Subject: Resolution Authorizing Submittal of a Grant Application to Florida Inland Navigation District, Waterways Assistance Program (FIND) for \$216,827.00 with Matching County Funds of \$283,059.00 for Renovations to Matheson Hammock Marina Boat Ramps

Recommendation

It is recommended that the Board of County Commissioners (Board) authorize the County Mayor or County Mayor's designee to apply to Florida Inland Navigation District's Waterways Assistance Program for \$216,827.00, with matching County funds of \$283,059.00 for renovations to the boat ramps at Matheson Hammock Marina. It is further recommended that the Board authorize the County Mayor or County Mayor's designee to receive and expend funds and execute grant agreements, certain amendments and other documents as required by the grant upon review and final approval of the County Attorney's Office.

Scope

Matheson Hammock Marina is located at 9610 Old Cutler Road, Coral Gables, in Commission District 7, Commissioner Xavier L. Suarez.

Fiscal Impact/Funding Source

The total cost of the project is \$499,886.00. If awarded, the FIND grant will provide funds of \$216,827.00 and the county will provide \$283,059.00 from PROS Index Code PRE600945082, Coastal Park and Marina Trust Fund. The project solely renovates existing facilities; therefore no additional operating cost will be incurred from completion of this project.

Track Record/Monitor

The Parks, Recreation and Open Spaces Department's (PROS) grants manager Gina Drakes will monitor and administer the proposed grant and ensure compliance with the resolution and terms of the grant.

Background

Florida Inland Navigation District is a Special Taxing District for the continued management and maintenance of the Atlantic Intracoastal Waterway. The application is due April 1, 2015 and is required to be accompanied by the adopted resolution. If awarded, the grant term will begin October 2015 and end September 2017. The project is scheduled to be completed within the grant term, but, if needed, a one year extension is allowed upon request.

The County's estimate of the project cost is \$499,886.00. The FIND estimated total project cost \$433,655.00 shown on the resolution, is less because FIND disallows in-house costs such as project management, architectural and engineering costs and bidding and contracting costs from the grant

program. Thus the maximum FIND grant is 50% of their allowed project costs. The county match provides the remaining funding sufficient to complete the project.

As part of its application process, FIND requires that a resolution be adopted in substantially the form of this resolution by the agency seeking FIND grant funds. Amendments will only be made in conformance with this resolution where no additional matching funds or other County funds are encumbered, otherwise Board approval will be required to make amendments to the grant.
