

Memorandum

Agenda Item No. 8(F)(8)

From: Carlos A. Gimenez
Mayor

Subject: Contract Award Recommendation for Construction Inspection Services - Contract No: A11-OCI-01, No. 2 to Architects International, Inc.

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached Professional Services Agreement (PSA) between Architects International, Inc., and Miami-Dade County in an amount not to exceed \$560,000. This PSA provides for architectural and engineering construction inspection services for County projects. The initial term of this PSA is for two years, with one, one-year option to renew period.

This recommendation is one of two contract awards resulting from a competitive selection process for architectural and engineering construction inspection services. This contract award is assigned a 100 percent Community Business Enterprise goal, and the second contract award which is also being considered on this agenda (to Atkins North America, Inc.) has been assigned a 30 percent CBE goal.

Scope

The scope of work includes countywide architectural and engineering construction inspection services for new building construction, building renovations, associated site work such as landscape, parking areas, adjacent street and sidewalks, utilities, water distribution, sanitary sewer and drainage.

Fiscal Impact/Funding Source

The cost of services will be charged to the various County departments requiring construction inspection services. The department requesting services for a specific project will identify the funding source at the time the service order is issued. No service orders will be issued under this PSA unless the user department identifies the appropriate budgeted funding source.

Track Record/Monitor

This contract will be monitored by Luisa Millan, Division Director for Design and Construction Services in the Internal Services Department (ISD). A review of the Capital Improvements Information System database reveals three performance evaluations for Architects International, Inc. with an average rating of 2.9 out of a possible 4.0 points.

Delegated Authority

The County Mayor or County Mayor's designee has the authority to execute, implement and exercise the one-year option to renew period for this contract.

Background

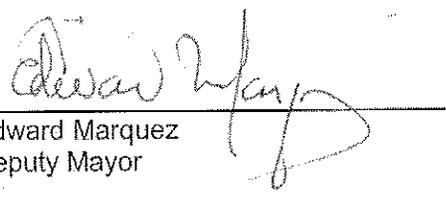

On October 27, 2011, a Request to Advertise for this project was filed with the Clerk of the Board. On November 18, 2011, the Clerk of the Board received 13 proposals in response to this solicitation. Architects International, Inc. was chosen as the top-rated firm and assigned a 100 percent Community Business Enterprise goal for this contract. Attachment 1 contains detailed information on the technical certification requirements, results of the competitive process, and other information regarding this PSA.

The selected consultants' responsibilities include architectural and engineering construction administration services, which include overseeing, coordinating and inspecting the work of design consultants, surveyors and construction contractors. Responsibilities may also include contract

monitoring and record keeping, approving and recommending requisitions for compensation, review of change orders, estimations, claims, scheduling, shop drawings and remedial designs. The consultant may also be responsible for responding to Requests for Information and assuring compliance with all federal, state, and local regulations, on behalf of Miami-Dade County. In addition, the Senior Architect from Architects International, Inc. will be responsible for supervision of team services and approving their work product as well as signing and/or sealing related work documents.

This PSA may be utilized for construction inspection activities by various County departments for a number of capital projects during the construction phase. However, ISD and the Department of Parks, Recreation and Open Spaces (PROS) are capable of performing construction inspection services with in-house staff. As a result, ISD and PROS will be afforded the right of first refusal prior to issuance of each work order. If neither ISD nor PROS is able to provide subject services, then the selected consultant may be issued a work order accordingly.

As a result, a Notice to Professional Consultants (NTPC) was e-solicited on October 28, 2011. Subsequent to the aforementioned date two addenda were issued on November 8 and November 9, 2011.

On November 18, 2011, the COB received 13 proposals in response to this solicitation. A First-Tier meeting was held, on December 19, 2011, at which time the Competitive Selection Committee (CSC) motioned to short-list the top three respondents for the First-Tier CBE Set Aside measure PSA. First-Tier Ranking, for said short-listed firms, was as follows:

Laura M. Perez and Associates, Inc.	417	9	3

At the conclusion of First-Tier the CSC motioned to move forward to Second-Tier with all three short-listed firms, contingent on the CBE Compliance Review performed by the Regulatory and Economic Resources Department (RER) Department. On December 22, 2011, RER released its CBE Compliance Review deeming all three short-listed respondents in compliance with the CBE Provisions.

A Second-Tier meeting was held on January 23, 2012 and the following ranking applied:

<u>Prime Firm Name</u>	<u>Total Points</u>	<u>Total Ordinal Score</u>	<u>Ordinal Rank</u>
Architects International, Inc.	464	7	1
Laura M. Perez and Associates, Inc.	461	8	2

Given the results above, the CSC motioned to recommend the top respondent for negotiations of the First-Tier CBE Set-Aside PSA. Subject negotiation session commenced on February 14, 2012 and successfully concluded on February 28, 2012.

A review of the Capital Improvements Information System (CIIS) database reveals three (3) performance evaluations for Architects International, Inc. with an average rating of 2.9 out of a possible 4.0 points.

- 3) The Owner reserves the right to retain a third party consultant (the "third party Consultant") to manage and administer the process of obtaining and monetizing the accelerated depreciation benefit derived from the Project and to designate the third party Consultant as the "Designer" of the energy efficient improvements for the purposes of Section 179D of the Code.
- 4) The Owner agrees to cooperate in all reasonable respects with the Consultant's efforts to obtain and monetize any such benefits derived from the Project on behalf of the Owner.
