**Subject:** Resolution Rescinding Administrative Order 3-32 and Authorizing Implementing Order 3-32: Community Business Enterprise Program for the Purchase of Professional Architectural, Landscape Architectural, Engineering, or Surveying and Mapping Services

---

**This item differs from the original in that it includes language allowing for adjustments to size standards based on the local Consumer Price Index for All Urban Consumers (CPI-U) or other appropriate inflation measures as may be applied across all industries. In addition, the Appeals section has been changed to provide for a Hearing Officer to make findings and recommendations, and the Mayor to make a final decision, which is appealable to Circuit Court. This change makes the appellate remedy the same, irrespective of the party appealing the final decision. Finally, this substitute modifies the Administrative Penalties Section to include all penalties for violations of or noncompliance with this section and its implementing order, proposals(s), and/or competitive selection documents, which had been improperly included in the Appeals Section. Additionally, this item was amended during the Internal Management and Fiscal Responsibility Committee meeting of April 12, 2011 to indicate that a fourth violation and finding of noncompliance shall be cause for suspension or termination and debarment.**

## **Recommendation**

It is recommended that the Board of County Commissioners (Board) approve the attached resolution rescinding Administrative Order 3-32 and authorizing Implementing Order 3-32: Community Business Enterprise (CBE-A/E) Program for the Purchase of Professional Architectural, Landscape Architectural, Engineering, or Surveying and Mapping Services.

## **Scope**

The impact of this agenda item is countywide in nature.

## **Fiscal Impact/Funding Source**

The accompanying resolution will have an estimated fiscal impact of \$2,000 annually attributed to the cost of appeal hearings of certification denial, decertification and determinations of non-compliance with program requirements. This fiscal impact may be off-set by recovery of administrative cost from unsuccessful appellants. Upon appeal, firms are required to submit a non-refundable filing fee of \$250 and if unsuccessful, incur the costs of the appeal. Prior Board legislation established the utilization of Hearing Officers for appeal of certification denial, decertification and determinations of non-compliance with the Community Small Business Enterprise (CSBE) program.

### **Track Record/Monitor**

The Department of Small Business Development (SBD) is responsible for administering this program.

### **Background**

In December 2009, certification functions for the County's Small and Disadvantaged Business Programs were transferred from the Department of Small Business Development (SBD) to the Department of Procurement Management (DPM). These include the Small Business Enterprise, Community Small Business Enterprise, Community Business Enterprise, Disadvantaged Business Enterprise, and Local Developing Business programs. Increases in the volume of both new applications and recertifications have created a backlog. DPM and SBD have conducted extensive reviews of each of these programs, in consultation with stakeholders and certified firms, resulting in legislative amendments to improve the certification process and customer service; streamline operational processes; enhance opportunities to local small businesses; and allow for overall effectiveness with reduced resources. Subsequently, in October 2010 the certification functions transferred back to SBD.

The proposed amendments have been reviewed with members of the Board of County Commissioners and/or their staffs, Small Business Advisory Boards, and other small business programs stakeholders. Specific amendments recommended in the proposed Implementing Order (IO) are as follows:

### **Certification Amendments**

1. Provides for a three (3) year certification renewal period

Currently, certifications are valid for one (1) year with annual expiration dates which potentially negatively impact firms' small business status due to issues beyond their control. Based on this potential impact, a significant backlog in applications and staff reductions, it is recommended that firms' certification expire every three years. Within that three-year period, firms would be required to annually submit an "Affidavit for Continuing Eligibility" and minimal documentation. This will result in a more customer friendly, streamlined process that eliminates the negative impact of administrative backlogs.

2. Changes the measure utilized to adjust the CBE/AE size limits from the Consumer Price Index to the local Consumer Price Index for All Urban Consumers (CPI-U) or other appropriate inflation measures as may be applied across all industries.
3. Amends the timeframe allowed for application of certification

Firms denied certification may reapply for certification 12 months from the time of denial of certification; Graduated firms may reapply for certification after filing and submitting their most recent corporate tax returns subsequent to the notice of graduation.

