MDEAT

Miami-Dade Economic
Advocacy Trust 
Working Together for Economic Change

Board Membership Application

This application is for membership on the Miami-Dade Economic Advocacy Trust (MDEAT) Board only.

MDEAT is an agent of Miami-Dade County charged by Miami-Dade County Board of Commissioners to help create economic parity between underserved Black communities and the community-at-large. Its approach to helping create economic parity – through the support of the action committees – is to utilize programmatic enterprises and advocate for systemic solutions.

MDEAT BOARD

THE ROLE OF THE BOARD

The board is the governing body of Miami-Dade Economic Advocacy Trust. It provides the vision, mission, goals and the overall strategic direction of the agency. Thus, board members participate in broad policy development that guides the agency, its governance, and the work to help in the fulfillment of the agency's mission.

PREPARATION

Board members are expected to **work diligently to understand the mission, purpose, goals and programs of the agency.** It is also expected that board members prepare for board and committee meetings by reviewing related documents and materials in understanding items before a vote.

ACTIVE PARTICIPATION

Board members are expected to **regularly attend scheduled board meetings, be available for consultation by phone and e-mail, and serve on at least one committee of the board.** Board members are also expected to come prepared to discuss the issues and business at hand during meetings, and attend annual strategic planning sessions. Further, board members are expected to actively participate in the agency's workshops, community events and fundraisers if applicable. Finally, board members should suggest agenda items periodically for board and committee meetings to ensure significant policy-related matters are addressed and the agency's work provides value to the community.

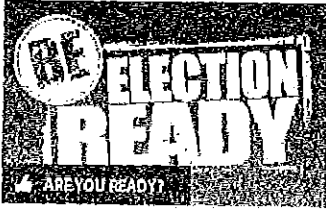

AGENCY REPRESENTATION

Each board member serves as a de facto MDEAT ambassador. It is expected that board members help to promote the work and achievements of the agency within the community. Thus, board members are expected to represent MDEAT in the best possible way.

Please keep Pages 1-3 for your records.

Dr. Steve Gallon III

Dr. Steve Gallon III is the President/CEO of Tri-Star Leadership, Inc. a Miami-Based corporation established in 2002. Described as a "shaft of light" in one of the nation's toughest and most impoverished communities, Dr. Steve Gallon III was born and raised in Miami's renowned Liberty City. After graduating from the public school system Miami, he later attended and graduated from Florida A & M University in Tallahassee, Florida, with Magna Cum Laude Honors with a degree in English Education, becoming the first and only of six older siblings to graduate from college. He furthered his education at Florida International University receiving a Masters in Educational Leadership and a Doctorate in Educational Administration and Supervision. He has also participated in postdoctoral leadership institutes on School Reform and Management at Harvard and Stanford University. Dr. Gallon entered the district as a teacher and later the administrative ranks of the school system as Assistant Principal. He was later appointed principal of Holmes Elementary School. In his third year and after marked improvements in student outcomes and community involvement, he was tapped to become principal of Miami Northwestern Senior High School, where he would serve for seven years---earning the third longest tenure in the school's 50-year history.

Under his leadership, student attendance, student performance, and graduation rates increased, as well as the provision of programs in honors, advanced placement, and the arts for the over 3,300 students in Miami Northwestern Senior High School, comprehensive urban high school housed in a state-of-the-art facility.

Dr. Gallon improved his School's State Accountability/Letter Grade Rating as both Elem. and High School Principal, increased scholarships awarded to students, increased number of Nationally Board Certified & Advanced Degreed teachers. Also, gains reflected increase in student population from 2,987 to 3,145; SPED students from 344 to 508; F&R Lunch from 47.3 percent to 75.3 percent (*Highest)

In 2005, Dr. Gallon was promoted to the position of Administrative Director in School Operations/Alternative Education in which he is currently charged with supporting the Office of School Operations and overseeing schools and programs for struggling learners. Under his leadership, there were marked improvements in student performance, attendance, suspension reductions, and student and staff satisfaction. After being charged by the Board and Superintendent to redesign schools and programs serving struggling learners, Dr. Gallon brought innovation to the district through expanded curriculum offerings, single gender education, career themed academies, and technology-based interventions, as well as new program models for elementary school students and grade configurations. Data from his impact at the District level and in working with the most academically and behaviorally challenged students 22 Chronically Failing Targeted Schools Serving At-Risk & Struggling Learners showed significant improvements in student performance and school indicator data points such as attendance, suspension, and incidents, as well as graduation and dropout rates.

