

# Memorandum

**Date:** February 10, 2015  
**To:** Honorable Chairman Jean Monestime  
and Members, Board of County Commissioners

SPAGO  
Agenda Item No. 3H

**From:** Carlos A. Gimenez  
Mayor 

**Subject:** Request for Additional Time and Expenditure Authority to Contract No. 4919-8/14-8 Long Distance Telephone Service

## Recommendation

It is recommended that the Board of County Commissioners (Board) approve this item, which does the following:

- Authorizes a one-year time extension and additional expenditure authority of \$432,000 to *Contract 4919-8/14-8 Long Distance Telephone Service*, which is the eighth option to renew (OTR) under the original contract, for the period of March 1, 2015 through February 28, 2016; and
- Authorizes an additional one-year OTR period in the amount of \$432,000 to cover the period from March 1, 2016 through February 28, 2017.

The additional time and increased expenditure authority will enable the Information Technology Department to continue using this contract to purchase intra-state and inter-state long distance telecommunications services. The Information Technology Department will also use the additional time to evaluate lower cost alternatives to the County's domestic long distance services and to leverage existing technology to realize efficiencies and lower rates for the services rendered. The additional expenditure authority is based on the Information Technology Department's projected usage.

The Information Technology Department anticipates that the analysis and transition to a local service provider will last one (1) year. The additional one-year OTR is being requested as a contingency in the event that unforeseen issues delay the transition to a competitively solicited replacement contract. During the extension period, the Information Technology Department will competitively solicit a long-term replacement contract only covering international long distance services as well as certain long distance domestic services in areas not supported by the transition. This time and money extension ensures that there is no interruption in service delivery while the transition is finalized.

## Scope

The impact of this item is countywide in nature.

## Fiscal Impact/Funding Source

The contract, which is managed by the Information Technology Department on behalf of most County departments, has an allocation of \$428,000 for the 15-month term that expires on February 28, 2015. The modification of the eighth OTR under this contract will increase the existing term's allocation by \$432,000 for a total of \$860,000. The addition of the ninth OTR term, valued at \$432,000, will bring the cumulative value of the contract to \$5,156,000.

Department	Existing Allocation	Additional Allocation Requested	Modified Allocation	Funding Source