4. Allows CBE-A/E firms to be certified in other technical categories

CBE firms that have received Technical Certification pursuant to Section 2-10.4 of the Code of Miami-Dade County and State of Florida licensing requirements through a non-owner qualifier may be certified in other technical categories. Currently, the applicant qualifier of a certified CBE-A/E firm must own at least 25% of the certified firm's issued stock or have at least a 25% ownership interest in the certified firm. The proposed amendment will allow CBE-A/Es to be certified in all technical categories approved with Miami-Dade County and in compliance with the State of Florida licensing requirements.

5. Simplifies and clarifies the definition of affiliated businesses.

Program Amendments

1. Changes the name of the Department of Business Development to the Department of Small Business Development.
2. Establishes Tier 1 and Tier 2 Set-Asides

Currently set-asides are reserved for competition solely among first tier CBE-A/Es of a given prime County agreement for architectural, landscape architectural, engineering, or surveying and mapping professional services.

It is proposed that Tier 1 and Tier 2 CBE-A/E set-asides be established. Tier 1 set-asides shall be reserved for competition solely among Tier 1 CBE-A/E prime consultants and Tier 1 and/or Tier 2 CBE-A/E subconsultants on a County agreement for architectural, landscape architectural, engineering, or surveying and mapping services where the estimated cost of professional service fees are \$1,000,000 or less. Tier 2 set-asides shall be reserved for competition solely among Tier 2 CBE-A/E prime consultants and Tier 1 and/or Tier 2 CBE-A/E subconsultants on a prime County agreement for architectural, landscape architectural, engineering, or surveying and mapping services where the estimated cost of professional service fees are \$1,000,001 or greater. Tier 1 CBE-A/E primes may bid (up) on Tier 2 projects; however, Tier 2 CBE-A/E primes are prohibited from bidding (down) on Tier 1 projects.

3. Clarifies the CBE-A/E Size Limits

Currently, CBE-A/E means a firm providing architectural, landscape architectural, engineering, or surveying and mapping professional services, including a design-build firm, whose three year average annual gross revenues do not exceed two million dollars (\$2,000,000) for all first tier CBE-A/Es, four million five hundred thousand (\$4,500,000.00) for second tier CBE-A/Es in the case of architectural services, or six million (\$6,000,000.00)

for second tier CBE-A/Es in the case of landscape architectural services, engineering, and surveying and mapping services.

To eliminate ambiguity, it is proposed that the CBE-A/E definition be amended to further clarify the contracting participation levels for first and second tier CBE-A/Es as follows:

- a. Tier 1 CBE-A/Es in the case of architectural, landscape architectural, engineering, or surveying and mapping services – 3 year average annual gross revenues of \$0 to \$2,000,000
  - b. Tier 2 CBE-A/Es in the case of architectural services – 3 year average annual gross revenues of \$2,000,001 to \$4,500,000
  - c. Tier 2 CBE-A/Es in the case of landscape architectural, engineering, or surveying and mapping services – 3 year average annual gross revenues of \$2,000,001 to \$6,000,000
4. Currently, only 2nd Tier CBE-A/E Prime firms may fulfill 100% of sub-consultant goals with their own forces. It is proposed that all CBE-A/E Prime firms be allowed to fulfill up to 100% of sub-consultant goals with their own forces
5. Streamlines the Review Committee Process

It is proposed that the existing Review Committee process be amended to model the Expedited Review Committee process established to review projects under the Economic Stimulus Plan (ESP). Currently, the Review Committee meets bi-weekly to review all projects that have been analyzed by SBD for the application of contract measures. The proposed process will establish a standing Review Committee that will only meet to review contracts where disagreements exist regarding the appropriate contract measure between SBD and the contracting departments and when public input requires deliberation regarding the measure/goal recommendations.

