

Memorandum

Date: March 3, 2015
To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners
From: Carlos A. Gimenez
Mayor 
Subject: Recommendation to Reject all Proposals Received: Transit Oriented Development at NW
215 Street and NW 27 Avenue

Agenda Item No. 8(F)(3)

Recommendation

It is recommended that the Board of County Commissioners (Board) approve rejection of all proposals received under *Request for Proposals (RFP) No. 00023, Transit Oriented Development at NW 215 Street and NW 27th Avenue*. This solicitation was issued for the construction a Transit Hub and certain commercial ventures on County-owned property located along NW 27 Avenue, south of the Florida Turnpike, in the City of Miami Gardens, Florida.

A proposal from United States Association of CDC, Inc., which did not contain the required revenue schedule identified as Form B-1 in the solicitation, was evaluated by the Evaluation/Selection Committee. In reviewing the proposal, the Evaluation/Selection Committee took note that the proposed approach for development relied upon financing from the County, which was not accounted for in the solicitation. The Evaluation/Selection Committee requested an oral presentation by United States Association of CDC, Inc. after initial review of the proposal. The Evaluation/Selection Committee determined that the approach and concept proposed in the oral presentation was substantially different than the written submittal. The Evaluation/Selection Committee concluded that the proposal did not warrant further consideration for award and rejection is recommended.

The solicitation will be re-advertised with additional efforts made to achieve more interest from the private sector, as well as exploration of other concepts that would be feasible and foster more interest from developers.

Scope

Although this project will be located in Commission District 1, which is represented by Commissioner Barbara J. Jordan, the project has a Countywide impact.

Fiscal Impact/Funding Source

The fiscal impact would have been \$5.7 million dollars for the 30-year term.

Department	Allocation	Funding Source	Contract Manager
Transit	\$5,700,000	State Funds (\$2,850,000) and Revenue Generating Funds (\$2,350,000)	Froilan Baez
Total	\$5,700,000		

Track Record/Monitor

Kristina Guillen of the Internal Services Department is the Procurement Contracting Officer.

Background

The selected developer would have been required to construct a Transit Hub, which would include: i) a minimum of eight (8) Sawtooth Bus Bays, with four (4) of the bays being able to accommodate 60-foot articulated buses and the remaining four (4) bays able to accommodate 40-foot conventional buses, ii) a bus layover area able to accommodate a minimum of two (2), 60-foot articulated buses, iii) a park and ride facility with a minimum of 350 parking spaces, iv) a drop-off and pick-up area, and v) a Transit

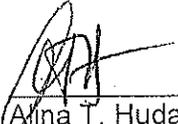

Terminal with a waiting room, ticket office or machines, and a comfort station for bus operators. Overall site development was to promote a walkable pedestrian friendly environment that incorporates the Transit Hub and provided the surrounding community and transit patrons a variety of uses such as hotel, office, and retail space. The required commercial and/or mixed use component of the development was to be completed entirely at the expense of the selected proposer.

Vendors Not Recommended for Award
