**Date:** September 17, 2013

**To:** Honorable Chairwoman Rebeca Sosa  
and Members, Board of County Commissioners

**From:** Carlos A. Gimenez  
Mayor 

**Subject:** Resolution approving Amendment Number One to Miami-Dade Water and Sewer Department Project Number E06-WASD-12, a non-exclusive Professional Services Agreement Number 07MWH005 with MWH Americas, Inc. for a two year time extension

Agenda Item No. 8(O)(6)

## RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) approve the attached resolution authorizing execution of Amendment Number One to the Miami-Dade Water & Sewer Department (WASD) Project Number E06-WASD-12, a non-exclusive Professional Services Agreement 07MWH005 with MWH Americas, Inc.

Amendment Number One will allow MWH Americas, Inc. to continue to provide professional engineering and construction management services at WASD's Central District Wastewater Treatment Plant for an additional two (2) years. As discussed in WASD's Water & Sewer Infrastructure Report dated July 2012, the Central District Wastewater Treatment Plant is the largest and oldest treatment plant in the County's system. The age of the Central District Wastewater Treatment Plant along with the significant sewage flows the plant receives from the Barrier Islands (Miami Beach, Surfside, Bal Harbour, Bay Harbor Islands and Key Biscayne) are the cause for the plant to have extensive rehabilitation needs.

Six other non-exclusive professional agreement time extensions with no additional monies for different consultants are included on this agenda. The other consultants, like MWH Americas, Inc. were awarded the original agreement in October 2007 with a six-year (6) term and a total compensation amount of \$8.8 million to provide professional engineering and construction management services at the County's different water and wastewater treatment plants. The only exception is A.D.A. Engineering, Inc. who was awarded the original agreement in November 2007 with a six-year (6) term and a total compensation amount of \$4.4 million. In all cases, the assigned scope of work was halted due to the reallocation of funding towards other WASD projects. Notwithstanding, all seven (7) professional service agreements have available contract dollars ready to be used.

## SCOPE OF AGENDA ITEM

The Central District Wastewater Treatment Plant is located at 3989 Rickenbacker Causeway Miami, Fl. in Commission District 7, Xavier L. Suarez.

## FISCAL IMPACT/FUNDING SOURCE

The funding sources for MWH Americas, Inc. to continue to provide the engineering and construction management services are a combination of WASD's Sewer Renewal and Replacement Fund and Current and Future Revenue Bonds Sold. The capital project number is 9653421. The County's current Adopted Budget has funding available for the duration of this amendment.

The original contract amount was for \$8.8 million of which \$3,723,216.68 has been paid for work performed by MWH Americas, Inc. At this time, approximately 58% of this contract's funds are available for use totaling \$5,076,783.32.

**TRACK RECORD/MONITOR**

WASD's Assistant Director of Wastewater, Vicente E. Arrebola, P.E., will monitor this agreement.

**BACKGROUND**

MWH Americas, Inc. was awarded the original agreement in October 2007 with a six-year (6) term and a total compensation amount of \$8.8 million. However, due to cashflow constraints and other capital expenditure requirements, only part of the assigned scope of work was completed by MWH Americas, Inc. leaving approximately 58% of the contract funds unused. The assessment of conditions at the wastewater plants and the design and construction of facilities to renew or replace plant components in danger of failing or that cannot meet changing regulatory requirements is an on-going need at these plants. Amendment Number One will extend the contract period to October 11, 2015 allowing MWH Americas, Inc. to complete their assigned scope of work to provide professional engineering and construction management services for renewal and replacement projects at the Central District Wastewater Treatment Plant as delineated in the original agreement with no additional monies added to the contract.

Projects that have been identified in the pending Consent Decree related to the wastewater system will be addressed through the program management and design contracts being procured for that specific purpose. The design and construction management capacity represented in this two (2) year time extension will be applied to projects that are and will be needed to sustain plant reliability beyond what is required in the Consent Decree or in the Pump Station Improvement Program. It is important to note that the capacity provided in this contract is only utilized as needed to address issues at the plant over time, and there is no guarantee that work will be assigned. However, it is equally important to have capacity available as needed to address conditions at the plant on a timely basis.

