Subject: Change Order No. One for Tropical Park – Equestrian Complex - Project No: 402202-05-005 GOB ESP; Contract No: 402202-05-005 GOB ESP, to Lemartec Engineering & Construction Corporation.

RECOMMENDATION:

The attached Change Order No: One (1) to a contract between **Lemartec Engineering & Construction Corporation** and Miami-Dade County has been prepared by Parks, Recreation, and Open Spaces Department (PROS) and is recommended for approval.

CHANGE ORDER NUMBER: One (1)

SCOPE

PROJECT NAME: Tropical Park – Equestrian Complex

PROJECT NO: 402202-05-005 GOB ESP

CONTRACT NO: 402202-05-005 GOB ESP

PROJECT DESCRIPTION: The awarded scope consists of new covered practice ring(s), parking lot improvement and other related site and existing stable improvements. The Base Bid includes the new covered practice ring with a pre-engineered structure, fire sprinkler system, fence, clay, irrigation, lighting and sound system; a new uncovered warm up ring with fence, clay, irrigation and lighting; site grading and drainage; landscaping; and parking lot striping.

Alternate One (1) includes a second new covered ring with a pre-engineered structure and covered connecting walkways between the new ring and the existing stable D; Alternate Two (2) consists of a new covered connecting walkway between the existing ring and the covered connection between stables C and D; and Alternate Three (3) includes three (3) connecting covered walkways between stables.

PROJECT LOCATION: 7900 SW 40th St., Miami, Florida 33156

PRIMARY COMMISSION DISTRICT: District 10 Sen. Javier D. Souto

APPROVAL PATH: Board of County Commissioners

USING DEPARTMENT: Parks, Recreation, and Open Spaces Department

MANAGING DEPARTMENT: Parks, Recreation, and Open Spaces Department

FISCAL IMPACT / FUNDING SOURCE:	SOURCE	PROJECT NUM	SITE #	AMOUNT

CHANGE ORDER FUNDING SOURCE: Building Better Communities General Obligation Bond Program (GOB)

PTP FUNDING: No

GOB FUNDING: Yes

ARRA FUNDING: No

CHANGE ORDER DESCRIPTION: Increase the contract amount by $354,110.57 from $5,950,577.14 to $6,304,687.71.

MONETARY JUSTIFICATION: The Department recommends an increase of $354,110.57 to the contract amount as follows:

1. Improvements to Main Arena gathering area: The original intent was to have concrete pavers in this large (15,400 S.F) area to match the existing arena. This scope was not included as part of the original bid documents because the Department's pre-bid construction estimate showed that there was not sufficient funding available. However, the favorable value of the bid price allowed the Department to pursue the upgrading of this area that will become the central point of the equestrian complex and provide many benefits (area for vendors; portable stages or platforms; temporary bleachers; public gathering and assembly; etc.). The negotiated cost for the concrete pavers and necessary grading; drainage; soil improvement; etc.; required is $162,770.97 and is hereby recommended for approval.

2. Access Control Fence: This upgrade consists of protecting the gathering area for the Main Arena (See Item No.1) through a low two-rail wood fence, (380 lf) designed to act as an access control medium to match the existing arena. This fence was not included as part of the original bid documents because the Department's pre-bid estimate showed that there was not sufficient funding available. This fence will match the design and function of the existing ring and has a proven track record for providing safe movement of people and equipment on and around the public gathering areas. The negotiated cost for this access control fence with swing gates at strategic points is $22,457.15 and is hereby recommended for approval.

3. Concrete Apron around Center Ring: This upgrade consisting of improving the (17,200 Sq. Ft) area surrounding the Center Ring (main show arena) from crushed rock to concrete (to match existing arena) was part of the original intent and similarly abandoned for the same reasons cited above (budget constraints). The concrete apron is considered to be a superior finish providing numerous benefits to the public and end-users alike,

including but not limited to reduced maintenance, and enhanced ADA accessibility. The negotiated cost for the concrete surface upgrade is $103,842.44 and is hereby recommended for approval.

4. Electrical infrastructure for 16 large capacity fans (eight for each new arena): The Department procured 16 large capacity fans to match those in the existing arena (were not included in original scope due to budget constraints). These fans provide a cooling effect for the performers and public alike during performances thus enhancing the overall entertainment experience. The Department always anticipated procuring and installing the fans outside this contract, however, due to the aforementioned opportunity afforded by the low bids received, the Department decided to have this contractor install the electrical infrastructure, while still procuring and installing the fans outside the contract. The fans can be operated on a demand basis therefore maximizing value for each event at nominal cost and were procured outside of the construction project. The negotiated cost for the contractor to install the conduits; boxes; conductors; and other required support and electrical components required for their installation is $65,040.01 and is hereby recommended for approval.

5. Additional Recommendation: The Department recommends reallocation of the remaining balance from the Dedicated Permit Allowance of $38,003.38 to complement the General Contingency Allowance in order to provide adequate reserves for this fast track high profile project. This reallocation does not constitute an increase to the base contract amount, or this change order amount.

