Memorandum

Date:	September 16, 2015
To:	Honorable Chairman Jean Monestime and Members, Board of County Commissioners
From:	Carlos A. Gimenez Mayor
Subject:	Resolution Approving an Energy Services Agreement between Ameresco, Inc. and Miami-Dade County to Implement Energy Conservation Measures at Various Public Housing Sites and Related Financing Costs in an Amount not to Exceed $26 million and an amount of $2,606,127.00 to be Paid to Ameresco Inc., from Energy Savings over the 14 Year Term of the Agreement for its Annual Services and Authority to County Mayor to Negotiate and Execute a Third Party Equipment/Financing Agreement, Subject to United States Housing and Urban Development's Approval

Agenda Item No. 8(K)(1)

This item was amended at the August 27, 2015 Economic Prosperity Committee meeting to reflect the amount referenced in the Recommendation Section from $20,000,000.00 to $26,000,000.00.

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached resolution:

1. Approving in accordance with 24 C.F.R. part 990 and other applicable federal regulations. the terms and conditions of an Energy Services Agreement (Energy Agreement) for the implementation of the Energy Savings Project at public housing development sites (Energy Savings Project), which said agreement requires the County to borrow an amount not to exceed $26,000,000.00, inclusive of financing costs, from a third party financial institution, requires the County to pay Ameresco a total amount of $2,606,127.00 from energy savings over the 14 year term of the agreement for its annual services, and requires Ameresco to pay the County any difference between the projected annual savings on operating and energy costs and the annual payment amount due to the financial institution.
2. Authorizing the County Mayor or the County Mayor's designee, subject to United States Department of Housing and Urban Development's (Housing and Urban Development) approval, to execute the Energy Agreement, to negotiate the final terms and execute the Third Party Equipment Lease/Financing Agreement to fund the project costs and any other related financing costs (the Financing Agreement), and to negotiate and execute any related documents and agreements in connection with the acquisition, purchase, financing, and leasing of certain equipment for the public benefit;
3. Authorizing the County Mayor or the County Mayor's designee to exercise all terms and conditions of the agreements, including the termination and extension provisions, determine substantial completion of projects, and approve modifications to the Energy Savings Project's scope of work so long as the project cost is not exceeded;
4. Authorizing the County Mayor or the County Mayor's designee to submit plans, agreements and other related documents to Housing and Urban Development for their review and approval; and

5. Waiving Section 2-10.7 of the Code of Miami-Dade County (the Code) related to the Sales Tax Exemption Program and Resolution No. R-130-06.

Scope
The County has public housing sites spanning the entirety of Miami-Dade County and, therefore, the impact of this agenda item is countywide in nature.

Delegation of Authority
In addition to the authority to execute and implement the Energy Agreement, the County Mayor or County Mayor's designee is authorized to (i) enter into a third party financial lease agreement with a financial institution at terms favorable to the County; (ii) approve project financing terms; (iii) exercise termination and extension provisions, (iv) determine substantial completion of projects; (v) submit plans, agreements and other required documents to Housing and Urban Development for their review and approval; and (vi) approve modifications to the Energy Savings Project scope of work, as long as those changes uphold the contract's compliance with 24 C.F.R. part 990 and other applicable federal regulations and do not violate the terms of the third-party financing agreement that finances the implementation of energy conservation measures, the energy saving warranty, or any other applicable clause or schedule of the Energy Agreement. This latter authority is required in order to provide staff with the flexibility to address material issues which may become evident only during the construction period, so long as the project cost is not exceeded.

Fiscal Impact/Funding Source
The Energy Agreement is budget neutral meaning that all costs payable by the County from anticipated energy savings associated with the project will be covered by energy cost savings guaranteed by Ameresco. This project will be completed within 24 months after the County has obtained the appropriate third party financing and will guarantee the Department savings of an estimated amount of $31,619,824.00 over the 14 years following the implementation period, which savings will be used to fully repay the financing institution and pay Ameresco its fixed annual services fees equaling a total amount of $2,606,127.00 over the 14 year term of the Agreement. Third party financing obtained will fund the Energy Savings Project's costs of $18,594,069.00, capitalized interest during construction of the project, and a $500,000.00 contingency, for a total amount of not to exceed $26 million.

Track Record/Monitor
Jorge R. Cibran, AIA, Director Facilities and Development Division and Christina Salinas Cotter, Chief Financial Officer for the Public Housing and Community Development Department (Department), will monitor the performance of this project.

Background
The County is a public housing agency funded primarily by Housing and Urban Development. The County, through the Department, operates over 8,400 dwelling units located in conventional housing developments and scattered site properties.

Pursuant to Resolution No. R-228-09, the County is required to reduce electricity consumption by 20 percent from 2007 levels by 2014. The Board also adopted Resolution No. R-795-12, which requires the County to reduce energy by density by 20 percent from 2009 levels by 2020.

The Energy Performance Contracting Program (the Program) is an innovative financing technique that uses cost savings from reduced energy consumption to repay the cost of installing energy conservation measures. The Program is widely utilized by public housing agencies and other governmental entities across the United States. The Program provides an invaluable tool for local, state, and federal governmental agencies to identify, finance, and perform energy conservation improvements and provide:

1. An efficient system-wide approach to necessary life-cycle replacement of equipment that results in lower capital and long-term operating and maintenance costs;
2. Projected savings from projects guaranteed to cover all County costs with the energy services companies, such as Ameresco, guaranteeing that it will pay the difference if savings fall short;
3. Reduced financing costs since projects qualify for tax-exempt municipal lease rates;
4. Consistency of performance from the installation of high-quality parts and equipment under the direction of highly qualified firms with specialized expertise that provide a turnkey service, such as all of the services provided by an energy service company to design and implement a comprehensive project at the public housing agency's facilities, from the initial energy audit through long-term monitoring and verification of project savings; and
5. A guarantee by energy service companies contractually that the equipment procured and installed will achieve the promised energy savings.

The Department is seeking to increase energy efficiency, sustainability, and ultimately reduce its energy consumption at the County's public housing sites though the use of energy performance contracting services. These services are conducted as part of a Housing and Urban Development-approved incentive program that conducts energy use audits to determine areas where energy consumption and utility expenditures can be reduced by modernizing outdated equipment, systems, materials, techniques, and services in certain public housing facilities. Through the Program, the Department has the opportunity to use the utility cost savings generated by reduced energy consumption to repay the cost of the improvements. On March 1, 2012, an Energy Performance Contracting Services Agreement was awarded under the County Mayor's delegated authority to Ameresco, which proceeded with Phase 1 of the Energy Savings Project which consisted of conducting an energy performance audit (the Audit) to identify various areas in which the Department may potentially save money on energy usage and to identify energy conservation measures to be recommended for implementation as part of the Energy Savings Project.

As a result of the Audit, the Department worked with Ameresco to identify 14 energy conservation measures to be implemented across 37 elderly and 52 family public housing sites as detailed in Appendix B of the Energy Services Agreement. The main energy conservation measures being implemented include installation of high efficiency toilets, low-flow shower heads and faucets, and upgrading of common area, apartment, and exterior area lighting.

In order to finance these cost savings measures, Ameresco will be required to assist in obtaining third party financing from a financial institution. Initially, Ameresco will competitively solicit quotes from several financial institutions to find the most favorable financing terms and conditions to fund the cost of

the Energy Savings Project. Since the County is expected to obtain better interest rates than those typically received by an energy services company, Ameresco will not be required to finance the project. Instead, the County will arrange for the financing directly with the bank selected from the list of respondents to the financing solicitation identified by Ameresco. This third-party financing arrangement will be made through the Financing Agreement which will be negotiated and executed by the County Mayor at his discretion in a form similar to that attached as Attachment B to the resolution, and all financing costs will only be funded from the operating and energy cost savings that are guaranteed by Ameresco. If the operating and energy cost savings fall short of any annual payment due to the bank, Ameresco has guaranteed that it will pay the County the difference. The third-party financing costs will be included in the payment made by the County pursuant to the Financing Agreement.

An initial plan must be submitted to the Housing and Urban Development's field office for review and approval to proceed. After a detailed engineering study is completed, the County will submit its detailed project plan for field office review and approval. The detailed study will be based on actual quotes for construction, finance, maintenance, and other costs. The County must also identify how it will complete design and construction and integrate the energy project with its ongoing modernization program. Included in its Energy Savings Project plan the County will include a detailed description of its construction management practices and associated financial controls. The description must include protocols for design, construction inspections, construction draws, and requisition approvals. Additionally, the County is required to submit the proposed Energy Agreement, the Energy Performance Contracting Services Agreement initially entered into with Ameresco to perform the Audit, the Audit, and other related documents to Housing and Urban Development for their approval.

To allow the County to quickly take advantage of quoted favorable rates and because Housing and Urban Development must approve the plans, the Energy Agreement and other related documents, it is recommended that the Board waive Resolution No. R-130-06 as it relates to the Energy Agreement, the Financing Agreement and all other related agreements. Resolution No. R-130-06 requires that non-County parties to a contract execute the contract before a legislative item approving the contract is placed on the Board's agenda.

In addition, it is recommended that the Board waive the provisions of Section 2-10.7 of the Code related to the Sales Tax Exemption Program. The Code provides that the requirements of Section 2-10-7(b) may be waived upon written request of the Mayor demonstrating "why owner purchases under the subject contract are not in the best interest of the County." Waiver of Section 2-10.7(b) is necessary for the following reasons:

1. Ameresco is designing and specifying certain energy savings equipment for the Energy Savings Project, which includes unique purchasing constraints requiring the expertise of the contractor as well as a fixed construction period. In typical energy performance contracts, the construction period is a fixed timeframe. Interest accrues during construction and is typically deferred until the fixed date upon which permanent debt repayment is scheduled to begin. Use of the Sales Tax Exemption Program heightens the risk of missing deadlines due to the program's complexity, which could then result in financial penalties to the County related to the accrual of savings sufficient for debt repayment to begin on time.

2. Ameresco is able to benefit from volume pricing with certain suppliers as a result of their national presence and these savings are passed on to the customer with such discount often being one percent to three percent better than the savings resulting from the County's Sales Tax Exemption Program, excluding the additional costs of inventory tracking and record keeping for the purchases made by the County that would be imposed on the contractor.

RESOLUTION NO. _____

RESOLUTION APPROVING, IN ACCORDANCE WITH 24 C.F.R. PART 990 AND OTHER APPLICABLE FEDERAL REGULATIONS, TERMS AND CONDITIONS OF AN ENERGY SERVICES AGREEMENT BETWEEN MIAMI-DADE COUNTY AND AMERESCO, INC. TO IMPLEMENT ENERGY CONSERVATION MEASURES AT VARIOUS PUBLIC HOUSING SITES, WHICH SAID AGREEMENT REQUIRES THE COUNTY TO BORROW AN AMOUNT NOT TO EXCEED $26,000,000.00, INCLUSIVE OF FINANCING COSTS, FROM A THIRD PARTY FINANCIAL INSTITUTION, REQUIRES THE COUNTY TO PAY AN AMOUNT EQUAL TO $2,606,127.00 TO AMERESCO, INC. FROM THE ENERGY SAVINGS OVER THE 14 YEAR TERM OF THE AGREEMENT FOR ITS ANNUAL SERVICES, AND REQUIRES AMERESCO, INC. TO GUARANTEE PAYMENT TO THE COUNTY IF OPERATING AND ENERGY COST SAVINGS ARE LESS THAN THE ANNUAL PAYMENTS DUE TO THE FINANCIAL INSTITUTION; AUTHORIZING THE COUNTY MAYOR OR THE COUNTY MAYOR'S DESIGNEE, SUBJECT TO UNITED STATES HOUSING AND URBAN DEVELOPMENT'S APPROVAL, TO EXECUTE THE ENERGY SERVICES AGREEMENT, TO NEGOTIATE THE FINAL TERMS AND EXECUTE THE THIRD PARTY EQUIPMENT LEASE/FINANCING AGREEMENT WITH THE ENTITY SOLICITED BY AMERESCO, TO NEGOTIATE AND EXECUTE ANY OTHER AGREEMENTS NECESSARY TO EFFECTUATE THE TERMS OF THIS CONTRACT, AND TO EXERCISE ALL PROVISIONS OF THE CONTRACTS, AND SUBMIT REQUIRED PLANS, AGREEMENTS AND RELATED DOCUMENTS TO UNITED STATES HOUSING AND URBAN DEVELOPMENT FOR THEIR APPROVAL; AND WAIVING PROVISIONS OF SECTION 2-10.7(B) OF THE MIAMI-DADE COUNTY CODE RELATED TO THE SALES TAX EXEMPTION PROGRAM AND RESOLUTION NO. R-130-06

WHEREAS, Miami-Dade County (the "County"), is a "public housing agency" as defined in the United States Housing Act of 1937 (42 U.S.C. § 1437 *et seq.*, as amended) and is

authorized by the federal regulations promulgated by United States Housing and Urban Development ("Housing and Urban Development") to participate in the federal Energy Performance Contracting Program, which is an innovative financing technique that uses cost savings from reduced energy consumption to repay the cost of installing energy conservation measures; and

WHEREAS, Ameresco, Inc. ("Ameresco") has determined through an audit the potential for utility/energy supplier consumption and cost savings by installation of energy conservation measures within certain public housing properties owned by the County (the "Energy Savings Project") in an amount not to exceed [[~~$20,000,000.00~~]][1] >>$26,000,000.00<<, inclusive of financing costs and the amount of $2,606,127.00 to be paid to Ameresco, Inc. from the energy savings over the 14 year term of the agreement for its annual services; and

WHEREAS, this Board wishes to implement the Energy Savings Project and desires that Ameresco perform a project by using its services, which services may include, but not be limited to, design, engineering, assistance in arranging financing, construction, construction management, system maintenance, inspection and certification, energy use monitoring services, County staff training and resident education services; and

WHEREAS, this Board finds that it will benefit the County to enter into the Energy Services Agreement and the related documents ("the Energy Agreement") with Ameresco, and will result in the efficient and effective administration of energy conversation measures in public housing; and

[1] Committee amendments are indicated as follows: Words stricken through and/or [[double bracketed]] are deleted, words underscored and/or >>double arrowed<< are added.

WHEREAS, this Board also desires to purchase, acquire and lease certain equipment with a cost not to exceed [[~~$20,000,000.00~~]]>>$26,000,000.00<< constituting personal property necessary for the County to perform essential governmental functions; and

WHEREAS, in order to acquire such equipment, the County proposes to enter into that certain third party Equipment Lease/Purchase Agreement (the "Financing Agreement") in the form similar to that attached as Attachment B and incorporated by reference, but delegates to the County Mayor or the County Mayor's designee the authority to negotiate the final terms of the Financing Agreement with the entity solicited by Ameresco and to execute same; and

WHEREAS, this Board also finds that for the benefit of the County and for the efficient and effective administration thereof it is in the County's best interest to enter into the Energy Agreement and the documents related to the financing of the equipment for the purchase, acquisition and leasing of the equipment; and

WHEREAS, this Board desires to accomplish the purposes outlined in the accompanying memorandum, a copy of which is incorporated herein by reference,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that:

Section 1. The foregoing recitals are incorporated in this resolution and are approved.

Section 2. *Approval of Documents.* This Board approves, in accordance with 24 C.F.R. part 990 and other applicable federal regulations, the terms and conditions of the Energy Agreement, in substantially the forms attached hereto as Attachment A and incorporated herein by reference, for the implementation of the Energy Savings Project at public housing development sites, which said agreement requires the County to borrow an amount not to exceed [[~~$20,000,000.00~~]]>>$26,000,000.00<<, inclusive of financing costs, from a third party financial

institution, requires the County to pay Ameresco an amount equal to $2,606,127.00 from the energy savings over the 14 year term of the agreement for its annual services, and requires Ameresco to guaranty payment to the County if operating and energy costs savings are less than the annual payments due to the financial institution.

Section 3. *Actions Authorized.* This Board authorizes the County Mayor or the County Mayor's designee, subject to United States Department of Housing and Urban Development's ("Housing and Urban Development") approval, to execute, the Energy Agreement, to negotiate the final terms and conditions of, and then execute, the Financing Agreement in the form similar to that attached as Attachment B and incorporated by reference, and to negotiate the terms of and execute any other related documents and agreements in connection with the acquisition, purchase, financing, and leasing of certain equipment for the public benefit. This Board also authorizes the County Mayor or the County Mayor's designee to exercise termination and extension provisions, determine substantial completion of projects, and approve modifications to the Energy Savings Projects scope of work as long as those changes are in compliance with 24 C.F.R. part 990 and other applicable federal regulations and do not violate the terms of the third-party financing agreement that finances the implementation of energy conservation measures , the energy saving warranty, and any other applicable clause or schedule in the contracts. The Clerk of the Board is hereby authorized to affix the seal of the County to such documents. The execution of the Energy Agreement and Financing Agreement and related exhibits, following approval for form and legal sufficiency by the Office of the County Attorney, shall be conclusive evidence of this Board's approval.

Section 4. *Submission to Housing and Urban Development.* This Board authorizes the County Mayor or the County Mayor's designee to submit plans, agreements and other related documents to Housing and Urban Development for their review and approval.

Section 5. *Waivers.* This Board, for the reasons stated in the attached memorandum, waives the requirements of Section 2-10.7(b) of the Miami-Dade County Code related to the Sales Tax Exemption Program and Resolution No. R-130-06, which requires that a contract and authority to execute such contract is completely negotiated, in final form, and executed by all non-County parties prior to placement on the County Commission or committee agenda for approval by the Board.

The foregoing resolution was offered by Commissioner , who moved its adoption. The motion was seconded by Commissioner , and upon being put to a vote, the vote was as follows:

Jean Monestime, Chairman
Esteban L. Bovo, Jr., Vice Chairman

Bruno A. Barreiro	Daniella Levine Cava
Jose "Pepe" Diaz	Audrey M. Edmonson
Sally A. Heyman	Barbara J. Jordan
Dennis C. Moss	Rebeca Sosa
Sen. Javier D. Souto	Xavier L. Suarez
Juan C. Zapata	

The Chairperson thereupon declared the resolution duly passed and adopted this 16th day of September, 2015. This resolution shall become effective upon the earlier of (1) 10 days after the date of its adoption unless vetoed by the County Mayor, and if vetoed, shall become effective only upon an override by this Board, or (2) approval by the County Mayor of this Resolution and the filing of this approval with the Clerk of the Board.

MIAMI-DADE COUNTY, FLORIDA
BY ITS BOARD OF
COUNTY COMMISSIONERS

HARVEY RUVIN, CLERK

By:_____
Deputy Clerk

Approved by County Attorney as
to form and legal sufficiency.

ENERGY SERVICES AGREEMENT

This Agreement ("Agreement") made as of the date last executed ("Execution Date"), by and between Ameresco, Inc. ("Ameresco"), a corporation organized under the laws of the state of Delaware and authorized to conduct business in the State of Florida, with its principal place of business at 111 Speen Street, Suite 410, Framingham, MA 01701 and Miami-Dade County, a political subdivision of the State of Florida (hereinafter "PHA") ; collectively Ameresco and PHA are termed the "Parties" or, individually, a "Party"), with its principal place of business at 111 NW 1st Street, Miami, Florida 33128.

RECITALS

WHEREAS, PHA issued a Request for Proposals ("RFP") in accordance with 24 CFR §§ 990.185-190 seeking energy services companies ("ESCOs") to perform certain services relating to energy conservation; and

WHEREAS, Ameresco responded to the RFP and represented in its proposal dated May 23, 2011, that it possesses the necessary knowledge and experience to perform the work and services described in this Agreement and was selected and awarded the project by the PHA on March 5, 2012; and

WHEREAS, pursuant to that certain Energy Performance Contracting Services Contract dated March 26, 2012, between the Parties, Ameresco completed the Energy Audit Report as of September 27, 2013, and

WHEREAS, Ameresco has determined the potential for utility/energy supplier consumption and cost savings (as further defined herein, "Energy Savings") by installation of Energy Conservation Measures (as further defined herein, "ECMs") within certain PHA properties (consisting of apartment sites and complexes), described in this Agreement and the Appendices and Attachments hereto as "Developments," and the cost of the ECMs necessary to achieve these savings; and

WHEREAS, PHA wishes to implement the Energy Savings project in the manner set forth in this Agreement and desires that Ameresco perform a project (as further defined herein, the "Conservation Project") by using its services as more fully provided for within this Agreement, which services may include, but not be limited to, design, engineering, assistance in arranging financing, construction, construction management, system maintenance, inspection and certification, energy use monitoring services, PHA staff training and resident education services for a period coterminous with the term of the Construction Financing (as defined herein); and

WHEREAS, the U.S. Department of Housing and Urban Development ("HUD") conducts a program to assist and enable parties such as PHA to implement projects such as the Conservation Project. The Conservation Project was developed and prepared in compliance with the relevant HUD program and in contemplation of PHA receiving HUD assistance through the available incentives as set forth in 24 CFR §§ 990.185-190,

NOW THEREFORE, the Parties, for good and valuable consideration, the sufficiency and adequacy of which the Parties hereby acknowledge, agree as follows:

PART A:
DEFINITIONS

Words and phrases shall be defined according to their ordinary usage and meaning except as otherwise specifically defined in this Agreement. The definitions of the words and phrases in this PART A (indicated by capitalization of the first letters) of those words and phrases) shall apply throughout this Agreement unless specifically provided otherwise. Words and phrases which are not defined in this PART A may be defined in other provisions of this Agreement and, as so defined and capitalized, shall be given their defined meanings throughout this Agreement.

"Agreement" shall mean this Energy Services Agreement for the implementation of the Conservation Program, including all exhibits, attachments, appendices, amendments, modifications, or revisions made in accordance with its terms.

"Baseline" shall mean PHA's existing utility usage, or allowance for utility usage, for utility/energy supplier services including, but not limited to, natural gas, fuel oil, electricity, water/sewer, identified by Ameresco and included within Appendix D.

"Cashflow Projection" shall mean the Project Cashflow provided in Appendix D which identifies the estimated Energy Savings and Project costs.

"Conditional Energy Savings Guarantee" or "Guarantee" shall mean the contractual obligation by Ameresco, as referenced in Section (9), to provide a Conditional Energy Savings Guarantee. The Guarantee provided by Ameresco shall be a separate written document executed by Ameresco in substantially the form attached hereto as Appendix I upon the Execution Date.

"Conservation Program" shall mean the products and services rendered under this Agreement, the scope of which will be defined by the Conservation Project affecting subsets of the utility/energy supplier costs within the PHA's portfolio of properties.

"Conservation Project" shall mean the specific group of ECMs to be installed by Ameresco or its subcontractors, as may be provided under this Agreement and within Appendix B, at all or any of the Developments listed in Appendix A and the services related thereto to be provided by Ameresco pursuant to this Agreement.

"Construction Account" shall mean the total funds to be utilized to develop and construct the Conservation Project (as opposed to an actual bank account), including the funds available from the Construction Financing and any Supplemental Funding. The funds available from the Construction Financing and held in the Construction Account shall be released only upon approval by PHA of a written Requisition from Ameresco, as described more fully in Section 5. Any Supplemental funding shall also be released only upon approval by PHA of a written Requisition from Ameresco, but may also be subject to any additional authorization required by the Party holding the funds (such as any utility company rebates or other assistance). Ameresco shall maintain an accounting of all available funding for the Conservation Project and report on the status of such funding monthly throughout Phases I and II.

"Construction Documents" or "Contract Documents" shall mean the contract documents for the construction or the supply of the ECMs, as the case may be, which may include, but not be limited to, this Agreement, the "Construction Subcontracts" for the construction subcontractors (for those ECMs to be installed by Ameresco as described in Section (5), Phase II - Construction) and such working drawings and specifications as may be prepared by or on behalf of Ameresco which detail the materials and procedures required to install the ECMs, and all amendments and modifications to the foregoing documents.

"Construction Financing" shall mean third-party financing, for the purchase and installation of the ECMs, which financing is fully subject to and contingent upon the subsequent approval of the Miami-Dade County Board of County Commissioners. The repayment term for the Construction Financing for the ECMs herein shall not exceed twenty (20) years after completion of the construction period identified in Appendix D.

"Construction Phase" shall mean the second phase of the Conservation Project, during which Ameresco shall perform the services described more fully in Section (5), Phase II - Construction, and during which Ameresco shall install and construct the various ECMs.

"Debt Service" shall mean the PHA's obligation for repayment of the Construction Financing. The Debt Service payments are made by PHA pursuant to its agreements with the Lender, which payments shall commence at the commencement of the Project Operation Phase in accordance with the terms of this Agreement and the agreement with the Lender.

"Design and Construction Funding Phase" shall mean the first phase of the Conservation Project, during which Ameresco shall perform the services described more fully below in Section (4), Phase I - "Design and Construction Funding". By way of summary, and not as a full definition, the Design and Construction Funding Phase shall be the phase in which Ameresco shall design, or cause to be designed, the ECMs to be installed by Ameresco, as listed in Appendix B "Scope of Work/Recommended ECM List", and assist in arranging the Construction Financing for PHA in the amount identified in Appendix D, "Cash Flow Projection."

"Developments" shall mean the list of apartment sites and complexes identified in Appendix A which are designated to receive ECMs and services under the Conservation Project carried out under this Agreement. "Development" shall mean an individual apartment site and complex.

"ECMs" shall mean the energy conservation measures recommended for the Developments identified by Ameresco and listed in Appendix B under "Scope of Work/Recommended ECM List", which may be installed by Ameresco in accordance with the terms of this Agreement. ECMs promoting Energy Savings are not limited to equipment and may include services, such as resident energy education as described in Section (6), "Phase II - Construction".

"Energy Savings" shall mean the revenue stream resulting from the reduction below the Baseline utility/energy supplier consumption at the Developments listed in Appendix A. Such Energy Savings shall be calculated using the energy costs and values assigned in this Agreement and Appendices D and G hereto, resulting from the installation of ECMs and performance of services under this Agreement, as these are identified and reconciled annually by Ameresco during the Project Operation Phase according to the provisions of Section (6), Phase III - Project Operation, and employing the calculation contained in Appendix G "Monitoring and Verification of Savings Methodology".

"Energy Audit Report" shall mean that certain study, dated September 27, 2013, attached hereto as Attachment 1, outlining for PHA various areas in which PHA may potentially save money on PHA's energy usage, as compared with PHA's Baseline usage of energy, further outlining ECMs recommended for implementation by Ameresco, under this Agreement, and describing the costs and services associated therewith.

"Escrow Account" shall mean the account into which the proceeds from the Construction Financing are deposited. Funds from the Escrow Account shall be available to support the services provided and ECMs purchased and installed pursuant to this Agreement.

"Execution Date" shall mean the latest date of the final signatory of the Parties to this Agreement.

"Final Acceptance Date" shall mean the date upon which written acceptance by PHA is obtained for the ECMs installed by Ameresco with respect to each individual Development listed in Appendix A, including the Punch List items. Without limiting the foregoing, in the event the Conservation Project with respect to each Development is completed in parts or sub-parts, the date on which the ECMs included in the last such part or sub-part of that Development receive all such necessary approvals and acceptances shall be the Final Acceptance Date of the Conservation Project with respect to that Development.

"Guarantee" shall mean the contractual obligation by Ameresco, as referenced in Section (9), to provide a Conditional Energy Savings Guarantee for the savings achieved under the Scope of Work. The Guarantee provided by Ameresco shall be a separate written document executed by Ameresco upon the Execution Date and the closing of the Construction Financing, and attached hereto as Appendix I.

"HUD" shall mean the United States Department of Housing and Urban Development.

"HUD Regulations" shall mean the applicable provisions set forth in Title 24, Section 990.185 of the Code of Federal Regulations, as amended or as waived from time to time, and any other regulations applicable to PHA and its subcontractors issued by HUD.

"HUD Subsidy" shall mean the amounts paid by HUD to PHA in the form of utility/energy supplier subsidies, as calculated according to the HUD Regulations.

"Incremental Maintenance Costs" shall mean the allocation of Energy Savings to an annual equipment reserve for the purpose of maintaining and/or replacing the energy and water equipment as its useful life expires over the term, as set forth in Appendix D.

"Lender" is the third-party investor providing the Construction Financing.

"Material Changes Threshold" are alterations, or changes in use, at one or more Developments undertaken by the

PHA in the post-construction operations phase of this Agreement, which can be reasonably expected—or measured—to increase or decrease steam, gas, electricity, water or oil consumption by a minimum of five and one-tenths percent (5.1%) annually at a single Development without a corresponding increase or decrease of consumption in another fuel.

"Notice of Substantial Completion" - A written notice (in substantially the form shown in Appendix F-l) submitted by Ameresco to PHA, indicating that Ameresco believes that all or any phase of the Conservation Project has reached Substantial Completion in accordance with the terms of this Agreement. The Notice of Substantial Completion will describe the work (or any phase thereof) substantially completed and include a commitment by Ameresco to complete any remaining portion of the Conservation Program and Punch List items.

"Project Operation Phase" shall mean the third phase of the Conservation Project, during which Ameresco shall perform the services described more fully in Section (6) below, including monitoring the ECMs previously installed under this Agreement, and during which PHA will pay the Debt Service installments, including principal and interest, of the Construction Financing.

"Punch List" shall mean a list prepared and issued by Ameresco, as verified by PHA at the time of Substantial Completion of the ECMs, identifying incomplete items of a minor or cosmetic nature which do not adversely affect the performance or the safe, normal, condition and operation of the installed ECM, but which need to be completed, modified or remedied, prior to Final Acceptance of the Conservation Project.

"Reconciliation" shall mean the annual analysis conducted by Ameresco in accordance with Section (6), Phase III -Project Operation, and the calculations set forth in Appendix G "Monitoring and Verification of Savings Methodology", of the actual utility costs and Energy Savings resulting from the installation of ECMs under this Agreement.

"Reimbursable Expenses" shall mean the cost of photocopied construction drawings, travel expenses and other reasonable job-related expenses incurred by Ameresco and/or its Construction Subcontractors when performing work authorized by PHA beyond Ameresco's Scope of Work hereunder, or when performing changes to its scope of work pursuant to a Change Order. Ameresco's fees include Reimbursable Expenses unless additional work beyond the scope of work hereunder is authorized by PHA pursuant to a change order.

"Requisition" shall mean a periodic request for payment for the ECMs from the Construction Account or the Escrow Account. A signed Requisition, authorized jointly by PHA and Ameresco, will be the formal authorization for the release of funds from the Construction or Escrow Account, and will be based upon the percentage of completion of the Schedule of Values and jointly authorized and approved for payment.

"Resident/Tenant", "Resident", or "Tenant" shall mean any individual who resides in any apartment in any of the Developments and whose name appears on the lease for that unit as either the lessee or a person residing in the unit covered by the lease.

"Services" shall mean those Services and all the work, duties, and responsibilities undertaken by Ameresco, as provided for within this Agreement including its Appendices and Attachments, to the PHA by Ameresco required to implement the Conservation Project. For purposes of this Agreement, Services shall also include within its meaning, all documentation and any items of any nature submitted by Ameresco to the PHA or the PHA's senior representative for review and approval pursuant to the terms of this Agreement.

"Substantial Completion" shall mean the ECMs have been installed by Ameresco or its subcontractors in accordance with the design criteria and HUD General Conditions (Form 5370), and are capable of operating in a manner consistent with the manufacturer's intended use, as provided in the Notice of Substantial Completion issued by Ameresco to PHA. Without limiting the foregoing, in the event the ECMs are completed in parts or sub-parts, the calendar date on which the ECMs that are included in such Notice of Substantial Completion shall govern as the Substantial Completion date as to the ECMs or those portions of the ECMs as are set forth in such notice. The PHA shall accept care, custody and control of the ECM within fourteen (14) days of the date of said notice (the "Substantial Completion Date"). The warranty period shall commence as of the Substantial Completion Date for any individual ECM that is included in such notice.

"Supplemental Construction Funding" shall mean any grants, interest subsidies, utility company rebates or funding, and other forms of funding or payments available to the Conservation Project in addition to the Construction Financing that may be used to fund the capital and/or operating costs of the ECMs and that are available for the Conservation Program through sources other than the Construction Financing. Supplemental Construction Funding is described in Section (4), Phase I - Design and Construction Funding.

"Term" shall have the meaning given in Section (2), Term of Agreement.

"Total Contract Cost" shall mean the total dollar cost for the ECMs and services provided under this Agreement as contained in Section (11) and Appendix E-l(a) to this Agreement.

PART B:
TERMS AND CONDITIONS OF AGREEMENT

(1) SUMMARY OF SCOPE OF SERVICES

Ameresco and PHA have reviewed the Energy Audit Report, which is described more fully in Section (3) below, and have used it as the basis for developing the Conservation Project and the Conservation Program.

In connection with the Conservation Project, Ameresco has performed or, subject to the terms and conditions of this Agreement, will perform, Services as indicated in the following Sections (1)A through (1)C over the term of this Agreement.

A. Phase I - Design and Construction Funding:

The first phase of Services shall be referred to herein as the "Design and Construction Funding Phase". During this phase, Ameresco shall perform the Services described in Section (4), Phase I - Design and Construction Funding.

B. Phase II - Construction:

The second phase of Services shall be referred to herein as the "Construction Phase". During this phase, Ameresco shall perform the Services described in Section (6), Phase II - Construction.

C. Phase III - Project Operation:

The third phase of Services shall be referred to herein as the "Project Operation Phase". During this phase, Ameresco shall perform the Services described in Section (7), Phase III - Project Operation.

D. Duration of Phases of Agreement:

The first phase, as defined in Section (4), Phase I - Design and Construction Funding, shall commence as of the Execution Date and continue, subject to the terms of this Agreement, until the design and the Construction Financing are complete, and all conditions to the closing of the Construction Financing, as described in Section (4) are satisfied. The second phase shall commence upon the expiration of the first phase and continue, subject to the terms of this Agreement, until the later of (i) the closing of the Construction Financing or (ii) the Final Acceptance Date of the ECMs last installed in connection with the Conservation Project. The third phase shall commence upon the expiration of the second phase and continue, subject to the terms of this Agreement, for a period that is co-terminus with the repayment term of the Construction Financing. The Parties agree that the tentative project schedule attached as Appendix M ("Project Milestones") represents the estimate, as of the time of Agreement execution, of the milestones for completion of design and construction of the measures for Phases I and II hereunder. Prior to commencing Phase II, Ameresco shall provide a detailed schedule to PHA which sets forth milestones for completion of the construction and installation. The detailed schedule shall use the critical path (CP) method and it shall be subject to approval by the County. The schedule shall show all construction and installation work being substantially completed within 730 days of the issuance by PHA of a notice to proceed with the construction work, based upon the reasonable cooperation and approval of PHA and subject to events of Force Majeure as set forth herein.

(2) TERM OF AGREEMENT

The Term of this Agreement shall commence as of the Execution Date and, unless sooner terminated in accordance with the terms hereof, shall continue for a period coterminous with the repayment term of the Construction Financing, or until such time as PHA prepays its installment payment obligations under the Construction Financing in full whichever is earlier ("Termination Date"). Should there be additional project financings under this Agreement to accommodate an increased scope of work, the term shall be amended in accordance with the HUD approval for the term of each subsequent financing.

(3) ENERGY AUDIT REPORT

The Energy Audit Report, Attachment 1, was developed pursuant to the Energy Performance Contracting Services Contract No. RFP 774, which is incorporated herein by reference. The Energy Audit Report, Attachment 1, as amended in the Appendices, sets forth the planned scope of Services for the Conservation Project; design, engineering, construction and installation of the ECMs; the anticipated Construction Financing and any and all necessary Supplemental Construction Funding available; the current utility/energy supplier use or Baseline; the currently projected Energy Savings from the ECMs; describes the recommended ECMs; and provides a Cash Flow Projection. The Cash Flow Projection shall form the basis for the Construction Financing and is based upon the Total Contract Cost and

Energy Savings. Appendix D includes the ECMs and Services that will be provided for the Developments.

(4) PHASE I - DESIGN AND CONSTRUCTION FUNDING

A. Design Services: Specifications and Drawings:

During the Design and Construction Funding Phase, Ameresco shall, in consultation with PHA, produce designs, specifications, and drawings needed to secure qualified subcontractors in order to complete the agreed-upon Scope of Work (Appendix B) during the Construction Phase (the "Specifications and Drawings Work").

The Specifications and Drawings Work shall be divided into three (3) overlapping stages described more fully below: schematic design, design development, and construction documentation.

i. Schematic Design: Schematic Design shall mean illustration of strategies by which the recommendations presented in the Energy Services Plan can be executed within the constraints of budget and applicable building codes.

During this stage, Ameresco will detail the ECMs set forth in the Scope of Work (Appendix B). Areas of work will be broadly defined in light of existing conditions (e.g. boiler choice, required long-term maintenance, access), and all required trades will be identified.

Ameresco and/or its design sub-consultant(s) and the Design Engineer will make surveys of existing conditions with reference to existing "as-built" building plans and physical inspection of the Developments. Ameresco and the PHA acknowledge that frequent formal and informal communications will be required between Ameresco and PHA in order to ensure that both budgetary constraints and efficiency requirements are met, and that the schematic design, as completed, will be acceptable to both Parties over the term of this Agreement.

ii. Design Development: Design Development shall mean development of the construction details, materials, and equipment choices, and cost estimates associated with the design strategy chosen by the PHA.

During Design Development, Ameresco will identify and review with PHA specific strategies for effectively installing the ECMs, short and long-term cost considerations associated with material and equipment selection, impacts on the Developments of modification to the existing conditions (e.g., boiler choice, required long-term maintenance; access; pre-programmed thermostat high-limits; etc.), as well as applicable comfort standards as identified in Appendix H ("Standards of Comfort and Service"). Ameresco will project and communicate to PHA, during this stage, whether the consumption savings projections and budgetary assumptions included in Appendix B "Scope of Work/Recommended ECM List", can be met after incorporation of PHA's comments on specific design details. In the event Ameresco communicates to PHA that some or all of PHA's comments cannot be incorporated without reducing the consumption savings projections and/or exceeding the budgetary assumptions, PHA and Ameresco will attempt to agree to a modification of the proposed designs and/or the installation of Alternates shown in the Energy Audit Report so as either to preserve or modify the Conservation Project in order to change the consumption savings projections.

iii. Construction Documentation: Construction Documentation shall mean preparation of working drawings and specifications that detail the materials and procedures required to install the ECMs listed in Appendix B based upon the results of the Design Development process (i.e., the "Construction Documents").

During Construction Documentation, Ameresco will prepare, or cause to be prepared, detailed drawings and specifications for the installation of the ECMs. In addition to the technical detail, Ameresco will include in the Construction Documents any general conditions and requirements consistent with instructions which may be provided by PHA and any applicable requirements of HUD. At the end of Construction Documentation, Ameresco must reasonably project that the consumption savings projections and other budgetary assumptions for the ECMs contained within Appendix B may be met given the design details. If such projection does not establish savings consistent with the savings listed in Appendices D and G, Ameresco must specify, with PHA's reasonable approval, certain items as "Alternates" to the ECMs, to the extent necessary in order to achieve such savings.

All designs, specifications, and drawings produced by Ameresco as well as the ECMs to be financed as "Equipment" pursuant to the Construction Financing will be submitted to PHA for its review and approval prior to the commencement of Construction, which approval shall not be unreasonably conditioned, delayed or withheld. Such review and approval shall not be deemed to relieve Ameresco of its responsibilities as Design Engineer and Construction Manager under this Agreement, however it shall serve to fulfill the requirement of the subcontractor/subcontract approval requirements pursuant to Section 17, below. Recognizing the design build basis of this contract approach and the necessity upon which such a contract operates, PHA shall provide its approval and consent to Ameresco of such

subcontractor and Ameresco shall thereafter be able to execute its subcontract agreement with the subcontractor or supplier.

iv. Commissioning Plan: Prior to the completion of Phase I of the Services hereunder, Ameresco shall prepare a Commissioning Plan for the equipment installed under this Agreement. Such Plan shall describe the design parameters of the equipment to be installed, as well as provide a plan for start-up and maintenance of the ECMs installed hereunder.

B. Changes To The Total Contract Cost & Scheduled Values During Phase I:

In the event that the Parties agree upon a Revised Scope of Work for the Developments (e.g., a revision to the Scope of Work provisions of Appendix B) and, as the case may be, a Revised Schedule of Values, a "Revised Utility/Supplier Energy Savings" (a revision to Appendix G), debt service for the Construction Financing, a Revised Summary of Recommended ECMs (a revision to Appendix B) or a "Revised Cash Flow Projection" (a revision to Appendix D), the Parties shall attach such revised Appendices hereto. From that time forward, unless further revised, each of those revised and updated schedules shall be deemed to be the relevant Appendix, without regard to whether they are subsequently referred to herein as "Revised Appendix _" or "Appendix _ , as revised", or in some other way which indicates their revisions. The quantity, quality, dimensions, type, or other characteristics of the ECMs may be changed only by mutual written consent of the PHA and Ameresco (and, where required by the Construction Financing, the Lender, or as may be required by HUD). In addition, the Scope of Services may be reduced or expanded to include other energy ECMs not included within the ECMs listed in Appendix B, as mutually agreed upon in writing.

In the event of any failure of the Parties to agree on revisions to the Conservation Project at any such time either Party may terminate this Agreement in accordance with Section (17)A.

C. Construction Financing:

i. During the Design and Construction Funding Phase, PHA shall, with the assistance of Ameresco, apply for and use reasonable, good faith efforts to secure the Construction Financing. PHA's acceptance of, and entry into any agreements for, the Construction Financing is fully subject to and contingent upon the approval of the Miami-Dade Board of County Commissioners authorizing the Construction Financing upon any and all such terms, inclusive of interest rates, that the County, in its sole and absolute discretion, finds are desirable, reasonable, prudent and in the best interest of the County. The Construction Financing shall be in an amount consistent with the Cash Flow Projection, attached hereto as Appendix D "Cash Flow Projection", as may be amended from time to time. The Parties intend that the amounts of the Construction Financing and Supplemental Construction Funding, Utility Company or other Funding and Rebates, as these terms are defined in this Section (4), shall collectively be sufficient to pay the Total Contract Costs. Any expenditures made as part of the Agreement shall be expressly justified by reference to proceeds available from the Construction Financing or any Supplemental Construction Funding.

Ameresco and PHA shall agree to all reasonable amendments to this Agreement, as may be required by the Lender; provided, however, no such amendment shall cause a material adverse impact on the rights or obligations of Ameresco or PHA hereunder without the consent of the Party so affected, which consent may be withheld for any reason.

Notwithstanding anything contained herein to the contrary, this Agreement imposes no obligation on the County to approve or accept any particular Lender and/or the Construction Financing. If the County fails to approve a Lender and/or the Construction Financing within ninety (90) days from the Effective Date of this Agreement, then PHA and Ameresco shall each have the option, exercisable upon written notice to the other Party, of not proceeding with the installation of the ECMs and to terminate this Agreement. If either Party shall elect to terminate this Agreement as a result of the County's failure to timely secure the Construction Financing, then PHA acknowledges and recognizes that Ameresco has incurred costs totaling One Hundred and Thirty Four Thousand and no/100 Dollars ($134,000.00) for the preparation of the Energy Audit Report and the PHA shall provide payment in full to Ameresco as of the time of termination for that Report.

ii. HUD Incentive for Conservation Savings: PHA shall, with the assistance of Ameresco, apply for all necessary approvals and authorizations and enter into all necessary agreements to receive from HUD, pursuant to applicable federal laws and regulations, all applicable utility savings incentives, including, without limitation, written approval of the exception to conventional calculation of the utility subsidies pertinent to this Agreement ("HUD Subsidy") in accordance with the applicable HUD regulations, which allow said subsidy to be fixed between PHA and HUD at levels

determined with reference to the Energy Savings and Total Contract costs. All such agreements, approvals and other authorizations, pursuant to which the HUD Subsidy shall be paid in accordance with the contents of Appendices D and G, shall be attached hereto upon receipt and made a part hereof as Appendix L ("HUD Approval Letter").

D. Supplemental Construction Funding:

Utility or Other Company Funding and Rebates: In addition to providing assistance to PHA in obtaining the Performance Contract Financing, Ameresco shall assist PHA in applying for grants, interest subsidies, utility or other company rebates, and other forms of funding or payments available from third parties to fund the capital and/or operating costs of the ECMs as may be reflected in the Cash Flow Projection which is included as Appendix D, "Cash Flow Projection". Ameresco makes no guarantee that utility or other company funding and rebates will be obtained through or on account of its efforts, unless such additional assistance is included in Appendix D as of the execution of this Agreement. In such instances, the express conditions and obligations of both Parties will be set forth in said Appendix.

PHA acknowledges that Ameresco is a contractor independent of any utility, is not an agent or affiliate of any utility, and does not represent any utility in any capacity.

To the extent that the final amount of the Construction Financing is dependent upon the receipt of utility or other company funding and rebates, the attached "Cash Flow Projection" contained in Appendix D shall be revised accordingly by the Parties to reflect the final amount of all such forms of "Revised utility or other company funding and rebates".

Should Ameresco pursue additional utility or other company funding and rebates expressly authorized in writing by PHA, and on behalf of PHA, during the Design and Construction Funding Phase that are not expressly incorporated as of the Execution Date of this Agreement in Appendix D, Ameresco and the PHA shall negotiate an amount due to Ameresco, if any, for securing such assistance. Subject to the requirements, if any, pertinent to the receipt of such assistance, PHA and Ameresco shall apply the funds received to offset the construction costs hereunder, as well as any applicable monitoring and verification requirements that may be required by the providers of such assistance.

E. Final Agreement to Project Scope and Level of Guaranteed Savings:

The Parties intend and anticipate that the Energy Savings guaranteed hereunder shall be not less than one hundred percent (100%) of the amount required over the Term of this Agreement to repay the Construction Financing on a Debt Service requirement basis, as set forth in Appendix D, all in accordance with the terms and conditions set forth herein. Prior to entering into the Construction Financing, should the effect of changes in Total Contract Cost, supplemental funding, interest rates or other cause result in the Energy Savings hereunder to be less than one hundred percent (100%) of the amount anticipated to be required to recover the annual costs for Debt Service, Ameresco and PHA agree to mutually and reasonably attempt to negotiate a reduction or modification of the total contract costs by removing components of the ECMs to be installed pursuant to this Agreement or substituting alternative ECMs in order that the guaranteed Energy Savings hereunder shall be an amount equal to or not less than one hundred percent (100%) of the amount required to recover the above costs over the Term of this Agreement.

