and Members, Board of County Commissioners

Mayor

Subject: Resolution Authorizing the Execution of a License Agreement between Miami-Dade County and Florida Power and Light Company

Recommendation

It is recommended that the Board approve the accompanying resolution authorizing the Mayor or Designee to execute a License Agreement ("Agreement") between Miami-Dade County ("County") and Florida Power and Light Company ("FPL"), for the purpose of housing Homeland Security Equipment as part of PortMiami's ("Port") Waterside Surveillance System.

This item is being submitted for approval and ratification by the Board pursuant to Section 2-1 of the Code of Miami-Dade County authorizing the County Mayor or County Mayor's designee to administer County business during the Board's summer recess period. As the current License Agreement with FPL expires on August 30, 2013, a new Agreement with FPL is essential for uninterrupted security surveillance of PortMiami's waterside.

Scope

Port Miami is located within District 5 – Commissioner Bruno A. Barreiro. The overall impact of this agenda item is countywide as the proposed system provides critical security assurance to PortMiami which is a regional asset and generates employment for residents throughout Miami-Dade County.

Fiscal Impact/Funding Source

This Agreement will have a minimal financial impact on the Port while providing necessary functions needed in safety and security. The Port shall pay FPL \$1,900.00 in rental costs per month and will be paid through the Port's revenue fund.

Track Record/Monitor

The Port staff members responsible for monitoring the waterside surveillance program are Major Alfredo Ferrer, Seaport Operations Bureau and Hugo Hernandez, Chief of Information Systems.

Background

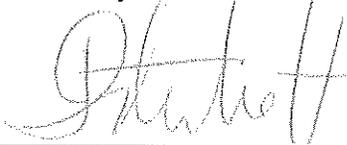

On September 16, 2008, the Board approved Resolution No. R-982-08, authorizing a lease agreement between the County and FPL, providing for the Port to install Homeland Security equipment at FPL's MacArthur Causeway facility. In November of 2008, the Port installed and implemented the Waterside Surveillance System obtained via a grant awarded to the Port

by the Department of Homeland Security. This Agreement is set to expire on August 30, 2013. Toward this event, the Port is requesting the Board's approval of a new License Agreement between the County and FPL for a sixty-one (61) month term (September 1, 2013 - September 30, 2018). As stated in the fiscal impact section above, the County shall pay FPL \$1,900.00 per month for the use of their facility.

The Waterside Surveillance System provides real-time situational awareness of the waters surrounding the Port. This system is used to detect the presence of unauthorized watercrafts and/or intruders approaching restricted areas within the Port's perimeter. The system has also been integrated into the Port's Berthing System to announce arrivals and departures, as well as to its Physical Security Management System to announce the arrival of vessels carrying hazardous materials.

DELEGATED AUTHORITY

In accordance with Section 2-8.3 of the Miami-Dade County Code related to identifying delegation of Board authority, there are no authorities beyond those specific in the resolution which include the authority for the Mayor or designee to execute the Agreement and to exercise any cancellation and renewal provisions.

Jack Osterholt, Deputy Mayor

In addition to the aforementioned coverage, Company also maintains at its own expense, general liability insurance coverage for personal injury and property damage arising out of or in connection with Licensee's occupancy and use of Company's Land; however, such additional coverage shall not be deemed to relinquish Licensee from its duty and obligation to comply with any and all terms, conditions or provisions as set forth in Section 16, and all other parts of this License.

13. **No Transfer.** Licensee shall not, without the prior written consent of Licensor, allow any other entity or party to occupy or use the Licensed Premises or in any way transfer, assign, lease, sublease, license, sublicense or in any other manner, convey this License to any entity or party not specifically named herein by Licensor as a party to this License. Licensee shall not hypothecate this License, nor enter into any license, concession agreement, mortgage, contract or other agreement which conflicts with or is contradictory to the terms and provisions of this License.

14. **Holding Over.** If Licensee continues to occupy and/or use the Licensed Premises, or any part thereof, after expiration, termination or revocation of this License, then no tenancy, ownership or other legal interest in the Licensed Premises to the benefit of Licensee shall result therefrom, but such holding over shall be an unlawful detainer and all parties occupying and/or using the Licensed Premises shall be subject to immediate eviction and removal, and Licensee shall upon demand pay to Licensor, as liquidated damages, a sum equal to double the rate of rent as set forth in Section 3 for and during any and all period(s) which Licensee and/or its employees, agents, contractors, subcontractors, licensees, and invitees fail to vacate the Licensed Premises after the date upon which this License becomes expired, terminated, or revoked.

15. **Waiver of Jury Trial.** Licensee knowingly, voluntarily and intentionally waives any and all right(s) it may have to a trial by jury with respect to any litigation based upon, or arising from, under, or in connection with this License, or any document contemplated to be executed in conjunction herewith, or any course of conduct, course of dealing, statement (whether oral or written) or action of Licensee. In any and all litigation arising out of or in connection with enforcement of the terms, conditions or provisions of this License, the prevailing party in such litigation shall be entitled to recovery of each and all of its costs, including reasonable attorneys' fees.

16. **Applicable Law and Venue.** This License, including each and all of its terms, conditions and provisions, is governed by and interpreted according to the laws of the State of Florida. All legal matters arising out of, or in connection with this License are and shall be subject to a court of competent jurisdiction within the State of Florida. If any term, condition or provision, or any part thereof, is found by a Florida court to be unlawful, void or unenforceable, then that term, condition, provision or part thereof shall be deemed severable and will not affect the validity and enforceability of any of the remaining terms, conditions and provisions of this License.

17. **Time and Entire Agreement.** Time is of the essence, and no extension of time shall be deemed granted unless made in writing and executed by both Licensor and Licensee. This instrument constitutes the entire agreement between the parties hereto and relative to the License, and any agreement or representation which is not expressly set forth herein and covered hereby is null and void. All amendments, modifications, changes, alterations and supplements to this License must be in writing and executed by both Licensor and Licensee in order to be deemed valid and enforceable. If Licensor fails or elects to not enforce Licensee's breach of any term, condition or provision of this License, then Licensor's failure or election to not enforce Licensee's breach shall not be deemed a waiver of Licensor's right to enforce one or more subsequent breaches of the same or any other term, condition or provision of this License.

18. **Notices.** All notices associated with and related to this License shall be deemed to have been served upon the date and time received by Licensor or Licensee at the addresses set forth in the Preamble by: government postal service, private delivery service or by electronic email. Either party may, at any time, designate in writing a substitute address for the address first written above, and thereafter notices shall be directed to such substituted address.

19. **Counterparts.** This Agreement may be executed in multiple counterparts, each of which shall be deemed an original, and all of which together shall constitute a single instrument.
