have achieved significance within the last fifty (50) years, will not normally be considered for designation. However, such properties will qualify if they are integral parts of districts that do meet the criteria, or if they fall within the following categories:
 - (a) A religious property deriving primary significance from architectural or artistic distinction of historical importance.
 - (b) A building or structure removed from its location but which is primarily significant for architectural value, or is the surviving structure most importantly associated with an historic event or person.
 - (c) A birthplace or grave of an historical figure of outstanding importance if there is no other appropriate site or building directly associated with his/her productive life.
 - (d) A cemetery which derives its primary significance from graves of persons of transcendent importance, from age, distinctive design features, or from association with historic events.
 - (e) A property primarily commemorative in intent if design, age, tradition or symbolic value has invested it with its own historical significance.
 - (f) A property or district achieving significance within the past fifty (50) years if it is of exceptional importance.
- (III) [*Investigation and designation report.*] Prior to the designation of an individual site, a district, or an archeological zone, an investigation and designation report must be filed with the Board. The format of these reports may vary according to the type of designation; however, all reports must address the following: The historical, cultural, architectural or archeological significance of the property or properties being recommended for designation; a recommendation of boundaries for districts and archaeological zones and identification of boundaries of individual sites being designated; a recommendation of standards to be adopted by the Board in carrying out its regulatory function under this chapter with respect to certificates of appropriateness and certificates to dig. Where a report is filed recommending designation of a district, the report must identify those properties, if any, within the district which are not

historically or architecturally compatible with structures in the district. The standards for regulating such nonconforming properties shall provide that a certificate of appropriateness may be required only for new construction on such properties. All reports shall take into consideration projected, proposed or existing public improvements and developmental or renewal plans.

(IV) *Procedure.*

- (a) *Petition of the owner.* The owner(s) of any property in unincorporated Miami-Dade County may petition this Board for designation of their property as an individual site, district or archeological zone provided that they appear before the Board with sufficient information to warrant the investigation of the property for future designation and the Board finds that the property may be worthy of designation. The Board shall, based on its findings, either direct the staff to begin the designation process or deny the petition. Nothing in this subsection shall be deemed to restrict the power of the Board to initiate the designation process pursuant to this section.
- (b) *Directive of the Board.* The Board shall, upon recommendations from staff or the acceptance of petitions pursuant to part (IV), subsection (a) of this section, direct staff to begin the designation process by preparing a designation report, pursuant to part (III) of this section and any other standards the Board may deem necessary, and submitting this report according to the procedures described herein.
- (c) *Notification of owner.* For each proposed designation of an individual site, district or archeological zone, the Board is encouraged to obtain the permission of the property owner(s) within the designated area, and is responsible for mailing a copy of the designation report to the owner(s) as notification of the intent of the Board to consider designation of the property at least fifteen (15) days prior to a public hearing held pursuant to this section.
- (d) *Notification of government agencies.* Upon filing of a designation report, the Secretary of the Board shall immediately notify the appropriate building and zoning department, the appropriate public works department and any other County or municipal agency, including agencies with demolition powers, that may be affected by said filing.
- (e) *Notification of a public hearing.* For each individual site, district or archeological zone proposed for designation, a public hearing must be held no sooner than fifteen (15) days and within sixty (60) days from the date a designation report has been filed with the Board. Owners of record or other parties having an interest in the proposed designated properties, if known, shall be notified of the public hearing by certified mail to the last known address of the party being served; however, failure to receive such notice shall not invalidate the same as such notice shall also be perfected by publishing a copy thereof in a newspaper of general circulation at least ten (10) days prior to the hearing. Owners shall be given an opportunity at the public hearing to object to the proposed designation.
- (f) *Requirement of prompt decision and notification.* Within seven (7) days of a public hearing on a proposed individual site, district or archeological zone, the Board shall by written resolution state its decision to approve, deny or amend the proposed designation and shall direct the Secretary of the Board to notify the following of its actions with a copy of the resolution:
- (1) The appropriate building and zoning department,
 - (2) The County Clerk,
 - (3) The appropriate municipal clerk when necessary,
 - (4) Owner(s) of the affected property and other parties having an interest in the property, if known,
 - (5) The appropriate planning department,
 - (6) The appropriate public works department, and
 - (7) Any other County or municipal agency, including agencies with demolition powers, that may be affected by this action,
 - (8) Miami-Dade County Property Appraiser.
- (g) *[Amendment or rescission.]* The Board may amend or rescind any designation provided it complies with the same manners and procedures used in the original designation.
- (h) *Moratorium.* Upon the filing of a designation report by the staff, the owner(s) of the real property which is the subject matter of the designation report or any individual or private or public entity shall not:
- (1) Erect any structure on the subject property.
 - (2) Alter, restore, renovate, move or demolish any structure on the subject property until such time as final administrative action, as provided by this chapter, is completed.
- (i) *Recording of designation.* The Board shall provide the Clerk of the Circuit Court with all designations for the purpose of recording such designation and the Clerk of the Circuit Court shall thereupon record the designation according to law.

(Ord. No. 81-13, § 10, 2-17-81; Ord. No. 82-99, § 1, 10-19-82; Ord. No. 88-28, § 2, 4-19-88; Ord. No. 03-38, § 10, 3-11-03)

Sec. 16A-11.- Application for certificate of appropriateness.

