

Memorandum

Date: October 2, 2012

To: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

Agenda Item No. 8(F)(2)

From: Carlos A. Gimenez
Mayor

Subject: Recommendation to Award: Broker Services for Water and Sewer Department
Property Insurance

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the award of a contract RFP815, *Broker Services for WASH Property Insurance* to Arthur J. Gallagher Risk Management Services, Inc. to provide broker and related services for the Miami-Dade Water and Sewer Department's property insurance program.

The County Mayor is authorized to effectuate this Resolution by approving and filing the approval of this Resolution with the Clerk of the Board. The current contract for these services expires on October 31, 2012; therefore, this contract must be executed well in advance of the date services are to commence.

An agenda item was originally prepared for the original contract award to Arthur J. Gallagher Risk Management Services, Inc., which was valued at \$890,000 (inclusive of an initial five-year term and one, five-year option-to-renew) and filed with the Clerk of the Board on June 22, 2012. Subsequent to that, staff met with Arthur J. Gallagher Risk Management Services, Inc. to determine if further savings on the annual broker fee could be achieved. The attached recommended contract totals \$825,000, which reflects \$65,000 in savings achieved as a result of these renegotiation efforts.

The broker will be responsible for assisting the County in managing the insurance program throughout the contract term. In addition to marketing the insurance program and making recommendations as to the program which best suits the County's needs at the most competitive price, the broker will be responsible for representing the County in all negotiations with insurers to procure coverage. The broker will also be responsible for all aspects of managing the program including but not limited to; performing an annual catastrophic modeling analysis, coordinating loss prevention services, maintaining claims data, acting as a liaison between the County and the insurance carriers to assist with resolution of claims, and maintaining the schedule of values.

Scope

The impact of this item is countywide in nature.

Fiscal Impact and Funding Source

The fiscal impact for the initial five-year term is \$400,000. If the five-year option-to-renew (OTR) period is exercised, the contract value for the full ten-year term is \$825,000. The funding source is Water and Sewer's proprietary funds.

The original broker fee was \$88,000 per year during the initial five-year term. The renegotiated broker fee for the initial term is \$80,000 per year, resulting in \$40,000 in savings over the initial five-year term. For the five-year OTR term, the original broker fee was \$90,000 per year, compared to the renegotiated rate of \$85,000 per year, which resulted in additional savings of \$25,000 over the OTR term. As a result, the total renegotiated savings over the ten-year term, when compared to the original cost is \$65,000.

Additionally, the negotiated broker fee includes, at no cost, an annual catastrophic modeling analysis, which, in our existing contract, was an additional cost of \$10,000 per year. This will result in a potential additional \$100,000 in savings over the full ten-year term.

The previous contract approved by the Board through R-910-06 on July 18, 2006, which included an initial three-year term and three, 1-year renewals, totaled \$488,506 in broker fees and allowed for an additional up to \$10,000 in annual modeling costs.

The insurance premium cost is estimated to be approximately \$3,000,000 for the annual renewal. The amount may vary depending upon the program structure and insurance market conditions. The Board will be provided with a report of actual premium costs on an annual basis.

Track Record/Monitor

This contract is used by the Water and Sewer Department. The contract manager is Barbara Dunlop of the Internal Services Department (ISD). Annie Perez of ISD is the Procurement Contracting Officer.

Delegated Authority

If this item is approved, the County Mayor or the County Mayor's designee will have the authority to exercise, at their discretion, contract modifications, options-to-renew, and extensions, and to issue work orders, in accordance with the terms and conditions of the contract.

Vendor Recommended for Award

A Request for Proposals (RFP) was issued on February 29, 2012 under full and competition for purchase of broker and related services for the Miami-Dade Water and Sewer Department's property insurance program. The method of award for the RFP is to the responsive and responsible proposer(s) whose offer(s) results in the best value to the County.

- b) The Contractor shall be bound by all determinations or orders and shall promptly comply with every order of the Project Manager, including the withdrawal or modification of any previous order and regardless of whether the Contractor agrees with the Project Manager's determination or order. Where orders are given orally, they will be issued in writing by the Project Manager as soon thereafter as is practicable.
- c) The Contractor must, in the final instance, seek to resolve every difference concerning the Agreement with the Project Manager. In the event that the Contractor and the Project Manager are unable to resolve their difference, the Contractor may initiate a dispute in accordance with the procedures set forth in this Article. Exhaustion of these procedures shall be a condition precedent to any lawsuit permitted hereunder.
- d) In the event of such dispute, the parties to this Agreement authorize the County Manager or designee, who may not be the Project Manager or anyone associated with this Project, acting personally, to decide all questions arising out of, under, or in connection with, or in any way related to or on account of the Agreement (including but not limited to claims in the nature of breach of contract, fraud or misrepresentation arising either before or subsequent to execution hereof) and the decision of each with respect to matters within the County Manager's purview as set forth above shall be conclusive, final and binding on parties. Any such dispute shall be brought, if at all, before the County Manager within 10 days of the occurrence, event or act out of which the dispute arises.

- e) The County Manager may base this decision on such assistance as may be desirable, including advice of experts, but in any event shall base the decision on an independent and objective determination of whether Contractor's performance or any Deliverable meets the requirements of this Agreement and any specifications with respect thereto set forth herein. The effect of any decision shall not be impaired or waived by any negotiations or settlements or offers made in connection with the dispute, whether or not the County Manager participated therein, or by any prior decision of others, which prior decision shall be deemed subject to review, or by any termination or cancellation of the Agreement. All such disputes shall be submitted in writing by the Contractor to the County Manager for a decision, together with all evidence and other pertinent information in regard to such questions, in order that a fair and impartial decision may be made. For all ordering entities located outside the geographical boundaries of Miami-Dade County, the Contractor shall be entitled to ship goods on an "FOB Destination, Prepaid and Charged Back" basis. This allowance shall only be made when expressly authorized by a representative of the ordering entity prior to shipping the goods.

The County shall have no liability to the Contractor for the cost of any purchase made by an ordering entity under the UAP and shall not be deemed to be a party thereto. All orders shall be
