**Date:** December 2, 2014

**To:** Honorable Chairwoman Rebeca Sosa  
and Members, Board of County Commissioners

**From:** Carlos A. Gimenez  
Mayor

A handwritten signature in black ink, appearing to read "Carlos A. Gimenez", written over the printed name.

**Subject:** Approval of the Transfer of Contracts for Up To \$456,425.13 of Community Development Block Grant Funds and Conditional Commitments for up to \$800,000 of Documentary Surtax Funds for the London House Apartments

## Recommendation

- It is recommended that the Board of County Commissioners (Board) approve the attached resolution which approves the following:
  1. Transfer of ownership for the London House Apartments from MBCDC: The London LLC to the City of Miami Beach (the "City"). A copy of the transfer of ownership between the MBCDC: The London LLC and the City of Miami Beach and related documents are attached as Exhibit 1 (deed) and Exhibit 1A (documents related to transfer of ownership);
  2. The assignment and assumption of an existing contract in the amount of \$408,482.00 in FY 2009 Community Development Block Grant (CDBG) funds, which shall be amended to include \$47,943.13 for project delivery costs incurred by PHCD staff;
  3. The assignment and assumption of two awards of FY 2013 Documentary Stamp Surtax (Surtax) funds totaling no more than \$800,000.00;
  4. The change in the number of units from what was previously approved as 18 units (Surtax) or 33 units (CDBG) to 24 units and permitting Surtax allocations to be used at both 1965 and 1975 Washington Avenue. The reduction in the number of units was the result of the architectural plans required for the new project to include accessible features.
- It is recommended that the Board authorize the County Mayor or the County Mayor's designee to execute contract(s) and amendments to ensure the City will be obligated to comply with the existing CDBG Contract.
- It is recommended that the Board authorize the County Mayor or County Mayor's designee to renew the existing conditional loan commitments for \$350,000 of Surtax funds, execute a conditional loan commitment for \$450,000 of Surtax funds, and execute shell loan documents upon a determination by the County Mayor or County Mayor's designee that the conditions set forth in the conditional loan commitments have been met.
- It is also recommended that the Board authorize the County Mayor or County Mayor's designee to extend conditional loan commitments for Surtax awards and contracts for CDBG funds for the London House Apartments project for up to two (2) years from the effective date of this resolution upon a determination by the County Mayor or County Mayor's designee that said extensions are in the best interest of the County;
- Further, it is recommended that the Board authorize the County Mayor or County Mayor's Designee to file with the United States Department of Housing and Urban Development a substantial amendment to the FY 2009 Annual Action Plan for CDBG.

## Scope

The London House Apartments is a 24-unit affordable housing rental development that will serve the low- and moderate-income community, located at 1965-1975 Washington Avenue, Miami Beach in Commission District 5 represented by Miami-Dade Commissioner Bruno A. Barreiro.

**Fiscal Impact / Funding Source**

No additional CDBG or Surtax funding is being awarded to this project in this resolution; therefore, it has no direct fiscal impact to Miami-Dade County.

Approval of this item authorizes the transfer of existing agreements with a Miami Beach CDC entity to the City of Miami Beach, which will assume the current obligations of the CDC entity to the County. The amount of County funds which to date have been spent on the development of the London House Apartments project is approximately \$340,779.50 in FY 2009 CDBG funds. Of the \$408,482 FY 2009 CDBG award, \$67,702.50 remains unexpended. In addition to the \$408,482 in CDBG funds, \$47,943.13 of a \$591,000.00 allocation in Resolution No. R-1127-08 of FY 2009 CDBG funds were set aside for the London House Apartments project for project delivery expenses attributable for County staff associated with the London House project. Of these set-aside funds, \$45,703.00 has been expended on project delivery expenses, with a remaining balance of \$2,240.13 set aside for County staff costs associated with the project.

The conditional loan commitment for \$350,000 Surtax funds was executed on March 1, 2013 and expired on September 1, 2013. To date, it has not been renewed or extended. A conditional loan commitment for \$450,000 Surtax funds was never executed, though the funds were awarded in Resolution No. R-1063-12. The total \$800,000.00 in FY 2013 Surtax funds to the MBCDC entity was and will remain contingent upon a favorable credit underwriting report. As part of the City's due diligence, the City has hired an independent firm to complete a subsidy layering review report, which has not yet been completed.

