Subject:

Supplemental to Approve the State Housing Initiatives Partnership Local

Housing Assistance Plan for FY 2013-14, FY 2014-15, and FY 2015-16

The following provides supplemental information regarding the recommendations and authorizations relating to the Local Housing Assistance Plan (LHAP). The Florida Housing Finance Corporation (FHFC) rejected the first draft of the LHAP because the local Program Policies (Attachment A) and the Terms and Conditions (Attachment B) were included as an attachment to the LHAP. The FHFC found that Miami-Dade County was then in a position to change its Program Policies locally without the approval of the FHFC and, thus, its State Housing Initiatives Partnership (SHIP) policies and terms without formally amending the LHAP. In response, the local program policies and terms and conditions attachments were removed and language was inserted directly into the LHAP.

The FHFC made additional substantive comments, which were incorporated into the revised plan:

- Changed the term "second" mortgage to "subordinate" mortgage in reference to the Homebuyer Assistance Program.
- Changed the term "disability" back to "handicap" to reflect language in the Florida Statute under the Discrimination section of the LHAP.
- Exclude acquisition of property as an activity under SHIP-funded programs to develop rental or homeownership units due to new shorter expenditure deadlines under the state SHIP Program.

In addition, the County imposes a default rate of eighteen percent (18%) in the event that the County recaptures funds awarded to a developer due to the developer's failure to meet SHIP rules and requirements, and does not comply with the terms and conditions of the contract. The FHFC commented that it believes this default rate is very high as the state bond program applies a twelve percent (12%) default rate. Staff responded that it is taking this comment under advisement.

Additionally, the following items were removed:

- Attachment A Program Policies from the LHAP.
- Attachment B Miami-Dade County Loan Terms and Conditions

This supplemental LHAP will be forwarded to the State following approval by the Board of County Commissioners.

| B. | Purpose of the Program: Creation of the Plan is for the purpose of meeting the housing needs of the very low, low and moderate income households, to expand production of and preserve affordable housing, to further the housing element of the local government comprehensive plan specific to affordable housing. |
| | Miami-Dade County, Florida established the Affordable Housing Program in accordance with the provisions of Chapter 420.9072, Florida Statues and Chapter 67-37 of the Florida Administrative Code (FAC), State Housing Initiative Partnership (SHIP) program. This program was enacted by the passage of Ordinance No. 97-65 on May 20, 1997. |
| | It is the intent of this Program to increase housing opportunities for very-low, low- and moderate-income persons by encouraging the creation and rehabilitation of affordable housing units, both for homeownership and as rental units. Assistance may be provided to eligible homebuyers and homeowners, developers and community development corporations in the form of first, second, and third mortgage, gap financing for multifamily developments, and counseling services for first time homebuyers. |
| c. | Fiscal years covered by the Plan: |
| | FY 2013-2014 FY 2014-2015 FY 2015-2016 |
| D. | Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37 Florida Administrative Code. The Miami Dade County SHIP Program does further the housing element of the local government Comprehensive Plan. Cities and Counties must be in compliance with |

E. Local Housing Partnership:

these applicable statutes and rules.

SHIP Program encourages building active partnerships between government, lenders, builders and developers, real estate professionals, advocates for low-income persons and community groups.

Through administration of the SHIP, Federal and local Documentary Surtax programs, Miami-Dade County partners with affordable housing developers to increase affordable

SHIP LHAP Template 2013 67-37.005(1), F.A.C. Effective Date: 11/09

housing stock. Special consideration is made for developers who incorporate sustainable, green initiatives within the design.

Miami-Dade County has developed partnerships with area lenders to encourage lending to very-low-, low income and moderate income homebuyers. Additionally, the County has implemented a foreclosure prevention program that provides post-homebuyer counseling for new homeowners as well as grants for mitigate foreclosure actions. These programs work in conjunction with lenders to purchase the loan in the event of default or in the alternative, serve to bring homebuyers current in the outstanding debt. In that way, the County can protect its investment in the property, and perhaps restructure the loan to fit the homeowner's financial situation.

The County has contracted with several homebuyer counseling entities that provide prehomebuyer counseling, budgeting, and money management services. Completion of a homebuyer counseling program is a homeownership requirement of the Miami-Dade Affordable Housing Program.

F. Leveraging:

The Plans are intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

Miami-Dade County has developed partnerships with local lenders to leverage SHIP funds successfully. The County provides subordinate mortgage financing on behalf of the homebuyer that makes up the difference between what the banks lend and the property's purchase price. Participating lenders have also agreed to limit the cost of the loan to the homebuyer. The County meets regularly with the lenders and their staff to keep them abreast of program guidelines and loan process. In specific cases, the County will provide additional mortgages to supplement the loan as needed on a case by case basis.

Through extensive coordination with other community resources, local SHIP funds are highly leveraged to reduce the cost of housing. For example, first mortgage funding is provided by participating lenders, while SHIP funds are being utilized for subordinate mortgages or additional supplements with lower interest rates. This results in lower monthly payments with a combined lower interest rate. Also, local SHIP funds have been used in addition to local, state and federal housing dollars for multi-family developments and for providing housing to special needs and homeless populations. Miami-Dade County may provide construction loans to CDC's and private developers with the goal developing the affordable housing stock of Miami-Dade County. Moreover, SHIP loans are used to fund private developers with the goal of preserving and maintaining our existing affordable housing stock. Loans are available for both homeownership and rental projects, as well as rehabilitation of the existing housing stock. The rate and term of each loan will vary in accordance with the funding source availability and the respective program restrictions.

G. Public Input:

Public input was solicited through face to face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

During the last 12 months, public input was solicited for the development of the Local Housing Assistance Plan primarily through one-on-one meetings with Private Developers,

Community Development Corporation (CDC's), For Profit, Non-Profit Developers, realtors and participating lenders in ascertaining housing needs within the community. These agencies provided extensive comments and made recommendations to Miami-Dade County on both programmatic and implementation issues which resulted in a number of enhancements to the prior years programs.

