H024B-3, in the amount of \$46,406,992.51

Agenda Item No. 8(A)(1)

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) approve the award of a construction contract for the Miami International Airport (MIA) Runway 12-30 Pavement Rehabilitation Project to Community Asphalt Corp. in the amount of \$46,406,992.51 and authorize the County Mayor or designee to execute the attached contract summary and exercise any cancellation, termination, or renewal provisions contained therein.

SCOPE

Miami International Airport (MIA) is located primarily within Chairwoman Rebeca Sosa's District Six; however, the impact of this agenda item is Countywide in nature as MIA is a regional asset.

FISCAL IMPACT/FUNDING SOURCE

The Miami-Dade Aviation Department's (MDAD) has applied for Federal Aviation Administration (FAA) Airport Improvement Program (AIP) funding of \$29,187,416.50, and Florida Department of Transportation (FDOT) funding of \$6,872,261.38, leaving a balance of \$10,347,314.63 to be funded by MDAD's Capital Improvement Program and reserve maintenance/operating funds.

The annualized cost of routine maintenance, including but not limited to crack repairs, rubber removal, and airfield lighting repairs is between \$100,000.00 and \$150,000.00. The life expectancy of the asset is 10 to 15 years.

TRACK RECORD/MONITOR

According to the County's Capital Improvements Information System (CIIS), Community Asphalt Corp. has performed satisfactorily with an average evaluation of 3.1 on the six (6) Public Works Projects listed in the attachment. The Department of Small Business Development Violations Report showed no violations/compliance issues for Community Asphalt Corp. The U.S. Government System for Award Management showed no record of any active exclusion for Community Asphalt Corp. Community Asphalt Corp. was not included on the Florida Department of Management Services convicted vendor list as being disqualified from participating in the public contracting process. MDAD Project Manager Franklin Stirrup will monitor this project.

DUE DILIGENCE

Pursuant to Resolution No. R-187-12, due diligence was conducted to determine Community Asphalt Corp.'s responsibility, including verifying corporate status and that no performance or compliance issues exist. The following searches revealed no adverse findings for the proposing entity: Small Business Development database, convicted vendors, debarred vendors, delinquent contractors, suspended vendors, and federal excluded parties list. The Florida Department of State Division of Corporations records shows the company status as Active.

BACKGROUND

The scope of work for the MIA Runway 12-30 Pavement Rehabilitation Project includes pavement resurfacing, pavement reconstruction, airfield-lighting fixture refurbishment and/or replacement, conductor and transformer replacement for the airfield lighting system, pavement grade adjustments, replacement of the runway threshold and medium-intensity approach lighting system with runway alignment indicator lights navigational aid, pavement grooving, and markings. In addition, this project will construct an air cargo aircraft parking apron on eight (8) acres at the site of the former U.S. Post Office (Building 714) and a taxilane to connect to Taxiway S.

The project was advertised for bids on April 1, 2013. The amount of the engineer's estimate was \$55,782,777.59 and the bids received were as follows:

Community Asphalt Corp.	\$46,406,992.51
General Asphalt Co. Inc.	\$46,480,697.31

The deMoya Group Inc.	\$57,970,049.94
Astaldi Construction Corporation	\$58,940,948.24

Per the requirements of the Code of Federal Regulations 49 C.F.R. Part 26, MDAD's Minority Affairs Division performed a compliance review of the project for compliance with the Disadvantaged Business Enterprise (DBE) Program and found all five (5) bidders to be responsive and in compliance. The contract measure for this project is a DBE subcontractor goal of 10.1%. Community Asphalt Corp. met the subcontractor goal with 10.2%.

RE: H021B-3 Runway 12-30 Pavement Rehabilitation
Bid Analysis and Recommendation for Award - Revised

T.Y. Lin International | H.J. Ross has completed the bid analysis and recommendation for award. Enclosed you will find the Bid Tabulation Summary, Bid Tabulation Analysis and Bid Envelopes.

The enclosed documentation shows the lowest bid to be from Community Asphalt Corp. in the amount of \$46,406,992.51. This represents a cost of approximately 17% below the Engineer's estimate of \$55,782,777.59. The bids ranged from \$46,406,992.51 to \$58,940,948.19.

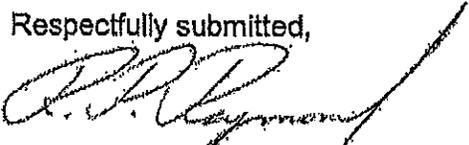

The comparison of bid item unit prices provides information on the lowest, highest and average prices for each item along with the Engineer's estimate price for each bid item. The tabulation analysis shows the bid item unit prices and totals as submitted by the contractors. The bid amounts are verified by multiplying the unit quantities by the item unit prices provided by the contractors. Only two discrepancies were found in the bid amounts, The first was made by General Asphalt and amounted to the lowering of their bid amount by \$32,711.51 and the second was made by Community Asphalt Corp. that resulted in the lowering of their bid amount by \$3,199.02. However the changes in bid amounts did not result in a different low bidder.

The difference in price from the Engineer's estimate is due to the economic conditions presently affecting pricing of construction locally and the intense competition between the lowest and second lowest bidders who represent the largest asphalt paving companies in south Florida.

The bid tabulation summary provided a checklist of all required documents for each bid. The DeMoya Group and Central Florida Equipment did not submit all the documents requested under "Federal Insurance Requirements".

Based upon the bid analysis T.Y. Lin International | H.J. Ross recommends the award of the contract, to the lowest responsive bidder, Community Asphalt Corp.

Respectfully submitted,

Richard P. Raymond
Project Manager