- (I) [*Certificate required as prerequisite to alteration, etc.*] No building, structure, improvement, landscape feature or archeological site within Miami-Dade County which is designated pursuant to Section 16A-10 shall be erected, altered, restored, renovated, excavated, moved or demolished until an application for a certificate of appropriateness regarding any architectural features, landscape features or site improvements has been submitted to and approved pursuant to the procedures in this section. Architectural features shall include, but not be limited to, the architectural style, scale, massing, siting, general design, the color of exterior paint surfaces, and general arrangement of the exterior of the building or structure, including the type, style and color of roofs, windows, doors and appurtenances. Architectural features shall include, when applicable, interior spaces where interior designation has been given pursuant to Section 16A-10. Landscape features and site improvements shall include but are not limited to, site regrading, subsurface alterations, fill deposition, paving, landscaping, walls, fences, courtyards, signs and exterior lighting. No certificate of appropriateness shall be approved unless the architectural plans for said construction, alteration, excavation, restoration, renovation, relocation or demolition are approved by the Board.
- (II) [*Board to develop procedures.*] The Board shall develop procedures for making application for both a regular and special certificate of appropriateness.
- (III) [*Standards for issuance.*] The Board shall adopt and may from time to time amend the standards by which applications for any certificate of appropriateness are to be measured and evaluated. In adopting these guidelines, it is the intent of the Board to promote maintenance, restoration, adaptive reuses appropriate to the property, and compatible contemporary designs which are harmonious with the exterior architectural and landscape features of neighboring buildings, sites and streetscapes. These guidelines shall also serve as criteria for staff to make decisions regarding applications for regular certificates of appropriateness.
- (IV) *Regular certificates of appropriateness.* Based on the guidelines for preservation, the designation report, a complete application for regular certificate of appropriateness, any additional plans, drawings or photographs to fully describe the proposed alteration and any other guidelines the Board may deem necessary, the staff of the Board shall, within ten (10) days from the date a complete application has been filed, approve or deny the application for a regular certificate of appropriateness by the owner(s) of a designated individual site, or property within a designated district. The findings of the staff shall be mailed to the applicant within three (3) days of staff decision accompanied by a statement in full regarding the staff's decision. The applicant shall have an opportunity to challenge the staff decision by applying for a special certificate of appropriateness within thirty (30) days of the staff's findings.
- (V) *Special certificates of appropriateness.*
- (a) An applicant for a special certificate of appropriateness shall submit his application to the Board pursuant to Section 16A-10 and accompany such application to the Board with full plans and specifications, site plan and samples of materials as deemed appropriate by the Board to fully describe the proposed appearance, color, texture or materials, and architectural design of the building and any outbuilding, wall, courtyard, fence, landscape feature, paving, signage and exterior lighting. The applicant shall provide adequate information to enable the Board to visualize the effect of the proposed action on the applicant's building and its adjacent buildings and streetscapes. If such application involves a designated archeological site the applicant shall provide full plans and specifications of work that may affect the surface and subsurface of the archeological site.
- (b) The Board shall hold a public hearing upon an application for a special certificate of appropriateness affecting property under its control. In such instances, notice and procedure of the public hearing shall be given to the property owner(s) by certified mail and to other interested parties by an advertisement in a newspaper of general circulation at least ten (10) days prior to the hearing.
- (c) The Board shall act upon an application within sixty (60) days of receipt of application materials adequately describing the proposed action. The Board shall approve, deny or approve in modified form an application, subject to the acceptance of the modification by the applicant, or suspend action on the application for a period not to exceed thirty (30) days in order to seek technical advice from outside its members or to meet further with the applicant to revise or modify the application.
- (d) The decision of the Board shall be issued in writing. Evidence of approval of the application shall be by certificate of appropriateness issued by the Board or the Board's designated staff representative to the applicant and, whatever its decision, notice in writing shall be given to the applicant and the Director of the Planning and Zoning Department. When an application is denied, the Board's notice shall provide an adequate written explanation of its decision to disapprove the application. The Board shall keep a record of its actions under this chapter.
- (e) Unless otherwise provided in the certificate of appropriateness, both regular and special certificates of appropriateness shall expire after 365 days. Staff may grant extensions of time of up to an additional 180 days for restoration or rehabilitation work only upon satisfaction that the scope of the work originally approved has not changed and provided a written request is filed and work is commenced before expiration of the certificate.
- (VI) *Demolition.*

- (a) Demolition of a designated building, structure, improvement or site may occur pursuant to an order of a government agency or a court of competent jurisdiction or pursuant to an approved application by the owner for a special certificate of appropriateness.
- (b) Government agencies having the authority to demolish unsafe structures shall receive notice of designation of individual sites, districts or archeological and paleontological zones pursuant to Section 16A-10. The staff of such agencies shall consult with the staff of the Historic Preservation Board before entering a demolition order or placing such properties on an official agenda. Such unsafe structures agencies shall not enter a demolition order unless they first determine in writing that there exists no feasible alternative to demolition. The Historic Preservation Board shall be deemed an interested party and shall receive ten days prior written notice of any public hearings conducted by said government agency regarding demolition of any designated property. The Board may make recommendations and suggestions to the government agency and the owner(s) relative to the feasibility of and the public interest in preserving the designated property. At the written request of the Director of Miami-Dade County's Office of Historic Preservation, such unsafe structure agencies shall continue any hearing on a property for not less than 30 days to allow consultation with the Miami-Dade County Historic Preservation Board. If an unsafe structures agency subjects a designated property to an order providing for demolition, the order shall also, at the written request of the Historic Preservation Board, establish a grace period of no less than 120 days to obtain a permit to repair the property, followed by no less than 180 days to complete such repairs. After entry of such a repair or demolish order, such unsafe structures agencies shall have the jurisdiction and authority to grant additional extensions of the grace period, provided the agency is satisfied that the repair will be completed in a reasonable time.
- Nothing in this section shall prohibit an unsafe structures agency from entering an order requiring a designated property to be secured.
- (c) No permit for voluntary demolition of a designated building, structure, improvement or site shall be issued to the owner(s) thereof until an application for a special certificate of appropriateness has been submitted and approved pursuant to the procedures in this section. Refusal by the Board to grant a special certificate of appropriateness shall be evidenced by written order detailing the public interest which is sought to be preserved. The Board shall be guided by the criteria contained in part (VI), subsection (d) herein. The Board may grant a special certificate of appropriateness which may provide for a delayed effective date. The effective date shall be determined by the Board based upon the relative significance of the structure and the probable time required to arrange a possible alternative to demolition. During the demolition delay period, the Board may take such steps as it deems necessary to preserve the structure concerned, in accordance with the purposes of this chapter. Such steps may include, but shall not be limited to, consultation with civic groups, public agencies and interested citizens, recommendations for acquisition of property by public or private bodies or agencies, and exploration of the possibility of moving one (1) or more structures or other features.
- (d) In addition to all other provisions of this chapter, the Board shall consider the following criteria in evaluating applications for a special certificate of appropriateness for demolition of designated properties:
- (1) Is the structure of such interest or quality that it would reasonably meet national, State or local criteria for designation as an historic or architectural landmark?
 - (2) Is the structure of such design, craftsmanship, or material that it could be reproduced only with great difficulty and/or expense?
 - (3) Is the structure one (1) of the last remaining examples of its kind in the neighborhood, the County or the region?
 - (4) Does the structure contribute significantly to the historic character of a designated district?
 - (5) Would retention of the structure promote the general welfare of the County by providing an opportunity for study of local history, architecture and design or by developing an understanding of the importance and value of a particular culture and heritage?
 - (6) Are there definite plans for reuse of the property if the proposed demolition is carried out, and what will be the effect of those plans on the character of the surrounding area?
- (VII) *[Building permit not to issue without certificate.]* No building permit shall be issued by the Director of the Building Department which affects any designated property in Miami-Dade County without a certificate of appropriateness.
- (VIII) *[Compliance of work with certificate standards.]* All work performed pursuant to the issuance of any certificate of appropriateness shall conform to the requirements of the certificate. The County Manager shall designate an appropriate official to assist the Board by making necessary inspections in connection with enforcement of this chapter and shall be empowered to issue a stop work order if performance is not in accordance with the issued certificate. No work shall proceed as long as a stop work order continues in effect. Copies of inspection reports shall be furnished to the Board and copies of any stop work orders both to the Board and the applicant. The Planning and Zoning Director or appropriate official and staff for the Board shall be responsible for ensuring that any work not in

accordance with an issued certificate of appropriateness shall be corrected to comply with the certificate of appropriateness prior to withdrawing the stop work order.

