RAC/up

Memorandum

Date: July 7, 2011

To: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

From: Alina T. Hudak
County Manager 

Subject: Resolution Approving Qualified Target Industry Tax Refund for BioAxone Biosciences, Inc.

This item was amended at the June 15, 2011 meeting of the Economic Development and Social Services Committee to include the articles of incorporation of the business. The business has satisfied the requirement of proving its incorporation as a U.S. entity.

Recommendation

The Beacon Council, on behalf of BioAxone Biosciences, Inc., has submitted an application for economic development incentives from the State of Florida (State) and Miami-Dade County that require approval from the Board of County Commissioners (BCC). It is recommended that the BCC approve the attached resolution authorizing BioAxone Biosciences, Inc. to be recognized by the State as a Qualified Target Industry (QTI) business and entitled to the financial benefits afforded under the QTI tax refund program. This approval is contingent on BioAxone Biosciences, Inc. providing proof of its incorporation as a U.S. entity prior to its approval by the appropriate Committee of the Board of County Commissioners.

The attached documents relating to the application of a tax refund under the Florida QTI business incentive program pursuant to Florida Statutes Section 288.106 have been prepared by The Beacon Council and reviewed by the County's Office of Economic Development and International Trade (OEDIT).

The anticipated dates for job creation and disbursement of incentive awards are set forth in the Resolution but are subject to change at the direction of the County Mayor or the County Mayor's designee.

Scope

The business operations of this project will create 11 new jobs that will primarily impact Commission District 3, but also will have a positive countywide impact through indirect employment and multiplier effect.

This business is considering leasing space and building out a 3,500 square feet research laboratory and international headquarters in the University of Miami Life Science and Technology Park in Miami-Dade County. The business is also considering Boston, MA as a potential location for this expansion.

Fiscal Impact / Funding Source

BioAxone Biosciences, Inc. has applied for a total of \$82,500 in QTI funds, of which 80 percent (\$66,000) would be provided by the State. If the accompanying resolution is approved by the BCC, the County is committed to provide an award of no greater than \$16,500 (or \$1,500 per new job) in matching funds from countywide general fund revenues over a five-year period beginning in FY 2012-2013.

Track Record/Monitor

QTI funds awarded for job creation are provided on a matching basis upon the State invoicing the County for jobs created and verified by the State. The State effectively monitors the creation of the QTI jobs and provides such information to the County. The County's matching funds are distributed only if the applicant complies with the commitment to create the number of new jobs indicated in the accompanying QTI application (Attachment to the General Project Overview) and all other conditions of this incentive program. QTI incentive payments are contingent upon the company meeting its target of additional jobs. In the event the company is unable to attain the employment targets specified in the application, it may be entitled to receive a prorated amount of incentive payments for the additional employment positions it was able to achieve.

Economic Impact Overview

The business was founded as BioAxone Therapeutic Inc., a Canadian Corporation. The shareholders voted to sell the intellectual property to Dr. Mckerracher, one of its founders, who will start a new entity in the U.S. known as BioAxone Biosciences.

BioAxone Biosciences, Inc. would be a new biotechnology research and development in medical sciences company (NAICS Code # 541711) in Miami-Dade County that is seeking to establish and expand its international headquarters and research and development operations. The business would employ 11 new workers at its Miami-Dade County facility paying an average annual salary of \$55,500, which is over 115 percent of the average State wage. Employee benefits associated with each new job created will be \$20,000, according to documents submitted by The Beacon Council.

It is important to note that the goal of BioAxone Biosciences is to complete a U.S. Food and Drug Administration Phase 2b clinical trial to treat acute spinal cord injury. The County's approval is not contingent on the company's participation in Phase 2b clinical trials, but the company must provide proof of incorporation as a U.S. entity before the June meeting of the Committee of jurisdiction or staff will request a deferral of the item until the company is incorporated. Once the company is incorporated as a U.S. entity, it must create the 11 jobs at the average annual salary of \$55,000 to be eligible for the QTI award.

If the QTI award is approved, the company plans to include an investment of \$1.274 million, of which \$460,000 is allocated to construction/renovation, \$79,000 to equipment, and \$735,000 to research and development. The Beacon Council projects that the \$1.274 million in direct investment by the company and the local economic impact from operations will generate nearly \$20,016 in countywide general fund revenues to Miami-Dade County over the five years the company is eligible for QTI cash incentives.

