

# Memorandum

(Public Hearing 12-16-14)

**Date:** July 15, 2014

**To:** Honorable Chairwoman Rebeca Sosa  
and Members, Board of County Commissioners

Agenda Item No. 5(L)

**From:** Carlos A. Gimenez  
Mayor

**Subject:** Villa Bello Multipurpose Maintenance  
and Street Lighting Special Taxing District

## Recommendation

It is recommended that the Board of County Commissioners (BCC) approve a petition submitted in accordance with Article 1, Chapter 18 of the Miami-Dade County Code for creation of the Villa Bello Multipurpose Maintenance and Street Lighting Special Taxing District. The creation of this district is a subdivision requirement pursuant to Chapter 28 of the Code and Public Works and Waste Management Department policy. The multipurpose maintenance program will remain dormant until such time as any association or community development district (CDD) fails to provide the required maintenance services.

## Scope

This proposed special taxing district boundary lies within Commissioner Jose Diaz's District 12, and will provide street lighting services and other multipurpose maintenance services, if and when necessary.

## Fiscal Impact/Funding Source

Creation of this district will result in no economic impact on the County's budget. The developer, pursuant to Chapter 18 of the Code, is required to fund the district's first year's lease of the equipment and electricity costs to operate the street lighting system and all costs incidental to the creation and administration incurred by Miami-Dade County. Maintenance services which cannot be equitably or conveniently provided by the property owners shall be provided by the district upon acceptance of the plat required improvements by Miami-Dade County and upon the failure of any association or CDD to provide the required maintenance services and such services will be funded by special assessments against benefited property.

After the first year, the economic impact on the private sector will be a perpetual annual special assessment for the cost of street lighting to all property owners within the district, and when necessary, a special assessment for district multipurpose maintenance services. The Florida Power and Light Company is the owner of the street lighting system and therefore will derive revenues from it.

At this time there will be no increase or decrease in County staffing due to this district. The private sector may increase its staffing levels to provide the service requirements created by this special taxing district.

## Track Record/Monitoring

The Public Works and Waste Management Department is the managing entity overseeing this item and the person responsible is Donald L. Tock, Jr., Chief, Special Taxing Districts Division.

**Background**

Contingent upon BCC approval of this district's creating ordinance, the street lighting improvements will be accomplished pursuant to an agreement between Miami-Dade County and the Florida Power and Light Company. The facilities provided will remain the property of the Florida Power and Light Company, and the company will be responsible for the maintenance, repair, upgrades, and replacement of the light standards, fixtures, lamps, and all connecting service lines. The Special Taxing Districts Division will administer the Florida Power and Light Company's agreement, installation, and billing process. The Miami-Dade County Parks, Recreation and Open Spaces Department and Public Works and Waste Management Department's Special Taxing Districts Division will provide the district's required maintenance services and cause implementation of special assessments for the costs of such services against benefitted property, as well as contract monitoring, compliance and enforcements, if and when necessary.

- Boundary:** On the North, theo. NW 89 Street;  
On the East, NW 112 Place;  
On the South, NW 88 Street;  
On the West, NW 113 Place.
- Number of Parcels:** 3 (Tentative plat proposes 52 townhouse units).
- Number of Owners:** 1
- Number of Owners With Homestead Exemption Signing Petition:** None - The petition was submitted by Lennar Homes, LLC., the sole property owner and developer.
- Preliminary Public Meeting:** None necessary.
- Required Referendum:** The creation of the district will be subject only to BCC approval; no election will be necessary as 100 percent of the property owners signed the petition.
- Preliminary Assessment Roll:** The street lighting assessment roll is submitted on the same agenda as a separate agenda item for consideration and adoption by the BCC and contingent upon the Board's approval of this district's creating ordinance. In the event any association or CDD fails to provide the maintenance services shown below, a hearing to adopt the district's maintenance assessment roll will be conducted. The implementation of the assessment rolls will be in accordance with the procedures defined in Chapter 18 of the Code.
- Proposed Service and Improvements**  
**Multipurpose Maintenance Services:** The creation of this district is requested to maintain landscaped swales and/or medians including turf, and any trees, shrubs, and irrigation including utility payments, common areas, any entrance features, and

the exterior of any fencing or walls within the district boundary abutting public rights-of-way should any association or CDD fail to provide these services. The district will also maintain the private road area if there is a failure to provide maintenance within the private road area as defined in a non-exclusive easement granted to Miami-Dade County and recorded in the Public Records.

**Street Lighting Improvements:**

It is expected that the district will pay the annual costs to operate and maintain two (2) 22,000 lumen sodium vapor bracket-arm streetlights mounted on concrete poles to be transferred from an existing district for billing purposes. At the discretion of the County Engineer, the Miami-Dade County Public Works and Waste Management Department reserves the right to adjust the number, style and luminosity of the street lighting installations, for reasons including but not limited to, changes in field conditions, to address safety concerns, to provide for lighting continuity between contiguous lighting special taxing districts on connecting roadways, to allow higher intensity spotlighting at specific locations, and to accommodate future Departmental lighting standards.

**Estimated Initial Billing:**

Assessment billed annually as an itemized portion of the annual tax bill.

**Initial Start of Service**

**Multipurpose Maintenance Services:** October 1<sup>st</sup> following cessation of maintenance services by the developer and failures of any association or CDD to provide services.

**Street Lighting Service:** November 2015, following the provision of street lighting services by the developer for the first year.

The above annual costs and assessment information for multipurpose maintenance services are for informational purposes only and were calculated based on current costs assuming that maintenance services were to commence this year. Actual costs for multipurpose maintenance services will be determined at the time of the multipurpose maintenance assessment roll hearing. The above annual street lighting costs and assessment information are based on the expected lighting services to be provided by the district, and are subject to change in the event that district services are adjusted by the County Engineer as provided herein.

State or Federal grants are not applicable to this special taxing district.

