

Memorandum

Date: July 3, 2012

To: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Subject: Revised Preliminary Assessment Roll for the Carol City Street Lighting Improvement District

Agenda Item No.5(H)

Recommendation

In accordance with the provisions of Article 1, Section 18-14 of the Code of Miami-Dade County, Florida, it is recommended that the Board of County Commissioners adopt a revised preliminary assessment roll for the Carol City Street Lighting Improvement District (District) to include properties annexed on July 19, 2011, pursuant to Ordinance No. 11-50.

Scope

The District lies wholly within Commission District 1 and the municipal limits of the City of Miami Gardens. Public Notices advertising this hearing will be mailed to approximately 9,500 property owners within the District boundary.

Fiscal Impact/Funding Source

The economic impact on the private sector is a perpetual annual special assessment for the cost of the street lighting to all property owners within the District. The Florida Power and Light Company is the owner of the system and will derive revenues from it.

At this time there will be no change in County staffing. However the private sector may increase staffing to provide the service requirements in the expanded District's boundary.

There is no additional cost to the property owners in the original Carol City Street Lighting Improvement District as a result of the District's boundary expansion. Noticing costs for this hearing, along with the administration and capital costs associated with the installation of the new street lights, are paid by the property owners from the annexed Venetian Gardens area from previous collections.

Track Record/Monitoring

The Public Works and Waste Management Department's Special Taxing Districts Division will monitor the Florida Power and Light Company's agreement, installation and billing processes.

Background

The Florida Power and Light Company will install approximately 144 additional street lights serving the 652 annexed parcels prior to October 1, 2012. As referenced above, the cost for this installation was paid by the property owners from the annexed Venetian Gardens area from previous collections.