The Community Business Enterprise goal of 35% was established as a part of the original contract and to date MWH Americas, Inc. has complied with all the threshold requirements and the participation goals. The Community Business Enterprise goal was reviewed again by the Small Business Development Section on December 7, 2012 and it was determined that the goal remain unchanged

AMENDMENT NUMBER ONE  
TO  
NON-EXCLUSIVE PROFESSIONAL SERVICES AGREEMENT  
BETWEEN MIAMI-DADE COUNTY  
AND  
MWH AMERICAS, INC.

Agreement No. 07MWA005

THIS AMENDMENT NUMBER ONE is made and entered into the \_\_\_\_\_ day of \_\_\_\_\_, 2013, by and between Miami-Dade County, a political subdivision of the State of Florida, hereinafter referred to as the "COUNTY", and MWH AMERICAS, INC. a Denver corporation authorized to do business in the State of Florida and with offices in Miami-Dade County, hereinafter referred to as the "ENGINEER".

WITNESSETH

WHEREAS, the Miami-Dade Water and Sewer Department, hereinafter referred to as, the "Department", operates and maintains the COUNTY's water and sewer utility systems; and

WHEREAS, on October 11, 2007, the COUNTY and ENGINEER entered into a Non-exclusive Professional Services Agreement, hereinafter referred to as the "Agreement", in the amount of \$8.8 million for a six -year term; and

WHEREAS, the Agreement requires the ENGINEER to provide engineering and construction management services to upgrade the infrastructure and operations at the Department's Central District Wastewater Treatment Plant and its appurtenant facilities including pump station 1 and 2; and

WHEREAS, the engineering and construction management services include design services for all plant upgrades and expansion projects as well as renewal and replacement projects for the plant's existing facilities; a complete evaluation for improving the treatment process, operations, and efficiencies including safety, energy conservation, security, biosolids management, corrosion and assessment management, and provide a complete evaluation of regulatory requirements; and

WHEREAS, the Department has not utilized all monies in the Agreement and needs the ENGINEER to continue to provide engineering and construction management services; and

WHEREAS, the COUNTY has requested and the ENGINEER has agreed to continue providing engineering services and construction management services, as needed, for an additional two years or until the monies are expended; and

WHEREAS, this Amendment Number One to the Agreement will extend the Agreement for an additional two (2) years until October 11, 2015; and

WHEREAS, this Amendment Number One to the Agreement also modifies several technical provisions of the Agreement.

NOW, THEREFORE, in consideration of the mutual covenants hereinafter contained, the COUNTY and the ENGINEER hereby agree to the following:

1. Paragraph 8 of the Agreement is hereby modified to state as follows:

CHANGE OF PRINCIPAL AND/OR PROJECT MANAGER: Christopher Young, P.E., and Yurfa L. Glenn shall be the ENGINEER'S Principal and Project Manager, respectively. If the COUNTY or the ENGINEER requests a change of the Principal or the Project Manager, the party initiating said change shall make the request in writing and said request shall be received by the other party at least thirty (30) days prior to any such change. The Director reserves the right to approve the replacement Principal or Project Manager.

2. Paragraph 14 of the Agreement is hereby modified to state as follows:

SUBCONSULTANTS:

A. The ENGINEER shall utilize the following firms as a subconsultant: BND Engineers, Inc.; Cardozo Engineering, Inc.; Consul-Tech Construction Management, Inc.; Consul-Tech Surveying & Mapping, Inc.; H.R. Engineering Services, Inc.; Media Relations Group, LLC; Milian, Swain & Associates, Inc.; Consul-Tech Development Services, Inc.; and Nova Consulting, Inc. The ENGINEER shall not subconsult, assign or transfer to others work performed under this Agreement without the written consent of the Director or his designee and after the Department of Regulatory and Economic Resources' approves the additional subconsultant(s). In addition, the ENGINEER shall not allow the subconsultant to utilize, assign or transfer work to others for work performed under this agreement without the written consent of the Director or his designee. When applicable and upon receipt of such consent in writing by the Director, the ENGINEER shall cause the names of the firms responsible for the major portions of each separate specialty of the work to be inserted in the pertinent documents or data. Nothing contained in this Agreement shall create any contractual relationship between the COUNTY and the subconsultants.

