Grantee covenants and agrees that in its use and occupancy of the Property, it will comply with all applicable Federal, State, and local laws relating to asbestos. The Grantee is cautioned to use due care during property development activities that may uncover pipelines or other buried ACM. The Grantee covenants and agrees that it will notify the Grantor promptly of any potentially friable ACM that constitutes a release under the federal Comprehensive Environmental Response, Compensation, and Liability Act (42 U.S.C. §§ 9601 et seq.). The Grantor's responsibility under this deed for friable ACM is limited to friable ACM in demolition debris associated with Air Force activities and usage arising prior to the date of this Indenture and is limited to the actions, if any, to be taken in accordance with the covenant contained in Section VII.B. herein. The Grantee is warned that the Grantor will not be responsible for removing or responding to ACM in or on utility pipelines. The Grantee acknowledges that the Grantor assumes no liability for property damages or damages for personal injury, illness, disability, or death to the Grantee, or to any other person, including members of the general public, arising from or incident to the purchase, transportation, removal, handling, use, disposition, or other activity causing or leading to contact of any kind whatsoever with asbestos on the Property arising after the date of this Indenture, whether the Grantee has properly warned, or failed to properly warn, the persons injured.

**B. NOTICES AND COVENANTS RELATED TO SECTION 120(h)(3) OF THE COMPREHENSIVE ENVIRONMENTAL RESPONSE, COMPENSATION AND LIABILITY ACT (CERCLA), AS AMENDED, (42 U.S.C. §9620(h)(3)).**

1. Pursuant to Section 120(h)(3)(A)(i) of CERCLA, the following is notice of hazardous substances on the Property, and a description of remedial action concerning the Property.

a. The Grantor has made a complete search of its files and records. Exhibit B contains a table with the name of hazardous substances stored for one year or more, or known to have been released or disposed of, on the Property; the quantity in kilograms and pounds of the hazardous substance stored for one year or more, or known to have been released, or disposed of, on the Property; and the date(s) on which such storage, release, or disposal took place.

b. A description of the remedial action(s) taken by the Grantor on the Property regarding hazardous substances is contained in Exhibit C.

c. Pursuant to Section 120(h)(3)(A)(ii) of CERCLA, the United States covenants and warrants:

(1) that all remedial action necessary to protect human health and the environment with respect to hazardous substances remaining on the Property has been taken before the date of this Indenture; and

4 of 10 (Parcel D-4)

(2) any additional remedial action found to be necessary after the date of this Indenture for contamination on the Property existing prior to the date of this Indenture will be conducted by the United States.

Pursuant to and in accordance with CERCLA 120(h)(3)(B), this warranty will not apply in any case in which any grantee of the Property, or any part thereof, is a potentially responsible party with respect to the Property. For the purposes of this warranty, the phrase "remedial action necessary" does not include any performance by the United States, or payment to the Grantee from the United States, for additional remedial action that is required to facilitate Grantee's use of the Property hereby conveyed.

d. The United States has reserved a no-cost right of access to the Property in the Reservation Section of this Indenture in order to perform any remedial or corrective action as required by CERCLA 120(h)(3)(A)(ii).

#### NOTICE

#### BREACH OF ANY ENVIRONMENTAL USE RESTRICTIVE COVENANT IN SECTION VIII.D.2. BELOW, MAY AFFECT THE FOREGOING WARRANTY

##### 2. Environmental Use Restrictive Covenants

a. For purposes of the environmental use restrictive covenants in this section, the term "Property" includes any part of the Property specifically described on Exhibit D to this Indenture to which one or more of these environmental restrictive covenants may apply.

b. The following environmental use restrictive covenant(s) in this section is (are) being created to protect human health and the environment with regard to residual contamination remaining on the Property and is (are) a component of the remedial action referred to in section B.1. above:

(1) In order to prevent human exposure to arsenic in soils on the Property above 10 ppb, the Grantee shall not use the Property for permanent residential purposes, hospitals for human care, public or private schools for persons under 18 years of age, or day care centers for children. For the purposes of this prohibition permanent residential purposes shall mean market housing with permanent utility connections designed for non-temporary accomodation of individuals or families.

(2) The groundwater within the area described in Exhibit D is contaminated with arsenic. In order to prevent exposure to these contaminants and protect the public and site personnel from exposure to these contaminants, the Grantee is prohibited from consuming, causing exposure to, or otherwise using the underlying

5 of 10 (Parcel D-4)

groundwater for any purpose whatsoever, without coordinating such efforts and obtaining approval from the FDEP, EPA, and the Air Force, or their successors in function.

