**Subject:** Resolution Waiving Bid Protest Procedures Pursuant to Section 2-8.4 of the County Code; Waiving Competitive Bidding Pursuant to Section 2-8.1 (B) of the County Code, and Section 5.03(D) of the Home Rule Charter; and Authorizing the Mayor or the Mayor's Designee to Award a Contract in the Amount of \$951,841.45 to H & J Asphalt Inc. for the People's Transportation Plan Project Entitled Roadway Resurfacing - Countywide and Authorizing the Use of Charter County Transportation Surtax Funds.

Agenda Item No. 8(M)(3)

## Recommendation

It is recommended that the Board of County Commissioners (BCC): (1) waive bid protest procedures pursuant to Section 2-8.4 of the County Code; (2) waive competitive bidding pursuant to Section 2-8.1(B) of the County Code, and Section 5.03(D) of the Home Rule Charter; and (3) authorize the Mayor or Mayor's designee to award a contract in the amount of \$951,841.45 to H & J Asphalt Co., Inc. (H & J), for the People's Transportation Plan (PTP) project entitled *Roadway Resurfacing - Countywide* (Project MCC 7360 Plan - CICC 7360-0/08 Request for Price Quotation (RPQ) No. 20110035) and Authorizing the Use of Charter County Transportation Surtax Funds.

Proceeds from a Charter County Transportation System Sales Surtax Bond Sale will be used to fund this project; therefore, review by the Citizens' Independent Transportation Trust (CITT) is required before final approval by the BCC.

## Scope

The work to be performed under this contract includes roadway resurfacing at various locations within Miami-Dade County (County).

## Fiscal Impact/Funding Source

The value of this contract award is \$951,841.45 and will be funded from Charter County Transportation Surtax 2010 Bond Proceeds as programmed within the Public Works and Waste Management Department's (PWWM) Multi-Year Capital Budget. The base contract amount is \$835,309.40, with the total amount being inclusive of contingency and dedicated allowances. There are no recurring operating or maintenance costs anticipated with this Contract.

The proposed improvements qualify under the allowable work categories included in the PTP Neighborhood Improvements Section. The funding index code for this project is CPEPTP600RSF.

## Delegation of Authority

No additional authority is being requested within the body of this Contract.

## Track Record/Monitor

H & J is currently performing work for PWWM at a satisfactory level. PWWM has reviewed the Capital Improvements Information System (CIIS) database and found 32 awarded construction contracts as follows:

- one for the Permitting, Environment, and Regulatory Affairs Department,
- 31 for PWWM.

The referenced database also lists a total of 75 contractor performance evaluations (several contracts having two evaluations on file, an interim and a project closeout) with an overall performance rating of satisfactory performance (3.1) out of a possible superior performance (4.0) rating. The Sustainability, Planning and Economic Enhancement Department's (SPEED) History of Violation's report lists three (3) closed violations for this contractor.

According to the Florida Department of State, Division of Corporations, H & J Asphalt, Inc., Company Principals are: Humberto Lorenzo and Jorge Lorenzo, and the Company's address is listed as: 4310 NW 35 Avenue, Miami, Florida 33142.

Following PWWM's standard operating procedures, after award of this Contract, a pre-construction meeting will be scheduled. The responsible staff person for PTP projects in PWWM is Mr. Frank Aira, P.E. Following completion of the award process, the project will be assigned to Mr. Joaquin Rabassa, P.E., Project Coordinator, for day-to-day responsibilities.

### **Background**

As part of the PTP Neighborhood Improvements initiative, PWWM continues to take advantage of various contracting mechanisms such as the Miscellaneous Construction Contracting (MCC) process available under the MCC 7360 Program. Through this process, PWWM forwards a RPQ, by way of facsimile transmission, to a pool of firms that have registered with the Internal Services Department for the subject trade. Additionally, PWWM advertises the project in the *Daily Business Review* and all solicitations are available on-line through the County portal under the "Procurement Solicitations" link. The project's award evaluation is based upon the bid submitted by the lowest responsive, responsible bidder for the project.

The SPEED Review Committee met and recommended a 10 percent Community Small Business Enterprise subcontractor goal based on the project's scope of work and cost estimate of \$879,000.00. In addition, a Community Workforce Program (CWP) goal of 13 percent has been established for this project as several work locations fall within a Designated Target Area. On April 21, 2011, PWWM forwarded RPQ No. 20110035 for the Roadway Resurfacing Contract, utilizing the MCC 7360 Plan, to a list of 55 pre-registered firms. A total of four firms purchased contract documents and all four firms proffered a bid.