Each special taxing district is unique due to its geographical boundary, affected property owners, and level of services to be provided. Creation of a new special taxing district to provide these services is the best and most cost-effective method to achieve this benefit.

In accordance with the requirements of Chapter 28 of the Code to provide street lighting in new subdivisions through the creation of street lighting special taxing districts, and in compliance with the provisions of Section 18-3 (c) of the Code, I have reviewed the facts submitted by the Public Works and Waste Management Department and concur with their recommendation that this District be created pursuant to Sections 18-2 and 18-22.1 of the Code.

Alina T. Hudak, Deputy Mayor

**REPORT AND RECOMMENDATIONS ON THE CREATION OF VILLA BELLO  
MULTIPURPOSE MAINTENANCE AND STREET LIGHTING SPECIAL TAXING DISTRICT  
MIAMI-DADE COUNTY, FLORIDA**

Pursuant to Chapter 18 of the Code, and as a result of a detailed investigation of a duly petitioned for special taxing district, the following facts are submitted by the Public Works and Waste Management Department concerning the creation of Villa Bello Multipurpose Maintenance and Street Lighting Special Taxing District.

**1. BOUNDARY OF THIS DISTRICT**

The proposed district is located entirely within the municipal limits of the City of Doral, Florida. Pursuant to Chapter 18 of the Code, Miami-Dade County has received approval from the City of Doral to create this special taxing district per Resolution No. 03-40, a copy of which is attached, and the boundary, as set forth in the petition, is as follows:

A portion of Section 07, Township 53 South, Range 40 East, Miami-Dade County, Florida; being more particularly described as follows:

The east 540.00 feet of the west 925.00 feet of Tract 18 of Florida Fruit Lands Company's Subdivision No. 1, according to the plat thereof, as recorded in Plat Book 2, Page 17, of the Public Records of Miami-Dade County, Florida, (a.k.a. Villa Bello, Tentative Plat #T-23381).

The district's boundary and geographical location are shown on the attached sketch entitled Villa Bello Multipurpose Maintenance and Street Lighting Special Taxing District and hereinafter referred to as Exhibit A.

**2. LOCATION AND DESCRIPTION OF THE SERVICES AND IMPROVEMENTS TO BE PROVIDED**

**A) Multipurpose Maintenance Services** – Maintenance of landscaped swales and/or medians including turf, and any trees, shrubs, and irrigation including utility payments, common areas, any entrance features and the exterior of any fencing or walls within the district boundary abutting public rights-of-way should any association or community development district (CDD) fail to provide these services. The district will also maintain the private road area if there is a failure to provide maintenance within the private road area as defined in a non-exclusive easement granted to Miami-Dade County and recorded in the Public Records. Service will commence following failure of any association or CDD to provide these services, and upon adoption of the district's multipurpose maintenance assessment roll. Other maintenance services may be provided in the future as specified in the district's ordinance and amendments thereto.

**B) Street Lighting Services** – Installation, operation, and maintenance of public street lighting located within public rights-of-way.

**3. ESTIMATED COSTS AND ANNUAL EXPENSE FOR MAINTENANCE, REPAIR AND OPERATION OF THIS DISTRICT**

**A) Multipurpose Maintenance Services** – This initial cost estimate has been developed by the Public Works and Waste Management Department based on estimates previously provided by the Parks, Recreation and Open Spaces Department for similar maintenance taxing districts. The district will provide multipurpose maintenance services as specified in Item 2 above.

The combined costs of the multipurpose maintenance project and operation of the district's improvements including services, engineering, administration, billing, collecting, and processing for the first year is provided by the petitioner, and these costs are estimated for report purposes at \$7,964.67 for the second year. The expense of the multipurpose maintenance program will be continuous and service costs following district implementation are to be apportioned to individual properties within the district on the basis of lot or parcel square footage. The combined costs of the

multipurpose maintenance program and administrative expenses as shown below are to be paid for by special assessments levied against all benefited properties. Actual multipurpose maintenance costs will be determined at the time of the multipurpose maintenance assessment roll public hearing and will then be adjusted annually each year thereafter based on actual experience.

<u>Estimated Annual Costs</u>	<u>First Year</u>	<u>Second Year</u>

**B) Street Lighting Services** – The cost of streetlights in this district will be continual and is based on a preliminary estimate using Rate Schedule No. SL-1 prepared by the Florida Power and Light Company and approved by the Florida Public Service Commission, a copy of which is attached. The Florida Power and Light Company will install the lights, poles, and service lines at its expense and the facilities will remain the property of the Florida Power and Light Company, which will be responsible for the maintenance and upgrade of the light standards, fixtures, lamps, and all connecting service lines. However, the developer(s), through the special taxing district, may be required to pay a differential cost if rapid construction techniques cannot be used on this project and this cost is shown in the district's cost estimate below. Actual costs for the second year and each year thereafter will then be adjusted annually based on actual experience.

**4. CONFORMITY TO THE MASTER PLAN OF MIAMI-DADE COUNTY**

The proposed district conforms to and in no way conflicts with the master plan of development for Miami-Dade County (see attached memorandum from the Department of Regulatory and Economic Resources, a successor to the Department of Planning and Zoning).

**5. RECOMMENDATION CONCERNING THE DESIRABILITY OF THIS DISTRICT**

The need for multipurpose maintenance programs and street lighting in Miami-Dade County is apparent. Residents and property owners of Miami-Dade County continue to demonstrate their desire for the services which will be provided by this district through numerous petitions and personal requests. The ability of the affected property to pay special assessments is evident since the costs of this district's services, including any bonds then outstanding, does not exceed twenty-five (25) percentum of the assessed valuation of all property within the district's boundary (including homesteads) as shown by the last preceding assessment roll of the County. In my opinion, the proposed multipurpose maintenance and streetlight program will provide special benefits to property within the district exceeding the amount of special assessments to be levied.