Prior to entering into the Construction Financing, in the event that the Parties cannot agree to so reduce or modify the costs of construction in circumstances wherein the savings guaranteed herein are less than one hundred percent (100%) of the amount required to cover the annual costs for the debt service, PHA and Ameresco shall each have the option, exercisable upon written notice to the other Party, of not proceeding with the installation of the ECMs and on the part of PHA, not entering into the Construction Financing. In that regard, PHA acknowledges and recognizes that Ameresco has incurred costs totaling One Hundred and Thirty Four Thousand and no/100 Dollars ($134,000.00) for preparation of the Energy Audit Report and PHA shall provide payment in full to Ameresco as of the time of termination for that Report.

F. Construction Financing Instrument:

Prior to commencing the Construction Phase of the Agreement, PHA will obtain the Construction Financing, subject to, and in accordance with, the terms and conditions set forth in this Agreement.

i. The agreement governing the Construction Financing from a Lender shall be attached herein as Appendix C, the terms of which shall be reviewed and approved by the PHA, in its sole discretion.

ii. PHA's obligation to make payments pursuant to the Construction Financing and payments from the

Construction Account will commence on the date that funds are deposited in the Construction Account from the Construction Financing ("Construction Financing Commencement Date") and will be subject to the terms and conditions of this Agreement.

iii. PHA acknowledges and understands that the amount of the Construction Financing payments will be subject to current market conditions and credit approval by the Lender.

iv. Liens and Attachments: IN THE EVENT THAT ANY MECHANIC'S LIEN SHALL BE FILED, WITH RESPECT TO THE SCOPE OF WORK PERFORMED PURSUANT TO THIS AGREEMENT OR AGAINST ANY PAYMENT DUE OR TO BECOME DUE UNDER THIS AGREEMENT, OR BY REASON OF ANY OTHER CLAIMS OR DEMANDS AGAINST AMERESCO, AMERESCO SHALL PROCURE THE RELEASE OR DISCHARGE THEREOF WITHIN NINETY (90) DAYS EITHER BY PAYMENT OR IN SUCH OTHER MANNER AS MAY BE PRESCRIBED BY LAW OR PHA MAY WITHHOLD SUCH SUMS ON ACCOUNT OF SUCH LIENS IN ACCORDANCE WITH THE APPLICABLE REQUIREMENTS. NOTICE IS HEREBY GIVEN THAT THE PHA SHALL NOT BE LIABLE FOR ANY LABOR, SERVICES OR MATERIALS FURNISHED OR TO BE FURNISHED TO AMERESCO, AND THAT NO MECHANICS' OR OTHER LIENS FOR ANY SUCH LABOR, SERVICES OR MATERIALS SHALL ATTACH TO OR AFFECT THE INTEREST OF THE PHA IN AND TO ANY OF THE DEVELOPMENTS. THE PHA SHALL BE PERMITTED TO POST ANY NOTICES ON THE DEVELOPMENTS REGARDING SUCH NON-LIABILITY OF THE PHA. NOTWITHSTANDING THE FOREGOING, AMERESCO RESERVES ALL OF ITS RIGHTS UNDER SUCH LAW AND DOES NOT WAIVE ANY RIGHTS WHICH IT MAY HAVE UNDER SAME.

G. Conditions to the Commencement of Construction:

The following events (in accordance with the applicable provisions of this Agreement) during the Design and Construction Funding Phase are conditions precedent to the commencement of the Construction Phase and the closing of the Construction Financing:

i. PHA entering into the Construction Financing agreement;

ii. receipt of approval from HUD by PHA for application of any Supplemental Construction Funding as defined in Section (4);

iii. receipt of all necessary approvals from HUD, execution by HUD and PHA of all necessary agreements in connection with both the Conservation Project and the receipt by PHA of approval of future subsidy payments related to the "HUD Incentive for Conservation Savings" (as described in this Section (4));

iv. receipt and recordation in the public records of Miami-Dade County of payment and performance bonds in accordance with the requirements set forth in this Agreement; and

v. receipt by or on account of Ameresco and/or PHA of all necessary permits, licenses, approvals and other governmental or non-governmental authorizations needed for the installation of the ECMs.

Each of the foregoing approvals and authorizations entered into or received by Ameresco shall be subject to the review and approval of PHA, which shall not be unreasonably delayed or withheld. Any such approval shall be deemed reasonably withheld if the rights or obligations under this Agreement of the Party withholding its approval are materially adversely affected by the agreement, permit, license, approval or authorization in question.

H. Sample Installations:

Prior to beginning the work hereunder, Ameresco will provide product cut-sheets and PHA, at its option, may reasonably request to have Ameresco provide a sample installation of any of the following ECMs to be installed: lighting, toilets, and other appliances. PHA shall furnish its written approval or disapproval of each installed sample ECM or each such product cut-sheet within twenty (20) calendar days following its receipt of written notice by Ameresco of completion of each such sample installation or the provision of such product information to PHA. PHA's approval of such sample ECMs or product information shall be in substantially the form of Attachment K hereto ("Sample Installation Approval Certificate"). If PHA disapproves any such ECM, Ameresco shall have the right to provide a substitute ECM which conforms to the applicable specifications or is equivalent to any applicable sample provided to and approved in writing by PHA hereunder. Ameresco shall revise the Attachments to reflect each such substitution, subject to PHA's written approval of each revised Attachment. In the event PHA does not approve of any such substituted ECM's or specifications and Ameresco has no specific right hereunder to provide a substitute ECM, the Parties hereby agree to negotiate a mutually acceptable solution. PHA shall not unreasonably withhold or delay any approval provided for

herein.

(5) OWNER DIRECT EXEMPTION PROCEDURES

A. Sales Tax Included

Ameresco has included in the Total Contract Cost, Florida State Sales Tax and other applicable taxes for materials, supplies and equipment to be used in the construction of the Conservation Projects.

As a result, all material, equipment, supplies and other items purchased by Ameresco shall be subject to applicable Florida Sales Tax in accordance with applicable State laws.

(6) PHASE II - CONSTRUCTION

A. Construction:

i. During the Construction Phase, Ameresco shall furnish all labor, materials and equipment and perform all work required for the completion of the Scope of Work set forth in Appendix B, including the installation of the ECMs listed therein, as Appendix B may be revised from time to time in accordance with the terms of this Agreement.

ii. At all times relevant to this Agreement, Ameresco shall permit PHA or any of its representatives to enter upon each of the Development sites to inspect, test and approve both the work conducted in the facility, during construction and operations, subject to compliance with all of the site safety requirements and procedures, and to access the books, records, and other compilations of data which pertain to the performance of the provisions and requirements of this Agreement, including attendance of the PHA's representative at relevant on-or-off-site meetings of Ameresco and/or its subcontractors.

iii. Before Ameresco commences any construction or installation work or purchases any supplies, equipment or materials for the Conservation Project and upon the receipt by Ameresco of an irrevocable Notice to Proceed from PHA, Ameresco shall execute and provide to the PHA and record in the public records of Miami-Dade County, performance and payment bonds for the total cost of the Conservation Project in compliance with the terms of Florida Statutes Section 255.05, naming the County as a beneficiary and as an obligee thereof. The performance and payment bonds apply only to the installation portion of the Agreement and do not apply in any way to the Energy Savings Guarantee or maintenance provisions, except that the performance bond shall guarantee that the installation will be free of defective materials and workmanship for a period of twelve (12) months following issuance of Notice of Substantial Completion and deemed acceptance of the installed ECMs.

B. Labor and Material for Construction:

i. Ameresco shall ensure that all laborers shall be competent to perform the tasks undertaken, and licensed where applicable, that all materials and equipment provided shall be new and of appropriate quality in accordance with equipment selections and specifications as approved by the PHA at the time of design submittals, and that the completed work shall comply with the requirements of this Agreement. Ameresco and its Construction Subcontractors shall comply with all applicable Federal, State and local laws, regulations and requirements, including but not limited to Section 3 and MWBE goals as specified by the PHA and the Florida Building Code.

ii. Ameresco shall make, or cause to be made, prompt payment of all monies due and legally owing to all persons, firms, and corporations doing any work, furnishing any materials or supplies or renting any equipment to Ameresco or any of its contractors or subcontractors in connection with the construction, reconstruction, furnishing, repair, maintenance or operation of the Developments, with respect to work performed pursuant to this Agreement and in all events will bond or cause to be bonded, with surety companies reasonably satisfactory to the PHA, or pay or cause to be paid in full forthwith, any mechanic's, materialmen's or other lien against the Developments placed due to the Services or work performed hereunder and shall procure the release or discharge of same thereof within ninety (90) days either by payment or in such other manner as may be prescribed by law or PHA may withhold such sums on account of such liens in accordance with the applicable requirements as set forth in Section 4Fv, above.

iii. Ameresco shall competitively select one or more appropriately licensed, qualified contractors to undertake the Conservation Project solicit pricing from qualified subcontractors, and shall solicit pricings from major equipment vendors (hereafter "Construction Subcontractors") for the purpose of reasonably minimizing the cost of the construction and

installation of the ECMs contained in Appendix B. With respect to the competitive selection of Construction Subcontractors, Ameresco shall comply with all applicable laws and requirements and in furtherance, and not in limitation thereof, shall encourage the involvement of resident-owned businesses and local minority and women-owned businesses by making so called "outreach" efforts through newspaper advertising, mailing lists and direct telephone calls. Ameresco and its Construction Subcontractors will comply with the HUD General Conditions for Construction, applicable provisions of Section 3 and MWBE policies of PHA, and state labor law.

iv. All Construction Subcontractors, consultants, and subconsultants that Ameresco uses to perform the work hereunder, are subject to the prior written approval of PHA as more fully described in Section (17) of this Agreement, such approval not to be unreasonably withheld conditioned or delayed. Ameresco agrees to reasonably assist PHA in making a claim under any insurance policy of a Construction Subcontractor of Ameresco including, but not limited to, completing and submitting any required forms or providing any required information to enable PHA to recover on its claim. Ameresco shall specify, in writing, prior to commencement of any work authorized in part or whole by this Agreement, a list of all parties, contractors, and vendors and specify that all parties, contractors and vendors are not listed on the List of Parties Excluded from Federal Procurement or Nonprocurement Programs, published by the United States General Services Administration. Nothing contained in this Agreement shall create any contractual relation between any Construction Subcontractor and PHA.

v. Ameresco's Construction Subcontractor agreements shall include a provision that the Construction Subcontractors shall indemnify, defend and hold harmless PHA from and against all claims, suits, damages, costs or any other liability whatsoever resulting from or arising out of the Construction Subcontractor's performance of, or failure to perform, the work for which the Construction Subcontractor has been retained, in the form shown below:

"The Construction Subcontractor shall indemnify and hold harmless the PHA and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorneys' fees and costs of defense, which the PHA or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting from the performance of this Agreement by Construction Subcontractor or its employees, agents, servants, partners principals or the Construction Subcontractor's subcontractors. The Construction Subcontractor shall pay all claims and losses in connection therewith and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the PHA, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorney's fees which may issue thereon. The Construction Subcontractor expressly understands and agrees that any insurance protection required by this Agreement or otherwise provided by the Construction Subcontractor shall in no way limit the responsibility to indemnify, keep and save harmless and defend the PHA or its officers, employees, agents and instrumentalities as herein provided. The obligations of the Construction Subcontractor under this provision shall survive any expiration or termination of this Agreement and shall not be limited by any enumeration herein of required insurance coverage."

Ameresco agrees to reasonably assist PHA in enforcing the indemnity provision above including, but not limited to, providing documentation requested by PHA.

vi. Not Deemed PHA Employees: No person assigned to perform work under this Agreement by Ameresco shall be deemed to be an employee of PHA for any purpose.

vii. Qualified Personnel: Ameresco shall employ only qualified and competent persons and Construction Subcontractors in the provision of services to be performed hereunder. If, in the opinion of the PHA, Ameresco violates such obligation, after providing Ameresco notice and ten (10) business days to cure, PHA, in the reasonable exercise of its discretion, may demand that the unqualified and/or incompetent person be replaced and not again be employed in the performance of this Agreement, which demand shall be complied with by Ameresco as soon as practicable, considering Ameresco's need to obtain a suitable replacement employee or Construction Subcontractor.

viii. Independent Contractor: In performing the services hereunder, Ameresco has the status of an independent contractor. Neither Ameresco nor its employees nor its Construction Subcontractors are to represent themselves to be, or be deemed to be, employees or agents of, and shall have no power to bind, PHA. Ameresco is solely responsible for payment of all compensation owed to its own personnel and its Construction Subcontractors, as well as for payment of all employment-related and other similar taxes (subject to other provisions of this Agreement relating to taxes) and liabilities incurred by Ameresco or its Construction Subcontractors.

ix. Prevailing Wages: Consistent with the requirements of HUD Form 5370, General Conditions for Construction set forth in Appendix N, Ameresco shall pay the required wage rates for work in connection with this Project pursuant to

the federal Davis-Bacon wage requirements as specified by the PHA and shall provide to the PHA, upon request, documentation evidencing compliance with Davis-Bacon wage requirements. The wage determination in effect as of the Execution Date shall be an attachment to this Agreement.

x. Ameresco has included in the Total Contract Cost, Florida State Sales Tax and other applicable taxes for materials, supplies and equipment to be used in the construction of the Conservation Projects. As a result, all material, equipment, supplies and other items purchased by Ameresco shall be subject to applicable Florida Sales Tax in accordance with applicable State laws.

C. Construction Project Management:

During the Construction Phase, Ameresco shall undertake in a timely fashion the activities required of Ameresco as described in this Section 5(C), including, without limitation, the oversight of ECM-related activity conducted at the Developments as provided for within the "Summary of Recommended ECMs" (Appendix B).

i. Project Manager: During the Construction Phase, Ameresco shall serve as "Project Manager" on behalf of PHA, and shall, in consultation with PHA, schedule and oversee as described in this Section 5(C), installation of the ECMs included in the "Summary of Recommended ECMs" (Appendix B).

ii. Prime Contractor: During the Construction Phase, Ameresco shall serve as "Prime Contractor" on behalf of PHA for, and directly contract for the installation of, such ECMs included in the "Revised Summary of Recommended ECMs" (Appendix B).

iii. Project Scheduling: PHA and Ameresco shall mutually plan the scheduling and coordination of the construction work. The construction work will be planned to reasonably minimize the interruption of the daily routine of and services provided to PHA's staff and residents except as permitted in writing by PHA. Ameresco shall prepare milestone schedules and shall outline and track the schedule of work for all significant phases of construction, and shall produce written progress meeting minutes or monthly progress reports for PHA on a percent completion summary with each requisition submitted for payment. In no case shall Ameresco be responsible for delays in the Conservation Project caused by the failure of PHA, or others under contract with PHA, to schedule and/or coordinate work with the work to be performed for Ameresco under the construction subcontracts or caused by the failure of PHA to provide access or perform any other obligation related to the construction work.

iv. Access: PHA shall provide such reasonable access to the Developments for Ameresco and approved Construction Subcontractors at all times during the course of the work hereunder. Ameresco may access occupied apartments, at reasonable hours, upon forty-eight (48) hours written notice to the Residents and to PHA. PHA will cooperate with Ameresco by authorizing and facilitating issuance of notice to Residents in a timely manner and otherwise, by encouraging and promoting a cooperative relationship between Ameresco and Residents of the Developments and to accomplish its work during normal business hours. Ameresco shall use its best efforts to avoid disruption of services or inconveniences to the Residents. If Ameresco or its Construction Subcontractors require access to the Developments outside of PHA's normal business hours, Ameresco will notify PHA of this need during normal business hours, and Ameresco and its Construction Subcontractors will comply with any PHA security requirements regarding after-hours access.

v. Requisitions and Direct Payments: Prior to submission of Requisitions for payment, Ameresco shall provide a schedule of values for PHA itemizing the budgets for each ECM by site number. Ameresco shall produce, or cause its Construction Subcontractors to produce, monthly requisitions for payment by PHA for percentage of completed work and will include a sworn statement by Ameresco that: (1) work covered by the requisition for payment being submitted has been completed; (2) Ameresco has paid Construction Subcontractors and Materials Suppliers for work for which (a) previous Requisitions for payment were submitted by Ameresco and (b) payment was received from PHA; and 3) appropriate lien waivers or conditional lien waivers have been executed by Ameresco and all Construction Subcontractors and material suppliers and delivered to the PHA; subject to any retainage provisions included in the Construction Contract Documents. PHA shall pay Ameresco the amount of all Requisitions submitted by Ameresco in accordance with this Section 5 within thirty (30) days of receipt of such Requisition. PHA's unreasonable failure to approve or to pay requisitions within thirty (30) days will make PHA (not the Conservation Project Budget) liable for late payment fees pursuant to Section (11) (E) Late Payment Charges.

vi. Construction Accounting: Ameresco shall track all Requisitions of the Conservation Project and shall provide PHA with reports illustrating all activity in the Construction Account at appropriate intervals, but not less frequently than

monthly. The reports will summarize the "Revised Scheduled Value", payments under properly approved Requisitions to date, remaining amounts due under change orders and addenda, and the balances available in the Construction Account by ECM. A PHA contingency amount of five hundred thousand dollars ($500,000.00) shall be included in Appendix D, Cashflow, that can be applied to support ancillary conditions beyond the scope set forth in Appendix B, subject to approval by PHA. Any unexpended funds remaining in the PHA contingency amount shall revert to PHA, subject to provisions of the Construction Financing Agreement between PHA and Lender that may apply to unexpended proceeds. Ameresco shall require its Construction Subcontractors to maintain applicable weekly payroll and MBE utilization forms as applicable for submission with requisitions and for approval by the PHA.

vii. Substantial Completion: Ameresco and PHA shall make an inspection jointly upon Ameresco's provision of a Notice of Substantial Completion of work performed directly by Ameresco under this Agreement. A Punch List will be developed as a result of this inspection and PHA shall, consistent with the requirements of HUD Form 5370, General Conditions for Construction set forth in Appendix N, release funds to Ameresco, including retainage, if any, to a level commensurate with the completion percentage of the work using the Delivery and Acceptance Certificate as set forth in Schedule F-1.

viii. Final Inspection of Construction Contract Work: Ameresco and PHA shall make a final inspection jointly upon final completion of work performed directly by Ameresco under this Agreement. Before final payment is made, Ameresco shall make a recommendation to PHA and PHA shall in its reasonable discretion approve the work in writing utilizing Appendix F-2 ("Delivery and Acceptance Certificate"). Final acceptance of the work will be made in accordance with requirements of HUD Form 5370, General Conditions for Construction. Upon receipt of Notice of such Delivery and Acceptance Certificate, PHA shall have a reasonable timeframe to inspect such work.

ix. Waiver and Release of Lien: Before any progress or final payments are released, Ameresco shall secure from each supplier to Ameresco and each Construction Subcontractor or supplier, a lien release, certificate and/or affidavit, as may be appropriate under the circumstances, that each such supplier, or Construction Subcontractor has been paid to the extent required. The form of any applicable waiver or release documentation required by HUD shall be included in each construction contract or other Construction Document and shall be executed and delivered by each Construction Subcontractor, supplier or other contractor from time to time, as required by HUD. Conditional lien releases and waivers may be provided by Ameresco or Construction Subcontractors where required prior to receiving payment for work covered by any waiver and release of lien and in accordance with section 4 Fv.

x. Equipment Ownership: Ownership and title to the ECMs referenced in Appendix B and each Notice of Substantial Completion (Appendix F-1) will automatically transfer to the PHA upon both: (a) the delivery of each such Delivery and Acceptance Certificate by PHA to Ameresco, the execution and delivery of which shall not be unreasonably withheld or delayed, and (b) completion of PHA's payment obligations for said ECM(s) or parts thereof, per Appendix N, HUD Form 5370, General Conditions for Construction, to Ameresco or payment authorizations with respect to Ameresco, excluding payment obligations related to maintenance or other annual services hereunder.

xi. Treatment of Hazardous and Non-Hazardous Materials: Ameresco, at its cost, shall be responsible for disposal of all non-hazardous equipment and materials which are rendered useless and removed as a result of the installation of the ECMs pursuant to this Agreement.

In addition, Ameresco shall, at its cost, cause all lamps which are classified as hazardous wastes by the rules and regulations of the U.S. Environmental Protection Agency (40 CFR § Parts 260 through 279) and/or the applicable State regulations and PCB-contaminated ballasts, if any, which have been rendered useless and removed as a result of the installations of the ECMs to be legally and properly transported and disposed of. All other existing PCB-contaminated ballasts lamps and any other hazardous materials not part of Ameresco's scope of work, however, remain the responsibility of PHA and Ameresco shall assume no liability in connection with their removal, transportation and disposal.

Ameresco's scope of services is predicated on the viability of this Conservation Project without any asbestos abatement being required of Ameresco. To the extent possible, Ameresco will determine during the design process the areas where asbestos abatement will be required prior to construction and will provide written notice to the PHA of such areas. During construction, in the event that: (i) Ameresco encounters any friable asbestos which is in the immediate vicinity of Ameresco's work, or (ii) Ameresco determines that its work will result in the disturbance of asbestos material, or (iii) Ameresco determines that the presence of asbestos material will impede Ameresco's work, Ameresco will immediately notify PHA of the same and PHA will, at its cost, cause the asbestos to be promptly and properly removed, enclosed, encapsulated or otherwise abated in accordance with applicable laws and regulations, or alternatively, PHA, at its cost, may provide written test reports showing that asbestos in that area has been properly

removed, enclosed encapsulated or otherwise abated in accordance with applicable laws. In the event Ameresco and PHA cannot mutually determine whether any particular material does or does not contain asbestos, PHA, upon Ameresco's written request, will, at its cost, promptly perform tests or cause tests to be performed in order to determine whether or not such material contains asbestos and/or whether there are unacceptable levels of airborne particulate material containing asbestos or provide such a test report. Under no circumstances, shall Ameresco be required to handle asbestos. In the event it encounters asbestos which materially affects its progressing of the work of this Project, Ameresco, at its option, may demobilize and cease construction in the area affected by the presence of asbestos until such time as PHA performs the actions required to be performed by PHA which are described in this Subsection. In the event that PHA does not promptly take action as provided herein after receiving Ameresco's written notice regarding the asbestos, Ameresco may remove the affected area from its scope of services hereunder (and make commensurate adjustments to the rights and obligations of the Parties). PHA shall be responsible for reasonable costs incurred by Ameresco that pertain to delays caused during construction due to the presence of asbestos, or shall extend the timeframe for completion of construction without penalty hereunder. To the extent such delay affects the beginning of the permanent financing repayment under the Construction Financing, the PHA shall not penalize Ameresco for such delays which affect the Energy Savings hereunder.

xii. Resident Education and Training: Ameresco shall, during construction, schedule and hold a minimum of one (1) on-site educational seminar providing a total of four (4) hours of training at no additional cost to PHA for the Residents and Resident Councils of each of the Developments affected by the Conservation Project and shall supply a notice to inform Residents and Resident Councils about the ECMs installed under the Conservation Program. The on-site educational seminars shall be video-recorded by Ameresco and provided, on DVD format, to the PHA. Ameresco, in conducting such seminars and distributing such newsletters, shall follow all manufacturer-recommended procedures without thereby endorsing or guaranteeing such procedures. Ameresco shall be available on a time and expenses basis to provide additional seminars, training workshops and/or newsletters as requested by PHA for additional services as provided for in Section 11(D) "Fees" for Additional Services, at the rates set forth in Appendix E-l(c) "Energy Service Fees and Expenses."

xiii. Management and/or Maintenance Staff Training: Upon completion of construction of the Conservation Project, Ameresco shall schedule and hold, at no cost to PHA, at least one (1) on-site educational session or training workshop, for the management and/or maintenance staff at an appropriate location, and Ameresco shall distribute manuals and other educational materials as may be available from manufacturers of ECMs and Construction Subcontractors. Ameresco, in conducting such seminars and workshops, shall follow all manufacturer-recommended procedures without thereby endorsing or guaranteeing such procedures. The on-site educational sessions or training workshops shall be video-recorded by Ameresco and provided, on DVD format, to the PHA. Ameresco shall be available on a time and expenses basis to provide additional seminars, training workshops and/or newsletters as requested by the PHA for additional services as provided for in Section (11)D "Fees" for Additional Services, at the rates set forth in Appendix E-l(c), "Energy Service Fees and Expenses", to provide additional seminars and/or training workshops as requested by the PHA.

D. Systems and Equipment Manual:

Upon completion of construction of the Conservation Project, Ameresco shall compile manufacturer-provided literature on the operation and maintenance of the ECMs, including such preventive maintenance requirements as may be required by the respective equipment or systems manufacturers, for reference by the PHA. Ameresco, in compiling such literature and information, shall include all manufacturer-recommended procedures without thereby endorsing or guaranteeing such procedures, and shall provide three (3) physical copies, and one (1) electronic copy provided on a Compact Disc (CD), of such manuals to PHA for distribution to applicable maintenance staff. Upon completion of the final Scope of Work for Phases I and II, Ameresco will provide to PHA a single comprehensive schedule of necessary preventive maintenance for all installations for the five (5) years following the contract close-out.

E. "As-Built" Documentation

Ameresco will prepare and furnish to PHA, within thirty (30) days of the Substantial Completion Date, four (4) copies of "As-Built" Drawings in native AutoCAD release 14 Format (min.).

F. Warranty:

Ameresco covenants and agrees that all equipment installed by Ameresco as part of this Agreement is new, in good and proper working condition and protected by applicable manufacturer's written warranties, which at a minimum shall warrant that the equipment shall be new, unused and undamaged when delivered and be free from improper

workmanship and defects, and as described in this subsection 5(F) and in accordance with the design specifications as approved by the PHA. Similar protections shall be required of all Construction Subcontractors. The warranty period with regard to individual ECMs commences on the issuance of the Notice of Substantial Completion Date for the individual ECM.

Ameresco shall require all Construction Subcontractors to provide to PHA and Ameresco materials and labor guarantees and warranties for a period of not less than one (1) year on all improvements installed under Construction Subcontracts as a part of the Conservation Project. For ECMs installed under Construction Subcontracts, Ameresco shall require equipment manufacturers to provide a warranty period consistent with the standard in the industry but in no event less than one (1) year, and Ameresco agrees to cooperate and assist in the enforcement of any such warranty during the warranty period. All such warranties shall specify that only new, not used or reconditioned parts, may be used and installed when repair is necessitated by malfunction. Ameresco shall provide and deliver to PHA a copy of all written warranties at the time of issuance of the Notice of Substantial Completion for such ECM.

THE WARRANTIES SET FORTH HEREIN ARE EXCLUSIVE, AND AMERESCO PROVIDES NO OTHER PERFORMANCE AND SERVICE WARRANTY OR GUARANTEE, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE OR MERCHANTABILITY OR SUITABILITY FOR ANY REPORT, DESIGN, ITEM, SERVICE OR OTHER RESULTS TO BE DELIVERED UNDER THIS AGREEMENT, UNLESS SPECIFICALLY SET FORTH IN THIS AGREEMENT.

G. Ameresco's and PHA's Representatives:

Ameresco's senior representative for this Agreement is Janice S. DeBarros, Vice President, or his/her designee or successor ("Ameresco's Senior Representative"). Ameresco's Senior Representative is the primary contact regarding Ameresco's contractual coordination and interface with PHA's personnel. Ameresco's Senior Representative shall work with PHA in resolving any problems that may occur with respect to the services when those problems cannot be satisfactorily resolved at a lower level.

Ameresco's engineering and construction coordinator for this Agreement is Michael J. Daigneault Vice President, East Region, or his/her designee or successor ("Ameresco's Coordinator"), who shall coordinate Ameresco's provision of the services. Wherever this Agreement refers to Ameresco's performing any obligation, exercising any right or otherwise acting under this Agreement with regard to the services, Ameresco's Coordinator will be the primary contact with PHA. When necessary, Ameresco's Coordinator shall refer problems to Ameresco's Senior Representative.

Ameresco and its Construction Subcontractors shall coordinate their work effort in performing the Conservation Project and shall follow the directions that PHA may give from time to time. In the event Ameresco encounters significant difficulty in performing the Services under this Agreement, or anticipates any significant delay in performing the Services, Ameresco shall notify PHA's Senior Representative promptly, both orally and in writing. The PHA and Ameresco representatives shall hold quarterly conference calls during the installation period to review the status of the services. Additional conference calls will be held at the request of either Party. PHA and Ameresco will confer at a mutually agreed upon date and time within five (5) business days after PHA's or Ameresco's request for any such conference. Although it is anticipated that conference calls will be the normal mode of meeting between the parties, if either Party feels that a face-to-face meeting is required, the other Party will agree to a face-to-face meeting at a mutually agreeable location, date and time.

H. Clean-up:

Ameresco shall maintain the Conservation Project sites in a reasonably clean condition during the performance of the construction work. In that regard, Ameresco shall thoroughly and regularly clean the Conservation Project sites of all debris, trash and excess material or equipment.

(7) PHASE III - PROJECT OPERATION

During the Project Operation Phase of this Agreement, Ameresco shall perform the following "Energy Management Services" as described in this Section (7) - Phase III Project Operation.

A. Utility Use Monitoring:

The PHA shall supply Ameresco with monthly utility billing data for PHA-paid utility accounts affected under this Agreement in order for Ameresco to compile monitoring reports. Such data shall be furnished electronically in the

Excel spread-sheet or equivalent format as to that which was received during the Energy Audit Report preparation. Ameresco shall monitor the monthly weather- and rate-adjusted Energy Base Year and Energy Savings for the Developments using its energy monitoring software, and shall review quarterly data and report any identified anomalies to PHAs in accordance with the Utility/Energy Supplier Savings Calculation contained in Appendix G, ("Monitoring and Verification of Savings Methodology").

B. Annual Reconciliation:

Ameresco shall produce for PHA within ninety (90) days of receipt of the 12th set of monthly utility bills (with respect to each successive twelve (12) month period following Ameresco's receipt of the final Delivery and Acceptance certificate provided by PHA to Ameresco hereunder), an annual year-end reconciliation of savings achieved for the project (the "Annual Reconciliation"). Any major deviation from budgeted annual savings shall be thoroughly investigated and reconciled by Ameresco and PHA pursuant to the Conditional Energy Savings Guarantee.

C. HUD Utility Subsidy Forms:

Ameresco shall assist PHA in preparation of pertinent annual HUD forms 52722 and/or 52723 on request.

D. Site Visits:

Each year throughout the Project Operation Phase of this Agreement, Ameresco shall visit each Development affected by the Conservation Project and a sample of the ECMs installed under this Agreement. This visit is intended to determine whether or not the ECMs are operating properly and are being maintained and operated by PHA in accordance with the Ameresco Systems and Equipment Manual described in Section 6(C), Construction Project Management. Ameresco shall provide PHA a written Site Visit Report. Should there be updates to the installed ECMs that may need to be communicated to the residents, Ameresco will prepare notices for distribution. Ameresco will be available on a time and expenses basis, at the rates set forth in Appendix E-l(c) ("Contract Costs, Annual Services, and Hourly Rates"), for additional visits and for on-going maintenance assistance. Ameresco shall provide on-going assistance in the form of brief consultation by phone to PHA or its assigns at no additional charge.

E. Annual Service Contracts:

The cost associated with such contracts shall be paid from savings under this Agreement only if they are expressly included in Appendix D, attached. Any such contract shall be executed and paid directly by PHA unless Appendix D is amended for such purpose during the contract term.

F. Maintenance Staff Training:

Ameresco shall, on an annual basis as a part of their annual fee, schedule and hold up to one (1) educational session or training workshop, for the management and/or maintenance staff at an appropriate location, and distribute updated manuals and other materials as may be available from manufacturers. The on-site educational sessions or training workshops shall be video-recorded by Ameresco and provided, on a DVD format, to the PHA. Ameresco, in conducting such seminars and workshops, shall follow all manufacturer-recommended procedures without thereby endorsing or guaranteeing such procedures. Ameresco shall be available on a time and expenses basis for additional services at the rates set forth in Appendix E-l, Energy Service Fees and Expenses, to provide additional seminars and/or training workshops as requested by the PHA.

(8) ENERGY SAVINGS DURING PHASE III

A. Calculation of Savings:

For the purposes of this Agreement, Energy Savings during the Project Operation Phase shall be calculated using the formulae and assumptions contained in the Monitoring and Verification of Savings Methodology included in Appendix G.

B. PHA-Supplied Documents:

PHA shall furnish Ameresco each month with copies in electronic Excel spread-sheet or equivalent format of utility bills for Developments and utilities included in the Utility Baselines contained in Appendix D and Monitoring and Verification of Savings Methodology contained in Appendix G, within thirty (30) days of receipt from utility companies. Any utility bills that require further data manipulation by PHA must be sent to Ameresco within forty-five (45) days of receipt by PHA. PHA shall supply completed copies of HUD forms 52722 and 52723 related to the Conservation Program to Ameresco. PHA agrees to provide Ameresco with any portions of the income and expense

statements concerning the operations of the Developments that are necessary for Ameresco to perform the services specified in this Agreement. PHA also agrees to provide information regarding modernization plans or changes that will impact energy use pursuant to Section (9) E. "Disclaimer Regarding Material Changes" and Section (9) F. Adjustments on Account of Material Changes.

(9) CASH FLOW

As illustrated in the "Cash Flow Projection" and "Revised Cash Flow Projection" included in Appendix D, the cash flow for the Conservation Project shall be defined as follows:

A. Project Operating Budget:

Ameresco shall, in consultation with, and approval by the PHA, define the projected annual project budget for the repayment of the Construction Financing and related Conservation Project expenses. Ameresco shall review and adjust the budget annually for the Term of the Construction Financing repayment in conjunction with the Annual Reconciliation described in Section (7)B Annual Reconciliation, above.

B. PHA Debt Service and PHA Utility Payments:

PHA shall be responsible for, and shall pay directly: (i) all Debt Service costs to the third party Lender under the Construction Financing agreement; and, (ii) all applicable utility bills to utility companies for each Development.

C. Fixed Annual Services Fee Payments to Ameresco:

In consideration of the annual services provided by Ameresco during Phase III for which no specific compensation is provided by Construction Financing and Supplemental Construction Funding, PHA shall pay to Ameresco a Fixed Annual Services Fee in the amounts contained in Appendix E-l (the "Fixed Annual Services Fee"). Payments to Ameresco of its Fixed Annual Services Fee shall come from the Energy Savings on the Conservation Projects. Ameresco understands and acknowledges that PHA shall have no liability to make payments to Ameresco for the Fixed Annual Services fee in any given year if the Fixed Annual Services Fee exceeds the amount of money available from Energy Savings, as such amount is first reduced by PHA's Debt Service payments.

D. Construction Financing Payments and Fixed Annual Services Fee Coverage:

As set forth in the "Cash Flow Projection" and any applicable "Revised Cash Flow Projection" included in Appendix D, the Parties project that the "Revised Energy Savings", will be sufficient to pay the Construction Financing Debt Service, Annual Fees, and Maintenance Reserve. In the event that the actual cash flow from actual Energy Savings is insufficient to cover the Debt Service, Annual Fees, and Maintenance Reserve in any given year, Ameresco shall provide PHA with any funds as may then be required to cover the shortfall in accordance with the Conditional Energy Savings Guarantee agreement entered into by Ameresco and PHA pursuant to Section (10) Conditional Energy Saving Guarantee, below. The funding for the Construction Financing and other annual costs will be provided to PHA by HUD as provided for in Appendix L ("HUD Approval Letter").

E. Excess Energy Savings:

During the Operations Phase, PHA shall be entitled to retain one-hundred percent (100%) of any excess annual Energy Savings that remain after PHA has: (i) paid all Debt Service for the year; and (ii) paid Ameresco the Fixed Annual Services Fee for such year.

F. Disclaimer Regarding Material Changes:

Ameresco has made, and will make, its final projections of "Energy Savings", and "Revised Energy Savings", in good faith based upon the condition of the Developments at the time of the final Energy Services Plan, and based upon information supplied to Ameresco by PHA. A reduction in actual Energy Savings from the levels projected may be caused by factors outside the control of Ameresco. Those factors include, without limit, (i) materially inaccurate information (the inaccuracy of which Ameresco is not responsible for); (ii) Material Changes in the condition or use of the Developments or utility-using equipment at the Developments; (iii) any failure of PHA, tenants, or other third parties to follow recommended operational or maintenance practices or otherwise to meet obligations with respect to the operation or maintenance of the Developments; (iv) any Material Changes to, or removal of, ECMs which have not been approved by Ameresco and any Material Changes resulting from damage to, or destruction of, ECMs which is not promptly remedied by PHA. If a reduction in actual Energy Savings occurs due to any such

factors, and if the size of such reduction is at least equal in value to the "Material Change Threshold" described in "DEFINITIONS", then a "Material Change" shall be deemed to have occurred. Ameresco shall have no liability or obligation to PHA for such reduction or otherwise on account of such Material Change. Any guaranty executed by Ameresco under Section (10), Conditional Energy Savings Guarantee, or other provision of this Agreement, which is or may be to the contrary shall be deemed to be subject to the disclaimer in this Section. Notwithstanding the foregoing, a reduction in actual Energy Savings which is a direct result of a material failure by Ameresco to perform its obligations under this Agreement shall not be deemed to have resulted from a Material Change.

G. Adjustments on Account of Material Changes:

If a Material Change within the meaning of Section (9)E "Disclaimer Regarding Material Changes" shall occur and PHA shall be aware of such Material Change, PHA shall provide sufficient notice to Ameresco, pursuant to Section (11) Maintenance, Material Alterations and Security, to allow, in consultation with Ameresco, appropriate adjustments to the Utility/Energy Supplies Savings Calculation contained within Appendix G and, if appropriate, to the Baseline contained in Appendix D, to be made. Such adjustments shall recalculate Energy Savings as if such Material Change had not occurred. In the absence of such notice, Ameresco and the PHA shall consult and make the appropriate adjustments to the Energy Savings Calculation upon learning of any unreported Material Change. Without limiting Section (9) E, Disclaimer Regarding Material Changes, Ameresco shall not be responsible for any such Material Change.

(10) CONDITIONAL ENERGY SAVINGS GUARANTEE

At the time of the closing of the Construction Financing, as described in Section (4) Phase I - Design and Construction Funding, Ameresco shall provide a Conditional Energy Savings Guarantee with and for the sole benefit of, PHA in the form as attached in Appendix I. This guarantee may be incorporated as an exhibit to the Construction Financing documents. The Conditional Energy Savings Guarantee shall provide that the Energy Savings, as set forth in Appendix D and as verified and valued in accordance with the methodology set forth in Appendix G, shall be sufficient to cover the annual cost of the installment payments under the Construction Financing (including principal and interest payments), as set forth in Appendix D and approved by HUD in Appendix L, and the Incremental Maintenance Costs, all in accordance with the terms and conditions set forth herein.

(11) MAINTENANCE, MATERIAL ALTERATION, AND SECURITY

A. Maintenance and Maintenance Costs:

Notwithstanding any provisions of this Agreement which pertain to Ameresco's Services related to the operation of installed ECMs, PHA shall, during the Project Operation Phase, maintain the energy-related building structures, fixtures, and equipment in accordance with the Ameresco design specifications and manufacturer's maintenance recommendations specified in the "Ameresco Systems and Equipment Manual", in a condition equivalent to its condition on the Execution Date. Inspections performed by Ameresco, insurance providers, or assigns, pursuant to Section (7)D, Annual Site Visit, and Section (10), Conditional Energy Savings Guarantee, and such other inspections as may be conducted, will be utilized to inform the PHA and Ameresco on any required maintenance action unperformed. PHA shall be notified of any inspections and given the opportunity to participate in the inspections. Ameresco is not responsible or liable for any existing or latent condition of the Developments, whether visible or enclosed, including, but not limited to, existing or latent wiring, metering devices, structural, mechanical, distribution systems of all kinds, machinery, structural elements, piping, switches, valves or any other system components that are not installed under this Agreement.

PHA shall be responsible for all on-going costs associated with properly maintaining and servicing the existing equipment and systems at the Developments. PHA shall be responsible for performing preventive maintenance as may be recommended or required by the respective manufacturers of new equipment or systems, as summarized in the "Ameresco System and Equipment Manual". PHA's maintenance responsibilities shall continue to be the PHA's existing standards of maintenance to keep equipment in good working order, modified by the new equipment training and manuals provided by Ameresco. The PHA shall provide a level of effort and sufficient resources to properly meet these responsibilities, which might include using internal personnel, and/or contracting with Ameresco or other subcontractors to provide certain preventative maintenance and repair services. Notwithstanding these PHA responsibilities, Ameresco shall notify the PHA of any unanticipated increases in electricity or fuel consumption greater than ten percent (10%) within thirty (30) days of receipt of monthly utility consumption data from PHA. Upon notification of said unanticipated increase, PHA shall be responsible for investigating and remedying any routine maintenance problem with respect to any ECMs. PHA shall be responsible to remedy all maintenance or other identified

problems with equipment that is not specified by Ameresco but which impacts the ECM operation or energy usage. In the event that PHA cannot remedy a reported problem to its reasonable satisfaction within ten (10) business days, PHA is obliged to report its efforts to Ameresco and the Parties will determine a reasonable timeframe to correct the problem and/or request Ameresco to take action at the hourly rates identified in Appendix E-l to ensure that the equipment is performing sufficiently to produce the required savings hereunder.

B. Alterations & Equipment Replacements:

PHA shall notify Ameresco prior to commencing any Material alteration to the structure, fixtures, equipment, or use of any facility at the Developments. To the extent possible, any replacement equipment or fixtures installed will be at least as energy-efficient as the equipment or fixtures present on the Final Acceptance Date. Should such alterations increase or decrease the actual energy savings achieved at the Development, Ameresco shall determine, in consultation with PHA, an appropriate adjustment to the Monitoring and Verification of Savings Methodology included in Appendix G and, if justified, to the Baseline included within Appendix D.

C. Security:

Ameresco shall secure, and/or cause its Construction Subcontractors to secure, all materials and equipment to be installed on the Developments during construction. Ameresco and/or its Construction Subcontractors shall carry appropriate amounts of liability and property insurance as may be required to protect the materials and equipment prior to installation and acceptance by the PHA, consistent with the HUD General Conditions pertaining to Construction Subcontracts (HUD Form 5370) or PHA's insurance requirements, whichever is more stringent. PHA shall have no liability for any casualty or loss for materials or equipment stored by Ameresco or its Subcontractors, even if the materials or equipment are stored in a location designated, owned, or operated by the PHA. No such materials and equipment will be stored on-site unless prior approval from PHA is obtained (which approval shall not be unreasonably withheld or delayed), and Ameresco and/or its Construction Subcontractors are able to secure the locations designated for such storage. PHA will provide reasonably convenient areas within the Developments for Ameresco and its Construction Subcontractors to mobilize.

D. Effect on Energy Savings:

Should Ameresco document, in its annual or other site inspection, PHA's failure to operate, maintain or secure the equipment properly, or failure to inform Ameresco of a Material Change to the Developments, as defined in Section (9), and should such failure or Material Change reduce the level of actual Energy Savings by the Material Change amount set forth in Appendix G Monitoring and Verification of Savings Methodology or more, Ameresco shall determine, in consultation with PHA, an appropriate adjustment to the Monitoring and Verification of Savings Methodology included in Appendix G, and the Baseline contained within Appendix D, if appropriate, and shall work with PHA to cause any such failure to be corrected and to improve actual Energy Savings to the extent possible. The terms of Section (9) G. Adjustments on Account of Material Changes shall apply to any such Material Change. Adjustments based upon Material Changes may be made retroactively where appropriate.

(12) SUMMARY OF COMPENSATION

A. The Total Contract Costs during Phases I and II:

Ameresco shall produce for PHA in advance of the onset of services under this Agreement a schedule of values itemizing all costs included in the Total Contract Cost, which schedule of values shall be subject to review-by PHA. Ameresco shall make revisions to the schedule of values as reasonably requested by PHA and shall resubmit same for PHA's review and approval. PHA shall make progress payments to Ameresco against percent of work complete using proceeds from Construction Financing or Supplemental Construction Funding as applicable. Phases I and II will be billed monthly by Ameresco on a percent complete basis. PHA will hold ten percent (10%) retainage and, consistent with the HUD General Conditions and state law, may reduce the amount withheld as measures are installed and accepted.

Upon submission by PHA of a Notice of Substantial Completion in substantially the form of Appendix F -1 hereto with respect to each Development and commissioning of the ECMs installed hereunder, and the completion by Ameresco and/or its Construction Subcontractors of any outstanding Punch List items, PHA shall make a Final Payment, inclusive of any remaining retainage held with respect to that Development (or submit a Requisition or otherwise arrange for payment to be made to Ameresco from the Construction Funds) with respect to that Development. Payments shall be due within thirty (30) days of PHA receipt of each invoice submitted by Ameresco. If payment is not made within that period, payments shall be subject to the late charge provided for below.

B. The Fixed Annual Services Fee during Phase III:

The Fixed Annual Services Fee due Ameresco will be payable against those Services provided in Phase III and will represent a fixed annual service fee outlined in Appendix E-l. The total payment to Ameresco over the course of this Agreement, subject to written amendment by mutual agreement, shall not exceed the annual amounts identified in Appendix E-l unless agreed by the Parties. Such payments will be invoiced periodically throughout the annual service period as services are rendered, up to the total annual service fee set forth in Appendix E-l.