**Monitoring**

The project will be monitored by Michael Liu, Director, Public Housing and Community Development. As a part of the transfer of this project, the City of Miami Beach as the new owner will agree to all the existing terms of the conditional loan commitments, contracts and loan documents, including a 30-year affordability period for the entire project. Once construction is completed, annual monitoring for compliance with the executed agreements, including rental regulatory agreements, will be performed by the compliance staff to ensure compliance with the federal, state and local requirements.

**Background**

On October 21, 2008, the Board approved Resolution No. R-1127-08 allocating \$408,482.00 in FY 2009 CDBG funds to MBCDC: The London, LLC for the London House Apartments. Of that \$408,482.00 award, \$340,779.50 has already been expended on the project. In Resolution No. R-1127-08, the Board also awarded \$591,000.00 in FY 2009 CDBG funds to Public Housing and Community Development Department for professional services and technical assistance for housing projects. Of that \$591,000.00, \$47,943.13 of FY 2009 CDBG funds were set aside to pay County staff for project delivery expenses attributable to the London House Apartments project. Of that \$47,943.13, \$45,703.00 has already been expended and \$2,240.13 remains to be spent on such project delivery expenses. As part of the assumption of the CDBG obligations by the City, the amendments and contracts for CDBG funds will include this \$47,943.13 amount as a budgeted expense on the project. In total, \$386,482.50 of FY 2009 CDBG funds have been expended on the project.

On December 19, 2012, the Board approved Resolution No. R-1063-12 awarding \$350,000.00 in FY 2013 Surtax and on May 7, 2013, the Board approved Resolution No. R-355-13 awarding an additional \$450,000.00 in FY 2013 Surtax funds. To date the total County funding allocated to this project is \$1,256,425.13 (a combination of \$456,425.13 in CDBG funds and \$800,000 in Surtax funds).

On April 25, 2014, the City of Miami Beach contacted PHCD and expressed their documented concerns (see Exhibit 2) with Miami Beach CDC's capacity to complete the project based on administrative irregularities

and timeliness of expenditures of Neighborhood Stabilization Program 3 (NSP3) funds. It is important to note there were no known irregularities in Miami Beach CDC's use of the County's CDBG funds. On May 13, 2014, the City of Miami Beach assumed the title on the property and informed the County of their intentions to complete the project. On July 23, 2014, the City awarded the Request For Proposal (RFP) No. 2014-206-SR Design/Build Services for the London House Rehabilitation and Restoration project to Team Contracting, Inc. in the amount of \$3,725,533.35.

In an effort to demonstrate their capacity to successfully complete the project, the City of Miami Beach anticipates using various existing and future funding of \$3,896,712.00 (as reflected in Exhibit 3) and has hired an independent firm to perform a subsidy layering review of the funds identified in addition to completing the underwriting required for the County's Surtax funds. It is in the best interest of the County to allow the City to move forward in order to protect the County's existing interest in the project. Therefore, Staff recommends the approval of transfer in ownership and approval to transfer \$456,425.13 in FY 2009 CDBG and \$800,000.00 in FY 2013 Surtax funds for the London House Apartments from Miami Beach CDC to the City of Miami Beach.

The City will utilize the total combined County CDBG and Surtax funding of \$1,256,425.13 to develop the London House Apartments, a 24-unit affordable housing rental development serving a low-income housing community whose household income is less than 80% of Area Median Income (AMI). The original CDBG award was for construction or rehab of 33 units for both buildings located at 1965 and 1975 Washington Avenue. The original Surtax allocation was for 18 units for the building located at 1975 Washington Avenue. The project has since evolved and all of the funding now will be used on the project which includes both buildings at addresses 1965 and 1975 Washington Avenue and for a total of 24 units. Pursuant to Section 504 of the Rehabilitation Act, at least five percent (5%) or one (1) unit, whichever is greater will be set aside to meet Uniform Federal Accessibility Standards (UFAS) or a standard that is equivalent or stricter, for persons with mobility disabilities; and at least 2% of the units, or at least one (1) unit, whichever is greater, shall be accessible for persons with hearing or visual disabilities. The approved building plans are required to meet Section 504 of the Rehabilitation Act; however, the actual units are pending designation. In addition, at least three (3) units will be set aside for extremely low income (ELI) persons. The unit mix breakdown for the two buildings is as follows:

1975 Washington Avenue 18 Units		
Number of Units	Description	Set-Aside
9	1 BR. 1 BA	1 UFAS 2 ELI
3	2BR. 1 BA	1 UFAS

RESOLUTION APPROVING TRANSFER OF OWNERSHIP FOR THE LONDON HOUSE APARTMENTS PROJECT FROM MBCDC: THE LONDON LLC TO CITY OF MIAMI BEACH; AUTHORIZING COUNTY MAYOR OR COUNTY MAYOR'S DESIGNEE TO FILE WITH THE UNITED STATES DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT A SUBSTANTIAL AMENDMENT TO THE FY 2009 ACTION PLAN FOR COMMUNITY DEVELOPMENT BLOCK GRANT FUNDS; APPROVING ASSIGNMENT, ASSUMPTION AND AMENDMENT OF AN EXISTING FY 2009 COMMUNITY DEVELOPMENT BLOCK GRANT AGREEMENT FROM MBCDC: THE LONDON LLC TO CITY OF MIAMI BEACH IN AN AMOUNT NOT TO EXCEED \$456,425.13 FOR THE LONDON HOUSE APARTMENTS PROJECT; AUTHORIZING COUNTY MAYOR OR COUNTY MAYOR'S DESIGNEE TO EXECUTE ANY AND ALL CONTRACTS AND AMENDMENTS TO ENSURE CITY'S COMPLIANCE WITH EXISTING AGREEMENT; APPROVING THE ASSIGNMENT AND ASSUMPTION OF TWO AWARDS OF FY 2013 DOCUMENTARY STAMP SURTAX FUNDS FOR LONDON HOUSE APARTMENTS FROM MIAMI BEACH COMMUNITY DEVELOPMENT CORPORATION OR RELATED ENTITY TO CITY OF MIAMI BEACH, USE OF SURTAX FUNDS FOR ELIGIBLE EXPENDITURES INCURRED FOR 1965 AND 1975 WASHINGTON AVENUE, AND CHANGE IN TOTAL NUMBER OF UNITS TO 24 UNITS; AUTHORIZING THE COUNTY MAYOR OR COUNTY MAYOR'S DESIGNEE TO EXECUTE CONDITIONAL LOAN COMMITMENTS, AMENDMENTS, AND SHELL CONTRACTS AND LOAN DOCUMENTS WITH THE CITY AND EXTENSIONS THEREOF TO SECURE AND/OR SUBORDINATE THE COUNTY'S INTEREST IN THE PROJECT AND ENSURE COMPLIANCE WITH FEDERAL, STATE AND LOCAL REQUIREMENTS AND TO EXERCISE TERMINATION, WAIVER, ACCELERATION AND OTHER PROVISIONS SET FORTH THEREIN

**WHEREAS**, this Board desires to accomplish the purposes outlined in the accompanying memorandum, a copy of which is incorporated herein by reference,

**NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that:**

Section 1. The Board ratifies and adopts the matters set forth in the foregoing recitals and in the accompanying justification memorandum as if fully set forth herein.

Section 2. The Board approves the transfer of ownership for the London House Apartments Project from MBCDC: The London LLC to City of Miami Beach and authorizes the County Mayor or County Mayor's designee to file with the United States Department of Housing and Urban Development a substantial amendment to the FY 2009 Action Plan for Community Development Block Grant funds and approves the assignment, assumption and amendment of an existing agreement for an amended amount of up to \$456,425.13 of Community Development Block Grant funds with MBCDC: The London LLC to the City of Miami Beach (the "Existing Agreement"), which will assume the current obligations of MBCDC: The London LLC to the County. This approval includes amendment of the \$408,482.00 contract to include, upon amendment, \$47,943.13 of Community Development Block Grant as a budgeted expense for project delivery expenses attributable for County staff associated with the London House Apartments project. Of the \$456,425.13 of Community Development Block Grant funds to be assigned, \$386,482.50 have already been expended on the London House Apartments project. The Board further authorizes a change in the total number of Community Development Block Grant units from 33 to 24 units and the County Mayor or County Mayor's designee is authorized to execute any and all contracts and amendments to ensure that the City of Miami Beach will be obligated to comply with the Existing Agreement.