The initiative, Highways to Success developed under his leadership, received positive reviews while at the state and national levels and showed measurable improvements in educational outcomes for students. In addition, Dr. Gallon served as an adjunct Professor in the area of Educational Leadership at Florida International University, where he has received outstanding reviews from his classes of graduate school level aspiring administrators---many who clamored to get a seat in his courses due to his practical, highly engaging, and inspirational instructional strategies.

In 2008, Dr. Gallon was selected unanimously via a nationwide search to be the new Superintendent of Schools for Public School District in Central New Jersey.

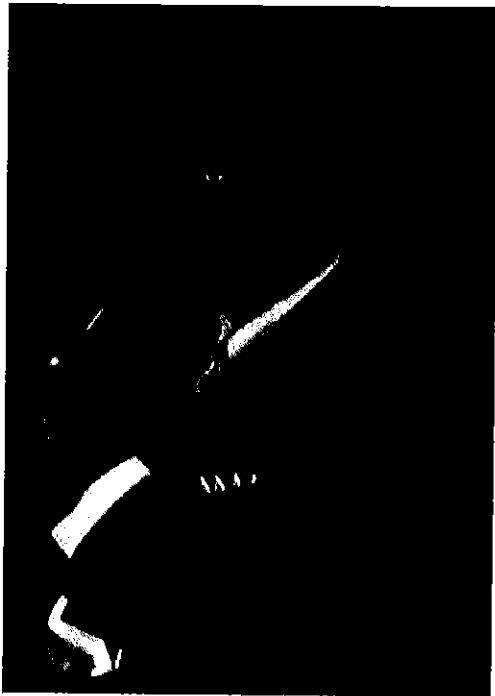

After developing a comprehensive, 4-year Strategic Plan, Dr. Gallon's turnaround and transformational leadership led to significant and innovative educational reforms in the development of a Districtwide Curriculum Plan, K-8 Centers, Academy for the Arts & Advanced Studies, Academy for Academic & Civic Development, Administrator's Performance Planning and Evaluation System, School Budget Allocation Plan, Leadership Development Program, Instructional Program Reviews, and District Marketing Plan which included a revised website, Town Hall Meetings, district blog, and weekly radio educational show. He also established an On-Line District Application System and increased College/University Partnerships. Finally, under Dr. Gallon's leadership and through his strategic efforts, his district realized double-digit gains in the first 18 months of his tenure on the State's School and District Accountability System known as QSAC, which is required and reflected in NJ State Statute as follows:

Additionally, Dr. Gallon achieved the following during his 3-year tenure as Superintendent of Schools.

- | | | |
|-----------------------------|--------------------------------|------------------------------|
| • Decreased Audit Findings | Increased Enrollment | Expanded SPED Options |
| • Increased Partnerships | Increased Gifted/Honors | Increased Graduation Rate |
| • Increased Grant Dollars | Increased Parent Participation | Increased Student Attendance |
| • Increased SEMI Aid | Increased Textbook Purchases | Reduced Violence/Vandalism |
| • Reduced Suspensions | Adopted Allocation Plan | Removed District DINI Status |
| • Removed PDS Status | Developed Adm. Evaluation | Developed Leadership Program |
| • Mandated Student Uniforms | Developed New School for Arts | Held Town Hall Meetings |

Dr. Gallon has received numerous awards for his outstanding professional and community service. He was recognized as Region III's "Rookie Principal of the Year", Elementary School "Principal of the Year", and "Educator of the Year" by Zeta Phi Beta Sorority, Inc. Dr. Gallon was also the recipient of the NAACP Mary McCloud Bethune Educator's Award. The College Board recognized Dr. Gallon as one of eight Americans featured nationally in their publication entitled "Heroes of a Different Kind" for leadership and service in education. In 2003, Dr. Gallon released his first book entitled The Principalship: Tribulation and Triumphs which was featured in the national educational publication Education Week, as one of three new titles for principals. His second book, When Morning Comes: Moments of Struggle, Strength, and Salvation provided the second installment in his urban education trilogy, which marks a work of personal and professional revelation. It was released in the fall of 2006. In August, 2010, Dr. Gallon released his third book, Education with Love and Without Compromise. Having been featured in numerous media venues, and because of his spirit of enthusiasm, intellect, and dynamism, Dr. Gallon remains one of the most respected educational speakers and consultants in the country.

Presently, Dr. Gallon is the President and CEO of Tri-Star Leadership Educational Services Partners in which his firm provides leadership, management, and support in the areas of Strategic Planning, District/School Turnaround, and Educational Project Management for various school districts, private corporations, municipalities, and agencies.