(3) The Grantee covenants not to disturb, move, damage, mar, tamper with, interfere with, obstruct, or impede any wells and treatment facilities and systems, and related piping used in the environmental remediation and restoration on the Property.

c. It is the intent of the the Grantor and the Grantee that the Grantor will retain the right to enforce any restrictive covenant in this section through the chain of title, in addition to any State law that requires the State to enforce any restrictive covenant in this section. The Grantee covenants to insert all of this section in any deed to the Property that it delivers.

C. Preservation Covenants. The threatened eastern indigo snake has the potential to inhabit the Property. The Grantee shall conduct surveys to determine the presence of the eastern indigo snake, prior to undertaking any construction on the Property. The United States shall be deemed a beneficiary to this preservation covenant without regard to whether it remains the owner of any land or interest therein in the locality of the property hereby conveyed and shall have the sole right to enforce this preservation covenant in any court of competent jurisdiction. This preservation covenant, and its restrictions, conditions, and limitations shall be binding on the Grantee and its successors, and assigns in perpetuity. The Department of Interior, Fish and Wildlife Service may, for good cause, and with the concurrence of the General Services Administration, modify or cancel any or all of the foregoing restrictions upon written application of the Grantee, its successors or assigns.

D. Restriction on Commercial Airport Use.

1. The Property shall not be developed either for use as a commercial airport or to support a commercial airport. The foregoing condition shall not apply to aviation-related tenants on the Property, as long as such tenants are not used to support a commercial airport at the former Homestead AFB. For the purposes of this covenant, the term "commercial airport" shall mean a public airport receiving scheduled passenger service having 2,500 or more enplaned passengers per year.

2. The foregoing condition is for the sole benefit of the UNITED STATES OF AMERICA and shall be binding and enforceable against the Grantee in perpetuity. The Grantor reserves the right to enter and inspect the Property for compliance with the foregoing conditions.

3. In the event of a breach of the foregoing condition, whether caused by the legal inability of the Grantee, its successors and assigns, at the option of the Grantor, all title, right of possession and all other rights transferred by this instrument to the Grantee, of the Property, or any portion thereof that is found to be in breach of this Covenant,

shall, at the option of the Grantor, revert to the Grantor in its then existing condition sixty (60) days following the date upon which demand to this effect is made in writing by the Grantor, unless within said sixty (60) days such default or violation shall have been cured and all such conditions shall have been met, observed, or complied with, or if within sixty (60) days the Grantee shall have commenced the actions necessary to bring the Grantee into compliance with all such conditions of this paragraph VII.D. in accordance with a compliance schedule approved by the Grantor said reversion shall not occur and title, right of possession, and all other rights transferred hereby, except such, if any, as shall have previously terminated or reverted, shall remain vested in the Grantee, its transferees, successors and assigns. This option of reversion shall be a continuing one, and may be exercised by the United States any time the Grantor determines the aforesaid conditions are not met, observed or complied with by the Grantee or any subsequent transferee, successor or assign.

E. Non-Discrimination. The Grantee covenants not to discriminate upon the basis of race, color, religion, national origin, sex, age, or handicap in the use, occupancy, sale, or lease of the Property, or in its employment practices conducted thereon. This covenant shall not apply, however, to the lease or rental of a room or rooms within a family dwelling unit, nor shall it apply with respect to religion if the Property is on premises used primarily for religious purposes. The United States of America shall be deemed a beneficiary of this covenant without regard to whether it remains the owner of any land or interest therein in the locality of the Property.

#### VIII. MISCELLANEOUS

A. Each covenant of this Indenture shall be deemed to touch and concern the land and shall run with the land.

B. The Grantee may request from the United States a modification or release of one or more of the covenant(s) in whole or in part in this Indenture, subject to the notification and concurrence or approval of the Grantor. In the event the request of the Grantee for modification or release is approved by the United States, the United States agrees to modify or release the covenant (the "Covenant Release") giving rise to such restriction in whole or in part. The Grantee understands and agrees that all costs associated with the Covenant Release shall be the sole responsibility of the Grantee, without any cost whatsoever to the United States. The United States shall deliver to the Grantee in recordable form the Covenant Release. The execution of the Covenant Release by the United States shall modify or release the restrictive covenant with respect to the Property in the Covenant Release.

C. The acceptance of this Indenture shall constitute conclusive evidence of the agreement of the Grantee to be bound by the foregoing conditions, restrictions, and limitations, and to perform the obligations referred to herein.

D. The Air Force recognizes and acknowledges its obligations under Section 330 of the National Defense Authorization Act, 1993, Pub. L. No. 102-484, as amended, which provides for indemnification of certain transferees of closing defense property.
