1.13 LOCAL PREFERENCE- NOT APPLICABLE

The evaluation and ranking of proposals is subject to Sections 2-8.5 and 2-10.4 of the Miami-Dade County Code, which, except where Federal and State law mandates to the contrary, provides that a preference be given to local businesses. A local business, for the purposes of this section, shall be defined as a proposer which meets the following stipulations:

1. A business that has a valid Miami-Dade County occupational license issued at least one year prior to bid or proposal submission, and which is appropriate for the goods, services or construction to be purchased;
2. A business that has a physical Miami-Dade County business address, from which the vendor operates or performs business (Post Office boxes are not verifiable and shall not be used for the purpose of establishing a physical address); and
3. A business that contributes to the economic development and well-being of Miami-Dade County in a verifiable and measurable way. To satisfy this requirement, the proposer shall affirm in writing its compliance with either of the following objective criterion as of the proposal submission date stated in the solicitation:

- (a) ~~Retention or expansion of employment opportunities in Miami-Dade County; or~~
- (b) Vendor contributes to the County's tax base by paying either real property taxes or tangible personal property taxes to Miami-Dade County; or

Local preferences shall be applied to A/E professional services solicitations as follows:

~~If two firms, one local and one non-local, are within five percent of each other's total qualitative scores, then the local firm will proceed to negotiations with the County. In the case of a two-tier~~ evaluation process, local preference shall also apply at the conclusion of the First Tier to allow eligible local proposers within five percent of the top ranked firms to advance to Second Tier evaluation. Local preference is only applicable to the sole respondent. As a result, the sole respondent on the team shall complete, sign and submit ISD Form No. 1 "Local Business Preference Affidavit." Currently, the County does not extend local preference reciprocity to any other counties.

1.14 CONFIDENTIAL INFORMATION

The proposer shall not submit any information in response to this solicitation which he or she considers to be a trade secret or confidential. The submission of any information to the County in connection with this solicitation shall be deemed conclusively to be a waiver of any trade secret or other protection, which would otherwise be available to the proposer. If a proposer submits information to the County in violation of this restriction, either inadvertently or intentionally, and clearly identifies that information in the proposal as protected or confidential, then the County shall endeavor to redact and return subject information to the proposer as quickly as possible, if appropriate. The County will then evaluate the balance of the proposal. The redaction or return of information pursuant to this clause may render a proposal non-responsive.

1.15 CONFLICT OF INTEREST RELATED TO SECTION 2-11.1 OF THE CODE OF MIAMI-DADE COUNTY

Questions regarding conflicts of interest shall be submitted by the sole respondent, prior to the submittal date, and addressed to Joseph Centorino, Executive Director, Miami-Dade County Commission on Ethics and Public Trust, (Ethics Commission), 19 West Flagler Street, Suite 820, Miami, FL 33130, with an electronic copy to Amelia M. Cordova-Jimenez, A&E Consultant Selection Coordinator, ISD, at ameliac@miamidade.gov. The Ethics Commission shall evaluate the request in order to determine if any possible conflicts of interest exist. Any sole respondent found to have a conflict will render the sole respondent's submittal non-responsive.

1.16 DRAFT PROFESSIONAL SERVICES AGREEMENT (PSA)

Proposers are invited to carefully review the draft PSA that is included in this NTPC. Please forward any comments and/or questions, in writing and prior to the conclusion of this selection process, to the A/E Consultant Selection Coordinator denoted in the NTPC. This draft PSA, together with the proposers' comments and/or questions, if any, will be discussed during the negotiation meeting(s) with the selected sole respondent.

1.22 ENERGY EFFICIENT BUILDING TAX CREDIT, IF APPLICABLE

The Energy Policy Act (EP Act) of 2005 (Section 1331) as established IRS Section 179D, allows taxpayers to accelerate depreciation on the cost of qualified energy efficient commercial building property placed-in-service after December 31, 2005. This incentive was recently extended by the Emergency Economic Stabilization Act of 2008, to include improvements placed-in-service before January 1, 2014. The returns may be amended going back three tax years, so projects that come on line in 2007 or afterwards are eligible.

The Consultant is designated as the Designer/Construction Manager (“the Designer”) for the energy efficient improvements incorporated in the Energy Consumption Reduction Project (“the Project”) for:

- 1) The purposes of allocating accelerated depreciation benefits pursuant to Section 179D of the Internal Revenue Code of 1986, as amended (the “Code”).
- 2) If County and the Internal Revenue Service (IRS) determine that the Consultant is eligible and shall receive accelerated depreciation benefits as a “Designer” for the purposes of Section 179D of the Code or that the Consultant shall otherwise benefit financially from the monetization of the accelerated depreciation benefit, the Consultant hereby agrees to discount its contract price or provide a cash rebate to County (the determination of rebate versus discount to be determined by County in its sole discretion) in an amount equal to the total financial benefit realized by the Consultant; at the time the financial benefit to the Consultant becomes ascertainable.
- 3) County reserves the right to retain a third party consultant (the “Third Party Consultant”)—to manage and administer the process of obtaining and monetizing the accelerated depreciation benefit derived from the Project and to designate the Third Party Consultant as the

"Designer" of the energy efficient improvements for the purposes of Section 179D of the Code.

- 4) The County agrees to cooperate in all reasonable respects with the Consultant's efforts to obtain and monetize any such benefits derived from the Project on behalf of County.

In the event that the proposer is unable to provide such certification but still seeks to be considered for award of this solicitation, the proposer shall, on a separate piece of paper, clearly state that it is on one or both of the Scrutinized Companies lists and shall furnish together with its proposal a duly executed written explanation of the facts supporting any exception to the requirement for certification that it claims under Section 287.135 of the Florida Statutes. The proposer agrees to cooperate fully with the County in any investigation undertaken by the County to determine whether the claimed exception would be applicable. The County shall have the right to terminate any contract resulting from this solicitation for default if the proposer is found to have submitted a false certification or to have been placed on the Scrutinized Companies for Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List.

1.24 SUBCONTRACTORS - RACE, GENDER AND ETHNIC MAKEUP OF OWNERS AND EMPLOYEES