Section 3. The Board approves the assignment and assumption of two awards of FY 2013 Documentary Stamp Surtax (Surtax) funds totaling no more than \$800,000.00, pursuant to Resolution Nos. R-1063-12 and R-355-13, from Miami Beach Community Development Corporation or related entity to the City of Miami Beach, the use of the Surtax funds for eligible expenditures incurred for 1965 and 1975 Washington Avenue, and a change in total number of Surtax-funded units from 18 to 24 units.

Section 4. The County Mayor or County Mayor's designee is authorized to execute shell loan documents upon a determination by the County Mayor or County Mayor's designee that the conditions set forth in the conditional loan commitments and in this resolution or the resolutions originally awarding funds to the project have been met. All funding awards and conditional loan commitments set forth herein are contingent upon availability of funding from the funding source or program and the recipient agency complying with the conditions set forth in this resolution and the justification memorandum. The County Mayor or County Mayor's designee is authorized to execute all conditional loan commitments, standard shell contracts, amendments and other agreements necessary to accomplish the purposes of this resolution and to exercise the cancellation and other provisions contained therein. The Board further authorizes the County Mayor or County Mayor's designee, upon a determination that such actions are in the best interest of the County, to subordinate and/or modify the terms of contracts, agreements, amendments and loan documents so long as such modifications are approved by the County Attorney's Office and are not substantially inconsistent with this resolution and to exercise the termination, waiver, acceleration, or other provisions set forth therein. All conditional loan commitments and other agreements executed pursuant to this resolution may be extended by the County Mayor or County Mayor's designee for up to two (2) years from the effective date of this

resolution upon a determination by the County Mayor or County Mayor's designee that said extensions are in the best interest of the County.

The foregoing resolution was offered by Commissioner , who moved its adoption. The motion was seconded by Commissioner and upon being put to a vote, the vote was as follows:

**Re: London House Apartments**

Dear Mr. Brown:

As per our discussions with Public Housing and Community Development (PHCD), please accept this letter as a formal request to reprogram FY 2013 \$800,000 of Surtax funds and FY 2009 \$69,942 of CDBG funds to the City. The aforementioned funds are currently allocated to Miami Beach Community Development Corporation (MBCDC) for the London House Apartments, an affordable housing development located at 1965-1975 Washington Avenue, Miami Beach. The City assumed title to the property on May 13, 2014 and subsequently acted quickly to assess the scope of the project and secure the funding required to ensure its completion.

On July 23, 2014, Request for Proposal (RFP) No. 2014-206-SR Design/Build Services for the London House Rehabilitation & Restoration Project was awarded to the top ranked proposer, Team Contracting Inc. in the amount of \$3,725,533.35.

Team Contracting, Inc., is a State of Florida Certified General Contractor and State of Florida Certified Underground Utility & Excavation Contractor. The company was established in April 2000. The company's staff has successfully completed multiple design/build projects varying in size and scope. Various projects were also completed by Team Contracting which involved historical restoration. They have provided the City with construction services since 2003.

The allocation of funds will be essential for the successful completion of the London House project and will provide much-needed affordable housing units available to our community. Your cooperation in expediting matters before the Board of County Commissioners will be greatly appreciated.

If you require any additional information, please feel free to contact Maria Ruiz at 305-673-7260 or [maria.ruiz@miamibeachfl.gov](mailto:maria.ruiz@miamibeachfl.gov).

# MIAMI BEACH

OFFICE OF THE CITY MANAGER  
NO. LTC # 104-2014

LETTER TO COMMISSION

TO: Mayor Phillip Levine and Members of the City Commission

FROM: Jimmy L. Morales, City Manager

DATE: April 1, 2014

SUBJECT: Update on the London House Apartments

RECEIVED  
2014 APR -3 PM 1:44  
CITY CLERK'S OFFICE

The purpose of this Letter To Commission is to provide a status update on the London House Apartments, an affordable housing development located at 1965-1975 Washington Avenue.