- (IX) [*Emergency, temporary measures.*] For the purpose of remedying emergency conditions determined to be dangerous to life, health or property, nothing contained herein shall prevent the making of any temporary construction, reconstruction or other repairs to a building or site in Miami-Dade County, pursuant to an order of a government agency or a court of competent jurisdiction. The owner of a building damaged by fire or natural calamity shall be permitted to stabilize the building immediately without Board approval, and to rehabilitate it later under the normal review procedures to this chapter.
- (X) [*No action to constitute approval.*] If no action upon an application is taken within sixty (60) days from the date of application, such application shall be deemed to have been approved and no other evidence of approval shall be needed. This time limit may be waived by mutual written consent of the applicant and the Board.
- (XI) [*Power of review.*] The Board shall have the authority to review applications for certificates of appropriateness for all property in Miami-Dade County, however owned, by either private or public parties. The purposes of this chapter shall apply equally to plans, projects or work executed or assisted by any private party, governmental body or agency, department, authority or Board of the city, County or State.
- (XII) Archeological Sites or Districts. To protect a designated archeological site, district, or zone the Board may require any of the following: (1) an archeological survey at the applicant's expense conducted by an archeologist approved by the Board containing an assessment of the significance of the archeological site and an analysis of the impact of the proposed activity on the archeological site; (2) scientific excavation and evaluation of the site at the applicant's expense by an archeologist approved by the Board; (3) mitigation measures; and (4) protection or preservation of all or part of the archeological site for green space. The Board may require an archeological survey as a precondition to consider further action.

(Ord. No. 81-13, § 11, 2-17-81; Ord. No. 82-99, § 1, 10-19-82; Ord. No. 98-125, § 10, 9-3-98; Ord. No. 03-38, § 11, 3-11-03)

Sec. 16A-12.- Economic Hardship.

Where, by reason of particular site conditions and restraints, or because of unusual circumstances applicable solely to the particular applicant property, strict enforcement of the provisions of this chapter would result in serious undue economic hardship to the applicant, the Board shall have the power to vary or modify adherence to this chapter; provided always that its requirements ensure harmony with the general purposes hereof and will not adversely affect Miami-Dade County.

- (a) In any instance where there is a claim of undue economic hardship, the owner shall submit, by affidavit, to the Board at least fifteen (15) days prior to the public hearing, the following information:
 - (1) For all property:
 - (i) The amount paid for the property, the date of purchase and the party from whom purchased;
 - (ii) The assessed value of the land and improvements thereon according to the two (2) most recent assessments;
 - (iii) Real estate taxes for the previous two (2) years;
 - (iv) Annual debt service, if any, for the previous two (2) years;
 - (v) All appraisals obtained within the previous two (2) years by the owner or applicant in connection with his purchase, financing or ownership of the property;
 - (vi) Any listing of the property for sale or rent, price asked and offers received, if any; and
 - (vii) Any consideration by the owner as to profitable adaptive uses for the property; and
 - (viii) All cost estimates or reports relating to the demolition of the property obtained within the previous two (2) years;
 - (ix) All cost estimates or reports relating to the rehabilitation or restoration of the property obtained within the previous two (2) years;
 - (x) All reports relating to the engineering, architectural, or construction feasibility of rehabilitating or restoring the property obtained within the previous two (2) years; and
 - (xi) All reports relating to the economic feasibility of restoring or rehabilitating the property obtained within the previous two (2) years, including market studies.
 - (2) For income-producing property:
 - (i) Annual gross income from the property for the previous two (2) years;
 - (ii) Itemized operating and maintenance expenses for the previous two (2) years; and
 - (iii) Annual cash flow, if any, for the previous two (2) years.

- (b) The Board may require that an applicant furnish such additional information as the Board believes is relevant to its determination of undue economic hardship. The owner shall permit access to the subject property for the purpose of inspections and/or appraisals required by the board or preservation officer. In the event that any of the required information is not reasonably available to the applicant and cannot be obtained by the applicant, the applicant shall file with his affidavit a statement of the information which cannot be obtained and shall describe the reasons why such information cannot be obtained.

(Ord. No. 82-99, § 1, 10-19-82; Ord. No. 03-38, § 12, 3-11-03)

Sec. 16A-13.- Maintenance of designated properties.

Nothing in this chapter shall be construed to prevent the ordinary maintenance or repair of any exterior elements of any building or structure which does not involve a change of design, appearance or material, and which does not require a building permit.

(Ord. No. 81-13, § 12, 2-17-81; Ord. No. 82-99, § 1, 10-19-82)

Sec. 16A-13.1.- Demolition By Neglect Prohibited.

