# Memorandum

**Date:** July 1, 2014

**To:** Honorable Chairwoman Rebeca Sosa  
and Members, Board of County Commissioners

**From:** Carlos A. Gimenez  
Mayor 

**Subject:** Resolution Authorizing the Conveyance of a Non-Exclusive Easement to Florida Power and Light Company for the Construction, Operation and Maintenance of the New Metrorail Dedicated Service Feeders and Appurtenant Equipment, to be Installed from Time-to-Time on Property Owned by Miami-Dade County, located at 7701 NW 79<sup>th</sup> Avenue, and in Conjunction with the Palmetto Traction Power Sub-Station Project

---

## RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) approve the attached resolution authorizing conveyance of a Non-Exclusive Easement to Florida Power and Light Company (FPL) for the construction, operation and maintenance of underground cables, underground conduits, and appurtenant equipment, to be installed from time-to-time, on property owned by Miami-Dade County (County), located at 7701 NW 79<sup>th</sup> Avenue, and in conjunction with the Palmetto Traction Power Sub-Station Project.

This easement area, legally described and illustrated in Exhibit "A" of the attached Underground Easement instrument, contains (was constructed earlier) the new 13.2 KV dedicated service feeder cables which provide electrical power to the new Palmetto TPSS.

## SCOPE

This easement is physically located within Commission District 12 (Diaz).

## FISCAL IMPACT/FUNDING SOURCE

There is no fiscal impact to Miami-Dade County for the conveyance of this Easement.

## TRACK RECORD/MONITOR

The County has previously granted easements to FPL. The Right of Way, Utilities and Property Management (ROW) Division of Miami-Dade Transit (MDT) will process the easement document for execution and recordation of the Easement Document. The person responsible for administering the task is Froilan I. Baez, Chief, MDT ROW Division.

## BACKGROUND

Resolution R-217-13, (April 2, 2013) ratified the actions of the County Mayor in authorizing various capital improvement contract awards through the American Recovery and Reinvestment Act of 2009, pursuant to Section 2-8.2.7 of the County Code. In addition, the Resolution included an amendment to the original FPL Metrorail Phase 1 Contribution Administration Agreement with issuance of a Work Order in the amount of up to \$2,621,085 which allowed FPL to proceed with the construction of the electrical service requirements for the Palmetto Station Traction Power Sub-Station Project.

The installation work has been completed and FPL installed two (2) 13.2 KV dedicated electrical service feeders. Prior to the installation, Palmetto Metrorail Station third rail electrical power needs were being supplied by the Okeechobee Traction Power Sub-Station. However, the Okeechobee Station does not have sufficient electrical capacity to continue providing electrical power for the Palmetto Station and the anticipated new Metrorail vehicles. This new Sub-Station at Palmetto has been equipped with greater

Honorable Chairwoman Rebeca Sosa  
and Members, Board of County Commissioners

electrical capacity which is required to be available and operable prior to the arrival of the new vehicles beginning in 2017. FPL requires this new Easement to be granted starting from the west end of the property and along the south side of the Palmetto Station property and terminating at the west side of the building of the new TPSS. A layout of the Easement is attached - see Exhibit "B".

MDT recommends approval of this Easement conveyance for FPL to have the right to access the County property to upgrade / maintain its facilities after serving written notice to MDT.