RESOLUTION APPROVING BIOAXONE BIOSCIENCES, INC. AS A QUALIFIED TARGET INDUSTRY BUSINESS PURSUANT TO FLORIDA STATUTE 288.106; CONFIRMING THAT THE COMMITMENTS OF LOCAL FINANCIAL SUPPORT NECESSARY FOR BIOAXONE BIOSCIENCES, INC. EXIST; AND PROVIDING AN APPROPRIATION OF UP TO \$16,500 FROM GENERAL REVENUE FUNDS AS LOCAL PARTICIPATION IN THE STATE OF FLORIDA QUALIFIED TARGET INDUSTRY TAX REFUND PROGRAM FOR FISCAL YEARS 2012 THROUGH 2017, INCLUSIVE, OR OVER A TIME PERIOD AS DETERMINED BY THE STATE OF FLORIDA IN ITS APPROVAL OF BIOAXONE BIOSCIENCES, INC. APPLICATION WITH THE PROVISION THAT ANY TAX ABATEMENT GRANTED TO BIOAXONE BIOSCIENCES, INC. UNDER FLORIDA STATUTE 196.1995 REDUCES ANY QUALIFIED TARGET INDUSTRY TAX REFUND TO BIOAXONE BIOSCIENCES, INC. BY THE AMOUNT OF ANY SUCH TAX ABATEMENT GRANTED, IN COMPLIANCE WITH FLORIDA STATUTE 288.106(6)(d); AUTHORIZING THE COUNTY MAYOR OR COUNTY MAYOR'S DESIGNEE TO MAKE NON-SUBSTANTIVE MODIFICATIONS AND EXECUTE ALL CONTRACTS, AGREEMENTS, AND AMENDMENTS; AND PROVIDING FOR AN EFFECTIVE DATE

WHEREAS, this Board desires to accomplish the purposes outlined in the accompanying memorandum, Economic Impact Overview, and application, copies of which are incorporated herein by reference; and

WHEREAS, this Project commits to bringing an additional 11 jobs to Miami-Dade County by December 31, 2013 with an average salary of \$55,500, which is over 115 percent of the average State wage ,

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that this Board hereby finds that attracting, retaining and providing favorable conditions for the growth of target industries provides quality employment opportunities for residents of the County and enhances the County's economic foundations and recommends that BioAxone Biosciences, Inc. be approved as a qualified target industry business pursuant to Florida Statute 288.106, which created the Qualified Target Industry Tax Refund Program.

The necessary commitment of local financial support for BioAxone Biosciences, Inc. as required under Florida Statute 288.106, exists in an amount not to exceed \$16,500 from General Revenue Funds; and that this local financial support will be available in the following increments:

Fiscal Year 2012 - 2013	\$3, 300
Fiscal Year 2013 - 2014	\$3, 300
Fiscal Year 2014 - 2015	\$3, 300
Fiscal Year 2015 - 2016	\$3, 300
Fiscal Year 2016 - 2017	\$3, 300

TOTAL \$16,500

Or payable over a time period and at annual amounts as determined by the State of Florida in its approval of BioAxone Biosciences, Inc. application, as long as the \$16,500 is not exceeded with the provision that any tax abatement granted to BioAxone Biosciences, Inc. , under Florida Statute 196.1995, reduces any QTI tax refund by the amount of any such abatement granted, in compliance with Florida Statute 288.106(6)(d); the County's funds will be paid to the Florida Economic Development Trust Fund with the stipulation that these funds are intended to represent the "local financial support" required by Florida Statute 288.106 for BioAxone Biosciences, Inc.

in compliance with the QTI Program, including the requirement that at least eleven (11) jobs be created.

The necessary commitment of local financial support shall be contingent on BioAxone Biosciences, Inc. maintaining the jobs during the life of the incentive. The business shall also aspire to have hiring practices are consistent with and reflect the diversity of the Miami-Dade County community.

This Board further authorizes the County Mayor or County Mayor's designee to make non-substantive modifications and execute all contracts, agreements, and amendments.

The foregoing resolution was offered by Commissioner _____, who moved its adoption. The motion was seconded by Commissioner _____ and upon being put to a vote, the vote was as follows:

Joe A. Martinez, Chairman	
Audrey M. Edmonson, Vice Chairwoman	
Bruno A. Barreiro	Lynda Bell
Esteban L. Bovo, Jr.	Jose "Pepe" Diaz
Sally A. Heyman	Barbara J. Jordan
Jean Monestime	Dennis C. Moss
Rebeca Sosa	Sen. Javier D. Souto

BioAxone Biosciences Inc

**Prepared by the Beacon Council
April 2011**

Executive Summary for BioAxone Biosciences Inc

Background

BioAxone was founded by Dr. Lisa McKerracher as BioAxone Therapeutic Inc, a Canadian corporation. The shareholders have voted to sell the intellectual property to Dr. McKerracher in a revenue-sharing deal and Dr. McKerracher will start a new US entity. The goal of the company is to complete an FDA-approved Phase 2b clinical trial to treat acute spinal cord injury.