At its February 12, 2014 meeting, the Mayor and Commission authorized the City Manager to purchase the London House Apartments from Miami Beach Community Development Corporation (MBCDC) to ensure the project's rehabilitation and timely expenditure of Neighborhood Stabilization Program (NSP3) funds. On March 13<sup>th</sup>, the City closed on the property and secured releases from the architect of record, Architectureworks, LLC, and the contractor of record, All Jer Construction.

City staff has been diligent in obtaining structural assessments of the property as well as preparing the Request For Proposal (RFP) for Design/Build Services. The City has contracted several consultants to compile structural assessments, progress reports and cost estimates for the project. Atkins North America Inc. was retained to analyze the 1965 building and provide a progress report on the construction that had commenced under MBCDC. According to this report, the rehabilitation of this building stands at 41% completion as of March 7, 2014. However, the City had advanced payments of \$461,419.86 through March 2013 to account for 69.2% of completion. The property was maintained as an active construction site up until the City's acquisition. MBCDC was overpaid an estimated amount of \$188,035.26 which remains unaccounted for within the project. Please note that the City demanded the return of all materials and equipment as part of the closing process and nothing was provided.

Furthermore, the structural analysis of the building found several deficiencies including the need to remediate a significant portion of the second floor framing which had already been completed. In short, Atkins North America concluded that "the property is not structurally safe for residential use." An estimate for construction is pending. Augmenting concerns, the site did not match permitted plans for the building.

The City contracted with Douglas Wood Associates, Inc. to inspect the 1975 building. Among the report's recommendations was the need to remove and replace all of the wood sheathing, joists, blocking and bridging on both the second and third floors. The building's basement is under several feet of water. It will be necessary to drain the basement so that the existing structural system can be examined, and so that they can be repaired as required. The structural concrete ground floor slab will need to be evaluated for adequacy. Additional recommendations included the cleaning and repair of steel beams and columns, and the repair of concrete spalling and damaged stucco

throughout the exterior (which had been previously replaced), among other items. The rehabilitation estimate for this building is \$2.7 to \$3.2 million.

The executive summaries by Atkins North America, Inc. and Douglas Wood Associates, Inc. are attached.

As reported previously, the City has yet to resolve the matter of the Economic Development Initiatives (EDI) grant issued to MBCDC for the London House Apartments. As delineated in correspondence to MBCDC January 10, 2014, the City released \$295,925.74 for expenses that had also been submitted to and paid by Florida Housing Finance Corporation or were ineligible for reimbursement because they were incurred prior to the Environmental Review Release of Funds (as required by Department of Housing and Urban Development rules). It should be further noted that the EDI expenses were intended for construction costs but the expenses reimbursed reflected soft costs. Finally, the City was notified that its EDI file had been confiscated by HUD's Office of the Inspector General because of the irregularities within.

The City is currently preparing a report to HUD formally requesting an extension of the expenditure deadline for NSP 3 funds. As part of this request, the City will be compiling an accounting of all funds committed to the project, the irregularities that were encountered that lead to the City's pursuit and subsequent receipt of the building, and the City's actions taken subsequently to ensure the building's rehabilitation. Fortunately, HUD has advised the City that it will not pursue repayment of those funds already expended regardless of whether or not the expenditure deadline is extended.

In addition, the City is in the process of contracting with a forensic accounting firm to conduct audits of City-funded, completed MBCDC projects beginning with The Allen, located at 2001 Washington Avenue, and The Neptune, located at 1642 Meridian Avenue. The results of these audits will be shared upon completion.

If you have any questions, please feel free to see me.

## Project Report Construction completion due diligence

The London House  
1965 Washington Avenue, Miami Beach, Florida 33139.

March 28, 2014

### Executive Summary

#### 1. Introduction

The City of Miami Beach requested that Atkins prepare a report assessing the actual progress of the existing remodeling work the amount paid to date to the Contractor.

London House is a historic building constructed in the late 1940's consisting of two freestanding wings, connected by a courtyard. The evaluation was performed on the south wing, a 4,300 sf two-story building, with ten apartments, 5 units each of the ground and second floor. The three-story north freestanding wing was not evaluated.