- (1) *Affirmative Maintenance Required.* The owner of a property designated pursuant to this chapter either individually or as a contributing part of a district shall comply with all applicable codes, laws and regulations governing the maintenance of property. It is the intent of this section to preserve from deliberate or inadvertent neglect the exterior features of such properties and the interior portions thereof when maintenance is necessary to prevent deterioration and decay of the property. All such properties shall be preserved against such decay and deterioration and shall be free from structural defects through prompt corrections of any of the following defects:
- (a) Facades which may fall and injure the subject property, adjoining property, or members of the public.
 - (b) Deteriorated or inadequate foundation, defective or deteriorated flooring or floor supports, deteriorated walls or other vertical structural supports.
 - (c) Members of ceilings, roofs, ceiling and roof supports or other horizontal members which sag, split or buckle due to defective material or deterioration.
 - (d) Deteriorated or ineffective waterproofing of exterior walls, roofs, foundations or floors, including broken windows or doors.
 - (e) Any fault or defect in the property which renders it structurally unsafe, insufficiently protected from weathering, or not properly watertight.
- (2) *Undue Economic Hardship.* A property owner who believes that application of this section creates an undue economic hardship may apply for a variance under section 16A-12.
- (3) *Enforcement.*
- (a) *Notice and Administrative Enforcement.* When a Miami-Dade County Code Enforcement Officer learns of a violation of section (1), he or she shall give notice in writing of the violation to the owner, with specific written details of the corrective action necessary to remedy the violation. Such notice shall be given personally, by registered or certified mail, return receipt requested, or by posting on the property when the address of the owner cannot be located. The property owner shall have 30 days from the date of such notice to perform the corrective action. Thereafter, the Miami-Dade County Code Enforcement Officer may issue a civil citation pursuant to chapter 8CC of the Code of Miami-Dade County.
 - (b) *Action For Injunction And Remedial Relief; Lien on Property.* If the Property Owner fails to take corrective action within the 30 day period provided in section 3(a), Miami-Dade County may file an action seeking: an injunction ordering the property owner to take corrective action; an order authorizing Miami-Dade County to enter onto the property to make the corrective actions; and civil penalties. The Court shall order an injunction providing such remedies if Miami-Dade County proves that the owner has violated this ordinance and such violation threatens the integrity or existence of an individual site or a contributing structure within a district. Such civil action may be initiated in the name of Miami-Dade County at the discretion of the County Manager upon an affirmative vote of a majority of the Historic Preservation Board. Settlements of such lawsuits may be obtained in the same manner. Nothing herein shall prevent the Board of County Commissioners from initiating or assuming direction of the lawsuit, at its discretion. In the event that the Court authorizes Miami-Dade County to enter onto the property to take the required corrective action, the Court shall also order that the cost of the corrective action shall constitute a lien against the property, accruing interest at the statutory rate for judgments until satisfied.
 - (c) *Civil Penalties.* Violation of this section shall be punished by a civil penalty of five hundred dollars. After expiration of the thirty day period provided in section (3)(a), each day that the corrective action is not taken shall constitute a separate violation.

(Ord. No. 03-38, § 13, 3-11-03)

Sec. 16A-14.- Certificates to dig.

- (I) Within an archeological or paleontological zone, new construction, filling, digging, the removal of trees, or any other activity that may alter or reveal an interred archeological or paleontological site shall be prohibited without a certificate to dig. All applications to all appropriate municipal or County agencies involving new construction, large-scale digging, the removal of trees or any other activity that may reveal or disturb an interred archeological or paleontological site, in an archeological or paleontological zone shall require a certificate to dig before approval. Based on the designation report for the archeological or paleontological zone, a complete application for a certificate to dig and any additional guidelines the Board may deem necessary, the staff of the Board shall, within ten (10) days from the date the completed application has been filed, approve the application for a certificate to dig by the owners of a property in a designated archeological or paleontological zone. The certificate to dig may be made subject to specified conditions, including but not limited to conditions regarding site excavation. In order to comply with the site excavation requirements of the certificate to dig, the applicant may agree to permit the County Archeologist to conduct excavation from the time of the approval of the certificate to dig until the effective date thereof. The findings of the staff shall be mailed to the applicant by registered mail promptly. The applicant shall have the opportunity to challenge the staff decision or any conditions attached to the certificate to dig by requesting a meeting of the Board. The Board shall convene within thirty-five (35) days after such a request and shall make every effort to review and reconsider the original staff decision to arrive at an equitable decision. The decision of the Board shall be reduced to writing within seven (7) days from the date of the meeting.
- (II) *Approved certificates to dig.* Approved certificates to dig shall contain an effective date not to exceed sixty (60) days at which time the proposed activity may begin, unless the Board decides to designate the site in question as an individual site or district pursuant to Section 16A-10 in which all the rules and regulations pertaining to the designation process shall apply from the date the designation report has been filed.
- (III) [*Work to conform to certificate; stop work order.*] All work performed pursuant to the issuance of a certificate to dig shall conform to the requirements of such certificate. It shall be the duty of the appropriate government agencies and the staff of the Board to inspect from time to time any work pursuant to such certificate to assure compliance. In the event work is performed not in accordance with such certificate, the official designated by the County Manager pursuant to Section 16A-11(IX)(VIII) shall be empowered to issue a stop work order and all work shall cease. No person, firm or corporation shall undertake any work on such projects as long as such stop work order shall continue in effect.

(Ord. No. 81-13, § 13, 2-17-81; Ord. No. 82-99, § 1, 10-19-82; Ord. No. 03-38, § 14, 3-11-03)

Sec. 16A-15.- Appeals.

Within twenty (20) days of the written decision of the Board, an aggrieved party may appeal the decision by filing a written notice of appeal with the Clerk of the Board of County Commissioners. The notice of appeal shall state the decision which is being appealed, the grounds for the appeal, and a brief summary of the relief which is sought. Within sixty (60) days of the filing of the appeal or the first regular County Commission meeting which is scheduled, whichever is later in time, the County Commission shall conduct a public hearing at which time they may affirm, modify or reverse the decision of the Board. Nothing contained herein shall preclude the County Commission from seeking additional information prior to rendering a final decision. The decision of the County Commission shall be in writing and a copy of the decision shall be forwarded to the Board and the appealing party.

Within the time prescribed by the appropriate Florida Rules of Appellate Procedure, a party aggrieved by a decision of the County Commission may appeal an adverse decision to the Circuit Court in and for Miami-Dade County, Florida. The party taking the appeal shall be required to pay to the Clerk of the Board the sum of one hundred dollars (\$100.00) to defray the costs of preparing the record on appeal.

(Ord. No. 81-13, § 14, 2-17-81; Ord. No. 82-99, § 1, 10-19-82)

Sec. 16A-16.- Penalties.

Failure by an owner of record or any individual or private or public entity to comply with any provisions of this chapter shall constitute a violation hereof and shall be punishable by civil or criminal penalties including a fine not more than five hundred dollars (\$500.00) per day for each day the violation continues and including a requirement that any work performed contrary to this chapter must be removed and the property returned to its condition prior to commencement of said action.

(Ord. No. 81-13, § 15, 2-17-81; Ord. No. 82-99, § 1, 10-19-82; Ord. No. 88-28, § 3, 4-19-88)

Sec. 16A-17.- Incentives.

All properties designated as individual sites or as designated properties within a district shall be eligible, upon application by the owner(s), for any available financial assistance set aside for historic preservation by Metropolitan Miami-Dade County contingent on the availability of funds and the scope of the project as described in the application.

