Subject: Ordinance Amending Section 2-11.1 of Miami-Dade County Establishing the
Residents First Training and Employment Program

The proposed Ordinance amends the Residents First Training and Employment Program to require contractors on construction projects over \$1 million to submit a Responsible Contractor Affidavit; to provide the OSHA 10 Hour Safety Program training to all persons employed by the contractor; and achieve an aspirational goal of 51 percent of the local workforce.

There will be additional costs incurred by County staff in the construction management and contract oversight activities necessary to monitor these additional requirements. For example, it is expected that at least one new Contract Compliance Officer, at an annualized, recurring cost of approximately \$70,000, will be necessary in the Internal Services Department, Small Business Development Division, to monitor this program. Additionally, while difficult to estimate at this time, there may be additional monitoring costs within County departments overseeing capital projects affected by this Ordinance.
