

Memorandum

Date: July 17, 2012

To: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Subject: Florida Fish and Wildlife Conservation Commission's Florida Boating Improvement Program Grant application for up to \$70,000 with a County match of \$23,200 to Replace Dock Fenders at Herbert Hoover Marina at Homestead Bayfront Park

Agenda Item No. 14(A)(1)

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) approve the Mayor or the Mayor's designee's action in applying for Florida Fish and Wildlife Conservation Commission Florida Boating Improvement Program Boater Education Grant (FFWCC FBIP) funds in the amount of \$70,000. It is further recommended that the Board authorize the Mayor or the Mayor's designee to receive and expend grant funds, and to execute such contracts, agreements, and amendments, after approval by the County Attorney, as required by program guidelines.

The application is due July 20, 2012. The County Mayor is authorized to sign and approve the attached resolution to make it effective immediately and meet the required July 20, 2012 deadline.

SCOPE

This project will replace the deteriorated boat ramp fenders at Herbert Hoover Marina at Homestead Bayfront Park. The marina is located at 9698 SW 328 Street in Commission District 9. This project has countywide impact as it can be used by all boaters.

FISCAL IMPACT/FUNDING SOURCE

The total project cost is \$93,200. Florida Fish and Wildlife Conservation Commission grant funds will cover partial project costs for the project. A required cash match of \$23,200 will come from the Department's Marina Capital Improvement Fund, index code PREMAI488899. The fiscal impact is negligible as the project is replacing existing worn dock fenders with new fenders.

TRACK RECORD/MONITOR

The Miami-Dade County Park and Recreation Department (PROS) has an extensive history of managing state grant projects. PROS will coordinate project implementation and management. PROS staff will monitor and process the disbursement and expenditure of grant funds, and manage programmatic and fiscal reporting in accordance with project reporting and auditing procedures stipulated by the Florida Fish and Wildlife Conservation Commission.

BACKGROUND

The funding from the FFWCC FBIP program is provided annually from its Sport Fish Restoration and Boating Trust Fund. Funds for the Trust are derived from excise taxes on fishing equipment, motorboat and small engine fuels, import duties and interest on the fund. If awarded the grant term will be October 2012 to September 2013. The project can be completed within the grant term. The application is due July 20, 2012; a Board resolution is required to accompany the application.