Pursuant to Ordinance 07-122, the Miami-Dade County Affordable Housing Advisory Board (AHAB) consists of fifteen (15) members. The composition of the voting members is required to be ethnically, racially, geographically and gender balanced and is composed of the following members.

- 1. The Board of County Commissioners appoints thirteen (13) members.
 - a. One citizen actively engaged in the residential home building in connection with affordable housing, one citizen in the banking or mortgage banking industry in connection with affordable housing, one citizen in areas of labor actively engaged in home building in connection with affordable housing, one citizen who is actively engaged as an advocate for low-income persons in connection with affordable housing, one citizen who is actively engaged as a for-profit provider of affordable housing, one citizen who is actively engaged as a not-for-profit provider of affordable housing, one citizen who is actively engaged as a real estate professional in connection with affordable housing, one citizen who actively serves on the local planning agency, one citizen who resides within the jurisdiction of the local governing body making the appointments, one citizen who represents employers within the jurisdiction, and one citizen who represents essential service personnel as defined in this LHAP.
 - b. For the remaining two (2) member positions, the Board of County Commissioners may consider the appointment of a member of the construction industry, a local community development corporation, attorney, architect, engineer or planning professional.
- 2.. The Mayor appoints one member who is a member of the construction industry, local community development corporation, attorney, architect, engineer, planning professional.
- 3. The Overall Tenant Advisory Council (OTAC) appoints one of its members.

The Affordable Housing Advisory Board is required to meet at least six (6) times during the county's fiscal year where the developers and the public have an opportunity to address the Board with their concerns. In addition, the Board of County Commissioners (BCC) has two public meetings that the developers as well as the individuals can attend before the BCC awards funding allocations.

H. Advertising and Outreach:

The county or eligible municipality or its administrative representative shall advertise the notice of funding availability in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

Miami-Dade County will advertise fund(s) availability in area newspapers with general circulation, participate in public information programs and housing fairs, make information available on the County's website, and issue public service announcements to the print and broadcast media. To further announce the program's availability, the County distributes informational brochures to the general public and through local community based groups, lenders, and neighborhood organizations.

SHIP LHAP Template 2013 67-37.005(1), F.A.C. Effective Date: 11/09

In addition, the County administers a virtual one-stop housing center which describes available housing assistance programs as well as offers a real-time, searchable listing of affordable homes for rent or purchase. Housing units funded in part by SHIP and other resources must be listed on this web-based housing locator service.

Notice of the competitive process employed to select for-profit and not-for-profit entities for participation in SHIP-funded programs is advertised in three (3) local newspapers and in multiple languages and the County's website thirty (30) days prior to the beginning of the application period.

I. Discrimination:

In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, creed, religion, color, age, sex, marital status, familial status, national origin, or handicap in the award application process for eligible housing.

Miami-Dade County complies with the Fair Housing Act.

J. Support Services and Counseling:

Support services are available from various sources. Available support services may include but are not limited to:
Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling and Transportation

Miami-Dade County has contracted with several homebuyer counseling entities that provide pre-homebuyer counseling, budgeting, and money management services. Completion of an 8 hour homebuyer counseling program is a homeownership requirement of the Miami-Dade Affordable Housing Program. Miami Dade County expanded its counseling services to include foreclosure prevention and mitigation.

K. Purchase Price Limits:

The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the median area purchase price established by the U.S. Treasury Department or as described above.

The purchase price limit for new and existing homes is shown on the Housing Delivery Goals Charts. The program currently allows for a purchase price of up to 90% of the average area purchase price, however due to the current foreclosure crisis, the Board of County Commissioners has set the maximum purchase price to \$205,000 (see Exhibit I attached).

Homeownership Strategy - New Construction and Rehabilitation for Homeownership

The County has identified a need to generate extremely affordable housing stock through new construction or rehabilitation. Therefore, the purchase price for any homeownership unit for which SHIP funds were awarded to a for-profit or non-profit developer to defray development costs may not exceed \$205,000 with extremely favorable interest and/or repayment plans. For those individuals eligible under a special housing assistance category,

to include elderly, homeless, migrant farm workers, and persons with disabilities, subordinate mortgage assistance for either or rehabilitation of an existing unit, is considered forgivable after a certain period of time.

Homeownership Strategy - Homeownership Assistance Program

Subordinate mortgage assistance to homebuyers is available to households with incomes up to 120% of area income for those who utilize SHIP funding. The County has other sources that reach 140% AMI. Eligible homebuyers may utilize the Program's subordinate mortgage assistance to purchase affordable homes available on the private market as well as those produced under the County's capital award programs. For those individuals eligible under a special housing assistance category, to include elderly, homeless, migrant farm workers, and persons with disabilities, subordinate mortgage assistance for home purchase is considered forgivable after a certain period of time.

To maximize homeownership opportunities under the Homebuyer Assistance Program, the maximum purchase price limit under the Homeownership Assistance Program may be adjusted annually at the same time each year at the start of the SHIP Program fiscal year (July 1). The maximum purchase price shall be ninety percent (90%) of the Single Family Mortgage Limit under Section 203(b) of the National Housing Act in effect as of July 1. The County will adjust the maximum purchase price annually, consistent with the above formula, for the Homebuyer Assistance Program.

Effective April 25, 2012, the maximum purchase price under the Homebuyer Assistance Program is \$391,153.00. However, as stated above, the County has imposed a \$205,000 maximum purchase price.

L. Income Limits, Rent Limits and Affordability:

The Income and Rent Limits used in the SHIP Program are updated annually from the Department of Housing and Urban Development and distributed by Florida Housing Finance Corporation. Affordable means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071 F.S. However it is not the intent to limit an individual household's ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

Although the applicant's income level may not exceed 120% of the Miami-Dade County area median income adjusted for family size, preference will be given to families with an annual income of under 80% of median.