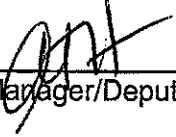

H. & J proffered the lowest bid (\$835,309.40), however did not submit the standard Bid Bond Form required by the solicitation documents. The Bid Bond Form submitted by H & J, along with the applicable contract language was sent to the County Attorney's Office (CAO) for review on March 17, 2011. The Bid was determined to be Non-Responsive by the CAO, and as such PWWM issued a Recommendation for Award to the second lowest bidder, General Asphalt who proffered a base bid of \$895,225.25, two percent over the County's cost estimate.

The Recommendation for Award to General Asphalt was filed with the Clerk of the Board on June 28, 2011. H & J subsequently filed a bid protest on July 1, 2011 followed by a hearing held on July 21, 2011. In his ruling dated July 29, 2011, the Hearing Officer denied the bid protest filed by H & J and upheld the Mayor's recommendation. On January 4, 2012, H & J confirmed in writing its willingness to honor its bid prices and the terms and conditions of its bid submittal dated May 25, 2011. On January 5, 2012, the BCC rejected all bids indicating a preference to save approximately \$50,000 by awarding the contract to the lowest, albeit technically non-responsive, bidder. The CAO confirmed that a waiver of

competitive bid procedures, in this instance, would not violate state statutes since the work to be performed under this contract is for the continuing maintenance of the County's existing roadways. In order to save \$50,869.76 in surtax funds and the time to reprocur a new contract, I find it in the best interest of the County to waive the competitive bid and bid protest procedures and award the contract to H & J.

In accordance with PTP guidelines, this contract award must be presented to the CITT prior to approval by the BCC.

The work to be accomplished for this project consists of, but is not limited to, furnishing all supervision, labor, required materials, equipment and tools to perform all operations necessary for roadway resurfacing improvements. The work includes clearing and excavating of shoulder areas or build-up, grading and clean-up of adjacent shoulders and removal of roots, if required. Additional work to be performed includes the milling of existing pavement, resurfacing of the full roadway, the resurfacing of intersecting streets, and the resurfacing of asphalt pathways (pedestrian, bicycle, etc.) adjacent or not to the edge of the pavement, as necessary.

Contract No. MCC 7360 Plan, Request for Price Quotation (RPQ) No. 20110035  
People's Transportation Plan (PTP) Roadway Resurfacing Contract

---

Small Business Development (SBD) has completed its review of the subject project for compliance with the Community Small Business Enterprise (CSBE) Program for Construction Services. The contract measure established for this project is a 10% CSBE subcontractor goal and a 13% Community Workforce Program (CWP) goal.

The Contracts & Specifications Section of the Public Works and Waste Management Department (PWWMD) submitted bid documents from General Asphalt Co. Inc. (#1), H & R Paving, Inc. (#2), and Community Asphalt Corporation (#3) for compliance review. SBD issued a compliance determination on June 17, 2011 which deemed each of the aforementioned bidders in compliance with the CSBE program requirements. Each of the aforementioned remains compliant to the CSBE program requirements. Subsequent to the aforementioned compliance review, PWWMD submitted bid documents from H & J Asphalt, Inc. (#4) for SBD to review for compliance. Following is the pre-award compliance status and summary.

**STATUS:**

- |                                  |           |
|----------------------------------|-----------|
| 1. General Asphalt Co. Inc.      | Compliant |
| 2. H & R Paving, Inc.            | Compliant |
| 3. Community Asphalt Corporation | Compliant |
| 4. H & J Asphalt, Inc.           | Compliant |

**SUMMARY:**

H & J Asphalt, Inc. (#4), submitted the required Schedule of Intent (SOI) Affidavit committing to utilize JAR Road Performance, a certified CSBE firm, to perform striping work at 10%. JAR Road Performance signed the SOI Affidavit in agreement with the information listed. H & J Asphalt, Inc. fulfilled the contract measure requirement and is in compliance with the CSBE Participation Provisions.

SBD has verified that none of the aforementioned firms are listed on the Goal Deficit Make-Up Report as of January 1, 2012. Please note that SBD staff reviewed and addressed compliance with the CSBE program. The Contracts & Specifications Section of the Public Works Department is responsible for any other issues that may exist.

Should you have any questions or need any additional information, please do not hesitate to call Kelly Duncombe at (305) 375-3136.