**6. PROCEDURE**

Following the creation of the district by the Board of County Commissioners (BCC), the petitioners plat shall not be placed on a Commission agenda for approval prior to receipt of the payment from the developer(s) for the first year street lighting costs as specified above. Upon approval by the BCC of the petitioner's plat, and at the time of service provision, the multipurpose maintenance lot or parcel square footage first year annual rate of the assessment shall be determined and will require the adoption of a multipurpose maintenance assessment roll by the BCC and is predicated upon failure of any association or CDD to provide required maintenance services. The multipurpose maintenance square footage rate of the assessment for the second year and each year thereafter will then be adjusted annually based on actual experience. The above annual costs and assessment information for multipurpose maintenance services are for report purposes only and were calculated based on current costs assuming that maintenance services were to commence this year.

Subsequently, and upon adoption of the petitioners plat by the BCC, Miami-Dade County may then enter into an agreement with the Florida Power and Light Company, in substantially the form attached herein, wherein Miami-Dade County will pay to the Florida Power and Light Company any costs associated with the streetlight installation and ongoing costs of service. Based on front footage,

each property owner along the lighted roadway will pay the County, through a special assessment, a proportionate share of the total annual costs for the second year and each year thereafter. In the event actual second year street lighting costs are lower than the costs estimated herein, the Director of the Public Works and Waste Management Department shall adjust and decrease the second year rate of the assessment. In the event actual second year street lighting costs are higher than estimated herein, the second year rate of the assessment shall not be increased prior to the BCC adopting a revised street lighting assessment roll.

**A) Multipurpose Maintenance Services** – Contingent upon adoption of the petitioners plat and multipurpose maintenance assessment roll by the BCC, and prior to assumption of maintenance services by Miami-Dade County, all areas and facilities to be maintained by the district must be inspected and accepted by Miami-Dade County, and all instruments that convey title to, or provide ingress/egress over, any real property to be maintained by Miami-Dade County shall be submitted to the Special Taxing Districts Division of the Miami-Dade County Public Works and Waste Management Department. Maintenance of any lake, natural preservation area, archeological sites and mitigation area within the district boundary to be maintained by the district will commence upon notice from the Department of Regulatory and Economic Resources that the developer has complied with any and all maintenance requirements imposed by the Department of Regulatory and Economic Resources.

Once any applicable provisions expressed above are met, implementation of maintenance services within or abutting the public right-of-way may begin upon receipt of a written request from the developer no later than October 1st, the beginning of the County's fiscal year, provided sufficient time to initiate the process of assessment and notice of collection to all property owners within the district and. Services within the private road area may commence upon failure of the developer or any association or CDD to maintain the landscaped areas and ingress/egress easements as defined in a "Grant of Perpetual Non-Exclusive Easement" and made a part herein by reference. Upon assumption of maintenance services by the district, the costs of which are estimated in the district's cost estimate, any increase in future multipurpose maintenance functions within the scope of service for the district may be provided upon recommendation by a majority of the property owners for consideration by Miami-Dade County as administrator, provided that any expansion of the scope of services of the district may require adoption of an amending ordinance. The district shall provide a minimum level of services as determined by the Miami-Dade County Public Works and Waste Management Department and services may not be deleted entirely unless the district is abolished.

Once district services begin, the Parks, Recreation and Open Spaces Department will conduct a meeting in the community, inviting all directly affected property owners for the purpose of reviewing the district's annual budget and level of services. This will enable Miami-Dade County, as administrator, to secure input from affected community representatives, association and property owners to improve delivery of services or lower costs of the services provided within the scope of the district's authorized functions as specified in Item 2 above, and to determine the following:

1. Level of service;
2. Areas to be maintained;
3. Approximate effect on cost and rate of the assessment for any changes.

However, because costs and/or maintenance service levels may increase, the estimated annual expense, as indicated herein, can only be based on the initial maintenance program. After the first year, the costs of the multipurpose maintenance program will therefore require adjustment annually through the budget process performed by the Parks, Recreation and Open Spaces Department and the Public Works and Waste Management Department as administrators of the district.

**B) Street Lighting Services** – As provided for under Section 18 of the Code, the property owner(s), the developer(s), within the proposed district shall guarantee payment of all costs and expenses incidental to the creation of such district and shall pay the entire cost of providing street lighting within the district for the first year. Upon adoption of the petitioner's plat by the BCC, the Florida Power and Light Company will install the lights, poles and service lines at its expense, with annual service/rental costs to be borne by district property owners. Miami-Dade County may then enter into an agreement with the Florida Power and Light Company wherein Miami-Dade County will pay to the Florida Power and Light Company any costs associated with the streetlight installation, and for the annual cost of providing the streetlight service. These amounts will be charged during the first year's operation against funds advanced by the petitioners. Based on front footage, each property owner along the lighted roadway will pay the County, through a special assessment, a proportionate share of the total annual street lighting costs each year thereafter.

**7. RECOMMENDATION**

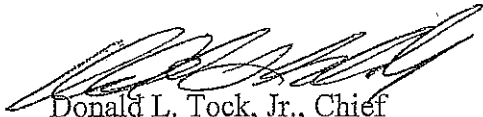

I recommend that Villa Bello Multipurpose Maintenance and Street Lighting Special Taxing District be created pursuant to Section 18-2 of the Code, which provides for the creation of special taxing districts for street lighting in new subdivisions and Section 18-22.1 permitting a petition of all property owners for multipurpose maintenance services. The creation of this district will be subject to BCC approval; no election will be necessary as 100 percent of the property owners signed the petition. I also recommend that the County Attorney cause to be prepared an ordinance authorizing the creation of the Villa Bello Multipurpose Maintenance and Street Lighting Special Taxing District. Pursuant to Chapter 18 of the Code, the BCC shall receive and hear, at a public hearing, remarks by interested persons on this district, and thereafter may adopt such ordinance. Following adoption of the creating ordinance, it is further recommended that the BCC adopt the district's Preliminary Assessment Roll(s) Resolution. Adoption of this resolution will enable the Miami-Dade County Tax Collector to collect the funds necessary to administer the district, reimburse affected County agencies involved in the creation and establishment of the district, as well as provide funds for payment of the annual costs for the multipurpose maintenance services and the district's monthly power bills for the second year and each year thereafter. The ordinance creating the district shall take effect ten (10) days after the date of its adoption unless vetoed by the Mayor, and if vetoed, it shall become effective only upon an override by the BCC. My office will also be available to answer any questions from the public or your office in regard to the financial and/or engineering facts of this project. We further recommend that the County Mayor or County Mayor's designee forward the attached report to the BCC after review and concurrence with our findings.