Through a competitive Request for Applications (RFA), issued annually, SHIP funds are awarded to non-profit and for-profit builders/developers towards new construction or rehabilitation of homeownership and rental units. By local policy, units constructed or rehabilitated for sale to eligible households may not exceed a sales price of \$205,000. Multifamily rental units must be affordable as defined above.

M. Welfare Transition Program:

Should a eligible sponsor be used, the city/county has developed a qualification system and selection criteria for applications for Awards to eligible sponsors, which includes

a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.

Not applicable.

N. Monitoring and First Right of Refusal:

In the case of rental housing, the staff or entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides the same monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$3,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored for at least annually for 15 years or the term of assistance which ever is longer unless as specified above.

Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

Miami-Dade County monitors Developers/Owners for both programmatic and project-related compliance. A Field Officer conducts an annual on-site visit to ensure that proper procedures, tenant files and forms are in accordance with program requirements. In addition, a Housing Inspector will conduct an annual on-site inspection of the assisted units to ensure that they meet Housing Quality Standards (HQS) requirements.

During the monitoring visit the Field Officer will verify that the maximum monthly rents and the utility allowances charged are consistent with the rental regulatory agreement and revisions thereof. In addition, during the affordability period, the Field Officer will monitor the tenant annual income for compliance with the number of units set aside for the very-low, low and moderate income families as stated in the rental regulatory agreement.

Developers/Owners must conduct an annual on-site inspection for compliance with Federal HQS. Failure to maintain the property as per Federal HQS during the affordability period may result in the County declaring the Developer/Owner in default and calling the Note due and payable.

O. Administrative Budget:

A detailed listing including line-item budget of proposed Administrative Expenditures is attached as <u>Exhibit A</u>. These are presented on an annual basis for each State fiscal year submitted.

Miami-Dade County finds that the moneys deposited in the local housing assistance trust fund shall be used to administer and implement the local housing assistance plan. Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states:

"A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan."

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states:

"The cost of administering the program may not exceed 10 percent of the local housing

distribution plus 5% of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(17), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs."

Miami Dade County has adopted the above findings in the attached resolution, Exhibit E.

P. Program Administration:

Administration of the local housing assistance plan is the responsibility of the applicable city/county. Should a third party entity or consultant contract for all of part of the administrative or other functions of the program provide in detail the duties, qualification and selection criteria.

Miami-Dade County, through the Department of Public Housing and Community Development is responsible for the following:

- 1. Overseeing the receipt and expenditures of SHIP program funds in accordance with the criteria set forth in the State Housing Initiatives Partnership Act and the Local Housing Assistance Plan.
- Coordinating Miami-Dade County's efforts to promote the construction and development of affordable housing with state agencies, municipalities within the County and other public and private entities.
- 3. Evaluating the effectiveness of the County's Local Housing Assistance Program and providing recommendations to the Board of County Commissioners on an annual basis as to the performance of the Program.
- 4. Writing and managing the Annual Consolidated Plan for the allocation of SHIP funds.
- Servicing of the subordinate mortgage loans currently amortized and on file with the department.
- 6. Monitoring set-side units for tenant income, rent restrictions and housing standards for the SHIP funded Multifamily Rental developments.

The cost of administering Miami-Dade County's Local Housing Assistance Program shall not exceed ten percent (10%) of the County's distribution of SHIP Program funds. Miami-Dade County will require approximately five percent (5%) of program income not to exceed ten percent (10%) of the SHIP allocation.

Q. Essential Service Personnel:

Counties and eligible municipalities are required to include a definition of Essential Services Personnel as noted in Rule Chapter 67-37.002(8) F.A.C., Chapter 67-37.005(10), F.A.C. and Section 420.9075(3), F.S.

Miami-Dade County defines "essential service personnel" as follows:

"Essential Service Personnel" means emergency personnel, including firefighters, health care workers, teachers, and law enforcement and criminal justice personnel.

R. Section 420.9075(3)(d), F.S.: Requires counties and eligible municipalities to describe initiatives in their local housing assistance plans that encourage or require innovative design, green building principles, storm resistant construction or other elements that reduce long term costs relating to maintenance, utilities or insurance. Provide a brief description as required:

Miami-Dade County, through its consolidated annual allocation of funds process, awards SHIP funding for the development of multi-family rental housing. Extra points are given to applicants on a varying degree directly proportional to the type of sustainable and green use of design.

Section II. LHAP HOUSING STRATEGIES:

Provide Description:

A. Name of the Strategy: - New Construction or Rehabilitation for Homeownership

a. Summary of the Strategy:

The Miami-Dade County Housing Development strategy will provide funds to defray new construction, rehabilitation and/or other costs associated with the development or rehabilitation of homeownership units by County departments and for-profit and not-for-profit builders/developers. SHIP awards to for-profit and not-for-profit builders/developers will be made through the County's competitive Consolidated Plan Request for Applications (RFA) or other competitive process.

b. Fiscal Years Covered:

FY 2013/2014, FY 2014/2015, FY 2015/2016

c. Income Categories to be served:

It is the intent of this program to increase housing opportunities for very-low, low, and moderate-income persons by encouraging the creation and rehabilitation of affordable housing units. Although applicant's income level may not exceed 120% of the Miami-Dade County area median income adjusted for family size, preference will be given to families with an annual income of under 80% of median. A competitive process is employed to select not-for-profit and for-profit builders/developers for participation in the program. A limit restricting the amount of assistance (30% of total development cost) per builder/developer will be established in order to expand the level of participation and diversity of the products.

d. Maximum award is noted on the Housing Delivery Goals Charts:

All homes sold under the program must be affordable to very-low, low- and moderate-income persons. The sales price or value of new or existing homes which are sold or rehabilitated under the SHIP Program may not exceed 90 percent of the median purchase price for either new or existing homes, as applicable for the area where the housing is located. However, the local government at its direction may set the purchase price below the 90 percent benchmark.

