WITNESSETH

WHEREAS, both parties herein wish to facilitate the construction of a road improvement project in MIAMI-DADE COUNTY, hereinafter referred to as the "Project" described as follows:

Construction of a traffic signal at the intersection of NW 107 Avenue and NW 66 Street; and

The City shall disburse to the County funds for the Project in the manner set forth in Section 4. The City shall incur no liability for any costs in excess of said funding amount unless there has been a duly authorized increase approved by the City Council and formalized in an executed amendment to this Agreement.

1.2. City Payments of Project Costs: The City funds provided for eligible costs as defined herein, incurred for the construction of the Project are specified below:

<u>Funding Amount</u>	<u>Funding Source</u>	<u>City Fiscal Year of Commitment</u>
\$100,000	Transportation Fund	2012-2013

1.3. Project Cost Adjustments: The amount contributed by the City is based on the current estimated costs of the Project. The parties recognize that adjustments to the above-referenced costs may be required in the future and that at the option of the parties, amendments may be entered into to revise the funds available for the Project. Provided that there is no increase in the amount of City funds required as stated in Section 1.1, amendments may be executed by the City Manager and the County Mayor or County Mayor's designee without the need for approval by the City Council and County Commission. Otherwise, further

funding commitments shall be subject to the approvals of the parties' respective governing boards.

2. RESPONSIBILITIES OF COUNTY

2.1. Appropriation of Funds: The construction of the Project will require County funding which will be provided through the Charter County Transportation Surtax. The appropriation of funding will not be approved until such time as the construction contract award is approved by the Board of County Commissioners and the Citizens' Independent Transportation Trust.

2.2. Permits and Approvals: The County shall obtain all necessary permits, and utility adjustments, and coordinate the review of construction documents by utilities and permitting agencies for the Project. The County shall make all necessary adjustments as required for approval and/or permitting by those agencies for the Project. This is to include, but is not limited to, all posted signs, pamphlets, wall plaques, cornerstones, dedications, notices, flyers, brochures, news releases, media packages, promotions, and stationery. The use of the official City logo is permissible for the publicity purposes stated

herein. The County shall submit sample or mock up of such publicity or materials to the City for review and approval. The County shall ensure that all media representatives, when inquiring about the activities funded by this Agreement, are informed that the City is a funding source.

2.4. The County agrees to permit the City auditors to inspect the books, records and accounts of the Project for three (3) years after completion of the Project. These records shall be made available to the City for inspection within five (5) business days upon written receipt of a written request from the City.

2.5. Construction: The County shall procure the services of a licensed contractor holding an engineering contractor's license to construct the Project. The County may award the contract through any available lawful means which, in the County's discretion, affords the most competitive price for construction of the Project and which may include, but is not limited to, bid solicitation, request for proposals, the award of a change order on existing County contract(s), or the extension of unit-prices provided in connection with prior competitive bid awards. Notwithstanding any provision to the contrary, the County shall comply with all applicable County contract compliance and oversight measures.

The construction contract shall also contain a requirement that the contractor(s) provide a payment and performance bond at least in the amount and form required by state law naming the City and the County as joint obligees

or joint contracting public entities. The construction contract shall contain a contingency amount to address unforeseen conditions and other required changes which shall not exceed ten percent (10%) of the base amount of the contract, unless otherwise approved by designated representatives of the County and City. The County shall also invite the City to participate in negotiations of these claims and change orders. The City shall review and make a determination or approval of all change orders or supplemental agreements, permits, modifications of plans, or other requests for approvals submitted by the County.

2.7. Construction Administration and Inspection: The County shall exercise all responsibilities of the owner under the construction contract, including construction administration and inspections. The County may delegate this function to an authorized agent or Construction Engineering Inspection (CEI) consultant. The City's Inspector shall have an oversight role in the routine daily inspections for the Project. In the case of a disagreement, the County's Public

Works and Waste Management Director, or their representative, shall have final authority. The City's designated representative and the County's designated representative shall jointly perform the inspection of the Project which immediately precedes substantial completion. The County shall certify upon completion that the Project has been constructed pursuant to the design plans, specifications and approved change orders.

For purposes of this Agreement, eligible costs are further defined as those pertaining to the construction of Project elements that are the standard items normally provided for by the County in County roadway projects, and not the enhancement of standard items, or the incorporation of items which are in addition to those standard items. The City shall not be assumed to be liable to provide reimbursement for the construction of such items that do not conform to this section of the Agreement.
- 4. SCHEDULE AND MANNER OF REIMBURSEMENTS:** Disbursement of City funds to the County shall be based upon County invoices with certified copies of paid Contractor billings attached and shall not include any other charges. The submittal for invoice shall also include a certified copy of payment to Sub-Contracted firms.

5. **COMPLIANCE WITH LAWS:** The parties shall comply with applicable federal, state and local laws, codes, ordinances, rules and regulations in performing their respective duties, responsibilities, and obligations pursuant to this Agreement and with all applicable laws relating to the Project. The parties shall not unlawfully discriminate in the performance of their respective duties under this Agreement.
6. **CITIZENS' INDEPENDENT TRANSPORTATION TRUST APPROVAL:** Unless waived by action of the County, this Agreement shall only become effective upon approval by the Citizens' Independent Transportation Trust and the Board of County Commissioners. In the event the Agreement is not approved, the Agreement shall be null and void and be of no force or effect.
7. **PEOPLE'S TRANSPORTATION PLAN PROJECT SIGNAGE:** The County shall furnish and install a Project sign in each direction of traffic indicating that this Project is being funded by the People's Transportation Plan, in coordination with the City, in proximity to the start/end of the Project limits. Should Maintenance of Traffic (MOT) signage be required as part of the work, the Project sign shall be placed an appropriate distance before the MOT signage range. The Project signs shall remain in place for the duration of the work or as directed by the Project engineer.
8. **INDEMNIFICATION:** To the extent authorized by Florida law, the City hereby agrees to indemnify, defend, save and hold harmless the County to the extent of all the limitations included with Section 768.28, Florida Statutes, from all claims, demands, liabilities and suits of any nature whatsoever arising out of, because of or due to the breach of this Agreement by the City, its agents or employees.