C. Payments in the Event of Certain Early Terminations:

Should the Conservation Project be terminated for any reason during Phases I or II, including, without limitation, any failure to agree on revisions to the Conservation Project as described in Section (17) A, Termination for Failure to Agree on Revisions, but not including Ameresco's Material Default in its obligation to perform in a timely and satisfactory manner, as defined in Section 17. Termination for Material Default, PHA shall be liable to Ameresco for all expenses incurred to the point of termination in accordance with this Section. PHA's payment of the Fees to Ameresco shall be limited to the applicable percentage of completion Ameresco has worked (including hours worked by Ameresco, its Construction Subcontractors and all those working on the Conservation Project on behalf of Ameresco), as of the date Ameresco receives or issues written notice of termination, valued at Ameresco's billing rates per employee set forth in Appendix E-l, or at percentage of work completed as of the point of termination for applicable Construction Subcontracts, exclusive of claims for "lost" overhead and profit. In the event of termination, PHA's total payment to Ameresco shall not exceed the amounts indicated in Appendix E-1, as may be revised by agreement of both parties.

D. Fees for Additional Services:

At any time during the Term of this Agreement, PHA may request that Ameresco perform services in addition to those described herein. Any such additional services which Ameresco agrees to-perform shall be evidenced by a written change order or addendum mutually agreed-upon by PHA and Ameresco, and shall be paid for by PHA at Ameresco's and/or its Construction Subcontractor's billing rates for each employee set forth in Appendix E-l. PHA shall also pay Ameresco for any reimbursable expenses incurred by Ameresco in conjunction with such additional services.

E. Prompt Payment:

The PHA shall pay to Ameresco the requested amount within thirty (30) days from the date the PHA receives a proper invoice from Ameresco. The term "proper invoice" shall mean an invoice which conforms to the present requirements of the PHA as outlined above, and any rules promulgated from time to time by administrative order of the PHA. A proper invoice shall include a statement by Ameresco waiving claims for extra direct and indirect costs or time associated with work preceding the date of the invoice, or a statement in sufficient detail containing all rights reserved for work already performed. All present requirements or future rules pertaining to the execution of a proper invoice must be made available to Ameresco in a timely manner. Ameresco shall make payments to all vendors included in each respective draw within five (5) business days of receipt of funds from the PHA.

In any case in which an improper invoice is submitted by Ameresco, the PHA shall, within ten (10) calendar days after the improper invoice is received by it, notify Ameresco that the invoice is improper and indicate what corrective action on the part of Ameresco is needed to make the invoice proper. If Ameresco completes corrective action within two (2) business days from notification by the PHA, the thirty (30) day period in this subsection (E) shall continue to be measured from the date of the initial invoice submission. If Ameresco does not complete corrective action within two (2) business days from notification by the PHA, the thirty (30) day period referenced in this subsection (E) shall be extended by the number of days beyond two (2) that it takes Ameresco to complete corrective action. In the event a dispute occurs between Ameresco and the PHA concerning payment of an invoice, such disagreement shall be finally determined as provided in this section. Proceedings to resolve the dispute shall be commenced not later than thirty (30) days after the date on which the proper invoice was received by the PHA, and shall be concluded by final written decision of the PHA's Mayor or designee, not later than forty five (45) days after the date on which the proper invoice was received by the PHA. The proceedings shall be recorded or transcribed, at the expense of the PHA, and shall be conducted on an informal basis, with hearsay evidence being admissible. If the dispute is resolved in favor of the PHA, interest charges shall begin to accrue on the sum contained in the Mayor's, or designee's decision, fifteen (15) days after the Mayor or designee's final decision. If the dispute is resolved in favor of Ameresco, then interest shall begin to accrue as of the original date the payment became due. During the pendency of any dispute concerning payment of an invoice, Ameresco shall receive prompt payment of that portion of an alleged improper invoice that is not subject to objection by the PHA (i.e., payment within thirty (30) days as described in this subsection (E)) by resubmitting a proper invoice excluding the disputed element. Upon resolution

of the dispute, the disputed element, reflecting any required changes therein, will be submitted at the earliest draw date following resolution of the dispute.

In the event Ameresco submits a proper invoice and if the PHA fails to make payment of any claim or any portion thereof within the periods and according to the procedures provided in this Agreement, Ameresco may, upon thirty (30) days' written notice to the PHA, suspend performance of services under this Agreement. Unless payment in full is received by Ameresco within thirty (30) days of the date of the notice, the suspension shall take effect without further notice. In the event of a suspension of services, Ameresco shall have no liability to the PHA for delay or damage caused to the PHA because of such suspension of services. Before resuming services, Ameresco shall be paid all sums due prior to suspension and any expenses incurred in the interruption and resumption of Ameresco's services, including remobilization costs of Ameresco 's subcontractors and costs incurred to satisfy related claims or disputes, and the Budget shall be increased to include such expenses and costs as well as such costs as may reasonably be required to accelerate remaining elements of the Services in order to preserve the schedule in effect prior to the suspension of services.

(13) PHA PROPERTY AND ACCESS TO PROJECT RECORDS

PHA shall not, by virtue of this Agreement or material or equipment installed under this Agreement, acquire any interest in any formulas, patterns, devices, copyrights, patents, or other intellectual or proprietary rights, or similar items of property which are or may be used in connection with the ECMs installed under this Agreement.

Ameresco shall maintain records under this Agreement on a generally-recognized accounting basis, and calculations shall be kept on file in legible form and retained for at least three years after close-out.

(14) INDEMNIFICATION AND LIMITATION OF LIABILITY

Ameresco shall indemnify and hold harmless the PHA and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorneys' fees and costs of defense, which the PHA or its officers, employees, agents or instrumentalities may incur except to the extent caused solely by or sustained solely as a result of the negligence of PHA, as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting from the performance of this Agreement by Ameresco or its employees, agents, servants, partners principals or Ameresco's subcontractors. Ameresco shall pay all claims and losses in connection therewith and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the PHA, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorney's fees which may issue thereon. Ameresco expressly understands and agrees that any insurance protection required by this Agreement or otherwise provided by Ameresco shall in no way limit the responsibility to indemnify, keep and save harmless and defend the PHA or its officers, employees, agents and instrumentalities as herein provided. The obligations of Ameresco under this provision shall survive any expiration or termination of this Agreement and shall not be limited by any enumeration herein of required insurance coverage.

The PHA shall indemnify and hold harmless Ameresco and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorneys' fees and costs of defense, which Ameresco or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting solely from the negligent performance under this Agreement by the PHA or its employees, agents, servants, partners principals or the PHA's subcontractors. The PHA shall pay all claims and losses in connection therewith and shall investigate and defend all claims, suits or actions of any kind or nature in the name of Ameresco, arising from such negligent actions where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorney's fees which may issue thereon. Notwithstanding the foregoing The Parties hereto acknowledge that the PHA is a self-insured governmental entity subject to the limitations of Section 768.28, Florida Statutes. The PHA shall maintain a fiscally sound and prudent risk management program with regard to their obligations under this Agreement in accordance with the provisions of Section 768.28, Florida Statutes. The obligations of the PHA under this provision shall survive any expiration or termination of this Agreement, subject to the limitations set forth in Section 768.28, Florida Statutes.

Notwithstanding the foregoing, the Parties, their directors, officers, agents and employees shall not be liable for any claims for incidental, indirect, consequential, or special damages, including, but not limited to, damages for loss of anticipated profits, except as those profits are derived from payment or other compensation due to performance hereunder, loss of use of revenue, and losses by reason of cost of capital, connected with, resulting from, or arising out of this Agreement or any performance or lack of performance under this Agreement

(15) COMPLIANCE WITH APPLICABLE LAW AND REGULATIONS, INCLUDING PHA POLICY COMPLIANCE

Ameresco shall comply with and obtain, at its expense, all licenses and permits required by Federal, state and local laws in connection with the installation of the ECMs. All work undertaken for the Conservation Program shall be performed by Ameresco and its consultants, contractors, subcontractors and any other suppliers, employees, third parties or agents under contract with Ameresco, in accordance with all applicable Federal, State, and local laws and regulations, including but not limited to those involving zoning, building codes, and environmental conditions. To the extent that Ameresco agrees to perform operations and/or maintenance of specified ECMs or other equipment, it shall comply with and obtain, at its expense, all licenses and permits which may be required by Federal, state and local laws in connection with the operation and/or maintenance of such specified ECMs. PHA will cooperate with Ameresco's efforts to obtain the foregoing. In the event that Ameresco cannot procure any such license or permit in light of a requirement that PHA is required to do so, PHA will procure the same.

Ameresco shall comply, and shall require that all of its Construction Subcontractors comply, with the applicable provisions of HUD Form 51915-A, "Contract Provisions Required by Federal Law or Owner Contract with the U.S. Department of Housing and Urban Development", including, but not limited to, the following:

A. Executive Order 11246 of September 24, 1965 entitled "Equal Employment Opportunity," as amended by Executive Order 11375 of October 13, 1967 and as supplemented in Department of Labor regulations (41 CFR Chapter 60);

B. Copeland "Anti-Kickback" Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR part 3);

C. Davis-Bacon Act (40 U.S.C. 276a to 276a-7) as supplemented by Department of Labor regulations (29 CFR part 5);

D. Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327-330) as supplemented by Department of Labor regulations (29 CFR part 5); and

E. All applicable standards, orders, or requirements of the Clean Air Act (42 U.S.C. Section 7602) (formerly 42 U.S.C. 1857(h)), the Clean Water Act, as amended (33 U.S.C. 1368), Executive Order 11738 and all implementing regulations promulgated by the Environmental Protection Agency (40 CFR part 15); and all mandatory standards and policies relating to energy efficiency that are contained in applicable state conservation codes (if any) issued in accordance with the Energy Policy and Conservation Act (Pub. L. 94-163), and any other applicable laws or amendments thereto.

F. The Drug-Free Workplace Act.

G. Value Engineering clauses in HUD Form 51915-A.

H. Ameresco and all of its Construction Subcontractors shall be properly licensed to do business in the State of Florida and shall maintain compliance with requirements under the State of Florida, including the provision of signed Non-Collusive Affidavits. Ameresco and its Construction Subcontractors shall be responsible for payment of all required taxes and fees required by State and local law with respect to this Agreement.

I. Ameresco and its Construction Subcontractors shall retain all required records for six (6) years following the date of expiration and all other pending matters are closed and shall provide access to PHA at no charge during that period. (All applicable requirements for record keeping, record retention, and access to records set forth in 24 CFR parts 85.36(i) (10) and (11).)

J. Ameresco and its Design and Construction Subcontractors shall maintain, throughout the term of the Agreement, insurance for this Project issued by companies authorized to do business under the laws of the State of Florida, as itemized in this paragraph15 J as follows: 1) Commercial General Liability naming Miami-Dade County (PHA) as an additional insured in the amount of one million dollars ($1,000,000) combined single limit per occurrence for bodily injury and property damage in compliance with the statutes of the State of Florida with an "A-" rated company. Such coverage will indemnify PHA against all claims and demands for injury or death of persons or damage to property which may be claimed to have occurred upon, or as a result of, the negligence of Ameresco and/or its subcontractors' employees, agents, licensees, or invitees, in the performance of this Agreement; Miami-Dade County must be shown as an additional insured with respect to this coverage. 2) for engineering, Professional Liability (Errors and Omissions) Insurance in the amount of one million dollars ($1,000,000) per claim with an "A-

"rated company recognized in the State of Florida; c) applicable state levels of Worker's Compensation Insurance for all employees as required by Florida Statute 440; and d) Automobile Liability Insurance covering all owned, non-owned, and hired vehicles used in connection with the Conservation Project with a combined single limit per occurrence for bodily injury and property damage of not less than one million dollars ($1,000,000);5) On those policies where the PHA is named as an additional insured, the Certificate holder must read, Miami-Dade County 111 NW 1st Street Suite 2340, Miami, FL 33128.

K. Ameresco shall comply with Federal Cost principles as defined in 24 C.F.R. § 85.22 for direct costs, indirect costs, and profit. Ameresco and its Subcontractors shall comply with HUD Form 5369-C, Certifications and Representations of Offerors.

L. Mandatory Contract Clauses set forth for Construction/Development Contracts greater than $100,000, including the following:

i. Applicable Davis-Bacon wage decision, as of the Execution Date, is attached hereto and incorporated into this Agreement.

ii. HUD Form 5370, General Conditions of the Contract for Construction with the OMB expiration date of 01/31/2017, is attached hereto and incorporated into this Agreement.

iii. Limited Denial of Participation, Debarment, and Suspension is incorporated into this Agreement. A list of persons and contractors for which LDPs have been issued may be found on the Internet at: www.hud.gov/enforce. All persons or contractors that have been suspended or debarred from Federal programs will be found on the GSA website on the Internet at: http://epls.arnet.gov. In addition to checking on contractors at contract award, prime contractors are responsible for providing certification that this check was done when new subcontractors are awarded work.

M. Miami-Dade County Code, Chapter 11A, Article 3. All contractors and subcontractors performing work in connection with this Contract shall provide equal opportunity for employment without regard to race, religion, color, age, sex, national origin, sexual orientation, gender identity, gender expression, status as a victim of domestic violence, dating violence or stalking, familial status, disability or marital status. The aforesaid provision shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Ameresco agrees to post in a conspicuous place available for employees and applicants for employment, such notices as may be required by the Miami-Dade Commission on Human Rights, or other authority having jurisdiction over the work setting forth the provisions of the nondiscrimination law.

N. "Conflicts of Interest" Section 2-11 of the County Code, and Ordinance 01-199.

O. Miami-Dade County Code Section 10-38 "Debarment".

P. Miami-Dade County Ordinance 99-5, codified at 11A-60 et. seq. of Miami-Dade Code pertaining to complying with the County's Domestic Leave Ordinance.

Q. Miami-Dade County Ordinance 99-152, prohibiting the presentation, maintenance, or prosecution of false or fraudulent claims against Miami-Dade County.

Ameresco shall hold all licenses and/or certifications, obtain and pay for all permits and/or inspections, and comply with all laws, ordinances, regulations and building code requirements applicable to the work required herein. Damages, penalties, and/or fines imposed on the County with respect to the Services or Ameresco for its failure to obtain and maintain required licenses, certifications, permits and/or inspections shall be borne by Ameresco. The PHA senior representative shall verify the certification(s), license(s), permit(s), etc. for Ameresco prior to authorizing work and as needed.

Notwithstanding any other provision of this Agreement, Ameresco shall not be required pursuant to this Agreement to take any action or abstain from taking any action if such action or abstention would, in the good faith determination of Ameresco, constitute a violation of any law or regulation to which Ameresco is subject, including

but not limited to laws and regulations requiring that Ameresco conduct its operations in a safe and sound manner.

(16) NONDISCRIMINATION

During the performance of this Agreement, Ameresco agrees to not discriminate against any employee or applicant for employment because of race, religion, color, sex, handicap, marital status, age, national origin, familial status, status as a victim of domestic violence, dating violence or stalking, gender identity or gender expression, or sexual orientation, and will take affirmative action to ensure that they are afforded equal employment opportunities without discrimination. Such action shall be taken with reference to, but not limited to: recruitment, employment, termination, rates of pay or other forms of compensation, and selection for training or retraining, including apprenticeship and on the job training.

By entering into this Agreement, Ameresco attests that it is not in violation of the Americans with Disabilities Act of 1990 (and related Acts) or Miami-Dade County Resolution No. R-385-95. If Ameresco or any owner, subsidiary or other firm affiliated with or related to Ameresco is found by the responsible enforcement agency or the County to be in violation of the Act or the Resolution, such violation shall render this Agreement void. This Agreement shall be void if Ameresco submits a false affidavit pursuant to Resolution No. R-385-95 or Ameresco violates the Act or the Resolution during the Term of this Agreement, even if Ameresco was not in violation at the time it submitted its affidavit.

(17) TERMINATION AND MATERIAL DEFAULT

A. Termination for Failure to Agree on Revisions:

From time to time during Phases I and II of the Conservation Project, including, without limitation, as provided for in Section (4) Design and Construction Funding and 4(D) Supplemental Construction Funding and Section 4(B) Revised Scope of Work, above, Ameresco and PHA are required by this Agreement to attempt to agree on revisions to the Conservation Project. If the Parties concur at any such time in writing that they are unable to agree, this Agreement shall then terminate without fault on either Party in accordance with Section (17)(D). Payments in the Event of Certain Early Terminations, above, and Ameresco shall then stop work and proceed to minimize costs as if a notice of termination for convenience had been received by it pursuant to Section (17)(D), below.

B. Termination for Material Default:

During the Term, except as otherwise specifically set forth herein, this Agreement may be terminated only in the event of a Material Default by either Party. A Material Default shall be defined as a material breach of this Agreement by either Party which remains uncured for more than thirty (30) days after notice from the non-defaulting Party to the defaulting Party; provided, however, if such breach cannot be cured within thirty (30) days, a Material Default shall not exist until the passage without cure of such longer period required to effect such cure as long as the defaulting Party commences a cure within the thirty (30) day period and thereafter proceeds diligently to complete such cure. In the event of such breach any amounts owed prior to such breach shall then be paid.

Should PHA terminate the Conservation Project for Ameresco's Material Default in its obligation to perform in a timely and satisfactory manner, as defined in this Section (17)B. Termination for Material Default, Ameresco's liability to PHA shall not exceed the sum of the Total Contract Cost as defined in Appendix E-1

C. Termination and Suspension For Cause, or Convenience

1) Either Party may terminate this Agreement if an individual or corporation or other entity attempts to meet its contractual obligation with the PHA or the PHA attempts to meet its contractual obligation with the individual or corporation or other entity through fraud, misrepresentation or material misstatement as set forth in Sections 14, 18 or 28 herein.

2) To the extent that such individual or corporation or other entity has been debarred or convicted of a felony, the PHA may, as a further sanction, terminate or cancel any other contract(s) that such individual or corporation or other entity has with the PHA as required under law. In such instances, such individual, corporation or other entity shall be responsible for the reasonable and necessary direct costs of such termination or cancellation, including reasonable attorney's fees.

3) The foregoing notwithstanding, any individual, corporation or other entity which attempts to meet its contractual obligations with the PHA through fraud, misrepresentation or material misstatement may be debarred from PHA contracting for up to five (5) years in accordance with the PHA debarment procedures. Ameresco may be subject to debarment for failure to perform and all other reasons set forth in Section 10-38 of the County Code.

4) In addition to cancellation termination or suspension as otherwise provided in this Agreement, the PHA may at any time, in its sole discretion, with or without cause, terminate this Agreement at its convenience, upon the giving of ninety (90) days written notice to Ameresco.

5) In the event that the PHA exercises its right to terminate this Agreement, Ameresco shall, upon receipt of such notice, unless otherwise directed by the PHA :

i. stop work on the date specified in the notice ("the Effective Termination Date");

ii. take such action as may be necessary for the protection and preservation of the PHA's materials and property;

iii. cancel orders;

iv. assign to the PHA and deliver to any location designated by the PHA any non-cancelable orders for Deliverables that are not capable of use except in the performance of this Agreement and which have been specifically ordered for the sole purpose of this Agreement but not yet incorporated into the Services;

v. take no further actions which will increase the amounts payable by the PHA beyond the Total Contract Cost under this Agreement;

vi. Notwithstanding the foregoing, this Agreement may be terminated by PHA for "convenience" in accordance with applicable HUD requirements and the requirements of this Agreement. Any such termination shall be effected by the delivery to Ameresco of a written notice of termination specifying the extent to which the performance of the work under this Agreement is terminated, and the date upon which such termination becomes effective. Ameresco shall comply with such notice and take action to terminate work as and to the extent set forth in such notice, including exercising its rights or otherwise taking action to terminate any Construction Subcontracts which may then be in effect and to minimize, to the extent possible, the costs incurred on account of such latter terminations.

6) In the event that the PHA exercises its right to terminate this Agreement, Ameresco will be compensated as stated in the payment Articles herein for the:

i. portion of the Services completed in accordance with the Agreement up to the Effective Termination Date; and

ii. non-cancelable Services and Deliverables that are not capable of use except in the performance of this Agreement and has been specifically developed for the sole purpose of this Agreement. In the event of a notice of Termination for Convenience by PHA, PHA shall be liable to Ameresco in accordance with Section 12(C) of this Agreement.

7) Any compensation payable under this subsection 17 (C) is subject to audit as set forth in section 26.

D. Partial Termination:

During the Operational Phase, to the extent that any Event of Default by PHA (including but not limited to failure by PHA to perform maintenance required to be performed by PHA hereunder), a fire, flood, explosion, or other casualties, or destructive act or condemnation affecting only part of the Developments or ECMs renders any significant part of the Developments or ECMs substantially unusable and, in the case of a casualty, the affected portion of the Developments or ECMs is not reconstructed or restored by PHA within one hundred and fifty (150) days from the date of such casualty, either Party may terminate this Agreement with respect to such affected ECMs and the Guarantee

that is associated with such affected ECM(s) by written notice to the other, in which case all obligations of Ameresco with respect to the affected portion of the Developments shall cease and PHA shall pay to Ameresco an amount equal to all amounts then due and owing, exclusive of "lost" overhead and profit, with respect to this Agreement. Upon the payment of all amounts provided for in Section (12)(C), all obligations of PHA under this Agreement with respect to such portions of the affected Developments or ECMs shall cease with respect to the period following such payment.

E. Termination for Causes Beyond the Control of the Parties:

In addition to the foregoing provisions of this Section (17), to the extent that any fire, flood, explosion, other casualties, or destructive act or condemnation affecting the Developments or ECMs renders the Developments or ECMs substantially unusable and, in the case of a casualty, the Developments or ECMs are not reconstructed or restored by PHA within one hundred and fifty (150) days from the date of such casualty, either Party may terminate this Agreement and the Guarantee by a written notice to the other, in which case PHA will pay to Ameresco the amounts provided in Section (12)(C), applicable through the point of such termination, as approved by the PHA. Upon such payment and such other payments which may be required by this Section (16) F, all payment obligations of PHA (and Ameresco, if any) with respect to the period following such payment shall cease.

(18) SUBCONTRACTUAL RELATIONS

If Ameresco will cause any part of this Agreement to be performed by a Subcontractor, the Subcontractor shall assume toward PHA all obligations, rights, duties, and redress that Ameresco assumes toward PHA and others to the extent required under the terms of this Agreement between Ameresco and PHA hereafter the Prime Agreement ("Prime Agreement").

Except for those subcontractors who have been preapproved as a part of Ameresco's award as shown in the Scope of Work attached hereto as Appendix B, Ameresco, before executing any other subcontracts for any portion of the Services, will state in writing to the PHA the name of the proposed Subcontractor, the portion of the Services which the Subcontractor is to perform, the place of business of such Subcontractor, and such other information as the PHA may require. The PHA will have the right to require Ameresco not to award any subcontract to a person, firm or corporation disapproved by the PHA. Any response from PHA shall be provided to Ameresco in three (3) business days.

Before entering into any subcontract hereunder, Ameresco will inform the Subcontractor fully and completely of all provisions and requirements of this Agreement relating either directly or indirectly to the Services to be performed. Such Services performed by such Subcontractor will strictly comply with the requirements of this Agreement.

In order to qualify as a Subcontractor satisfactory to the PHA, in addition to the other requirements herein provided, the Subcontractor must be prepared to prove to the reasonable satisfaction of the PHA that it has the necessary facilities, skill and experience, and financial resources to perform the Services in a satisfactory manner. To be considered skilled and experienced, the Subcontractor must show to the reasonable satisfaction of the PHA that it has satisfactorily performed Services of the same general type which are required to be performed under this Agreement.

The PHA shall have the right to withdraw its consent to a subcontract if it appears to the PHA that the subcontract will delay, prevent, or otherwise impair the performance of Ameresco's obligations under this Agreement. Ameresco shall have the opportunity to meet with the PHA prior to such time in order to discuss the matter and provide whatever information and materials may be required in order to reassure the PHA regarding the selection. Subcontractors are required to protect the confidentiality of the PHA's and the PHA's proprietary and confidential information. PHA agrees to keep and protect confidential, whatever information and materials Ameresco and its Subcontractors provide that is proprietary and or confidential. Ameresco shall furnish to the PHA copies of all executed subcontracts between Ameresco and Subcontractors and materials suppliers hereunder. Within each such subcontract, there shall be a clause for the benefit of the PHA that permits the PHA, in the event Ameresco breaches this Agreement subsequent to the applicable cure period as set forth in Section (17) B., and subject to the provisions of the Performance and Payment bonds as required to be provided by Ameresco to the PHA, to request completion by the Subcontractor of its performance obligations under the subcontract, and which allows, subject to the requirements of the surety company providing the bonds, for the PHA or surety company to pay the Subcontractor directly for completion of such performance obligations. Notwithstanding, the foregoing shall neither convey nor

imply any obligation or liability on the part of the PHA to any Subcontractor hereunder except as described above.

(19) INSPECTOR GENERAL REVIEWS

Independent Private Sector Inspector General Reviews

Pursuant to Miami-Dade County Administrative Order 3-20, the PHA has the right but not the obligation to retain the services of an independent private sector inspector general (hereinafter IPSIG) who may be engaged to audit, investigate, monitor, oversee, inspect and review the operations, activities and performance of the Contractor and PHA in connection with this Agreement. The scope of services performed by an IPSIG may include, but are not limited to, monitoring and investigating compliance with contract specifications; project costs; and investigating and preventing corruption and fraud.

Upon thirty (30) days' written notice from the PHA, Ameresco shall make available to the IPSIG retained by the PHA, all requested records and documentation pertaining to this Agreement for inspection and reproduction. The PHA shall be responsible for the payment of these IPSIG services, and under no circumstance shall Ameresco's prices and any changes thereto approved by the PHA, be inclusive of any charges relating to these IPSIG services. The terms of this provision apply to Ameresco, its officers, agents, employees, subcontractors and assignees.

Nothing contained in this provision shall impair any independent right of the PHA to conduct an audit or investigate the operations, activities and performance of Ameresco in connection with this Agreement. The terms of this Section (19) shall not impose any liability on the PHA by Ameresco or any third party.

Miami-Dade County Inspector General Review

According to Section 2-1076 of the Code of Miami-Dade County, Miami-Dade County has established the Office of the Inspector General which may, on a random basis, perform audits on all County contracts, throughout the duration of said contracts, except as otherwise provided below. The cost of the audit for this Contract shall be one quarter (1/4) of one (1) percent of the total contract amount which cost shall be included in the total contract amount. The audit cost will be deducted by the PHA from progress payments to Ameresco. The audit cost shall also be included in all change orders and all contract renewals and extensions.

Exception: The above application of one quarter (1/4) of one percent fee assessment shall not apply to the following contracts: (a) IPSIG contracts; (b) contracts for legal services; (c) contracts for financial advisory services; (d) auditing contracts; (e) facility rentals and lease agreements; (f) concessions and other rental agreements; (g) insurance contracts; (e) revenue-generating contracts; (f) contracts where an IPSIG is assigned at the time the contract is approved by the Commission; (g) professional service agreements under $1,000; (h) management agreements; (i) small purchase orders as defined in Miami-Dade County Administrative Order 3-38; (j) federal, state and local government-funded grants; and (k) interlocal agreements. **Notwithstanding the foregoing, the Miami-Dade County Board of County Commissioners may authorize the inclusion of the fee assessment of one quarter (1/4) of one percent in any exempted contract at the time of award.**

The Parties have confirmed that this Agreement is not subject to such assessment.

Nothing contained above shall in any way limit the powers of the Inspector General to perform audits on all County contracts including, but not limited to, those contracts specifically exempted above. The Miami-Dade County Inspector General is authorized and empowered to review past, present and proposed County and Public Health Trust contracts, transactions, accounts, records and programs. In addition, the Inspector General has the power to subpoena witnesses, administer oaths, require the production of records and monitor existing projects and programs. Monitoring of an existing project or program may include a report concerning whether the project is on time, within budget and in conformance with plans, specifications and applicable law. The Inspector General is empowered to analyze the necessity of and reasonableness of proposed change orders to the Agreement. The Inspector General is empowered to retain the services of independent private sector inspectors' general (IPSIG) to audit, investigate, monitor, oversee, inspect and review operations, activities, performance and procurement process, including but not limited to project design, specifications, proposal submittals, activities of Ameresco, its officers, agents and employees, lobbyists, PHA staff and elected officials to ensure compliance with contract specifications and to detect

fraud and corruption.

Upon written notice to Ameresco from the Inspector General or IPSIG retained by the Inspector General, Ameresco shall make all requested records and documents available to the Inspector General or IPSIG for inspection and copying. The Inspector General and IPSIG shall have the right to inspect and copy all documents and records in Ameresco's possession, custody or control which, in the Inspector General's or IPSIG's sole judgment, pertain to performance of the contract, including, but not limited to original estimate files, change order estimate files, worksheets, proposals and agreements forms, successful and unsuccessful subcontractors and suppliers, all project-related correspondence, memoranda, instructions, financial documents, construction documents, proposal and contract documents, back-charge documents, all documents and records which involve cash, trade or volume discounts, insurance proceeds, rebates, or dividends received, payroll and personnel records, and supporting documentation for the aforesaid documents and records.

(20) PATENT AND COPYRIGHT INDEMNIFICATION

Ameresco shall not infringe on any copyrights, trademarks, service marks, trade secrets, patent rights, other intellectual property rights or any other third party proprietary rights in the performance of the Services.

Ameresco warrants that all Services furnished hereunder, including but not limited to: equipment, programs, documentation, software, analyses, applications, methods, ways, processes, and the like, shall not infringe upon or violate any U.S. copyrights, trademarks, service marks, trade secrets, patent rights, other intellectual property rights or any other third party proprietary rights.

Subject to the PHA's payment obligations, Ameresco shall be liable and responsible for any and all claims made against the PHA for infringement of patents, copyrights, service marks, trade secrets or any other third party proprietary rights, by the use or supplying of any programs, documentation, software, analyses, applications, methods, ways, processes, and the like, in the course of performance or completion of, or in any way connected with, the Services provided under this Agreement.

In the event any Service or anything provided to the PHA hereunder, or portion thereof is held to constitute an infringement and its use is or may be enjoined, Ameresco shall, at the PHA's option, have the obligation to: (i) modify, or require that the applicable subcontractor or supplier modify, the alleged infringing item(s) at its own expense, without impairing in any respect the functionality or performance of the item(s), or (ii) procure for the PHA, at Ameresco's expense, the rights provided under this Agreement to use the item(s).

Ameresco shall be primarily responsible for determining and informing the PHA whether a prospective supplier or subcontractor is a party to any litigation involving patent or copyright infringement, service mark, trademark, violation, or proprietary rights claims or is subject to any injunction which may prohibit it from providing any Service hereunder. Ameresco shall enter into agreements with all suppliers and subcontractors at Ameresco's own risk. PHA will be required to sign a license agreement with provisions limiting use of the software to the equipment provided under these specifications, limiting copying, preserving confidentiality, and prohibiting transfer to a third party.

(21) CONFIDENTIALITY

Ameresco shall advise each of its employees, agents, subcontractors and suppliers who may be exposed to such Confidential Information ("Confidential Information") of their obligation to keep such information confidential and shall promptly advise the PHA in writing if it learns of any unauthorized use or disclosure of the Confidential Information by any of its employees or agents, or subcontractor's or supplier's employees, present or former. In addition, Ameresco agrees to cooperate with and provide such assistance as may be reasonably necessary to ensure the confidentiality of the Confidential Information.

It is understood and agreed that in the event of a breach of this Section (21) damages may not be an adequate remedy and the PHA shall be entitled to seek injunctive relief to restrain any such breach or threatened breach. .

A certificate evidencing compliance with this provision signed by an officer of Ameresco shall accompany such materials. This Section 20 shall survive termination of this Agreement.

(22) PROPRIETARY INFORMATION

As a political subdivision of the State of Florida, the PHA is subject to the stipulations of Florida's Public Records Law.

Ameresco acknowledges that all computer software in the PHA's possession may constitute or contain information or materials which the PHA has agreed to protect as proprietary information from disclosure or unauthorized use and may also constitute or contain information or materials which the PHA has developed at its own expense, the disclosure of which could harm the PHA's proprietary interest therein.

During the Term of this Agreement, except as may be permitted hereunder, Ameresco will not use directly or indirectly for itself or for others, or publish or disclose to any third party, or remove from the PHA's property, any computer programs, data compilations, or other software which the PHA has developed, has used or is using, is holding for use, (hereinafter "Computer Software"). Ameresco's contractors and their employees must also honor all third-party license agreements, except as authorized by the PHA and, if the Computer Software has been leased or purchased by the PHA, all hired third party license agreements to the extent made known to Ameresco and its subcontractors must also be honored by-Ameresco's contractors' employees. This includes mainframe, minis, telecommunications, personal computers and any and all information technology software.

Ameresco will report to the PHA any information discovered or which is disclosed to Ameresco which may relate to the improper use, publication, disclosure or removal from the PHA's property of any information technology software and hardware and will take such steps as are within Ameresco's authority to prevent improper use, disclosure or removal by its employees and or subcontractors.

(23) PROPRIETARY RIGHTS

Ameresco hereby acknowledges and agrees that the PHA retains all rights, title and interests in and to all materials, data, documentation and copies thereof furnished by the PHA to Ameresco hereunder including all copyright and other proprietary rights therein, which Ameresco as well as its employees, agents, subcontractors and suppliers may use only in connection with the performance of Services under this Agreement. Ameresco shall not, without the prior written consent of the PHA, use such documentation on any other project in which Ameresco or its employees, agents, subcontractors or suppliers are or may become engaged. Submission or distribution by Ameresco to meet official regulatory requirements or for other purposes in connection with the performance of Services under this Agreement shall not be construed as publication in derogation of the PHA's copyrights or other proprietary rights.

All rights, title and interest in and to certain inventions, ideas, designs and methods, specifications and other documentation related thereto developed by Ameresco and its subcontractors specifically for the PHA, hereinafter referred to as "Developed Works" shall become the property of the PHA upon the making of final payment to Ameresco or, in the event of termination under upon payment for all sums due to Ameresco as required thereunder.

Accordingly, neither Ameresco nor its employees, agents, subcontractors or suppliers shall have any proprietary interest in such Developed Works. The Developed Works may not be utilized, reproduced or distributed by or on behalf of Ameresco, or any employee, agent, subcontractor or supplier thereof, without the prior written consent of the PHA, except as required for Ameresco's performance hereunder.

Notwithstanding the paragraphs immediately preceding in this section 23, PHA acknowledges that in the course of its performance under this Agreement Ameresco may use pre-existing products, materials and methodologies proprietary to Ameresco ("Pre-existing Works"). To the extent Ameresco provides any Pre-existing Works hereunder, Ameresco hereby grants to PHA a nonexclusive, perpetual, irrevocable, paid-up license to prepare and have prepared derivative works of the Pre-Existing Works, and to use, have used, publish, execute, reproduce, transmit, display, perform, transfer, distribute, and sublicense the Pre-Existing Works and such derivative works, and to grant others the rights granted herein.

Ameresco and its subcontractors and suppliers hereunder shall retain all proprietary rights in and to all Licensed Software provided hereunder, that have not been customized to satisfy the performance criteria set forth in the Scope of Services. Notwithstanding the foregoing, Ameresco hereby grants, and shall require that its subcontractors and suppliers grant, if the PHA so desires, a perpetual, irrevocable and unrestricted right and license to use, duplicate,

disclose and/or permit any other person(s) or entity(ies) to use all such Licensed Software and the associated specifications, technical data and other Documentation for the operations of the PHA or entities controlling, controlled by, under common control with, or affiliated with the PHA, or organizations which may hereafter be formed by or become affiliated with the PHA. Such license specifically includes, but is not limited to, the right of the PHA to use and/or disclose, in whole or in part, the technical documentation and Licensed Software, including source code provided hereunder, subject to agreement with the nondisclosure and proprietary rights provisions set forth herein, to any person or entity outside the PHA for such person's or entity's use in furnishing any and/or all of the Services provided hereunder exclusively for the PHA or entities controlling, controlled by, under common control with, or affiliated with the PHA, or organizations which may hereafter be formed by or become affiliated with the PHA

(24) VENDOR REGISTRATION/CONFLICT OF INTEREST

(A) Vendor Registration

Ameresco shall be a registered vendor with Miami-Dade County Internal Services Department, Procurement Management Division, for the duration of this Agreement. In becoming a Registered Vendor with Miami-Dade County, Ameresco confirms its knowledge of and commitment to comply with the following:

1. ***Miami-Dade County Ownership Disclosure Affidavit***

   (Section 2-8.1 of the County Code)

2. ***Miami-Dade County Employment Disclosure Affidavit*** *(Section 2.8-1(d)(2) of the County Code)*

3. ***Miami-Dade Employment Drug-free Workplace Certification*** *(Section 2-8.1.2(b) of the County Code)*

4. ***Miami-Dade Disability and Nondiscrimination Affidavit*** *(Section 2-8.1.5* of the County Code)

   Miami-Dade County Debarment Disclosure Affidavit *(Section 10.38 of the County Code)*

5. ***Miami-Dade County Vendor Obligation to County Affidavit*** *(Section 2-8.1 of the County Code)*

6. ***Miami-Dade County Code of Business Ethics Affidavit***
   (Section 2-8.1(i) and 2-11(b)(1) of the County Code through (6) and (9) of the County Code and Section 2-11.1(c) of the County Code)

7. ***Miami-Dade County Family Leave Affidavit***

   (Article V of Chapter 11 of the County Code)

9. ***Miami-Dade County Living Wage Affidavit***

   (Section 2-8.9 of the County Code)

10. ***Miami-Dade County Domestic Leave and Reporting Affidavit***

    (Article 8, Section 11A-60 11A-67 of the County Code)

11. ***Subcontracting Practices***

    (Ordinance 97-35)

12. ***Subcontractor /Supplier Listing***

    (Section 2-8.8 of the County Code)

13. ***Environmentally Acceptable Packaging***

    (Resolution R-738-92)

14. ***W-9 and 8109 Forms***

    (as required by the Internal Revenue Service) *(Section 2-8.1..*

15. ***FEIN Number or Social Security Number***

    In order to establish a file, Ameresco's Federal Employer Identification Number (FEIN) must be provided. If no FEIN exists, the Social Security Number of the owner or individual must be provided. This number becomes Ameresco's "County Vendor Number". To comply with Section 119.071(5) of the Florida Statutes relating to the collection of an individual's Social Security Number, be aware that the County requests the Social Security Number for the following purposes:

    - Identification of individual account records
    - To make payments to individual/Ameresco for goods and services provided to Miami-Dade County
    - Tax reporting purposes
    - To provide a unique identifier in the vendor database that may be used for searching and sorting departmental records

16. ***Office of the Inspector General***

(Section 2-1076 of the County Code)

17. Small Business Enterprises

The County endeavors to obtain the participation of all small business enterprises pursuant to Sections 2-8.2, 2-8.2.3 and 2-8.2.4 of the County Code and Title 49 of the Code of Federal Regulations.

18. Antitrust Laws

By acceptance of any contract, Ameresco agrees to comply with all antitrust laws of the United States and the State of Florida.

(B) Conflict of Interest

Section 2-11.1(d) of Miami-Dade County Code requires that any PHA employee or any member of the employee's immediate family who has a controlling financial interest, direct or indirect, with Miami-Dade County or any person or agency acting for Miami-Dade County, competing or applying for a contract, must first request a conflict of interest opinion from Miami-Dade County's Ethics Commission prior to their or their immediate family member's entering into any contract or transacting any business through a firm, corporation, partnership or business entity in which the employee or any member of the employee's immediate family has a controlling financial interest, direct or indirect, with Miami-Dade County or any person or agency acting for Miami-Dade County. Any such contract or business engagement entered in violation of this subsection, as amended, shall be rendered voidable. For additional information, please contact the Ethics Commission hotline at (305) 579-2593.

(25) QUALITY ASSURANCE/QUALITY ASSURANCE RECORD KEEPING

Ameresco shall maintain, and shall require that its subcontractors and suppliers maintain, complete and accurate records to substantiate compliance with the requirements set forth in the Scope of Services. Ameresco and its subcontractors and suppliers, shall retain such records, and all other documents relevant to the Services furnished under this Agreement for a period of three (3) years from the expiration date of this Agreement and any extension thereof.

(26) AUDITS

The PHA, HUD, the Comptroller General of the United States, or any of their duly authorized representatives or governmental agencies, shall until the expiration of three (3) years after the expiration of this Agreement and any extension thereof, have access to and the right to examine and reproduce any of Ameresco's books, documents, papers and records and of its subcontractors and suppliers which apply to all matters of the PHA. Such records shall conform to Generally Accepted Accounting Principles ("GAAP") requirements, as applicable, and shall only address those transactions related to this Agreement.

Pursuant to Section 2-481 of the Code of Miami-Dade County, Ameresco shall provide access to the County Commission Auditor to all financial and performance related records, property, and equipment purchased in whole or in part with governmental funds.

(27) MIAMI-DADE COUNTY/PHA'S SOVEREIGNTY. It is expressly understood that, subject to the other provisions of this Agreement:

(A) Miami-Dade County/PHA retains all of its sovereign prerogatives and rights as a county under Florida laws and shall in no way be estopped from reasonably withholding or refusing to issue any approvals of applications for building, zoning, planning or development under present or future laws and regulations of whatever nature applicable to the planning, design, construction and development of the Developments or the operation thereof, or be liable for the same; and

(B) Except as set forth in the Schedules attached hereto, PHA shall not by virtue of this Agreement be obligated to grant Ameresco any additional approvals of applications for building, zoning, planning or development under present or future laws and ordinances of whatever nature applicable to the planning, design, construction, development and/or operation of the Developments.

(28) NO LIABILITY FOR EXERCISE OF POLICE POWERS. Subject to any contrary provision in this Agreement, or any PHA covenant or obligation that may be contained in this Agreement, PHA shall have no obligation, including but not limited to the following:

(A) To apply for or assist Ameresco in applying for any county, city or third party permit or needed approval; or

(B) To contest, defend against, or assist Ameresco in contesting or defending against any challenge of any nature;

and, except as otherwise set forth in this Agreement, this Agreement shall not bind the Miami-Dade County's

Board of Commissioners, the Regulatory and Economic Resources Department or any other county, city, federal or state department or authority, committee or agency to grant or leave in effect any zoning changes, variances, permits, waivers, contract amendments, or any other approvals that may be granted, withheld or revoked in the discretion of the PHA or any other applicable governmental agencies in the exercise of its police power; and, except as otherwise set forth in this Agreement, the PHA shall be released and held harmless, by Ameresco from and against any liability, responsibility, claims, consequential or other damages, or losses to Ameresco or to any third parties resulting from denial, withholding or revocation (in whole or in part) of any zoning or other changes, variances, permits, waivers, amendments, or approvals of any kind or nature whatsoever. Without limiting the foregoing, the parties recognize that the approval of any building permit and/or certificate of occupancy will require the PHA to exercise its quasi-judicial or police powers. Without limiting any other provision of this Agreement, the PHA shall have no obligation to approve, in whole or in part, any application for any type of permit, license, zoning or any other type of matter requiring government approval or waiver. The PHA's obligation to use reasonable good faith efforts in the permitting of the use of the PHA- owned property regarding the Developments shall not extend to any exercise of quasi-judicial or police powers, and shall be limited solely to ministerial actions, including the timely acceptance and processing of any requests or inquiries by Ameresco as authorized by this Agreement. Moreover, in no event shall a failure of the PHA to adopt any of Ameresco's requests or application for any type of permit, license, zoning or any other type of matter requiring government approval or waiver be construed a breach or default of this Agreement, unless such failure was unreasonable or untimely or in direct contravention to another provision of this Agreement.

(29) CONFLICT OF INTEREST

Ameresco represents to the best of its knowledge and belief, that:

(A) No officer, director, employee, agent, or other consultant of the PHA or a member of the immediate family or household of the aforesaid has directly or indirectly received or been promised any form of benefit, payment or compensation, whether tangible or intangible, in connection with the award of this Agreement.

(B) There are no undisclosed persons or entities interested with Ameresco in this Agreement. This Agreement is entered into by Ameresco without any connection with any other entity or person making a proposal for the same purpose, and without collusion, fraud or conflict of interest. No elected or appointed officer or official, director, employee, agent or other consultant of the PHA, or of the State of Florida (including elected and appointed members of the legislative and executive branches of government), or a member of the immediate family or household of any of the aforesaid:

i) is interested on behalf of or through Ameresco directly or indirectly in any manner whatsoever in the execution or the performance of this Agreement, or in the services, supplies or work, to which this Agreement relates or in any portion of the revenues; or

ii) is an employee, agent, advisor, or consultant to Ameresco or to the best of Ameresco's knowledge any subcontractor or supplier to Ameresco.

(C) Neither Ameresco nor any officer, director, employee, agency, parent, subsidiary, or affiliate of Ameresco shall have an interest which is in conflict with Ameresco's faithful performance of its obligation under this Agreement; provided that the PHA , in its sole discretion, may consent in writing to such a relationship, provided Ameresco provides the PHA with a written notice, in advance, which identifies all the individuals and entities involved and sets forth in detail the nature of the relationship and why it is in the PHA 's best interest to consent to such relationship.

(D) The provisions of this Article are supplemental to, not in lieu of, all applicable laws with respect to conflict of interest. In the event there is a difference between the standards applicable under this Agreement and those provided by statute, the stricter standard shall apply.

(E) In the event Ameresco has no prior knowledge of a conflict of interest as set forth above and acquires information which may indicate that there may be an actual or apparent violation of any of the above,

Ameresco shall promptly bring such information to the attention of the PHA's Project Manager. Ameresco shall thereafter cooperate with the PHA's review and investigation of such information, and comply with the instructions Ameresco receives from the Project Manager in regard to remedying the situation.

(30) PRESS RELEASE OR OTHER PUBLIC COMMUNICATION

Under no circumstances shall Ameresco without the express written consent of the PHA:

(A) Issue or permit to be issued any press release, advertisement or literature of any kind which refers to the PHA, or the Work being performed hereunder, unless Ameresco first obtains the written approval of the PHA. Such approval may be withheld if for any reason the PHA believes that the publication of such information would be harmful to the public interest or is in any way undesirable; and

(B)

Except as may be required by law, Ameresco and its employees, agents, subcontractors and suppliers will not represent, directly or indirectly, that any product or service provided by Ameresco or such parties has been approved or endorsed by the PHA .