Brian A. Williams, Esq.

Brian A. Williams is currently the Economic Development Officer for the School Board of Miami-Dade County, Florida (4th largest School District in the United States) and is responsible for managing the Office of Economic Opportunity for Miami-Dade County Public Schools (MDCPS). As a member of MDCPS Senior Staff, he is responsible for facilitating, promoting and ensuring direction and leadership in the development and implementation of M-DCPS' business growth strategy; accountable for planning, directing, and overseeing the development of new business and strategic partnerships for small and minority/women business enterprises to participate in the award and performance of School Board contracts. Mr. Williams has direct supervision over vendor certification, contractor prequalification, compliance monitoring and outreach for MDCPS.

Since his appointment as the Director of the Office of Economic Opportunity for M-DCPS in February 2013, Mr. Williams has been tasked with ensuring small and minority owned local business participation in the District's \$1.2 billion General Obligation Bond work designed to renovate and enhance all schools within the District. As head of the OEO, he was instrumental in creating an Inter-local Agreement between the School Board, Miami-Dade County, and Miami-Dade College which established a more centralized certification process for small business enterprises in Miami-Dade County. Under Mr. Williams' leadership the Office of Economic Opportunity has certified over 600 small businesses enterprises within a two-year period. Mr. Williams also spearheaded the creation of a Strategic Alliance between the U.S. Small Business Administration and M-DCPS. Most recently, Mr. Williams forged three strategic MOUs with the Florida Small Business Development Center Network, Hispanic Business Initiative Fund and the Miami-Dade Branch of the NAACP.

Prior to his appointment to the Office of Economic Opportunity, Mr. Williams served three years as the Assistant School Board Attorney for the Construction Division. In addition to his legal career with the School Board, Mr. Williams also acquired extensive litigation experience while working as an Assistant State Attorney in Miami-Dade County and through his practice at civil litigation firms in Miami, Fort Myers, and Naples, Florida.

In 2014, Mr. Williams was recognized by the Minority Chamber of Commerce as the Economic Development Director of the Year. Furthermore, his legal accomplishments and abilities have been recognized by such publications as *Florida Super Lawyers* and *Florida Trend Magazine*. In addition, he was recognized by *Gulfshore Business Magazine* as one of the Top 40 Under 40 Rising Stars in Southwest Florida.

Mr. Williams currently serves on the Board of Directors for the Florida Association of Minority Business Enterprise Officials representing District 4 (Miami-Dade, Broward and Palm Beach County). In addition, he served as an American Bar Association Fellow (2012-2015) for the Construction Law Forum. He is a member of the American Contract Compliance Association and has been a guest lecturer at Florida International University and the University of Miami. In June 2014, Brian launched the Tri-County Alliance for Diversity, connecting the supplier diversity leaders from neighboring school districts, state colleges and county governments. Brian has facilitated this group and encourages the sharing of ideas and best practices among each government agency.

Mr. Williams is very active in the community while serving as an advocate for small and minority businesses. Mr. Williams serves as a Board Member for the Urban Construction Craft Academy and is a member of the Wilkie D. Ferguson Bar Association, 100 Black Men of South Florida, NAACP, and Alpha Phi Alpha, Fraternity, Inc.

Mr. Williams was born in Detroit, Michigan and attended public schools in the Detroit and Cleveland Metropolitan areas. He received his Bachelor of Business Administration from Emory University in Atlanta, Georgia and his law degree from George Washington University in Washington, D.C.

Excellent qualifications in all areas of strategic planning, results-based accountability, market analysis and sound economic applications. A proactive and versatile problem solver with demonstrated abilities in enhancing long term planning efforts and establishing continuous quality improvement initiatives within organizations. An independent, detail-oriented worker who also builds collaborations to improve outcomes and achieve results.

PROFESSIONAL EXPERIENCE

THE CHILDREN'S TRUST – Miami, Florida

2007 – Present

Senior Research & Evaluation Analyst

Established in 2002 by voter referendum, The Children's Trust funds programs and activities that improve the lives of children and families in Miami-Dade County and in so doing places a strong emphasis on accountability and documenting the impact of funded investments. Specific activities and accomplishments include:

- Manage initiatives requiring collaboration-building and cross-agency/cross-systems efforts – recently completed a 6-month strategic planning effort resulting in a 5-year plan to guide investments and measure progress; engaged in project on disparities in indicators of children's school readiness across neighborhoods, the evaluation of a child care quality improvement system, community data integration leading to a data warehouse, and an interactive community indicators and mapping website.
- Implement results-based accountability methods and thinking with our funded service providers and internally for organizational effectiveness.
- Research, create, and update various county-wide and neighborhood-specific data reports, including needs assessments, resource inventories, and annual "report cards" on child and family indicators.
- Provide training and technical assistance to funded agencies and the community on implementing programmatic best practices; selecting outcomes, their indicators, and measurement tools at the community and program level; and reporting achievements and lessons learned.