6. Modifies the Appeal Process for Certification Denial, Decertification and Noncompliance Determinations

Prior Board action replaced the Review Committee with certified Administrative Hearing Officers as the responsible body for hearing appeals of certification denials, decertification and non-compliance with the Community Small Business Enterprise (CSBE) Program. To establish consistency among the small business programs it is proposed that the appeals process be amended to reflect that any firm that is denied certification, decertified or issued a determination of non-compliance with the requirements of the CBE-A/E Ordinance or its Implementing Order appeal such action to the County Mayor or designee by submitting a written request to the County Mayor or designee along with a nonrefundable filing fee of \$250 within 30 days of issuance of the notice. All appeals of certification denial, decertification or non-compliance determinations shall be heard by administrative hearing officers that include retired judges who are licensed and admitted to practice law in the State of Florida, or arbitrators or mediators certified by the Eleventh Judicial Circuit or State Bar Association. Appointees will be acquainted with Implementing Order 3-32 and the provisions of Section 2-10.4.01, Miami-Dade County Code, as amended, applicable to the particular violations to be heard.

7. Allows for Penalties/Sanctions for Measure Non-compliance

It is proposed that language be added that allows penalties and sanctions to be imposed by the County Mayor or designee upon contractors that fail to comply with approved small business measures. In the case of a goal deficit, the County Mayor or designee may order a penalty amount to be withheld from the contractor for such noncompliance as follows: for the first deficit, a penalty in an amount equal to 10% of the amount thereof; for the second deficit, a penalty in an amount equal to 20% thereof; for the third and successive deficits, a penalty in an amount equal to 30% thereof. A fourth violation and finding of noncompliance, shall constitute a default of the subject contract and shall be cause for suspension or termination in accordance with the contract's terms and debarment in accordance with the debarment procedures of the County. Monies received from payment of penalties imposed hereunder shall be deposited in a separate account and shall be utilized solely to defray SBD's costs of administering the program.

Graduating firms may be eligible to reapply for certification, after filing and submitting their most recent corporate tax return subsequent to graduation, if and only if, said tax return was not previously considered. The reapplication waiting period is dependent on the severity of the cause of denial or decertification.
3. A CBE-A/E must be certified in accordance with Section II A (5) above.
54. A business owner, alone or as a member of a group, shall own or control only one CBE-A/E at a time. If a non-CBE-A/E in the same or similar line of business as a CBE-A/E has an equity ownership of such CBE-A/E that exceeds ten (10) percent, the CBE-A/E shall not be certified or recertified.

- ~~65. Certified CBE-A/Es shall provide written notice to SDBD of any changes that affect their eligibility as CBE-A/Es. - ~~76. A CBE-A/E must have a valid certification in effect at time of proposal submittal. For successful proposers, certification must be maintained from the time of proposal submittal, throughout the selection process and contract award duration of the agreement. With the exception of provisions described in CBE-A/E Ordinance for graduation from the CBE-A/E program, loss of CBE-A/E certification may lead to removal of the firm from continued participation in the CBE-A/E program. CBE-A/Es shall allow site visits by SDBD staff to determine continuing compliance with certification requirements.~~
- ~~7. Applicants for CBE certification shall, as part of their application, disclose the information specified in Subsection (d)(1) and (2) of Section 2-8.1 of the Code of Miami-Dade County.~~
- ~~8. 2. CBE-A/Es must have an actual place of business in Miami-Dade County and may be registered as a vendor with DPM.

firm's affiliates, if any. Representations as to gross revenues shall be subject to audit.

5. Applicants and certified CBE-A/Es must be properly licensed to conduct business in the State of Florida and in Miami-Dade County, and must perform a commercially useful function with an actual place of business in Miami-Dade County, and must continue to perform a commercially useful function in Miami-Dade County to be eligible for certification or to remain certified.
6. The applicant qualifier of the firm must own at least twenty-five percent (25%) of the certified firm's issued stock or have at least a twenty-five (25) percent ownership interest in the certified firm. A CBE-A/E firm may be certified in other technical categories for which the firm has received Technical Certification in accordance with Section 2-10.4 of the Code of Miami-Dade County through a non-owner qualifier.
75. Nothing shall prohibit CBE-A/Es from competing for contracts under the Federal Disadvantaged Business Enterprise (DBE) program or any other business assistance program if the CBE-A/E is also certified for the programs under this Administrative Implementing Order by SDBD or certified by any other agency or organization.
86. When investigating the ownership and control of an applicant or a CBE-A/E, SDBD shall consider factors including, but not be limited to the following:
  - a. All securities constituting ownership and/or control of a business for purposes of establishing the business as a CBE-A/E shall be held directly by the owners. No securities held in trust shall be considered.
  - b. The contributions of capital and expertise by the qualifying agent to acquire interest in the business shall be real and substantial. Examples of insufficient contributions may include, but are not limited to, a note payable to the business or to those of its part owners, or the mere participation of the qualifier as an employee, rather than as a manager.
97. A CBE-A/E shall not be subject to any formal or informal restrictions that limit the customary discretion of the owner.
108. An applicant that has undergone a recent change in ownership, control or reported income level will be carefully scrutinized.