It is the policy of Miami-Dade County to assist the owners of historic properties through the development of a Conservation Easement Program to obtain applicable state and federal tax benefits, pursuant to sections 193.505 & 704.06, Florida Statutes and any other governing law, provided that the Board of County Commissioners shall approve the acceptance, terms, and conditions of any conservation easement before it is accepted by the County. The Historic Preservation Board may promulgate the rules for such Historic Conservation Easements and model covenants that shall be used by the County upon approval by the Board of County Commissioners. The Historic Preservation Board is authorized to apply for grants and other sources of funding for the creation of historic grant and loan programs. Any funds received shall be placed in a Historic Preservation Trust Fund and used only for the purposes for which they were received. The Historic Preservation Board is authorized to promulgate rules and model agreements for such a program which shall be used by the County upon approval by the Board of County Commissioners.

(Ord. No. 81-13, § 16, 2-17-81; Ord. No. 82-99, § 1, 10-19-82; Ord. No. 03-38, § 15, 3-11-03)

Sec. 16A-18.- Tax exemptions for renovations for historic properties.

- (a) *Scope of tax exemptions.* A method is hereby created for the Board of County Commissioners, at its discretion, to allow tax exemptions for the restoration, renovation, or rehabilitation of historic properties. The exemption shall apply to one hundred (100) percent of the assessed value of all improvements to historic properties which result from restoration, renovation, or rehabilitation made on or after the effective date of this ordinance. The exemption applies only to taxes levied by Metropolitan Miami-Dade County. The exemption does not apply to taxes levied for the payment of bonds or to taxes authorized by a vote of the electors pursuant to Section 9(b) or Section 12, Article VII of the Florida Constitution. The exemption does not apply to personal property. The exemption under this ordinance does not apply to properties within a community redevelopment area previously or hereafter established pursuant to Part III of Chapter 163, Florida Statutes, by either the Board of County Commissioners of Miami-Dade County or the governing body of any city or other municipality within Miami-Dade County.
- (b) *Duration of tax exemptions.* Any exemption granted under this section to a particular property shall remain in effect for ten (10) years. The Board of County Commissioners shall have the discretion to set a lesser term if requested by the property owner in its original application and covenant. The term of the exemption shall be specified in the resolution approving the exemption. The duration of the exemption as established in the resolution granting the exemption shall continue regardless of any change in the authority of the County to grant such exemptions or any change in ownership of the property. In order to retain an exemption, however, the historic character of the property, and improvements which qualified the property for an exemption, must be maintained in their historic state over the period for which the exemption was granted.
- (c) *Eligible properties and improvements.*
- (1) Property is qualified for an exemption under this section if:
 - (A) At the time the exemption is granted the property:
 - (1) Is individually listed in the National Register of Historic Places pursuant to the National Historic Preservation Act of 1966, as amended; or
 - (2) Is a contributing property to a national-register-listed district; or
 - (3) Is designated as a historic property, or as a contributing property to a historic district, under the terms of a local preservation ordinance; and
 - (B) The Metropolitan Miami-Dade County Historic Preservation Board has certified to the Board of County Commissioners that the property for which an exemption is requested satisfies paragraph (A).
 - (2) In order for an improvement to a historic property to qualify the property for an exemption, the improvement must:
 - (A) Be consistent with the United States Secretary of Interior's Standards for Rehabilitation; and
 - (B) Be determined by the Metropolitan Miami-Dade County Historic Preservation Board to meet criteria established in rules adopted by the Department of State.
- (d) *Applications.* Any person, firm, or corporation that desires an ad valorem tax exemption for the improvement of a historic property must, prior to construction, file with the Office of Historic Preservation a written application on an approved form. The application must include the following information:
- (1) The name of the property owner and the location of the historic property;
 - (2) A description of the improvements to real property for which an exemption is requested and the date of commencement of construction of such improvements;
 - (3)

- Proof, to the satisfaction of the Miami-Dade County Historic Preservation Board, that the property this is to be rehabilitated or renovated is a historic property under this section;
- (4) Proof, to the satisfaction of the Miami-Dade County Historic Preservation Board, that the improvements to the property will be consistent with the United States Secretary of Interior's Standards for Rehabilitation and will be made in accordance with guidelines developed by the Department of State;
 - (5) Other information identified in appropriate Department of State regulations, or requested by the Miami-Dade County Historic Preservation Board; and
 - (6) If the property is within the jurisdiction of the Miami-Dade County Historic Preservation Board, a completed application for a certificate of appropriateness for the qualifying restoration, renovation, or rehabilitation.
- (e) *Required covenant.* To qualify for an exemption, the property owner must enter into a covenant or agreement with the Board of County Commissioners for the term for which the exemption is granted. The form of the covenant or agreement must be established by the Department of State and must require that the character of the property, and the qualifying improvements to the property, be maintained during the period that the exemption is granted. The covenant or agreement shall be binding on the current property owner, transferees, and their heirs, successors, or assigns. Violation of the covenant or agreement results in the property owner being subject to the payment of the differences between the total amount of taxes which would have been due in March in each of the previous years in which the covenant or agreement was in effect had the property not received the exemption and the total amount of taxes actually paid in those years, plus interest on the difference calculated as provided in Section 212.12(3), Florida Statutes.
- (f) *Review By Historic Preservation Board.* The Metropolitan Miami-Dade County Historic Preservation Board, or its successor, is designated to review applications for exemptions. The Miami-Dade County Historic Preservation Board must recommend that the Board of County Commissioners grant or deny the exemption. Such reviews must be conducted in accordance with rules adopted by the Department of State. The recommendation, and the reasons therefor, must be provided to the applicant and to the Board of County Commissioners before consideration of the application at an official meeting of the Board of County Commissioners.
- (g) *Approval By Board of County Commissioners.* A majority vote of the Board of County Commissioners shall be required to approve a written application for exemption. Such exemption shall take effect as provided in the resolution. The Board of County Commissioners shall include the following in the resolution approving the written application for exemption:
- (1) The name of the owner and the address of the historic property for which the exemption is granted.
 - (2) The period of time for which the exemption will remain in effect and the expiration date of the exemption.
 - (3) A finding that the historic property meets the requirements of this section.
- (Ord. No. 93-15, § 1, 3-2-93; Ord. No. 99-90, § 2, 7-27-99; Ord. No. 03-38, § 16, 3-11-03)

Sec. 16A-19.- Classification and assessment of historic property used for commercial or certain nonprofit purposes.

Miami-Dade County hereby elects to adopt the classification and assessment method provide in Section 193.503 of Florida Statutes (1997). Accordingly, subject to the definitions, conditions, and procedures established by that Section, Historic Property qualifying under that Section shall be assessed based upon actual use.

Any such classification shall terminate upon repeal of Section 193.503 Florida Statutes or the repeal or sunset of this provision.

(Ord. No. 99-90, § 1, 7-27-99)

Sec. 16A-20.- Settlement Authority.