Notwithstanding the foregoing, Ameresco may, at its sole discretion, and PHA hereby authorizes Ameresco to disclose, the contract value of this Agreement, a description of the Conservation Project (including location and scope of work), and PHA's name, in Ameresco's mass media, promotional and marketing materials. PHA further authorizes Ameresco to use any images of the Conservation Project or the Property in Ameresco's promotional and marketing materials. For purposes of this paragraph 29, the term Property shall mean those specific Developments described in Appendix A.

(31) Intentionally Omitted.

(32) BANKRUPTCY

The PHA reserves the right to terminate this Agreement, if, during the Term of any contract Ameresco has with the PHA, Ameresco becomes involved as a debtor in a bankruptcy proceeding, or becomes involved in a reorganization, dissolution, or liquidation proceeding, or if a trustee or receiver is appointed over all or a substantial portion of the property of Ameresco under federal bankruptcy law or any state insolvency law and same is not dismissed or removed within sixty days thereafter.

(33) FLORIDA PUBLIC RECORDS ACT

Pursuant to Section 119.0701 of the Florida Statutes, Ameresco shall:

a) Keep and maintain public records that ordinarily and necessarily would be required by the PHA in order to perform the Services;

b) Provide the public with access to public records on the same terms and conditions that the PHA would provide the records and at a cost that does not exceed the cost provided in the Florida Public Records Act, Miami-Dade County Administrative Order No. 4-48, or as otherwise provided by law;

c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law; and

d) Meet all requirements for retaining public records and transfer to the PHA, at no PHA cost, all public records created, received, maintained and/or directly related to the performance of this Agreement that are in possession of Ameresco upon termination of this Agreement. Upon termination of this Agreement, Ameresco shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the PHA in a format that is compatible with the information technology systems of the PHA.

For purposes of this Article, the term "public records"' shall mean all documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connection with the transaction of official business of the PHA.

In the event Ameresco does not comply with the public records disclosure requirements set forth in Section 119.0701 of the Florida Statutes and this Section 32, the PHA shall avail itself of the remedies set forth in Section 16 of this Agreement.

(34) SUCCESSORS AND ASSIGNS

Wherever the words PHA or Ameresco are used herein, they shall include their several successors, grantees, and assigns subject to the limitations of law and of this instrument. Nothing in this Agreement is intended, nor shall anything in this Agreement be deemed to create, any rights on behalf of any person or persons not a party hereto, including, without limitation, any tenant, or energy supplier, or Construction Subcontractor, with the exception that Ameresco's rights to receive payment for its services hereunder may be assigned to a lender or financial institution without further consent of the PHA. Notwithstanding the foregoing, this Agreement may be assigned to or assumed by any affiliated company of Ameresco, Inc. by issuance of a ten (10) day written notice and PHA's written acknowledgement of receipt of such notice within a five (5) day period thereafter.

(35) STATE LAW

This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, (excluding the choice of law rules thereof). Venue for any litigation between parties regarding this Agreement shall lie only in State and Federal court in Miami-Dade County, Florida.

(36) ENTIRE AGREEMENT; AMENDMENTS

This Agreement, including its appendices, sets forth the entire agreement, and supersedes any and all prior agreements of the Parties with respect to the subject matters hereof. No change, amendment or modification of any provision of this Agreement shall be valid unless set forth in a written amendment to this Agreement signed by both Parties. In the event of any ambiguity or conflict in meaning, the terms of this Agreement shall not be construed against the drafting Party based upon that Party's having drafted this Agreement.

(37) NON-WAIVER

The failure of either Party to insist upon or enforce strict performance by the other Party of any provision of this Agreement or to exercise any right under this Agreement shall not be construed as a waiver or relinquishment to any extent of such Party's right to assert or rely upon any such provision or right in that or any other instance; rather, the same shall be and remain in full force and effect.

(38) NO PARTNERSHIP OR THIRD PARTY OBLIGATIONS

This Agreement shall not be interpreted or construed to create an association, joint venture or partnership between the Parties or to impose any partnership obligations or liability upon either Party or to create any rights or obligations in or with respect to any party or entity which is not a Party to this Agreement. Neither Party shall have any right, power, or authority to enter into any agreement or undertaking for or on behalf of, to act as, or be an agent or representative of, or to otherwise bind the other Party.

There are no third party beneficiaries of this Agreement.

(39) INVALIDITY

The invalidity or unenforceability of any provision of this Agreement shall not affect the other provisions hereof, and this Agreement shall be construed in all respects as if such invalid or enforceable provisions were omitted.

(40) NOTICES

All notices required pursuant to the terms of this Agreement shall be in writing and shall be delivered personally, by overnight courier or by such other means (including facsimile transmission or email with confirmation) evidencing delivery, or by certified mail.

Each Party shall deliver all notices to the other Party to the following addresses:

Ameresco:

General Counsel Ameresco, Inc.
Suite 410,111 Speen Street
Framingham, MA 01701

With a copy forwarded to the attention of:

Michael Daigneault, Vice President
Ameresco, Inc.
Suite 410, 111 Speen Street
Framingham, MA 01701

PHA:

Miami-Dade County
111 NW 1st Street
Miami, Florida 33128
Attn: Mayor

With copies forwarded to the attention of:

Miami-Dade Public Housing and Community Development
701 NW 1st Court, 16th Floor
Miami, FL 33136-3914
Attn: Director

Notices will be deemed given and received:

(a) when delivered, if delivered personally;

(b) the next business day after delivery to the courier, if given by overnight courier; or

(c) five calendar days from the date of mailing, if given by registered or certified mail; or

(d) when receipt is confirmed by the sending Party if by facsimile or e-mail, provided that the sending party follows up with an original by mail.

(41) FORCE MAJEURE:

If Ameresco is unable to perform due to causes beyond the control and without the fault or negligence of Ameresco including, but not limited to, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes and usually severe weather, upon request of Ameresco, PHA will ascertain the facts and extent of the failure to perform. If PHA reasonably determines that any failure to perform results from one or more of the causes above, the time for Ameresco's performance shall be revised, subject to the rights of PHA to terminate this Agreement for convenience and provided Ameresco used its best efforts, consistent with prudent business practices, to perform its obligations under this Agreement and to mitigate the losses to PHA arising from the event of Force Majeure.

If PHA is unable to perform (except for PHA's failure to fund its obligations under this Agreement) due to causes beyond the control and without the fault or negligence of PHA including, but not limited to, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemic, quarantine restrictions, strikes, freight embargoes and unusually severe weather, upon request of PHA, Ameresco will ascertain the facts and extent of the failure to perform. If Ameresco reasonably determines that any failure to perform results from one or more of the causes above, the time for PHA's performance shall be extended, provided PHA used its best efforts, consistent with prudent business practices, to perform its obligations under this Agreement and to mitigate the losses to Ameresco arising from the event of Force Majeure.

(42) PROMOTIONAL LITERATURE, PRESS AND MEDIA:

Neither Ameresco nor PHA endorses products or services. Therefore, each Party agrees that it will not use or imply the other's name, or use the other's reports, for advertising, promotional purposes, raising of capital, recommending investments, or any way that implies endorsement by the other.

Ameresco does not undertake projects for the purpose of litigation or to assign fault or blame and does not provide expert witness services. Therefore, PHA agrees not to use any project results in any dispute, litigation, or other legal action, except defensively in disputes, litigation, or other legal action pending or contemplated at the time of execution of this Agreement. The foregoing sentence shall not apply to disputes between PHA and Ameresco or between PHA and any of Ameresco's Construction Subcontractors under the terms and conditions of the Agreement.

(43) INCORPORATION:

This Agreement incorporates all the Exhibits and Attachments referenced or recited in this Agreement.

(44) HEADINGS:

The descriptive headings used in this Agreement are for purposes of convenience only and do not constitute a part of this Agreement.

(45) REPRESENTATIONS AND WARRANTIES:

Each Party warrants and represents to the other that:

(A) It has all requisite power, authority, licenses, permits, and franchises, corporate or otherwise, to execute and deliver this Agreement and perform its obligations hereunder;

(B) Its execution, delivery, and performance of this Agreement have been duly authorized by, or are in accordance with, as to Ameresco, its organic instruments and, as to PHA, by all requisite municipal, agency or other action and are not in breach of any applicable law, code or regulation; this Agreement has been duly executed and delivered by the signatories so authorized, and constitutes each Party's legal, valid and binding obligation;

(C) Its execution, delivery, and performance of this Agreement shall not result in a breach or violation of, or constitute a default under, any agreement, lease or instrument to which it is a party or by which it or its properties may be bound or affected; and

(D) It has not received any notice, nor to the best of its knowledge is there pending or threatened any notice of any violation of any applicable laws, ordinances, regulations, rules, decrees, awards, permits or orders which would materially adversely affect its ability to perform hereunder.

(E) The persons executing this Agreement are fully authorized by law to do so.

(F) In addition, PHA warrants and represents to Ameresco that PHA has obtained or shall obtain all necessary governmental, legal, administrative and any other approvals necessary for it to enter into this Agreement.

(46) ADDITIONAL REPRESENTATIONS AND WARRANTIES OF PHA

PHA hereby warrants and represents to Ameresco that:

(A) PHA presently intends to continue to use the Developments in a manner reasonably similar to its present use, subject to the provisions of Sections 8 and 10 of this Agreement, which provide for notice and adjustment of base consumption and savings information in the event of a Material Change. Should

such a change occur within the Term of this Agreement, PHA shall be subject to any prepayment provisions of the Construction Financing agreement;

(B) PHA does not presently contemplate any changes to the electrical and thermal consumption characteristics of the Developments as these existed during the base period except as may have been disclosed to Ameresco by PHA in writing prior to the execution of this Agreement;

(C) PHA has provided Ameresco with all records heretofore requested by Ameresco and, in that regard, Ameresco acknowledges that it has received Base Period data from PHA which appears to be complete as of the date of this Agreement, and that the information set forth therein is, and all information in other records to be subsequently provided pursuant to this Agreement shall be, true and accurate in all material respects except as may be disclosed by PHA in writing;

(D) PHA has not entered into any contracts or agreements for the Developments with persons or entities other than Ameresco regarding the provision of the energy services referenced herein.

(47) ADDITIONAL DEVELOPMENTS

Ameresco and PHA may agree that Ameresco shall install additional ECMs at a Development in addition to those listed on Appendix A (each "Additional Development"), through amendments to this Agreement mutually acceptable to both parties, or by entering into separate agreement between the Parties, which agreements shall include mutually agreeable terms and conditions, so long as such Developments were included in the PHA's solicitation under which Ameresco was procured.

(48) HIERARCHY OF PROVISIONS

Except as otherwise provided in this Section 48, in the event of any inconsistency or conflict between any term, condition or provision of this written Agreement (inclusive of Sections 1 through 48 thereof) and any Appendix or Attachment hereto shall be resolved by giving precedence in the following order: (i) the HUD General Conditions for Construction Contracts (HUD Form 5370); (ii) this Agreement; (iii) the Appendices; (iv) the Attachments; and (v) the Energy Performance Contracting Services Contract No. RFP774. In that regard, the document having the higher preference shall be controlling and the inconsistent or conflicting term, condition or provision in the document having the subordinate preference shall be deemed modified, superseded or replaced, as appropriate, by the provisions of the document having the higher preference.

[SIGNATURES APPEAR ON NEXT PAGE]

Executed as of the day and year first written above. The individuals executing this Performance Agreement represent that they have full authority to do so.

ECM 1: Install HET Toilets

Ameresco shall install new toilets, in accordance with the schedules and scopes of work listed below:

The scope of work will include the following:

- Remove and properly dispose of existing plumbing fixtures
- Furnish and install new plumbing fixtures in accordance with local plumbing codes
- Jobsite cleanup to "as-was" conditions
- New equipment provided:

  Toilets: As noted in Table 1.7 to 1.12 below
- The new plumbing fixtures will be connected to the existing water supply and waste lines. For new toilet installations, Ameresco will include new seat, wax ring, and closet bolts. Tank toilet installations will receive braided, low-burst, high-impact, flexible supply line and gasket kit
- Existing flanges and stop valves will be reused. Ameresco has budgeted for the replacement of damaged flanges and toilet stop valves for up to 10% of the toilet installations. If any additional repairs are required to properly install the new toilets or other plumbing fixtures, this work shall be completed with MDPHCD approval as a change order at the following unit costs:

  Flange Replacement: $329 ea.
  Stop Valve Replacement $157 ea.
- Replacement of existing mounting rails, vacuum breakers, diverter valves, and escutcheon plates is excluded from the scope and cost of this ECM.
- Repair of existing floor and tile damage is excluded from the scope and cost of this ECM.

ECM 2: Install Low Flow Showerheads & Faucet Aerators

Ameresco shall install new showerheads and faucet aerators in accordance with the schedules and scopes of work listed below:

A total of 6,010, 1.75 GPM fixed-head showerheads and 1,536, 1.75 GPM hand-held models will be installed.

A total of 7,922, 1.0 GPM aerators will be installed in bathrooms and 6,573, 1.5 GPM kitchen faucet aerators will be installed.

Bathroom aerators will be Niagara, or equal, while kitchen aerators will be Niagara Conservation

The aerator and showerhead replacement schedules are shown in Tables 2.7 to 2.12.

The scope of work will include the following:

- Jobsite cleanup to "as-was" conditions
- New equipment provided:

Showerheads:	Niagara Model Conservation N2917CH, 1.75 GPM, or equal (for fixed-head applications) Niagara Conservation Model # N2945CH, 1.5 GPM, or equal (for hand-held applications)
Aerators:	Niagara Conservation Model # N3210B-PC, 1.0 GPM, or equal (for bath applications) Niagara Conservation Model N3215(M/F)-TP (tamperproof), 1.5 GPM, or equal (for kitchen applications)

- Existing rail-mount handheld showerheads shall be provided with new compatible rail mount swivel pieces and 70" nylon shower hose. Replacement of existing mounting rails, vacuum breakers, diverter valves, and escutcheon plates is excluded from the scope and cost of this ECM.
- Repair of existing floor and tile damage is excluded from the scope and cost of this ECM.

ECM 3: Install Front-Load Washers

Ameresco proposes to work together with MDPHCD to replace the existing top-loading washers at all sites with more water- and energy-efficient, front-loading, Energy Star models. The new front-loading washers will have wash capacities similar to the existing top-loading models.

Ameresco has not included any appliance costs or vendor fees associated with replacing the existing washers with front-loading units at any of the central laundry sites, as laundry equipment vendors are usually amenable to swapping the washers at no cost. (However, some vendors require a revised or new lease be executed as condition of this swap-out.) Ameresco will provide the necessary support to MDPHCD to coordinate specification and installation of the new washers.

"Page content is subject to Confidentiality Restrictions"

ECM 4: Upgrade Common Area Lighting

Ameresco shall install new lighting fixtures and retrofits in accordance with the common area lighting audit presented in Attachment 2.

The scope of work shall include removal of the existing equipment and installation of the new equipment in accordance with the above referenced lighting audits, proper disposal of all job site waste, including any hazardous waste, and job-site cleanup. Existing power wiring and controls shall be reused, unless otherwise noted in the lighting audit.

It is assumed that all existing wiring is in good condition and code compliant. This scope of work excludes any repair or replacement of deficient wiring.

"Page content is subject to Confidentiality Restrictions"

ECM 5: Upgrade Apartment Lighting

Ameresco shall retrofit apartment lighting systems in accordance with the Apartment Lighting Audit presented in Attachment 2.

The scope of work shall include removal of the existing equipment and installation of the new equipment in accordance with the above referenced lighting audits, proper disposal of all job site waste, including any hazardous waste, and job-site cleanup. Existing power wiring and controls shall be reused, unless otherwise noted in the lighting audit.

It is assumed that all existing wiring is in good condition and code compliant. This scope of work excludes any repair or replacement of deficient wiring.

"Page content is subject to Confidentiality Restrictions"

ECM 6: Install Vending Machine Controls

Ameresco shall install occupancy sensing, plug load controllers. A total of 6 VendingMiser™ controllers will be installed on 3 soft drink and 3 snack vending machines.

The Controller's schedule is shown in Tables 6.1.

Table 6.1: Vending Machine Inventory

Development	Beverage Machine Quantity	Snack Machine Quantity
Emmer Turnkey	1	1
Liberty Square (2)	0	
Wynwood Elderly	1	1
Smathers Plaza	0	0
Falk Turnkey	1	1
Martin Fine Villas	0	0
Total	3	3

The controllers are external to the vending machines, and do not require vendor maintenance. Since the controllers are external to the existing vending machines, if any machines are replaced, transfer of the controller can be easily made.

The scope of work shall include installation of the new controllers. Existing power wiring shall be reused, unless otherwise noted.

It is assumed that all existing wiring is in good condition and code compliant. This scope of work excludes any repair or replacement of deficient wiring.

Page content is subject to Confidentiality Restrictions

ECM 7: Install Energy Management System

Ameresco shall install a new Trane Tracer BAS System, or equal, to control the new proposed HVAC equipment included at the Ward Tower ALF development in accordance with the scope of work below.

New proposed HVAC equipment at the Ward Tower ALF:

- Five (5) new Heat Pumps (HPs) and ancillary equipment
- Five (5) new Roof Top Units (RTUs) serving the dinning and kitchen area.

Scope of Work

Install new a new web-based Trane Tracer BAS System, or equal. Include program of DDC system per the scope of work below and Table 7.1.

The controls for the new HPs shall include the following:

CONDENSER WATER SYSTEM CONTROLS

- Cooling Tower Supply Temperature
- Cooling Tower Return Temperature
- Heat Exchanger Entering and Leaving CWS and CWR Temperature Sensors (Heat Pump Side)
- Heat Exchanger Entering and Leaving CWS and CWR Temperature Sensors (Cooling Tower Side)
- Outside Air Temperature Sensor
- Outside Air Humidity Sensor
- CT Loop CW Pump 1 Status Switch
- CT Loop CW Pump 1 Start/Stop
- HP Loop CW Pump 1 Status Switch
- HP Loop CW Pump 1 Start/Stop
- Cooling Tower Status
- Cooling Tower Start/Stop
- Cooling Tower VFD Control
- BACNet DDC Controller

"Page content is subject to Confidentiality Restrictions"

WATER COOLED HEAT PUMP CONTROLS, TYPICAL OF AHU-01, AHU-02, AHU-03, AHU-04, AHU-05

- Fan Start/Stop

Exclusions

- Abatement of lead paint except as called for above, and abatement of any asbestos or other hazardous materials.
- Repair of existing deficiencies in pipe or mechanical equipment not to be replaced under this measure.
- Building code upgrades.
- Repair of existing ductwork or control wires.
- Smoke control sequences, material or labor.
- Firefighter's Smoke Control System Override Panel.
- AHU Fire Alarm Shutdown.
- Provision, control and wiring of Fire, Smoke, or combination Fire-Smoke dampers, actuators, and/or end-switches.
- Dampers/damper actuators not integral to the HVAC equipment and/or associated wiring.
- Smoke detectors and/or associated smoke detector wiring.
- Firestats
- Ethernet connection to Building Controllers.
- Any scope of work not specifically outlined above.

"Page content is subject to Confidentiality Restrictions"

ECM 9: Install Water Cooled Heat Pumps

Ameresco shall replace the five split DX units with water source Heat Pumps (HPs) serving Ward Tower ALF. The new system shall include a Cooling Tower (CT), Heat Exchanger (HX), pumps for the HP loop and CT loop and all necessary equipment and piping.

The system shall consist of the following equipment (or equivalent): 1) **HPs** - Trane GEVE, 2) **CT** - Protech PCT-80, 3) **Pumps** – Amstrong 4382, 4) **HX** – Amstrong S-X19-500-61.

The equipment capacity and minimum efficiency is summarized on Table 9.2.

Table 9.2: Proposed HVAC Equipment (Summary)

Unit No	Floor	Capacity		Minimum Proposed Efficiency (EER)
		Tons	CFM	
HP-01	1st	13.8	3,054	14.8
HP-02	2nd	10	2,503	14.8
HP-03	3rd	10	2,503	14.8
HP-04	4th	10	2,503	14.8

CWP-1,2	all	5	HP	VFD (3.7 bhp max.)
HX-1	all	165	GPM	85/95 - 88/98

Table 9.2: HVAC Equipment (Subject to Final Design)

HVAC modifications for this ECM consist of replacing equipment with similar equipment.

Scope of Work

- Furnish and install all equipment as specified in this measure.
- Obtain all licenses, permits, and inspections required for the completion of the work.
- Transfer all manufacturers' warranties to MDPHCD.
- All installed systems shall operate trouble-free for a minimum period of three days before final acceptance of this work. Instruct MDPHCD staff in the proper operation and maintenance of all installed equipment.

Page content is subject to Confidentiality Restrictions

Exclusions

- Abatement of lead paint and abatement of any asbestos or other hazardous materials.
- Repair of existing deficiencies in pipe or mechanical equipment not to be replaced under this measure.
- Building code upgrades.
- ASHRAE 15 upgrades (if required).
- Repair of existing ductwork.
- Electrical switchgear upgrades.

"Page content is subject to Confidentiality Restrictions"

ECM 10: Install Variable Volume HVAC Systems

Ameresco shall replace selected HVAC equipment as summarized on table 10-2 for Ward Tower ALF.
The quantity, capacity, and efficiency of the units are summarized on table 10.2.

Table 10.2: HVAC Equipment (Summary)

Developments	No. of Units	Existing Capacity (tons)	Proposed Efficiency (EER/IEER)
Ward Tower ALF - Dinning - Kitchen RTUs	5	4 @ 12.5, 1 @ 7.5	12.3/18.6

Table 10.2: HVAC Equipment (Subject to Final Design)

Proposed Conditions

Ward Towers ALF Community Building (Dining and Kitchen):

Ameresco shall replace the five RTUs with similar units that use variable speed compressor, variable speed evaporator fan, and variable speed condenser fan. The proposed units for the Dining (Quantity 4) are Daikin McQuay VAV RTU model DPS 012 with a minimum full load efficiency of 1.0 kW/ton (compressor only 0.8 kW/ton). The proposed unit for the Kitchen (Quantity 1) is a Daikin McQuay VAV RTU model DPS 007 with a minimum full load efficiency of 1.0 kW/ton (compressor only 0.8 kW/ton). No VAV boxes will be added to the system but the unit will be operated in a variable volume mode responding to space temperature demand.

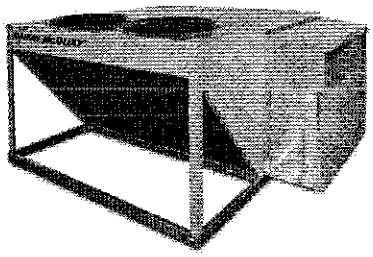

Figure 10.7: Proposed Variable Speed, Variable Volume McQuay RTUs

"Page content is subject to Confidentiality Restrictions"

ECM 11: Replace Windows

Ameresco shall replace a total of 1,258 existing windows at the affected sites with new single glazing high impact (hurricane resistant) windows of similar configuration, but with low-emissivity coating. These sites include: Little River Plaza, Palm Court, Lemon City, and Edison Plaza Elderly. The only site receiving non-impact windows is Helen Sawyer ALF, which has adequate high impact shutter protection.

At Helen Sawyer ALF, Ameresco proposes to replace 120 existing balcony sliding doors with new double-glazed tinted sliding doors.

The new windows for the above mentioned developments, with the exception of Halen Sawyer ALF, will consist of single layer impact glass with a shading coefficient of 0.45 and a U-Value of 0.86 Btu/hr-sq ft °F. The windows at Halen Sawyer ALF will consist of standard double glass with a shading coefficient of 0.6 and a U-Value of 0.8 Btu/hr-sq ft °F.

The new windows will be ES Windows, or equal. Ameresco has selected windows with a white exterior finish and white interior finish to better match the existing building trim.

Scope of Work

Ameresco shall replace the existing windows at the affected sites with new windows in accordance with the scope of work below.

- Quantities of each window type are as shown in the Tables 11.2a to 11.2g. Note: Window dimensions shown in table below represent total width and height of the rough opening (RO) as gathered during the development of the audit. Ameresco shall confirm exact dimensions prior to ordering materials.

- Provide and install new, windows in rough openings in accordance with manufacturer's specifications and Miami-Dade building codes. Window products are to meet minimum specifications listed under section titled *Window Specifications*, below.
    - Windows to be installed, plumb and square
    - Apply interior and exterior Miami-Dade County approved sealant between the windows and structure
    - Remove labels or other foreign matter from frames and glazings and wipe clean all new windows with a window cleaning solution to provide a neat and finished appearance
- Work shall occur in occupied apartments during normal business hours

Window specifications:

- New windows shall comply with all applicable codes, including wind load and egress codes

- Windows shall meet structural strength requirements determined under the Miami-Dade Building Code ASCE 7-10 FBC 2010 Edition
  - Basic wind speed: 175 MPH
  - Risk Factor: II
  - Exposure Category: C

- Frame: Aluminum.
- Glazing: Low-E coating.
- Exceptions: Helen Sawyer ALF (regular non-impact double pane glass)

Exclusions

- Identification and abatement of lead paint, asbestos or other hazardous materials.
- Repairs to existing structural damage of existing window openings.
- Building code upgrades.
- Provisions and installation of automatic door openings systems is excluded.

"Page content is subject to Confidentiality Restrictions"

ECM 12: Convert Electric Dryers to Gas

Ameresco shall replace the existing electric dryers with gas-fired dryers at the sites shown on table 12.1. Other sites were also considered for new gas dryers, including Parkside I and II, Smathers Plaza, and Three Round Towers, but the cost to run gas to these central laundry facilities proved too costly. The new gas-fired dryers will have the same capacity as the existing dryers, but have a heat output the same or higher than the existing electric dryers, resulting in similar or shorter drying cycles.

As part of this measure, Ameresco shall pipe natural gas to the new dryers from the existing service and modify the electric circuits and receptacles as necessary in the laundry rooms as required for the reduced electric load. Ameresco will provide new vent pipes where existing vent pipes cannot be reused. Ameresco will reuse existing vent holes for dryers.

Ameresco has not included any appliance costs or vendor fees associated with replacing the existing electric dryers with gas dryers at any of the central laundry sites, as laundry equipment vendors are usually amenable to swapping the dryers at no cost. (However, some vendors require a revised or new lease be executed as condition of this swap-out.) Ameresco will provide the necessary support to MDPHCD to coordinate specification and installation of the new appliances.

The new gas dryers will provide the same or better clothes drying capacity at a reduced cost compared to the existing electric dryers. It is anticipated that tenants will be pleased by the drying effectiveness of the new gas dryers.

Scope of Work

Overview:
For each laundry room Ameresco shall perform all electrical and gas supply installation work necessary to allow for replacement of the existing electric dryers with new gas clothes dryers. Existing dryers shall be removed by others and new dryers shall be provided by others under the direction of MDPHCD who will lease the new dryers. Ameresco shall install additional piping as required to extend a gas supply line to the dryer locations and re-use existing electric circuits for the new dryers with modifications as required per code. Ameresco shall install new dryer venting as specified below.

Plumbing:
Provide and install natural gas supply piping from existing gas line to the new clothes dryers (provided by others) and to be positioned in the same location as the current electric dryers in existing laundry room.

Venting:
Provide new vents and reuse existing vent holes for dryers.

Electrical:
Use existing electrical circuits for new gas dryers with potential modifications as-required for reduced dryer electrical demands.

Table 12.1: Dryer Conversion Details

Development	Dryer Qty
Ward ALF	10
Palm Towers	3
Little River Plaza	2
Peter's Plaza	4
Wynwood Elderly	3
Abe Arronovitz	2

Exclusions:

- Ameresco does not expect to encounter hazardous materials while implementing this measure, however, any services required by the presence of hazardous materials are not included as part of this measure.
- Repair of existing deficiencies in pipe or mechanical equipment not to be replaced under this measure.
- Building code upgrades.

ECM 13: Upgrade Exterior Area Lighting

Ameresco shall retrofit apartment lighting systems in accordance with the Exterior Area Lighting Audit presented in Attachment 2.

The scope of work shall include removal of the existing equipment and installation of the new equipment in accordance with the above referenced lighting audits, proper disposal of all job site waste, including any hazardous waste, and job-site cleanup. Existing power wiring and controls shall be reused, unless otherwise noted in the lighting audit.

It is assumed that all existing wiring is in good condition and code compliant. This scope of work excludes any repair or replacement of deficient wiring.

"Page content is subject to Confidentiality Restrictions"

ECM 14: Install Lighting Controls

Ameresco shall install new lighting controls in accordance with the lighting audit presented in Attachment 2.

Project wide, Ameresco shall install 75 local lighting controls employing a variety of strategies, each of which is customized to the unique space. Ameresco selected appropriate areas that contain several controllable fixtures, which have intermittent occupancy, and where a safety hazard will not be created if the sensor inadvertently turns the lights off.

It is assumed that all existing wiring is in good condition and code compliant. This scope of work excludes any repair or replacement of deficient wiring.

APPENDIX E-1
CONTRACT COST, ANNUAL SERVICES & HOURLY RATES

(a) Miami-Dade County – Public Housing and Community Development agrees to pay to Ameresco, the amount equal to the Total Contract Cost, as indicated below, for the Scope of Work presented in Appendix B in accordance with the terms described in Section 11 of the Agreement. The Total Contract Cost is subject to change in accordance with the provisions of Section 11 of the Agreement.

CONTRACT COST: $18,594,069

(b) Annual Services Fee for Phase III Operations Services: In accordance with Section 6 of the Agreement, annual services provided as described during the Project Operation Phase shall be paid as an annual fee to Ameresco, in the following amounts:

Project Year	Annual Cost
1	$152,527
2	$157,103
3	$161,816
4	$166,670
5	$171,671
6	$176,821
7	$182,125
8	$187,589
9	$193,217
10	$199,013
11	$204,984
12	$211,133
13	$217,467
14	$223,991

YEAR 1 ANNUAL SERVICES FEE: $152,527 with 3% annual inflation adjustment.

E-2 CHANGE ORDER FORM

(Request & Agreement for change in Plans and/ or Specifications and/ or Contract)

Change Request No. _____

By PHA: _____ Date: _____

Department: _____ Title: _____

Project/Contract No. _____ Site Name/No. _____

I. REQUEST

Description of change: _____

_____

_____

_____

II. AMERESCO AGREEMENT

For all costs involved in this change including extensions of time herein requested, Ameresco proposes to perform the work described in accordance with the provisions of the subject Agreement and certifies that the attached cost data is accurate, complete and current, and mathematically correct.

Payment shall be made on the basis of:

( )	(a)	Predetermined lump sum total of	(add) (deduct)	$
( )	(b)	Lump sum "not-to-exceed" (Max. price based on contract or negotiated unit prices)	(add) (deduct)	$
( )	(c)	Time & Material Basis "not-to-exceed" (Computed in accordance with provisions of the Contract)	(add) (deduct)	$

Place an "X" beside selected proposal method and strike out either (add) or (deduct) whichever does not apply. If necessary, attach detailed estimates and breakdown for above in accordance with change order instruction. A claim for work performed under protest shall be submitted per (c) above.

An extension of contract time of _____ calendar days to _____ is requested.

APPENDIX F – 1
NOTICE OF SUBSTANTIAL COMPLETION

Ameresco hereby submits to the Miami-Dade County – Public Housing and Community Development Notice of Substantial Completion of the following listed portion of the Energy Conservation Measures (the "ECMs") described in Appendix B to the Energy Services Agreement (the "Agreement") between the PHA and Ameresco, as substantially complete and in good working condition, capable of operating in a manner consistent with the manufacturer's intended use.

Date: _____

ECMs (and/or Developments) Included in this Notice (listed below):

"Page content is subject to Confidentiality Restrictions"

APPENDIX F - 2
DELIVERY AND ACCEPTANCE CERTIFICATE

Miami-Dade County – Public Housing and Community Development hereby acknowledges receipt of that portion of the Energy Conservation Measures (the "ECMs") described in Appendix B to the Energy Services Agreement (the "Agreement") between the PHA and Ameresco and submitted by Ameresco in its Notice of Substantial Completion dated _____, and accepts such portion as complete and in good working condition after full inspection thereof.

Utility Savings Calculation Methodologies

Frozen Rolling Base - (FRB)

Master-metered electric, natural gas, and water consumption savings for select sites identified in Table G-1 will be determined utilizing the Frozen Rolling Base method, where usage savings will be measured at the meter. A sample calculation for the Frozen Rolling Base Method is presented in Appendix G-1. The frozen baselines may be weather or occupancy adjusted as necessary, or other adjustments may be provided, as defined in Sections 8 and 10 of the ESA. Appendix G-6 presents the utility accounts that will be monitored.

Add-On Operating Incentive - (AOS)

The PHA will apply for and receive an Additional Operating Subsidy for calculated master-metered electricity, gas and water savings for select sites identified in Table G.1. Appendix G-2 summarizes these savings by site and AMP, while Appendix G-5 presents the calculation methodologies.

Utility Allowance Savings - (UAS)

The PHA will apply for and receive an Incentive for the difference between present utility allowances for individually-metered, resident-paid utilities and the resultant utility allowances created by consumption savings for those utilities identified in Table G.1. Appendix G-3 presents a summary of the utility allowance savings by site, while Appendix G-5 presents the calculation methodologies.

Total Savings for Financing and Guarantee

The Total Savings for the performance contract equals the sum of the Add-On Operating Incentive, the Utility Allowance Savings and the savings generated by the Frozen Rolling Base method. In the case of the frozen base and the utility allowance savings, the consumption savings are valued at the greater of the then-current rates or the floor rates as presented in Appendix G-4, while the Add-On Operating Incentive calculated in Appendix G-2 will be valued at the floor rates presented in Appendix G-4.

For ease of display in this Appendix, Ameresco shows the savings verification methodology in the order in which the Options are listed in the International Performance Measurement and Verification Protocol (IPMVP), with Option A approach first and Option C second, even if the majority of savings are being monitored using Option C.

"Page content is subject to Confidentiality Restrictions"

$$Savings_{Total} = \left(\sum_{OptionC}^{Authority-Paid} Savings\ (Electric, Gas, Water) + \sum_{OptionA}^{Authority-Paid} Savings\ (Electric, Gas, Water) + \sum_{OptionA}^{Tenant-Paid} Savings(Electric, Gas, Water) \right)$$

"Page content is subject to Confidentiality Restrictions"

Appendix G-1: Frozen Rolling Base Savings Sample Calculation

APPENDIX G-1
FROZEN ROLLING BASE SAVINGS SAMPLE CALCULATION

MIAMI-DADE PUBLIC HOUSING AND COMMUNITY DEVELOPMENT

The sample savings calculations below are based on estimated post-retrofit use for all utilities that shall be monitored using the Frozen Rolling Base method.
See Appendix D for Frozen Rolling Base utilities by development.

Total								$4,891,009				$1,377,564	$6,268,573

NOTES:
1. Entries in bold print (frozen base) include only sites included in the frozen rolling base per Table G.1 and will remain constant through the contract term.
2. Entries in italics *(actual use and cost, adjustments)* will change annually.
3. Adjustments to the baseline may include weather, occupancy, or other reasonable adjustments, in accordance with the terms of the ESA.
4. The savings are valued at the higher of the then-current published retail utility rates or the Floor Rates presented in Appendix G-4.
   The Savings Rate shown above is a weighted average based on consumption savings, and therefore may differ from the actual delivered rate.
5. The savings for Contract Years 2-20 is based on the Year 1 subsidy, escalated annually for all savings categories and adjusted for Life Cycle Savings Reductions.
   The savings for ECMs 9 and 10 are fully reduced after the 12th year due to the life expectancy of the equipment.

Page content is subject to Confidentiality Restrictions

Formulae for Savings for Frozen Base Measures:

Water & Sewer Savings in CCFs = [Baseline Metered Water Use in CCFs] + [Baseline Water Adjustments (if any) in CCFs] – [Actual Metered Water Use in CCFs], not less than zero

Natural Gas Savings in Therms = [Baseline Metered Gas Use in Therms] + [Baseline Gas Adjustments (if any) in Therms] – [Actual Metered Gas Use in Therms], not less than zero

Electric Savings in kWh = [Baseline Metered Electric Use in kWh] + [Baseline Electric Adjustments (if any) in kWh] – [Actual Metered Electric Use in kWh], not less than zero

Input Values:

Actual metered water, natural gas and electric data, where the post-metered usage will refer to the utility account numbers listed in Appendix G-6.

Output Values:

The water and sewer, natural gas, and electric savings will be determined based on the comparison of pre- and post-metered usage, after the proper adjustments (if any) are made.

Inspections & Baseline/Savings Adjustments:

After the installation of each FRB ECM, then subsequently in years 6, 11, and 16 (every 5th year after post installation inspection) Ameresco will verify the operation (Operation Verification) of the equipment installed as part of each FRB ECM by visually inspecting a sample of units at the developments where the Option C - FRB M&V Approach is utilized to verify that the equipment is still installed and functioning as intended. These visual inspections will be taken for a randomly selected quantity of units as required to ensure an 80% confidence level and 10% precision level per AMP and the results of these inspections will be reported to PHA. In addition to the required 5th year inspections, Ameresco will perform annual visual inspections on a smaller sample group to ensure the ECMs are still functioning according to specification.

For each year of the contract term, Ameresco will compile and review utility billing to verify differences between baseline consumption and actual consumption. Results of this analysis will be reported to PHA annually.

Baseline adjustments may include the addition of new water or energy consuming equipment, installation of new or recalibration of existing utility meters, changes in occupancy, or other material changes to the Facilities as defined in Appendix G-5.15

Page content is subject to Confidentiality Restrictions

Baseline Adjustments and or in Sections 8 and 10 of the ESA. In addition, energy consumption data associated with heating or cooling will be normalized for actual (then-current) weather conditions, with minimum (floor) values per the Baseline.

Appendix G-2: Add-on Incentive Savings

APPENDIX G-2
ADD-ON SUBSIDY SAVINGS SUMMARY

MIAMI-DADE PUBLIC HOUSING AND COMMUNITY DEVELOPMENT

NOTES:

1. Pre-retrofit Baseline Use by development is presented in Appendix D.
2. Stipulated savings shall be consumption-based and equal to the computed savings presented in Appendix G-5.
3. The Savings Rates applied to consumption savings are valued at the floor rates in effect during each year of project repayment per Appendix G-4.
4. The savings in years 2-20 will be based on the year 1 savings, escalated at 3% annually.

GRAND TOTAL ADD-ON OPERATING SUBSIDY - YEAR 1	$ 64,990

APPENDIX G-2
ADD-ON SUBSIDY SAVINGS SUMMARY

MIAMI-DADE PUBLIC HOUSING AND COMMUNITY DEVELOPMENT

NOTES:

1. The Add-on Operating Subsidy by AMP for Contract Year 1 is based on the calculated savings presented in Tables G-2.1-G-2.4. The operating subsidy for Contract Years 2-20 is based on the Year 1 subsidy, escalated at 3% annually for all savings categories and adjusted for Life Cycle Savings Reductions.

Table G-2.4. Annual Add-on Operating Subsidy, by AMP

The savings for ECMs 9 and 10 are fully reduced after the 12th year due to the life expectancy of the equipment.

Appendix G-3: Tenant Utility Allowance Savings

APPENDIX G-3
UTILITY ALLOWANCE SAVINGS SUMMARY

MIAMI-DADE PUBLIC HOUSING AND COMMUNITY DEVELOPMENT

NOTES:

1. Pre-retrofit Baseline Use by development is presented in Appendix D.
2. Calculated savings shall be consumption-based and equal to the computed savings presented in Appendix G-5.
3. The Savings Rates applied to the consumption savings shall be valued at the greater of the then-current published retail utility rates or the Floor Rates shown in Table G.4.4.
4. Electric savings from Electric Instantaneous Water Heaters shall be fully discounted after the 12th year of project repayment, to account for the expected 12-year useful life of the measure.

Table G-3.1. Annual Electric (kWh) Allowances Savings Summary

	AMP #	Baseline Use	ECM 1: Install Efficient Fixtures	ECM 2: Install Low-Flow Showerheads & Faucet Aerators	ECM 3: Upgrade Apartment Lighting	ECM 5: Install Electric Instantaneous Water Heaters	Total Savings (kWh)	Savings Rate ($ per kWh)	Simple Year 1 $ Savings ($ per kWh)	Savings as Percent of Baseline

GRAND TOTAL UTILITY ALLOWANCE SAVINGS - ESTIMATED YEAR 1	$ 707,349

Appendix G-4: Floor Savings Rates

APPENDIX G-4
FLOOR SAVINGS RATES

MIAMI-DADE PUBLIC HOUSING AND COMMUNITY DEVELOPMENT

NOTES:

1. Initial Year Electric Savings Rates are based on actual 2013 retail utility rates and represent an average of the various rates applicable to each site (kW & kWh), weighted proportionally by savings under each rate category.
2. Initial Year Natural Gas Savings Rates are based on actual 2013 retail utility rates and represent an average of the various rates applicable to each site, weighted proportionally by savings under each rate category.
3. Initial Year Water & Sewer Savings Rates are based on actual 2013 retail utility rates and represent an average of the various rates applicable to each site, weighted proportionally by savings under each rate category.
4. For Frozen Rolling Base savings and savings against tenant allowances, the Savings Rates applied shall be valued at the greater of the then-current published retail utility rates or the Floor Rates listed below.
5. For savings determined using the Add-on Subsidy method, the Savings Rates applied shall be valued at the Floor Rates listed below.

G-5.1 Install HET Toilets (ECM-1)

IPMVP Methodologies Employed: Option A and Option C

For the majority of the anticipated water savings for this project (93%), Option C, measurement at the metered utility consumption, will be the methodology utilized for the savings verification. Option C methodology will apply to the master-metered water and sewer savings for ECM-1 included as part of the Frozen Rolling Base (FRB) Savings Incentive for the PHA developments listed in Table G-5A in accordance with Appendix G-1.

Option A methodology will apply to the master-metered water and sewer savings for ECM-1 included as part of the Add-On Savings (AOS) for the PHA developments listed in Table G-5A in accordance with Appendix G-2. Option A methodology will also apply to the tenant-paid water and sewer savings for ECM-1 included as part of the Utility Allowance Savings (UAS) for the PHA developments listed in Table G-5B in accordance with Appendix G-3. Please see Appendix G-7 for the calculated W&S tenant utility allowance adjustments that will result from this ECM.

A) ECM-1 - Install HET Toilets Option A – Additional Operating Subsidy (AOS) M&V Approach

Approach Summary:

ECM-1 AOS Savings are included in Appendix G-2.

Table G-5.1.A: ECM-1 Option A - AOS M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option A	Water & Sewer AOS	Before (Baseline)	**Performance Parameter** – Toilet Fixture Gallons/Flush from Energy Audit	Random sampling of each AMP's units selected using 80/10 confidence/precision level
		Immediately After Installation (Post)	(Same as Baseline)	
		Annually	**Operation Verification** – Visual Inspection of Installed Equipment	
		Every 5th Year	**Performance Parameter** – Toilet Fixture Gallons/Flush Measurements	

Formulae for Savings:

Toilet Water and Sewer Savings in CCFs Per Development = {[Baseline Toilet and/or Urinal Flow Rate in Gallons/Flush] x [Number of Uses Per Day Per Occupant] x [Number of Occupants] x [Days Per Year]} - {[Post Toilet or Urinal Flow Rate in

"Page content is subject to Confidentiality Restrictions"

Gallons/Flush] x [Number of Uses Per Day Per Occupant] x [Number of Occupants] x [Days Per Year]} ÷ [748 Gallons/CCF] + [Leak Volume in CCF]

Input Values:

The existing and proposed fixture flow rates, number of uses and occupancy rates are specified in Table G.5.1.B and will be held fixed throughout the contract term, except as noted in the following Inspections & Baseline/Savings Adjustments Section.

Output Values:

The water and sewer AOS Savings will be in accordance with Table G.5.1.B, and held fixed throughout the contract term, unless otherwise adjusted as noted in the following Inspections & Baseline/Savings Adjustments Section.

Inspections & Baseline/Savings Adjustments:

Baseline flow measurements were taken during the energy audit and are the basis for the values in Table G.5.1.B.

For each year of the contract term, Ameresco will verify the operation (Operation Verification) of the equipment installed as part of ECM-1 by visually inspecting a sample of units at the developments where the Option A - AOS M&V Approach is utilized to verify if the equipment is still installed and functioning as intended. These visual inspections will be taken for a randomly selected quantity of units as required to ensure an 80% confidence level and 10% precision level per AMP and the results of these inspections will be reported to the PHA annually.

Additionally, after the installation of ECM-1 and subsequently in years 6, 11, and 16 (every 5th year after post installation inspection) Ameresco will verify the Performance Parameter. For ECM-1 the Performance Parameters that will be measured will be toilet flow rates. These measurements will be taken for a randomly selected quantity of units as required to ensure an 80% confidence level and 10% precision level per AMP where the Option A - AOS M&V Approach is utilized. If the average variance between the measured Performance Parameter and the rated values presented in Table G.5.1.B is greater than 10%, then the PHA will first adjust and/or repair as necessary the equipment to achieve a less than 10% average variance between measured and rated values. If, after such actions have been taken, the measured values still vary in excess of 10% from the rated values, then the savings estimates will be revised to reflect the average of the final measured values.

"Page content is subject to Confidentiality Restrictions"

In addition to the baseline/savings adjustments noted in this section, all applicable baseline adjustments noted in Section G-5.15 Baseline Adjustments and/or Sections 8 and 10 of the ESA will apply to the ECM-1 Option A - AOS M&V Approach.

Table G-5.1.B: Install HET Toilets (ECM-1) - AOS Savings Calculations

TABLE G.5.1B SAVINGS CALCULATIONS-TOILET REPLACEMENT

NOTES:

1. Water savings associated with toilet replacements are stipulated throughout the contract term at the sites listed below, unless otherwise adjusted per the M&V protocol.
2. Existing toilet flush volume in gallons-per-flush (GPF) is based on an average of the rated toilet flush volumes at each development, based on a 10% apartment sampling.
3. The number of flushes per day per person figures are based on an end-use analysis, factoring in toilet, laundry, and other water end-uses.

