

Memorandum

Date: June 30, 2015
To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners
From: Carlos A. Gimenez
Mayor
Subject: Recommendation for Approval to Award: 60-Foot Articulated Hybrid Buses

Agenda Item No. 8(F)(4)

This item was amended at the February 11, 2015 meeting of the Transit and Mobility Services Committee to reflect that NABI Bus, LLC was merged into New Flyer of America, Inc., effective December 28, 2014. The memorandum and resolution have been changed to reflect the name change.

Recommendation

In accordance with Resolution R-178-02, it is recommended that the Board of County Commissioners (Board) approve award of *Contract No. FB-00002, Sixty-Foot Articulated Hybrid Buses* to New Flyer of America, Inc. for the purchase of up to 64 hybrid-drive buses on behalf of Miami-Dade Transit. This contract will provide for the purchase of hybrid-drive (i.e., diesel-electric) low-floor heavy duty mass transit buses, parts, ancillary items and training services.

The buses will be used to support Miami-Dade Transit's Bus Rapid Transit Service, which includes suburban express and general urban area service. Use of these buses will enhance bus service along the Biscayne Boulevard and NW 27 Avenue corridors, as well as the South Miami-Dade Busway. The buses have a minimum life expectancy of 12 years or 500,000 miles.

Scope

The impact of this item is countywide in nature.

Fiscal Impact and Funding Source

The fiscal impact for the five-year term is \$71,387,000 for the purchase of up to 64 buses and supported by existing and future federal and state grant funds. Some of the grants will require a local match from Charter County Transportation Surtax funds. The buses will only be purchased upon the County obtaining the necessary grant funds.

The solicitation issued was strictly for diesel/electric hybrid buses in order to comply with the federal and state requirements that the buses be more efficient and reduce emissions. Additionally, the State of Florida Department of Transportation grants identified below require the buses to have diesel/electric hybrid propulsion systems. In order to not miss the opportunity to purchase more fuel efficient buses that generate less emissions, the County sought hybrid buses at the same time that it is in the process of completing a solicitation for compressed natural gas vehicles. If the County chooses to purchase compressed natural gas vehicles as an alternative, the agreements with the federal and state governments can be amended and a new procurement will be sought for the purchase.

Quantity of Hybrid Buses	Funding Source
41	State of Florida Department of Transportation Grant and a 50 percent local match from Charter County Transportation Surtax Funds
2	Federal Transit Administration 5307 Grant (these two buses will supplement service along the South Miami-Dade Busway)
21	Future State of Florida Department of Transportation Grant and a 50 percent local match from Charter County Transportation Surtax Funds)

The number of buses to be purchased is derived from the Transportation Improvement Program, Fiscal Years 2012-2013 to 2016-2017 as approved by the Miami-Dade Metropolitan Planning Organization Governing Board on May 17, 2012.

Vendors Recommended for Award

An Invitation to Bid was issued under full and open competition on January 24, 2014. One bid was received in response to the solicitation. The method of award was to the lowest-priced responsive, responsible bidder in the aggregate.

Awardee	Address	Principal
New Flyer of America, Inc, previously NABI Bus, LLC	6200 Glenn Carlson Drive, St. Cloud, MN 56301-8852	Paul Soubry, President and CEO

This procurement was structured to comply with Federal Transit Administration guidelines since Federal Transit Administration funding will be used to purchase a portion of the buses. A Federal Transit Administration Pre-Award Buy America audit was conducted to determine if the selected vendor, New Flyer of America, Inc., had a documented plan for how it intended to meet the Buy America requirements outlined in the Code of Federal Regulations. New Flyer of America, Inc. meets the audit requirements for production of the solicited buses.

Due Diligence

Due diligence was conducted in accordance with the Internal Services Department's Procurement Guidelines to determine Contractor responsibility, including verifying corporate status and that there are no performance or compliance issues. The lists that were referenced include: convicted vendors, debarred vendors, delinquent contractors, suspended vendors and federal excluded parties. There were no adverse findings relating to contractor responsibility. This information is being provided pursuant to Resolution R-187-12.

Applicable Ordinances and Contract Measures

- No contract measures apply as this contract is funded in part by federal funds.
- The Living Wage Ordinance does not apply as this contract is funded in part by federal funds.
- The two (2) percent User Access Program provision does not apply as this contract is funded in part by federal funds.