The remodeling work begun comprises three apartment units on each floor, with one on the ground floor being ADA-accessible. The building consists of load bearing CMU exterior walls, concrete beams, concrete slab, and steel columns at the exterior walkway. The ground floor is a slab-on-grade, while the second floor and roof framing are comprised of wood joists and deck. The roof is single-ply membrane with parapets on two sides. Two exterior concrete stairs connect the roof and second floor to the courtyard below.

#### 2. Evaluation Report

Atkins performed a non-invasive visual observation. The assessments made encompass the exterior building envelope, and interior walls, and structural, plumbing, mechanical, electrical, fire protection, and site work.

##### a. Exterior Conditions Assessment

Along the south and west facades of the building, windows were installed. The sidewalk and steps along the west facade are all dug up. The courtyard, east, and north facades are in complete disrepair.

In the southeast corner area columns are completely rusted and separated from the exterior walkway slab. Some guardrails at the second level are missing, with a temporary wooden barrier in its place. The remaining guardrails are partially pinned to a fractured concrete slab with exposed reinforcements throughout. The main exterior lines of the fire protection system are incomplete. The two concrete stairs are in disrepair with the existing handrails rusted, partially secured in place, and non-code compliant. The stair from the second floor has been sawout and the center of the stairs removed. The roofing is a relatively new membrane with several low points causing ponding of rainwater. A/C compressor supports are installed but not the equipment. The north and east side of the roof is without a protective guardrail

## b. Interior Conditions Assessment

Wood furring and stud framing in the walls and ceilings have been erected, Batt insulation has been packed between the ceiling framing throughout. Gypsum board has been installed on some of the walls, but not properly screwed down. The ground floor concrete slab has extensive saw cuts for plumbing that remain open. The second floor wood joists and subfloor are installed, but not evenly laid down in several areas. Sprinkler lines appear in place with some heads needing adjustments. Plumbing water lines, vent pipes, traps, and drains are in place, along with some shower floor liners and one bathtub on the second floor. Mechanical ductwork is partially complete. Power, and data are wired in the walls and ceilings along with the circuit breaker box and associated wiring.

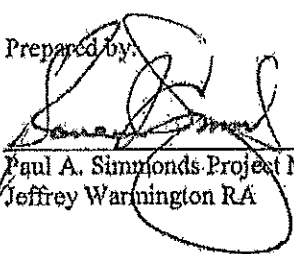

## 3. Conclusions

An analysis of the Contractor's last payment request supports our assertion that the project is 40% - 42% complete, whereas the Contractor had been paid to 69%.

### 2. Additional Areas of concern

- The roofing edge along the North and East façades highlights a code deficiency
- Handrails are in violation of the building code
- Exit door at Unit 101 is not yet installed, however the clear width of 32" indicates a code violation
- Steel support columns are rusted and some are severed from the slab above. Remediation for this condition was not part of the Work
- Rotting roof joists along courtyard corridor have been scabbed and crudely secured with no approved structural remediation.
- The roof has low areas and ponding water, which requires a structural evaluation.

## Executive Summary

### Structural Assessment Report Existing Structural Systems, London House, 1975 Washington Avenue, Miami Beach, Florida

#### Purpose & Scope:

- Preliminary assessment of present condition of structural systems and structural feasibility of proposed renovation/restoration.
- Courtyard between 1965 and 1975 buildings is addressed in report of 1965 Washington.

#### Building Code Issues:

- Alteration Level 3: Investigation and evaluation of existing structural systems according to Code in effect at time of original construction.

#### Existing Structural Systems:

- Bearing walls: Concrete block with reinforced concrete tie beams, lintels, tie columns. Basement walls are reinforced concrete.
- Roof Structure: Wood board sheathing, wood rafters, steel beams on steel columns
- Second and third floor: Wood board sheathing, wood joists, steel beams on steel columns
- Ground Floor: Slab-on-ground, except structural concrete slab over basement.
- Foundations: Not observed
- Stair: Reinforced concrete.