For the fiscal periods covered by this Plan, the sales price for any homeownership unit for which SHIP funds were awarded to defray the cost of its construction or rehabilitation by a for-profit or non-profit developer may not exceed \$205,000.

e. Terms of Payment, Recapture and Default. Include terms of recapture in the event of default (failure to make required payments on a loan secured by a first mortgage which leads to foreclosure and/or loss of property ownership).

Upon BCC approval of awards, the developer's proposal is reviewed by an independent credit underwriter to perform a subsidy layering review to ensure only the amount necessary to finalize the project is awarded. Upon completion, the

developer enters into a contract with the County in which the terms of the contract and scope of services are outlined and finalized. The County maintains the SHIP funds until a SHIP construction loan has closed. The developer must submit formal draw requests as construction work is completed. Internal construction management staff performs site visits to ensure the draw amount is consistent with the work progress.

The rates charged and terms of the capital loans are between 0%-6%. Final determination of the rate and term will be made by County staff depending on project feasibility. Loans made to not-for-profit developers will be for a period of 24 months. Loans made to for-profit developers will be for a period for 18 months. During the period of construction, all developers will pay interest only. Any unpaid principal and accrued interest will be payable at the end of the loan.

If the developer fails to meet the SHIP rules and requirements, and does not comply with the terms and conditions of the contract, the County will recapture the funds and reallocate them to a different strategy or developer as needed. The loan note defines that the recapture of funds is due immediately at a default interest rate of 18%.

f. Recipient Selection Criteria:

Although homeownership applicant's income level may not exceed 120% of the Miami-Dade County area median income adjusted for family size, preference will be given to families with an annual income of 80% of the median or below.

Housing units developed under this strategy will be marketed to eligible households seeking or participating in the County's home buyer programs and through listing in the County's online housing locator system.

g. Sponsor Selection Criteria:

Funds are awarded as part of the County's Consolidated Plan Request for Applications (RFA) or other competitive process. All funded allocations are approved by the Board of County Commissioners. A sponsor must be in good standing with Miami-Dade County to be recommended for an award of SHIP funds.

h. Additional Information:

SHIP funds allocated for this strategy will be leveraged with private funds, Community Development Block Grant (CDBG), HOME, other federal funds or local Documentary Surtax Homeownership Assistance Loan Program (HALP).

B. Name of the Strategy: Homeowner Assistance Program

a. Summary of the Strategy:

The Miami-Dade Homeowner Assistance Program will provide funds to very-low, low- and moderate-income persons to acquire newly-constructed or existing affordable homeownership units. All potential homebuyers must be pre-qualified by participating lenders for the affordable housing program. The program also requires potential homebuyers to receive homebuyer counseling and to complete approved homebuyer education training. The education training will cover such topics as: choosing a realtor, qualifying for a mortgage, inspecting a house, entering a contract

for sale, maintaining a home, handling credit affairs and other skills needed for homeownership.

b. Fiscal Years Covered:

FY 2013/2014, FY 2014/2015, FY 2015/2016

c. Income Categories to be served:

Although applicant's income level may not exceed 120% of the Miami-Dade County area median income adjusted for family size, preference will be given to families with an annual income of 80% of the median or below.

d. Maximum award is noted on the Housing Delivery Goals Charts.

Maximum subsidies are set forth in the LHAP's Housing Delivery Goals Charts,. Furthermore, the sales price or value of new or existing homes which are purchased under this strategy may not exceed the maximum purchase price limit established in accordance with Part I, Section K of Miami-Dade's Local Housing Assistance Plan.

e. Terms, Recapture and Default. Include terms of recapture in the event of default (failure to make required payments on a loan secured by a first mortgage which leads to foreclosure and/or loss of property ownership)

All homebuying mortgages provided are in the form of a loan for a term of 30 years. Interest rates and monthly payments are tiered based on income.

If the family sells, transfers, rents or vacates the property, the balance of the mortgage loan, including accrued interest, will be due upon vacating, selling, renting or transferring of the property. Upon sale, refinance, or transfer of title in any other manner within the thirty-year affordability period, the homeowner must pay to Miami-Dade County the principal amount of the loan, together with a proportionate share of the appreciation in the value of the property.

Such share shall be determined by applying (1) the percentage which represents the ratio of the original principal amount of the Loan to the original certified appraised value at the time of this security agreement in connection with the purchase of the property (The "Principal to Original Appraised Value Ratio") to (2) the amount if any, by which the appraised value upon refinance or transfer of the Property exceeds such original appraised value. If the Loan is not evidenced by funds but by a benefit conferred by the Lender (Miami-Dade County) or other public agency on the seller of the property, and the homeowner is not in default under this note or the Subordinate Security Instrument, the share of appreciation due to the Lender herein shall be reduced by the sum of (a) the amount of any cash down payment from the borrower's own funds for the purchase of the property, (b) the reasonable and customary costs of sale of the property paid by the homeowner, including any broker's commission, and (c) the value of any documented, permanent improvements to the Property that are in compliance with any applicable requirements established by the Lender.

The SHIP proceeds repaid to the County will be used by the County for other SHIP assistance. In the event that the proceeds from the sale are insufficient to repay the outstanding SHIP subsidy, the County will recapture whatever proceeds are available after the first mortgage from a private lender (if any) has been repaid.

All loans, are assumable. A new buyer, if income eligible, may qualify for and assume the remaining balance of the loan with approval.

f. Recipient Selection Criteria:

Applicants are assisted on a first-come, first serve basis after the availability of program funds or activity are advertised. Applicants seeking assistance are prequalified by first mortgage lenders and then referred by the lender to the County.

g. Sponsor Selection Criteria: N/A

h. Additional Information:

The Homeowner Assistance Program is supported by various County-administered funds. SHIP funds allocated for this strategy will be leveraged with private funds and County-administered HOME, other federal funds and/or local Documentary Surtax Homeownership Assistance Loan Program (HALP).

