Memorandum

Date: March 5, 2013

To: Honorable Chairwoman Rebeca Sosa
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor 

Subject: FY 2012-13 Budget for the South Miami Community Redevelopment Agency

Recommendation

It is recommended that the Board of County Commissioners (Board) adopt the attached resolution approving the South Miami Community Redevelopment Agency's (Agency's) FY 2012-13 budget for the South Miami Community Redevelopment Area (Area). The Agency's budget includes revenues and expenditures in the amount of \$1,953,993.

The Board must approve the Agency's budget prior to the Agency expending any funding in the Trust Fund, as required by Section III D of the Interlocal Agreement.

Scope of Agenda Item

The Area is entirely within Commission District 7.

Fiscal Impact / Funding Source

The Agency's revenue source is Tax Increment Financing (TIF), which is generated through the incremental growth of ad valorem revenues beyond an established base year, as defined in Section 163.387 of the Florida State Statutes. The Countywide TIF payment into the Agency's Trust Fund for FY 2012-13 is \$519,241 and the City of South Miami's (City's) TIF payment into the Trust Fund is \$545,666.

The County will continue to make payments to the Agency, based on each year's growth of ad valorem revenues over the base year through 2020 when the Agency will sunset.

Track Record / Monitor

This resolution does not provide for contracting with any specific entity. The resolution approves the Agency's FY 2012-13 Budget of \$1,953,993.

Background

On June 16, 1998, the Board approved the establishment of the Agency when it approved its Community Redevelopment Plan (Plan) pursuant to Resolution R-99-100 and the funding of the Plan when it enacted Ordinance No. 98-80 (Trust Fund). An Interlocal Agreement between Miami-Dade County and the Agency was approved by the Board on September 9, 1999, and later amended through Resolution R-327-04. The Interlocal Agreement requires the Agency to submit an annual budget prior to expending any TIF funds for the implementation of the Plan.

It is recommended that the Board approve the Agency's FY 2012-13 budget of \$1,953,993, which was approved by the Agency on October 8th and the City on October 16, 2012. The budget includes revenue sources of County TIF (\$519,241), City TIF (\$545,666), carryover from prior years (\$816,086), rent revenues (\$60,000) and \$13,000 in interest earnings.

Administrative expenditures total \$211,223 and represent 20 percent of the total TIF, excluding the 1.5 percent County Administrative Charge (\$7,789), satisfying the 20 percent cap in administrative expenditures required by the Interlocal Agreement.

Honorable Chairwoman Rebeca Sosa
and Members, Board of County Commissioners

SMCRA FY 2012-2013 BUDGET MESSAGE

Members of the TIF, IMFR and Miami-Dade County Commission:

Since the inception of the South Miami Community Redevelopment Agency, the South Miami Community Redevelopment District has increased in taxable value over time from an area value of \$68,437,390 in 1999 to a current taxable value of \$313,614,605. This increase over time can be directly attributed to the on-going political will demonstrated by the SMCRA Board and County Commission and as a result of the continued reinvestment into this formerly deteriorating community.

During the prior fiscal year, the following major redevelopment initiatives were initiated and or completed: **1)** South Miami City Commission approval of a required mixed-use land-use category for long awaited Madison Square redevelopment project. A final site zoning amendment is now pending review by the City's Planning & Zoning Board and scheduled for approval by the City Commission during the early part of the fiscal year. Following these required approvals, the entire redevelopment site shall be advertised as part of a request for proposal for development; **2)** Full Expansion of the SMCRA constructed Start-Up Business & Community Service Facility located at 5825 SW 68th Street. This thriving facility now contains five (5) successful and expanding start-up businesses and five (5) noteworthy community service providers including the recent addition of the South Miami Career Center by the South Florida Workforce; **3)** Construction completion of Phase II of the SW 66th Street Infrastructure and Streetscape Improvement Project. As a result of CBDG leveraged project, both Phase I and Phase II of this vital gateway improvement project have now been completed; **4)** Construction commencement of the Commerce Lane and Progress Road Infrastructure & Streetscape Improvement Projects. Following completion of these plan supported initiatives, substantial drainage and roadway enhancements will be the result of this infrastructure reinvestment project within this vital Business District; **5)** Construction commencement of six-home "Silver" L.E.E.D. certified affordable housing development project implemented in conjunction with the Miami-Dade Affordable Housing Foundation. Based on the approved property conveyance agreement, sale of the completed homes will be provided to the "low" and "moderate" income groups; **6)** Based on a renewed housing rehabilitation emphasis, the major rehabilitation of seven (7) severely deteriorating homes was additionally completed during the fiscal year; **7)** Based on current negative economic conditions, the Agency continued to support the 2nd Chance Economic Development Job Training Program during the prior fiscal year resulting in the direct employment and training of up-to twelve (12) aspiring SMCRA area residents. In concert with the South Florida Workforce, supplemental career training has also now been included as part of this vital economic development initiative; **8)** Following required pump station upgrades by the City of South Miami and following a lengthy Water & Sewer Department approval process, construction is scheduled to commence on a SMCRA Board authorized activities and restroom building at Marshall Williamson Park.