Factors such as, but not limited to, the following shall be considered:

- a. The reasons for the timing of the change in ownership of the business relative to the time that the contracts in the applicant's trade, Standard Industry Classification/North American Industry Classification System (SIC/NAICS), or service area are advertised;
- b. Whether an individual identified as an owner who had a previous or continuing employee-employer relationship with present owners has actual management responsibilities and capabilities;
- c. The participation of one or more of the owners of the applicant firm in another firm in the same trade, SIC/NAICS, or service area;
- d. Whether reported income levels indicate a severe decline to possibly attempt to qualify the firm for CBE-A/E certification; and
- e. Whether affiliation as described herein in ~~CBE-A/E Ordinance~~ exists or once existed between the applicant firm and a non-CBE-A/E firm.

#### D. SIZE ELIGIBILITY AND AFFILIATION DETERMINATION

- A. General: Only small firms that meet size limits of ~~first~~ Tier 1 and ~~second~~ Tier 2 CBE-A/Es as to average annual adjusted gross revenues for the last three years may be certified ~~codified~~ as CBE-A/Es. Size determinations for ~~first~~ Tier 1 and ~~second~~ Tier 2 CBE-A/Es certification eligibility shall take into account the combined gross revenues of the applicant firm and all of its domestic and foreign affiliates. All affiliates of the applicant firm, regardless of whether organized for profit, shall be included.
- B. Affiliation: Firms are considered affiliates of each other when either directly or indirectly:
  1. One concern controls or has the power to control the other, or
  2. A third party or parties controls or has the power to control both, or

3. An identity of interest between or among parties exists such that affiliation may be found.
- C. In determining whether affiliation exists, consideration shall be given to all appropriate factors, including, but not limited to, common ownership, common management, common facilities, related business lines or related scopes of work, and contractual relationships. Examples of affiliation include:~~Variations of these factors are examined more closely below:~~
1. Nature of control in determining affiliation.
    - a. Every firm is considered to have one or more parties who directly or indirectly control or have the power to control it. Control may be affirmative or negative and it is immaterial whether it is exercised so long as the power to control exists.
    - ~~b. Control can arise through stock ownership; occupancy of director, officer or key employee positions; contractual or other business relations; or combinations of these and other factors.~~
    - ~~c. Control can arise through management positions where a firm's vote stock is so widely distributed that no effective control can be established.~~
  2. Identity of interest between and among persons as an affiliation determinant.

Affiliation can arise between or among two or more persons with an identity of interest, such as members of the same family or persons with common investments in more than one firm. In determining who controls or has the power to control firm, persons with an identity of interest may be treated as though they were one person.

3. Affiliation through stock ownership.
  - ~~a. A person is presumed to control or have the power to control a firm if he or she owns or controls or has the power to control fifty (50) percent or more of its voting stock.~~
  - ~~b. A person is presumed to control or have the power to control a firm even though he or she owns, controls or has the power to control less than fifty (50) percent of the firm's voting stock, if the block of stock he or she owns, controls, or has the power to control is large as compared with any other outstanding block of stock.~~