STREET LIGHTINGRATE SCHEDULE: SL-1AVAILABLE:

In all territory served.

APPLICATION:

For lighting streets and roadways, whether public or private, which are thoroughfares for normal flow of vehicular traffic. Lighting for other applications such as: municipally and privately-owned parking lots; parks and recreational areas; or any other area not expressly defined above, is not permitted under this schedule.

TYPE OF INSTALLATION:

FPL-owned fixtures normally will be mounted on poles of FPL's existing distribution system and served from overhead wires. On request of the Customer, FPL will provide special poles or underground wires at the charges specified below. Customer-owned systems will be of a standard type and design, permitting service and lamp replacement at no abnormal cost to FPL.

SERVICE:

Service includes lamp renewals, patrol, energy from dusk each day until dawn the following day and maintenance of FPL-owned Street Lighting Systems.

LIMITATION OF SERVICE:

For Mercury Vapor, Fluorescent and Incandescent luminaires, no additions or changes in specified lumen output on existing installations will be permitted under this schedule after October 4, 1981 except where such additional lights are required in order to match existing installations.

Stand-by or resale service is not permitted hereunder.

CUSTOMER CONTRIBUTIONS:

A Contribution-in-Aid-of-Construction (CIAC) will be required for:

- a) the differential cost between employing rapid construction techniques in trenching, backfilling and pole installation work where no obstructions exist, and the added cost to overcome obstructions such as sprinkler systems, paved surfaces (such as sidewalks, curbs, gutters, and roadways), landscaping, sodding and other obstructions encountered along the Street Light System installation route, including repair and replacement. If the Customer elects to perform work such as trenching and restoration, they will be reimbursed by FPL with a credit (not to exceed the total CIAC cost) for the value of this work as determined by FPL;
- b) the installation cost of any new overhead distribution facilities and/or the cost of alterations to existing distribution facilities which are required in order to serve the Street Lighting System less four (4) times the additional annual non-fuel energy revenue generated by the installation or alteration of the Street Lighting System, plus where underground facilities are installed, the differential installation cost between underground and overhead distribution facilities.

These costs shall be paid by the Customer prior to the initiation of any construction work by FPL. The Customer shall also pay any additional costs associated with design modifications requested after the original estimate has been made.

(Continued on Sheet No. 8.716)

(Continued from Sheet No. 8.715)

REMOVAL OF FACILITIES:

If Street Lighting facilities are removed either by Customer request or termination or breach of the agreement, the Customer shall pay FPL an amount equal to the original installed cost of the removed facilities less any salvage value and any depreciation (based on current depreciation rates as approved by the Florida Public Service Commission) plus removal cost.

The Underground conductors under paving charge will not apply where a CIAC is paid pursuant to section "a)" under "Customer Contributions." The Underground conductors not under paving charge will apply in these situations.

(Continued on Sheet No. 8.717)

(Continued from Sheet No. 8.716)

On Customer-owned Street Lighting Systems, where Customer contracts to relamp at no cost to FPL, the Monthly Rate for non-fuel energy shall be 2.652¢ per kWh of estimated usage of each unit plus adjustments. On Street Lighting Systems, where the Customer elects to install Customer-owned monitoring systems, the Monthly Rate for non-fuel energy shall be 2.652¢ per kWh of estimated usage of each monitoring unit plus adjustments. The minimum monthly kWh per monitoring device will be 1 kilowatt-hour per month, and the maximum monthly kWh per monitoring device will be 5 kilowatt-hours per month.

During the initial installation period:

- Facilities in service for 15 days or less will not be billed;
- Facilities in service for 16 days or more will be billed for a full month.

WILLFUL DAMAGE:

Upon the second occurrence of willful damage to any FPL-owned facilities, the Customer will be responsible for the cost incurred for repair or replacement. If the lighting fixture is damaged, based on prior written instructions from the Customer, FPL will:

- a) Replace the fixture with a shielded cutoff cobrahead. The Customer shall pay \$280.00 for the shield plus all associated costs. However, if the Customer chooses to have the shield installed after the first occurrence, the Customer shall only pay the \$280.00 cost of the shield; or
- b) Replace with a like unshielded fixture. For this, and each subsequent occurrence, the Customer shall pay the costs specified under "Removal of Facilities"; or
- c) Terminate service to the fixture.

Option selection shall be made by the Customer in writing and apply to all fixtures which FPL has installed on the Customer's behalf. Selection changes may be made by the Customer at any time and will become effective ninety (90) days after written notice is received.

(b) Modification to existing facilities other than described above (explain fully): \_\_\_\_\_

That, for and in consideration of the covenants set forth herein, the parties hereto covenant and agree as follows:

**FPL AGREES:**

- To install or modify the street lighting facilities described and identified above (hereinafter called the Street Lighting System); furnish to the Customer the electric energy necessary for the operation of the Street Lighting System, and furnish such other services as are specified in this Agreement, all in accordance with the terms of FPL's currently effective street lighting rate schedule on file at the Florida Public Service Commission (FPSC) or any successive street lighting rate schedule approved by the FPSC.

