**Date:** June 7, 2011

**To:** Honorable Chairman Joe A. Martinez  
and Members, Board of County Commissioners

Agenda Item No. 8(P)(1)(E)

**From:** Alina T. Hudak  
County Manager

**Subject:** Contract Award Recommendation in the Amount of \$96,454.11 between Southeast Underground Utilities Corp. and Miami-Dade County for the People's Transportation Plan (PTP) Project Entitled Guardrail Installation Project, located within Commission District 11 (**Project MCC 7360 Plan - CICC 7360-0/08 Request for Price Quotation (RPQ) No. 20110009**) and Authorizing the Use of Charter County Transportation Surtax Funds

## Recommendation

The attached Contract Award Recommendation for the PTP Guardrail Installation Project, located within Commission District 11, in the amount of \$96,454.11, between Southeast Underground Utilities Corp. and Miami-Dade County has been prepared by the Public Works Department (PWD) and is recommended for approval. Proceeds from a Charter County Transportation System Sales Surtax Bond Sale will be used to fund this project; therefore, approval by the Citizens' Independent Transportation Trust (CITT) and Board of County Commissioners (BCC) is required.

## Scope

The work to be performed under the life of this contract includes guardrail installation at various locations within Commission District 11.

## Fiscal Impact/Funding Source

The fiscal impact will be approximately \$96,454.11 and will be funded from Charter County Transportation Surtax 2010 Bond Proceeds. The funding index code for this project is CPEPTP411GRL.99035, as programmed within the adopted FY 2010-11 Capital Budget. The proposed improvements qualify under the allowable work categories included in the PTP Neighborhood Improvements Section. The base contract amount is \$84,512.60, but the total allocated amount is \$96,454.11, which is inclusive of the contingency and dedicated allowances. No additional fiscal impact to operations or maintenance is anticipated in association with this contract.

## Delegation of Authority

No additional authority is being requested within the body of this contract.

## Track Record/Monitor

Southeast Underground Utilities Corp. is currently performing work for PWD at a satisfactory level as reported by the Project Manager. PWD has reviewed the Office of Capital Improvements (OCI) database and found 16 awarded construction contracts and 16 contractor performance evaluations with an overall performance rating of 2.7. Although the contractor's performance evaluation rating is listed as guarded, the contractor's evaluations have consistently reflected satisfactory performance ratings (3.0) for technical skill, quality of work, and cost effectiveness and efficiency. However, guarded ratings for coordination and communication resulted in the less than satisfactory evaluation rating average. As standard procedure, PWD inspectors are on site daily for all contracts and will be monitoring the company's performance. The Department of Small Business Development's (SBD) History of Violation's report lists no violations for this contractor.

Following PWD's standard operating procedures, after award of this contract, a pre-construction meeting will be scheduled. Throughout all PTP projects, the responsible staff person in PWD will be the PTP Coordinator, Mr. Frank Aira, P.E. Following completion of the award process, the project will be assigned to Mr. Joaquin Rabassa, P.E., Project Coordinator, for day to day responsibilities.

According to the Florida Department of State, Division of Corporations, Southeast Underground Utilities, Corp., Company Principals are: Anthoneel C. Allen, Hector E. Allen and James Hashim and the Company's address is listed as: 1700 NW 65 Avenue, Suite 4, Plantation, Florida 33313.

**Background**

In an effort to carry on the success of the PTP Neighborhood Improvements initiative, PWD continues to take advantage of various contracting mechanisms such as the subject Miscellaneous Construction Contracting (MCC) process available under the MCC 7360 Program. Through this process, PWD forwards the RPQ, by way of facsimile transmission, to a pool of firms that have registered with OCI for the subject trade. Additionally, PWD advertises the project in the Daily Business Review and all solicitations are available on-line through the Miami-Dade County portal under the "Procurement Solicitations" link. The project award evaluation is based upon the lowest sum bid submitted by the responsive, responsible bidder for the project.

PWD staff submitted the referenced project to the Department of Small Business Development's Review Committee. The Review Committee met on September 9, 2010 reviewed RPQ No. 20110009 and recommended no measure for Community Small Business Enterprise (CSBE) participation; and the Community Workforce Program (CWP) is not applicable to this project. Therefore, on January 20, 2011, PWD forwarded an RPQ for the PTP Guardrail Installation Project, utilizing the OCI contract MCC 7360 Plan, to a list of 255 pre-registered firms. A total of ten (10) firms purchased contract documents and four (4) firms proffered a bid.

On February 25, 2011, Southeast Underground Utilities Corp. proffered the lowest responsive, responsible base bid of \$84,512.60, 9% over the County's cost estimate; and the second lowest bidder, J. Slagter & Son Construction Co. proffered a base bid of \$101,194.00, 20% over the lowest bidder. Sunshine Guardrail Corp. and Guaranteed Fence Corp. bids were found "Not Responsible" because the firms did not hold the required license(s) as stipulated in the Special Provisions of the Contract Documents. As a result, on March 29, 2011, PWD issued a recommendation of award for RPQ No. 20110009 to Southeast Underground Utilities Corp., with the stipulation that approval of this project must be obtained from the CITT and the BCC due to guidelines associated with the funding source.