Illustrations depicting prior-year accomplishments have been included in the enclosed budget package.

During the upcoming year, the Agency intends to capitalize on prior year accomplishments by continuing to support required approval and construction of the Madison Square Mixed-Use Affordable Housing redevelopment project. In addition to facilitating this major mixed-use, affordable housing development project, the Agency plans to continue to build upon prior streetscape and infrastructure projects initiated in the Commerce and Progress Business District and also in the vital downtown section of the SMCRA Area. Funding has therefore been allocated in the FY 2012-2013 Budget to complete a design and feasibility analysis for construction of an income generating parking lot in the Commerce & Progress Road District. In addition to this important economic development and infrastructure project, funding has been allocated in the upcoming fiscal year budget to complete construction of a landscaped roadway median along Sunset Drive in the heart of the Downtown Business District.

Continued support will also be provided for existing economic development, affordable housing, residential rehabilitation and other complimentary redevelopment initiatives. Following required approvals by the SMCRA Board and South Miami City Commission, attached for your consideration is the FY 2012-2013 annual budget including FY 2012-2013 projected revenues and expenditures, detailed expenditure breakdown and prior year accomplishments report.

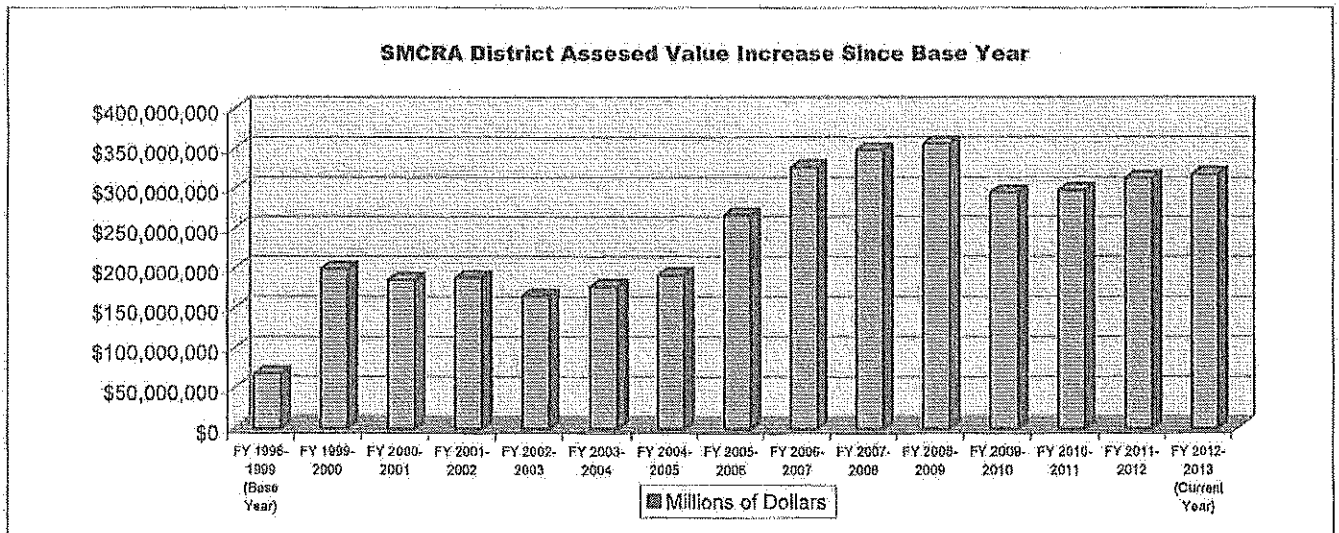

Respectfully Submitted,

Stephen David, SMCRA Director
