RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) authorize the execution of a Joint Participation Agreement (Agreement) with the Florida Department of Transportation (FDOT) to provide State Intermodal Development Program funding in the amount of \$112,500.00 for the installation of two (2) additional canopies at the Miami Intermodal Center (MIC) Central Station-West Concourse project.

It is further recommended that the Board authorize the receipt and expenditure of funds as specified in the Agreement.

This agenda item is placed for Committee review pursuant to Miami-Dade County (County) Code Section 29-124(f). This agenda item may only be considered by the Board if the Citizens' Independent Transportation Trust (CITT) has forwarded a recommendation to the Board prior to the date scheduled for Board consideration or forty-five (45) days have elapsed since the filing with the Clerk of the Board of this agenda item. If the CITT has not forwarded a recommendation and forty-five (45) days have not elapsed since the filing of this agenda item, I will request a withdrawal of this item.

SCOPE

While this project is physically located in County Commission District 6 (Sosa), the impact of the project benefits the riding public and is therefore, countywide.

FISCAL IMPACT/FUNDING SOURCE

The total estimated project cost for the purchase and installation of the additional canopies at the MIC Central Station-West Concourse is \$225,000.00. This Agreement will provide State funding in the amount of \$112,500.00. Bond proceeds from the Surtax will provide the \$112,500.00 required local match for a total project cost of \$225,000.00.

The current annual operations and maintenance (O&M) cost for the Miami International Airport Station is approximately \$625,000.00. Upon completion of this project, the O&M cost is anticipated to increase by \$6,250.00 to \$631,250.00 and will be funded through the Miami-Dade Transit (MDT) operating budget.

TRACK RECORD/MONITOR

MDT has entered into numerous funding agreements with FDOT over the course of more than twenty-six years. The Project Manager for this Agreement is Ed Carson, Grants Manager, MDT Financial Services.

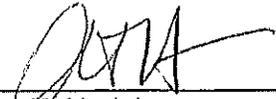

BACKGROUND

The State Intermodal Development Program is authorized in Florida Statutes, Section 341.053. The program supports projects which provide improved access to intermodal or multimodal transportation facilities and terminals. Projects funded under this program include rail access to airports and seaports as well as interchanges and highways which provide access to airports, seaports and other multimodal facilities.

On June 3, 2008, the Board of County Commissioners approved Resolution R-644-08 authorizing an Agreement with the FDOT in the amount of \$22,858,368.00 for the construction components of the MIC, which included a Metrobus Plaza Roadway, MIC Central Station-West Concourse, MIC Central Station-Vestibule connecting MDT's Metrorail Station, and the Metrobus Plaza.

This new Agreement will provide \$112,500.00 in State funding for the furnishing and installation of two (2) additional canopies at the MIC Central Station-West Concourse. The total estimated project cost is \$225,000.00. These canopies will be installed to protect passengers from the elements in the transition areas located between the elevators and the Metrorail Station main canopy and between the escalator and the Metrobus canopy located on the ground level of the Metrobus Plaza.

The anticipated completion date of this project is September 30, 2016.