- ~~c. If each of two or more persons owns, controls or has the power to control less than fifty (50) percent of the voting stock of a firm; such minority holdings are equal or approximately equal in size; and the aggregate of these minority holdings is large as compared with any other stock holding, the presumption arises that each such person individually controls or has the power to control the firm; however, such presumption may be rebutted by a showing that such control or power to control, in fact, does not exist.~~
- ~~4. Affiliation arising under stock options, convertible debentures, and agreements to merge. Stock options, convertible debentures, and agreements to merge (including agreements in principle) are generally considered to have a present effect on the power to control the firm. Therefore, in making a size determination, such options, debentures, and agreements are generally treated as though the rights held there under had been exercised. However, an affiliate cannot use such options and debentures to appear to terminate its control over another firm before it actually does so.~~
- ~~5. Affiliation under voting trusts.~~
- ~~a. If the primary purpose of a voting trust, or similar agreement, is to separate voting power from beneficial ownership of voting stock for the purpose of shifting control of or the power to control a firm in order that such firm or another firm may qualify as a small business within the size regulations, such voting trust shall not be considered valid for this purpose regardless of whether it is or is not recognized within the appropriate jurisdiction. However, if a voting trust is primarily entered into for a legitimate purpose other than that described above, and it is recognized within the appropriate jurisdiction, it may be considered valid for the purpose of a size determination.~~
- ~~b. Agreements to divest (including agreements in principle) are not considered to have a present effect on the power to control the firm.~~
46. Affiliation through common management. Affiliation generally arises where officers, directors, or key employees serve as the majority or otherwise as the controlling element of the board of directors and/or the management of another firm.
57. Affiliation through common facilities. Affiliation generally arises where one firm shares office space and/or employees and/or other facilities with another firm, particularly where such firms are in the

same or related industry or field of operations, or where such firms were formerly affiliated.

68. Affiliation with a newly organized firm. Affiliation generally arises where former officers, directors, principal stockholders, and/or key employees of one firm organize a new firm in the same or a related industry or field of operation, and serve as its officers, directors, principal stockholders, and/or key employees, and the firm is furnishing or will furnish the other firm with subconsulting agreements, financial or technical assistance, proposal or performance bond indemnification, and/or other facilities, whether for a fee or otherwise.

79. Affiliation through contractual relationships. Affiliation generally arises where one firm is dependent upon another firm for consulting agreements and business to such a degree that its economic viability would be in jeopardy without such agreements/business.

840. Affiliation under joint venture arrangements.

~~a. — A joint venture for size determination purposes is an association of firms and/or individuals, with interests in any degree or proportion, formed by agreement, express or implied, to engage in and carry out a single, specific business venture for joint profit for which purpose they combine their efforts, property, money, skill and knowledge, but not on a continuing or permanent basis for conducting business generally. The determination whether an entity is a joint venture is based upon the facts of the business operation, regardless of how the business operation may be designated by the parties involved. An agreement to share profits/losses proportionate to each party's contribution to the business operation is a significant factor in determining whether the business operation is a joint venture.~~

~~b. — For the purpose of financial assistance to a joint venture, the parties thereto are considered to be affiliated with each other. Where the financial assistance, however, is to a firm for its own use, outside the joint venture, an affiliation determination shall not automatically arise from the existence of the joint venture arrangement. In this latter situation, the existence of affiliation shall be determined under these regulations.~~

~~c. — Firms proposing on a particular agreement as joint ventures are affiliated with each other with regard to performance of the agreement. This determination of affiliation does not extend to other contracts or business outside the joint venture arrangement.~~

- d. ~~An ostensible subconsultant which performs or is to perform primary or vital requirements of an agreement may have such a controlling role that it must be considered a joint venture affiliated on the agreement with the prime consultant. In determining whether subconsulting arises to the level of affiliation as a joint venture, DBD considers whether the prime consultant has unusual reliance on the subconsultant.~~
- e. ~~Even though a firm might not be an affiliate of its joint ventures for the purpose of operations apart from the joint venture, it nevertheless must include its proportionate share of the joint venture receipts or employees in determining its eligibility under the size standards.~~
- 11. ~~Affiliation under franchise and license agreements. In determining whether the franchiser controls or has the power to control and, therefore, is affiliated with the franchisee, the restraints, relating to standardized quality, advertising, accounting format and other provisions, imposed on a franchisee by its franchise agreement shall generally not be considered, provided that the franchisee has the right to profit from its efforts and bears the risk of loss commensurate with ownership. Alternatively, even though the franchiser by virtue of such provisions may not control a franchisee in the franchise agreement, control and, thus, affiliation could arise through other means, such as common ownership, common management or excessive restrictions upon the sale of the franchise interest.~~