B. In addition, and as applicable, the ENGINEER agrees to comply with Miami-Dade County Ordinance 01-103 and Administrative Order 3-32 regarding the Community Business Enterprise (CBE) program. The COUNTY has established a participation goal of thirty-five (35%) on the total amount of compensation for engineering services authorized under this Agreement. The ENGINEER shall be responsible to submit to the COUNTY a "Monthly Utilization Report" on or before the tenth working day following the preceding month or with the monthly invoice.

C. SUBCONTRACTORS – RACE, GENDER AND ETHNIC MAKEUP OF OWNERS AND EMPLOYEES: Pursuant to Sections 2-8.1, 2-8.8 (as amended by Ordinance No. 11-90), and 10.34 of the County Code for all contracts which involve the expenditure of one hundred thousand dollars (\$100,000) or more, the entity contracting with the County must report to the

County the race, gender and ethnic origin of the owners and employees of its first tier subcontractors using the Subcontractor/Supplier Listing form. In the event that the successful bidder demonstrates to the County prior to award that the race, gender and ethnic information is not reasonably available at that time, the successful bidder shall be obligated by contract to exercise diligent efforts to obtain that information and to provide the same to the County not later than ten (10) days after it becomes available and, in any event, prior to final payment under the contract. The ENGINEER shall provide this information on a COUNTY form prior to the final payment to the ENGINEER, as attached Exhibits A and B.

3. Paragraph 17 of the Agreement is hereby modified to state as follows:

TERMINATION OF AGREEMENT: It is expressly understood and agreed that the County Mayor or his designee may terminate this Agreement, in total or in part, without cause or penalty, by ten (10) days prior written notification or by declining to issue the written task order authorization, as provided herein in which event the COUNTY's sole obligation to the ENGINEER shall be payment, in accordance with Section 6, for those units or sections of work previously authorized. Such payment shall be determined on the basis of the hours or percentage of work performed by the ENGINEER up to the time of termination. In the event partial payment has been made for professional services not performed, the ENGINEER shall return such sums to the COUNTY within ten (10) days after receipt of written notice that said sums are due. Upon such termination, the COUNTY may, without penalty or other obligation to the ENGINEER, elect to employ other persons to perform the same or similar services.

Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List - By executing this Agreement through a duly authorized representative, the ENGINEER certifies that the ENGINEER is not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, as those terms are used and defined in sections 287.135 and 215.473 of the Florida Statutes. The County shall have the right to terminate this Agreement for default if the ENGINEER is found to have submitted a false certification or to have been, or is subsequently during the term of the Agreement, placed on the Scrutinized Companies for Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List.

4. Paragraph 18 of the Agreement is hereby modified to state as follows:

DURATION OF AGREEMENT: This Agreement shall remain in full force and effect for a period of two (2) additional years until October 11, 2015 after execution of this Amendment. Actual completion of the services authorized prior to the expiration date may extended beyond such term and shall be subject to the same terms and conditions set forth in this Agreement, including but not limited, to indemnification and insurance. This Agreement may be terminated by mutual consent of the parties hereto, or as otherwise provided herein. The performance of specifically and properly authorized services that may extend

beyond this Agreement's effective term shall be compensated in accordance with Section 6 hereof.

5. Paragraph 20 of the Agreement is hereby modified to state as follows:

INDEMNIFICATION AND HOLD HARMLESS: Pursuant to Florida Statutes 725.08 notwithstanding the provisions of Florida Statutes 725.06, the ENGINEER shall indemnify and hold harmless the COUNTY and its officers and employees, from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the ENGINEER and other persons employed or utilized by the ENGINEER in the performance of this Agreement.