BioAxone is deciding among two locations to locate its facility. The locations are Boston, MA and Miami, FL. Incentives will be used to recruit personnel that are dedicated to managing a clinical trial. The Phase 2B study is expected to take three years, and the pivotal Phase 3 study a further three years.

The project will create 11 direct new jobs with an average annualized salary of \$55,500 in Miami-Dade County over a 2-year period and make a new capital investment of \$1.274 million. The average salary of \$55,500 represents over 115% of the State average wage. New employees will be sourced from the local community.

The application of BioAxone for a QTI recognizes the creation of new, high-paying jobs and a substantial capital investment being committed by the project over the 5-year payout period. The enclosed QTI application package requests a maximum of \$16,500 to be paid by the County over a period of five years and provides a positive cost-benefit ratio to the County of 1:1.21.

This is a performance-based incentive. No funds will be provided to the Company until they meet all program and job creation requirements. The incentive that is provided is not a cash grant; it is an after-the-fact, performance-based refund.

General Funds derived from the incremental tax revenue will be used to fund the county contribution. CDBG Funds will not be used.

The Basic Assumptions

- The latest Miami-Dade County millage tax rates (2010) were used.
- This latest millage rate was used for the entire 5-year period analysis.

Conclusions

Based on the projected investment of \$1,274,000 in new real property, the project's 5-year property tax revenue from this expenditure will be: \$20,016 and Miami-Dade County's net revenue benefit is: \$3,516.

\$0

E. Describe the type(s) of machinery and / or other resources to be purchased outside of Florida.

F. What is the estimated square footage of the new or expanded facility?

3500

G. When is the final location decision anticipated (date)?

Q3 2011

H. What is the anticipated date construction will begin?

Q3 2011

I. What is the anticipated date operations will commence?

Sept 2011

5. COMPETITIVE LANDSCAPE

A. What role will the incentive(s) play in the business unit's decision to locate, expand, or remain in Florida?

Incentives are important because biotechnology is a field with long timelines and high risk but a potentially high pay-off. State incentives can help offset the risk at the early and vulnerable start-up phase for a company.

B. How will the incentive dollars be used by the business?

The incentive dollars will be used to recruit personnel that are dedicated to managing a clinical trial. The Phase 2B study is expected to take 3 years, and the

GENERAL PROJECT OVERVIEW

pivotal Phase 3 study a further 3 years. We plan to recruit, train and retain employees rather than outsourcing clinical research to contract organizations that, for the most part, are located out of state.

C. What other cities, states, or countries are being considered for this project?

Boston's surrounding areas. There is dedicated biotechnology space available in the Lexington and Worcester areas outside of Boston at very competitive prices.

D. What advantages or incentives offered by these locations do you consider important in your decision?

We are considering the Boston area because of the proximity to universities and venture capital, and because Dr. McKerrcher, the company founder, completed postdoctoral studies near Boston and is very familiar with the area. Alseres, the company that licensed BioAxone's technology is located in the Boston area, and some of the employees are potential recruits to the new company. Boston is within driving distance to Montreal, where Dr. McKerracher has adjunct professor appointments and continuing interactions. MassBio has loan programs of up to \$750,000 that are very attractive, and the SBIR matching program is capped at \$100,000, not \$50,000, as in Florida.

E. What advantages or disadvantages offered by the proposed Florida location do you consider important in your decision?

The advantage of the Florida is the location near the University of Miami medical school. The University of Miami has a renowned center for spinal cord injury (the Miami project), which is the indication that is the focus of our company. The location at the newly constructed Life Sciences Centre is close to the medical school, and provides the opportunity to interact closely with the researchers at the Miami Project.

F. Indicate any additional internal or external competitive issues impacting this project's location decision?

The co-founder of the company resides in Boston. However, Dr. McKerracher is the owner of the technology, and the final decision on where to locate the company will be made by her. She is currently a resident of Broward county.

6. ECONOMIC IMPACT AND CORPORATE RESPONSIBILITY

A. Provide a brief synopsis of the special impacts the project is expected to stimulate in the community, the state, and the regional economy. Include the impact on indicators such as unemployment rate, poverty rate, and per capita income.