			Existing				Proposed		
Toilet Consumption	# of Occupants	Days/Year	Average Toilet Usage (gpf)	Estimated Flushes / Person / Day	Leak Factor Adjustment	Annual Water Use Attributable to Toilets (CCF)	New Toilet Consumption (gpf)	Annual Water Use attributable to Toilets (CCF)	Estimated Toilet Savings (CCF)

B) ECM-1 - Install HET Toilets Option A – Utility Allowance Savings (UAS) M&V Approach

Approach Summary:

ECM-1 UAS Savings are included in Appendix G-3.

Table G-5.1.C: ECM-1 Option A - UAS M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option A	Water & Sewer UAS	Before (Baseline)	**Performance Parameter** – Toilet Fixture Gallons/Flush from Energy Audit	Random sampling of each AMP's units selected using 80/10 confidence/precision level
		Immediately After Installation (Post)	(Same as Baseline)	
		Annually	**Operation Verification** – Visual Inspection of Installed Equipment	
		Every 5th Year	**Performance Parameter** – Toilet Fixture Gallons/Flush Measurements	

Formulae for Savings:

Toilet Water and Sewer Savings in CCFs Per Development = {[Baseline Toilet and/or Urinal Flow Rate in Gallons/Flush] x [Number of Uses Per Day Per Occupant] x [Number of Occupants] x [Days Per Year]} - {[Post Toilet or Urinal Flow Rate in Gallons/Flush] x [Number of Uses Per Day Per Occupant] x [Number of Occupants] x [Days Per Year]} ÷ [748 Gallons/CCF] + [Leak Volume in CCF]

Input Values:

The existing and proposed fixture flow rates, number of uses and occupancy rates are specified in Table G.5.1.D and will be held fixed throughout the contract term, except as noted in the following Inspections & Baseline/Savings Adjustments Section.

Output Values:

The water and sewer UAS Savings will be in accordance with Table G.5.1.D, and held fixed throughout the contract term, unless otherwise adjusted as noted in the following Inspections & Baseline/Savings Adjustments Section.

Inspections & Baseline/Savings Adjustments:

Baseline flow measurements were taken during the energy audit and are the basis for the values in Table G.5.1.D.

For each year of the contract term Ameresco will verify the operation (Operation Verification) of the equipment installed as part of ECM-1 by visually inspecting a sample of units at the developments where the Option A - UAS M&V Approach is utilized to verify if the equipment is still installed and functioning as intended. These visual inspections will be taken for a randomly selected quantity of units as required to ensure an 80% confidence level and 10% precision level per AMP and the results of these inspections will be reported to the PHA annually.

Additionally, after the installation of ECM-1 and subsequently in years 6, 11, and 16 (every 5th year after post installation inspection) Ameresco will verify the Performance Parameter. For ECM-1 the Performance Parameters that will be measured will be toilet flow rates. These measurements will be taken for a randomly selected quantity of units as required to ensure an 80% confidence level and 10% precision level per AMP where the Option A - UAS M&V Approach is utilized. If the average variance between the measured Performance Parameter and the rated values presented in Table G.5.1.D is greater than 10%, then the PHA will first adjust and/or repair as necessary the equipment to achieve a less than 10% average variance between measured and rated values. If, after such actions have been taken, the measured values still vary in excess of 10% from the rated values, then the savings estimates will be revised to reflect the average of the final measured values.

In addition to the baseline/savings adjustments noted in this section, all applicable baseline adjustments noted in Section G-5.15 Baseline Adjustments and/or Sections 8 and 10 of the ESA will apply to the ECM-1 Option A - UAS M&V Approach.

G-5.2 Install Low-Flow Showerheads & Faucet Aerators (ECM-2)

IPMVP Methodologies Employed: Option A and Option C

Option A methodology will apply to the master-metered electric, natural gas and water and sewer savings for ECM-2 included as part of the Add-On Savings (AOS) for the PHA developments listed in Table G-5A in accordance with Appendix G-2. Option A methodology will also apply to the tenant-paid electric, natural gas and water and sewer savings for ECM-2 included as part of the Utility Allowance Savings (UAS) for the PHA developments listed in Table G-5B in accordance with Appendix G-3. Please see Appendix G-7 for the calculated electric, natural gas, and water and sewer tenant utility allowance adjustments that will result from this ECM.

Option C methodology will apply to the master-metered electric, natural gas and water and sewer savings for ECM-2 included as part of the Frozen Rolling Base (FRB) Savings Incentive for the PHA developments listed in Table G-5A in accordance with Appendix G-1.

A) ECM-2 - Install Low-Flow Showerheads & Faucet Aerators Option A – Additional Operating Subsidy (AOS) M&V Approach

Approach Summary:

ECM-2 AOS Savings are included in Appendix G-2.

Table G-5.2.A: ECM-2 Option A - AOS M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option A	Natural Gas Electric Water & Sewer AOS	Before (Baseline)	**Performance Parameter** – Shower & Sink Fixture Gallons/Minute from Energy Audit	Random sampling of each AMP's units selected using 80/10 confidence/precision level
		Immediately After Installation (Post)	(Same as Baseline)	
		Annually	**Operation Verification** – Visual Inspection of Installed Equipment	
		Every 5th Year	**Performance Parameter** – Shower & Sink Fixture Gallons/Minute Measurements	

Formulae for Savings:

Showerhead & Aerator Water and Sewer Savings in CCFs = {[Baseline Showerhead or Faucet Flow Rate in Gallons/Minute] x [Total Minutes of Use Per Day] x [Days Per Year]} - {[Post Showerhead or Faucet Flow Rate in Gallons/Flush] x [Total Minutes of Use Per Day] x [Days Per Year]} ÷ [748 Gallons/CCF]

"Page content is subject to Confidentiality Restrictions"

Domestic Hot Water Energy Savings in kWh = [*Showerhead & Aerator Water and Sewer Savings in CCF*] x [748 Gallons/CCF] x [8.33 lb/Gallon] x [1 Btu/lb °F] x [Temperature Rise of Water] ÷ [DHW % Efficiency] ÷ 3,413 btu/kWh

Domestic Hot Water Energy Savings in Therms = [*Showerhead & Aerator Water and Sewer Savings in CCF*] x [748 Gallons/CCF] x [8.33 lb/Gallon] x [1 Btu/lb °F] x [Temperature Rise of Water] ÷ [DHW % Efficiency] ÷ 100,000 btu/therm

Input Values:

The existing and proposed fixture flow rates, time of operation/number of uses, water heating efficiency, and average water temperature rise are specified in Table G.5.2.B and will be held fixed throughout the contract term, except as noted in the following Inspections & Baseline/Savings Adjustments Section.

Output Values:

The electric, natural gas and water and sewer AOS Savings will be in accordance with Table G.5.2.B, and held fixed throughout the contract term, unless otherwise adjusted as noted in the following Inspections & Baseline/Savings Adjustments Section.

Inspections & Baseline/Savings Adjustments:

Baseline flow measurements were taken during the energy audit and are the basis for the values in Table G.5.2.B.

For each year of the contract term Ameresco will verify the operation (Operation Verification) of the equipment installed as part of ECM-2 by visually inspecting a sample of units at the developments where the Option A - AOS M&V Approach is utilized to verify if the equipment is still installed and functioning as intended. These visual inspections will be taken for a randomly selected quantity of units as required to ensure an 80% confidence level and 10% precision level per AMP and the results of these inspections will be reported to the PHA annually.

Additionally, after the installation of ECM-2 and subsequently in years 6, 11, and 16 (every 5th year after post installation inspection), Ameresco will verify the Performance Parameter. For ECM-2 the Performance Parameters that will be measured will be showerhead and aerator flow rates. These measurements will be taken for a randomly selected quantity of units as required to ensure an 80% confidence level and 10% precision level per AMP where the Option A - AOS M&V Approach is utilized. If the average variance between the measured Performance Parameter and the rated value presented in Table G.5.2.B is greater than 10%, then the PHA will first adjust and/or

"Page content is subject to Confidentiality Restrictions"

repair as necessary the equipment to achieve a less than 10% average variance between measured and rated values. If, after such actions have been taken, the measured values still vary in excess of 10% from the rated values, then the savings estimates will be revised to reflect the average of the final measured values.

In addition to the baseline/savings adjustments noted in this section, all applicable baseline adjustments noted in Section G-5.15 Baseline Adjustments and/or Sections 8 and 10 of the ESA will apply to the ECM-2 Option A - AOS M&V Approach.

"Page content is subject to Confidentiality Restrictions"

Table G-5.2.B: Install Low-Flow Showerheads & Faucet Aerators (ECM-2) - AOS Savings Calculations

Notes:

1. Thermal savings associated with aerators and showerheads at the sites listed below will be held constant throughout the contract term, unless otherwise adjusted per the M&V protocol.
2. Average existing faucet and showerhead flow rates in gallons-per-minute (GPM) is based on a tested sample of fixtures in 10% of the apartments at each development.
3. Minutes of use per day per person figures based on an end-use analysis, factoring in toilet, laundry, and other water end-uses.
4. Water heater system efficiency is typical efficiency based on observed site conditions.

B) ECM-2 - Install Low-Flow Showerheads & Faucet Aerators Option A – Utility Allowance Savings (UAS) M&V Approach

Approach Summary:

ECM-2 UAS Savings are included in Appendix G-3.

Table G-5.2.C: ECM-2 Option A - UAS M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option A	Natural Gas Electric Water & Sewer UAS	Before (Baseline)	**Performance Parameter** – Shower & Sink Fixture Gallons/Minute from Energy Audit	Random sampling of each AMP's units selected using 80/10 confidence/precision level
		Immediately After Installation (Post)	(Same as Baseline)	
		Annually	**Operation Verification** – Visual Inspection of Installed Equipment	
		Every 5th Year	**Performance Parameter** – Shower & Sink Fixture Gallons/Minute Measurements	

Formulae for Savings:

Showerhead & Aerator Water and Sewer Savings in CCFs = {[Baseline Showerhead or Faucet Flow Rate in Gallons/Minute] x [Total Minutes of Use Per Day] x [Days Per Year]} - {[Post Showerhead or Faucet Flow Rate in Gallons/Flush] x [Total Minutes of Use Per Day] x [Days Per Year]} ÷ [748 Gallons/CCF]

Domestic Hot Water Energy Savings in kWh = [*Showerhead & Aerator Water and Sewer Savings in CCF*] x [748 Gallons/CCF] x [8.33 lb/Gallon] x [1 Btu/lb °F] x [Temperature Rise of Water] ÷ [DHW % Efficiency] ÷ 3,413 btu/kWh

Domestic Hot Water Energy Savings in Therms = [*Showerhead & Aerator Water and Sewer Savings in CCF*] x [748 Gallons/CCF] x [8.33 lb/Gallon] x [1 Btu/lb °F] x [Temperature Rise of Water] ÷ [DHW % Efficiency] ÷ 100,000 btu/therm

Input Values:

The existing and proposed fixture flow rates, time of operation/number of uses, water heating efficiency, and average water temperature rise are specified in Table G.5.2.D and will be held fixed throughout the contract term, except as noted in the following Inspections & Baseline/Savings Adjustments Section.

Output Values:

The electric, natural gas and water and sewer UAS Savings will be in accordance with Table G.5.2.D, and held fixed throughout the contract term, unless otherwise adjusted as noted in the following Inspections & Baseline/Savings Adjustments Section.

Inspections & Baseline/Savings Adjustments:

Baseline flow measurements were taken during the energy audit and are the basis for the values in Table G.5.2.D.

For each year of the contract term Ameresco will verify the operation (Operation Verification) of the equipment installed as part of ECM-2 by visually inspecting a sample of units at the developments where the Option A - UAS M&V Approach is utilized to verify if the equipment is still installed and functioning as intended. These visual inspections will be taken for a randomly selected quantity of units as required to ensure an 80% confidence level and 10% precision level per AMP and the results of these inspections will be reported to the PHA annually.

Additionally, after the installation of ECM-2 and subsequently in years 6, 11, and 16 (every 5th year after post installation inspection), Ameresco will verify the Performance Parameter. For ECM-2 the Performance Parameters that will be measured will be showerhead and aerator flow rates. These measurements will be taken for a randomly selected quantity of units as required to ensure an 80% confidence level and 10% precision level per AMP where the Option A - UAS M&V Approach is utilized. If the average variance between the measured Performance Parameter and the rated value presented in Table G.5.2.D is greater than 10%, then the PHA will first adjust and/or repair as necessary the equipment to achieve a less than 10% average variance between measured and rated values. If, after such actions have been taken, the measured values still vary in excess of 10% from the rated values, then the savings estimates will be revised to reflect the average of the final measured values.

In addition to the baseline/savings adjustments noted in this section, all applicable baseline adjustments noted in Section G-5.15 Baseline Adjustments and/or Sections 8 and 10 of the ESA will apply to the ECM-2 Option A - UAS M&V Approach.

Table G-5.2.D: Install Low-Flow Showerheads & Faucet Aerators (ECM-2) - UAS Savings Calculations

Notes:

1. Thermal savings associated with aerators and showerheads at the sites listed below will be held constant throughout the contract term, unless otherwise adjusted per the M&V protocol.
2. Average existing faucet and showerhead flow rates in gallons-per-minute (GPM) is based on a tested sample of fixtures in 10% of the apartments at each development.
3. Minutes of use per day per person figures based on an end-use analysis, factoring in toilet, laundry, and other water end-uses.
4. Water heater system efficiency is typical efficiency based on observed site conditions.

Site Name/Number	# Occupants	Days Occupied	Avg. Occupancy	Min. Occupancy	Water Heater Efficiency	Water Heater Recovery (GPH)	Existing Showerhead Flow (GPM)	Existing Showerhead Duration (Min/Day)	Existing Showerhead Usage (Gal/Day)	Existing Showerhead Usage (Gal/Year)	Existing Faucet Usage (Gal/Day)	Existing Faucet Usage (Gal/Year)	Savings (Therms)

C) ECM-2 - Install Low-Flow Showerheads & Faucet Aerators Option C – Frozen Rolling Base (FRB) M&V Approach

Approach Summary:

ECM-2 FRB Savings are included in Appendix G-1.

Table G-5.2.E: ECM-2 Option C FRB M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option C	Natural Gas Electric Water & Sewer FRB	Monthly	**Utility Bill Analysis**	All applicable utility bills
		Every 5th Year	**Operation Verification** – Visual Inspection of Installed Equipment	Random sampling of each AMP's units selected using 80/10 confidence/precision level

The baseline and proposed water savings calculations were based on the current occupancy as specified in Table G.5.1.F. Refer to Appendix G-1 for utility bill analysis and visual inspection procedures.

G-5.3 Install Front-Loading Washers (ECM-3)

IPMVP Methodologies Employed: Option A and Option C

Option A methodology will apply to the master-metered electric, natural gas and water and sewer savings for ECM-3 included as part of the Additional Operating Savings (AOS) for the PHA developments listed in Table G-5A in accordance with Appendix G-2.

Option C methodology will apply to the master-metered electric, natural gas and water and sewer savings for ECM-3 included as part of the Frozen Rolling Base (FRB) Savings Incentive for the PHA developments listed in Table G-5A in accordance with Appendix G-1.

A) ECM-3 - Install Front-Loading Washers Option A – Additional Operating Subsidy (AOS) M&V Approach

Approach Summary:

ECM-3 AOS Savings are included in Appendix G-2.

Table G-5.3.A: ECM-3 Option A - AOS M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option A	Electric Natural Gas Water & Sewer AOS	Before (Baseline)	**Performance Parameter** – Gallons per load from manufacturer (calculated)	All New Washers
		Immediately After Installation (Post)	(Same as Baseline)	
		Annually	**Operation Verification** – Visual Inspection of Installed Equipment	
		Every 5th Year	**Performance Parameter** – Gallons per load from manufacturer (calculated)	

Formulae for Savings:

Laundry Water and Sewer Savings in CCFs = {[Baseline Washer Water Use in Gallons/Load] x [Total Number of Loads Per Year]} - {[Post Washer Water Use in Gallons/Load] x [Total Number of Loads Per Year]} ÷ [748 Gallons/CCF]

Domestic Hot Water Energy Savings in Therms = [*Laundry Water and Sewer Savings in CCF*] x [748 Gallons/CCF] x [8.33 lb/Gallon] x [1 Btu/lb °F] x [Temperature Rise of Water] ÷ [DHW % Efficiency] ÷ 100,000 btu/therm

"Page content is subject to Confidentiality Restrictions"

Input Values:

The existing and proposed washer gallons per load, number of loads, water heating efficiency, and average water temperature rise are specified in Table G.5.3.B and will be held fixed throughout the contract term, except as noted in the following Inspections & Baseline/Savings Adjustments Section.

Output Values:

The electric, natural gas and water and sewer AOS Savings will be in accordance with Table G.5.3.B, and held fixed throughout the contract term, unless otherwise adjusted as noted in the following Inspections & Baseline/Savings Adjustments Section.

Inspections & Baseline/Savings Adjustments:

Due to the difficulty and expense associated with measuring the Performance Parameter for this ECM, the gallons per load from the manufacturer will be agreed upon and held constant for the term of the contract. For each year of the contract term Ameresco will verify the operation (Operation Verification) of the equipment installed as part of ECM-3 by visually inspecting all washers installed under this project at the developments where the Option A - AOS M&V Approach is utilized to verify if the equipment is still installed and functioning as intended. The results of these inspections will be reported to PHA annually.

In addition to the baseline/savings adjustments noted in this section, all applicable baseline adjustments noted in Section G-5.15 Baseline Adjustments and/or Sections 8 and 10 of the ESA will apply to the ECM-3 Option A - AOS M&V Approach.

"Page content is subject to Confidentiality Restrictions"

Table G-5.3.B: Install Front-Loading Washers (ECM-3) - AOS Savings Calculations

Notes:

1. Thermal savings associated with front-loading washers at the sites listed below will be held constant throughout the contract term, unless otherwise adjusted per the M&V protocol.
2. Average existing top-loading washer flow rates in gallons-per-load (GPM) is based on nameplate data for existing equipment.
3. Loads per person per week figures based on an end-use analysis, factoring in toilet, laundry, and other water end-uses.
4. Water heater system efficiency is typical efficiency based on observed site conditions.

			Existing				Proposed				Savings		
Site Name	Site Occupancy	Days per Year	Laundry Loads per Person per Week	Water Use per Load (GPM)	Water Heater Thermal Efficiency	Annual Water Use (gallons per year)	New Laundry Loads per Person per Week	Annual Water Use (gallons per year)	Estimated Water Heater Thermal Efficiency	Thermal Savings (therms per year)	Add On Gas Savings (therms)	Water Savings (gallons per year)	Electric Water Heater Savings (kWh)

B) ECM-3 - Install Front-Loading Washers Option C – Frozen Rolling Base (FRB) M&V Approach

Approach Summary:

ECM-3 FRB Savings are included in the total FRB Savings provided in Appendix G-1.

Table G-5.3.C: ECM-3 Option C FRB M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option C	W&S FRB	Monthly	**Utility Bill Analysis**	All applicable utility bills
		Every 5th Year	**Operation Verification** – Visual Inspection of Installed Equipment	All New Washers

Refer to Appendix G-1 for utility bill analysis and visual inspection procedures.

G-5.4 Upgrade Common Area Lighting (ECM-4)

IPMVP Methodology Employed: Option A and Option C

Option A methodology will apply to the master-metered electric savings for ECM-4 included as part of the Additional Operating Subsidy (AOS) Savings for the PHA developments listed in Table G-5A in accordance with Appendix G-2.

Option C methodology will apply to the master-metered electric savings for ECM-4 included as part of the Frozen Rolling Base (FRB) Savings Incentive for the PHA developments listed in Table G-5A in accordance with Appendix G-1.

A) ECM-4 - Upgrade Common Area Lighting Option A – Additional Operating Subsidy (AOS) M&V Approach

Approach Summary:

ECM-4 AOS Savings are included in Appendix G-2.

Table G-5.4.A: ECM-4 Option A - AOS M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option A	Electric AOS	Before (Baseline)	**Performance Parameter** – Lighting Fixture Wattage Measurements	Random sampling of each development's fixture types selected using 80/10 confidence/precision level
		Immediately After Installation (Post)	(Same as Baseline)	
		Annually	**Operation Verification** – Visual Inspection of Installed Equipment	
		Every 5th Year	**Performance Parameter** – Lighting Fixture Wattage Measurements	

Formulae for Savings:

Electric Energy Savings in kWh = {[Existing Fixture Watts] x [Quantity of Existing Fixtures] – [Proposed Fixture Watts] x [Quantity of Proposed Fixtures]} x [Hours of Operation] ÷ 1,000

Refer to Attachment 2 of the ESA for the detailed AOS savings calculations for the Upgrade Common Area Lighting ECM.

"Page content is subject to Confidentiality Restrictions"

Input Values:

The existing and proposed fixture quantities, wattages, and hours of operation are specified in the detailed lighting audit included in Attachment 2 of the ESA and will be held fixed throughout the contract term, except as noted in the following Inspections & Baseline/Savings Adjustments Section.

Output Values:

The electric savings will be in accordance with Attachment 2 of the ESA and held fixed throughout the contract term, unless otherwise adjusted as noted in the following Inspections & Baseline/Savings Adjustments Section.

Inspections & Baseline/Savings Adjustments:

For each year of the contract term Ameresco will verify the operation (Operation Verification) of the equipment installed as part of ECM-4 by visually inspecting a sample of fixture types at the developments where the Option A - AOS M&V Approach is utilized to verify if the equipment is still installed and functioning as intended. These visual inspections will be taken for a randomly selected quantity of fixture types as required to ensure an 80% confidence level and 10% precision level per AMP and the results of these inspections will be reported to the PHA annually.

Additionally, after the installation of ECM-4 and subsequently in years 6, 11, and 16 (every 5th year after post installation inspection), Ameresco will verify the Performance Parameter. For ECM-4 the Performance Parameter that will be measured will be fixture wattages. These measurements will be taken for a randomly selected quantity of fixture types as required to ensure an 80% confidence level and 10% precision level per development where the Option A - AOS M&V Approach is utilized. If the average variance between the measured Performance Parameter and the rated values presented in Attachment 2 of the ESA is greater than 10%, then the PHA will first adjust and/or repair as necessary the equipment to achieve a less than 10% average variance between measured and rated values. If, after such actions have been taken, the measured values still vary in excess of 10% from the rated values, then the savings estimates will be revised to reflect the average of the final measured values.

In addition to the baseline/savings adjustments noted in this section, all applicable baseline adjustments noted in Section G-5.15 Baseline Adjustments and/or Sections 8 and 10 of the ESA will apply to the ECM-4 Option A - AOS M&V Approach.

"Page content is subject to Confidentiality Restrictions"

B) ECM-4 - Upgrade Common Area Lighting Option C - FRB M&V Approach

Approach Summary:

ECM-4 FRB Savings are included in Appendix G-1.

Table G-5.4.B: ECM-4 Option C FRB M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option C	Electric FRB	Monthly	**Utility Bill Analysis**	All applicable utility bills
		Every 5th Year	**Operation Verification** – Visual Inspection of Installed Equipment	Random sampling of each developments fixture types selected using 80/10 confidence/precision level

Refer to Appendix G-1 for utility bill analysis and visual inspection procedures.

"Page content is subject to Confidentiality Restrictions"

G-5.5 Upgrade Apartment Lighting (ECM-5)

IPMVP Methodology Employed: Option A and Option C

Option A methodology will apply to the master-metered electric savings for ECM-5 included as part of the AOS Savings for the PHA developments listed in Table G-5A in accordance with Appendix G-2. Option A methodology will also apply to the tenant-paid electric savings for ECM-5 included as part of the Utility Allowance Savings (UAS) for the PHA developments listed in Table G-5B in accordance with Appendix G-3. Please see Appendix G-7 for the calculated electric tenant utility allowance adjustments that will result from this ECM.

Option C methodology will apply to the master-metered electric savings for ECM-5 included as part of the Frozen Rolling Base (FRB) Savings Incentive for the PHA developments listed in Table G-5A in accordance with Appendix G-1.

A) ECM-5 - Upgrade Apartment Lighting Option A - AOS M&V Approach

Approach Summary:

ECM-5 AOS Savings are included in Appendix G-2.

Table G-5.5.A: ECM-5 Option A - AOS M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option A	Electric AOS	Before (Baseline)	**Performance Parameter** – Lighting Fixture Wattage Measurements	Random sampling of each AMP's units selected using 80/10 confidence/precision level
		Immediately After Installation (Post)	(Same as Baseline)	
		Annually	**Operation Verification** – Visual Inspection of Installed Equipment	
		Every 5th Year	**Performance Parameter** – Lighting Fixture Wattage Measurements	

Formulae for Savings:

Electric Energy Savings in kWh = {[Existing Fixture Watts] x [Quantity of Existing Fixtures] – [Proposed Fixture Watts] x [Quantity of Proposed Fixtures]} x [Hours of Operation] ÷ [1,000 Watt / kW]

"Page content is subject to Confidentiality Restrictions"

Refer to Attachment 2 of the ESA for the detailed AOS savings calculations for the Upgrade Apartment Lighting ECM.

Input Values:

The existing and proposed fixture quantities, wattages, and hours of operation are specified in the detailed lighting audit included in Attachment 2 of the ESA and will be held fixed throughout the contract term, except as noted in the following Inspections & Baseline/Savings Adjustments Section.

Output Values:

The electric savings will be in accordance with Attachment 2 of the ESA and held fixed throughout the contract term, unless otherwise adjusted as noted in the following Inspections & Baseline/Savings Adjustments Section.

Inspections & Baseline/Savings Adjustments:

For each year of the contract term, Ameresco will verify the operation (Operation Verification) of the equipment installed as part of ECM-5 by visually inspecting a sample of units at the developments where the Option A - AOS M&V Approach is utilized to verify if the equipment is still installed and functioning as intended. These visual inspections will be taken for a randomly selected quantity of units as required to ensure an 80% confidence level and 10% precision level per AMP and the results of these inspections will be reported to the PHA annually.

Before and after the installation of ECM-5, then subsequently in years 6, 11, and 16 (every 5th year after post installation inspection) Ameresco will verify the Performance Parameter. For ECM-5 the Performance Parameter that will be measured will be fixture wattages. These measurements will be taken for a randomly selected quantity of units as required to ensure an 80% confidence level and 10% precision level per AMP where the Option A - AOS M&V Approach is utilized. If the average variance between the measured Performance Parameter and the rated values presented in Attachment 2 of the ESA is greater than 10%, then the PHA will first adjust and/or repair as necessary the equipment to achieve a less than 10% average variance between measured and rated values. If, after such actions have been taken, the measured values still vary in excess of 10% from the rated values, then the savings estimates will be revised to reflect the average of the final measured values.

In addition to the baseline/savings adjustments noted in this section, all applicable baseline adjustments noted in Section G-5.15 Baseline Adjustments and/or Sections 8 and 10 of the ESA will apply to the ECM-5 Option A - AOS M&V Approach.

"Page content is subject to Confidentiality Restrictions"

B) ECM-5 - Upgrade Apartment Lighting Option A – Utility Allowance Savings (UAS) M&V Approach

Approach Summary:

ECM-5 UAS Savings are included in Appendix G-3.

Table G-5.5.B: ECM-5 Option A - UAS M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option A	Electric UAS	Before (Baseline)	**Performance Parameter** – Lighting Fixture Wattage Measurements	Random sampling of each AMP's units selected using 80/10 confidence/precision level
		Immediately After Installation (Post)	(Same as Baseline)	
		Annually	**Operation Verification** – Visual Inspection of Installed Equipment	
		Every 5th Year	**Performance Parameter** – Lighting Fixture Wattage Measurements	

Formulae for Savings:

Electric Energy Savings in kWh = {[Existing Fixture Watts] x [Quantity of Existing Fixtures] – [Proposed Fixture Watts] x [Quantity of Proposed Fixtures]} x [Hours of Operation] ÷ [1,000 Watt / kW]

Refer to Attachment 2 of the ESA for the detailed UAS savings calculations for the Upgrade Apartment Lighting ECM.

Input Values:

The existing and proposed fixture quantities, wattages, and hours of operation are specified in the detailed lighting audit included in Attachment 2 of the ESA and will be held fixed throughout the contract term, except as noted in the following Inspections & Baseline/Savings Adjustments Section.

Output Values:

The electric savings will be in accordance with Attachment 2 of the ESA and held fixed throughout the contract term, unless otherwise adjusted as noted in the following Inspections & Baseline/Savings Adjustments Section.

Inspections & Baseline/Savings Adjustments:

For each year of the contract term Ameresco will verify the operation (Operation Verification) of the equipment installed as part of ECM-5 by visually inspecting a sample of units at the developments where the Option A - UAS M&V Approach is utilized to verify if the equipment is still installed and functioning as intended.

These visual inspections will be taken for a randomly selected quantity of units as required to ensure an 80% confidence level and 10% precision level per AMP and the results of these inspections will be reported to the PHA annually.

Before and after the installation of ECM-5, and then subsequently in years 6, 11, and 16 (every 5th year after post installation inspection), Ameresco will verify the Performance Parameter.

For ECM-5 the Performance Parameter that will be measured will be fixture wattages. These measurements will be taken for a randomly selected quantity of units as required to ensure an 80% confidence level and 10% precision level per AMP where the Option A - UAS M&V Approach is utilized. If the average variance between the measured Performance Parameter and the rated values presented in Attachment 2 of the ESA is greater than 10%, then the PHA will first adjust and/or repair as necessary the equipment to achieve a less than 10% average variance between measured and rated values.

If, after such actions have been taken, the measured values still vary in excess of 10% from the rated values, then the savings estimates will be revised to reflect the average of the final measured values.

In addition to the baseline/savings adjustments noted in this section, all applicable baseline adjustments noted in Section G-5.15 Baseline Adjustments and/or Sections 8 and 10 of the ESA will apply to the ECM-5 Option A - UAS M&V Approach.

"Page content is subject to Confidentiality Restrictions"

C) ECM-5 - Upgrade Apartment Lighting Option C - FRB M&V Approach

Approach Summary:

ECM-5 FRB Savings are included in Appendix G-1.

Table G-5.5.C: ECM-5 Option C FRB M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option C	Electric FRB	Monthly	**Utility Bill Analysis**	All applicable utility bills
		Every 5th Year	**Operation Verification** – Visual Inspection of Installed Equipment	Random sampling of each developments fixture types selected using 80/10 confidence/precision level

Refer to Appendix G-1 for utility bill analysis and visual inspection procedures.

"Page content is subject to Confidentiality Restrictions"

G-5.6 Install Vending Machine Controls (ECM-6)

IPMVP Methodology Employed: Option A and Option C

Option A methodology will apply to the master-metered electric savings for ECM-6 included as part of the Additional Operating Subsidy (AOS) Savings for the PHA developments listed in Table G-5A in accordance with Appendix G-2.

Option C methodology will apply to the master-metered electric savings for ECM-6 included as part of the Frozen Rolling Base (FRB) Savings Incentive for the PHA developments listed in Table G-5A in accordance with Appendix G-1.

A) ECM-6 - Install Vending Machine Controls Option A - AOS M&V Approach

Approach Summary:

ECM-6 AOS Savings are included in Appendix G-3.

Table G-5.6.A: ECM-6 Option A - AOS M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option A	Electric AOS	Before (Baseline)	**Performance Parameter** – Electric Usage (calculated)	Random sampling of controls selected using 80/10 confidence/precision level
		Immediately After Installation (Post)	(Same as Baseline)	
		Annually	**Operation Verification** – Visual Inspection of Installed Equipment	
		Every 5th Year	**Performance Parameter** – Electric Usage (calculated)	

Formulae for Savings:

Electric Energy Savings in kWh = [# of Existing Units] x [Average Unit Watts] x [Existing Operating Hours – Post-retrofit Operating Hours] ÷ [1,000 Watt / kW]

Input Values:

The existing and proposed vending machine control quantities, vending machine wattages, and hours of operation are specified in Table G.5.6.B and will be held fixed throughout the contract term, except as noted in the following Inspections & Baseline/Savings Adjustments Section.

"Page content is subject to Confidentiality Restrictions"

Output Values:

The electric savings will be in accordance with Table G.5.6.B, and held fixed throughout the contract term, unless otherwise adjusted as noted in the following Inspections & Baseline/Savings Adjustments Section.

Inspections & Baseline/Savings Adjustments:

Due to the expense with measuring the Performance Parameter and the relatively small level of savings, the calculated pre and post-electric consumption will be agreed upon and held constant for the term of the project.

For each year of the contract term Ameresco will verify the operation (Operation Verification) of the equipment installed as part of ECM-6 by visually inspecting a sample of controls at the developments where the Option A - AOS M&V Approach is utilized to verify if the equipment is still installed and functioning as intended. These visual inspections will be taken for a randomly selected quantity of units as required to ensure an 80% confidence level and 10% precision level across the entire quantity of installed controls and the results of these inspections will be reported to PHA annually.

In addition to the baseline/savings adjustments noted in this section, all applicable baseline adjustments noted in Section G-5.15 Baseline Adjustments and/or Sections 8 and 10 of the ESA will apply to the ECM-6 Option A - AOS M&V Approach.

"Page content is subject to Confidentiality Restrictions"

Table G-5.6.B: Install Vending Machine Controls (ECM-6) - AOS Savings Calculations

NOTES:

1. Electric savings associated with vending machines at the sites listed below will be held constant throughout the contract term, unless otherwise adjusted per the M&V protocol.
2. Existing operating hours per week based on current vending machine operation of 24/7. Facility occupied hours per week based on occupancy disturbing occupancy sensors that will be installed on vending machines.

Assumptions

A1	Equipment list provided by site personnel or field verified by Ameresco.	
A2	Average power consumption of beverage machine *Based on manufacturer data and case studies.* *When the compressor is on, machine draws between 500 and 600 Watts.* *When the compressor is off, machine draws betwn 250 and 350 Watts.*	400 W
A3	Average power consumption of snack machine *Based on manufacturer data and case studies.*	85 W
A4	Baseline operating hours	8760 hr/yr
A5	Towers generally occupied from 7 AM to 11 PM daily and offices 7 AM until 5 PM on week days	
A6	Percent of time machine will operate during unoccupied hours	25%

Savings Calculation Column Explanations:

S1	See Assumption A1.
S2	See Assumption A1.
S3	See Assumption A1.
S4	See Assumptions A2 and A3.
S5	See Assumption A4.
S6	S6 = S4 X S5 / 1,000
S7	S7=S6*S3
S8	See Assumption A5.
S9	S9 = S5 - (1-A6) X S8
S10	S10 = S9*S4/1000
S11	S11=S10*S3
S12	S12=S7-S11

Machine -Location Type Code

B-O	Beverage machine with occupancy hours similar to an office
B-P	Beverage machine with possible round the clock occupancy hours
S-O	Snack machine with occupancy hours similar to an office
S-P	Snack machine with possible round the clock occupancy hours

B) ECM-6 - Install Vending Machine Controls Option C – Frozen Rolling Base (FRB) M&V Approach

Approach Summary:

ECM-6 FRB Savings are included in Appendix G-1.

Table G-5.6.C: ECM-6 Option C FRB M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option C	Electric FRB	Monthly	**Utility Bill Analysis**	All applicable utility bills
		Every 5th Year	**Operation Verification** – Visual Inspection of Installed Equipment	Random sampling of each developments fixture types selected using 80/10 confidence/precision level

Refer to Appendix G-1 for utility bill analysis and visual inspection procedures.

"Page content is subject to Confidentiality Restrictions"

G-5.7 Install Energy Management System (ECM-7)

IPMVP Methodologies Employed: Option C

Option C methodology will apply to the master-metered electric savings for ECM-7 included as part of the Frozen Rolling Base (FRB) Savings Incentive for the PHA developments listed in Table G-5A in accordance with Appendix G-1.

ECM-7 Option C - FRB M&V Approach

Approach Summary:

ECM-7 FRB Savings are included in Appendix G-1.

Table G-5.7.A: ECM-7 Option C FRB M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option C	NG FRB	Monthly	**Utility Bill Analysis**	All applicable utility bills
		Every 5th Year	**Operation Verification** – Visual Inspection of Installed Equipment	All newly install controls

Refer to Appendix G-1 for utility bill analysis and visual inspection procedures.

G-5.10 Install Variable Volume HVAC Systems (ECM-10)

IPMVP Methodologies Employed: Option C

Option C methodology will apply to the master-metered electric savings for ECM-10 included as part of the Frozen Rolling Base (FRB) Savings Incentive for the PHA developments listed in Table G-5.10.A in accordance with Appendix G-1.

"Page content is subject to Confidentiality Restrictions"

A) ECM-10-Variable Volume HVAC Option C – Frozen Rolling Base (FRB) M&V Approach

Approach Summary:

ECM-10 FRB Savings are included in Appendix G-1.

Table G-5.10.C: ECM-10 Option C FRB M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option C	Electric FRB	Monthly	**Utility Bill Analysis**	All applicable utility bills
		Every 5th Year	**Operation Verification** – Visual Inspection of Installed Equipment	Random sampling of each developments new units selected using 80/10 confidence/precision level

Refer to Appendix G-1 for utility bill analysis and visual inspection procedures.

G-5.11 Replace Windows (ECM-11)

IPMVP Methodologies Employed: Option A and Option C

Option A methodology will apply to the master-metered electric savings for ECM-11 included as part of the Additional Operating Subsidy (AOS) Savings for the PHA developments listed in Table G-5.11.A in accordance with Appendix G-2.

Option C methodology will apply to the master-metered electric savings for ECM-11 included as part of the Frozen Rolling Base (FRB) Savings Incentive for the PHA developments listed in Table G-5.11.A in accordance with Appendix G-1.

A) ECM-11 - Replace Windows Option A - AOS M&V Approach

Approach Summary:

ECM-11 AOS Savings are included in Appendix G-1.

Table G-5.11.A: ECM-11 Option A - AOS M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option A	Electrics AOS	Before (Baseline)	**Performance Parameter** – Window U-values and Shading Coefficient values (calculated)	None
		Immediately After Installation (Post)	(Same as Baseline)	
		Annually	**Operation Verification** – None	
		Every 5th Year	**Performance Parameter** – Window U-values and Shading Coefficient values (calculated)	

Formulae for Savings:

To calculate energy cost savings for this measure, first a calibrated building simulation model was created using Trane Trace™ 700 software. Once the initial model is created, the energy usage and demand projected by the model are compared to the metered building utility data. The inputs are refined so that the building simulation model is calibrated to the utility data.

Once the baseline model is calibrated to the building utility data, the proposed energy conservation measures are applied to the model as separate runs. The simulations model allows the interactive effects of the energy conservation measures on building conditions

Page content is subject to Confidentiality Restrictions

to be accounted for when determining the post-installation energy consumption. For this measure, the energy saving strategy implemented is: *replacement of the exterior windows.*

Energy savings for each measure are calculated by subtracting energy consumption between two consecutive runs in the building simulation model. Total savings can be calculated by subtracting energy consumption projected by the post-installation model, with all energy conservation measures included, from energy consumption projected by the baseline model. The sum of energy savings for each measure, determined by subtracting the energy consumption between consecutive runs, would equal the total difference in consumption between the post-installation model and the baseline model.

Input Values:

The existing and proposed heating, ventilating and air conditioning (HVAC) loads are specified in the Trane Trace™ 700 software model and will be held fixed throughout the contract term, except as noted in the following Inspections & Baseline/Savings Adjustments Section. The Trace 700 program uses an internally loaded average hourly weather data for each day of the month for a specific location; this information originates from NOAA and ASHRAE historical weather data. The model was run with the Miami weather data. Input values are presented in table G-5.11.B (Base Model Assumptions).

Output Values:

The electric AOS Savings will be in accordance with Table G.5.11.C.1 (Monthly Energy Consumption) and Table G-511.C.2 (Savings Summary), and will be held fixed throughout the contract term, unless otherwise adjusted as noted in the following Inspections & Baseline/Savings Adjustments Section.

Inspections & Baseline/Savings Adjustments:

Due to the difficulty and expense associated with measuring the Performance Parameter for this ECM, the window U-values and shading coefficients will be agreed upon and held constant for the term of the contract. No ongoing operational inspections will be completed for the term of the project since the new windows will be permanently installed.

In addition to the baseline/savings adjustments noted in this section, all applicable baseline adjustments noted in Section G-5.15 Baseline Adjustments and/or Sections 8 and 10 of the ESA will apply to the ECM-11 Option A - AOS M&V Approach.

Lemon City - Model Assumptions

BASELINE ASSUMPTIONS:

- A baseline cooling load was first established using Trane Trace™ 700, a building simulation software program. A typical unit with four different orientations was used to develop the model. Weather data for Miami, FL was used to determine the building's cooling load. Other factors that Trace™ 700 uses to determine the building's cooling load are heat gain from occupants, lights, and equipment; occupancy, lighting, and equipment schedules; and building geometry, construction, and orientation. The following is a list of major inputs into the Trace™ 700 model:

1. Total space area = 18 ft by 22 ft area (per apartment).
2. Building is oriented true north.
3. Set points
   - Occupied cooling set point = 73°F
   - Occupied heating set point = 70°F
4. U-values
   - Wall U-value = 0.2 Btu/hr-°F-ft^2
   - Glass U-value = 1 Btu/hr-°F-ft^2
   - Glass SC-value (as is) = 0.95
   - Partially open internal shades: Overall summer U-value (as is) = 0.8 Btu/hr-°F-ft^2
   - Partially open internal shades: Overall SC-value (as is) = 0.7 Btu/hr-°F-ft^2
   - Roof U-value = 0.0681 Btu/hr-°F-ft^2
5. Exterior overhang
   - None for North, East and West windows
   - Six feet overhang for South windows
6. Internal Loads
   - Occupant density = 200 ft^2/person
     Latent heat gain from occupants = 205 Btuh/person
     Sensible heat gain from occupants = 245 Btuh/person
   - Density of work stations = 1 per person
   - Heat gain from recessed fluorescent lighting = 1 W/ ft2
   - Heat gain from miscellaneous equipment = 0.5 W/ ft^2
7. Ventilation
   - Infiltration airflow rate = 0.6 air changes per hour.

"Page content is subject to Confidentiality Restrictions"

- Ventilation flow = 0.6 air changes per hour

8. Schedules for
   - Occupancy: Schedule "People – for MDPH" (12a to 8a) 100%, (8a to 9a) 70%, (9a to 4p) 88%, (4p to 5p) 88%, (5p to 7p) 95%, (7p to 12a) 100%.
   - Lighting: Schedule "Lights – for MDPH" (12a to 6a) 11%, (6a to 9a) 88%, (9a to 11a) 66%, (11a to 5p) 55%, (5p to 8p) 66%, (8p to 11p) 100%, (11p to 12a) 11%.
   - Miscellaneous equipment: Schedule "Misc – for MDPH" (12a to 9a) 50%, (9a to 10a) 100%, (10a to 4p) 60%, (4p to 5p) 100%, (5p to 12a) 70%.

- Cooling/Heating Equipment

  Each individual apartment has a dedicated PTAC unit. The fan is assumed to be constant volume cycling with the load. Average efficiency for the unit is estimated at 1.1 kW/ton. Heating is provided by a central heating hot water system with an estimated percent efficiency of 83.3.

LIGHTING ADJUSTMENTS FOR SAVINGS:

- Heat gain from recessed fluorescent lighting = 0.8 W/ ft^2

NEW WINDOWS ADJUSTMENTS FOR SAVINGS:

1. Ventilation (new windows)
   - Infiltration airflow rate = 0.3 air changes per hour (Trace 700: Neutral, Tight Construction)
   - Ventilation flow = 0.3 air changes per hour
2. Impact Window Tinted (ALL)
   - Glass U-value = 0.86 Btu/hr-°F-ft2
   - Glass SC-value = 0.45
   - Partially open internal shades: Overall summer U-value = 0.75 Btu/hr-°F-ft2
   - Partially open internal shades: Overall SC-value = 0.35 Btu/hr-°F-ft^2

Palm Court - Model Assumptions

BASELINE ASSUMPTIONS:

- A baseline cooling load was first established using Trane Trace™ 700, a building simulation software program. A typical unit with four different orientations was used to develop the model. Weather data for Miami, FL was used to determine the building's cooling load. Other factors that Trace™ 700 uses to determine the building's cooling load are heat gain from occupants, lights, and equipment; occupancy, lighting, and equipment schedules; and building geometry, construction, and orientation. The following is a list of major inputs into the Trace™ 700 model:

  1.Total space area = 18 ft by 22 ft area (per apartment).

2.Building is oriented true north.

3.Set points
- Occupied cooling set point = 73°F
- Occupied heating set point = 70°F

4.U-values
- Wall U-value = 0.3 Btu/hr-°F-ft^2
- Glass U-value = 1 Btu/hr-°F-ft^2
- Glass SC-value (as is) = 0.95
- Partially open internal shades: Overall summer U-value (as is) = 0.8 Btu/hr-°F-ft^2
- Partially open internal shades: Overall SC-value (as is) = 0.7 Btu/hr-°F-ft^2
- Roof U-value = 0.0681 Btu/hr-°F-ft^2

5.Exterior overhang
- None for North, East and South windows
- Six feet for West windows

6.Internal Loads
- Occupant density = 200 ft^2/person
  Latent heat gain from occupants = 205 Btuh/person
  Sensible heat gain from occupants = 245 Btuh/person
- Density of work stations = 1 per person
- Heat gain from recessed fluorescent lighting = 0.9 W/ ft2
- Heat gain from miscellaneous equipment = 0.4 W/ ft^2

7.Ventilation
- Infiltration airflow rate = 0.6 air changes per hour.
- Ventilation flow = 0.6 air changes per hour

8.Schedules for
- Occupancy: Schedule "People – for MDPH" (12a to 8a) 100%, (8a to 9a) 70%, (9a to 4p) 88%, (4p to 5p) 88%, (5p to 7p) 95%, (7p to 12a) 100%.
- Lighting: Schedule "Lights – for MDPH" (12a to 6a) 11%, (6a to 9a) 88%, (9a to 11a) 66%, (11a to 5p) 55%, (5p to 8p) 66%, (8p to 11p) 100%, (11p to 12a) 11%.
- Miscellaneous equipment: Schedule "Misc – for MDPH" (12a to 9a) 50%, (9a to 10a) 100%, (10a to 4p) 60%, (4p to 5p) 100%, (5p to 12a) 70%.

