Memorandum

MIAMI-DADE COUNTY

Date:	September 17, 2013
To:	Honorable Chairwoman Rebeca Sosa and Members, Board of County Commissioners
From:	Carlos A. Gimenez Mayor
Subject:	Resolution approving Amendment Number One to Miami-Dade Water and Sewer Department Project Number E06-WASD-04, a non-exclusive Professional Services Agreement Number 07MEED003 with AECOM Technical Services, Inc. for a two year time extension

Agenda Item No. 8(O)(4)

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) approve the attached resolution authorizing execution of Amendment Number One to Miami-Dade Water & Sewer Department (WASD) Project Number E06-WASD-04, a non-exclusive Professional Services Agreement No. 07MEED003 with AECOM Technical Services, Inc.

Amendment Number One will allow AECOM Technical Services, Inc. to continue to provide professional engineering and construction management services at WASD's Hialeah Water Treatment Plant for an additional two (2) year period. As discussed in WASD's Water & Sewer Infrastructure Report dated July 2012, the Hialeah Water Treatment Plant is reaching a point where major treatment components, structural assets, mechanical and electrical equipment need to be replaced in order to continue to operate reliably and in compliance with modern regulatory requirements.

Six other non-exclusive professional agreement time extensions with no additional monies for different consultants are included on this agenda. The other consultants, like AECOM Technical Services, Inc., were awarded the original agreement in October 2007 with a six-year (6) term and a total compensation amount of $8.8 million to provide professional engineering and construction management services at the County's different water and wastewater treatment plants. The only exception is A.D.A. Engineering, Inc. who was awarded the original agreement in November 2007 with a six-year (6) term and a total compensation amount of $4.4 million. In all cases, the assigned scope of work was halted due to the reallocation of funding towards other WASD projects. Notwithstanding, all seven (7) professional service agreements have available contract dollars ready to be used.

SCOPE OF AGENDA ITEM

The Hialeah Water Treatment Plant is located at 1100 West 2nd Avenue, Hialeah, Fl. in Commission District 6, Chairwoman Rebeca Sosa.

FISCAL IMPACT/FUNDING SOURCE

The funding sources for AECOM Technical Services, Inc. to continue to provide the engineering and construction management services are a combination of WASD's Water Renewal and Replacement Fund and Current and Future Revenue Bonds Sold. The capital project number is 9650041. The County's current Adopted Budget has funding available for the duration of this amendment.

The original contract amount was for $8.8 million of which $2,183,728.20 has been paid for work performed by AECOM Technical Services, Inc. At this time, approximately 75% of this contract's funds are available for use totaling $6,616,271.80.

TRACK RECORD/MONITOR

WASD's Assistant Director of Water, Ralph Terrero, P.E., will monitor this agreement.

BACKGROUND

AECOM Technical Services, Inc. was awarded the original agreement in October 2007 with a six-year (6) term and a total compensation amount of $8.8 million. However, due to cashflow constraints and other capital expenditure requirements, only part of the assigned scope of work was completed by AECOM Technical Services, Inc. leaving approximately 75% of the contract funds unused. Recent Board action has addressed the need for infrastructure renewal and replacement, so now the design and construction of improvements at the water plants can proceed as identified in the Multi-Year Capital Plan. Amendment Number One will extend the contract period to October 11, 2015 allowing AECOM Technical Services, Inc. to complete their assigned scope of work to provide professional engineering and construction management services for renewal and replacement projects at the Hialeah Water Treatment Plant as delineated in the original agreement with no additional monies added to the contract.

Please note that the design and construction management capacity needed to address needs at the water plants is separate and apart from obligations associated with the wastewater Consent Decree and other needs of the wastewater system. This two (2) year time extension of the design contracts for the water plants provides the capacity needed to execute the water plant upgrades recognized in the 2012 Water and Sewer Infrastructure Report and in the Multi-Year Capital Plan.

The Community Business Enterprise goal of 35% was established as a part of the original contract and to date AECOM Technical Services, Inc. has complied with all the threshold requirements and the participation goals. The Community Business Enterprise goal was reviewed again by the Small Business Development Section on December 7, 2012 and it was determined that the goal remain unchanged.