The Director of the Office of Historic Preservation has authority to settle any 8CC tickets issued to enforce this chapter. In making such a decision the Director shall consider the likelihood of prevailing and whether compliance was obtained.

III. SWEARING IN OF THE PUBLIC

At this time, Mr. Mitch Novick swore in staff and members of the public who would be speaking before the Board for the public hearing.

IV. PUBLIC HEARING – 2:15 p.m.

A. Request for deferral of any agenda item

Historic Site Designation
Harbor West Apartments
7910 West Drive – Harbor Island
North Bay Village, Florida

Mickey Marrero, attorney for the owner of the property, stated that they would like the item to be deferred because the owner could not be present at the meeting due to a continuing family emergency. He stated that the owner would be attending to his ill wife for an extended period of time. He said they would like to request a deferral of six months. Mr. Roger Carlton asked Mr. Thomas Logue if there is an upstanding agreement to a moratorium within a deferral of so many months. Mr. Logue stated that yes, as long as the applicant agreed on the record that the moratorium would be upheld for the entire six months. He said this agreement can be further memorialized in writing to make it more iron clad. Mr. Carlton spoke about possible reimbursement of advertising costs for the public hearing ads that have been published for this particular item. He also asked about any rules about how many times an item can be deferred and Mr. Logue answered no. Ms. Kauffman said the applicant and the attorney have been very cooperative with this item and that there is potential for support of the designation. Mr. Marrero agreed on the record to the moratorium for the six month period and also agreed to draw up a written agreement as well.

Mr. Carlton motioned for deferral of the item for six months and for staff to investigate reimbursement by the owner for the cost of advertisement of the item. Ms. Enid Pinkney seconded the motion. Motion was approved by group vote.

Ms. Kauffman stated that she wanted to take both items C and D together and bring them before the Board. She said staff has been working on designations on Bay Harbor Island. She said staff gave a presentation to the owners of one of the buildings and members of the town council to explain what designation means to them. She said that they were met with resistance. Ms. Kauffman added that they have been asked to incorporate more of an educational process given to individuals affected by a particular designation. She said she is requesting withdrawal of these two applications at this time. She stated that the best approach would be to move forward on some friendlier designations on the island but to keep educating people about what designation entails and how it could benefit them.

Mr. Novick asked Ms. Kauffman if she is asking the Board to reconsider the zoning in progress that has been imposed on these two sites. She said that with the withdrawal the moratorium would not be there. She said these two buildings are fully occupied and she does not feel an immediate threat to the buildings. Mr. Carlos Gimenez, representing Bay Harbor Continental, spoke before the Board. He said they are supportive of staff's recommendation to withdraw the designation of the property at this time. He said they intend to continue working with staff and to educate themselves about the designation process and how it would affect the building. He said they were caught off guard when notice of the proposed designation was received and were left unsure of what was going to happen to the building and how it would affect the property value and an owner's right to do what they wish with their property.

Cliff Shulman, representing Morris Broad who is the owner of land underneath the building Bay Harbor Club, stated to the Board that he and his clients are in support of the withdrawal of the item. He said they are looking forward to having a meeting with Ms. Kauffman to get educated on the designation process and its benefits.

Mr. Novick stated that he understands that further education is needed and that he felt it would be safe to move forward with staff's recommendation for withdrawal.

Ms. Phillips moved for approval. Ms. Pinkney seconded the motion. Motion was approved by group vote.

Ms. Kauffman stated that the Surf Club is a recent designation by this Board and she said that Stan Price helped with that designation. At first, the Surf Club was not sure they wanted to be designated and now are in the middle of a beautiful renovation project.

V. **OLD BUSINESS**

Ms. Kauffman said that at the last board meeting, the Board had requested that staff prepare a resolution regarding the skateboard park proposed to be built near a cemetery in the City of Miami. Dr. Paul George said that he had read that the skate park developers were looking at other sites to develop the park.

Dr. George moved for approval of the resolution. Ms. Pinkney seconded the motion. Motion was approved by group vote.

VI. NEW BUSINESS

A. Sunset Report for the County Commission

Ms. Kauffman spoke briefly about the report and how it needs to be adopted by the Board before it is presented to the Commission.

Mr. Roger Carlton asked about the possible ordinance amendment and if anything can be done to generate more revenue for the Board and the office in times of budgetary constraints. Ms. Kauffman said that they had recently requested changes in their fee schedule and a couple of fees have been added that will help bring in more revenue to the office. Mr. Carlton suggested that the Sunset Report should contain some pictures of historic sites that have been designated and GOB projects that have undergone rehabilitation and restoration so the Commission can get a visual of the work the office is accomplishing.

Mr. Carlton moved for adoption of the Sunset Report with the improvement suggestions. Ms. Pinkney seconded the motion. Motion was approved by group vote.

Ms. Phillips suggested that staff draft a resolution to bring to the next meeting stating the Board's support in keeping The Barnacle in Coconut Grove open. Mr. Carlton asked if the Board could make a generic approval at this time and staff can have the resolution ready before the next meeting.

Dr. George motioned for approval of keeping The Barnacle open. Dr. Cantillo seconded the motion. Motion was approved by group vote.

B. Chair's Report

Mr. Novick spoke about the recent arsons that have occurred on Miami Beach that have destroyed 3 historic buildings.

Ms. Phillips announced that the Curtiss Mansion would be doing a soft opening on June 1st.

C. Director's Report

Ms. Kauffman spoke about the Lemon City Cemetery Memorial Garden Ceremony.

Mr. Jeff Ransom made a presentation about the Lemon City Cemetery. He said that it all began in 2008 when he received a call from the City of Miami informing him that human remains had been found on the property during construction. He said that using GPR (Ground Penetrating Radar), the graves and exact size of the cemetery were discovered. He said Ms. Pinkney has spearheaded this effort from the beginning. Mr. Ransom said the people buried there were mostly Bahamian settlers buried there from 1911 to 1935. He added that Ms. Pinkney's research had yielded information about some early incorporators of the City of Miami that had been buried there, including William English. This allowed the site to meet the criteria for historic designation. Mr. Carlton asked if any gravestones were found and Mr. Ransom said that none were found and no one knew what had happened to them.

Mr. Carlton spoke about his new position as Town Manager of Surfside. He said that Kathleen and staff have done interesting studies on the possible historic designations in Surfside. He said this town is a very special place and there are exciting possibilities for designations in the future.

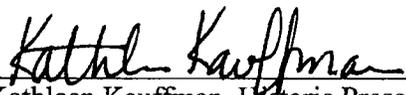

VII. ADJOURNMENT

With no further business to come before the Board, the meeting was adjourned at 3:30 p.m.