D. Gross Annual Revenues.

1. In size determinations, size eligibility requires that the firm may not exceed the three year average gross annual revenues in the applicable standard.
2. Definitions. For the purpose of determining annual gross revenues of a firm:
  - a. "Accrual Basis" means a method of accounting in which accounts and notes receivable are recorded in the regular books of account for the period in which the firm first has a claim of right to them.
  - b. "Claim of Right" has the meaning attributed to it by the U.S. Internal Revenue Service (IRS).

- c. "Gross Revenues" is defined to include all revenue in whatever form received or accrued from whatever source, including from the sales of products or services, interest, dividends, rents, royalties, fees, or commissions, reduced by returns and allowances. However, the term revenues excludes proceeds from sales of capital assets and investments, proceeds from transactions between a firm and its domestic and foreign affiliates, amounts collected for another by a travel agent or real estate agent, and taxes collected for remittance to a taxing authority.
  - d. "Regular Books of Account" means the general ledger or other book of final entry and, if used, the journals or other books of original entry.
  - e. "Completed Fiscal Year" means a taxable year including any short period. Taxable year and short period have the meaning attributed to them by the IRS.
  - f. Unless otherwise defined in this section, all terms shall have the meaning attributed to them by the IRS.
3. Period of measurement.
- a. Annual Gross Revenues of a firm which has been in business for three (3) or more completed fiscal years means the arithmetic annual average revenue of the firm over its last three (3) completed fiscal years (total revenue compiled over the entire three (3) year period would be divided by three).
  - b. Annual Gross Revenues of a firm which has been in business for less than three (3) fiscal years means the arithmetic annual average revenue over the time period the firm has been in business (total revenues compiled over the period the firm has been in business, divided by the number of weeks, including fractions of a week, the firm has been in business, multiplied by (52)).
  - c. Annual Gross Revenues of a firm which has been in business three or more years but has a short year in the last three years will be the arithmetic annual average revenue over the two full years and the short

year. The short period may appear at the beginning, middle or end of the three year calculation period.

4. Method of determining annual gross revenues.

- a. Revenue may be taken from the regular books of account of the firm. If the firm so elects, or has not kept regular books of account, or the IRS has found such records to be inadequate and has reconstructed income of the firm, then revenues shown on the federal income tax return of the firm may be used in determining annual gross revenues. Revenue shown on the regular books of account or the Federal Income tax return on a basis other than accrual must be restated to show revenue on an accrual basis for all fiscal years.
- b. Where the federal income tax return of a firm shows its annual gross revenues to be less than seventy-five (75) percent of the applicable size standard, the firm need not restate its revenue to an accrual basis prior to determining annual revenues.
- c. Where a short period is included in the firm's most recent three (3) years, annual gross revenues are calculated by dividing the sum of the revenues of the short year and the revenues of the two (2) full fiscal years by the sum of the number of weeks in the short fiscal year and the number of weeks in the two full fiscal years, and multiplying that figure (the weekly average revenues) by fifty-two (52).

5. Annual gross revenues of affiliates.

- a. If a firm has acquired an affiliate or been acquired as an affiliate during any portion of the applicable averaging period used to calculate or before certification, the annual gross revenues to in determining size status (including before certification), the revenues of both the applicant firm and the affiliate(s)/acquirer will be aggregated to compute size. Such aggregation of revenues will occur for each entire fiscal year of both the applicant and the affiliate(s)/acquirer, irrespective of the length of time the affiliation existed during said fiscal year, as long as an affiliation existed at any point during that

~~fiscal year. Furthermore, this aggregation of the revenues of both the applicant and its affiliates applies for the entire applicable averaging period used in computing size (usually the preceding three (3) complete fiscal years) rather than only for the period after the affiliation arose.~~