**THE CUSTOMER AGREES:**

- To pay a contribution in the amount of \$\_\_\_\_\_ prior to FPL's initiating the requested installation or modification.
- To purchase from FPL all of the electric energy used for the operation of the Street Lighting System.
- To be responsible for paying, when due, all bills rendered by FPL pursuant to FPL's currently effective street lighting rate schedule on file at the FPSC or any successive street lighting rate schedule approved by the FPSC, for facilities and service provided in accordance with this agreement.
- To provide access, final grading and, when requested, good and sufficient easements, suitable construction drawings showing the location of existing and proposed structures, identification of all non-FPL underground facilities within or near pole or trench locations, and appropriate plats necessary for planning the design and completing the construction of FPL facilities associated with the Street Lighting System.
- To perform any clearing, compacting, removal of stumps or other obstructions that conflict with construction, and drainage of rights-of-way or easements required by FPL to accommodate the street lighting facilities.

IT IS MUTUALLY AGREED THAT:

7. Modifications to the facilities provided by FPL under this agreement, other than for maintenance, may only be made through the execution of an additional street lighting agreement delineating the modifications to be accomplished. Modification of FPL street lighting facilities is defined as the following:

- a. the addition of street lighting facilities;
- b. the removal of street lighting facilities; and
- c. the removal of street lighting facilities and the replacement of such facilities with new facilities and/or additional facilities.

Modifications will be subject to the costs identified in FPL's currently effective street lighting rate schedule on file at the FPSC, or any successive schedule approved by the FPSC.

- 8. FPL will, at the request of the Customer, relocate the street lighting facilities covered by this agreement, if provided sufficient right-of-ways or easements to do so. The Customer shall be responsible for the payment of all costs associated with any such Customer-requested relocation of FPL street lighting facilities. Payment shall be made by the Customer in advance of any relocation.
- 9. FPL may, at any time, substitute for any luminaire/lamp installed hereunder another luminaire/lamp which shall be of at least equal illuminating capacity and efficiency.
- 10. This Agreement shall be for a term of ten (10) years from the date of initiation of service, and, except as provided below, shall extend thereafter for further successive periods of five (5) years from the expiration of the initial ten (10) year term or from the expiration of any extension thereof. The date of initiation of service shall be defined as the date the first lights are energized and billing begins, not the date of this Agreement. This Agreement shall be extended automatically beyond the initial the (10) year term or any extension thereof, unless either party shall have given written notice to the other of its desire to terminate this Agreement. The written notice shall be by certified mail and shall be given not less than ninety (90) days before the expiration of the initial ten (10) year term, or any extension thereof.
- 11. In the event street lighting facilities covered by this agreement are removed, either at the request of the Customer or through termination or breach of this Agreement, the Customer shall be responsible for paying to FPL an amount equal to the original installed cost of the facilities provided by FPL under this agreement less any salvage value and any depreciation (based on current depreciation rates as approved by the FPSC) plus removal cost.
- 12. Should the Customer fail to pay any bills due and rendered pursuant to this agreement or otherwise fail to perform the obligations contained in this Agreement, said obligations being material and going to the essence of this Agreement, FPL may cease to supply electric energy or service until the Customer has paid the bills due and rendered or has fully cured such other breach of this Agreement. Any failure of FPL to exercise its rights hereunder shall not be a waiver of its rights. It is understood, however, that such discontinuance of the supplying of electric energy or service shall not constitute a breach of this Agreement by FPL, nor shall it relieve the Customer of the obligation to perform any of the terms and conditions of this Agreement.
- 13. The obligation to furnish or purchase service shall be excused at any time that either party is prevented from complying with this Agreement by strikes, lockouts, fires, riots, acts of God, the public enemy, or by cause or causes not under the control of the party thus prevented from compliance and FPL shall not have the obligation to furnish service if it is prevented from complying with this Agreement by reason of any partial, temporary or entire shut-down of service which, in the sole opinion of FPL, is reasonably necessary for the purpose of repairing or making more efficient all or any part of its generating or other electrical equipment.
- 14. This Agreement supersedes all previous Agreements or representations, either written, oral or otherwise between the Customer and FPL, with respect to the facilities referenced herein and constitutes the entire Agreement between the parties. This Agreement does not create any rights or provide any remedies to third parties or create any additional duty, obligation or undertakings by FPL to third parties.
- 15. This Agreement shall inure to the benefit of, and be binding upon the successors and assigns of the Customer and FPL.
- 16. This Agreement is subject to FPL's Electric Tariff, including, but not limited to, the General Rules and Regulations for Electric Service and the Rules of the FPSC, as they are written, or as they may be hereafter revised, amended or supplemented. In the event of any conflict between the terms of this Agreement and the provisions of the FPL Electric Tariff or the FPSC Rules, the provisions of the Electric Tariff and FPSC Rules shall control, as they are now written, or as they may be hereafter revised, amended or supplemented.

IN WITNESS WHEREOF, the parties hereby caused this Agreement to be executed in triplicate by their duly authorized representatives to be effective as of the day and year first written above.

# MEMORANDUM

To: Aristides Rivera, P.E., P.L.S., Director  
Public Works Department

Date: January 15, 2002

From: *Diane O'Quinn Williams*  
Diane O'Quinn Williams, Director  
Department of Planning and Zoning

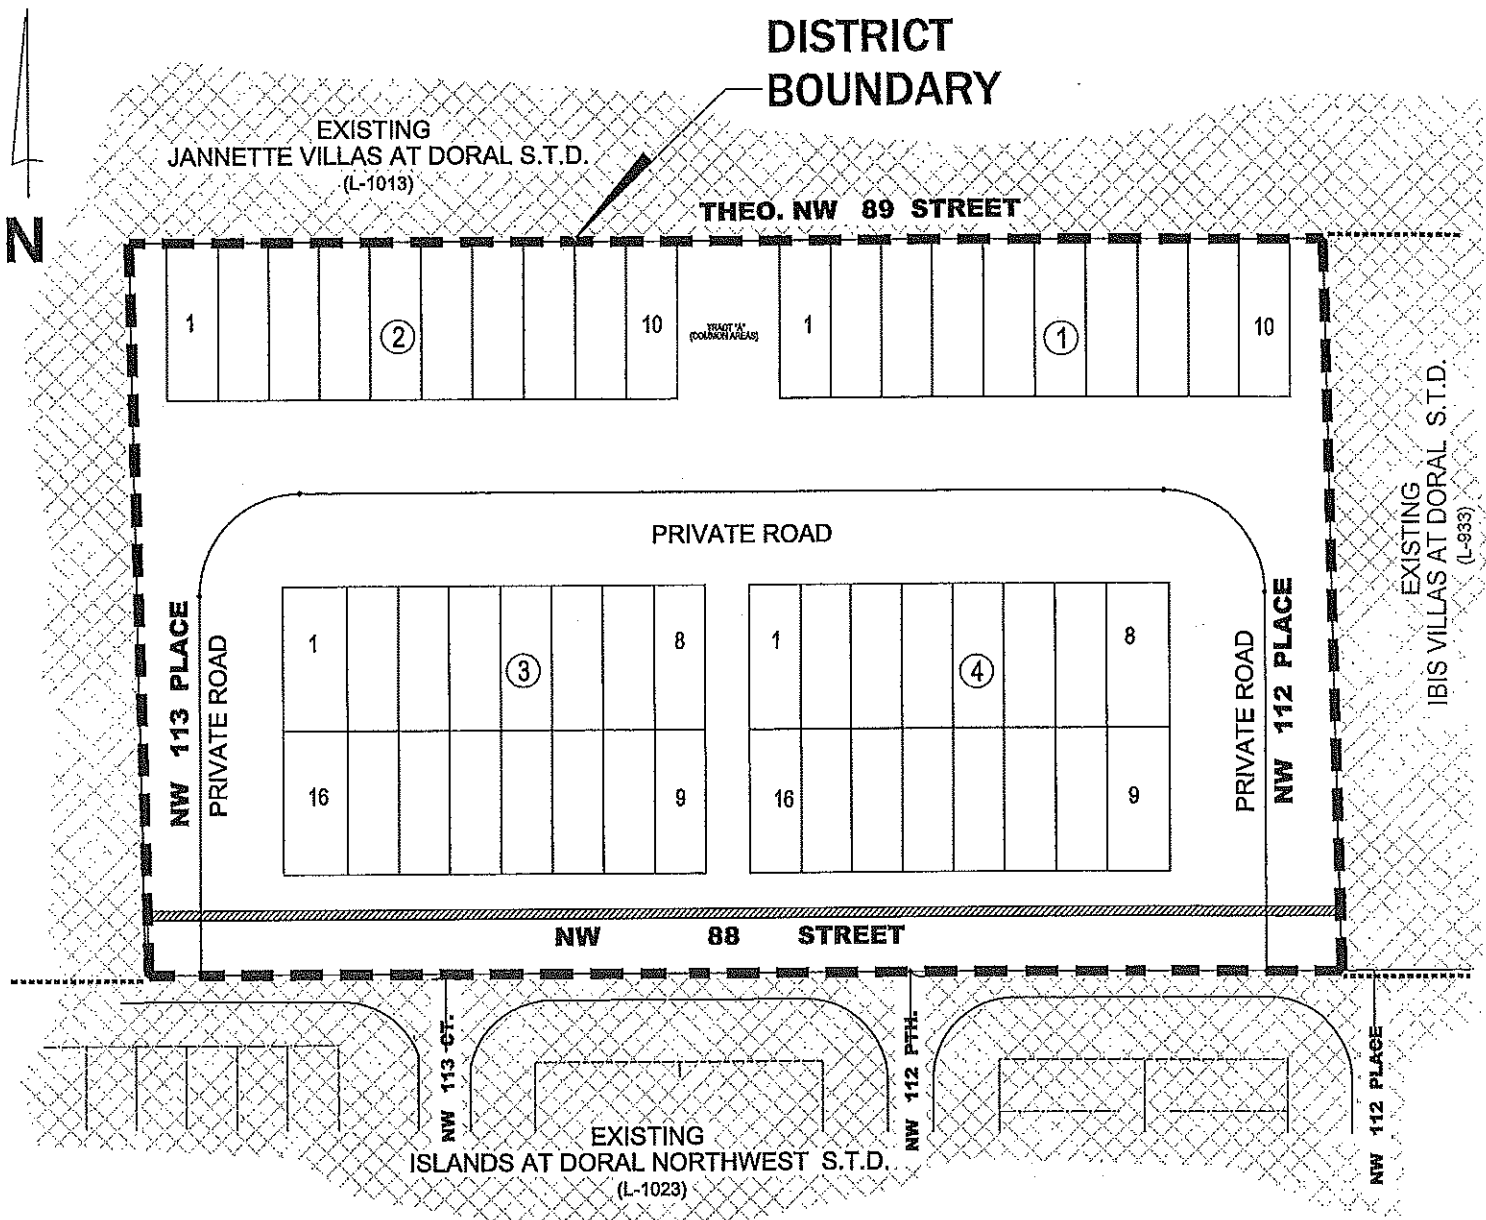

Subject: Street Lighting, Maintenance of  
Landscape, Walls Adjacent to  
Double-Frontage Lots and Lakes  
Special-Taxing Districts

Section: As Required  
District: As Required  
Council: As Required

Effective September 5, 2001, all tentative plats in the unincorporated area of Miami-Dade County submitted to the Land Development Division of the Public Works Department, must be accompanied by a properly executed petition for all applicable special taxing districts including, but not limited to street lights, maintenance of landscape, walls adjacent to double frontage lots, entrance features and lakes. Final Plats will not be presented to the Board of County Commissioners for consideration until the applicable special taxing districts are created, and all fees have been paid. In that regard, to ensure expeditious processing, this Memorandum may serve as approval for certain future special taxing district application requests as being consistent with the intent and purpose of the adopted 2005-2015 Comprehensive Development Master Plan (CDMP). Policy 4A - Capital Improvement Element states: Appropriate funding mechanisms will be adopted and applied by Miami-Dade County in order to assure the fiscal resources to maintain acceptable levels of service. Such funding mechanisms include special tax districts, municipal taxing service units, local option taxes, user fees, local gas tax, general obligation bond, impact fees, and special purpose authorities, or others as appropriate and feasible (Adopted Components as Amended through April 2001, page IX-10). The provision for services over and above minimum for neighborhoods and communities may be accomplished through the special taxing district as may be prescribed by the code.

