This AGREEMENT, made and entered into this _____ day of _____, 2014, by and between the VILLAGE OF VIRGINIA GARDENS, FLORIDA, a municipal corporation of the STATE OF FLORIDA, hereinafter referred to as the "Village", and MIAMI-DADE COUNTY, a political subdivision of the STATE OF FLORIDA, hereinafter referred to as the "County".

WITNESSETH

WHEREAS, both parties herein wish to facilitate the construction of a road improvement project in MIAMI-DADE COUNTY, hereinafter referred to as the "Project" described as follows:

The construction of an intersection improvement project at NW 40 Street and NW 57 Avenue; and

WHEREAS, the County wishes to utilize the resources of the Village to contract and construct the Project, subject to the terms and conditions of this Agreement;

NOW, THEREFORE, in consideration of the promises and covenants contained herein, the parties agree:

RESPONSIBILITIES OF VILLAGE:

- 1.1. **Permits and Approvals:** The Village shall obtain all necessary permits, and utility adjustments; and coordinate the review of construction documents by utilities and permitting agencies. The Village shall make all necessary adjustments as required for approval and/or permitting by those agencies. The Village shall obtain all necessary permits, and utility adjustments for the Project in accordance with applicable state, federal and local laws and ordinances. The Village shall not pay for any permits required by the Miami-Dade County Public Works and Waste Management Department.
- 1.2. **Public Information and Involvement:** The Village will implement a Public Involvement Plan (PIP) during the design and construction of the Project to provide information to property owners, tenants, and area residents, including but not limited to: public meetings, Project documentation and flyers, business signs, directional parking signs, and schedules for major work to be performed in the area. Appropriate investigation of the Project stakeholders shall be used to develop the goals and objectives to implement the PIP. The Village shall submit a copy of the PIP to the County Public Works and Waste Management Director for review and concurrence.

Projects that exceed \$1,000,000 in construction costs shall comply with the process and guidelines for the preparation and implementation of PIPs as established by Implementing Order 10-13.

1.3. **Publicity**: By the acceptance of these funds, the Village agrees that the Project elements funded by this Agreement shall recognize and adequately reference the County as a funding source. The Village shall ensure that all publicity, public relations, advertisements and signs recognizes and references the County for the support of all contracted activities. This is to include, but is not limited to, all posted signs, pamphlets, wall plaques, cornerstones, dedications, notices, flyers, brochures, news releases, media packages, promotions, and stationery. The use of the official County logo is permissible for the publicity purposes stated herein. The Village shall submit sample or mock up of such publicity or materials to the County for review and approval. The Village shall ensure that all media representatives, when inquiring about the activities funded by this Agreement, are informed that the County is its funding source.

1.4. **Accounting**: The Village shall at all times maintain separate accounting for the costs of the Project so those costs may be independently verified and audited by the County, at the request and cost of the County. The Village agrees to permit the County auditors to inspect the books, records and accounts of the Project for three (3) years after completion of the Project. These records shall be made available to the County for inspection within ten (10) business days upon written receipt of a written request from the County.

1.5. **Construction**: The Village shall procure the services of a licensed contractor holding an engineering contractor's license to construct the Project. The Village may award the contract through any available lawful means, in

accordance with Section 255.20, Florida Statutes, which in the Village's discretion, affords the most competitive price for construction of the Project and which may include, but is not limited to, bid solicitation, request for proposals, the award of a change order on existing Village contract(s), or the extension of unit-prices provided in connection with prior competitive bid awards. Notwithstanding any provision to the contrary, the Village shall comply with all applicable County contract compliance and oversight measures relating to the expenditure of County funds, in accordance with Section 6 of this Agreement. Prior to the advertisement to solicit a licensed contractor to construct the Project, the Village shall contact the County's Public Works and Waste Management Contracts and Specifications Section to ensure this compliance.

The construction contract shall also contain a requirement that the contractor(s) provide a payment and performance bond at least in the amount and form required by state law naming the County and Village as joint obligees or joint contracting public entities. The construction contract shall contain a contingency amount to address unforeseen conditions and owner required changes which shall not exceed ten percent (10%) of the base amount of the contract, unless otherwise approved by designated representatives of the County and Village. The commitment for the expenditures of any contingency funds shall not be made by the Village without the prior written approval of the County Public Works and Waste Management Director. The County shall respond, in writing, within thirty (30)

business days of receiving written requests from the Village to approve the commitment of contingency funds.

Subsequent to the evaluation of bids or proposals by the Village and the Village's determination of the most advantageous bid or proposal, the Village shall provide said evaluation to the County Public Works and Waste Management Director for review and approval. Final commitment of County funds for the Project shall occur upon approval of the contract award recommendation by the County Public Works and Waste Management Director. The County agrees that the selection, retention and discharge of such contractor shall be the responsibility of the Village.