- Cooling/Heating Equipment

  Each individual apartment has a dedicated PTAC unit. The fan is assumed to be constant volume cycling with the load. Average efficiency for the unit is estimated at 1.1 kW/ton. Heating is provided by a central heating hot water system with an estimated percent efficiency of 83.3.

LIGHTING ADJUSTMENTS FOR SAVINGS:

- Heat gain from recessed fluorescent lighting = 0.7 W/ ft^2

NEW WINDOWS ADJUSTMENTS FOR SAVINGS:

1. Ventilation (new windows)
   - Infiltration airflow rate = 0.4 air changes per hour (Trace 700: Neutral, Tight Construction). Use 0.4 because the smaller fixed window will not be replaced.
   - Ventilation flow = 0.4 air changes per hour
2. Impact Window Tinted (ALL)
   - Glass U-value = 0.86 Btu/hr-°F-ft^2
   - Glass SC-value = 0.45
   - Partially open internal shades: Overall summer U-value = 0.75 Btu/hr-°F-ft^2
   - Partially open internal shades: Overall SC-value = 0.35 Btu/hr-°F-ft^2

Edison Plaza Elderly - Model Assumptions

G-5.12 Convert Electric Dryers to Gas (ECM-12)

IPMVP Methodologies Employed: Option A and Option C

Option A methodology will apply to the master-metered natural gas and electric savings for ECM-12 included as part of the Additional Operating Subsidy (AOS) Savings for the PHA developments listed in Table G-5A in accordance with Appendix G-2.

Option C methodology will apply to the master-metered natural gas and electric savings for ECM-12 included as part of the Frozen Rolling Base (FRB) Savings Incentive for the PHA developments listed in Table G-5A in accordance with Appendix G-1.

A) ECM-12 - Convert Electric Dryers to Gas Option A - AOS M&V Approach

Approach Summary:

ECM-12 AOS Savings are included in Appendix G-2.

Table G-5.12.A: ECM-12 Option A - AOS M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option A	Natural Gas Electric AOS	Before (Baseline)	**Performance Parameter** – Electric and gas use per load from manufacturer (calculated)	All New Dryers
		Immediately After Installation (Post)	(Same as Baseline)	
		Annually	**Operation Verification** – Visual Inspection of Installed Equipment	
		Every 5th Year	**Performance Parameter** – Electric and gas use per load from manufacturer (calculated)	

Formulae for Savings:

Dryer Electric Savings in kWh = {[Baseline Dryer Electric Use in kWh/Load] x [Total Number of Loads Per Year]}

Dryer Natural Gas Savings in Therms = {-[Proposed Dryer Gas Use in Therms/Load] x [Total Number of Loads Per Year]}

Page content is subject to Confidentiality Restrictions

Input Values:

The existing and proposed dryer electric and gas use per load, number of loads are specified in Table G.5.12.B and will be held fixed throughout the contract term, except as noted in the following Inspections & Baseline/Savings Adjustments Section.

Output Values:

The natural gas and electric AOS Savings will be in accordance with Table G.5.12.B, and held fixed throughout the contract term, unless otherwise adjusted as noted in the following Inspections & Baseline/Savings Adjustments Section.

Inspections & Baseline/Savings Adjustments:

Due to the difficulty and expense associated with measuring the Performance Parameter for this ECM, the electric and gas use per load from the manufacturer will be agreed upon and held constant for the term of the contract. For each year of the contract term Ameresco will verify the operation (Operation Verification) of the equipment installed as part of ECM-12 by visually inspecting all dryers installed under this project at the developments where the Option A - AOS M&V Approach is utilized to verify if the equipment is still installed and functioning as intended. The results of these inspections will be reported to PHA annually.

In addition to the baseline/savings adjustments noted in this section, all applicable baseline adjustments noted in Section G-5.15 Baseline Adjustments and/or Sections 8 and 10 of the ESA will apply to the ECM-12 Option A - AOS M&V Approach.

"Page content is subject to Confidentiality Restrictions"

Table G-5.12.B: Convert Electric Dryers to Gas (ECM-12) - AOS Savings Calculations

Notes:

1. Gas and electric savings associated with the dryers at the sites listed below will be held constant throughout the contract term, unless otherwise adjusted per the M&V protocol.
2. Average existing dryer energy use in kWh is based on nameplate data for existing equipment.
3. Loads per person per week figures based on laundry end-use analysis.

Column			A	B	C	D	E	F	G	H	
Site Name	AMP #	# of Apts.	# Of Elec. Dryers	# Of Occupants	Laundry Loads Per Person per Week	Annual Laundry Loads	kWh Used Before	CCF Used After	Electric Savings (kWh)	Gas Savings (CCF)	Comments

G-5.13 Upgrade Exterior Area Lighting (ECM-13)

IPMVP Methodology Employed: Option A and Option C

Option A methodology will apply to the master-metered electric savings for ECM-13 included as part of the Additional Operating Subsidy (AOS) Savings for the PHA developments listed in Table G-5A in accordance with Appendix G-2.

Option C methodology will apply to the master-metered electric savings for ECM-13 included as part of the Frozen Rolling Base (FRB) Savings Incentive for the PHA developments listed in Table G-5A in accordance with Appendix G-1.

A) ECM-13 - Upgrade Exterior Area Lighting Option A - AOS M&V Approach

Approach Summary:

ECM-13 AOS Savings are included in Appendix G-1.

Table G-5.13.A: ECM-13 Option A - AOS M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option A	Electric AOS	Before (Baseline)	**Performance Parameter** – Lighting Fixture Wattage Measurements	Random sampling of each development's fixture type selected using 80/10 confidence/precision level
		Immediately After Installation (Post)	(Same as Baseline)	
		Annually	**Operation Verification** – Visual Inspection of Installed Equipment	
		Every 5th Year	**Performance Parameter** – Lighting Fixture Wattage Measurements	

Formulae for Savings:

Electric Energy Savings in kWh = {[Existing Fixture Watts] x [Quantity of Existing Fixtures] – [Proposed Fixture Watts] x [Quantity of Proposed Fixtures]} x [Hours of Operation] ÷ 1,000

Refer to Attachment 2 of the ESA for the detailed AOS savings calculations for the Upgrade Common Area Exterior Lighting ECM.

"Page content is subject to Confidentiality Restrictions"

Input Values:

The existing and proposed fixture quantities, wattages, and hours of operation are specified in the detailed lighting audit included in Attachment 2 of the ESA and will be held fixed throughout the contract term, except as noted in the following Inspections & Baseline/Savings Adjustments Section.

Output Values:

The electric savings will be in accordance with Attachment 2 of the ESA and held fixed throughout the contract term, unless otherwise adjusted as noted in the following Inspections & Baseline/Savings Adjustments Section.

Inspections & Baseline/Savings Adjustments:

For each year of the contract term Ameresco will verify the operation (Operation Verification) of the equipment installed as part of ECM-13 by visually inspecting a sample of fixture types at the developments where the Option A - AOS M&V Approach is utilized to verify if the equipment is still installed and functioning as intended. These visual inspections will be taken for a randomly selected quantity of fixture types as required to ensure an 80% confidence level and 10% precision level per development and the results of these inspections will be reported to PHA annually.

Before and after the installation of ECM-13, and then subsequently in years 6, 11, and 16 (every 5th year after post installation inspection), Ameresco will verify the Performance Parameter. For ECM-13 the Performance Parameter that will be measured will be fixture wattages. These measurements will be taken for a randomly selected quantity of fixture types as required to ensure an 80% confidence level and 10% precision level per development where the Option A - AOS M&V Approach is utilized. If the average variance between the measured Performance Parameter and the rated values presented in Attachment 2 of the ESA is greater than 10%, then PHA will first adjust and/or repair as necessary the equipment to achieve a less than 10% average variance between measured and rated values. If, after such actions have been taken, the measured values still vary in excess of 10% from the rated values, then the savings estimates will be revised to reflect the average of the final measured values.

In addition to the baseline/savings adjustments noted in this section, all applicable baseline adjustments noted in Section G-5.15 Baseline Adjustments and/or Sections 8 and 10 of the ESA will apply to the ECM-13 Option A - AOS M&V Approach.

"Page content is subject to Confidentiality Restrictions"

B) ECM-13 - Upgrade Exterior Area Lighting Option C – Frozen Rolling Base (FRB) M&V Approach

Approach Summary:

ECM-13 FRB Savings are included in Appendix G-1.

Table G-5.13.B: ECM-13 Option C FRB M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option C	Electric FRB	Monthly	**Utility Bill Analysis**	All applicable utility bills
		Every 5th Year	**Operation Verification** – Visual Inspection of Installed Equipment	Random sampling of each development's fixture types selected using 80/10 confidence/precision level

Refer to Appendix G-1 for utility bill analysis and visual inspection procedures.

G-5.14 Install Lighting Controls (ECM-14)

IPMVP Methodology Employed: Option A and Option C

Option A methodology will apply to the master-metered electric savings for ECM-14 included as part of the Additional Operating Subsidy (AOS) Savings for the PHA developments listed in Table G-5A in accordance with Appendix G-2.

Option C methodology will apply to the master-metered electric savings for ECM-14 included as part of the Frozen Rolling Base (FRB) Savings Incentive for the PHA developments listed in Table G-5A in accordance with Appendix G-1.

A) ECM-14 - Install Lighting Controls Option A - AOS M&V Approach

Approach Summary:

ECM-14 AOS Savings are included in Appendix G-1.

Table G-5.14.A: ECM-14 Option A - AOS M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option A	Electric AOS	Before (Baseline)	**Performance Parameter** – Lighting Fixture Operating Hours	Random sampling of each development's fixture type selected using 80/10 confidence/precision level
		Immediately After Installation (Post)	(Same as Baseline)	
		Annually	**Operation Verification** – Visual Inspection of Installed Equipment	
		Every 5th Year	**Performance Parameter** – Lighting Fixture Operating Hours	

Formulae for Savings:

Electric Energy Savings in kWh = [Proposed Fixture Watts] x [Quantity of Proposed Fixtures] x {[Existing Hours of Operation] - [Proposed Hours of Operation]} ÷ 1,000

Refer to Attachment 2 of the ESA for the detailed AOS savings calculations for the Install Lighting Controls ECM.

"Page content is subject to Confidentiality Restrictions"

Input Values:

The fixture quantities, wattages, and existing and proposed hours of operation are specified in the detailed lighting audit included in Attachment 2 of the ESA and will be held fixed throughout the contract term, except as noted in the following Inspections & Baseline/Savings Adjustments Section.

Output Values:

The electric savings will be in accordance with Attachment 2 of the ESA and held fixed throughout the contract term, unless otherwise adjusted as noted in the following Inspections & Baseline/Savings Adjustments Section.

Inspections & Baseline/Savings Adjustments:

For each year of the contract term Ameresco will verify the operation (Operation Verification) of the equipment installed as part of ECM-14 by visually inspecting a sample of fixture types with new controls at the developments where the Option A - AOS M&V Approach is utilized to verify if the equipment is still installed and functioning as intended. These visual inspections will be taken for a randomly selected quantity of fixture types as required to ensure an 80% confidence level and 10% precision level per development and the results of these inspections will be reported to PHA annually.

Before and after the installation of ECM-14, and then subsequently in years 6, 11, and 16 (every 5th year after post installation inspection) Ameresco will verify the Performance Parameter. For ECM-14 the Performance Parameter that will be measured will be fixture operating hours. These measurements will be taken for a randomly selected quantity of fixture types as required to ensure an 80% confidence level and 10% precision level per development where the Option A - AOS M&V Approach is utilized. If the average variance between the measured Performance Parameter and the rated values presented in Attachment 2 of the ESA is greater than 10%, then PHA will first adjust and/or repair as necessary the equipment to achieve a less than 10% average variance between measured and rated values. If, after such actions have been taken, the measured values still vary in excess of 10% from the rated values, then the savings estimates will be revised to reflect the average of the final measured values.

In addition to the baseline/savings adjustments noted in this section, all applicable baseline adjustments noted in Section G-5.15 Baseline Adjustments and/or Sections 8 and 10 of the ESA will apply to the ECM-14 Option A - AOS M&V Approach.

"Page content is subject to Confidentiality Restrictions"

B) ECM-14 - Install Lighting Controls Option C – Frozen Rolling Base (FRB) M&V Approach

Approach Summary:

ECM-14 FRB Savings are included in Appendix G-1.

Table G-5.14.B: ECM-14 Option C FRB M&V Approach Summary

M&V Type	Incentive Type	Inspection Frequency	Inspection Verification Component	Sample Size
Option C	Electric FRB	Monthly	**Utility Bill Analysis**	All applicable utility bills
		Every 5th Year	**Operation Verification** – Visual Inspection of Installed Equipment	Random sampling of each development's fixture types selected using 80/10 confidence/precision level

Refer to Appendix G-1 for utility bill analysis and visual inspection procedures.

G-5.15 Baseline Adjustments

I. If the hours of occupied operation of the Property, or any portion thereof, are materially changed, as that term is defined in Section 8.E. of the Energy Services Agreement, subsequent to the date of this Agreement, the Baseline will be equitably recalculated by Ameresco and approved in writing by the MDPHCD, such approval not to be unreasonably withheld.

II. In the event that the type of fuel used at the Property, or any portion thereof, changes at any time during the contract period in any manner which Ameresco reasonably believes affects the Baseline and/or Ameresco's Guarantee, the Baseline and/or the Guarantee will be equitably recalculated by Ameresco and approved in writing by the MDPHCD, such approval not to be unreasonably withheld, in accordance with the Material Change provisions of Sections 8.E. and F.

III. It is understood and agreed that the MDPHCD may be subject to laws and regulations which may require the MDPHCD to alter the minimum or maximum temperature at any given time and the MDPHCD will comply with the same. In the event that Ameresco reasonably believes that such a change in temperature affects the Baseline and/or Ameresco's Guarantee, the Baseline and/or the Guarantee will be equitably recalculated by Ameresco and approved in writing by the MDPHCD, such approval not to be unreasonably withheld.

IV. In the event that MDPHCD or persons using the Property add or remove energy consuming devices (including, but not limited to, vending machines, kilns, computers, printers and other electronic or fossil fuel consuming devices), or change the use of existing devices, which materially increase or decrease energy usage as defined in Section 8 of the Energy Services Agreement, MDPHCD will inform Ameresco by written notice within thirty (30) days of becoming aware thereof, as to any such changes which could result, in aggregate or over time, in a change of total annual energy savings as set forth in Section 8.E. Should such Material Change require an adjustment to the Baseline or savings Guarantee as set forth in Section 8.F., Ameresco will report such change in its Annual Reconciliation to the MDPHCD and adjust the Baseline or savings Guarantee accordingly.

V. Weather related changes. In the event the applicable weather varies from the baseline weather, adjustments to the Baseline may be warranted. Weather adjustments will be based on temperature correlation factors applied against the current weather, as measured in degree-days from the nearest available NOAA weather station.

Appendix G-7: Utility Allowance Adjustments

Tenant Utility Allowance Adjustments

The amounts of the adjustments are detailed in this Appendix G-7.

"Page content is subject to Confidentiality Restrictions"

APPENDIX H
STANDARDS OF COMFORT AND SERVICE

In so far as these conditions are affected by the Scope of Work included in this Agreement:

Heating & Cooling

Control of space temperature shall be maintained, subject to local building and occupancy codes, as follows:

Occupied cooling set point = 76°F
Occupied heating set point = 68°F

Domestic Hot Water

Control of domestic hot water temperature shall be maintained, subject to local building and occupancy codes, as follows:

110° F to 130° F

Lighting

The proposed lighting retrofits included in Appendix B of the ESA were selected to either meet or exceed existing light fixture rated lumen output, based on manufacturer-published data. At the option of the PHA and in accordance with Appendix K of the ESA, Ameresco can provide sample lighting retrofit installations, taking pre- and post-retrofit lumen readings and making any adjustment necessary to these readings to account for the initial burn-in period and degradation of the lighting systems over time.

APPENDIX I - GUARANTEE

CONDITIONAL ENERGY SAVINGS GUARANTEE BY AMERESCO TO MIAMI-DADE COUNTY – PUBLIC HOUSING AND COMMUNITY DEVELOPMENT

Subsequent to the Execution Date and the closing of the Construction Financing and throughout the Term of the Project Operation Phase, as each of these terms is defined in the Energy Services Agreement ("ESA") between Ameresco, Inc. and the Miami-Dade County – Public Housing and Community Development ("PHA") dated , Ameresco guarantees that PHA shall realize sufficient electricity, natural gas (or fuel oil, if applicable), and water /sewer consumption savings set forth in Appendices D and G, and valued at the higher of current utility rates or the rates provided in Appendix G-4 ("Monitoring and Savings Verification Plan") to the ESA, as approved by the U.S. Department of Housing and Urban Development ("HUD") in the written approval dated _____, and contained within Appendix L to the ESA, to fulfill PHA's obligations to make annual installment payments as specified in the Construction Financing agreement (as defined in the ESA) and to cover the Incremental Maintenance Costs as set forth in Appendix D. Ameresco reserves the right to reduce its Annual Services Fee as required to meet its annual savings guarantee. Ameresco's guarantee does not extend to the impact of HUD pro-ration or other budget adaptations on PHA's operating fund incentives.

If, in a given year (every twelve consecutive months from the commencement of repayment of the Construction Financing), the total electricity, natural gas, fuel oil and water/sewer savings as specified above are less than the installment payments as specified in the Construction Financing agreement, Ameresco shall pay PHA the value of the difference. Should a Guarantee payment be required, payment shall be made within thirty (30) days of each Annual Reconciliation, as that term is defined in the ESA.

Calculations of delivered costs per unit of energy shall be consistent with the methodology contained within Appendix G of the ESA, as approved by HUD in the written approval attached to the ESA as Appendix L. Interest rates and financing terms shall be consistent with those within Appendix D of the ESA and the Construction Financing agreement. In the event Appendices D and G are amended by mutual agreement, the guaranteed Energy Savings provided by the ESA shall be as provided in such amendment.

Measurement, verification and computation of Energy Savings shall be consistent with the ESA and Appendices to the ESA as approved by HUD and, subject to the foregoing, PHA agrees that such methodology is acceptable.

Ameresco shall conduct an annual Reconciliation of Energy Savings as provided for in the ESA.

"Page content is subject to Confidentiality Restrictions"

This Guarantee is subject to the satisfactory performance by PHA of its obligations under the ESA including, but not limited to, the provisions of Sections (9) f. and g. regarding Material Changes and Adjustments, as well as the maintenance obligations set forth in Section (11). This Guarantee and all of Ameresco's obligations hereunder shall terminate upon termination or expiration of the ESA and/or an Event of Default by PHA, unless otherwise provided in the ESA.

NOTICE TO PROCEED

[ON PHA LETTERHEAD]

Ms./Mr. _____
TITLE
Ameresco, Inc.
111 Speen Street, Suite 410
Framingham, MA 01701

SUBJECT: NOTICE TO PROCEED

Dear Ms./Mr. _____

In accordance with Section (5) of our Energy Services Agreement dated_____, Miami-Dade County – Public Housing and Community Development hereby submits to Ameresco, Inc. ("Ameresco") this Notice to Proceed in relation to the Scope of Services defined in the aforementioned Agreement.

Sincerely,

MIAMI-DADE COUNTY – PUBLIC HOUSING AND COMMUNITY DEVELOPMENT

APPENDIX K
SAMPLE INSTALLATION APPROVAL CERTIFICATE

[ON PHA LETTERHEAD]

Ms./Mr. _____
TITLE
Ameresco, Inc., Suite 410
111 Speen Street, Framingham, MA 01701

Re: Energy Services Agreement ECM # ___ Test Installation Acceptance Certificate

Dear Ms./Mr. _____

The Miami-Dade County – Public Housing and Community Development ("PHA") has reviewed samples of certain Energy Conservation Measures ("ECMs"), to be installed pursuant to the above referenced Agreement, as set forth in the list attached hereto.

PHA hereby approves such sample installation ECMs and, if applicable, their respective aesthetics and performance [lighting] levels, for installation in the following DEVELOPMENTS:

_____
_____
_____
_____
_____

Ameresco, Inc. ("Ameresco") and any investor in the project or lender to Ameresco may rely upon PHA's approval herein for the purpose of procuring such ECMs to be used in the performance of the Agreement.

Very truly yours,

MIAMI-DADE COUNTY – PUBLIC HOUSING AND COMMUNITY DEVELOPMENT

APPENDIX N
HUD GENERAL CONDITIONS FOR THE CONTRACT FOR CONSTRUCTION (FORM 5370 – EXP. 1-31-2017)

"Page content is subject to Confidentiality Restrictions"

General Conditions for Construction Contracts - Public Housing Programs

U.S. Department of Housing and Urban Development
Office of Public and Indian Housing
OMB Approval No. 2577-0157 (exp. 1/31/2017)

Applicability. This form is applicable to any construction/development contract greater than $100,000.

This form includes those clauses required by OMB's common rule on grantee procurement, implemented at HUD in 24 CFR 85.36, and those requirements set forth in Section 3 of the Housing and Urban Development Act of 1968 and its amendment by the Housing and Community Development Act of 1992, implemented by HUD at 24 CFR Part 135. The form is required for construction contracts awarded by Public Housing Agencies (PHAs).
The form is used by Housing Authorities in solicitations to provide necessary contract clauses. If the form were not used, HAs would be unable to enforce their contracts.
Public reporting burden for this collection of information is estimated to average 1.0 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Responses to the collection of information are required to obtain a benefit or to retain a benefit.
The information requested does not lend itself to confidentiality.
HUD may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB number.

1. Definitions

(a) "Architect" means the person or other entity engaged by the PHA to perform architectural, engineering, design, and other services related to the work as provided for in the contract. When a PHA uses an engineer to act in this capacity, the terms "architect" and "engineer" shall be synonymous. The Architect shall serve as a technical representative of the Contracting Officer. The Architect's authority is as set forth elsewhere in this contract.

(b) "Contract" means the contract entered into between the PHA and the Contractor. It includes the forms of Bid, the Bid Bond, the Performance and Payment Bond or Bonds or other assurance of completion, the Certifications, Representations, and Other Statements of Bidders (form HUD-5370), these General Conditions of the Contract for Construction (form HUD-5370), the applicable wage rate determinations from the U.S. Department of Labor, any special conditions included elsewhere in the contract, the specifications, and drawings. It includes all formal changes to any of those documents by addendum, change order, or other modification.

(c) "Contracting Officer" means the person delegated the authority by the PHA to enter into, administer, and/or terminate this contract and designated as such in writing to the Contractor. The term includes any successor Contracting Officer and any duly authorized representative of the Contracting Officer also designated in writing. The Contracting Officer shall be deemed the authorized agent of the PHA in all dealings with the Contractor.

(d) "Contractor" means the person or other entity entering into the contract with the PHA to perform all of the work required under the contract.

(e) "Drawings" means the drawings enumerated in the schedule of drawings contained in the Specifications and as described in the contract clause entitled Specifications and Drawings for Construction herein.

(f) "HUD" means the United States of America acting through the Department of Housing and Urban Development including the Secretary, or any other person designated to act on its behalf. HUD has agreed, subject to the provisions of an Annual Contributions Contract (ACC), to provide financial assistance to the PHA, which includes assistance in financing the work to be performed under this contract. As defined elsewhere in these General Conditions or the contract documents, the determination of HUD may be required to authorize changes in the work or for release of funds to the PHA for payment to the Contractor. Notwithstanding HUD's role, nothing in this contract shall be construed to create any contractual relationship between the Contractor and HUD.

(g) "Project" means the entire project, whether construction or rehabilitation, the work for which is provided for in whole or in part under this contract.

(h) "PHA" means the Public Housing Agency organized under applicable state laws which is a party to this contract.

(j) "Specifications" means the written description of the technical requirements for construction and includes the criteria and tests for determining whether the requirements are met.

(l) "Work" means materials, workmanship, and manufacture and fabrication of components.

2. Contractor's Responsibility for Work

(a) The Contractor shall furnish all necessary labor, materials, tools, equipment, and transportation necessary for performance of the work. The Contractor shall also furnish all necessary water, heat, light, and power not made available to the Contractor by the PHA pursuant to the clause entitled Availability and Use of Utility Services herein.

(b) The Contractor shall perform on the site, and with its own organization, work equivalent to at least [ ] (12 percent unless otherwise indicated) of the total amount of work to be performed under the order. This percentage may be reduced by a supplemental agreement to this order if, during performing the work, the Contractor requests a reduction and the Contracting Officer determines that the reduction would be to the advantage of the PHA.

(c) At all times during performance of this contract and until the work is completed and accepted, the Contractor shall directly superintend the work or assign and have on the work site a competent superintendent who is satisfactory to the Contracting Officer and has authority to act for the Contractor.

(d) The Contractor shall be responsible for all damages to persons or property that occur as a result of the Contractor's fault or negligence, and shall take proper safety and health precautions to protect the work, the workers, the public, and the property of others. The Contractor shall hold and save the PHA, its officers and agents, free and harmless from liability of any nature occasioned by the Contractor's performance. The Contractor shall also be responsible for all materials delivered and work performed until completion and acceptance of the entire work, except for any completed unit of work which may have been accepted under the contract.

(e) The Contractor shall lay out the work from base lines and bench marks indicated on the drawings and be responsible for all lines, levels, and measurements of all work executed under the contract. The Contractor shall verify the figures before laying out the work and will be held responsible for any error resulting from its failure to do so.

(f) The Contractor shall confine all operations (including storage of materials) on PHA premises to areas authorized or approved by the Contracting Officer.

(g) The Contractor shall at all times keep the work area, including storage areas, free from accumulations of waste materials. After completing the work and before final inspection, the Contractor shall (1) remove from the premises all scaffolding, equipment, tools, and materials (including rejected materials) that are not the property of the PHA and all rubbish caused by its work; (2) leave the work area in a clean, neat, and orderly condition satisfactory to the Contracting Officer; (3) perform all specified tests; and, (4) deliver the installation in complete and operating condition.

(h) The Contractor's responsibility will terminate when all work has been completed, the final inspection made, and the work accepted by the Contracting Officer. The Contractor will then be released from further obligation except as required by the warranties specified elsewhere in the contract.

3. Architect's Duties, Responsibilities, and Authority

(a) The Architect for this contract, and any successor, shall be designated in writing by the Contracting Officer.

(b) The Architect shall serve as the Contracting Officer's technical representative with respect to architectural, engineering, and design matters related to the work performed under the contract. The Architect may provide direction on contract performance. Such direction shall be within the scope of the contract and may not be of a nature which: (1) institutes additional work outside the scope of the contract; (2) constitutes a change as defined in the Changes clause herein; (3) causes an increase or decrease in the cost of the contract; (4) alters the Construction Progress Schedule; or (5) changes any of the other express terms or conditions of the contract.

(c) The Architect's duties and responsibilities may include but shall not be limited to:

(1) Making periodic visits to the work site, and on the basis of his/her on-site inspections, issuing written reports to the PHA which shall include all observed deficiencies. The Architect shall file a copy of the report with the Contractor's designated representative at the site;

(2) Making modifications in drawings and technical specifications and assisting the Contracting Officer in the preparation of change orders and other contract modifications for issuance by the Contracting Officer;

(3) Reviewing and making recommendations with respect to - (i) the Contractor's construction progress schedules; (ii) the Contractor's shop and detailed drawings; (iii) the machinery, mechanical and other equipment and materials or other articles proposed for use by the Contractor; and, (iv) the Contractor's price breakdown and progress payment estimates; and

(4) Assisting in inspections, signing Certificates of Completion, and making recommendations with respect to acceptance of work completed under the contract.

4. Other Contracts

The PHA may undertake or award other contracts for additional work at or near the site of the work under this contract. The Contractor shall fully cooperate with the other contractors and with PHA employees and shall carefully adapt scheduling and performing the work under this contract to accommodate the additional work, heeding any direction that may be provided by the Contracting Officer. The Contractor shall not commit or permit any act that will interfere with the performance of work by any other contractor or by PHA employees

Construction Requirements

5. Pre-construction Conference and Notice to Proceed

(a) Within ten calendar days of contract execution, and prior to the commencement of work, the Contractor shall attend a preconstruction conference with representatives of the PHA, its Architect, and other interested parties convened by the PHA. The conference will serve to acquaint the participants with the general plan of the construction operation and all other requirements of the contract. The PHA will provide the Contractor with the date, time, and place of the conference.

(b) The contractor shall begin work upon receipt of a written Notice to Proceed from the Contracting Officer or designee. The Contractor shall not begin work prior to receiving such notice.

6. Construction Progress Schedule

(a) The Contractor shall, within five days after the work commences on the contract or another period of time determined by the Contracting Officer, prepare and submit to the Contracting Officer for approval three copies of a practicable schedule showing the order in which the Contractor proposes to perform the work, and the dates on which the Contractor contemplates starting and completing the several salient features of the work (including acquiring labor, materials, and equipment). The schedule shall be in the form of a progress chart of suitable scale to indicate appropriately the percentage of work scheduled for completion by any given date during the period. If the Contractor fails to submit a schedule within the time prescribed, the Contracting Officer may withhold approval of progress payments or take other remedies under the contract until the Contractor submits the required schedule.

(b) The Contractor shall enter the actual progress on the chart as required by the Contracting Officer, and immediately deliver three copies of the annotated schedule to the Contracting Officer. If the Contracting Officer determines, upon the basis of inspection conducted pursuant to the clause entitled Inspection and Acceptance of Construction, herein that the Contractor is not meeting the approved schedule, the Contractor shall take steps necessary to improve its progress, including those that may be required by the Contracting Officer, without additional cost to the PHA. In this circumstance, the Contracting Officer may require the Contractor to increase the number of shifts, overtime operations, days of work, and/or the amount of construction plant, and to submit for approval any supplementary schedule or schedules in chart form as the Contracting Officer deems necessary to demonstrate how the approved rate of progress will be regained.

(c) Failure of the Contractor to comply with the requirements of the Contracting Officer under this clause shall be grounds for a determination by the Contracting Officer that the Contractor is not prosecuting the work with sufficient diligence to ensure completion within the time specified in the Contract. Upon making this determination, the Contracting Officer may terminate the Contractor's right to proceed with the work, or any separable part of it, in accordance with the Default clause of this contract.

7. Site Investigation and Conditions Affecting the Work

(a) The Contractor acknowledges that it has taken steps reasonably necessary to ascertain the nature and location of the work, and that it has investigated and satisfied itself as to the general and local conditions which can affect the work or its cost, including but not limited to, (1) conditions bearing upon transportation, disposal, handling, and storage of materials; (2) the availability of labor, water, electric power, and roads;(3) uncertainties of weather, river stages, tides, or similar physical conditions at the site; (4) the conformation and conditions of the ground; and (5) the character of equipment and facilities needed preliminary to and during work performance. The Contractor also acknowledges that it has satisfied itself as to the character, quality, and quantity of surface and subsurface materials or obstacles to be encountered insofar as this information is

reasonably ascertainable from an inspection of the site, including all exploratory work done by the PHA, as well as from the drawings and specifications made a part of this contract. Any failure of the Contractor to take the actions described and acknowledged in this paragraph will not relieve the Contractor from responsibility for estimating properly the difficulty and cost of successfully performing the work, or for proceeding to successfully perform the work without additional expense to the PHA.

(b) The PHA assumes no responsibility for any conclusions or interpretations made by the Contractor based on the information made available by the PHA. Nor does the PHA assume responsibility for any understanding reached or representation made concerning conditions which can affect the work by any of its officers or agents before the execution of this contract, unless that understanding or representation is expressly stated in this contract.

8. Differing Site Conditions

(a) The Contractor shall promptly, and before the conditions are disturbed, give a written notice to the Contracting Officer of (1) subsurface or latent physical conditions at the site which differ materially from those indicated in this contract, or (2) unknown physical conditions at the site(s), of an unusual nature, which differ materially from those ordinarily encountered and generally recognized as inhering in work of the character provided for in the contract.

(b) The Contracting Officer shall investigate the site conditions promptly after receiving the notice. Work shall not proceed at the affected site, except at the Contractor's risk, until the Contracting Officer has provided written instructions to the Contractor. If the conditions do materially so differ and cause an increase or decrease in the Contractor's cost of, or the time required for, performing any part of the work under this contract, whether or not changed as a result of the conditions, the Contractor shall file a claim in writing to the PHA within ten days after receipt of such instructions and, in any event, before proceeding with the work. An equitable adjustment in the contract price, the delivery schedule, or both shall be made under this clause and the contract modified in writing accordingly.

(c) No request by the Contractor for an equitable adjustment to the contract under this clause shall be allowed, unless the Contractor has given the written notice required; provided, that the time prescribed in (a) above for giving written notice may be extended by the Contracting Officer.

(d) No request by the Contractor for an equitable adjustment to the contract for differing site conditions shall be allowed if made after final payment under this contract.

9. Specifications and Drawings for Construction

(a) The Contractor shall keep on the work site a copy of the drawings and specifications and shall at all times give the Contracting Officer access thereto. Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both. In case of difference between drawings and specifications, the specifications shall govern. In case of discrepancy in the figures, in the drawings, or in the specifications, the matter shall be promptly submitted to the Contracting Officer, who shall promptly make a determination in writing. Any adjustment by the Contractor without such a determination shall be at its own risk and expense. The Contracting Officer shall furnish from time to time such detailed drawings and other information as considered necessary, unless otherwise provided.

(b) Wherever in the specifications or upon the drawings the words "directed", "required", "ordered", "designated", "prescribed", or words of like import are used, it shall be understood that the "direction", "requirement", "order", "designation", or "prescription", of the Contracting Officer is intended and similarly the words "approved", "acceptable", "satisfactory", or words of like import shall mean "approved by", or "acceptable to", or "satisfactory to" the Contracting Officer, unless otherwise expressly stated.

(c) Where " shown" " indicated", " detailed", or words of similar import are used, it shall be understood that the reference is made to the drawings accompanying this contract unless stated otherwise. The word "provided" as used herein shall be understood to mean "provide complete in place" that is "furnished and installed".

(d) "Shop drawings" means drawings, submitted to the PHA by the Contractor, subcontractor, or any lower tier subcontractor, showing in detail (1) the proposed fabrication and assembly of structural elements and (2) the installation (i.e., form, fit, and attachment details) of materials of equipment. It includes drawings, diagrams, layouts, schematics, descriptive literature, illustrations, schedules, performance and test data, and similar materials furnished by the Contractor to explain in detail specific portions of the work required by the contract. The PHA may duplicate, use, and disclose in any manner and for any purpose shop drawings delivered under this contract.

(e) If this contract requires shop drawings, the Contractor shall coordinate all such drawings, and review them for accuracy, completeness, and compliance with other contract requirements and shall indicate its approval thereon as evidence of such coordination and review. Shop drawings submitted to the Contracting Officer without evidence of the Contractor's approval may be returned for resubmission. The Contracting Officer will indicate an approval or disapproval of the shop drawings and if not approved as submitted shall indicate the PHA's reasons therefore. Any work done before such approval shall be at the Contractor's risk. Approval by the Contracting Officer shall not relieve the Contractor from responsibility for any errors or omissions in such drawings, nor from responsibility for complying with the requirements of this contract, except with respect to variations described and approved in accordance with (f) below.

(f) If shop drawings show variations from the contract requirements, the Contractor shall describe such variations in writing, separate from the drawings, at the time of submission. If the Architect approves any such variation and the Contracting Officer concurs, the Contracting Officer shall issue an appropriate modification to the contract, except that, if the variation is minor or does not involve a change in price or in time of performance, a modification need not be issued.

(g) It shall be the responsibility of the Contractor to make timely requests of the PHA for such large scale and full size drawings, color schemes, and other additional information, not already in his possession, which shall be

required in the planning and production of the work. Such requests may be submitted as the need arises, but each such request shall be filed in ample time to permit appropriate action to be taken by all parties involved so as to avoid delay.

(h) The Contractor shall submit to the Contracting Officer for approval four copies (unless otherwise indicated) of all shop drawings as called for under the various headings of these specifications. Three sets (unless otherwise indicated) of all shop drawings, will be retained by the PHA and one set will be returned to the Contractor. As required by the Contracting Officer, the Contractor, upon completing the work under this contract, shall furnish a complete set of all shop drawings as finally approved. These drawings shall show all changes and revisions made up to the time the work is completed and accepted.

(i) This clause shall be included in all subcontracts at any tier. It shall be the responsibility of the Contractor to ensure that all shop drawings prepared by subcontractors are submitted to the Contracting Officer.

10. As-Built Drawings

(a) "As-built drawings," as used in this clause, means drawings submitted by the Contractor or subcontractor at any tier to show the construction of a particular structure or work as actually completed under the contract. "As-built drawings" shall be synonymous with "Record drawings."

(b) As required by the Contracting Officer, the Contractor shall provide the Contracting Officer accurate information to be used in the preparation of permanent as-built drawings. For this purpose, the Contractor shall record on one set of contract drawings all changes from the installations originally indicated, and record final locations of underground lines by depth from finish grade and by accurate horizontal offset distances to permanent surface improvements such as buildings, curbs, or edges of walks.

(c) This clause shall be included in all subcontracts at any tier. It shall be the responsibility of the Contractor to ensure that all as-built drawings prepared by subcontractors are submitted to the Contracting Officer.

11. Material and Workmanship

(a) All equipment, material, and articles furnished under this contract shall be new and of the most suitable grade for the purpose intended, unless otherwise specifically provided in this contract. References in the contract to equipment, material, articles, or patented processes by trade name, make, or catalog number, shall be regarded as establishing a standard of quality and shall not be construed as limiting competition. The Contractor may, at its option, use any equipment, material, article, or process that, in the judgment of, and as approved by the Contracting Officer, is equal to that named in the specifications, unless otherwise specifically provided in this contract.

(b) Approval of equipment and materials.

(1) The Contractor shall obtain the Contracting Officer's approval of the machinery and mechanical and other equipment to be incorporated into the work. When requesting approval, the Contractor shall furnish to the Contracting Officer the name of the manufacturer, the model number, and other information concerning the performance, capacity, nature, and rating of the machinery and mechanical and other equipment. When required by this contract or by the Contracting Officer, the Contractor shall also obtain the Contracting Officer's approval of the material or articles which the Contractor contemplates incorporating into the work. When requesting approval, the Contractor shall provide full information concerning the material or articles. Machinery, equipment, material, and articles that do not have the required approval shall be installed or used at the risk of subsequent rejection.

(2) When required by the specifications or the Contracting Officer, the Contractor shall submit appropriately marked samples (and certificates related to them) for approval at the Contractor's expense, with all shipping charges prepaid. The Contractor shall label, or otherwise properly mark on the container, the material or product represented, its place of origin, the name of the producer, the Contractor's name, and the identification of the construction project for which the material or product is intended to be used.

(3) Certificates shall be submitted in triplicate, describing each sample submitted for approval and certifying that the material, equipment or accessory complies with contract requirements. The certificates shall include the name and brand of the product, name of manufacturer, and the location where produced.

(4) Approval of a sample shall not constitute a waiver of the PHA right to demand full compliance with contract requirements. Materials, equipment and accessories may be rejected for cause even though samples have been approved.

(5) Wherever materials are required to comply with recognized standards or specifications, such specifications shall be accepted as establishing the technical qualities and testing methods, but shall not govern the number of tests required to be made nor modify other contract requirements. The Contracting Officer may require laboratory test reports on items submitted for approval or may approve materials on the basis of data submitted in certificates with samples. Check tests will be made on materials delivered for use only as frequently as the Contracting Officer determines necessary to insure compliance of materials with the specifications. The Contractor will assume all costs of retesting materials which fail to meet contract requirements and/or testing materials offered in substitution for those found deficient.

(6) After approval, samples will be kept in the Project office until completion of work. They may be built into the work after a substantial quantity of the materials they represent has been built in and accepted.

(c) Requirements concerning lead-based paint. The Contractor shall comply with the requirements concerning lead-based paint contained in the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. 4821-4846) as implemented by 24 CFR Part 35.

12. Permits and Codes

(a) The Contractor shall give all notices and comply with all applicable laws, ordinances, codes, rules and regulations. Notwithstanding the requirement of the Contractor to comply with the drawings and specifications in the contract, all work installed shall comply with all applicable codes and regulations as amended by any

waivers. Before installing the work, the Contractor shall examine the drawings and the specifications for compliance with applicable codes and regulations bearing on the work and shall immediately report any discrepancy it may discover to the Contracting Officer. Where the requirements of the drawings and specifications fail to comply with the applicable code or regulation, the Contracting Officer shall modify the contract by change order pursuant to the clause entitled Changes herein to conform to the code or regulation.

(b) The Contractor shall secure and pay for all permits, fees, and licenses necessary for the proper execution and completion of the work. Where the PHA can arrange for the issuance of all or part of these permits, fees and licenses, without cost to the Contractor, the contract amount shall be reduced accordingly.

13. Health, Safety, and Accident Prevention

(a) In performing this contract, the Contractor shall:
(1) Ensure that no laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his/her health and/or safety as determined under construction safety and health standards promulgated by the Secretary of Labor by regulation;
(2) Protect the lives, health, and safety of other persons;
(3) Prevent damage to property, materials, supplies, and equipment; and,
(4) Avoid work interruptions.

(b) For these purposes, the Contractor shall:
(1) Comply with regulations and standards issued by the Secretary of Labor at 29 CFR Part 1926. Failure to comply may result in imposition of sanctions pursuant to the Contract Work Hours and Safety Standards Act (Public Law 91-54, 83 Stat. 96), 40 U.S.C. 3701 et seq.; and
(2) Include the terms of this clause in every subcontract so that such terms will be binding on each subcontractor.

(c) The Contractor shall maintain an accurate record of exposure data on all accidents incident to work performed under this contract resulting in death, traumatic injury, occupational disease, or damage to property, materials, supplies, or equipment, and shall report this data in the manner prescribed by 29 CFR Part 1904.

(d) The Contracting Officer shall notify the Contractor of any noncompliance with these requirements and of the corrective action required. This notice, when delivered to the Contractor or the Contractor's representative at the site of the work, shall be deemed sufficient notice of the noncompliance and corrective action required. After receiving the notice, the Contractor shall immediately take corrective action. If the Contractor fails or refuses to take corrective action promptly, the Contracting Officer may issue an order stopping all or part of the work until satisfactory corrective action has been taken. The Contractor shall not base any claim or request for equitable adjustment for additional time or money on any stop order issued under these circumstances.

(e) The Contractor shall be responsible for its subcontractors' compliance with the provisions of this clause. The Contractor shall take such action with respect to any subcontract as the PHA, the Secretary of Housing and Urban Development, or the Secretary of Labor shall direct as a means of enforcing such provisions.

14. Temporary Heating

The Contractor shall provide and pay for temporary heating, covering, and enclosures necessary to properly protect all work and materials against damage by dampness and cold, to dry out the work, and to facilitate the completion of the work. Any permanent heating equipment used shall be turned over to the PHA in the condition and at the time required by the specifications.

15. Availability and Use of Utility Services

(a) The PHA shall make all reasonably required amounts of utilities available to the Contractor from existing outlets and supplies, as specified in the contract. Unless otherwise provided in the contract, the amount of each utility service consumed shall be charged to or paid for by the Contractor at prevailing rates charged to the PHA or, where the utility is produced by the PHA, at reasonable rates determined by the Contracting Officer. The Contractor shall carefully conserve any utilities furnished without charge.

(b) The Contractor, at its expense and in a manner satisfactory to the Contracting Officer, shall install and maintain all necessary temporary connections and distribution lines, and all meters required to measure the amount of each utility used for the purpose of determining charges. Before final acceptance of the work by the PHA, the Contractor shall remove all the temporary connections, distribution lines, meters, and associated paraphernalia.

16. Protection of Existing Vegetation, Structures, Equipment, Utilities, and Improvements

(a) The Contractor shall preserve and protect all structures, equipment, and vegetation (such as trees, shrubs, and grass) on or adjacent to the work site, which are not to be removed under this contract, and which do not unreasonably interfere with the work required under this contract.

(b) The Contractor shall only remove trees when specifically authorized to do so, and shall avoid damaging vegetation that will remain in place. If any limbs or branches of trees are broken during performance of this contract, or by the careless operation of equipment, or by workmen, the Contractor shall trim those limbs or branches with a clean cut and paint the cut with a tree-pruning compound as directed by the Contracting Officer.

(c) The Contractor shall protect from damage all existing improvements and utilities (1) at or near the work site and (2) on adjacent property of a third party, the locations of which are made known to or should be known by the Contractor. Prior to disturbing the ground at the construction site, the Contractor shall ensure that all underground utility lines are clearly marked.

(d) The Contractor shall shore up, brace, underpin, secure, and protect as necessary all foundations and other parts of existing structures adjacent to, adjoining, and in the vicinity of the site, which may be affected by the excavations or other operations connected with the construction of the project.

(e) Any equipment temporarily removed as a result of work under this contract shall be protected, cleaned, and replaced in the same condition as at the time of award of this contract.

(f) New work which connects to existing work shall correspond in all respects with that to which it connects and/or be similar to existing work unless otherwise required by the specifications.
(g) No structural members shall be altered or in any way weakened without the written authorization of the Contracting Officer, unless such work is clearly specified in the plans or specifications.
(h) If the removal of the existing work exposes discolored or unfinished surfaces, or work out of alignment, such surfaces shall be refinished, or the material replaced as necessary to make the continuous work uniform and harmonious. This, however, shall not be construed to require the refinishing or reconstruction of dissimilar finishes previously exposed, or finished surfaces in good condition, but in different planes or on different levels when brought together by the removal of intervening work, unless such refinishing or reconstruction is specified in the plans or specifications.
(i) The Contractor shall give all required notices to any adjoining or adjacent property owner or other party before the commencement of any work.
(j) The Contractor shall indemnify and save harmless the PHA from any damages on account of settlement or the loss of lateral support of adjoining property, any damages from changes in topography affecting drainage, and from all loss or expense and all damages for which the PHA may become liable in consequence of such injury or damage to adjoining and adjacent structures and their premises.
(k) The Contractor shall repair any damage to vegetation, structures, equipment, utilities, or improvements, including those that are the property of a third party, resulting from failure to comply with the requirements of this contract or failure to exercise reasonable care in performing the work. If the Contractor fails or refuses to repair the damage promptly, the Contracting Officer may have the necessary work performed and charge the cost to the Contractor.