Hiring of new graduates (R&D) and qualified clinical personal

B. Provide a summary of past activities in Florida and in other states. For example, what kind of corporate citizen has the applicant been? Also list awards or commendations.

I am the recipient of the 200 Christopher Reeve Medal, awarded for outstanding contributions to the spinal cord injury research community. I founded BioAxone Therapeutic in Canada, raised \$12.5M in venture capital funds and grew the company to 35 employees before the product was licensed.

C. List and explain any criminal or civil fines or penalties, recent or ongoing investigations and lawsuits, federal, state and/or local tax liens, and environmental issues that have been imposed upon the company, its executives, or its affiliates and any recent bankruptcy proceedings of the applicant or its parent company. Failure to disclose relevant information may mean automatic disqualification. If there are no issues to be identified, answer "None". Do not leave

GENERAL PROJECT OVERVIEW

this question blank.

None

- D. Provide any additional information you wish to be considered as part of this incentive application or items that may provide supplementary background information on your project or company.

I have tentative angel funding lined up once the transfer of the intellectual property is complete. That is the reason that the company is not yet incorporated because the amount of funding will impact the share structure.

7. CONFIDENTIALITY

- A. You may request that your project information (including information contained in this application) be confidential per F.S. 288.075, Confidentiality of Records for a 12 month period, with an additional 12 month extension available upon request for projects still under consideration.

If you wish to request confidentiality for information contained within the General Project Overview to be held confidential pursuant to section 288.075, Florida Statutes, please submit to Enterprise Florida, Inc. a request on company letterhead and signed by an authorized company officer including the following statement:

"On behalf of (Legal Name of Applicant), please accept this letter as a request for all documents, records, reports, correspondence, conversations, applications, data and other sources of information concerning our business plans, interests, or intention to evaluate or locate in Florida as well as other trade secrets, identification, account, and registration numbers, and proprietary confidential business information be held confidential pursuant to section 288.075, Florida Statutes for a period of 12 months after the date of receipt of this request for confidentiality or until the information is otherwise disclosed, whichever occurs first."

BioAxone Biosciences Inc
Name of Business

*Must be a separate **business unit** or reporting unit of a **business unit** that is or will be registered with the State of Florida for unemployment compensation purposes.*

IMPORTANT NOTE: This application must be filed and the incentive approved *prior* to making the decision to expand an existing Florida business unit or to locate a new business unit in Florida.

**** Be sure to submit the General Project Overview and Local Support Resolution¹ following passage by the City / County* ****

1. PROJECT EMPLOYMENT AND WAGE COMMITMENTS

A. What is the total number of net new full-time equivalent Florida jobs created by the project at the business unit²? 11

B. Provide the job creation schedule to which you commit: (Please limit the phases to a maximum of three consecutive years and job creation to no less than ten jobs in the first year).

Phase	Number of net new full-time equivalent Florida jobs created in the business unit	Date by which jobs will be created
I	10	12/31/2012
II	1	12/31/2013
III		12/31/
Total	11	

C. For the purposes of certification, agreement, and claim review, indicate the average wage and corresponding threshold (percentage) to which you commit:

Check the relevant box (only one) and fill in the first field (wage commitment) and second field (county, state, or MSA used).

- \$55,500, which is at least 115% of the average wage in Florida.
- \$____, which is at least 150% of the average wage in _____.
- \$____, which is at least 200% of the average wage in _____.

2. LOCAL FINANCIAL SUPPORT

A. Identify the local government(s) anticipated to provide local financial support³:

Miami-Dade County

B. Indicate the date(s) the QTI support resolution(s) is / are anticipated to be passed by the local government:

June/July 2011

¹ Submit the resolution adopted by the local governing body recommending the applicant be approved as a QTI Business unit and indicating the amount of local financial support that has been committed. Resolution should clearly indicate waivers requested and justification for such waivers.

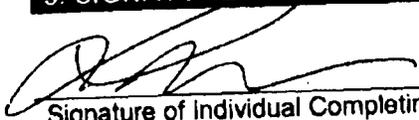

² Must be a minimum of 10 new jobs and a 10 percent increase in current business unit employment (if an existing Florida business).

³ The total QTI award may not exceed five times the local financial support provided by the community. If the community has requested a local financial support waiver or the support is provided in the form of ad valorem tax abatement, the QTI award will be reduced by this amount.

