Memorandum

Date: March 3, 2015

To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners

From: Carlos A. Gimenez
County Mayor 

Subject: Resolution Authorizing Conveyance to the Florida Department of Transportation of a Perpetual Easement of Approximately 70 square feet of land at Miami International Airport for FDOT's Construction and Maintenance of a Mast Arm Traffic Signal

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) approve the conveyance for a nominal consideration of \$1.00 to the Florida Department of Transportation (FDOT) of a perpetual easement of approximately seventy square feet of land at Miami International Airport (MIA) to allow FDOT to construct and maintain a mast arm traffic signal on the right-of-way at the Northeast corner of Milam Dairy Road and N.W. 12 Street.

SCOPE

MIA is located within Commissioner Rebeca Sosa's District 6, but the impact of this item is countywide as MIA is a regional asset.

FISCAL IMPACT/FUNDING SOURCE

There are no fiscal impacts associated with the easement.

TRACK RECORD/MONITOR

The easement will be managed by José A. Ramos, Miami-Dade Aviation Department (MDAD) Division Director of Aviation Planning, Land-Use & Grants.

BACKGROUND

The installation and maintenance of the road intersection mast arm traffic signal is part of FDOT's 826/836 Interchange Project (Palmetto Section 5). The easement is part of the right-of-way that is located at the Northeast corner of Milam Dairy Road and N.W. 12 Street on the Southwest side of MIA as described in the attached perpetual easement and as depicted in attached Exhibit "A." A "mast arm" is a traffic signal device that consists of a base that is placed into the ground, a vertical pole that rises from the base, a cross-arm or "mast arm" at the top of the pole that hangs over the road intersection, and the traffic signal itself that hangs from the cross-arm at a point over the intersection where vehicle drivers are able to see the traffic light signals. The easement covers only the portion of the sidewalk on MIA property (consisting of approximately 70 square feet) upon which the base and vertical pole sit.

As is traditional with this type of easement document, FDOT pays the County a nominal consideration of \$1.00 for the conveyance itself, but agrees to construct and maintain the mast arm traffic signal for the duration of the easement.