#### Present Structural Conditions

- Wood members: Considerable rot and insect damage at second and third floor and limited areas of roof.
- Structural steel beams and columns: Generally serviceable condition, but several noted areas of corrosion.
- Ground floor slab: Further study required to assure full soil support. Access opening undermines slab.
- Basement: Some concrete spalling. Flooded.
- Bearing walls: Numerous CMU cracks and holes. Numerous areas of spalled concrete. Numerous improperly filled former A/C unit wall opening. Recently applied stucco on west facade cracked or unbounded in numerous areas. Some areas of planter walls failed. Many areas of honeycombing in original concrete. Two sawcut tie columns.
- Exterior windows & doors: Doors are in poor condition or missing. Windows are fairly recently replaced, but many improper wood bucks and shims. Two windows missing.
- Miscellaneous issues: Cracked/loose stucco. Sign. Others.

#### Recommendations:

- General: Investigation and evaluate for Alteration Level 3 (Building Code, at time of original construction). Enhance structural systems, as required.
- Wood: Repair/replace wood members as necessary (may consider complete removal and replacement of wood members on second and third floors). Enhance wood members, as required.
- Structural steel: Enhance as required. Repair/replace corroded areas. Clean and paint.
- Slabs-on-ground: Trench and repair for new piping (or remove and replace). Investigate soil bearing (re-establish bearing or replace slab).
- Structural slab over basement: Repair. Fill holes.
- Basement: Repair walls. If retaining basement, provide enclosure, ventilation, drainage and waterproofing. If abandoning basement, provide drainage, possible fill and corrosion protection to first floor slab.
- Bearing walls: Evaluate for lateral wind. Reinforce existing walls (possible addition of walls and footings). Repair A/C openings, holes, cracks, stucco. Repair spalled concrete and cut tie columns. Patch honeycombing.
- Exterior windows and doors: Evaluate window bucks and shims and correct as necessary. Install missing windows. All new exterior doors.
- Miscellaneous items: Repair, remove or replace, as appropriate
- Remove or provide security fence around scaffolding at west side..

#### Preliminary Estimate of Probable Construction Cost:

- \$2,700,000.00 to \$3,200,000.00

## Executive Summary

### **Structural Assessment Report Existing Structural Systems, London House, 1965 Washington Avenue, Miami Beach, Florida**

#### Purpose & Scope:

- Preliminary assessment of present condition of structural systems relative to the in-progress renovation/restoration.
- Courtyard between 1965 and 1975 buildings is included in this report.

#### Building Code Issues:

- Alteration Level 2

#### Existing Structural Systems:

- Bearing walls: Concrete block with reinforced concrete tie beams, lintels, tie columns. Basement walls are reinforced concrete.
- Roof Structure: Wood board sheathing, wood rafters, wood beams and bearing partitions
- Second floor: Wood board sheathing, wood joists, wood beams and bearing partitions
- Ground Floor: Slab-on-ground
- Foundations: Not observed
- Stairs: Reinforced concrete
- Courtyard: Structural; concrete slab at second floor on steel columns. Concrete slab-on-ground at first floor.

#### Present Structural Conditions

- General: Bucks for doors and windows not visible. Numerous areas of unbounded stucco. Courtyard and rear yard and slump brick walls not done. Railings in poor condition.
- Concrete members: Numerous areas of spalled concrete in courtyard (slabs, beams, stairs). Previous patches are cracked. Unrepaired spalled concrete on interior in a few areas.
- Steel columns (Courtyard): Considerable corrosion and improper previous repairs. One column bent and anchorages damaged.
- Wood members: All wood members on first and second floors are new (does not agree with drawings). New ledgers and connections constructed, but not indicated in drawings. Wood beam short at beam hanger. New roof rafters sistered to existing rafters, but not indicated in drawings. Wood roof beams at north edge are new, but indicated as "existing" in drawings. These beams appear to be undersized. No structural design for support of rooftop condensing units. Replaced rafters over exterior walkways not properly anchored. Some connection devices don't match those indicated in drawings.

#### Recommendations:

- Investigate and replace unbounded stucco.
- Investigate and repair spalled concrete.
- Repair or replace steel pipe columns.
- Repair or replace railings.
- Investigate wood construction which is not indicated in drawings. Provide construction documents, obtain permit and correct as necessary.
- Complete unfinished construction (slab-on-ground trenches, courtyard, rear yard, slump brick walls, underlayment, etc.).