The work to be accomplished for this project consists of, but is not limited to, furnishing all supervision, labor, required materials, equipment and tools to perform all operations necessary for the installation of guardrails adjacent of water at various locations within Commission District 11.

Dear Mr. Coyne:

This letter will serve as your notification that you have been recommended for award for the above referenced RPQ based on your Price Quotation submitted on Wednesday, February 23, 2011. This includes a base contract amount of eighty-four thousand five hundred twelve dollars and sixty cents (\$84,512.60), a contingency amount of eight thousand four hundred fifty-one dollars and twenty-six cents (\$8,451.26), and dedicated allowances totaling three thousand four hundred ninety dollars and twenty-five cents (\$3,490.25). The contract duration is established as **90-calendar days**. However, the recommendation of award is contingent upon the submission of the required items listed below:

1. Performance and Payment Bond as required in Contract No. MCC 7360 Plan, Section 2.0 Special Conditions, Page 16, Article 2.11, **PERFORMANCE AND PAYMENT BOND**. (The **original attached documents** must be used and three (3) sets must be provided).
2. Letter from Bonding Agent granting Miami-Dade County authorization to date the Performance Bond.
3. Copies of current insurance certificates.
4. Copies of required license(s).

The preceding documents are required as outlined within Contract MCC 7360 Plan and to be submitted within 10 business days. Failure to submit the document(s) within the specified time, or any extension granted, will result in the award being rescinded.

Subsequent to the review and approval of the aforementioned documents, you are required to obtain the required permits in the time stipulated in the RPQ. Upon obtaining the permit(s), a copy(s) must be submitted to the Project Manager prior to commencement of work.

*Delivering Excellence Every Day*

**Recommendation of Award**  
**RPQ No. 20110009**

No work is to be performed without a permit unless the Project Manager issues a written directive to proceed without permit(s). This letter will also serve as a reminder that all work must be performed according to the scope of work and contract's terms and conditions, all permits and inspections and in accordance with all applicable Federal, State and local laws, codes and regulations.

Additionally, this contract, along with any future contracts awarded to your firm, have very similar completion schedules and competing deadlines. Please be advised that your firm must have the resources to ensure work proceeds without delay once the "Notice to Proceed" is issued. This will result in your firm working on multiple contracts concurrently. Lack of equipment and/or personnel will not be reason for delay.

Further, it shall be understood that since proceeds from the Charter County Transportation System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to pay for all or some part of the cost of this contract, no award of this contract shall be effective and thereby give rise to a contractual relationship with the County unless and until the Citizens' Independent Transportation Trust (CITT) and the County Commission have approved the award of the contract, and such award becomes final (either by expiration of 10 days after such award without veto by the Mayor, or by Commission override of a veto).

**Summary**

This resolution approves a Contract Award recommendation in the amount of \$96,454.11 between Southeast Underground Utilities Corp. (Southeast) and Miami-Dade County for the People's Transportation Plan (PTP) Project Entitled Guardrail Installation Project, located within Commission District 11 (Project MCC 7360 Plan – CICC 7360-0/08, RPQ No. 20110009).

Public Works Department (PWD) staff reviewed Southeast's Firm History Report in the Office of Capital Improvements (OCI) database, and found 16 awarded construction contracts and 16 contractor performance evaluations with an overall performance rating of 2.7.

According to the Manger's memo, Although Southeast's performance evaluation rating is listed as guarded; the evaluations reflect satisfactory performance ratings (3.0) for technical skill, quality of work, and cost effectiveness and efficiency.

- *According to PWD staff, the guarded ratings resulted from a deficiency in coordination and communications with project managers. Overall, Southeast Underground Utility has produced good work, but they haven't been consistent in their scheduling or communications with the PWD Traffic Signal project managers.*

**Background and Relevant Information**

PWD staff utilized the Miscellaneous Construction Contracting (MCC) process, available under the MCC 7360 Program. PWD forwarded the Request for Price Quotation (RPQ), by way of facsimile transmission, to a pool of firms that have registered with the Office of Capital Improvements (OCI). Additionally, PWD advertised the project in the Daily Business Review and all solicitations are available on-line through the Miami-Dade County portal under the "Procurement Solicitations" link.

On January 20, 2011, PWD forwarded an RPQ for the PTP Guardrail Installation Project, utilizing the OCI contract MCC 7360 Plan, to a list of 255 pre-registered firms. A total of ten (10) firms purchased contract documents and four (4) firms proffered a bid.

On February 25, 2011, Southeast Underground Utilities Corp. proffered the lowest bid.

**CSBE and CWP Measures**

On September 9, 2010, the referenced project was reviewed by the Department of Small Business Development's (SBD) Review Committee. The Review Committee *recommended no measures for the Community Small Business Enterprise (CSBE) participation and the Community Workforce Program (CWP).*

- According to PWD staff, the RC did not recommend measures because the installation of the guardrail is considered a single trade, meaning there is no work to subcontract, and SBD found there was not enough availability for this to be a set-aside contract.
- The CWP was not recommended because the CWP goal is only applied when the work identified is located within a Designated Target Area.

**Additional Information**
