

Memorandum

Date: March 5, 2013

To: Honorable Chairwoman Rebeca Sosa
and Members, Board of County Commissioners

From: Carlos A. Gimenez 
Mayor

Subject: Request for Additional Spending Authority and Approval to Use Charter County Surtax Funds

Agenda Item No. 8(F)(4)

Recommendation

It is recommended that the Board of County Commissioners (Board) approve a request for additional spending authority and approval to use Charter County Surtax Funds. The item is described briefly below and in more detail in the accompanying attachment.

Item 1 – Elevators/Escalators – Maintenance Services - Requests \$322,000 in additional spending authority so Miami-Dade Transit can continue purchasing maintenance and repair services for elevators and escalators through the end of the contract term.

This recommendation may only be considered by the Board if the Citizens' Independent Transportation Trust (CITT) has forwarded a recommendation to the Board. The CITT previously authorized spending authority for Miami-Dade Transit for contract SS1246-3/22 for up to \$2,975,000 via CITT Resolution 10-080. This approval applies to the initial contract term and subsequent contract renewals, which combined total \$2,497,000. A copy of the resolution is enclosed with this package. The total modified allocation for this contract term is less than \$2,975,000. As such, additional CITT review and approval is not necessary.

Scope

The impact of this item is countywide in nature.

Fiscal Impact/Funding Source

The allocation and funding source for the department is listed in the attachment.

The contract amount and departmental allocations represent the maximum spending authority based on past utilization. This action does not guarantee that the total contract amount/value will be expended by the department. Funding will be expended only if the department's budget can support the expenditures approved in its annual budget adopted by the Board.

Track Record/Monitor

There are no known performance/compliance issues with the vendor listed in the attachment. The departments' contract manager is reflected in the agenda item.

Delegated Authority

If this item is approved, the County Mayor or County Mayor's designee will have the authority to extend the contracts for purchase of goods and services in accordance with the terms and conditions of the contracts listed in the attachment.

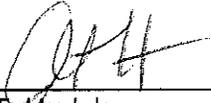

Due Diligence

Due diligence was conducted in accordance with the Internal Services Department's Procurement Guidelines to determine Contractor responsibility, including verifying corporate status and review of performance or compliance issues. The lists that were referenced include: convicted vendors, debarred vendors, delinquent contractors, suspended vendors, and federal excluded parties. There were no adverse findings relating to Contractor responsibility. This information is being provided pursuant to Resolution R-187-12.

Background

Additional background information for the request for additional spending authority is attached.

Contract Description and Reason for Change:

Authorization is requested for additional spending authority to allow Miami-Dade Transit to pay for maintenance and repair services through the end of this contract term. The Facilities Maintenance estimates the maintenance billings from September 2012 through the end of the contract term will be approximately \$147,000, and an anticipated \$175,000 is required for call back services and repairs of the aging equipment during the same time period. As a result, the allocation under this contract needs to be increased to ensure MDT is able to cover maintenance and repair expenses through the end of the contract term.

Agenda Item No. 8(J)(1)(C)

From: George M. Burgess
County Manager 

Resolutio No. R-977-10

Subject: Retroactive Approval for the Use of Charter County Transportation System Sales Surtax Funds by Miami-Dade Transit (MDT) for the Purchase of Goods and Services

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) retroactively approve the use of Charter County Transportation System Sales Surtax (Surtax) funds for contracts awarded by the Department of Procurement Management (DPM) for the purchase of goods and services accessed by Miami-Dade Transit (MDT).

SCOPE

The impact of these contracts support MDT service and are therefore, countywide.

FISCAL IMPACT/FUNDING SOURCE

No new fiscal impact. Allocations listed in the attached were funded and budgeted as part of MDT's operating budget for the fiscal years in which the expenditures were made.

TRACK RECORD/MONITOR

The staff responsible for this item is Marjan Mazza, Assistant Director, MDT Financial Services and Juan Garcia, Acting Chief, MDT Materials Management.

DELEGATED AUTHORITY

In accordance with Section 2-8.3 of the Miami-Dade County Code related to identifying delegation of Board Authority, there are no authorities beyond that specified in this memorandum and the attached resolution.

BACKGROUND

Attached is a clean-up list of contract allocations and options-to-renew (OTRs) administered by DPM on behalf of MDT. These contracts were already brought to the Board for approval through the appropriate award paths; however, when the contracts or OTRs were originally awarded, Surtax funding was not identified as one of the approved funding sources either because the contracts were already established before the passage of the People's Transportation Plan in November 2002, or were awarded or renewed under the County Manager's delegated authority.

A similar item was presented to the Board via Resolution No. R-1023-05 on September 8, 2005; however, since that time, it was discovered that certain contracts allocations or OTRs were inadvertently omitted. The attached was developed in conjunction with the staff of the Office of the Citizens' Independent Transportation Trust (OCITT) after a review of their records. This approval includes any future OTRs associated with these existing contracts as approved or delegated by the Board. Systems are in place at DPM and MDT to capture and report Surtax expenses.

It is important to note that all expenses associated with the contracts were submitted on a quarterly basis to the OCITT in the fiscal year in which they occurred based on the operating budget approved by the Board for MDT in that fiscal year. All billings were subsequently reconciled with the OCITT through the submission of end-of-year billings based on actual expenditures. As such, none of the listings in the attached represent a new or unanticipated fiscal impact.