C. Name of the Strategy: Owner-Occupied Rehabilitation Loans

a. Summary of the Strategy:

The Miami-Dade County Housing Development strategy will direct funds toward rehabilitation of owner-occupied existing housing units. Additional SHIP funding may be used for health/safety issues related to disability or barrier-free modification and rehabilitation of properties.

b. Fiscal Years Covered:

FY 2013/2014, FY 2014/2015, FY 2015/2016

c. Income Categories to be served:

Although homeownership applicant's income level may not exceed 120% of the Miami-Dade County area median income adjusted for family size, preference will be given to families with an annual income of 80% of the median or below.

d. Maximum award is noted on the Housing Delivery Goals Charts.

Program guidelines allow loans up to a maximum of \$20,000. However, elderly or disable borrowers may be eligible for loans up to \$30,000. A subordinate loan may be approved by the Director or his/her designee when, during rehabilitation, work items not anticipated or are necessitated by change in local codes or ordinance, are subsequently required and the work exceeds the standard maximum loan amount, however, such subordinate loan shall not exceed \$5,000. However, in extreme, exceptional and hardship cases, this limit may be waived by the Director of Public Housing and Community Development (PHCD) or his/her designee.

e. Terms, Recapture and Default. Include terms of recapture in the event of default (failure to make required payments on a loan secured by a first mortgage which leads to foreclosure and/or loss of property ownership).

Rehabilitation Loan Terms for General Population:

Non-elderly, non-disabled income-eligible applicants (meaning owners 61 and younger who have no disabled household members) are offered repayment terms dependent upon total debt to income ratio. Specifically at ratios exceeding 45%, the mortgage term is 20 years with a \$50.00 monthly payment. The remaining principal is forgivable after 20 years. For applicants whose total debt to income ratio is no greater than 45%, a payment is assessed in the form of a non-forgivable amortized loan based on the HUD median income using an interest rate of 0-6% on a 20-year term (see chart below).

Rehabilitation Loan Terms for Elderly and Disabled:

Elderly population applicants are defined as owners 62 and older who have no disabled household members. Repayment terms are dependent upon total debt to income ratio. Specifically at ratios exceeding 45%, the mortgage term is 20 years with a \$50.00 monthly payment. The remaining principal is forgivable after 20 years. For Elderly applicants whose total debt to income ratio is no greater than 45%, a payment is assessed in the form of an amortized loan based on the HUD median income using an interest rate of 0-6% on a 20-year term (see chart below).

Disabled population applicants are defined as anyone in the household is disabled. For all disabled applicants the mortgage term is 20 years. Repayment terms are dependent upon total debt to income ratio. Specifically at ratios exceeding 45%, the mortgage term is 20 years with a \$50.00 monthly payment. For applicants whose total debt to income is no greater than 45%, a payment is assessed in the form of an amortized loan based on the HUD median income using an interest rate of 0-6% on a 20 year term.

The SHIP proceeds repaid to the County will be used by the County for other SHIP assistance. In the event that the proceeds from the sale are insufficient to repay the outstanding SHIP subsidy, the County will recapture whatever proceeds are available after the first mortgage from a private lender (if any) has been repaid.

f. Recipient Selection Criteria:

The applicants are selected on a first-come, first qualified basis, with priority given to elderly and disabled households, and to the extent permitted by law, on a basis that promotes fair housing opportunities based on need after the availability of program funds or activity are advertised.

Exceptions on a case by case are made on the basis of emergency factors (i.e. disability accessibility emergencies or any circumstance that imminently impacts health, safety or sanitation).

- g. Sponsor Selection Criteria: N/A
- h. Additional Information:

SHIP funds allocated for this strategy will be leveraged with private funds, CDBG, HOME, other federal funds, or local Documentary Surtax Homeownership Assistance Loan Program (HALP).

D. Name of the Strategy: Rental Housing Development

a. Summary of the Strategy:

Funds will be provided to defray the costs of new construction, rehabilitation and/or other costs associated with the development or rehabilitation of affordable rental housing units by County departments and for-profit and not-for-profit builders/developers. SHIP awards to for-profit and not-for-profit builders/developers will be made through the County's competitive Consolidated Plan Request For Applications (RFA) or other competitive process.

A one-person household shall be used for an efficiency unit, and for units with separate bedrooms, one and one-half person per bedrooms shall be used. Notice of the competitive process is advertised in three (3) local newspapers thirty (30) days prior to the beginning of the application period.

b. Fiscal Years Covered:

FY 2013/2014, FY 2014/2015, FY 2015/2016

c. Income Categories to be served:

Although applicant's income level may not exceed 120% of the Miami-Dade County area median income adjusted for family size, preference will be given to families with an annual income of 80% of the median or below.

d. Maximum award is noted on the Housing Delivery Goals Charts:

A competitive process will be utilized to select not-for-profit and for-profit builders/developers for participation in the program. A limit restricting the amount of assistance per builder/developer will be established in order to expand the level of participation and diversity of the products.

e. Terms, Recapture and Default. Include terms of recapture in the event of default (failure to make required payments on a loan secured by a first mortgage which leads to foreclosure and/or loss of property ownership)

Loans for eligible rental housing constructed, rehabilitated, or otherwise assisted from the local housing assistance trust fund must be subject to recapture requirements as provided by the county or eligible municipality in its local housing assistance plan unless reserved for eligible persons for 15 years or the term of

assistance, whichever period is longer. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible non-profit organizations for purchase at the current market value for continued occupancy by eligible persons.

Rental units constructed, rehabilitated or otherwise assisted from the local housing assistance trust fund must be monitored at least annually for 15 years or the term of assistance, whichever is longer, for compliance with tenant income and affordability requirements.

Developers may receive SHIP assistance, which may be deferred or in the form of a loan at 0%-6% interest for a term of 30 years. Final determination of rate and term will be made by the PHCD staff depending on project feasibility. During the period of construction, payments of interest only will be made. All permanent loans are for a period of 30 years.