To the extent this indemnification clause or any other indemnification clause in this Agreement does not comply with Chapter 725, Florida Statutes, as may be amended, this provision and all aspects of the Contract Documents shall hereby be interpreted as the parties' intention for the indemnification clauses and Contract Documents to comply with Chapter 725, Florida Statutes, as may be amended.

The ENGINEER shall pay all claims and losses in connection therewith and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorney's fees which may issue thereon. The ENGINEER expressly understands and agrees that any insurance protection required by this Contract, or otherwise provided by the ENGINEER shall in no way limit the responsibility to indemnify, keep and save harmless and defend the COUNTY or its officers, employees, agents and instrumentalities as herein provided.

This Section shall survive expiration or termination of this Agreement.

INSURANCE: The ENGINEER, including subconsultants, shall not commence any work pursuant to this Agreement until all insurance required under this Section has been obtained and such insurance has been approved by the COUNTY's Risk Management Division of Internal Services Department. The ENGINEER shall maintain insurance coverage during the term of this Agreement which meet the requirements outlined below:

- A. Automobile Liability Insurance covering all owned, non-owned and hired vehicles used in connection with the work in an amount not less than \$300,000 combined single limit per occurrence for bodily injury and property damage.
- B. Professional Liability Insurance in the amount \$5,000,000 per claim.
- C. Commercial General Liability Insurance, on a comprehensive basis, in an amount not less than \$300,000 combined single limit per occurrence for

bodily injury and property damage. Miami-Dade County must be shown as additional insured with respect to this coverage.

- D. Workers' Compensation Insurance for all employees of the ENGINEER as required by Chapter 440.

All insurance policies must be issued by companies authorized to do business under the laws of the State of Florida. The companies must be rated no less than "B" as to management and no less than "Class V" as to strength by the latest edition of Best's Insurance Guide, published by A.M. Best Company, Oldwick, New Jersey, or its equivalent, subject to the approval of the Risk Management Division, or, the companies must hold a valid Florida Certificate of Authority as shown in the latest "List of All Insurance Companies Authorized or Approved to Do Business in Florida", issued by the State of Florida Department of Insurance and be members of the Florida Guaranty Fund.

The ENGINEER shall furnish certificates of insurance to the Department's Intergovernmental Affairs Manager, Suite 538-06, 3071 S.W. 38<sup>th</sup> Avenue, Miami, Florida, 33146 prior to the commencement of operations, which certificates shall clearly indicate that the ENGINEER has obtained insurance in the type, amount, and classification as required for strict compliance with this Paragraph 20. The certificate shall indicate that no material change or cancellation of this insurance shall be effective without thirty (30) days written advance notice to Miami-Dade County, c/o the Manager of Risk Management Division.

Compliance with the foregoing requirements shall not relieve the ENGINEER of the liabilities and obligations under this Section or under any other portion of this Agreement, and the COUNTY shall have the right to inspect original insurance policies under a court protective order.

6. Paragraph 37 of this Agreement is hereby added to state as follows:

TRUTH IN NEGOTIATION: Pursuant to Administrative Order 3-39 and Section 287.055 (5)(a), Florida Statutes, for any lump-sum or cost-plus-a-fixed-fee professional service contract over the threshold amount provided in s. 287.017 for CATEGORY FOUR, the agency shall require the firm receiving the award to execute a truth-in-negotiation certificate stating that wage rates and other factual unit costs supporting the compensation are accurate, complete, and current at the time of contracting. Any professional service contract under which such a certificate is required must contain a provision that the original contract price and any additions thereto will be adjusted to exclude any significant sums by which the agency determines the contract price was increased due to inaccurate, incomplete, or noncurrent wage rates and other factual unit costs. All such contract adjustments must be made within one (1) year following the end of the contract. Certificate as required by Chapter 287, Florida Statutes, as attached as Exhibit C.

7. All terms, covenants and conditions of the Agreement not expressly modified or revised herein shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have executed these presents the day and date first written above.