4. KEY QTI PROGRAM INFORMATION

- The tax refund claim form will be due by January 31st each year for the number of jobs on December 31st of the previous calendar year. Tax refunds paid per state fiscal year (July 1 – June 30) may not exceed 25 percent of the total tax refund award associated with the phase(s) scheduled.
- The total award will be equal to \$3,000 (\$6,000 in Enterprise Zones or Rural Counties) times the number of jobs reported in item 1A, plus \$1,000 per job if the average annual wage is at least 150% of the area's average; or \$2,000 per job if the average annual wage is at least 200%. However, the QTI award may not exceed five times the local financial support paid by the community.
- If in any year the applicant does not achieve the job creation schedule outlined in item 1C, but achieves at least 80% of the required net new jobs, the company will receive a pro-rated refund less a 5% penalty of the scheduled award amount for that year. **If job creation falls below 80% of the required jobs, the company will not receive a refund and will be terminated from the program.**
- For an expanding Florida business unit:
 - Existing number of full-time equivalent jobs must be maintained for the duration of the QTI agreement.
 - The average wage commitment should include wages paid across the expanding business or reporting unit for all new and existing jobs, as shown on the unit's UCT-6 form. If the project involves activities not representative of the expanding business or reporting unit and are anticipated to be substantially different from the historical range and distribution of jobs and wages paid (higher or lower) in the existing unit, that issue should be disclosed and discussed with Enterprise Florida at the time of application to determine if separate record keeping must be established.
- A qualified target industry business that fraudulently claims a refund under 288.106(2), Florida Statutes:
 - Is liable for repayment of the refund to the account, plus a mandatory penalty in the amount of 200 percent of the tax refund which shall be deposited into the General Revenue Fund.
 - Is guilty of a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.
- Qualified Target Industry Tax Refund: Section 288.106, Florida Statutes.

**MIAMI-DADE COUNTY
BOARD OF COUNTY COMMISSIONERS
OFFICE OF THE COMMISSION AUDITOR**

Legislative Notes

Agenda Item: 9(A)1
File Number: 111403
Committee(s) of Reference: Board of County Commissioners
Date of Analysis: June 15, 2011
Prime Sponsor: Commissioner Rebeca Sosa
Co-sponsor: Commissioner Audrey M. Edmonson
Type of Item: Resolution
District: 3

Summary

This resolution authorizes BioAxone Biosciences, Inc., (BioAxone) to receive economic incentives from the Qualified Target Industry Refund (QTI) in an amount not to exceed \$16,500.

The business is considering leasing space and building out a 3,500 square feet research laboratory and international headquarters in the University of Miami Life Science and Technology Park in Miami-Dade County. BioAxone would be a new biotechnology research and development in medical sciences company that would employ 11 new workers at its Miami-Dade County facility paying an average annual salary of \$55,000. The business operations of this project will primarily impact Commission District 3. If the QTI is approved, BioAxone plans to make a direct investment of \$1.274 million.

Committee Amendments

On June 15, 2011, this item was amended at the Economic Development and Social Services Committee meeting to reflect that BioAxone has provided the necessary documents showing proof of incorporation as a U.S. entity.

Current Business Incentive Programs Provided by the County and State:

According to the Office of Economic Development and International Trade (OEDIT), companies interested in relocating to or expanding in Miami-Dade County may qualify for the Targeted Jobs Incentives Fund (TJIF) program, and the Qualified Targeted Industry (QTI) program, through Miami-Dade County and the State of Florida.

Miami-Dade County Targeted Jobs Incentive Fund (TJIF)

The TJIF is designed to attract new-to-market businesses and support local business expansions. The TJIF Program works by providing cash incentives to qualifying companies in selected industries that create new above-average paying jobs and make a capital investment of at least \$3 million.

State of Florida Qualified Target Industry (QTI) Tax Refund

This incentive is available for companies that create high wage jobs in targeted high value-added industries and may provide the company a tax refund of up to \$3,000 per new job created. The QTI program is funded by the State of Florida (80%) and Miami-Dade County (20%).

The QTI program requires the creation of at least 10 new fulltime jobs at salary levels equal to or exceeding 115% of the State annual average wage, or \$41,516. For businesses paying 150% of the State average annual wage, the incentive is increased by a \$1,000 per job; and for business paying 200% of the State average annual wage, the incentive is increased by \$2,000 per job. Companies that locate or expand within any of Miami-Dade County's Enterprise Zones, the tax incentive refund is increased up to \$6,000 per new job created, and the minimum salary requirement may be waived.