Tax credit projects will pay 0% interest for the period of compliance. After the compliance period ends, principal and interest payments will begin at up to 3% interest rate for the remainder of the loan term. Non-tax credit projects will be charged principal and interest from 0%-6%. The percentage rate for a non-tax credit project is established by the underwriting company during the underwriting process. If the project does not undergo a third party underwriting process, the percentage rate is established based on the pro forma and cash flow.

Funds are awarded through the Consolidated Plan RFA or other competitive process. Upon Board of County Commissioners' approval of awards, the developer enters into a contract with the County in which the terms of the contract and scope of services are outlined and finalized. The County maintains the SHIP funds until a SHIP construction loan has closed. The developer must submit formal draw requests as construction work is completed. If the developer fails to meet the SHIP rules and requirements, the County will recapture the funds and funds are reallocated to a different strategy or developer as needed.

f. Recipient Selection Criteria:

Housing units developed under this strategy will be marketed to SHIP-eligible households through listing in the County's online housing locator system. Tenants are selected on a first-come, first qualified basis and to the extent permitted by law, on a basis that promotes fair housing opportunities.

g. Sponsor Selection Criteria:

A competitive process will be utilized to select not-for-profit and for-profit builders/developers for participation in the program. A limit restricting the amount of assistance per builder/developer will be established in order to expand the level of participation and diversity of the products. A sponsor must be in good standing with Miami-Dade County to be recommended for an award of SHIP funds.

h. Additional Information:

The Homeownership SHIP funds allocated for this strategy will be leveraged with local CDBG, HOME or Documentary Surtax Homeownership Assistance Loan Program (HALP) or the Neighborhood Stabilization Program (NSP).

E. Name of the Strategy: Foreclosure Prevention and Mitigation

a. Summary of Strategy:

Funds will be provided to assist qualified homeowners with retaining their home and preventing foreclosure action of the first mortgage. Applicants must be delinquent at least two full monthly mortgage payments, in receipt of a letter from the mortgager notifying the applicant of delinquency and/or intent to foreclose.

b. Fiscal Years Covered:

FY 2013/2014, FY 2014/2015, FY 2015/2016

c. Income Categories to be served:

Households with annual income up to 120% of median income are eligible for assistance under this strategy and will be selected on a first come, first qualified basis.

d. Maximum Award per Project:

\$7,500 toward eligible expenses. Eligible expenses include delinquent mortgage payments (principal, interest, taxes and insurance), special assessment fees from condominium and/or neighborhood associations, late fees and other customary fees associated with delivery costs (but excluding brokerage fees).

e. Terms Recapture and Default:

All homeowners receiving assistance will be given a zero interest deferred loan where permissible by the first mortgage. The term of each deferred loan is based as described on the Matrix below:

| AMOUNT OF ASSISTANCE | TERM OF FORGIVENESS |
|----------------------|---------------------|
| \$1 - \$7,500 | 5 Years |

A deferred payment loan shall be satisfied upon completion of the below mentioned terms provided the owner continues to occupy the home as their principal residence. Repayment of the full amount shall become due if any of the following occurs within the deferred loan term:

- Homeowner sells, transfers, or disposes of the property by any means, including bankruptcy, foreclosure, or deed in lieu of foreclosure;
- 2. Homeowner no longer occupies the unit as their principal residence;
- 3. Homeowner fails to meet any of the terms of the Office of Community and Economic Development's Subordination Policy.

An heir may assume the debt as long as said heir becomes the owner occupant and meets income guidelines.

f. Recipient Selection Criteria:

- This strategy is designed to assist individuals who have fully amortizing conventional mortgages and a subordinate loan under the County's Homeownership Assistance Program;
- Applicants may receive funding under this program only one time.
- Applicants must attend and complete a budget/credit/debt reduction course through an approved counseling agency,
- Applicant must show their ability to (i) keep the house out of default and (ii) must show they can make monthly mortgage payment. Criteria as follows may be used as listed below:
 - i. Current income analysis
 - ii. Current income analysis; general care of the home; credit history on other payment requirements; other obligations; job history; payment history; income to debt ratio;
 - iii. Other factors that may serve to assist the administration of the program to determine worthiness of the applicant
- Foreclosure prevention applicants must show that the nonpayment of their mortgage is due to the following eligible reasons:
 - i. Loss of employment
 - ii. Sudden medical expenses
 - iii. Divorce or separation
 - iv. Death in a family
 - v. Unforeseen home repair bills

g. Sponsor Selection Criteria:

Eligible sponsors will be selected utilizing the selection criteria as approved by the local government.

h. Additional Information:

SHIP funds allocated for this strategy may be leveraged with federal, state, local, private funds and volunteer labor.

Note: The Homeowner Assistance Program is supported by various County-administered funds. SHIP funds allocated for this strategy will be leveraged with private funds and County-administered HOME, other federal funds and/or local Documentary Surtax Homeownership Assistance Loan Program (HALP).