ALLIANCE FOR HUMAN SERVICES – Miami, Florida

2004 – 2007

Coordinator of Evaluation & Cross-Systems Planning

Recruited to this public-private partnership that serves as the community-wide planning entity for human services in Miami-Dade County and manages the county's competitive funding process of community-based organizations. Specific accomplishments include:

- Facilitated the collaboration of major public and private funders to implement a common funding application and administrative monitoring tool that achieves economic efficiencies for both funders and service providers.
- Developed profiles of Miami-Dade County commission districts and selected cities comparing demographic and social indicators to identify areas of need within communities.
- Coordinated the research, development and publishing of the *Comprehensive Social Services Master Plan for Miami-Dade County, 2005-2007* that guides public and private funding priorities and public policy initiatives to address social services needs, gaps, and barriers.
- Commenced the development of a system to identify, track and report common outcomes for human services program areas to evaluate benefits to clients as well as measure community-wide impact.

HPA CONSULTANTS, INC. – Miami, Florida and Blacksburg, Virginia

1999 – 2004

Managing Owner/Consultant

Co-founded and operated a boutique consulting firm that specialized in external evaluations of educational and economic development programs to ensure that program goals were achieved. Services offered included assisting stakeholders with developing and implementing management and evaluation plans for their education or economic development programs, conducting needs assessments and other surveys, organizing professional training seminars and facilitating strategic planning efforts of organizations.

- Consistently applied proven business techniques within the educational system and helped educators embrace continuous quality improvement planning, self-evaluation and accountability.
- Skillfully provided evaluation services and technical assistance to Johnson & Johnson Corporation's Bridge to Employment programs in Florida, Puerto Rico and Virginia by guiding management and recruitment efforts to actively involve businesses in the local programs and enhancing overall customer satisfaction and participation.

Senior Researcher/Consultant

1989 – 1999

Assumed workforce development project management responsibilities for both public and private clients at the national, state and local levels. Primary efforts encompassed developing and implementing evaluation plans, assessing clients' economic needs and conducting economic impact and feasibility studies. Additional endeavors included analyzing quantitative economic and educational data, developing surveys, training staffs, developing curriculum, marketing programs and composing and reviewing project grant requests.

- Conducted and analyzed informational and attitude surveys of students within Miami-Dade County Public Schools; results were used to build students' leadership skills through their advocacy for advanced high school courses that articulate with college programs and their redesign of school uniforms, thereby increasing students' satisfaction with their educational environment.
- Empowered educators and students by creating an outlet through which their voices were heard and considered by administrators.

MONTGOMERY COUNTY DEPT OF ECONOMIC DEVELOPMENT – *Christiansburg, Virginia*

1990 – 1992

Marketing and Research Associate

Chosen to expand departmental capabilities and conduct computer-based market analyses on the economic impact of new and expanding companies in a semi-rural county that is home to a large and diverse university, Virginia Tech.

- Increased business relocations to the county by 20 percent after designing a method to evaluate the county's strengths and weaknesses in attracting new industries.
- Arranged financial incentive packages resulting in successfully attracting new companies to the county.
- Facilitated the development and implementation of the county's strategic plan for economic development that earned statewide recognition for its foresight.
- Wrote successful grant applications for several grants totaling over \$520,000, including an industrial site selection study, establishment of a revolving loan fund and industrial site improvements.
- Successfully coordinated annual "Industry Recognition Week" that honored local manufacturing industries and created an environment in which new and existing industries felt appreciated by recognizing manufacturers as engines of economic growth within the community.
- Organized operations by creating myriad, readily available publications, such as industrial land and building outlines and a demographic profile of the local economy.

VIRGINIA TECH & VIRGINIA MILITARY INSTITUTE – *Blacksburg & Lexington, Virginia*

1989 – 1990

Adjunct Instructor

Selected to instruct courses at two esteemed educational institutions. Core duties entailed teaching undergraduate micro- and macroeconomics classes of up to 120 students, designing assignments and tests, developing lesson plans and evaluating student performance.

