

Memorandum

Date: February 4, 2014

To: Honorable Chairwoman Rebeca Sosa
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor 

Subject: Recommendation for Resolving the Collective Bargaining Impasse Between Miami-Dade County and the American Federation of State, County and Municipal Employees, General Employees, Local 199

Agenda Item No. 5(H)

Recommendation

It is recommended that the Board of County Commissioners (Board) resolve the Collective Bargaining Impasse between Miami-Dade County and the American Federation of State, County and Municipal Employees, General Employees, Local 199 (Union), by approving the continuation of concessions in the form of the requirement to contribute five percent (5%) of the employees' base wages toward the County's cost of healthcare negotiated into the parties' 2011-2014 Collective Bargaining Agreement.

Scope

The impact of this agenda item is countywide.

Fiscal Impact/Funding Source

The FY 2013-14 Budget adopted by the Board on September 19, 2013 is predicated upon the continuation of the five percent (5%) contribution of employees' base wages towards the County's cost of healthcare implemented as a result of the 2011-2014 Collective Bargaining Agreement. If this five percent (5%) employee base wage contribution does not continue as it relates to this Union, the fiscal impact to the FY 2013-14 Budget will be \$ 12 million.

During negotiations, the Administration proposed the contribution of five percent (5%) of base wages be kept in place in light of our continued budgetary challenges. The Administration's position to retain the current contribution is based on its commitment to maintain the current level of service throughout FY 2013-14.

The Union disagrees with this proposal. The parties have agreed to submit their dispute directly to the Board as an impasse item for resolution in accordance with State law.

Track Record/Monitor

The Director of Labor Relations, Compensation and Benefits, Michael Snyder, monitors and oversees the administration of this Collective Bargaining Agreement.

Background

On January 24, 2012, the Board ratified the successor 2011-14 Collective Bargaining Agreement between this Union and the County. The Collective Bargaining Agreement, in-part, provided for the healthcare contribution to be eliminated effective January 1, 2014, but gave the County the right to reopen the contract on this issue for the purpose of negotiating whether the employee contribution would be continued. The January 1, 2014 date was chosen because that was the date the Affordable Care Act (Act) was due to go into effect and the parties were uncertain of the impact of the Act. In the event that agreement on the continued contribution to the cost of healthcare could not be reached, the Collective Bargaining Agreement provides that the Special Magistrate process be waived and that the dispute be submitted to the Board.

Impasse

The parties are at impasse over the continuation of the employees' five percent (5%) healthcare contribution effective January 1, 2014. The parties have agreed to waive the Special Magistrate process and submit their dispute directly to the Board for resolution. As such, the Administration is presenting to the Board its recommendation for the continuation of the employees' five percent (5%) healthcare contribution.

This recommendation is not made lightly. The continuation of the five percent (5%) healthcare contribution will continue to have a financial impact on employees, but it is necessary in order to maintain the same service levels at our current projected revenues. The County's FY 2013-14 Budget adopted by the Board assumes that the contribution would continue for FY 2013-14. Potential impacts can be mitigated by adopting the Administration's impasse recommendation.

Under Florida law, the action taken by the Board will be presented to the bargaining unit members for a ratification vote. A successful ratification vote will result in the continuation of the five percent (5%) healthcare contribution on and after January 1, 2014. If the bargaining unit fails to ratify the action taken by the Board at impasse, the decision of the Board will take effect as of the date of the legislative action resulting in the continuation of the five percent (5%) healthcare contribution on and after January 1, 2014 for the remainder of FY 2013-14.

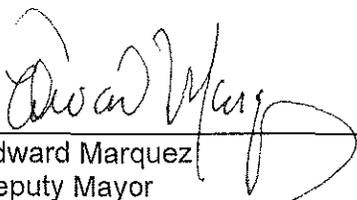

Below is a summary of the contractual change affecting the employees covered by this Collective Bargaining Agreement. The terms of this change do not affect employees' base pay and employees will continue to be eligible for merit increases and longevity bonuses during the third year of the Collective Bargaining Agreement. Upon ratification or implementation of the Collective Bargaining Agreement, the following provision will continue:

Term of Agreement

This is a three year contract for the period of October 1, 2011 through September 30, 2014.

- **Wages**

- All employees in bargaining unit classifications will continue to contribute five percent (5%) of base wages towards the County's cost of healthcare on and after January 1, 2014.