- ~~b. The annual gross revenues of a firm which had been an affiliate of the applicant during part of the period used in determining size (usually the preceding three complete fiscal years), but was not an affiliate at the time of certification, are not included within the computation of annual gross revenues in making size determinations. This exclusion of annual gross revenues of a former affiliate applies during the entire period used in computing size, rather than only for the period after which the affiliation ceased.~~

E. Annual gross revenues and adjusted gross revenues of affiliated.

- 1. The annual gross revenues and adjusted gross revenues of affiliates shall be included in determining size status of the applicant.
- 2. Payments to an affiliate that has been used as a subconsultant by the applicant shall not be counted as documented payment used to adjust the gross revenues of the applicant.

III. JOINT VENTURES

- A. Only joint ventures approved by SDBD in accordance with this Administrative Implementing Order are eligible to participate as joint ventures in the CBE-A/E program. Joint ventures must be lawfully established. All members of the joint venture must be certified as CBE-A/Es before the joint venture can be approved. Joint ventures can participate under the CBE-A/E program on contracts with CBE-A/E set-asides or subconsultant goals.
- B. Joint ventures must submit, prior to proposal submission, a Joint Venture Agreement containing the following information:
  - 1. A description of the financial contribution of each member;
  - 2. A list of the personnel and equipment used by each member;

3. A detailed breakdown of the responsibility of each member and the work to be performed by each member;
  4. An explanation of how the profits and/or losses will be distributed;
  5. The bonding capacity of each member;
  6. A description of any management or incentive fees for any of the members;
  7. A statement of the percentage of the joint venture that is owned and controlled by the qualifying member(s) and the basis for claiming such percentage; and
  8. A copy of any required State certificates or registrations.
- C. SBD shall collect, assemble and verify all information needed to determine if all members of a joint venture are CBE-A/Es. A Joint Venture Agreement is complete when it includes all required supporting information.

#### IV. DEPARTMENT/AGENCY RESPONSIBILITIES

- A. Each department and agency, in conjunction with the annual budget process, shall compile a list of its proposed capital projects, renovations, and major repairs for the fiscal year. Each department and agency shall forward the list by August 1 of each year to DSBD for use in the formulation of the CBE-A/E objectives.

Each department shall advise ~~D~~S~~B~~D of post-award changes in scope and all change orders that require Board of County Commissioners' approval shall be submitted to ~~D~~S~~B~~D. ~~D~~S~~B~~D shall review the changes and change orders and recommend to the County Manager whether the agreement requires further review ~~by the RC~~ due to the change in the scope of work, and report on the prime consultant's current status of CBE-A/E compliance.
- F. Each department shall advise ~~D~~S~~B~~D of any agreement advertisement dates that are in excess of one hundred twenty (120) days of the initial ~~RC~~ recommendation to apply a set-aside or a goal in order to allow ~~D~~S~~B~~D to identify any changes in availability. Each department shall advise ~~D~~S~~B~~D of any agreement cancelled or not advertised within one hundred eighty (180) days after review ~~by the RC~~ and the agreement must be resubmitted to S~~B~~D ~~the RC~~ to re-establish availability.

The Schedule of Participation Letter of Agreement constitutes a written representation by the respondent that, to the best of the respondent's knowledge, the CBE-A/Es listed are qualified and available to perform as specified. The Schedule of Participation Letter of Agreement is a commitment by the respondent that, if awarded the agreement, it will enter into written subconsultant agreements with the identified CBE-A/Es for the scope of work at the percentage set forth in the Schedule of Participation Letter of Agreement.   - (4) None of the expenditures to a CBE-A/E that acts essentially as a conduit to transfer funds to a non-CBE-A/E unless the proposal documents expressly and specifically permit such transfers as consistent with normal industry practice or the respondent or CBE-A/E requests and receives prior to agreement award an approval letter from DSBD; and
  - (5) Only expenditures to CBE-A/Es made under a written subconsultant agreement executed by both the prime consultant and the CBE-A/E shall be counted towards meeting the subconsultant goal.