F. Name of the Strategy: Disaster Response Strategy

a. Summary of the Strategy:

This is an initially un-funded contingency strategy to be utilized in the event of a declaration by Executive Order by the Governor of the State of Florida and/or federal government of a disaster or resolution of the Board of County Commissioners in response to a disaster. In the case of a natural or man-made calamity, priorities must be changed to meet emergency conditions. In an effort to maximize the effect of funds utilized for disaster recovery and mitigation, funds not contractually committed for rehabilitation, construction, design, homeownership purchase or other activity will be redirected to the post-disaster recovery and mitigation effort. In an

effort to maximize the effect of funds utilized for disaster recovery and mitigation, Miami-Dade County reserves the right to suspend any waiting lists developed before the occurrence of a disaster and redirect funds to areas of worst damage. This Assistance is provided as gap assistance for any damage that insurance or FEMA does not cover. These funds will be used for the following activities:

- Purchase of emergency supplies to waterproof damaged homes.
- Interim repairs to avoid further damage, such as tree and debris removal required to make individual housing units habitable.
- Payment of insurance deductibles for rehabilitation of homes covered under homeowners' insurance polices.
- Removal of incipient hazards that may damage a structure.
- Relocation costs for displaced households.
- Jumpstart Assistance consisting of:
 - Rehabilitation loans in absence of insurance for very low-income households or as gap funds if necessary.
 - Downpayment assistance in the form of a subordinate mortgage awarded under current program guidelines to applicants who are able to qualify for a first mortgage to purchase a home pending FEMA buy-out.
 - First mortgage assistance under exceptional circumstances on a case-by-case basis.
- Other activities as proposed by the federal government, counties, and eligible municipalities and approved by the Florida Housing Finance Corporation.
- b. Fiscal Years Covered:

FY 2013/2014, FY 2014/2015, FY 2015/2016

c. Income Categories to be served:

Although applicant's income level may not exceed 140% of the Miami-Dade County area median income adjusted for family size, preference will be given to families with an annual income of 90% of the median or below.

d. Maximum award is noted on the Housing Delivery Goals Charts:

Awards will be consistent with FEMA reimbursement guidelines.

e. Terms, Recapture and Default. Include terms of recapture in the event of default (failure to make required payments on a loan secured by a first mortgage which leads to foreclosure and/or loss of property ownership).

A grant may be issued for assistance related to disaster response strategies other than rehabilitation loans. For rehabilitation loans, assistance provided under this strategy will be in the form of either a low-interest or deferred payment loan, consistent with the Owner-Occupied Rehabilitation Loan Program as follows:

Rehabilitation Loan Terms for General Population:

Non-elderly, non-disabled income-eligible applicants (meaning owners 61 and younger who have no disabled household members) are offered repayment terms dependent upon total debt to income ratio. Specifically at ratios exceeding 45%, the mortgage term is 20 years with a \$50.00 monthly payment. The remaining principal is forgivable after 20 years. For applicants whose total debt to income ratio is no greater than 45%, a payment is assessed in the form of an amortized loan based on the HUD median income using an interest rate of 0-6% on a 20-year term (see chart below).

Rehabilitation Loan Terms for Elderly and Disabled:

Elderly population applicants are defined as owners 62 and older who have no disabled household members. Repayment terms are dependent upon total debt to income ratio. Specifically at ratios exceeding 45%, the mortgage term is 20 years with a \$50.00 monthly payment. The remaining principal is forgivable after 20 years. For Elderly applicants whose total debt to income ratio is no greater than 45%, a payment is assessed in the form of an amortized loan based on the HUD median income using an interest rate of 0-6% on a 20-year term (see chart below).

Disabled population applicants are defined as anyone in the household is disabled. For all disabled applicants the mortgage term is 20 years. Repayment terms are dependent upon total debt to income ratio. Specifically at ratios exceeding 45%, the mortgage term is 20 years with a \$50.00 monthly payment. For applicants whose total debt to income is no greater than 45%, a payment is assessed in the form of an amortized loan based on the HUD median income using an interest rate of 0-6% on a 20 year term.

The SHIP proceeds repaid to the County will be used by the County for other SHIP assistance. In the event that the proceeds from the sale are insufficient to repay the outstanding SHIP subsidy, the County will recapture whatever proceeds are available after the first mortgage from a private lender (if any) has been repaid.

III. LHAP INCENTIVE STRATEGIES

The Miami-Dade County Affordable Housing Advisory Board (AHAB) serves as the County's Affordable Housing Advisory Committee as required in Sections 420.9072 and 420.9076 of the Florida Statutes.

A. Name of the Strategy: Expedited Permitting

Permits as defined in s. 163.3164(7) and (8) for affordable housing projects are expedited to a greater degree than other projects.

a. Provide description of the procedures used to implement this strategy:

By Resolution 347-09, the BCC adopted the AHAB's recommendation that the Building Department's informal expedited process for affordable housing be formalized through legislative action. An existing Administrative Order governing permitting review will be amended through BCC adoption that will incorporate expedited permit review for affordable housing development. By direction of the BCC, the expedited review process also will be incorporated into the Department's standard operating procedures.

B. Name of the Strategy: Ongoing Review Process

An ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption.

- a. Provide description of the procedures used to implement this strategy:
 - By Resolution 347-09, the BCC adopted the AHAB's recommendation that an
 affordable housing cost impact review for legislation that relates to land development
 and infrastructure in connection with housing development be performed and the
 BCC be notified of the cost impact at first reading or public hearing, as required.
 - Pursuant to Resolution R-347-09, AHAB must review any current and future Comprehensive Development Master Plan (CDMP) amendments or zoning code changes that may impact affordable housing and provide recommendations, as it deems necessary.
- C. Name of the Strategy: County-Owned Land Identified for Affordable Housing Development

Maintain an inventory of locally owned public lands suitable for affordable housing development and make such land available to non-profit and for-profit developers to increase affordable housing.

a. Provide description of the procedures used to implement this strategy:

The County's Public Housing and Community Development and General Services Administration are responsible for development of this inventory as well as tracking and monitoring development on the sites.

By Resolution R347-09, the BCC adopted AHAB's recommendation that AHAB and a second advisory board to the BCC, the Community Affordable Housing Strategies Alliance, be provided a list of these public sites and the status of development on an annual basis in order to monitor and report on the implementation of this strategy.

D. Name of the Strategy: Promote CDMP Affordable Housing Objectives

Promote affordable housing development objectives contained in the Housing Element of the County's Comprehensive Development Master Plan (CDMP)

a. Provide description of the procedures used to implement this strategy:

Pursuant to Resolution 347.09, this strategy will be implemented by:

Giving preference in County funding processes to affordable housing projects (whether on County-owned land or not) located within transit corridors or designated employment centers.

