Memorandum

Date: April 21, 2015

To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Subject: Resolution Authorizing Consent to the Inclusion of a County-owned Property Located at 22 NW 31 Street, Miami, Florida as part of a City of Miami Rezoning Application for Adjacent Privately Owned Properties

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached resolution consenting to the inclusion of County-owned property located at 22 NW 31 Street, Miami, Florida 33127, (Folio No. 01-3125-028-0020) (County Property) as part of three (3) adjacent properties rezoning application to the City of Miami to rezone the adjacent properties and the County Property from zone T3-O to T4; and further authorizing the County Mayor or the County Mayor's designee to take all actions necessary to include the County Property as part of the adjacent property owner's rezoning application to the City of Miami.

Scope

The County Property, which is maintained by Public Housing and Community Development Department (Department), is currently zoned T3-O. The County Property is located in Commission District 3 represented by Commissioner Audrey M. Edmonson.

Fiscal Impact/Funding Source

There will be no fiscal impact to the County. The County Property is currently part of a Section 8 New Construction rental development, consisting of eight (8) units, and the rezoning will not affect the current use of the property or the existing or future residents.

Track Record/Monitor

Freddie Nay, Housing Asset Management Specialist with the Department's Contract Administration Division, will continue to monitor the management of the property.

Background

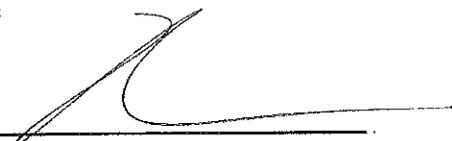

On January 9, 2015, the Department was contacted by the attorney representing three (3) adjacent property owners to include the County Property as part of their rezoning efforts for their properties. The inclusion of the County Property was recommended by the City of Miami since it prefers to establish a T4 transition zone between the T5 zone on North Miami Avenue and the T3 zoned neighborhood to the west of the proposed rezoning area.

For the Board's reference, a description from the City of Miami's Zoning information, regarding these zoning categories are provided below:

| Zone | Description |
|------|---|
| T3 | The Sub-Urban Zone consists of low-density areas, primarily comprised of single-family and two-family residential units with relatively deep setbacks, streetscapes with swales, and with or without sidewalks. Blocks may be large and the roads may be irregular geometry to accommodate natural and historic conditions. |
| T4 | The General Urban Zone consists of a mixed-use but primarily residential urban fabric with a range of building types including rowhouses, small apartment buildings, and bungalow courts. Setbacks are short with an urban streetscape of wide sidewalks and trees in planters. Thoroughfares typically define medium-sized blocks. |
| T5 | The Urban Center Zone consists of higher density mixed-use building types that accommodate retail and office uses, rowhouses and apartments. A network of small blocks has thoroughfares with side sidewalks, steady street tree planting and buildings set close to the frontages with frequent doors and windows. |

By including the County Property, it will create a continuous band of T4 zoning between the other zones as noted in the attached zoning map. The City of Miami requires an authorization letter from the County in order to include the County Property as part of the rezoning application.