17. Temporary Buildings and Transportation of Materials

(a) Temporary buildings (e.g., storage sheds, shops, offices, sanitary facilities) and utilities may be erected by the Contractor only with the approval of the Contracting Officer and shall be built with labor and materials furnished by the Contractor without expense to the PHA. The temporary buildings and utilities shall remain the property of the Contractor and shall be removed by the Contractor at its expense upon completion of the work. With the written consent of the Contracting Officer, the buildings and utilities may be abandoned and need not be removed.
(b) The Contractor shall, as directed by the Contracting Officer, use only established roadways, or use temporary roadways constructed by the Contractor when and as authorized by the Contracting Officer. When materials are transported in prosecuting the work, vehicles shall not be loaded beyond the loading capacity recommended by the manufacturer of the vehicle or prescribed by any federal, state, or local law or regulation. When it is necessary to cross curbs or sidewalks, the Contractor shall protect them from damage. The Contractor shall repair or pay for the repair of any damaged curbs, sidewalks, or roads.

18. Clean Air and Water

The contactor shall comply with the Clean Air Act, as amended, 42 USC 7401 et seq., the Federal Water Pollution Control Water Act, as amended, 33 U.S.C. 1251 et seq., and standards issued pursuant thereto in the facilities in which this contract is to be performed.

19. Energy Efficiency

The Contractor shall comply with mandatory standards and policies relating to energy efficiency which are contained in the energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub.L. 94-163) for the State in which the work under the contract is performed.

20. Inspection and Acceptance of Construction

(a) Definitions. As used in this clause -
(1) "Acceptance" means the act of an authorized representative of the PHA by which the PHA approves and assumes ownership of the work performed under this contract. Acceptance may be partial or complete.
(2) "Inspection" means examining and testing the work performed under the contract (including, when appropriate, raw materials, equipment, components, and intermediate assemblies) to determine whether it conforms to contract requirements.
(3) "Testing" means that element of inspection that determines the properties or elements, including functional operation of materials, equipment, or their components, by the application of established scientific principles and procedures.
(b) The Contractor shall maintain an adequate inspection system and perform such inspections as will ensure that the work performed under the contract conforms to contract requirements. All work is subject to PHA inspection and test at all places and at all reasonable times before acceptance to ensure strict compliance with the terms of the contract.
(c) PHA inspections and tests are for the sole benefit of the PHA and do not: (1) relieve the Contractor of responsibility for providing adequate quality control measures; (2) relieve the Contractor of responsibility for loss or damage of the material before acceptance; (3) constitute or imply acceptance; or, (4) affect the continuing rights of the PHA after acceptance of the completed work under paragraph (j) below.
(d) The presence or absence of the PHA inspector does not relieve the Contractor from any contract requirement, nor is the inspector authorized to change any term or condition of the specifications without the Contracting Officer's written authorization. All instructions and approvals with respect to the work shall be given to the Contractor by the Contracting Officer.
(e) The Contractor shall promptly furnish, without additional charge, all facilities, labor, and material reasonably needed for performing such safe and convenient inspections and tests as may be required by the Contracting Officer. The PHA may charge to the Contractor any additional cost of inspection or test when work is not ready at the time specified by the Contractor for inspection or test, or when prior rejection makes reinspection or retest necessary. The PHA shall perform all inspections and tests in a manner that will not unnecessarily delay the work. Special, full size, and performance tests shall be performed as described in the contract.

(f) The PHA may conduct routine inspections of the construction site on a daily basis.

(g) The Contractor shall, without charge, replace or correct work found by the PHA not to conform to contract requirements, unless the PHA decides that it is in its interest to accept the work with an appropriate adjustment in contract price. The Contractor shall promptly segregate and remove rejected material from the premises.

(h) If the Contractor does not promptly replace or correct rejected work, the PHA may (1) by contract or otherwise, replace or correct the work and charge the cost to the Contractor, or (2) terminate for default the Contractor's right to proceed.

(i) If any work requiring inspection is covered up without approval of the PHA, it must, if requested by the Contracting Officer, be uncovered at the expense of the Contractor. If at any time before final acceptance of the entire work, the PHA considers it necessary or advisable, to examine work already completed by removing or tearing it out, the Contractor, shall on request, promptly furnish all necessary facilities, labor, and material. If such work is found to be defective or nonconforming in any material respect due to the fault of the Contractor or its subcontractors, the Contractor shall defray all the expenses of the examination and of satisfactory reconstruction. If, however, such work is found to meet the requirements of the contract, the Contracting Officer shall make an equitable adjustment to cover the cost of the examination and reconstruction, including, if completion of the work was thereby delayed, an extension of time.

(j) The Contractor shall notify the Contracting Officer, in writing, as to the date when in its opinion all or a designated portion of the work will be substantially completed and ready for inspection. If the Architect determines that the state of preparedness is as represented, the PHA will promptly arrange for the inspection. Unless otherwise specified in the contract, the PHA shall accept, as soon as practicable after completion and inspection, all work required by the contract or that portion of the work the Contracting Officer determines and designates can be accepted separately. Acceptance shall be final and conclusive except for latent defects, fraud, gross mistakes amounting to fraud, or the PHA's right under any warranty or guarantee.

21. Use and Possession Prior to Completion

(a) The PHA shall have the right to take possession of or use any completed or partially completed part of the work. Before taking possession of or using any work, the Contracting Officer shall furnish the Contractor a list of items of work remaining to be performed or corrected on those portions of the work that the PHA intends to take possession of or use. However, failure of the Contracting Officer to list any item of work shall not relieve the Contractor of responsibility for complying with the terms of the contract. The PHA's possession or use shall not be deemed an acceptance of any work under the contract.

(b) While the PHA has such possession or use, the Contractor shall be relieved of the responsibility for (1) the loss of or damage to the work resulting from the PHA's possession or use, notwithstanding the terms of the clause entitled Permits and Codes herein; (2) all maintenance costs on the areas occupied; and, (3) furnishing heat, light, power, and water used in the areas occupied without proper remuneration therefore. If prior possession or use by the PHA delays the progress of the work or causes additional expense to the Contractor, an equitable adjustment shall be made in the contract price or the time of completion, and the contract shall be modified in writing accordingly.

22. Warranty of Title

The Contractor warrants good title to all materials, supplies, and equipment incorporated in the work and agrees to deliver the premises together with all improvements thereon free from any claims, liens or charges, and agrees further that neither it nor any other person, firm or corporation shall have any right to a lien upon the premises or anything appurtenant thereto.

23. Warranty of Construction

(a) In addition to any other warranties in this contract, the Contractor warrants, except as provided in paragraph (j) of this clause, that work performed under this contract conforms to the contract requirements and is free of any defect in equipment, material, or workmanship performed by the Contractor or any subcontractor or supplier at any tier. This warranty shall continue for a period of _____ (one year unless otherwise indicated) from the date of final acceptance of the work. If the PHA takes possession of any part of the work before final acceptance, this warranty shall continue for a period of (one year unless otherwise indicated) from the date that the PHA takes possession.

(b) The Contractor shall remedy, at the Contractor's expense, any failure to conform, or any defect. In addition, the Contractor shall remedy, at the Contractor's expense, any damage to PHA-owned or controlled real or personal property when the damage is the result of—
  (1) The Contractor's failure to conform to contract requirements; or
  (2) Any defects of equipment, material, workmanship or design furnished by the Contractor.

(c) The Contractor shall restore any work damaged in fulfilling the terms and conditions of this clause. The Contractor's warranty with respect to work repaired or replaced will run for (one year unless otherwise indicated) from the date of repair or replacement.

(d) The Contracting Officer shall notify the Contractor, in writing, within a reasonable time after the discovery of any failure, defect or damage.

(e) If the Contractor fails to remedy any failure, defect, or damage within a reasonable time after receipt of notice, the PHA shall have the right to replace, repair or otherwise remedy the failure, defect, or damage at the Contractor's expense.

(f) With respect to all warranties, express or implied, from subcontractors, manufacturers, or suppliers for work performed and materials furnished under this contract, the Contractor shall:
  (1) Obtain all warranties that would be given in normal commercial practice;
  (2) Require all warranties to be executed in writing, for the benefit of the PHA; and,
  (3) Enforce all warranties for the benefit of the PHA.

(g) In the event the Contractor's warranty under paragraph (a) of this clause has expired, the PHA may bring suit at its own expense to enforce a subcontractor's, manufacturer's or supplier's warranty.

(h) Unless a defect is caused by the negligence of the Contractor or subcontractor or supplier at any tier, the Contractor shall not be liable for the repair of any defect of material or design furnished by the PHA nor for the repair of any damage that results from any defect in PHA furnished material or design.

(i) Notwithstanding any provisions herein to the contrary, the establishment of the time periods in paragraphs (a) and (c) above relate only to the specific obligation of the Contractor to correct the work, and have no relationship to the time within which its obligation to comply with the contract may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to its obligation other than specifically to correct the work.

(j) This warranty shall not limit the PHA's rights under the Inspection and Acceptance of Construction clause of this contract with respect to latent defects, gross mistakes or fraud.

24. Prohibition Against Liens

The Contractor is prohibited from placing a lien on the PHA's property. This prohibition shall apply to all subcontractors at any tier and all materials suppliers.

Administrative Requirements

25. Contract Period

The Contractor shall complete all work required on this contract within calendar days of the effective date of the contract, or within the time schedule established in the notice to proceed issued by the Contracting Officer.

26. Order of Provisions

In the event of a conflict between these General Conditions and the Specifications, the General Conditions shall prevail. In the event of a conflict between the contract and any applicable state or local law or regulation, the state or local law or regulation shall prevail; provided that such state or local law or regulation does not conflict with, or is less restrictive than applicable federal law, regulation, or Executive Order. In the event of such a conflict, applicable federal law, regulation, and Executive Order shall prevail.

27. Payments

(a) The PHA shall pay the Contractor the price as provided in this contract.

(b) The PHA shall make progress payments approximately every 30 days as the work proceeds, on estimates of work accomplished which meets the standards of quality established under the contract, as approved by the Contracting Officer. The PHA may, subject to written determination and approval of the Contracting Officer, make more frequent payments to contractors which are qualified small businesses.

(c) Before the first progress payment under this contract, the Contractor shall furnish, in such detail as requested by the Contracting Officer, a breakdown of the total contract price showing the amount included therein for each principal category of the work, which shall substantiate the payment amount requested in order to provide a basis for determining progress payments. The breakdown shall be approved by the Contracting Officer and must be acceptable to HUD. If the contract covers more than one project, the Contractor shall furnish a separate breakdown for each. The values and quantities employed in making up this breakdown are for determining the amount of progress payments and shall not be construed as a basis for additions to or deductions from the contract price. The Contractor shall prorate its overhead and profit over the construction period of the contract.

(d) The Contractor shall submit, on forms provided by the PHA, periodic estimates showing the value of the work performed during each period based upon the approved breakdown of the contract price. Such estimates shall be submitted not later than _____ days in advance of the date set for payment and are subject to correction and revision as required. The estimates must be approved by the Contracting Officer with the concurrence of the Architect prior to payment. If the contract covers more than one project, the Contractor shall furnish a separate progress payment estimate for each.

(e) Along with each request for progress payments and the required estimates, the Contractor shall furnish the following certification, or payment shall not be made: I hereby certify, to the best of my knowledge and belief, that:

(1) The amounts requested are only for performance in accordance with the specifications, terms, and conditions of the contract;

(2) Payments to subcontractors and suppliers have been made from previous payments received under the contract, and timely payments will be made from the proceeds of the payment covered by this certification, in accordance with subcontract agreements; and,

(3) This request for progress payments does not include any amounts which the prime contractor intends to withhold or retain from a subcontractor or supplier in accordance with the terms and conditions of the subcontract.

_____

Name:

_____

Title:

_____

Date:

(f) Except as otherwise provided in State law, the PHA shall retain ten (10) percent of the amount of progress payments until completion and acceptance of all work under the contract; except, that if upon completion of 50 percent of the work, the Contracting Officer, after consulting with the Architect, determines that the Contractor's performance and progress are satisfactory, the PHA may make the remaining payments in full for the work subsequently completed. If the Contracting Officer subsequently determines that the Contractor's performance and progress are unsatisfactory, the PHA shall reinstate the ten (10) percent (or other percentage as provided in State law) retainage until such time as the Contracting Officer determines that performance and progress are satisfactory.

(g) The Contracting Officer may authorize material delivered on the site and preparatory work done to be taken into consideration when computing progress payments.

Material delivered to the Contractor at locations other than the site may also be taken into consideration if the Contractor furnishes satisfactory evidence that (1) it has acquired title to such material; (2) the material is properly stored in a bonded warehouse, storage yard, or similar suitable place as may be approved by the Contracting Officer; (3) the material is insured to cover its full value; and (4) the material will be used to perform this contract. Before any progress payment which includes delivered material is made, the Contractor shall furnish such documentation as the Contracting Officer may require to assure the protection of the PHA's interest in such materials. The Contractor shall remain responsible for such stored material notwithstanding the transfer of title to the PHA.

(h) All material and work covered by progress payments made shall, at the time of payment become the sole property of the PHA, but this shall not be construed as (1) relieving the Contractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work; or, (2) waiving the right of the PHA to require the fulfillment of all of the terms of the contract. In the event the work of the Contractor has been damaged by other contractors or persons other than employees of the PHA in the course of their employment, the Contractor shall restore such damaged work without cost to the PHA and to seek redress for its damage only from those who directly caused it.

(i) The PHA shall make the final payment due the Contractor under this contract after (1) completion and final acceptance of all work; and (2) presentation of release of all claims against the PHA arising by virtue of this contract, other than claims, in stated amounts, that the Contractor has specifically excepted from the operation of the release. Each such exception shall embrace no more than one claim, the basis and scope of which shall be clearly defined. The amounts for such excepted claims shall not be included in the request for final payment. A release may also be required of the assignee if the Contractor's claim to amounts payable under this contract has been assigned.

(j) Prior to making any payment, the Contracting Officer may require the Contractor to furnish receipts or other evidence of payment from all persons performing work and supplying material to the Contractor, if the Contracting Officer determines such evidence is necessary to substantiate claimed costs.

(k) The PHA shall not; (1) determine or adjust any claims for payment or disputes arising there under between the Contractor and its subcontractors or material suppliers; or, (2) withhold any moneys for the protection of the subcontractors or material suppliers. The failure or refusal of the PHA to withhold moneys from the Contractor shall in nowise impair the obligations of any surety or sureties under any bonds furnished under this contract.

28. Contract Modifications

(a) Only the Contracting Officer has authority to modify any term or condition of this contract. Any contract modification shall be authorized in writing.

(b) The Contracting Officer may modify the contract unilaterally (1) pursuant to a specific authorization stated in a contract clause (e.g., Changes); or (2) for administrative matters which do not change the rights or responsibilities of the parties (e.g., change in the PHA address). All other contract modifications shall be in the form of supplemental agreements signed by the Contractor and the Contracting Officer.

(c) When a proposed modification requires the approval of HUD prior to its issuance (e.g., a change order that exceeds the PHA's approved threshold), such modification shall not be effective until the required approval is received by the PHA.

29. Changes

(a) The Contracting Officer may, at any time, without notice to the sureties, by written order designated or indicated to be a change order, make changes in the work within the general scope of the contract including changes:
(1)In the specifications (including drawings and designs);
(2)In the method or manner of performance of the work;
(3) PHA-furnished facilities, equipment, materials, services, or site; or,
(4) Directing the acceleration in the performance of the work.

(b) Any other written order or oral order (which, as used in this paragraph (b), includes direction, instruction, interpretation, or determination) from the Contracting Officer that causes a change shall be treated as a change order under this clause; provided, that the Contractor gives the Contracting Officer written notice stating (1) the date, circumstances and source of the order and (2) that the Contractor regards the order as a change order.

(c) Except as provided in this clause, no order, statement or conduct of the Contracting Officer shall be treated as a change under this clause or entitle the Contractor to an equitable adjustment.

(d) If any change under this clause causes an increase or decrease in the Contractor's cost of, or the time required for the performance of any part of the work under this contract, whether or not changed by any such order, the Contracting Officer shall make an equitable adjustment and modify the contract in writing. However, except for a adjustment based on defective specifications, no proposal for any change under paragraph (b) above shall be allowed for any costs incurred more than 20 days (5 days for oral orders) before the Contractor gives written notice as required. In the case of defective specifications for which the PHA is responsible, the equitable adjustment shall include any increased cost reasonably incurred by the Contractor in attempting to comply with the defective specifications.

(e) The Contractor must assert its right to an adjustment under this clause within 30 days after (1) receipt of a written change order under paragraph (a) of this clause, or (2) the furnishing of a written notice under paragraph (b) of this clause, by submitting a written statement describing the general nature and the amount of the proposal. If the facts justify it, the Contracting Officer may extend the period for submission. The proposal may be included in the notice required under paragraph (b) above. No proposal by the Contractor for an equitable adjustment shall be allowed if asserted after final payment under this contract.

(f) The Contractor's written proposal for equitable adjustment shall be submitted in the form of a lump sum proposal supported with an itemized breakdown of all increases and decreases in the contract in at least the following details:

(1) Direct Costs. Materials (list individual items, the quantity and unit cost of each, and the aggregate cost); Transportation and delivery costs associated with materials; Labor breakdowns by hours or unit costs (identified with specific work to be performed); Construction equipment exclusively necessary for the change; Costs of preparation and/ or revision to shop drawings resulting from the change; Worker's Compensation and Public Liability Insurance; Employment taxes under FICA and FUTA; and, Bond Costs when size of change warrants revision.

(2) Indirect Costs. Indirect costs may include overhead, general and administrative expenses, and fringe benefits not normally treated as direct costs.

(3) Profit. The amount of profit shall be negotiated and may vary according to the nature, extent, and complexity of the work required by the change. The allowability of the direct and indirect costs shall be determined in accordance with the Contract Cost Principles and Procedures for Commercial Firms in Part 31 of the Federal Acquisition Regulation (48 CFR 1-31), as implemented by HUD Handbook 2210.18, in effect on the date of this contract. The Contractor shall not be allowed a profit on the profit received by any subcontractor. Equitable adjustments for deleted work shall include a credit for profit and may include a credit for indirect costs. On proposals covering both increases and decreases in the amount of the contract, the application of indirect costs and profit shall be on the net-change in direct costs for the Contractor or subcontractor performing the work.

(g) The Contractor shall include in the proposal its request for time extension (if any), and shall include sufficient information and dates to demonstrate whether and to what extent the change will delay the completion of the contract in its entirety.

(h) The Contracting Officer shall act on proposals within 30 days after their receipt, or notify the Contractor of the date when such action will be taken.

(i) Failure to reach an agreement on any proposal shall be a dispute under the clause entitled Disputes herein. Nothing in this clause, however, shall excuse the Contractor from proceeding with the contract as changed.

(j) Except in an emergency endangering life or property, no change shall be made by the Contractor without a prior order from the Contracting Officer.

30. Suspension of Work

(a) The Contracting Officer may order the Contractor in writing to suspend, delay, or interrupt all or any part of the work of this contract for the period of time that the Contracting Officer determines appropriate for the convenience of the PHA.

(b) If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed, or interrupted (1) by an act of the Contracting Officer in the administration of this contract, or (2) by the Contracting Officer's failure to act within the time specified (or within a reasonable time if not specified) in this contract an adjustment shall be made for any increase in the cost of performance of the contract (excluding profit) necessarily caused by such unreasonable suspension, delay, or interruption and the contract modified in writing accordingly. However, no adjustment shall be made under this clause for any suspension, delay, or interruption to the extent that performance would have been so suspended, delayed, or interrupted by any other cause, including the fault or negligence of the Contractor or for which any equitable adjustment is provided for or excluded under any other provision of this contract.

(c) A claim under this clause shall not be allowed (1) for any costs incurred more than 20 days before the Contractor shall have notified the Contracting Officer in writing of the act or failure to act involved (but this requirement shall not apply as to a claim resulting from a suspension order); and, (2) unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of the suspension, delay, or interruption, but not later than the date of final payment under the contract.

31. Disputes

(a) "Claim," as used in this clause, means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating to the contract. A claim arising under the contract, unlike a claim relating to the contract, is a claim that can be resolved under a contract clause that provides for the relief sought by the claimant. A voucher, invoice, or other routine request for payment that is not in dispute when submitted is not a claim. The submission may be converted to a claim by complying with the requirements of this clause, if it is disputed either as to liability or amount or is not acted upon in a reasonable time.

(b) Except for disputes arising under the clauses entitled Labor Standards - Davis Bacon and Related Acts, herein, all disputes arising under or relating to this contract, including any claims for damages for the alleged breach thereof which are not disposed of by agreement, shall be resolved under this clause.

(c) All claims by the Contractor shall be made in writing and submitted to the Contracting Officer for a written decision. A claim by the PHA against the Contractor shall be subject to a written decision by the Contracting Officer.

(d) The Contracting Officer shall, within 60 (unless otherwise indicated) days after receipt of the request, decide the claim or notify the Contractor of the date by which the decision will be made.

(e) The Contracting Officer's decision shall be final unless the Contractor (1) appeals in writing to a higher level in the PHA in accordance with the PHA's policy and procedures, (2) refers the appeal to an independent mediator or arbitrator, or (3) files suit in a court of competent jurisdiction. Such appeal must be made within (30 unless otherwise indicated) days after receipt of the Contracting Officer's decision.

(f) The Contractor shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under or relating to the contract, and comply with any decision of the Contracting Officer.

32. Default

(a) If the Contractor refuses or fails to prosecute the work, or any separable part thereof, with the diligence that will insure its completion within the time specified in this contract, or any extension thereof, or fails to complete said work within this time, the Contracting Officer may, by written notice to the Contractor, terminate the right to

proceed with the work (or separable part of the work) that has been delayed. In this event, the PHA may take over the work and complete it, by contract or otherwise, and may take possession of and use any materials, equipment, and plant on the work site necessary for completing the work. The Contractor and its sureties shall be liable for any damage to the PHA resulting from the Contractor's refusal or failure to complete the work within the specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the PHA in completing the work.

(b) The Contractor's right to proceed shall not be terminated or the Contractor charged with damages under this clause if—

(1) The delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (i) acts of God, or of the public enemy, (ii) acts of the PHA or other governmental entity in either its sovereign or contractual capacity, (iii) acts of another contractor in the performance of a contract with the PHA, (iv) fires, (v) floods, (vi) epidemics, (vii) quarantine restrictions, (viii) strikes, (ix) freight embargoes, (x) unusually severe weather, or (xi) delays of subcontractors or suppliers at any tier arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and the subcontractors or suppliers; and

(2) The Contractor, within days (10 days unless otherwise indicated) from the beginning of such delay (unless extended by the Contracting Officer) notifies the Contracting Officer in writing of the causes of delay. The Contracting Officer shall ascertain the facts and the extent of the delay. If, in the judgment of the Contracting Officer, the findings of fact warrant such action, time for completing the work shall be extended by written modification to the contract. The findings of the Contracting Officer shall be reduced to a written decision which shall be subject to the provisions of the Disputes clause of this contract.

(c) If, after termination of the Contractor's right to proceed, it is determined that the Contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been for convenience of the PHA.

33. Liquidated Damages

(a) If the Contractor fails to complete the work within the time specified in the contract, or any extension, as specified in the clause entitled Default of this contract, the Contractor shall pay to the PHA as liquidated damages, the sum of $_____Contracting Officer insert amount] for each day of delay. If different completion dates are specified in the contract for separate parts or stages of the work, the amount of liquidated damages shall be assessed on those parts or stages which are delayed. To the extent that the Contractor's delay or nonperformance is excused under another clause in this contract, liquidated damages shall not be due the PHA. The Contractor remains liable for damages caused other than by delay.

(b) If the PHA terminates the Contractor's right to proceed, the resulting damage will consist of liquidated damages until such reasonable time as may be required for final completion of the work together with any increased costs occasioned the PHA in completing the work.

(c) If the PHA does not terminate the Contractor's right to proceed, the resulting damage will consist of liquidated damages until the work is completed or accepted..

34. Termination for Convenience

(a) The Contracting Officer may terminate this contract in whole, or in part, whenever the Contracting Officer determines that such termination is in the best interest of the PHA. Any such termination shall be effected by delivery to the Contractor of a Notice of Termination specifying the extent to which the performance of the work under the contract is terminated, and the date upon which such termination becomes effective.

(b) If the performance of the work is terminated, either in whole or in part, the PHA shall be liable to the Contractor for reasonable and proper costs resulting from such termination upon the receipt by the PHA of a properly presented claim setting out in detail: (1) the total cost of the work performed to date of termination less the total amount of contract payments made to the Contractor; (2) the cost (including reasonable profit) of settling and paying claims under subcontracts and material orders for work performed and materials and supplies delivered to the site, payment for which has not been made by the PHA to the Contractor or by the Contractor to the subcontractor or supplier; (3) the cost of preserving and protecting the work already performed until the PHA or assignee takes possession thereof or assumes responsibility therefore; (4) the actual or estimated cost of legal and accounting services reasonably necessary to prepare and present the termination claim to the PHA; and (5) an amount constituting a reasonable profit on the value of the work performed by the Contractor.

(c) The Contracting Officer will act on the Contractor's claim within days (60 days unless otherwise indicated) of receipt of the Contractor's claim.

(d) Any disputes with regard to this clause are expressly made subject to the provisions of the Disputes clause of this contract.

35. Assignment of Contract

The Contractor shall not assign or transfer any interest in this contract; except that claims for monies due or to become due from the PHA under the contract may be assigned to a bank, trust company, or other financial institution. Such assignments of claims shall only be made with the written concurrence of the Contracting Officer. If the Contractor is a partnership, this contract shall inure to the benefit of the surviving or remaining member(s) of such partnership as approved by the Contracting Officer.

36. Insurance

(a) Before commencing work, the Contractor and each subcontractor shall furnish the PHA with certificates of insurance showing the following insurance is in force and will insure all operations under the Contract:

(1) Workers' Compensation, in accordance with state or Territorial Workers' Compensation laws.

(2) Commercial General Liability with a combined single limit for bodily injury and property damage of not less than $ _____ [Contracting Officer insert amount]

per occurrence to protect the Contractor and each subcontractor against claims for bodily injury or death and damage to the property of others. This shall cover the use of all equipment, hoists, and vehicles on the site(s) not covered by Automobile Liability under (3) below. If the Contractor has a made" policy, then the following additional requirements apply: the policy must provide a "retroactive date" which must be on or before the execution date of the Contract; and the extended reporting period may not be less than five years following the completion date of the Contract.

(3) Automobile Liability on owned and non -owned motor vehicles used on the site(s) or in connection therewith for a combined single limit for bodily injury and property damage of not less than $ _____ [Contracting Officer insert amount] per occurrence.

(b) Before commencing work, the Contractor shall furnish the PHA with a certificate of insurance evidencing that Builder's Risk (fire and extended coverage) Insurance on all work in place and/or materials stored at the building site(s), including foundations and building equipment, is in force. The Builder's Risk Insurance shall be for the benefit of the Contractor and the PHA as their interests may appear and each shall be named in the policy or policies as an insured. The Contractor in installing equipment supplied by the PHA shall carry insurance on such equipment from the time the Contractor takes possession thereof until the Contract work is accepted by the PHA. The Builder's Risk Insurance need not be carried on excavations, piers, footings, or foundations until such time as work on the superstructure is started. It need not be carried on landscape work. Policies shall furnish coverage at all times for the full cash value of all completed construction, as well as materials in place and/or stored at the site(s), whether or not partial payment has been made by the PHA. The Contractor may terminate this insurance on buildings as of the date taken over for occupancy by the PHA. The Contractor is not required to carry Builder's Risk Insurance for modernization work which does not involve structural alterations or additions and where the PHA's existing fire and extended coverage policy can be endorsed to include such work.

(c) All insurance shall be carried with companies which are financially responsible and admitted to do business in the State in which the project is located. If any such insurance is due to expire during the construction period, the Contractor (including subcontractors, as applicable) shall not permit the coverage to lapse and shall furnish evidence of coverage to the Contracting Officer. All certificates of insurance, as evidence of coverage, shall provide that no coverage may be canceled or non-renewed by the insurance company until at least 30 days prior written notice has been given to the Contracting Officer.

37. Subcontracts

(a) Definitions. As used in this contract -

(1) "Subcontract" means any contract, purchase order, or other purchase agreement, including modifications and change orders to the foregoing, entered into by a subcontractor to furnish supplies, materials, equipment, and services for the performance of the prime contract or a subcontract.

(2) "Subcontractor" means any supplier, vendor, or firm that furnishes supplies, materials, equipment, or services to or for the Contractor or another subcontractor.

(b) The Contractor shall not enter into any subcontract with any subcontractor who has been temporarily denied participation in a HUD program or who has been suspended or debarred from participating in contracting programs by any agency of the United States Government or of the state in which the work under this contract is to be performed.

(c) The Contractor shall be as fully responsible for the acts or omissions of its subcontractors, and of persons either directly or indirectly employed by them as for the acts or omissions of persons directly employed by the Contractor.

(d) The Contractor shall insert appropriate clauses in all subcontracts to bind subcontractors to the terms and conditions of this contract insofar as they are applicable to the work of subcontractors.

(e) Nothing contained in this contract shall create any contractual relationship between any subcontractor and the PHA or between the subcontractor and HUD.

38. Subcontracting with Small and Minority Firms, Women's Business Enterprise, and Labor Surplus Area Firms

The Contractor shall take the following steps to ensure that, whenever possible, subcontracts are awarded to small business firms, minority firms, women's business enterprises, and labor surplus area firms:

(a) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

(b) Ensuring that small and minority businesses and women's business enterprises are solicited whenever they are potential sources;

(c) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses and women's business enterprises;

(d) Establishing delivery schedules, where the requirements of the contract permit, which encourage participation by small and minority businesses and women's business enterprises; and

(e) Using the services and assistance of the U.S. Small Business Administration, the Minority Business Development Agency of the U.S. Department of Commerce, and State and local governmental small business agencies.

39. Equal Employment Opportunity

During the performance of this contract, the Contractor agrees as follows:

(a) The Contractor shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, or handicap.

(b) The Contractor shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, national origin, or handicap. Such action shall include, but not be limited to, (1) employment, (2) upgrading, (3) demotion, (4) transfer, (5) recruitment or recruitment advertising, (6) layoff or termination, (7) rates of pay or other forms of compensation, and (8) selection for training, including apprenticeship.

(c) The Contractor shall post in conspicuous places available to employees and applicants for employment the notices to be provided by the Contracting Officer that explain this clause.

(d) The Contractor shall, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, or handicap.

(e) The Contractor shall send, to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, the notice to be provided by the Contracting Officer advising the labor union or workers' representative of the Contractor's commitments under this clause, and post copies of the notice in conspicuous places available to employees and applicants for employment.

(f) The Contractor shall comply with Executive Order 11246, as amended, and the rules, regulations, and orders of the Secretary of Labor.

(g) The Contractor shall furnish all information and reports required by Executive Order 11246, as amended, Section 503 of the Rehabilitation Act of 1973, as amended, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto. The Contractor shall permit access to its books, records, and accounts by the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(h) In the event of a determination that the Contractor is not in compliance with this clause or any rule, regulation, or order of the Secretary of Labor, this contract may be canceled, terminated, or suspended in whole or in part, and the Contractor may be declared ineligible for further Government contracts, or Federally assisted construction contracts under the procedures authorized in Executive Order 11246, as amended. In addition, sanctions may be imposed and remedies invoked against the Contractor as provided in Executive Order 11246, as amended, the rules, regulations, and orders of the Secretary of Labor, or as otherwise provided by law.

(i) The Contractor shall include the terms and conditions of this clause in every subcontract or purchase order unless exempted by the rules, regulations, or orders of the Secretary of Labor issued under Executive Order 11246, as amended, so that these terms and conditions will be binding upon each subcontractor or vendor. The Contractor shall take such action with respect to any subcontract or purchase order as the Secretary of Housing and Urban Development or the Secretary of Labor may direct as a means of enforcing such provisions, including sanctions for noncompliance; provided that if the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the Contractor may request the United States to enter into the litigation to protect the interests of the United States.

(j) Compliance with the requirements of this clause shall be to the maximum extent consistent with, but not in derogation of, compliance with section 7(b) of the Indian Self-Determination and Education Assistance Act and the Indian Preference clause of this contract.

40. Employment, Training, and Contracting Opportunities for Low-Income Persons, Section 3 of the Housing and Urban Development Act of 1968.

(a) The work to be performed under this contract is subject to the requirements of section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u (section 3). The purpose of section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.

(b) The parties to this contract agree to comply with HUD's regulations in 24 CFR Part 135, which implement section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the Part 135 regulations.

(c) The contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

(d) The contractor agrees to include this section 3 clause in every subcontract subject to compliance with regulations in 24 CFR Part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 CFR Part 135. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR Part 135.

(e) The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR Part 135 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 CFR Part 135.

(f) Noncompliance with HUD's regulations in 24 CFR Part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

(g) With respect to work performed in connection with section 3 covered Indian housing assistance, section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450e) also applies to the work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible (i) preference and opportunities for training and employment shall be given to Indians, and (ii) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of section 3 and section 7(b)agree to comply with section 3 to the maximum extent feasible, but not in derogation of compliance with section 7(b).

41. Interest of Members of Congress

No member of or delegate to the Congress of the United States of America shall be admitted to any share or part of this contract or to any benefit that may arise therefrom.

42. Interest of Members, Officers, or Employees and Former Members, Officers, or Employees

No member, officer, or employee of the PHA, no member of the governing body of the locality in which the project is situated, no member of the governing body of the locality in which the PHA was activated, and no other public official of such locality or localities who exercises any functions or responsibilities with respect to the project, shall, during his or her tenure, or for one year thereafter, have any interest, direct or indirect, in this contract or the proceeds thereof.

43. Limitations on Payments made to Influence Certain Federal Financial Transactions

(a) The Contractor agrees to comply with Section 1352 of Title 31, United States Code which prohibits the use of Federal appropriated funds to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, and officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered Federal actions: the awarding of any Federal contract, the making of any Federal grant; the making of any Federal loan; the entering into of any cooperative agreement; or the modification of any Federal contract, grant, loan, or cooperative agreement.

(b) The Contractor further agrees to comply with the requirement of the Act to furnish a disclosure (OMB Standard Form LLL, Disclosure of Lobbying Activities) if any funds other than Federal appropriated funds (including profit or fee received under a covered Federal transaction) have been paid, or will be paid, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a Federal contract, grant, loan, or cooperative agreement.

44. Royalties and Patents

The Contractor shall pay all royalties and license fees. It shall defend all suits or claims for infringement of any patent rights and shall save the PHA harmless from loss on account thereof; except that the PHA shall be responsible for all such loss when a particular design, process or the product of a particular manufacturer or manufacturers is specified and the Contractor has no reason to believe that the specified design, process, or product is an infringement. If, however, the Contractor has reason to believe that any design, process or product specified is an infringement of a patent, the Contractor shall promptly notify the Contracting Officer. Failure to give such notice shall make the Contractor responsible for resultant loss.

45. Examination and Retention of Contractor's Records

(a) The PHA, HUD, or Comptroller General of the United States, or any of their duly authorized representatives shall, until 3 years after final payment under this contract, have access to and the right to examine any of the Contractor's directly pertinent books, documents, papers, or other records involving transactions related to this contract for the purpose of making audit, examination, excerpts, and transcriptions.

(b) The Contractor agrees to include in first-tier subcontracts under this contract a clause substantially the same as paragraph (a) above. "Subcontract," as used in this clause, excludes purchase orders not exceeding $10,000.

(c) The periods of access and examination in paragraphs (a) and (b) above for records relating to (1) appeals under the Disputes clause of this contract, (2) litigation or settlement of claims arising from the performance of this contract, or (3) costs and expenses of this contract to which the PHA, HUD, or Comptroller General or any of their duly authorized representatives has taken exception shall continue until disposition of such appeals, litigation, claims, or exceptions.

46. Labor Standards - Davis-Bacon and Related Acts

If the total amount of this contract exceeds $2,000, the Federal labor standards set forth in the clause below shall apply to the development or construction work to be performed under the contract.

(a) Minimum Wages.

(1) All laborers and mechanics employed under this contract in the development or construction of the project(s) involved will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the Contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under Section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of 29 CFR 5.5(a)(1)(iv); also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the regular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits in the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein; provided, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under 29 CFR 5.5(a)(1)(ii) and the Davis-Bacon poster (WH-1321) shall

be posted at all times by the Contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(2) (i) Any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. HUD shall approve an additional classification and wage rate and fringe benefits therefor only when all the following criteria have been met: (A) The work to be performed by the classification requested is not performed by a classification in the wage determination; and (B) The classification is utilized in the area by the construction industry; and (C) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(ii) If the Contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and HUD or its designee agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by HUD or its designee to the Administrator of the Wage and Hour Division, Employee Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary.

(iii) In the event the Contractor, the laborers or mechanics to be employed in the classification or their representatives, and HUD or its designee do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), HUD or its designee shall refer the questions, including the views of all interested parties and the recommendation of HUD or its designee, to the Administrator of the Wage and Hour Division for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary.

(iv) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (a)(2)(ii) or (iii) of this clause shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in classification.

(3) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the Contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(4) If the Contractor does not make payments to a trustee or other third person, the Contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program; provided, that the Secretary of Labor has found, upon the written request of the Contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(b) Withholding of funds. HUD or its designee shall, upon its own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the Contractor under this contract or any other Federal contract with the same prime Contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime Contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working in the construction or development of the project, all or part of the wages required by the contract, HUD or its designee may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased. HUD or its designee may, after written notice to the Contractor, disburse such amounts withheld for and on account of the Contractor or subcontractor to the respective employees to whom they are due.

(c) Payrolls and basic records.

(1) Payrolls and basic records relating thereto shall be maintained by the Contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working in the construction or development of the project. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made, and actual wages paid. Whenever the Secretary of Labor has found, under 29 CFR 5.5(a)(1)(iv), that the wages of any laborer or mechanic include the amount of costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the Contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(2) (i) The Contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Contracting Officer for transmission to HUD or its designee. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under subparagraph (c)(1) of this clause. This information may be submitted in any form desired. Optional Form WH-347 (Federal Stock Number 029-005-00014-1) is available for this purpose and may be purchased from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. The Contractor is responsible for the submission of copies of payrolls by all subcontractors. (Approved by the Office of Management and Budget under OMB Control Number 1214-0149.)

(ii) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the Contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(A) That the payroll for the payroll period contains the information required to be maintained under paragraph (c) (1) of this clause and that such information is correct and complete;

(B) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR Part 3; and

(C) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(iii) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirements for submission of the "Statement of Compliance" required by subparagraph (c)(2)(ii) of this clause.

(iv) The falsification of any of the above certifications may subject the Contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 3729 of Title 31 of the United States Code.

(3) The Contractor or subcontractor shall make the records required under subparagraph (c)(1) available for inspection, copying, or transcription by authorized representatives of HUD or its designee, the Contracting Officer, or the Department of Labor and shall permit such representatives to interview employees during working hours on the job. If the Contractor or subcontractor fails to submit the required records or to make them available, HUD or its designee may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(d) (1) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship and Training, Employer and Labor Services (OATELS), or with a State Apprenticeship Agency recognized by OATELS, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by OATELS or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the Contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in this paragraph, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the Contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator of the Wage and Hour Division determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event OATELS, or a State Apprenticeship Agency recognized by OATELS, withdraws approval of an apprenticeship program, the Contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(2) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under

the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed in the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate in the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate in the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate in the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the Contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(3) Equal employment opportunity. The utilization of apprentices, trainees, and journeymen under this clause shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

(e) Compliance with Copeland Act requirements. The Contractor shall comply with the requirements of 29 CFR Part 3, which are hereby incorporated by reference in this contract.

(f) Contract termination; debarment. A breach of this contract clause may be grounds for termination of the contract and for debarment as a Contractor and a subcontractor as provided in 29 CFR 5.12.

(g) Compliance with Davis-Bacon and related Act requirements. All rulings and interpretations of the Davis-Bacon and related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract.

(h) Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this clause shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the Contractor (or any of its subcontractors) and the PHA, HUD, the U.S. Department of Labor, or the employees or their representatives.

(i) Certification of eligibility.

(1) By entering into this contract, the Contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the Contractor's firm is a person or firm ineligible to be awarded contracts by the United States Government by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(2) No part of this contract shall be subcontracted to any person or firm ineligible for award of a United States Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(3) The penalty for making false statements is prescribed in the U. S. Criminal Code, 18 U.S.C. 1001.

(j) Contract Work Hours and Safety Standards Act. As used in this paragraph, the terms "laborers" and "mechanics" include watchmen and guards.

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics, including watchmen and guards, shall require or permit any such laborer or mechanic in any workweek in which the individual is employed on such work to work in excess of 40 hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of 40 hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the provisions set forth in subparagraph (j)(1) of this clause, the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic (including watchmen and guards) employed in violation of the provisions set forth in subparagraph (j)(1) of this clause, in the sum of $10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of 40 hours without payment of the overtime wages required by provisions set forth in subparagraph (j)(1) of this clause.

(3) Withholding for unpaid wages and liquidated damages. HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any Federal contract with the same prime Contractor, or any other Federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for unpaid wages and liquidated damages as provided in the provisions set forth in subparagraph (j)(2) of this clause.

(k) Subcontracts. The Contractor or subcontractor shall insert in any subcontracts all the provisions contained in this clause, and such other clauses as HUD or its designee may by appropriate instructions require, and also a clause requiring the subcontractors to include these provisions in any lower tier subcontracts. The prime Contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all these provisions.

47. Non-Federal Prevailing Wage Rates

(a) Any prevailing wage rate (including basic hourly rate and any fringe benefits), determined under State or tribal law to be prevailing, with respect to any employee in any trade or position employed under the contract, is inapplicable to the contract and shall not be enforced against the Contractor or any subcontractor, with respect to employees engaged under the contract whenever such non-Federal prevailing wage rate exceeds:
(1) The applicable wage rate determined by the Secretary of Labor pursuant to the Davis-Bacon Act (40 U.S.C. 3141 et seq.) to be prevailing in the locality with respect to such trade;
(b) An applicable apprentice wage rate based thereon specified in an apprenticeship program registered with the U.S. Department of Labor (DOL) or a DOL-recognized State Apprenticeship Agency; or
(c) An applicable trainee wage rate based thereon specified in a DOL-certified trainee program.

48. Procurement of Recovered Materials.

(a) In accordance with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act, the Contractor shall procure items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition. The Contractor shall procure items designated in the EPA guidelines that contain the highest percentage of recovered materials practicable unless the Contractor determines that such items: (1) are not reasonably available in a reasonable period of time; (2) fail to meet reasonable performance standards, which shall be determined on the basis of the guidelines of the National Institute of Standards and Technology, if applicable to the item; or (3) are only available at an unreasonable price.
(b) Paragraph (a) of this clause shall apply to items purchased under this contract where: (1) the Contractor purchases in excess of $10,000 of the item under this contract; or (2) during the preceding Federal fiscal year, the Contractor: (i) purchased any amount of the items for use under a contract that was funded with Federal appropriations and was with a Federal agency or a State agency or agency of a political subdivision of a State; and (ii) purchased a total of in excess of $10,000 of the item both under and outside that contract.

1. Certificate of Independent Price Determination

(a) The bidder certifies that--

(1) The prices in this bid have been arrived at independently, without, for the purpose of restricting competition, any consultation, communication, or agreement with any other bidder or competitor relating to (i) those prices, (ii) the intention to submit a bid, or (iii) the methods or factors used to calculate the prices offered;

(2) The prices in this bid have not been and will not be knowingly disclosed by the bidder, directly or indirectly, to any other bidder or competitor before bid opening (in the case of a sealed bid solicitation) or contract award (in the case of a competitive proposal solicitation) unless otherwise required by law; and

(3) No attempt has been made or will be made by the bidder to induce any other concern to submit or not to submit a bid for the purpose of restricting competition.

(b) Each signature on the bid is considered to be a certification by the signatory that the signatory--

(1) Is the person in the bidder's organization responsible for determining the prices being offered in this bid or proposal, and that the signatory has not participated and will not participate in any action contrary to subparagraphs (a)(I) through (a)(3) above; or

(2) (i) Has been authorized, in writing, to act as agent for the following principals in certifying that those principals have not participated, and will not participate in any action contrary to subparagraphs (a)(I) through (a)(3) above.

_____ [insert full name of person(s) in the bidder's organization responsible for determining the prices offered in this bid or proposal, and the title of his or her position in the bidder's organization];

(ii) As an authorized agent, does certify that the principals named in subdivision (b)(2)(i) above have not participated, and will not participate, in any action contrary to subparagraphs (a)(1) through (a)(3) above; and

(iii) As an agent, has not personally participated, and will not participate in any action contrary to subparagraphs (a)(1) through (a)(3) above.

(c) If the bidder deletes or modifies subparagraph (a)2 above, the bidder must furnish with its bid a signed statement setting forth in detail the circumstances of the disclosure.

[ ] [Contracting Officer check if following paragraph is applicable]

(d) Non-collusive affidavit. (applicable to contracts for construction and equipment exceeding $50,000)

(1) Each bidder shall execute, in the form provided by the PHA/IHA, an affidavit to the effect that he/she has not colluded with any other person, firm or corporation in regard to any bid submitted in response to this solicitation. If the successful bidder did not submit the affidavit with his/her bid, he/she must submit it within three (3) working days of bid opening. Failure to submit the affidavit by that date may render the bid nonresponsive. No contract award will be made without a properly executed affidavit.