To the extent possible, giving priority to the development of affordable rental housing on County-owned parcels suitable for multi-family housing development and located within transit corridors or designated employment centers. Units are to be affordable to a mix of household incomes (i.e. ELI, VL, low- and moderate-income households).

OFFICIAL FILE COPY CLERK OF THE BOARD OF COUNTY COMMISSIONERS MIAMI-DADE COUNTY, FLORIDA

Memorandum

Date:

December 2, 2008

To:

Honorable Chairman Bruno A. Barreiro

and Members, Board of County Commissioners

From:

George M. Burgess

County Manager

Amended

Agenda Item No. 8(K)(1)(A)

Resolution No. R-1324-08

Subject:

Setting of the Maximum Sales Price for Homes Sold under the County's Affordable

Housing Development Programs.

This item was amended at the December 2, 2008 meeting of the Board of County Commissioners to reflect that the maximum monthly payment cannot exceed 45 percent, rather than 40 percent. of the borrower's gross monthly income.

RECOMMENDATION

It is recommended that the Board of County Commissioners ("Board") approve the attached resolution which authorizes a change in policy to set a maximum sales price for homes sold under the County's affordable housing development programs or purchased with the assistance of the County's Homebuyer Mortgage Assistance Program. Under such policy, the maximum purchase price would be \$205,000: however, the maximum sales price would be capped at \$175,000 under the Infill Program in cases where the County provided the infill lot to the developer without cost. Otherwise, the \$205,000 maximum sales price would apply.

Staff will review the maximum purchase price every two years and recommend changes to the Board if necessary. The maximum purchase price will be applied prospectively once the attached resolution becomes effective.

SCOPE

The applicability of the new maximum sales price is applicable to all homeownership units in Miami-Dade County where County funds have been used for construction subsidy or for homeownership mortgage assistance.

FISCAL IMPACT

The setting of a new maximum sales price, which is lower than the existing cap, will have no fiscal impact to the County.

BACKGROUND

Through the Infill Program and the Affordable Housing Development Program, the County subsidizes the construction of affordable housing units and also provides soft second mortgages to assist moderateand low-income households purchase homes.

At the April 24, 2007 meeting of the Board, a policy was adopted to set the maximum sales price formula for potential homeowners seeking mortgage assistance from the County. Under this policy, the maximum price was tied to a price limit formula based on federally published median sales prices for Miami Dade County, which was well over \$350,000 in July 2007. However, that policy did not remove the existing \$225,000 cap on units where construction subsidy was to be provided.

Honorable Chairman Bruno A. Barreiro and Members, Board of County Commissioners Page 2

Staff has reconsidered setting the maximum price based on the median sales prices because housing prices have become volatile and inconsistent, and recommend utilizing a formula which considers the average median income for metropolitan Miami-Dade county. In addition to average median income, two additional factors apply in setting a new maximum sales price under the County's affordable housing programs:

- The maximum monthly payment, meaning the house payment (mortgage, insurance and taxes), plus all outstanding debts (installment loans, revolving credit cards, and child care expenses, etc.) cannot exceed 45 percent of the borrower's gross monthly income. Furthermore, no more than 29 percent of the borrower's monthly income can go towards the direct payment of the principal and interest. This factor will ensure that a participating household does not purchase a home beyond its means.
- The last factor is the maximum amount of subsidy available. Soft second mortgage assistance is subject to policy set forth in the County's Local Housing Assistance Plan as adopted by the BCC and submitted to the State of Florida. Attachment A sets forth the maximum amount of mortgage subsidy available based on household percent of area median income.

Using the 120 percent average median income for a family of four as the standard test for the formula, a 40 percent overall debt ratio (including no more than 29 percent for mortgage principal and interest payments), a first mortgage interest rate of 6.75 percent, and the highest subsidy allowed by the County, the sales price maximizes to approximately \$205,000 (see attachment). Anything higher would yield too great a risk to the homebuyer and the County.

Staff recommends that the maximum sales price for any homeownership unit constructed with County funds or purchased through County funded spot loans as soft second mortgages be capped under the Homebuyer Mortgage Assistance Program. Thus, the \$205,000 maximum sales price would apply to homeownership mortgage assistance and any construction lending applied towards the purchase or development of these homes. In the case of the Infill Program, staff recommends that the maximum sales price be capped at \$175,000 in cases where the County provided the infill lot to the developer without cost.

At the October 2, 2008 meeting of the Community Affordable Housing Strategies Alliance (CAHSA) Advisory Board, the \$205,000 purchase price cap was discussed and a motion to approve same and forward to the Board of County Commissioners was seconded and approved. The CAHSA Advisory Board further asked staff to continue its review as to whether there is a need for a subsidy increase for very large families and to come back upon completion of its review. Should a recommendation result in either approving a larger subsidy level or an exception to the purchase price, a recommendation from CAHSA will be forwarded to the Board.

RESOLUTION SETTING THE POLICY TO ESTABLISH THE MAXIMUM SALES PRICE FOR THE HOMEOWNERSHIP SECOND MORTGAGE PROGRAM AND HOMEOWNERSHIP UNITS DEVELOPED UNDER THE INFILL AND HOUSING DEVELOPMENT PROGRAMS

WHEREAS, this Board desires to accomplish the purposes outlined in the accompanying memorandum, a copy of which is incorporated herein by reference,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that this Board authorizes the policy of establishing a maximum sales price based on medium income for the County's affordable housing development programs or the homebuyer mortgage assistance program. It is further authorized the maximum sales price be capped at \$205,000 for all homes sold under the Housing Development programs and \$175,000 in cases where the County has provided the infill lot to the developer without cost, otherwise, \$205,000 will serve as the maximum sales price under the Infill Program.

The foregoing resolution was offered by Commissioner Rebeca Sosa who moved its adoption. The motion was seconded by Commissioner Joe A. Martinez and upon being put to a vote, the vote was as follows:
