Agenda Item No. 8(E)1

Subject: Supplemental Information regarding Resolution authorizing the County Mayor to enter into Memorandums of Understanding (MOU) between Miami-Dade County and researchers for research and publication of data collected pursuant to the protocol established by the Miami-Dade Stemi (ST-Elevation Myocardial Infarction) Network (Legistar 141269)

The Recommendation section of the Memorandum that accompanies this item indicates the Department is seeking the authority to enter into a memorandum of understanding with one researcher. However, as the resolution indicates the Department would like the authority to enter into agreements with multiple researchers if possible.

Upon ratification of this item, it is not the Department's intention to seek the delegated authority to make any amendments to this MOU. The only delegated authority that the Department is seeking is to execute the contract and any cancellation provisions contained in the item.