TIME JUSTIFICATION: Not Applicable. Under Resolution No. R-837-12, this project is to be substantially completed by September 15th, 2013.

BACKGROUND:

This contract's Notice to Proceed was dated October 29th, 2012, with contractual duration of three-hundred and twenty-one (321) calendar days. Under Resolution No. R-837-12, this project is to be substantially completed by September 15th, 2013

The enhanced equestrian complex is scheduled to host the prestigious "2013 CONFEPASO (Confederation of Paso Fino) Mundial Paso Fino Horse Show". This international two-week event scheduled for late October 2013 is expected to bring in approximately 1,000 horses from 12 countries in the Caribbean, and Central and South America, as well as over 20,000 national and international spectators and visitors to Miami-Dade County. The event will be viewed around the globe via a live-stream on the Internet showcasing our very own Equestrian Center and the County as a whole.

The PROS has coordinated and negotiated with the contractor to ensure that all of the recommended upgrades can be integrated unto the original contract duration to allow for the on-time delivery of the enhanced arenas.

Presently, the project is approximately 57% complete and on schedule.

This reallocation does not constitute an increase to the base contract amount, or this change order amount.

Time Justification Declaration:

A time extension is provided for additional work performed outside the scope of the original Contract that affects the critical path schedule of the contracted work or previously approved changes. Should additional work be required which does not affect the critical path schedule, no time extension will be granted. Should one item of additional work run concurrent with another item of additional work, only time not duplicated can be provided.

NOTICE: The warning found elsewhere in this Power of Attorney affects the validity thereof. Please review carefully.

KNOW ALL MEN BY THESE PRESENTS, that BERKLEY REGIONAL INSURANCE COMPANY (the "Company"), a corporation duly organized and existing under the laws of the State of Delaware, having its principal office in Urbandale, Iowa, has made, constituted and appointed, and does by these presents make, constitute and appoint: ***Charles J. Nielson, Charles D. Nielson or Joseph P. Nielson of Nielson & Company, Inc. of Miami Lakes, FL*** its true and lawful Attorney-in-Fact, to sign its name as surety only as delineated below and to execute, seal, acknowledge and deliver any and all bonds and undertakings, with the exception of Financial Guaranty Insurance, providing that no single obligation shall exceed **Fifty Million and 00/100 U.S. Dollars (U.S.$50,000,000.00)**, to the same extent as if such bonds had been duly executed and acknowledged by the regularly elected officers of the Company at its principal office in their own proper persons.

This Power of Attorney shall be construed and enforced in accordance with, and governed by, the laws of the State of Delaware, without giving effect to the principles of conflicts of laws thereof. This Power of Attorney is granted pursuant to the following resolutions which were duly and validly adopted at a meeting of the Board of Directors of the Company held on August 21, 2000:

"**RESOLVED**, that the proper officers of the Company are hereby authorized to execute powers of attorney authorizing and qualifying the attorney-in-fact named therein to execute bonds, undertakings, recognizances, or other suretyship obligations on behalf of the Company, and to affix the corporate seal of the Company to powers of attorney executed pursuant hereto; and further

RESOLVED, that such power of attorney limits the acts of those named therein to the bonds, undertakings, recognizances, or other suretyship obligations specifically named therein, and they have no authority to bind the Company except in the manner and to the extent therein stated; and further

RESOLVED, that such power of attorney revokes all previous powers issued on behalf of the attorney-in-fact named; and further

RESOLVED, that the signature of any authorized officer and the seal of the Company may be affixed by facsimile to any power of attorney or certification thereof authorizing the execution and delivery of any bond, undertaking, recognizance, or other suretyship obligation of the Company; and such signature and seal when so used shall have the same force and effect as though manually affixed. The Company may continue to use for the purposes herein stated the facsimile signature of any person or persons who shall have been such officer or officers of the Company, notwithstanding the fact that they may have ceased to be such at the time when such instruments shall be issued."

IN WITNESS WHEREOF, the Company has caused these presents to be signed and attested by its appropriate officers and its corporate seal hereunto affixed this 11 day of September, 2012.

Office of the Mayor

Subject: Contract Award Recommendation for Tropical Park – Equestrian Complex - Project No: 402202-05-005 GOB ESP; Contract No: 402202-05-005 GOB ESP, to **Lemartec Engineering & Construction Corporation.**

Recommendation

It is recommended that the Board of County Commissioners ("Board") award the construction contract for Project No. 402202-05-005 GOB ESP to **Lemartec Engineering and Construction Corporation** (Lemartec) in the amount of $5,496,584 for the construction of the Tropical Park Equestrian Complex, including Alternates 1, 2 and 3. This revises my prior recommendation of August 6, 2012 to reject all bids, following consideration of the findings and recommendation of the Special Hearing Examiner and further negotiations with Lemartec. The findings and recommendation of the Special Hearing Examiner was made pursuant to Section 2-8.4 of the Code of Miami-Dade County, and Implementing Order 3-21; the bid protest procedures.

Delegation of Authority - The authority of the County Mayor's designee to execute and implement this contract is consistent with those authorities granted under the Code of Miami-Dade County. Additional delegation of authorities requested for this contract are as follows:

There is no additional delegated authority in relation to this project.