- Effectively taught students by integrating current events into lectures to demonstrate the relevance of economic concepts and create a practical learning environment.
- Created in-class assignments that necessitated solid teamwork from students and engendered realistic business-world experiences complete with peer learning and teaching applications.

U.S. OFFICE OF MANAGEMENT AND BUDGET – *Washington, D.C.*

1987 – 1989

SPECIAL STUDIES DIVISION, ECONOMICS AND GOVERNMENT

Economist

Brought on to research and analyze time series and cross-sectional data at this in-house research unit of the U.S. Government's budget office with the mission of performing statistical, econometric, financial and general program analyses related to the budgets and costs of major federal programs. Key tasks involved conducting oral briefings,

writing memoranda, formulating recommendations regarding the economic effects of proposed policy initiatives and developing proficiency in an IBM mainframe environment.

- Designed and maintained a longitudinal forecasting model that projected the probability of failure and the cost of closing savings and loan institutions.
- Rewrote and restructured the savings and loan industry bail out cost forecasting model to generate accurate predictions sensitive to interest rate movements and provide effective forecasting ranges of estimated costs associated with the bail out.
- Honored with the competitive Division Merit Award in 1988 for outstanding performance and dedication to excellence.

Kareem J. Coney

Kareem J. Coney was born in Williamsport, Pennsylvania. In 1980 his family moved to Lakeland, Florida. He is the fifth of six children raised by his mother. Kareem attended Lincoln Elementary and graduated from Kathleen Senior High School in 1993. He started his college career at the University of Florida Upward Bound Program and graduated from Florida Memorial University in 1997 with a B.S. in Accounting. He then pursued his MBA from The Wayne Huizenga School of Business at Nova Southeastern University in 1999. During the pursuit of his MBA, he was recruited by Ford Motor Company to work as a Financial Analyst in their corporate office in Coral Springs, Florida. Upon completing his studies, he realized that his passion was higher education administration and he decided to return to his alma mater and accepted a position as a Financial Aid Administrator at Florida Memorial University in 1999.

During his short tenure at Florida Memorial University, he excelled in all phases in financial aid administration. In the summer of 2001, he was elevated to the position of Director for the Black Male College Explorers Program. Since his appointment as Director, Mr. Coney has embraced its mission with vigor and determination. He has a compassion for the young men he serves and works diligently to make a difference in their lives. In 2011 Mr. Coney was again promoted to the position of Director of Community Outreach & Retention in addition to maintaining the management of the Black Male College Explorers Program. In January of 2014, Mr. Coney was promoted again to Special Assistant to The President for External Relations in which a position he currently holds.

Mr. Coney proudly acknowledges that since his tenure as Director, one hundred (100%) of the young men in the program have graduated from high school; ninety-eight (98%) have gone on to college; and the program has maintained a retention rate of eight-five (85%). In addition, Mr. Coney has increased the program funding from external sources from \$100,000 to \$300,000.

Mr. Coney is a recipient of numerous community and service awards. Mr. Coney is a member of a myriad of organizations including, Administrative Council, Florida Memorial University, Alpha Phi Alpha Fraternity, Inc., Gates Millennium Scholar Reader, FCAA, Member, , Immediate Past President (Florida Memorial University National Alumni Association) 5000 Role Models Program Mentor, Miami Dade County Public Schools (MDCPS) Parent Academy Board Member, Miami North Dade Alumni Past President, NAACP, Gibson Health Initiative Fund, Board Member, NABA, Black Males of Excellence Advisor FMU, Staff Council (member) and many other organizations.

Thank you for your submission.

This application is for membership on the Miami-Dade Economic Advocacy Trust (MDEAT) Board only.

MDEAT is an agent of Miami-Dade County charged by Miami-Dade County Board of Commissioners to help create economic parity between underserved Black communities and the community-at-large. Its approach to helping create economic parity – through the support of the action committees -- is to utilize programmatic enterprises and advocate for systemic solutions.

MDEAT BOARD

THE ROLE OF THE BOARD

The board is the governing body of Miami-Dade Economic Advocacy Trust. It provides the vision, mission, goals and the overall strategic direction of the agency. Thus, board members participate in broad policy development that guides the agency, its governance, and the work to help in the fulfillment of the agency's mission.

PREPARATION

Board members are expected to work diligently to understand the mission, purpose, goals and programs of the agency. It is also expected that board members prepare for board and committee meetings by reviewing related documents and materials in understanding items before a vote.

ACTIVE PARTICIPATION

Board members are expected to regularly attend scheduled board meetings, be available for consultation by phone and e-mail, and serve on at least one committee of the board. Board members are also expected to come prepared to discuss the issues and business at hand during meetings, and attend annual strategic planning sessions. Further, board members are expected to actively participate in the agency's workshops, community events and fundraisers if applicable. Finally, board members should suggest agenda items periodically for board and committee meetings to ensure significant policy-related matters are addressed and the agency's work provides value to the community.

AGENCY REPRESENTATION

Each board member serves as a de facto MDEAT ambassador. It is expected that board members help to promote the work and achievements of the agency within the community. Thus, board members are expected to represent MDEAT in the best possible way.

Please keep Pages 1-3 for your records.

Without Fear of the Future of Our

Board Membership Application

UPHOLD THE BY-LAWS

It is the expectation that board members abide by the agency's by-laws and other governing documents. According to the by-laws, board members who miss three consecutive board meetings without proper notice or otherwise unable to fulfill obligations as a board member, are asked to submit a letter of resignation. Other similar mandates are outlined in the document.

COMMITTEES

Committees carry out the mandates of the board. There are several committees. Three of them are action committees and are comprised of both board members and non-board members. These committees are the Youth Action Committee (YAC), Housing Advocacy Committee (HAC), and the Economic Development Action Committee (EDAC). Other board committees which are comprised of only board members are the Executive Committee, Bylaws Committee, Personnel Committee, and Budget Committee.

ETHICS

Board members must participate in ethics training. It is a requirement for board members to avoid a conflict of interest or the appearance thereof and disclose any conflicts as soon as possible. Board members with conflicts of interest must remove themselves from voting on items of conflict or engaging in discussions related to a particular item at the general board level or at the action committee level. Further, board members are not allowed to accept offers or favors from entities doing business with the agency or county.

BOARD DECORUM

Miami-Dade Economic Advocacy Trust exists to serve the community. All people related to the agency are working to fulfill that mandate. Therefore, board members are expected to respect, listen to, and treat courteously all people involved with the agency. These people include fellow board members, staff, consultants, grantees, and applicants.

NOMINATION PROCESS

The nomination process is managed through MDEAT Nominating Council, a separate and independent entity of MDEAT. It maintains at all times a fair and open nomination process. Membership is based on availability of positions and level of expertise in one of the agency's core areas of service.

Applicants must be permanent residents and registered voters of Miami-Dade County and must have reputations of integrity and community service and must not be serving on more than two boards created by the Miami-Dade Board of County Commissioners, unless the Commission has by unanimous vote approved the appointment after being advised of all other County board(s) upon which the person sits, provided, however, a person serving on any one of the following boards shall not serve on any other County board simultaneously except as provided by ordinance: Community Council; Community Zoning Appeals Board; Planning Advisory Board; Citizens' Independent Transportation Trust; Housing Finance Authority; Independent Review Panel; Industrial Development Authority; Health Facilities Authority; Educational Facilities Authority; Commission on Ethics and Public Trust; Environmental Quality Control Board; The Children's Trust; and the Public Health Trust. Notwithstanding the foregoing, a person is prohibited from serving on a County board where such service would violate federal or state law, the Miami-Dade County Home Rule Charter or county ordinance.

I have been a Licensed Mortgage broker/ Originator since 1991 and an active member of the Florida Association of Mortgage Brokers since 1999. I held positions such as President of the Miami Chapter and State Director. I chaired numerous committees in the association throughout my tenure well over ten years, including very successful Tradeshows for the Miami Chapter and State Tradeshows which I enjoyed with passion.

Through my relentless networking and political contacts I was able to schedule and established relationships with state legislators such as Marco Rubio a former speaker of the house and currently senator in Congress representing Florida. And many present and former State Representatives as well.

I have spoken on many media outlets concerning an array of topics in the real-estate and mortgage industries. I have been awarded a proclamation from the City Of Hialeah and also from the City of Miami Lakes. Due to the ever growing changes in the mortgage industry I have extend my efforts to included education for First Time Homebuyer and Down Payment Assistance to help buyers with closing cost incentives from county funds. I have been asked to serve on the executive board of MDEAT and also have been selected to the board of directors of NAHREP.

We are direct lenders with a full arrangement of programs. If you know of anyone that is in the market for a mortgage please feel free to contact me directly or send me their contact information, and I will personally take care of them.

Specialties: Bilingual, experiences, education.

Craig Emmanuel

Developer / Investor • Philanthropist • Author / Speaker

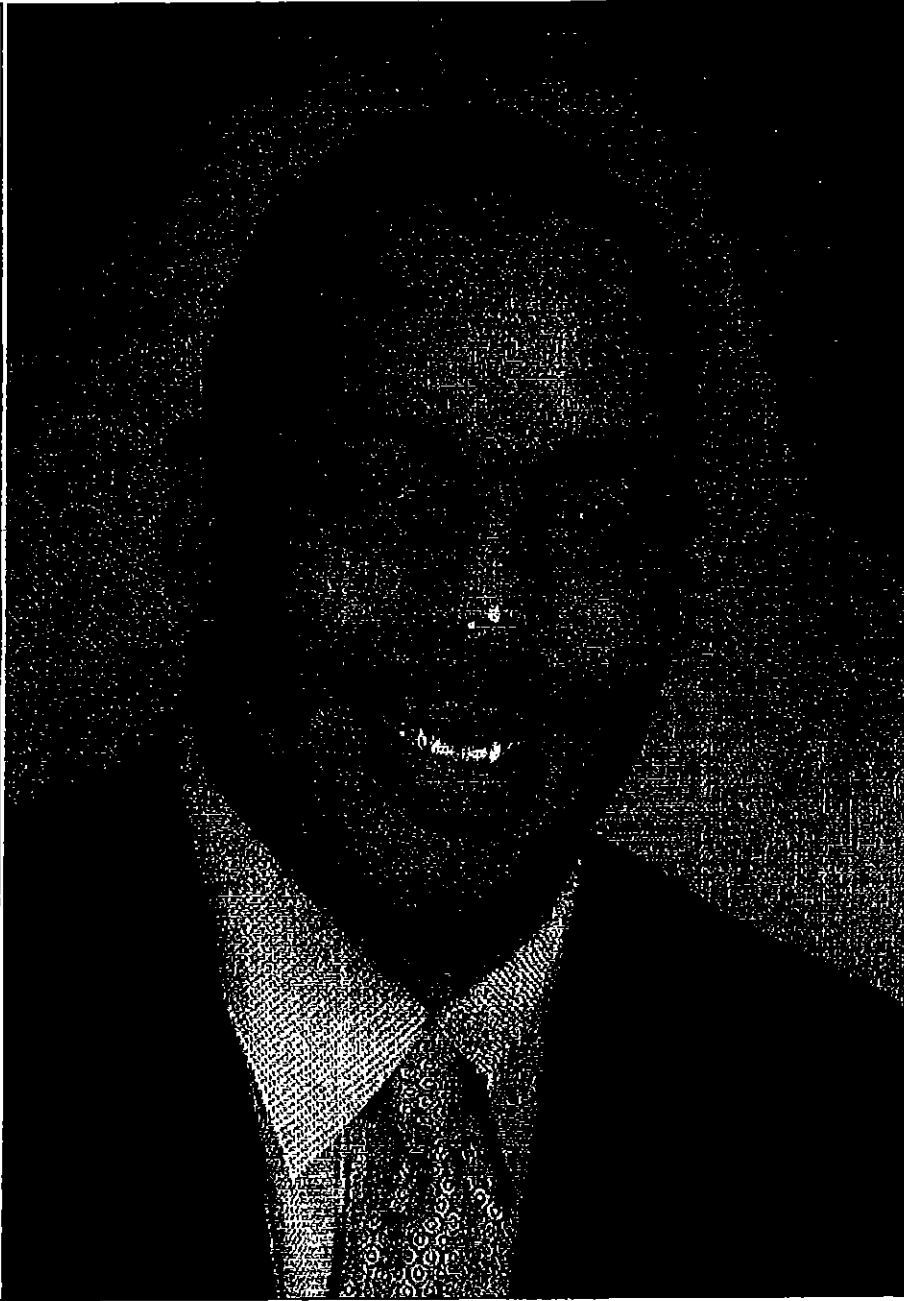

Born and raised in Miami, FL, Craig Emmanuel has been a prominent real estate professional in Florida markets since 1997. As a veritable 'doctor' of real estate, Mr. Emmanuel has dedicated himself to being competent in all areas of the field by being licensed as a real estate and mortgage broker, an appraiser, an inspector and a guarantor of title. Craig apprenticed under Herman Rackley, a prominent realtor of thirty plus years in his hometown of Richmond Heights, FL. He gained his sales experience from Coconut Grove Realty and International Business Brokerage & Realty Inc., in Miami, and his finance experience from Wall Street Capital Funding in Atlanta. As an instructor for XINNIX and The Florida Mortgage Broker School, teaching courses to mortgage brokers and bankers, he mastered the art and science of training individuals in the field. Mr. Emmanuel's property management and marketing skills were acquired through employment relationships with General Growth Properties and The Simon Group. In an effort to stay on the cutting edge of real estate, Craig has recently taken his first steps in opening himself to the international real estate market by becoming Transnational Referral Certified and enrolling in Florida International University's International Real Estate Master of Science Program.