1.6. Claims and Change Orders: The Village shall notify the County Public Works and Waste Management Director in writing when claims or change orders arise. The Village shall also invite the County to participate in negotiations of these claims and change orders. The County shall review and make a determination or approval of all change orders or supplemental agreements, permits, modifications of plans, or other requests for approvals submitted by the Village.

1.7. Construction Administration and Inspection: The Village shall exercise all responsibilities of the owner under the construction contract, including construction administration and inspections. The Village may delegate this function to an authorized agent or Construction Engineering Inspection consultant. The County's inspector shall have an oversight role in the routine daily inspections. In the case of a disagreement over the interpretation of the

plans, the County Public Works and Waste Management Director or their designee shall have final authority subsequent to an independent final inspection by the County. The Village's designated representative and the County's designated representative shall jointly perform the inspection of the Project which immediately precedes substantial completion. The Village shall certify upon completion that the Project has been constructed pursuant to the design plans, specifications and approved change orders. Final payment to the Village and obligation of maintenance responsibility to the parties shall be subject to the final acceptance of the Project by the County Public Works and Waste Management Director or their designee.

1.8. **Maintenance**: The Village shall be solely responsible for maintenance upon construction completion of the Project.

1.9. **Coordination with Miami-Dade County Public Schools**: Due to potential safety, operational and bus transportation impacts, the Village shall coordinate with Miami-Dade County Public Schools staff to implement maintenance of traffic measures.

2. **RESPONSIBILITIES OF COUNTY**:

2.1. **Funding Amount, Reimbursement of Project Costs**: The County agrees to provide funds up to \$70,628.00 (this amount includes ten percent (10%) contingency) for eligible costs, as defined herein, incurred by the Village for the construction of the Project. The County shall disburse to the Village funds for the Project in the manner set forth in Section 4. The County shall incur no liability for any costs in excess of said funding amount unless there has been

a duly authorized increase approved by the Board of County Commissioners. The Village shall not be obligated to commence work should the bid amount exceed the funding provided by the County. If the bid amount exceeds the funding amount, the Village reserves its rights to reject all bids and re-bid the Project.

- 2.2. **County Payments of Project Costs:** The County funds provided for eligible costs as defined herein, incurred for the construction of the Project are specified below:

Provided that there is no increase in the amount of County funds required as stated in Section 2.1, amendments may be executed by the Village Mayor and the County Mayor or County Mayor's designee without the need for approval by the Village Council and County Commission. Otherwise, further funding commitments shall be subject to the approvals of the parties' respective governing boards.

3. **ELIGIBLE COSTS:** The parties agree that only the below identified costs that may be incurred by the Village that are directly related to the Project are eligible for reimbursement, provided adequate documentation accompanies the reimbursement

request in the form of approved invoices, verified payment requests, documented journal entries, and/or check vouchers. For purposes of this Agreement, eligible costs are further defined as those pertaining to the construction of Project elements that are the standard items normally provided for by the County in County road improvement projects, and not the enhancement of standard items, or the incorporation of items which are in addition to those standard items. The County shall not be assumed to be liable to provide reimbursement for the design, construction or maintenance of such items that do not conform to this section of the Agreement. If enhancements to standard items are constructed in this Project, the Village may request County reimbursement only to a maximum amount corresponding to that which would be expended in providing the normal standard version of that item for a project of the same scope. The parties further agree that eligible costs will not include fees for construction management, construction inspections, and project management.

4. **SCHEDULE AND MANNER OF REIMBURSEMENTS:** Upon execution of the Agreement, the Village shall furnish the County with a copy of the estimated budget for the Project, and will similarly furnish the County with any and all revisions thereto. At the time of contract award for this Project, the Village shall submit the Estimated Quarterly Construction Payout Schedule for the Project to the County Public Works and Waste Management Director. Quarterly disbursement of County funds to the Village shall be based upon Village invoices with certified copies of paid contractor invoices attached and shall not include any other charges. The quarterly submittal for invoices shall also include a certified copy of payment to Sub-Contracted firms.

Specifically, the Village agrees to abide by the applicable contract measure recommendation(s) established by the Internal Services Department (ISD), Small Business Development Division Project Worksheet for the participation of specified business entities and/or trades and for CWP requirements, as administered by the County's ISD. ISD shall have the right to oversee and perform compliance monitoring, including but not limited to, the right to audit and to require reports and documentation related to the Code.
7. **INDEMNIFICATION**: To the extent authorized by Florida law, the Village hereby agrees to indemnify, defend, save and hold harmless the County to the extent of all the limitations included with Section 768.28, Florida Statutes, from all claims, demands, liabilities and suits of any nature whatsoever arising out of, because of or due to the breach of this Agreement by the Village, its agents or employees.