The Department of Planning and Zoning (DP&Z) has no objection to a blanket approval with condition to establish future special taxing districts as limited to requests for street lighting, landscape maintenance, walls adjacent to double-frontage lots and lake maintenance districts. The previously noted special taxing districts may be established on the condition that the DP&Z review all landscape maintenance districts for compliance with plantings in public rights-of-way and lake maintenance districts for consistency with Landscape Code (Chapter 18A) Section 18A-6(L) Storm Water Retention/Detention Areas.

ORDINANCE NO. \_\_\_\_\_

ORDINANCE CREATING AND ESTABLISHING A SPECIAL TAXING DISTRICT IN MIAMI-DADE COUNTY, FLORIDA, KNOWN AND DESCRIBED AS VILLA BELLO MULTIPURPOSE MAINTENANCE AND STREET LIGHTING SPECIAL TAXING DISTRICT IN ACCORDANCE WITH THE PROVISIONS OF CHAPTER 18 OF THE CODE OF MIAMI-DADE COUNTY, FLORIDA; AND PROVIDING AN EFFECTIVE DATE

**WHEREAS**, the Miami-Dade County Home Rule Amendment to the Florida Constitution (Article VIII, Section 6) grants to the electors of Miami-Dade County power to adopt a home rule charter of government for Miami-Dade County, Florida, and provides that such charter may provide a method for establishing special taxing districts and other governmental units in Miami-Dade County from time to time; and

**WHEREAS**, the Home Rule Charter adopted by the electors of Miami-Dade County on May 21, 1957, provides that the Board of County Commissioners, as the legislative and governing body of Miami-Dade County, shall have the power to establish special purpose districts within which may be provided essential facilities and services, including landscape improvement and other maintenance programs and street lighting, and that all funds for such districts shall be provided by service charges, special assessments, or general tax levies within such districts only, and that the County Commission shall be the governing body of all such districts; and

**WHEREAS**, pursuant to such provisions of the Florida Constitution and the Home Rule Charter, the Board of County Commissioners duly enacted Chapter 18 of the Code of Miami-Dade

County, Florida, providing for the creation and establishment of special taxing districts and prescribing the procedures therefore; and

**WHEREAS**, in accordance with the provisions of Chapter 18 of the Code of Miami-Dade County, Florida, a petition for the creation of a special taxing district to be known as the VILLA BELLO MULTIPURPOSE MAINTENANCE AND STREET LIGHTING SPECIAL TAXING DISTRICT duly signed by 100% of the owners (developer/petitioner) of property within the proposed district, was filed with the Clerk of the County Commission. Such petition prayed for the creation and establishment of a special taxing district for the purpose of providing maintenance of landscaped swales and/or medians, and the exterior faces of any fencing or walls adjacent to public rights-of-way, common areas and private road areas, and street lighting services located within the public domain to be financed solely by means of special assessments levied and collected within the area therein and hereinafter described; and

**WHEREAS**, upon receipt of such petition the Clerk of the County Commission transmitted a copy thereof to the County Mayor or County Mayor's designee who examined it and filed a written report with the Clerk certifying that such petition was sufficient in form and substance and signed and properly presented in accordance with the requirements of Chapter 18 of the Code of Miami-Dade County, Florida; and

**WHEREAS**, the County Mayor or County Mayor's designee, after making appropriate investigations, surveys, plans and specifications, compiled and filed with the Board of County Commissioners a written report and recommendations, included herein by reference, setting forth the boundary of the proposed special taxing district, the location, nature and character of the multipurpose maintenance programs and street lighting services to be provided within the

proposed district, an estimate of the cost of maintaining and operating such improvements and/or services, certification that the proposed district's improvements and multipurpose maintenance programs and/or services conform to the master plan of development for the County, and setting forth recommendations concerning the need for and desirability of the requested district, the ability of the affected property to bear special assessments to fund the cost of maintaining and operating such improvements and multipurpose maintenance programs and/or services, and an estimate of the amount to be assessed against each square foot for landscape and other maintenance programs and each front foot for street lighting services of the benefited property within the proposed district, and expressing an opinion that the property to be specially assessed will be benefited in excess of the special assessments to be levied, and the County Mayor or County Mayor's designee attached to such report and recommendations a map or sketch showing the boundary and geographical location of the proposed district. Such "Report and Recommendations" of the County Mayor or County Mayor's designee was filed with the Clerk and transmitted to the Chairperson; and

**WHEREAS**, it appearing to the Board of County Commissioners from such report of the County Mayor or County Mayor's designee and other investigations that the district petitioned for would be of special benefit to all property within the proposed boundary and that the total amount of the special assessments to be levied would not be in excess of such special benefit; the Clerk of the Board certified the place, date and hour for a public hearing on the petition of the property owners (developer/petitioner) and the report and recommendations of the County Mayor or County Mayor's designee -- said hearing was held on Tuesday,

Copies of the notice of the public hearing were duly published in newspapers of general

circulation published in Miami-Dade County, Florida, and copies thereof will be posted in not less than five (5) public places within the proposed district, and copies thereof will be mailed to all owners of taxable real property within the boundary of the proposed district as their names and addresses appear on the latest Miami-Dade County Real Property Tax Roll; and