Now as the founder of his own real estate investment brokerage company, *Commercial Realty Advisors & Investment Group, Inc.*, he and his team are committed to providing excellence to members of the real estate investment market through competence, relationship building, accountability, integrity and a genuine group effort. This philosophy coupled with the company's mission of assisting clients in hedging inflation, building equity, and sheltering income and establishing estates, has guided people in becoming happily involved in owning property by satisfying their real estate needs. As an expansion of these services, Mr. Emmanuel has established *Commercial, Residential, Acreage, Industrial & Government, LLC*, a real estate development and construction management company.

Civic responsibility is not foreign to Mr. Emmanuel; he has a long record of service to his community which includes his internships with Senator Bob Graham, campaigning for Commissioner Daniella Levine Cava and advocating for Neighborhood Housing Services of South Florida. He has served as a motivational mentor in Junior Achievement and is also an active member of his church. In 1996 he was the Metro Miami Action Plan Young Entrepreneur recipient and also participated in Leadership South Dade, a program that prepares leaders in South Miami to be prominent leaders. Craig has diversified his resources to maximize his contribution to consumers as well as professionals in the real estate market, through his commitment to philanthropy and active community service he has also founded *Community Realty Agency & Information Group*, a non-profit organization aimed at advocating and educating the world about affordable housing and homelessness. Through his commitment he is currently a candidate of the Florida Housing Finance Corporation's Affordable Housing Catalyst Program which is designed to improve the skills of affordable housing providers. Last but certainly not least, Craig Emmanuel, rounds out his civic service by providing Notary Public services to Florida communities.

Please briefly describe your area of expertise and how you are able to help advance the mission of MDEAT:

Miami-Dade Economic Advocacy Trust's mission is to ensure the equitable participation of Blacks in Miami-Dade County's economic growth through advocacy and monitoring of economic conditions and economic development initiatives in Miami-Dade County.

Prosperous neighborhoods are made of citizens that have equal access to the necessities that can assist them with changing their current condition and begin creating a better quality of life.

Today South Florida is facing many challenges and needs strong leadership to overcome these overwhelming challenges. Through my experiences, I believe I can provide additional leadership, and I have a vision to move Miami-Dade forward. I would like to see Miami Dade continue to progress financially and offer the high quality of life ALL its citizens deserve. I have spent the majority of my life in Miami Dade; I am currently raising my children here, and it is a community I cherish. I hope to give back to this community that has given me so much.

I believe there are three crucial points that will help Miami Dade become a world class Global Region that could be a model for major cities and regions throughout the world. Securing financial sustainability to enhance our economic base, revolutionizing affordable housing while effecting smart growth, and last but not least, building trust and transparency amongst elected officials, are the areas Miami Dade needs to focus the most. With a focus on these three points Miami Dade will begin to see economic growth and citizens' trust restored.

I want to serve my community by affecting future policy. This Board appointment will be more than a way to get involved, this appointment will help me make a difference. While I consider my strengths and experience to include the ability to fundraise, manage and coordinate effective meetings, and being personable in a manner that allows me to engage all walks of life, I constantly strive to be better. There are few actions parallel to working alongside like-minded agents of change to sharpen your strengths and lessen your weakness, these are the reasons why I want to be a MDEAT Board Member.

Housing Advocacy Action Committee & Economic Development Action Committee

My background in real estate began in 1997 when I was first licensed as a real estate salesperson. I have been interested in affordable housing and community development since 2004. As a real estate broker, I have had the opportunity to work on sale transactions of Low-Income Housing Tax Credit properties to placing a family with a Section 8 voucher in a privately owned dwelling. I would describe myself as one with skills and traits of leadership, enthusiasm, creativity and a "can do" attitude. I believe that I will serve the Board best by providing my skills to the Housing Advocacy Action Committee and / or the Economic Development Action Committee.

As a Board member I hope to gain greater passion and knowledge about creating and supporting quality affordable housing and sustainable economic development in Miami Dade County. I also hope to gain more in depth access to private public partnerships that are necessary to get Miami Dade to a place of inclusion for all that call Miami Dade home.