Historic Preservation Board Accomplishments in 2009/2010

Lemon City Cemetery

The Lemon City Cemetery, located at NW 71st St, between NW 3rd and 4th Avenue, was an early 20th century cemetery for the City of Miami's blacks and early Bahamian settlers. As a result of the County's archaeologist working closely with the State archaeologist and the County's Medical Examiner to properly excavate, monitor and record the remains found in the Lemon City Cemetery, the property was recently designated as historic in 2010 by the City of Miami. It was a significant victory for historians, preservationists and for the family members and descendents of the 500plus people buried there, for the site was going to be developed for three large affordable housing towers. As a result of the discovery, only one tower was built, and a new Memorial and Garden was unveiled in February 2011.

Richmond Naval Air Station

The Richmond Naval Air Station Headquarters Building is the last remaining building of the Air Station. It was designated as historic by the County Historic Preservation Board in June 2010. It was the headquarters for the blimp base that protected the Florida coastline and Caribbean from Nazi U-boat attacks during World War II. It was later used in the Cuban Missile Crisis and as a CIA station for clandestine anti-Castro Cold War operations. In the 1970s and 1980s the building housed an Army Reserve MASH Unit, and was the Marine Corps Reserve Center during Desert Shield/Desert Storm.

In March 2010, the 800,000 pound structure was moved a half mile from a restricted Federal area onto the publically accessible Gold Coast Railroad Museum cultural complex. It is the largest historic structure ever moved in the state of Florida and was filmed for the Discovery Channel "Mega-Moves" show. Once restored, it will house the new Miami Military Museum.

MacFarlane Homestead Historic District

For the past couple of years, the Office of Historic Preservation has been administering several grants from the Department of Housing and Community Development to restore and rehabilitate three wood frame houses within the MacFarlane Homestead Historic District in the City of Coral Gables. The city's only National Register District is located roughly between US1 and Grand Avenue.

In 1892, Flora MacFarlane purchased 160 acres of land in what is today the City of Coral Gables and Coconut Grove (City of Miami). Miss McFarlane, who founded the Coconut Groves' Housekeepers's Club, taught in the first school in Coconut Grove. In 1925, the Coral Gables Securities Corp., (comprised of George Merrick, Telfair Knight, Charles Baldwin and Clifton D. Benson) purchased 19.61 acres. These 19.61 acres were annexed to Coral Gables but became known as the MacFarlane Homestead Subdivision.

Many of the first residents in this area were Bahamians who came from Key West, and they worked for the local establishments such as the Peacock Inn, the Deering Estate in Cutler, Henry Flagler's railroad project and George Merrick's dream project, the City Beautiful. These Bahamians made significant contributions to Merrick's project because they were skilled in working with the oolitic limestone that Mr. Merrick used for many of his first houses and entrance features. They were familiar with this type of rock in their homeland, and their labor is reflected in so many buildings in and around the city.

The three wood frame vernacular structures will not only be restored to their historic appearance, but will also provide affordable housing.

MiMo (Miami Modern) Architecture

The mid-century architecture here in South Florida, also known as MiMo (which is an abbreviation for Miami Modern), has become the next widely recognized period of architectural history which followed the Art Deco period, and its preservation is being celebrated all around the country. There are several locations in the county where the built environment was heavily influenced by this style of architecture. The Historic Preservation Board and its staff has continued to survey and document the County's Mid-century modern architecture in preparation for historic designation; this county-wide effort includes the presentation of these findings and the coordination of preservation efforts with local municipalities including Bay Harbor Islands, Bal Harbor, Miami Gardens, Surfside, North Miami and North Bay Village.

Majestic Isle Condo, North Bay Village, Designated in October 2010

The Lido Condo, North Bay Village, designated June 2010

The Surf Club

The Surf Club, built in 1930, is an excellent example of the Mediterranean Revival Style (Spanish Style) architecture in the City of Surfside. It was designed by Architect Russell T. Pancoast, a prominent architect in South Florida.

Members and guests of the Surf Club have made significant contributions to the history of this community, the country and the world and have included the Duke and Duchess of Windsor, Winston Churchill, Douglas Fairbanks Jr., General Douglas McArthur, Lily Pons, Tony Bennett and more recently Senator and Mrs. Robert Dole;

The interior spaces of the Surf Club retains original and important architectural and design features such as Cuban tile floors, beams, arches and fireplaces that enhance the historic character of the property. The property was designated in May 2010 by the County's Historic Preservation Board.

Albert Staehle House

In October 2010, the HP Board designated the home of Albert Staehle, which was built in 1948. Albert Staehle was an American illustrator, who was best known for the cultural icons he created such as Smoky Bear, Bessie the Cow (for Borden Milk) and Butch, the cocker spaniel, who graced the covers of numerous Saturday Evening Post magazines. The widow of Mr. Staehle and his daughters came to the board meeting and were thrilled that the home was being recognized as a locally significant landmark.

Green Acres Villas

Green Acres Villas was built in 1938 as a series of small one-story cottages, in an L-shaped configuration oriented around a green recreational space. The cottages exemplify the characteristics of Frame Vernacular architecture of this period, typically used in tourist courts.

The structures, located at 1465 N.E. 110th Street, were originally called the Cardinal Cottage Tourist Camp. There are few remaining tourist courts in Miami-Dade County since many have either been demolished or completely altered. Green Acres Villas is a significant and rare example of an intact early tourist court in Miami-Dade County. It is associated with the history of tourism within the County and exemplifies the early growth and development of tourist accommodations. It was designated by the HP Board in May 2010.

Anderson House

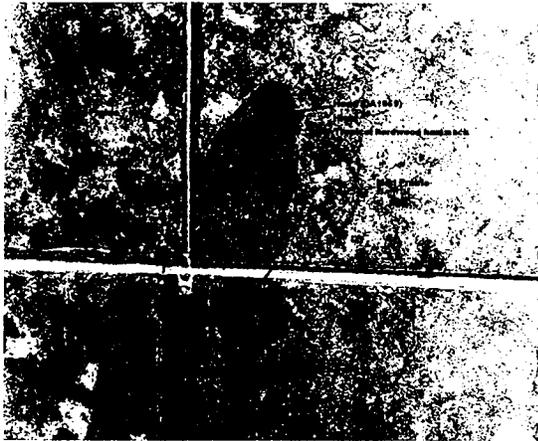

The Anderson House, built circa 1930 in Florida City, is significant because of the property's association with the Italian-American community of South Dade County. Among prior occupants were the D'Amatos who immigrated from Italy to South Florida and settled in Florida City in 1935 as well as Frank J. ('Pino') Tomassi, a former city councilman, judge, attorney and mayor of Florida City.