**WHEREAS**, pursuant to said notice, the Board of County Commissioners on Tuesday, \_\_\_\_\_, will hold a public hearing, at which all interested persons will be afforded the opportunity to present their objections, if any, to the creation and establishment of the proposed special taxing district; and

**WHEREAS**, the Board of County Commissioners, upon review and consideration of the report and recommendations of the County Mayor or County Mayor's designee and the views expressed by the property owners within the proposed special taxing district, has determined to create and establish such special taxing district in accordance with the report and recommendations of the County Mayor or County Mayor's designee, and the provisions of Chapter 18 of the Code of Miami-Dade County,

**NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that:**

Section 1. In accordance with the provisions of Chapter 18 of the Code of Miami-Dade County, Florida, a special taxing district to be known and designated as the VILLA BELLO MULTIPURPOSE MAINTENANCE AND STREET LIGHTING SPECIAL TAXING DISTRICT, whose boundary lies entirely within the City of Doral, Florida, is hereby created and established.

Section 2. The area or boundary of this proposed special taxing district is as follows:

A portion of Section 07, Township 53 South, Range 40 East, Miami-Dade County, Florida; being more particularly described as follows:

The east 540.00 feet of the west 925.00 feet of Tract 18 of Florida Fruit Lands Company's Subdivision No. 1, according to the plat thereof, as recorded in Plat Book 2, Page 17, of the Public Records of Miami-Dade County, Florida, (a.k.a. Villa Bello, Tentative Plat #T-23381).

The area and geographical location of this proposed special taxing district are shown on the Exhibit map or sketch, and made a part herein by reference.

Section 3. The service to be provided within this proposed special taxing district will initially consist of the following:

- A) Maintenance of landscaped swales and/or medians including turf, and any trees, shrubs, and irrigation including utility payments, common areas, any entrance features and the exterior of any fencing or walls within the district boundary abutting public rights-of-way should any association or community development district fail to provide these services. The district will also maintain the private road area if there is a failure to provide maintenance within the private road area as defined in a non-exclusive easement granted to Miami-Dade County and recorded in the Public Records.
- B) Street lighting services described in the County Mayor's memorandum to the Board of County Commissioners, which is adopted and incorporated herein.

Section 4. A) Multipurpose Maintenance – The combined costs of the multipurpose maintenance project and operation of the proposed district's improvements and/or services including engineering, administration, billing, collecting and processing for the first year is provided by petitioner, and \$7,964.67 for the second year. It is estimated that the cost per assessable square foot of real property within the proposed district for the initial multipurpose

maintenance program shall be provided by petitioners for the first year, and \$0.0498 for the second year. The second and succeeding years' assessments will be adjusted from actual experience.

B) Street Lighting Services – The installation of the street lighting project will be accomplished pursuant to an agreement between Miami-Dade County and the Florida Power and Light Company. The expected costs of the street lighting project and operation of the proposed district's improvements including service, maintenance, electricity, engineering, administration, billing, collection and processing for the first year are provided by petitioner and estimated to be \$8,675.46. The expected costs of the street lighting project and operation of the district's improvements including service, maintenance, electricity, engineering, administration, billing, collection and processing for the second year are estimated to be \$1,006.53. The expected estimated cost per assessable front foot of real property within the proposed district for the second year is \$1.9209. The second and succeeding years' assessments will be adjusted from actual experience.

Section 5. A) Multipurpose Maintenance – Miami-Dade County, as administrator of this district's maintenance program, is directed to provide service by the most effective and efficient means available on a yearly basis, as detailed in the County Mayor or County Mayor's designee report which is made a part hereof by reference. If there is a proposed significant change to the level of services to be provided, the Parks, Recreation and Open Spaces Department shall conduct a meeting in the community, inviting all affected district property owners for the purpose of reviewing the district's budget and level of services.

B) Street Lighting Service – The proposed Street Lighting agreement between Miami-Dade County and Florida Power and Light Company is hereby approved and made

a part hereof by reference, and the County Mayor or County Mayor's designee and the Clerk or Deputy Clerk of the County Commission are hereby authorized and directed to execute said agreement for and on behalf of Miami-Dade County.

Section 6. A) Multipurpose Maintenance – The County Mayor or County Mayor's designee is authorized and directed to cause to be made the maintenance and operation of various public improvements to be installed within the proposed district in accordance with the provisions of this Ordinance. However, multipurpose maintenance services will be provided by the taxing district in accordance with the provisions of this ordinance only if an association and, if applicable, a community development district, have failed to provide these maintenance services and the County has adopted this proposed district's multipurpose maintenance assessment roll.

B) Street Lighting Service – The County Mayor or County Mayor's designee is authorized and directed to cause the installation of the required streetlights to be accomplished within the proposed district in accordance with the provisions of said agreement and with the terms of this Ordinance.

Section 7. The County Mayor or County Mayor's designee is further directed to cause to be prepared and filed with the Clerk of the County Commission two (2) Preliminary Assessment Rolls in accordance with the provisions of Section 18-14 of the Code of Miami-Dade County, Florida. As authorized by Section 197.363, Florida Statutes, all special assessments levied and imposed under the provisions of this Ordinance shall be collected, subject to the provisions of Chapter 197, Florida Statutes, in the same manner and at the same time as ad valorem taxes. In accordance with utilization of the ad valorem tax collection method, if such special assessments are not paid, when due, the potential for loss of title to the property exists. Furthermore, it is

hereby declared that said improvements and/or services will be a special benefit to all property within the special taxing district and the total amount of special assessments to be levied as aforesaid will not be in excess of such special benefit.

Section 8. A duly certified copy of this Ordinance shall be filed in the Office of the Clerk of the Circuit Court of Miami-Dade County, Florida, and recorded in the appropriate book of records.

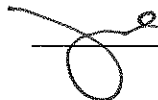

Section 9. The provisions of this Ordinance shall become effective ten (10) days after the date of its enactment, unless vetoed by the Mayor, and if vetoed, shall become effective only upon an override by this Board.
