fied only through the qualifications of such agent taking the examination, or through an agent currently qualified, and if the agent (qualifier) shall sever his affiliation with such firm, the certificate of competency held by such firm shall be automatically cancelled. An agent (qualifier) shall be restricted to the work of the firm he is currently qualifying.

(C) No application shall be considered unless the applicant gives all information required on the form, which shall include:

- (1) A statement of applicant's proposed contracting business;
- (2) The type of certificate being applied for;
- (3) Name, residence, business address of applicant;
- (4) If applicant is a firm, the name and business address of the firm and the name, residence of all directors and officers of the firm and their interest therein, and the name, residence of the applicant's qualified representative and information contained above. If applicant is corporation, a certificate of incorporation.

- (8) Three letters of recommendation from reputable business or professional men, not related by blood or marriage to the applicant, of this county, or the county of applicant's last business venture, vouching for the applicant's reputation as to honesty,

integrity and good character.

(F) The Contractors Examining Board shall not issue a certificate of competency unless, by a majority vote of the Board members present, the Board finds:

(1) That the applicant, or if applicant is a firm then the qualified representative, has made a passing grade on the written or verbal examination and has the necessary experience for the type of certificate applied for.

(2) That the credit report and financial statement of the applicant shows that the applicant is financially able to engage in the contracting business for which the license is requested so that the public will be protected.

(3) That the applicant and each member of the firm possesses a reputation for honesty, integrity, and has a good character, has not been convicted of a misdemeanor or a felony in the past five years, and at the time of the application is not charged with committing a misdemeanor or a felony. This shall be determined by the Board from the information contained in the letters of recommendation submitted by the applicant and any other statements submitted to

or obtained by the Contractors Examining Board or its investigators. The lack of honesty, integrity or good character may be established by competent evidence that:

(A) Applicant has committed an act within the past three years which, if committed or done by a licensed contractor, would be grounds for suspension or revocation of a contractor's license.

(B) Applicant has committed an act within the past three years involving dishonesty, fraud, deceit or lack of integrity whereby the applicant has been benefited or whereby some injury has been sustained by another.

(C) Applicant has, in the past five years, refused to pay valid bills of at least five different persons or firms or has been adjudged bankrupt.

(D) Applicant is presently charged with commission of a misdemeanor or felony.

(E) Applicant has been convicted of a misdemeanor or felony during the past five years.

(2) Proof, submitted by the applicant that he has actively, continuously and properly engaged in the trade concerned, in the unincorporated area of Dade County in the category indicated on the current County Certificate, for a period of five years immediately prior to the effective date of this chapter as evidenced by County certificates of competency and State and County occupational licenses covering such five year period.

(B) Every person, who, under the terms of this Chapter, is required to hold a County Certificate of Competency, who at the time this chapter becomes effective, holds a current license or certificate of competency issued by a municipality within Dade County shall be entitled to a certificate of competency without further examination, but such certificate shall be subject to any restrictions and limitations carried by the current municipal license or certificate, and, in addition shall entitle the holder of such certificate to do business only in those jurisdictions from which he holds current licenses or certificates, unless the Examining Board concerned, upon presentation by the applicant of evidence satisfactory to the Board, shall determine that the applicant is entitled to an extension of his certificate to include all municipal and unincorporated areas in Dade County. Evidence to be considered to warrant such extension shall include, but shall not necessarily be limited to

(1) Proof that a written examination given by a municipality within Dade County was successfully passed by the applicant, and that such examination was substantially equal in scope and coverage to examinations for the same trade and category given previously and regularly by any municipality in Dade County or by Dade County, and that such examining municipality had codes and enforcement of such codes similar to Dade County, or

In addition, it must be shown that the municipality issuing such certificate or license has given examinations similar in scope and coverage to those given by Dade County, and has enforced codes similar to the codes of Dade County during the 5 year period.

(C) Anything in this Section to the contrary, notwithstanding no examination, shall be required of any person who under the terms of this Chapter is required to hold a county certificate of competency if he is the owner of or has been continuously employed as an executive officer, general manager or manager of any firm heretofore engaged in a trade, business or occupation in Dade County for which a certificate of competency is by the provisions of this Chapter now required but which heretofore has not been required, for a period of not less than five years immediately prior to the effective date of this Chapter and if this corporation has during such period of time been continuously licensed to engage in such trade, business or occupation by the state or county. A certificate of competency covering such trade, business or occupation shall be issued to an applicant qualifying under the terms of this paragraph (C) and other applicable requirements of this Section upon the payment of a fee of \$25 to Dade County.

(D) In order to qualify for a county certificate of competency under any of the foregoing provisions of this section, applicants for such county certificate must complete application for a county certificate of competency, furnish all evidence and proof as may be required by this Chapter and pay a fee in an amount equal to the renewal fee for such certificate charged by the county (unless another fee charge is indicated in this section) within six months from the effective date of this Chapter; otherwise, such person shall be required to pass a written examination and meet all other requirements specified in this Chapter in order to qualify for a County Certificate of Competency.