The Anderson House is an excellent example of masonry vernacular architecture of the 1930s. The structure includes original aluminum frame casement windows, a new metal roof, native (oolitic) rock limestone walls which provide the house with a distinctive South Florida appearance. It was designated by the County HP Board in November 2010.

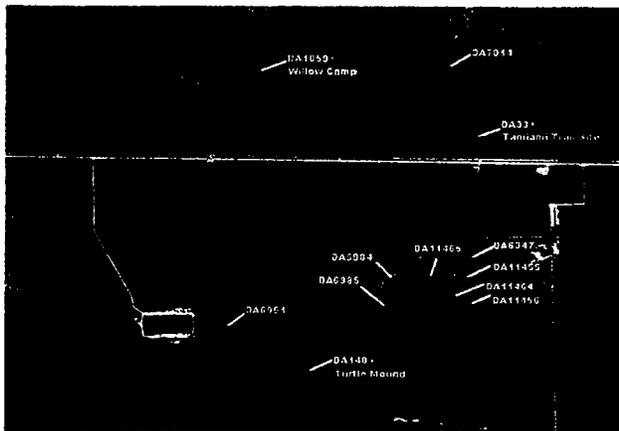

Willow Camp Archaeological Zone

In May 2010, the County Historic Preservation Board designated the Willow Camp archaeological zone, a 9.7 acre site, located at approximately SW 8th Street and SW 153rd Place. The site was originally recorded in a 1980 survey. The site contains a black dirt midden on the north end of a tree island. Artifacts recovered include aboriginal pottery and faunal bone. The native campsite, which dates from the Glades I Period (500BC – 750AD) to the Glades II Period (750AD to 1200AD) was used intensely for hunting and fishing.

National Register Nominations

The Historic Preservation Board has approved the applications of two National Register nominations for submittal to the State and Federal governments for final approval: **Greynolds Park** and the original **Parrot Jungle and Gardens**.

Greynolds Park was developed between 1933 and 1936, with additions made between 1938 and 1939, and contains buildings and structures constructed by the Civilian Conservation Corps (CCC) and the Works in Progress Administration (WPA). The CCC put in roads, trails, footpaths and bridges; and landscaped leaving most in its natural state. Buildings followed the typical design of national CCC park projects. Located within the Park are the designated Oleta River Archaeological Site and Archaeological Zones 1 & 2. The 225-acre park consists of a variety of natural habitats; most notably a relatively intact hardwood hammock and mangrove forest. The major structures built as part of the CCC project are: the boathouse, the observation mound, the caretaker's residence, the tool and work shed, the lagoon picnic shelter, a log picnic shelter, picnic tables, a stone foot bridge and the camps mess hall and cabins. All these structures designed in the Depression Era Park Rustic Architecture style were built between 1934 and 1940.

Parrot Jungle was built in 1936 by Austrian Born Franz Scherr, and quickly became a popular roadside attraction. Scherr had a winding trail dug through the coral rock and hammock land, leaving the natural flora untouched. An entrance building was built using native oolitic limestone. And, finally, a shipment of 25 Macaws arrived from Laredo, Texas. The birds adapted to their new home quickly, and on December 20, 1936, about 100 curious visitors paid 25 cents admission to see and listen to Franz Scherr describe his birds, trees, and flowers. The attraction continued to grow, even after the death of Franz Scherr in 1973. It eventually housed 1,100 tropical birds and 2,000 varieties of plants.

Hampton House Motel

The Historic Preservation Board continues to monitor the progress of the project and reviews all the plans for each phase.

The Hampton House Motel opened in 1954. It was one of a handful of segregation-era motels in Miami that catered to Black celebrities, local musicians and Black families vacationing in South Florida. At its height of popularity, the Hampton House was famous for its jazz club which hosted well-known entertainers Count Basie, Duke Ellington, Ray Charles, and Lena Horne. Other national figures which stayed at the motel included Muhammad Ali and Martin Luther King Jr., who gave an early version of his "I Have A Dream" speech at the motel in 1960. The building is owned by the County's Department of Housing and Community Development (HCD.)

The structural stabilization and clean-up phase was completed in November 2009. Currently, the final restoration plans are being reviewed by various Miami-Dade County regulatory agencies. After project award, construction schedule is approximately 18 months, with a project completion anticipated for 2012.

Historic Preservation Board's Accomplishments since Established:

- In the early 1980s, completed a historic sites survey of Dade County (over 6,000 sites)
- Since that time, the office has designated more than 180 historic and archaeological sites/zones and 6 historic districts throughout the county
- Published the following:
 - *From Wilderness to Metropolis: The History and Architecture of Dade County (1825-1940)*
 - *Resourceful Rehab: A Guide to Historic Buildings in Dade County*
 - *Redland: A Preservation and Tourism Plan*
- Applied for and received grants for survey updates
- Provided technical assistance on various preservation projects throughout the county
- Received and administered Knight Foundation Grant for post-hurricane Andrew assistance for historic properties
- Post-hurricane Andrew update of historic sites in South Dade
- Received and administered grant for MacFarlane Homestead Historic District affordable housing workshop
- Received and administered grants for the rehabilitation of four low to moderate income single family houses in the MacFarlane Homestead Historic District
- Received and administered grants for the rehabilitation of the Redland Farm Life School a.k.a. Redland Elementary
- Became the first Historic Preservation Board in the State of Florida to institute the Ad Valorem Tax Exemption for historic properties.
- Staff has conducted extensive research and excavations on the renowned Miami Circle archaeological site, and worked to secure financial support from the state in purchasing the site for preservation.
- Since 1997, the Office of Historic and Archaeological Resources (OHAR) has conducted over 1800 cultural resource assessments in conjunction with the State Historic Preservation Office
- In 2009 finished up a county-wide survey, the first of its kind in the state, that surveyed all eligible historic structures in areas that could receive U.S. HUD Community Development Block Grant assistance
- Administer Housing and Community Development grants that assist with the administrative costs of the Office
- Hold bi-annual preservation law workshops for the members of the Board to review important case studies, our ordinances and legal requirements.
- Pursuing a programmatic agreement with the Department of State to streamline and make more cost effective our processes for environmental reviews that we perform for the Office of Community and Economic Development (OCED).
- In 2010, worked with the organization Habitat for Humanity to design and implement infill housing that will be compatible with the character of houses within historically eligible areas
- Pursuing the possibility to do a Preservation E-newsletter as a cost effective way to disseminate important information or notices of events and news to the public