EXPLANATION: On March 21, 2012, the County, through its Parks, Recreation and Open Spaces (PROS) Department, issued an invitation to bid on Project No. 402202-05-005 GOB ESP for the expansion of the Tropical Park Equestrian Complex. The scope of work, including alternates, included the construction of two, additional equestrian show rings to be covered by a pre-engineered steel building and covered walkways linking the new rings to the one existing ring and to the existing horse stalls. Bids were opened on May 17, 2012 with Lemartec as the apparent low bidder with a bid of $5,496,584, inclusive of Alternates One (1), Two (2), and Three (3). PROS began its due diligence review of Lemartec and was moving forward to recommend awarding to Lemartec. However, on June 19, 2012, PROS received correspondence from counsel representing four other bidders raising objections and claiming that PROS had specified the use of a sole source in its bid documents for the pre-engineered steel roof structure. PROS consulted with the County Attorney's Office and confirmed that applicable law (Section 255.04, Florida Statutes) sets forth certain findings and justifications that need to be made by the Board in order to specify a sole source system. PROS ultimately concluded that the bid documents did not specify a sole source system and that more than one manufacturer could provide the pre-engineered steel roof structure. In fact, several of the bids received specified competing systems. The bids received were significantly (36%) below the County estimate. However, PROS recognized that multiple bidders had raised questions and concerns both before and after bids were due that the bid documents appeared to bidders to create a sole source specification.

During this same time, PROS became aware of the possibility of hosting an international horse show at the Tropical Park Equestrian Center in the fall of 2013. This event would be an economic development catalyst for the Equestrian Center and the County as a whole and PROS had great interest in completing the new addition in time for the event. Under the bid documents, PROS determined that the project, with all components, would not be completed in time for the 2013 international horse show. Because of the need to accelerate completion of the project in light of the unique opportunity to host the international horse show and to address any concerns that were raised by the complaining bidders in response to the specifications in the bid documents, it was recommended on

August 6, 2012 that all bids be rejected and the project be re-advertised as soon as possible with modifications to the bid documents (Attachment 5). The recommendation was filed with the Clerk on August 17, 2012 and the project was re-advertised on August 24, 2012, in a newspaper of general circulation.

On August 22, 2012, Lemartec protested the County's recommendation to reject all bids and asked that the contract be awarded to it because the County had received 13 bids, the lows bids were within percentage points of each other and more than 30% below the County's estimate, and the County had therefore received extremely competitive prices. The protest hearing was held on September 11, 2012. At the hearing, the County argued, presented evidence, and provided case law in support of its argument that the County was well within its discretion to reject all bids to clarify its specifications, to ensure the best prices and to seek bids so as to provide for an expedited construction schedule. Although the hearing was publicly noticed and the attorney for the four bidders that raised concerns was informed of the hearing, none of the contractors other than Lemartec attended or presented arguments or evidence in support of their position. The Special Hearing Examiner disagreed with the recommendation to reject all bids, determining that any potential ambiguity which might have been perceived was clarified in Addendum #2, and recommended that the County award the contract to Lemartec. The Special Hearing Examiner's findings and recommendations are attached (Attachment 2).

Following the Hearing Examiner's recommendation, at a "duly-noticed public meeting" on September 20, 2012, Lemartec offered to reduce the contract time, from the original 410 calendar days to approximately 300 calendar days, effectively accelerating the completion of the work to allow for the completion of the project by September 30, 2013 in time for the international horse event, at no additional cost to the County. Provided that Lemartec receives authorization to proceed no later than November 15, 2012, Lemartec has agreed to have the project substantially completed by September 15, 2013.

Therefore, it is recommended that Project No. 402202-05-005GOB, Tropical Park Equestrian Complex be awarded to Lemartec Engineering and Construction Corporation for the Base Bid scope and Alternates 1, 2 and 3 in the amount of $5,496,584 with the project to be completed no later than September 30, 2013.

Date: May 24, 2013

To: Jack Kardys, Director
Parks, Recreation and Open Spaces Department

From: V. Clark for
Mario Goderich, Assistant Director
Business Affairs Division,
Department of Regulatory and Economic Resources

Subject: Project No. 402202-05-005 GOB ESP, Tropical Park - Equestrian Complex. - Change Order No. 1

The subject project was reviewed by the Department of Regulatory and Economic Resources Small Business Development Office for compliance with the 20.73% Community Small Business Enterprise (CSBE) goal and Responsible Wages and Benefits requirements. The last Monthly Utilization Report submitted by the Prime indicates CSBE subcontracts totaling 18% of the base contract value. This contract is 57% complete with actual CSBE payments of $112,305.88 or 3.97%. SBD is addressing the subcontract deficit to ensure compliance with the required goal. The prime contractor and its subcontractors are in compliance with applicable wage requirements.

Please do not hesitate to contact Veronica Clark, Assistant to the Director at 305-375-4770 if you need additional information.

c: Joel Arango, Project Manager, Parks, Recreation and Open Spaces
Alice Hidalgo-Gato, CMC Section Manager, SBD, RER
