Memorandum

Date: April 21, 2015

To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor 

Subject: Resolution Creating Implementing Order 10-15 Relating to the Minimum Specialized Equipment Requirements List for Motor Vehicle Mechanical Repair Facilities, Motor Vehicle Body Repair Facilities, and Motor Vehicle Paint Facilities in Miami-Dade County

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached resolution creating Implementing Order Relating to the Minimum Specialized Equipment Requirements List for Motor Vehicle Mechanical Repair Facilities, Motor Vehicle Body Repair Facilities, and Motor Vehicle Paint Facilities in Miami-Dade County.

Scope

The minimum specialized equipment requirements are applicable countywide.

Fiscal Impact/Funding Source

No fiscal impact to the County.

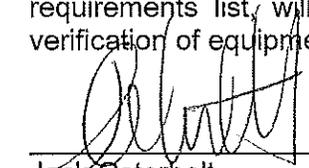

Track Record / Monitor

The Office of Consumer Protection in the Department of Regulatory and Economic Resources (RER), or its successor department, will continue to enforce the County's Motor Vehicle Repair Ordinance, as amended, and will be responsible for overseeing compliance with the minimum specialized equipment requirements list for motor vehicle mechanical repair facilities, motor vehicle body repair facilities, and motor vehicle paint facilities in Miami-Dade County, as set forth in the accompanying Implementing Order 10-15.

Background

On December 2, 2014, the Board adopted on first reading an ordinance relating to Motor Vehicle Repair, amending Chapter 8A, Article VIIA of the Code of Miami-Dade County. The proposed changes to Sections 8A-161.34 and 8A-161.34.1 will remove the existing minimum specialized equipment requirements, replacing them with a mechanism to establish the specialized equipment list by Implementing Order. This will allow RER to update the list via resolution on a more frequent basis, removing outdated equipment and adding new equipment advancements in each certification category as appropriate.

The RER Office of Consumer Protection will continue to administer the Motor Vehicle Repair Ordinance, as amended, and will distribute the updated minimum equipment requirements list to motor vehicle repair and paint facilities countywide. Enforcement of the ordinance as amended, including the minimum equipment requirements list, will be incorporated into existing enforcement policies and procedures, including verification of equipment requirements during routine and complaint-driven inspections.