In the event partial payment has been made for professional services not performed, the ENGINEER shall return such sums to the COUNTY within ten (l0) days after receipt of written notice that said sums are due. Upon such termination, the COUNTY may, without penalty or other obligation to the ENGINEER, elect to employ other persons to perform the same or similar services.

3. Paragraph 18 of the Agreement is hereby modified to state as follows:

DURATION OF AGREEMENT: This Agreement shall remain in full force and effect for a period of two (2) additional years until October 11, 2015 after execution of this Amendment. Actual completion of the services authorized prior

to the expiration date may extended beyond such term and shall be subject to the same terms and conditions set forth in this Agreement, including but not limited, to indemnification and insurance. This Agreement may be terminated by mutual consent of the parties hereto, or as otherwise provided herein. The performance of specifically and properly authorized services that may extend beyond this Agreement's effective term shall be compensated in accordance with Section 6 hereof.

4. Paragraph 20 of the Agreement is hereby modified to state as follows:

INDEMNIFICATION AND HOLD HARMLESS: Pursuant to Florida Statutes 725.08 notwithstanding the provisions of Florida Statutes 725.06, the ENGINEER shall indemnify and hold harmless the COUNTY and its officers and employees, from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the ENGINEER and other persons employed or utilized by the ENGINEER in the performance of this Agreement.

To the extent this indemnification clause or any other indemnification clause in this Agreement does not comply with Chapter 725, Florida Statutes, as may be amended, this provision and all aspects of the Contract Documents shall hereby be interpreted as the parties' intention for the indemnification clauses and Contract Documents to comply with Chapter 725, Florida Statutes, as may be amended.

The ENGINEER shall pay all claims and losses in connection therewith and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorney's fees which may issue thereon. The ENGINEER expressly understands and agrees that any insurance protection required by this Contract, or otherwise provided by the ENGINEER shall in no way limit the responsibility to indemnify, keep and save harmless and defend the COUNTY or its officers, employees, agents and instrumentalities as herein provided.

This Section shall survive expiration or termination of this Agreement.

INSURANCE: The ENGINEER, including subconsultants, shall not commence any work pursuant to this Agreement until all insurance required under this Section has been obtained and such insurance has been approved by the COUNTY's Risk Management Division of Internal Services Department. The ENGINEER shall maintain insurance coverage during the term of this Agreement which meet the requirements outlined below:

A. Automobile Liability Insurance covering all owned, non-owned and hired vehicles used in connection with the work in an amount not less than $300,000 combined single limit per occurrence for bodily injury and property damage.

The ENGINEER shall furnish certificates of insurance to the Department's Intergovernmental Affairs Manager, Suite 538-6, 3071 S.W. 38th Avenue, Miami, Florida, 33146 prior to the commencement of operations, which certificates shall clearly indicate that the ENGINEER has obtained insurance in the type, amount, and classification as required for strict compliance with this Paragraph 20. The certificate shall indicate that no material change or cancellation of this insurance shall be effective without thirty (30) days written advance notice to Miami-Dade County, c/o the Manager of Risk Management Division.

Compliance with the foregoing requirements shall not relieve the ENGINEER of the liabilities and obligations under this Section or under any other portion of this Agreement, and the COUNTY shall have the right to inspect original insurance policies under a court protective order.

5. Paragraph 37 of this Agreement is hereby added to state as follows:

TRUTH IN NEGOTIATION: Pursuant to Administrative Order 3-39 and Section 287.055 5(a), Florida Statutes, for any lump-sum or cost-plus-a-fixed-fee professional service contract over the threshold amount provided in s. 287.017 for CATEGORY FOUR, the agency shall require the firm receiving the award to execute a truth-in-negotiation certificate stating that wage rates and other factual unit costs supporting the compensation are accurate, complete, and current at the time of contracting. Any professional service contract under which such a certificate is required must contain a provision that the original contract price and any additions thereto will be adjusted to exclude any significant sums by which the agency determines the contract price was increased due to inaccurate, incomplete, or noncurrent wage rates and other factual unit costs. All such contract adjustments must be made within one (1) year following the end of the contract. Certificate as required by Chapter 287, Florida Statutes as attached as Exhibit C.

6. All terms, covenants and conditions of the Agreement not expressly modified or revised herein shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have executed these presents the day and date first written above.