(2) A fully executed "Non-collusive Affidavit" [ ] is, [ ] is not included with the bid.

2. Contingent Fee Representation and Agreement

(a) Definitions. As used in this provision:

"Bona fide employee" means a person, employed by a bidder and subject to the bidder's supervision and control as to time, place, and manner of performance, who neither exerts, nor proposes to exert improper influence to solicit or obtain contracts nor holds out as being able to obtain any contract(s) through improper influence.

"Improper influence" means any influence that induces or tends to induce a PHA/IHA employee or officer to give consideration or to act regarding a PHA/IHA contract on any basis other than the merits of the matter.

(b) The bidder represents and certifies as part of its bid that, except for full-time bona fide employees working solely for the bidder, the bidder:

(1) [ ] has, [ ] has not employed or retained any person or company to solicit or obtain this contract; and

(2) [ ] has, [ ] has not paid or agreed to pay to any person or company employed or retained to solicit or obtain this contract any commission, percentage, brokerage, or other fee contingent upon or resulting from the award of this contract.

(c) If the answer to either (a)(1) or (a)(2) above is affirmative, the bidder shall make an immediate and full written disclosure to the PHA/IHA Contracting Officer.

(d) Any misrepresentation by the bidder shall give the PHA/IHA the right to (1) terminate the contract; (2) at its discretion, deduct from contract payments the amount of any commission, percentage, brokerage, or other contingent fee; or (3) take other remedy pursuant to the contract.

3. Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions (applicable to contracts exceeding $100,000)

(a) The definitions and prohibitions contained in Section 1352 of title 31, United States Code, are hereby incorporated by reference in paragraph (b) of this certification.

(b) The bidder, by signing its bid, hereby certifies to the best of his or her knowledge and belief as of December 23, 1989 that:

(1) No Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with the awarding of a contract resulting from this solicitation;

(2) If any funds other than Federal appropriated funds (including profit or fee received under a covered Federal transaction) have been paid, or will be paid, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with this solicitation, the bidder shall complete and submit, with its bid, OMB standard form LLL, "Disclosure of Lobbying Activities;" and

(3) He or she will include the language of this certification in all subcontracts at any tier and require that all recipients of subcontract awards in excess of $100,000 shall certify and disclose accordingly.

(c) Submission of this certification and disclosure is a prerequisite for making or entering into this contract imposed by section 1352, title 31, United States Code. Any person who makes an expenditure prohibited under this provision or who fails to file or amend the disclosure form to be filed or amended by this provision, shall be subject to a civil penalty of not less than $10,000, and not more than $100,000, for each such failure.

(d) Indian tribes (except those chartered by States) and Indian organizations as defined in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450B) are exempt from the requirements of this provision.

4. Organizational Conflicts of Interest Certification

The bidder certifies that to the best of its knowledge and belief and except as otherwise disclosed, he or she does not have any organizational conflict of interest which is defined as a situation in which the nature of work to be performed under this proposed contract and the bidder's organizational, financial, contractual, or other interests may, without some restriction on future activities:

(a) Result in an unfair competitive advantage to the bidder; or,

(b) Impair the bidder's objectivity in performing the contract work.

[ ] In the absence of any actual or apparent conflict, I hereby certify that to the best of my knowledge and belief, no actual or apparent conflict of interest exists with regard to my possible performance of this procurement.

5. Bidder's Certification of Eligibility

(a) By the submission of this bid, the bidder certifies that to the best of its knowledge and belief, neither it, nor any person or firm which has an interest in the bidder's firm, nor any of the bidder's subcontractors, is ineligible to:

(1) Be awarded contracts by any agency of the United States Government, HUD, or the State in which this contract is to be performed; or,

(2) Participate in HUD programs pursuant to 24 CFR Part 24.

(b) The certification in paragraph (a) above is a material representation of fact upon which reliance was placed when making award. If it is later determined that the bidder knowingly rendered an erroneous certification, the contract may be terminated for default, and the bidder may be debarred or suspended from participation in HUD programs and other Federal contract programs.

6. Minimum Bid Acceptance Period

(a) "Acceptance period," as used in this provision, means the number of calendar days available to the PHA/IHA for awarding a contract from the date specified in this solicitation for receipt of bids.

(b) This provision supersedes any language pertaining to the acceptance period that may appear elsewhere in this solicitation.

(c) The PHA/IHA requires a minimum acceptance period of [Contracting Officer insert time period] calendar days.

(d) In the space provided immediately below, bidders may specify a longer acceptance period than the PHA's/IHA's minimum requirement. The bidder allows the following acceptance period: calendar days.

(e) A bid allowing less than the PHA's/IHA's minimum acceptance period will be rejected.

(f) The bidder agrees to execute all that it has undertaken to do, in compliance with its bid, if that bid is accepted in writing within (1) the acceptance period stated in paragraph (c) above or (2) any longer acceptance period stated in paragraph (d) above.

7. Small, Minority, Women-Owned Business Concern Representation

The bidder represents and certifies as part of its bid/ offer that it --

(a) [ ] is, [ ] is not a small business concern. "Small business concern," as used in this provision, means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding, and qualified as a small business under the criteria and size standards in 13 CFR 121.

(b) [ ] is, [ ] is not a women-owned business enterprise. "Women-owned business enterprise," as used in this provision, means a business that is at least 51 percent owned by a woman or women who are U.S. citizens and who also control and operate the business.

(c) [ ] is, [ ] is not a minority business enterprise. "Minority business enterprise," as used in this provision, means a business which is at least 51 percent owned or controlled by one or more minority group members or, in the case of a publicly owned business, at least 51 percent of its voting stock is owned by one or more minority group members, and whose management and daily operations are controlled by one or more such individuals. For the purpose of this definition, minority group members are:

(Check the block applicable to you)

[ ] Black Americans	[ ] Asian-Pacific Americans
[ ] Hispanic Americans	[ ] Asian Indian Americans
[ ] Native Americans	[ ] Hasidic Jewish Americans

8. Indian-Owned Economic Enterprise and Indian Organization Representation (applicable only if this solicitation is for a contract to be performed on a project for an Indian Housing Authority)

The bidder represents and certifies that it:

(a) [ ] is, [ ] is not an Indian-owned economic enterprise. "Economic enterprise," as used in this provision, means any commercial, industrial, or business activity established or organized for the purpose of profit, which is at least 51 percent Indian owned. "Indian," as used in this provision, means any person who is a member of any tribe, band, group, pueblo, or community which is recognized by the Federal Government as eligible for services from the Bureau of Indian Affairs and any "Native" as defined in the Alaska Native Claims Settlement Act.

(b) [ ] is, [ ] is not an Indian organization. "Indian organization," as used in this provision, means the governing body of any Indian tribe or entity established or recognized by such governing body. Indian "tribe" means any Indian tribe, band, group, pueblo, or

community including Native villages and Native groups (including corporations organized by Kenai, Juneau, Sitka, and Kodiak) as defined in the Alaska Native Claims Settlement Act, which is recognized by the Federal Government as eligible for services from the Bureau of Indian Affairs.

9. Certification of Eligibility Under the Davis-Bacon Act (applicable to construction contracts exceeding $2,000)

(a) By the submission of this bid, the bidder certifies that neither it nor any person or firm who has an interest in the bidder's firm is a person or firm ineligible to be awarded contracts by the United States Government by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(b) No part of the contract resulting from this solicitation shall be subcontracted to any person or firm ineligible to be awarded contracts by the United States Government by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(c) The penalty for making false statements is prescribed in the U. S. Criminal Code, 18 U.S.C. 1001.

10. Certification of Nonsegregated Facilities (applicable to contracts exceeding $10,000)

(a) The bidder's attention is called to the clause entitled **Equal Employment Opportunity** of the General Conditions of the Contract for Construction.

(b) "Segregated facilities," as used in this provision, means any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees, that are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, or national origin because of habit, local custom, or otherwise.

(c) By the submission of this bid, the bidder certifies that it does not and will not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not and will not permit its employees to perform their services at any location under its control where segregated facilities are maintained. The bidder agrees that a breach of this certification is a violation of the Equal Employment Opportunity clause in the contract.

(d) The bidder further agrees that (except where it has obtained identical certifications from proposed subcontractors for specific time periods) prior to entering into subcontracts which exceed $10,000 and are not exempt from the requirements of the Equal Employment Opportunity clause, it will:

(1) Obtain identical certifications from the proposed subcontractors;

(2) Retain the certifications in its files; and

(3) Forward the following notice to the proposed subcontractors (except if the proposed subcontractors have submitted identical certifications for specific time periods):

Notice to Prospective Subcontractors of Requirement for Certifications of Nonsegregated Facilities

A Certification of Nonsegregated Facilities must be submitted before the award of a subcontract exceeding $10,000 which is not exempt from the provisions of the Equal Employment Opportunity clause of the prime contract. The certification may be submitted either for each subcontract or for all subcontracts during a period (i.e., quarterly, semiannually, or annually).

Note: The penalty for making false statements in bids is prescribed in 18 U.S.C. 1001.

11. Clean Air and Water Certification (applicable to contracts exceeding $100,000)

The bidder certifies that:

(a) Any facility to be used in the performance of this contract [ ] is, [ ] is not listed on the Environmental Protection Agency List of Violating Facilities:

(b) The bidder will immediately notify the PHA/IHA Contracting Officer, before award, of the receipt of any communication from the Administrator, or a designee, of the Environmental Protection Agency, indicating that any facility that the bidder proposes to use for the performance of the contract is under consideration to be listed on the EPA List of Violating Facilities; and,

(c) The bidder will include a certification substantially the same as this certification, including this paragraph (c), in every nonexempt subcontract.

12. Previous Participation Certificate (applicable to construction and equipment contracts exceeding $50,000)

(a) The bidder shall complete and submit with his/her bid the Form HUD-2530, "Previous Participation Certificate." If the successful bidder does not submit the certificate with his/her bid, he/she must submit it within three (3) working days of bid opening. Failure to submit the certificate by that date may render the bid nonresponsive. No contract award will be made without a properly executed certificate.

(b) A fully executed "Previous Participation Certificate"

[ ] is, [ ] is not included with the bid.

13. Bidder's Signature

The bidder hereby certifies that the information contained in these certifications and representations is accurate, complete, and current.

ATTACHMENT "B"

EQUIPMENT LEASE/PURCHASE AGREEMENT

This Equipment Lease/Purchase Agreement (the *"Agreement"*) dated as of _____, and entered into between _____, a _____ [corporation] (*"Lessor"*), and MIAMI-DADE COUNTY, a political subdivision of the State of Florida (*"Lessee"*).

WITNESSETH:

WHEREAS, Lessee desires to lease and acquire from Lessor certain Equipment (as such term is defined herein), subject to the terms and conditions hereof;

WHEREAS, Lessee is authorized under the constitution, laws of the State of Florida and the Miami-Dade Home Rule Amendments and Charter to enter into this Agreement for the purposes set forth herein;

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, and in consideration of the premises hereinafter contained, the parties hereby agree as follows:

ARTICLE I

Section 1.01. Definitions. The following terms will have the meanings indicated below unless the context clearly requires otherwise:

"Acquisition Amount" means $_____. The Acquisition Amount is the amount represented by Lessee to be sufficient, together with proceeds from Lessee if any, to acquire the Equipment.

"Acquisition Fund" means the fund established and held by the Acquisition Fund Custodian pursuant to the Acquisition Fund Agreement, if any.

"Acquisition Fund Agreement" means the Acquisition Fund and Account Control Agreement in form and substance acceptable to and executed by Lessee, Lessor and the Acquisition Fund Custodian, pursuant to which an Acquisition Fund is established and administered.

"Acquisition Fund Custodian" means the Acquisition Fund Custodian identified in the Acquisition Fund Agreement, and its successors and assigns.

"Acquisition Period" means the period ending on _____.

"Agreement" means this Equipment Lease/Purchase Agreement, including the exhibits hereto, together with any amendments and modifications to the Agreement pursuant to Section 13.04.

"Code" means the Internal Revenue Code of 1986, as amended. Each reference to a Section of the Code herein shall be deemed to include the United States Treasury Regulations proposed or in effect thereunder.

"Commencement Date" means the date when Lessee's obligation to pay rent commences hereunder, which shall be the date on which the Acquisition Amount is deposited with the Acquisition Fund Custodian.

"Contract Rate" means the rate identified as such in the Payment Schedule.

"Equipment" means the property listed in the Equipment Schedule and all replacements, repairs, restorations, modifications and improvements thereof or thereto made pursuant to Section 8.01 or Article V. Whenever reference is made in this Agreement to Equipment, such reference shall be deemed to include all such replacements, repairs, restorations, modifications and improvements of or to such Equipment.

"Equipment Costs" means the total cost of the Equipment, including related costs such as freight, installation and taxes, capitalizable costs, and costs of issuance incurred in connection with the acquisition and/or financing of the Equipment.

"Equipment Schedule" means the equipment schedule attached hereto as Exhibit A and made a part hereof.

"Event of Default" means an Event of Default described in Section 12.01.

"Lease Term" means the Original Term and all Renewal Terms, with a final Renewal Term ending on _____.

"Lessee" means the entity referred to as Lessee in the first paragraph of this Agreement.

"Lessor" means (a) the entity referred to as Lessor in the first paragraph of this Agreement or (b) any assignee or transferee of any right, title or interest of Lessor in and to this Agreement, including the Equipment, the Rental Payments and other amounts due hereunder, pursuant to Section 11.01, or the Acquisition Fund, but does not include any entity solely by reason of that entity retaining or assuming any obligation of Lessor to perform hereunder.

"Material Adverse Change" means any change in Lessee's creditworthiness that could have a material adverse effect on (i) the financial condition or operations of Lessee, or (ii) Lessee's ability to perform its obligations under this Agreement

"Original Term" means the period from the Commencement Date until the end of the fiscal year of Lessee in effect at such Commencement Date.

"Payment Schedule" means the payment schedule attached hereto as Exhibit B and made a part hereof.

"Renewal Terms" means the renewal terms of this Agreement, each having a duration of one year and a term coextensive with Lessee's fiscal year.

"Rental Payments" means the basic rental payments payable by Lessee hereunder pursuant to Section 4.01, consisting of a principal component and an interest component.

"State" means the State of _____.

"Taxable Rate" means an interest rate equal to the Contract Rate plus a rate sufficient such that the total interest to be paid on any payment date would, after such interest was reduced by the amount of any Federal, state or local income tax (including any interest, penalties or additions to tax) actually imposed thereon, equal the amount of interest otherwise due to Lessor.

"Termination Value" means the amount provided in the Payment Schedule.

"Vendor" means the manufacturer, installer or supplier of the Equipment or any other person as well as the agents or dealers of the manufacturer, installer or supplier with whom Lessor arranged Lessee's acquisition, installation, maintenance and/or servicing of the Equipment.

"Vendor Agreement" means any contract entered into by Lessee and any Vendor for the acquisition, installation, maintenance and/or servicing of the Equipment.

ARTICLE II

Section 2.01. Representations and Covenants of Lessee. Lessee represents, covenants and warrants for the benefit of Lessor on the date hereof as follows:

(a) Lessee is Miami-Dade County, a political subdivision of the State within the meaning of Section 103(c) of the Code, duly organized and existing under the constitution and laws of the State], with full power and authority to enter into this Agreement and the transactions contemplated hereby and to perform all of its obligations hereunder.

(b) Lessee has duly authorized the execution and delivery of this Agreement and the Acquisition Fund Agreement by proper action of its governing body at a meeting duly called, regularly convened and attended throughout by the requisite quorum of the members thereof, or by other appropriate official approval, and all requirements have been met and procedures have occurred in order to ensure the validity and enforceability of this Agreement and the Acquisition Fund Agreement.

(c) No event or condition that constitutes, or with the giving of notice or the lapse of time or both would constitute, an Event of Default exists at the date hereof.

(d) Lessee will do or cause to be done all things necessary to preserve and keep in full force and effect its existence as a political subdivision of the State of Florida.

(e) Lessee has complied with such public bidding requirements as may be applicable to this Agreement and the acquisition by Lessee of the Equipment.

(f) During the Lease Term, the Equipment will be used by Lessee only for the purpose of performing essential governmental or proprietary functions of Lessee consistent with the permissible scope of Lessee's authority. Lessee does not intend to sell or otherwise dispose of the Equipment or any interest therein prior to the last Rental Payment (including all Renewal Terms) scheduled to be paid hereunder.

(g) Lessee has kept, and throughout the Lease Term shall keep, its books and records in accordance with generally accepted accounting principles and practices consistently applied, and shall deliver to Lessor (i) annual audited financial statements (including (1) a balance sheet, (2) statement of revenues, expenses and changes in fund balances for budget and actual, (3) statement of cash flows, and (4) footnotes, schedules and attachments to the financial statements) within 210 days of its fiscal year end, (ii) such other financial statements and information as Lessor may reasonably request, and (iii) upon Lessor's request, its annual budget for any prior or current fiscal year or the following fiscal. The financial statements described in subsection (g) shall be accompanied by an unqualified opinion of Lessee's auditor. Credit information relating to Lessee may be disseminated among Lessor and any of its affiliates and any of their respective successors and assigns.

(h) Lessee has an immediate need for the Equipment and expects to make immediate use of the Equipment. Lessee's need for the Equipment is not temporary and Lessee does not expect the need for any item of the Equipment to diminish during the Lease Term.

(i) The payment of the Rental Payments or any portion thereof is not directly or indirectly (x) secured by any interest in property used or to be used in any activity carried on by any person other than a state or local governmental unit or payments in respect of such property; or (y) on a present value basis, derived from payments (whether or not to Lessee) in respect of property, or borrowed money, used or to be used in any activity carried on by any person other than a state or local governmental unit. Lessee shall not permit the Federal government to guarantee any Rental Payments. The Equipment will not be used, directly or indirectly, in any activity carried on by any person other than a state or local governmental unit. No portion of the Acquisition Amount will be used, directly or indirectly, to make or finance loans to any person other than Lessee. Lessee has not entered into any management or other service contract with respect to the use and operation of the Equipment.

(j) There is no pending litigation, tax claim, proceeding or dispute that may adversely affect Lessee's financial condition or impairs its ability to perform its obligations under this Agreement or the Acquisition Fund Agreement. Lessee will, at its

expense, maintain its legal existence in good standing and do any further act and execute, acknowledge, deliver, file, register and record any further documents Lessor may reasonably request in order to protect Lessor's first priority security interest in the Equipment and the Acquisition Fund and Lessor's rights and benefits under this Agreement and the Acquisition Fund Agreement.

(k) Lessee is the fee owner of the real estate where the Equipment is and will be located and has good and marketable title thereto, and there exists no mortgage, pledge, lien, security interest, charge or other encumbrance of any nature whatsoever on or with respect to such real estate.

(l) No lease, rental agreement, lease-purchase agreement, payment agreement or contract for purchase to which Lessee has been a party at any time has been terminated by Lessee as a result of insufficient funds being appropriated in any fiscal year. No event has occurred which would constitute an event of default under any debt, revenue bond or obligation which Lessee has issued during the past ten (10) years.

ARTICLE III

Section 3.01. Lease of Equipment. Subject to the terms of this Agreement, Lessor agrees to provide the Acquisition Amount to acquire the Equipment. Lessor hereby demises, leases, transfers and lets to Lessee, and Lessee hereby acquires, rents and leases from Lessor, the Equipment. The Lease Term may be continued, solely at the option of Lessee, at the end of the Original Term or any Renewal Term for the next succeeding Renewal Term up to the maximum Lease Term as set forth in the Payment Schedule. At the end of the Original Term and at the end of each Renewal Term until the maximum Lease Term has been completed, Lessee shall be deemed to have exercised its option to continue this Agreement for the next Renewal Term unless Lessee shall have terminated this Agreement pursuant to Section 3.03 or Section 10.01. The terms and conditions during any Renewal Term shall be the same as the terms and conditions during the Original Term, except that the Rental Payments shall be as provided in the Payment Schedule.

Section 3.02. Continuation of Lease Term. Lessee intends, subject to Section 3.03, to continue the Lease Term through the Original Term and all Renewal Terms. Lessee affirms that sufficient funds are available for the current fiscal year, and Lessee reasonably believes that an amount sufficient to make all Rental Payments during the entire Lease Term can be obtained from legally available funds of Lessee. Lessee further intends to do all things lawfully within its power to obtain and maintain funds sufficient and available to discharge its obligation to make Rental Payments due hereunder, including making provision for such payments to the extent necessary in each budget or appropriation request submitted and adopted in accordance with applicable provisions of law, to have such portion of the budget or appropriation request approved and to exhaust all available reviews and appeals in the event such portion of the budget or appropriation request is not approved.

Section 3.03. Nonappropriation. Lessee is obligated only to pay such Rental Payments as may lawfully be made from funds budgeted and appropriated for that purpose during Lessee's

then current fiscal year. Should Lessee fail to budget, appropriate or otherwise make available funds to pay Rental Payments following the then current Original Term or Renewal Term, this Agreement shall be deemed terminated at the end of the then current Original Term or Renewal Term. Lessee agrees to deliver notice to Lessor of such termination promptly after any decision to non-appropriate is made, but failure to give such notice shall not extend the term beyond such Original Term or Renewal Term. If this Agreement is terminated in accordance with this Section, Lessee agrees to cease use of the Equipment and peaceably remove and deliver at Lessee's expense the Equipment to Lessor at the location(s) to be specified by Lessor.

Section 3.04. Conditions to Lessor's Performance. (a) As a prerequisite to the performance by Lessor of any of its obligations under this Agreement, Lessee shall deliver to Lessor the following:

(i) An Acquisition Fund Agreement in the form set forth in Exhibit I hereto, satisfactory to Lessor and executed by Lessee and the Acquisition Fund Custodian;

(ii) A certified copy of a resolution adopted by the Miami-Dade Board of County Commissioners, a copy of which is attached hereto as Exhibit C-1, authorizing the execution and delivery of this Agreement and the Acquisition Fund Agreement and performance by Lessee of its obligations under this Agreement and the Acquisition Fund Agreement;

(iii) A Certificate executed by the Clerk of the Board of County Commissioners, in substantially the form attached hereto as Exhibit C-2, completed to the satisfaction of Lessor;

(iv) An opinion of counsel to Lessee in substantially the form attached hereto as Exhibit D and otherwise satisfactory to Lessor;

(v) Evidence of insurance as required by Section 7.02 hereof;

(vi) All documents, including financing statements, affidavits, notices and similar instruments, in form satisfactory to Lessor, which Lessor deems necessary or appropriate at that time pursuant to Section 6.02;

(vii) A waiver or waivers of interest in the Equipment, satisfactory to Lessor, from any mortgagee or any other party having an interest in the real estate on which the Equipment will be located and/or landlord of the real estate on which the Equipment will be located;

(viii) If Lessee has designated this Agreement as a "qualified tax-exempt obligation" within the meaning of Section 265(b)(3) of the Code, a certificate substantially in the form attached hereto as Exhibit G executed by an authorized official of Lessee;

(ix) A copy of a fully completed and executed Form 8038-G;

(x) A certified copy of any Surety Bond satisfying the conditions set forth in Section 7.04, or, at Lessor's sole discretion, such Surety Bonds may be provided after the Commencement Date, *provided, however,* that no "Disbursement Request" pursuant to the Acquisition Fund Agreement shall be authorized by Lessor until such Surety Bonds satisfying the conditions set forth in Section 7.04 have been delivered to Lessor; and

(xi) Such other items reasonably required by Lessor.

(b) In addition, the performance by Lessor of any of its obligations under this Agreement and the Acquisition Fund Agreement shall be subject to: (i) no Material Adverse Change in the financial condition of Lessee since the date of this Agreement, and (ii) no Event of Default having occurred and continuing.

(c) Subject to satisfaction of the foregoing, Lessor will deposit the Acquisition Amount with the Acquisition Fund Custodian.

ARTICLE IV

Section 4.01. Rental Payments. Subject to Section 3.03, Lessee shall promptly pay Rental Payments, in lawful money of the United States of America, to Lessor on the dates and in such amounts as provided in the Payment Schedule. Interest on the Acquisition Amount shall begin to accrue as of the Commencement Date. Lessee shall pay Lessor a charge on any Rental Payment not paid on the date such payment is due at a rate equal to the Contract Rate plus 5% per annum or the maximum amount permitted by law, whichever is less, from such date.

Section 4.02. Interest and Principal Components. A portion of each Rental Payment is paid as, and represents payment of, interest, and the balance of each Rental Payment is paid as, and represents payment of, principal as more fully detailed on the Payment Schedule.

Section 4.03. Rental Payments to Constitute a Current Expense of Lessee. Lessor and Lessee understand and intend that the obligation of Lessee to pay Rental Payments shall constitute a current expense of Lessee payable solely from its general fund or other funds that are legally available for that purpose and shall not in any way be construed to be a debt of Lessee in contravention of any applicable constitutional or statutory limitation or requirement concerning the creation of indebtedness by Lessee, nor shall anything contained herein constitute a pledge of the general tax revenues, funds or moneys of Lessee.

Section 4.04. Rental Payments to be Unconditional. Except as provided in Section 3.03, the obligations of Lessee to make Rental Payments and to perform and observe the other covenants and agreements contained in this Agreement shall be absolute and unconditional in all events without abatement, diminution, deduction, set-off or defense, for any reason, including without limitation any failure of the Equipment, any defects, malfunctions, breakdowns or infirmities in the Equipment or any accident, condemnation or unforeseen circumstances, or failure of any Vendor to deliver any Equipment or otherwise perform any of its obligations.

Section 4.05. Tax Covenants. Lessee agrees that it will not take any action that would cause the interest component of Rental Payments to be or to become ineligible for the exclusion from gross income of the owner or owners thereof for federal income tax purposes, nor will it omit to take or cause to be taken, in timely manner, any action, which omission would cause the interest component of Rental Payments to be or to become ineligible for the exclusion from gross income of the owner or owners thereof for federal income tax purposes.

Section 4.06. Event of Taxability. Upon the occurrence of an Event of Taxability, the interest component of Rental Payments and any charge on Rental Payments or other amounts payable based on the Contract Rate shall have accrued and be payable at the Taxable Rate retroactive to the date as of which the interest component is determined by the Internal Revenue Service to be includible in the gross income of the owner or owners thereof for federal income tax purposes, and Lessee will pay such additional amount as will result in the owner receiving the interest component at the Taxable Rate.

For purposes of this Section, *"Event of Taxability"* means a determination that the interest component is includible for federal income tax purposes in the gross income of the owner thereof due to Lessee's action or failure to take any action.

Section 4.07. Mandatory Prepayment. Any funds not applied to Equipment Costs and remaining in the Acquisition Fund on the earlier of (a) the expiration of the Acquisition Period and (b) the date on which Lessee executes an Acceptance Certificate (in the form attached hereto as Exhibit E), shall be applied by Lessor on any Rental Payment date to all or a portion of the Rental Payment due and owing in the succeeding twelve (12) months and any remaining amounts shall be applied by Lessor as prepayment to the remaining principal balance owing hereunder in the inverse order of Rental Payment dates.

ARTICLE V

Section 5.01. Delivery, Installation and Acceptance of Equipment. (a) Lessee shall order the Equipment, cause the Equipment to be delivered and installed at the location specified in the Equipment Schedule and pay any and all delivery and installation costs and other Equipment Costs in connection therewith. When the Equipment has been delivered and installed, Lessee shall promptly accept such Equipment and evidence said acceptance by executing and delivering to Lessor an "Acceptance Certificate" in the form attached hereto as Exhibit E.

(b) Lessee shall deliver to Lessor original invoices (and proof of payment of such invoices) and bills of sale (if title to such Equipment has passed to Lessee) relating to each item of Equipment accepted by Lessee.

Section 5.02. Quiet Enjoyment of Equipment. So long as Lessee is not in default hereunder, neither Lessor nor any entity claiming by, through or under Lessor, shall interfere with Lessee's quiet use and enjoyment of the Equipment during the Lease Term.

Section 5.03. Location; Inspection. Once installed, no item of the Equipment will be moved or relocated from the location specified for it in the Equipment Schedule without Lessor's

prior written consent, which consent shall not be unreasonably withheld. Lessor shall have the right at all reasonable times during regular business hours to enter into and upon the property where the Equipment is located for the purpose of inspecting the Equipment.

Section 5.04. Use and Maintenance of the Equipment. Lessee shall not install, use, operate or maintain the Equipment (or cause the Equipment to be installed, used, operated or maintained) improperly, carelessly, in violation of any applicable law or in a manner contrary to that contemplated hereby. Lessee shall provide all permits and licenses, if any, necessary for the installation and operation of the Equipment. In addition, Lessee agrees to comply in all respects with all applicable laws, regulations and rulings of any legislative, executive, administrative or judicial body; *provided* that Lessee may contest in good faith the validity or application of any such law, regulation or ruling in any reasonable manner that does not, in the opinion of Lessor, adversely affect the interest (including the reversionary interest) of Lessor in and to the Equipment or its interest or rights hereunder.

Lessee agrees that it will maintain, preserve, and keep the Equipment in good repair and working order, in a condition comparable to that recommended by the manufacturer. Lessor shall have no responsibility to maintain, repair or make improvements or additions to the Equipment. In all cases, Lessee agrees to pay any costs necessary for the manufacturer to re-certify the Equipment as eligible for manufacturer's maintenance upon the return of the Equipment to Lessor as provided for herein.

Lessee shall not alter any item of Equipment or install any accessory, equipment or device on an item of Equipment if that would impair any applicable warranty, the originally intended function or the value of that Equipment. All repairs, parts, accessories, equipment and devices furnished, affixed to or installed on any Equipment, excluding temporary replacements, shall thereupon become subject to the security interest of Lessor.

ARTICLE VI

Section 6.01. Title to the Equipment. During the Lease Term, and so long as Lessee is not in default under Article XII hereof, all right, title and interest in and to each item of the Equipment shall be vested in Lessee immediately upon its acceptance of each item of Equipment, subject to the terms and conditions hereof. Lessee shall at all times protect and defend, at its own cost and expense, its title in and to the Equipment from and against all claims, liens and legal processes of its creditors, and keep all Equipment free and clear of all such claims, liens and processes. Upon the occurrence of an Event of Default or upon termination of this Agreement pursuant to Section 3.03 hereof, full and unencumbered legal title to the Equipment shall, at Lessor's option, pass to Lessor, and Lessee shall have no further interest therein. In addition, upon the occurrence of such an Event of Default or such termination, Lessee shall execute and deliver to Lessor such documents as Lessor may request to evidence the passage of such legal title to Lessor and the termination of Lessee's interest therein, and upon request by Lessor shall deliver possession of the Equipment to Lessor in accordance with Section 12.02. Upon payment of all amounts due and owing under this Agreement in accordance with Section 10.01 (including upon payment of all Rental Payments and other amounts payable under this Agreement), Lessor's security interest or other interest in the Equipment shall

terminate, and Lessor shall execute and deliver to Lessee such documents as Lessee may request to evidence the termination of Lessor's security interest in the Equipment. During the Lease Term, Lessor will not claim ownership of the Equipment for the purposes of any tax credits, benefits or deductions with respect to the Equipment.

Section 6.02. Security Interest. As additional security for the payment and performance of all of Lessee's obligations hereunder, Lessee hereby grants to Lessor a first priority security interest constituting a first lien on (a) the Equipment, (b) moneys and investments held from time to time in the Acquisition Fund and (c) any and all proceeds of any of the foregoing. Lessee authorizes Lessor to file (and Lessee agrees to execute, if applicable) such notices of assignment, chattel mortgages, financing statements and other documents, in form satisfactory to Lessor, which Lessor deems necessary or appropriate to establish and maintain Lessor's security interest in the Equipment, the Acquisition Fund and the proceeds thereof, including, without limitation, such financing statements with respect to personal property and fixtures under Article 9 of the Uniform Commercial Code of the State.

Section 6.03. Personal Property, No Encumbrances. Lessee agrees that the Equipment is deemed to be and will remain personal property, and will not be deemed to be affixed to or a part of the real estate on which it may be situated, notwithstanding that the Equipment or any part thereof may be or hereafter become in any manner physically affixed or attached to real estate or any building thereon. Lessee shall not create, incur, assume or permit to exist any mortgage, pledge, lien, security interest, charge or other encumbrance of any nature whatsoever on any of the real estate where the Equipment is or will be located or enter into any agreement to sell or assign or enter into any sale/leaseback arrangement of such real estate without the prior written consent of Lessor; *provided,* that if Lessor or its assigns is furnished with a waiver of interest in the Equipment acceptable to Lessor or its assigns in its discretion from any party taking an interest in any such real estate prior to such interest taking effect, such consent shall not be unreasonably withheld.

ARTICLE VII

Section 7.01. Liens, Taxes, Other Governmental Charges and Utility Charges. Lessee shall keep the Equipment free of all levies, liens, and encumbrances except those created by this Agreement. The parties to this Agreement contemplate that the Equipment will be used for a governmental or proprietary purpose of Lessee and that the Equipment will therefore be exempt from all property taxes. If the use, possession or acquisition of any Equipment is nevertheless determined to be subject to taxation, Lessee shall pay when due all taxes and governmental charges lawfully assessed or levied against or with respect to such Equipment. Lessee shall pay all utility and other charges incurred in the use and maintenance of the Equipment. Lessee shall pay such taxes or charges as the same may become due; *provided* that, with respect to any such taxes or charges that may lawfully be paid in installments over a period of years, Lessee shall be obligated to pay only such installments as accrue during the Lease Term.

Section 7.02. Insurance. The parties hereto acknowledge that Lessee is self-insured against the risks. Lessee shall provide to Lessor a self-insurance letter in substantially the form attached hereto as Exhibit F. Lessee shall furnish to Lessor evidence of such self-insurance

coverage throughout the Lease Term. Lessee shall not cancel or modify such self-insurance coverage in any way that would affect the interests of Lessor without first giving written notice thereof to Lessor at least 30 days in advance of such cancellation or modification.

Section 7.03. Risk of Loss. Whether or not covered by self-insurance, Lessee, subject to the limitations of Section 768.28, Florida Statutes, hereby assumes all risk of loss of, or damage to and liability related to injury or damage to any persons or property arising from the Equipment from any cause whatsoever, and no such loss of or damage to or liability arising from the Equipment shall relieve Lessee of the obligation to make the Rental Payments or to perform any other obligation under this Agreement. Whether or not covered by self-insurance, Lessee, subject to the limitations of Section 768.28, Florida Statutes, hereby agrees to reimburse Lessor (to the fullest extent permitted by applicable law, but only from legally available funds) for any and all liabilities, obligations, losses, costs, claims, taxes or damages suffered or incurred by Lessor, regardless of the cause thereof and all expenses incurred in connection therewith (including, without limitation, counsel fees and expenses, and penalties connected therewith imposed on interest received) arising out of or as a result of (a) entering into of this Agreement or any of the transactions contemplated hereby, (b) the ordering, acquisition, ownership use, operation, condition, purchase, delivery, acceptance, rejection, storage or return of any item of the Equipment, (c) any accident in connection with the operation, use, condition, possession, storage or return of any item of the Equipment resulting in damage to property or injury to or death to any person, and/or (d) the breach of any covenant of Lessee under or in connection with this Agreement or any material misrepresentation provided by Lessee under or in connection with this Agreement. The provisions of this paragraph shall continue in full force and effect notwithstanding the full payment of all obligations under this Agreement or the termination of the Lease Term for any reason.

Section 7.04. Surety Bonds; Lessee to Pursue Remedies Against Contractors and Sub-Contractors and Their Sureties. Lessee shall secure from each Vendor directly employed by Lessee in connection with the acquisition, construction, installation, improvement or equipping of the Equipment, a payment and performance bond (*"Surety Bond"*) executed by a surety company authorized to do business in the State, having a financial strength rating by A.M. Best Company of "A-" or better, and otherwise satisfactory to Lessor and naming Lessor as a co-obligee in a sum equal to the entire amount to become payable under each Vendor Agreement. Each bond shall be conditioned on the completion of the work in accordance with the plans and specifications for the Equipment and upon payment of all claims of subcontractors and suppliers. Lessee shall cause the surety company to add Lessor as a co-obligee on each Surety Bond, and shall deliver a certified copy of each Surety Bond to Lessor promptly upon receipt thereof by Lessee. Any proceeds from a Surety Bond shall be applied first to amounts due Lessor under this Agreement, and any remaining amounts shall be payable to Lessee.

In the event of a material default of any Vendor under any Vendor Agreement in connection with the acquisition, construction, maintenance and/or servicing of the Equipment or in the event of a material breach of warranty with respect to any material workmanship or performance guaranty with respect to the Equipment, Lessee will promptly proceed to exhaust its remedies against the Vendor in default. Lessee shall advise Lessor of the steps it intends to take in connection with any such default. Any amounts received by Lessee in respect of damages,

refunds and adjustments or otherwise in connection with the foregoing shall be paid to Lessor and applied against Lessee's obligations hereunder.

Section 7.05. Advances. In the event Lessee shall fail to keep the Equipment in good repair and working order, Lessor may, but shall be under no obligation to, maintain and repair the Equipment and pay the cost thereof. All amounts so advanced by Lessor shall constitute additional rent for the then current Original Term or Renewal Term and Lessee covenants and agrees to pay such amounts so advanced by Lessor with interest thereon from the due date until paid at a rate equal to the Contract Rate plus 5% per annum or the maximum amount permitted by law, whichever is less.

ARTICLE VIII

Section 8.01. Damage, Destruction and Condemnation. If, prior to the termination of the Lease Term, (a) the Equipment or any portion thereof is destroyed, in whole or in part, or is damaged by fire or other casualty or (b) title to, or the temporary use of, the Equipment or any part thereof shall be taken under the exercise or threat of the power of eminent domain by any governmental body or by any person, firm or corporation acting pursuant to governmental authority, (i) Lessee and Lessor will cause the Net Proceeds of any insurance claim or condemnation award or sale under threat of condemnation to be applied to the prompt replacement, repair, restoration, modification or improvement of the Equipment and any balance of the Net Proceeds remaining after such work has been completed shall be paid to Lessee or (ii) Lessee shall exercise its option to prepay the obligations hereunderin accordance with Section 10.01(b).

If Lessee elects to replace any item of the Equipment (the *"Replaced Equipment"*) pursuant to this Section, the replacement equipment (the *"Replacement Equipment"*) shall be new or of a quality, type, utility and condition at least as good as the Replaced Equipment, shall be of equal or greater value than the Replaced Equipment and shall provide at least the same level of energy and/or operational savings expected in the aggregate from the Replaced Equipment prior to such casualty, destruction or condemnation. Lessee shall grant to Lessor a first priority security interest in any such Replacement Equipment. Lessee shall represent, warrant and covenant to Lessor that each item of Replacement Equipment is free and clear of all claims, liens, security interests and encumbrances, excepting only those liens created by or through Lessor, and shall provide to Lessor any and all documents as Lessor may reasonably request in connection with the replacement, including, but not limited to, documentation in form and substance satisfactory to Lessor evidencing Lessor's security interest in the Replacement Equipment. Lessor and Lessee hereby acknowledge and agree that any Replacement Equipment acquired pursuant to this paragraph shall constitute "Equipment" for purposes of this Agreement. Lessee shall complete the documentation of Replacement Equipment on or before the next Rental Payment date after the occurrence of a casualty event, or be required to exercise its option to prepay the obligations hereunder with respect to equipment in accordance with Section 10.01(b).

For purposes of this Article, the term *"Net Proceeds"* shall mean the amount remaining from the gross proceeds of any insurance claim or condemnation award or sale under threat of

condemnation after deducting all expenses, including attorneys' fees, incurred in the collection thereof.

Section 8.02. Insufficiency of Net Proceeds. If the Net Proceeds are insufficient to pay in full the cost of any repair, restoration, modification or improvement referred to in Section 8.01, Lessee shall either (a) complete such replacement, repair, restoration, modification or improvement and pay any costs thereof in excess of the amount of the Net Proceeds, or (b) pay or cause to be paid to Lessor the amount of the then applicable Termination Value for the Equipment, and, upon such payment, the Lease Term shall terminate and Lessor's security interest in the Equipment shall terminate as provided in Section 6.01 hereof. The amount of the Net Proceeds, if any, remaining after completing such repair, restoration, modification or improvement or after paying the applicable Termination Value for such Equipment shall be retained by Lessee. If Lessee shall make any payments pursuant to this Section, Lessee shall not be entitled to any reimbursement therefor from Lessor nor shall Lessee be entitled to any diminution of the amounts payable under Article IV.

ARTICLE IX

Section 9.01. Disclaimer of Warranties. Lessor makes no warranty or representation, either express or implied, as to the value, design, condition, merchantability or fitness for particular purpose or fitness for use of the Equipment, or any other warranty or representation, express or implied, with respect thereto and, as to Lessor, Lessee's acquisition of the Equipment shall be on an "as is" basis. In no event shall Lessor be liable for any incidental, indirect, special or consequential damage in connection with or arising out of this Agreement, the Equipment or the existence, furnishing, functioning or Lessee's use of any item, product or service provided for in this Agreement.

Section 9.02. Vendor's Agreements; Warranties. Lessee covenants that it shall not in any material respect amend, modify, rescind or alter any Vendor Agreement without the prior written consent of Lessor. Lessor hereby irrevocably appoints Lessee its agent and attorney-in-fact during the Lease Term, so long as Lessee shall not be in default under this Agreement, to assert from time to time whatever claims and rights (including without limitation warranties) relating to the Equipment that Lessor may have against Vendor. Lessee's sole remedy for the breach of such warranty, indemnification or representation shall be against the applicable Vendor of the Equipment, and not against Lessor. Any such matter shall not have any effect whatsoever on the rights and obligations of Lessor hereunder, including the right to receive full and timely Rental Payments. Lessee expressly acknowledges that Lessor makes, and has made, no representations or warranties whatsoever as to the existence or the availability of such warranties relating to the Equipment.

ARTICLE X

Section 10.01. Prepayment Option. Lessee shall have the option to prepay or satisfy all its obligations hereunder, at the following times and upon the following terms:

(a) From and after the date specified (if any) in the Payment Schedule (the *"Prepayment Option Commencement Date"*), on the Rental Payment dates specified in the Payment Schedule, upon not less than 30 days' prior written notice, and upon payment in full of the Rental Payments then due and all other amounts then owing hereunder plus the then applicable Termination Value, which may include a prepayment premium on the unpaid balance as set forth in the Payment Schedule; or

(b) In the event of substantial damage to or destruction or condemnation of substantially all of the Equipment, on the day specified in Lessee's notice to Lessor of its exercise of the prepayment option (which shall be the earlier of the next Rental Payment date or 60 days after the casualty event) upon payment in full to Lessor of the Rental Payment then due plus the then applicable Termination Value (or, in the event such prepayment occurs on a date other than a Rental Payment date, the sum of (i) the Termination Value relating to the Rental Payment immediately prior to the date of such prepayment plus (ii) accrued interest on the Outstanding Balance relating to the Rental Payment immediately prior to the date of such prepayment, plus all other amounts then owing hereunder); or

(c) Upon the expiration of the Lease Term, upon payment in full of all Rental Payments then due and all other amounts then owing hereunder to Lessor.

After payment of the applicable Termination Value and all other amounts owing hereunder, Lessor's security interests in and to such Equipment will be terminated and Lessee will own the Equipment free and clear of Lessor's security interest in the Equipment.

ARTICLE XI

Section 11.01. Assignment by Lessor. (a) Lessor's right, title and interest in and to this Agreement, the Rental Payments and any other amounts payable by Lessee hereunder, the Acquisition Fund Agreement, its security interest in the Equipment and Acquisition Fund, and all proceeds therefrom may be assigned and reassigned in whole or in part to one or more assignees or subassignees by Lessor, without the necessity of obtaining the consent of Lessee; *provided,* that any such assignment, transfer or conveyance to a trustee for the benefit of owners of certificates of participation shall be made in a manner that conforms to any applicable State law. Nothing in this Section 11.01 shall be construed, however, to prevent Lessor from executing any such assignment, transfer or conveyance that does not involve funding through the use of certificates of participation within the meaning of applicable State law, including any such assignment, transfer or conveyance as part of a multiple asset pool to a partnership or trust; *provided* such certificates are sold only on a private placement basis (and not pursuant to any "public offering") to a purchaser(s) who represents that (i) such purchaser has sufficient knowledge and experience in financial and business matters to be able to evaluate the risks and

merits of the investment, (ii) such purchaser understands that neither this Agreement nor certificates will be registered under the Securities Act of 1933, (iii) such purchaser is either an "accredited investor" within the meaning of Regulation D under the Securities Act of 1933, or a qualified institutional buyer within the meaning of Rule 144A, and (iv) it is the intention of such purchaser to acquire such certificates (A) for investment for its own account or (B) for resale in a transaction exempt from registration under the Securities Act of 1933; *provided further,* that in any event, Lessee shall not be required to make Rental Payments, to send notices or to otherwise deal with respect to matters arising under this Agreement with or to more than one individual or entity.

(b) Unless to an affiliate controlling, controlled by or under common control with Lessor, no assignment, transfer or conveyance permitted by this Section 11.01 shall be effective until Lessee shall have received a written notice of assignment that discloses the name and address of each such assignee; *provided,* that if such assignment is made to a bank or trust company as trustee or paying agent for owners of certificates of participation, trust certificates or partnership interests with respect to the Rental Payments payable under this Agreement, it shall thereafter be sufficient that Lessee receives notice of the name and address of the bank or trust company as trustee or paying agent. During the Lease Term, Lessee shall keep, or cause to be kept, a complete and accurate record of all such assignments in form necessary to comply with Section 149 of the Code. Lessee shall retain all such notices as a register of all assignees and shall make all payments to the assignee or assignees designated in such register. Lessee shall not have the right to and shall not assert against any assignee any claim, counterclaim or other right Lessee may have against Lessor or the Vendor. Assignments in part may include without limitation assignment of all of Lessor's security interest in and to the Equipment and all rights in, to and under this Agreement related to such Equipment, and all of Lessor's security interest in and to the Acquisition Fund, or all rights in, to and under the Acquisition Fund Agreement.

(c) If Lessor notifies Lessee of its intent to assign this Agreement, Lessee agrees that it shall execute and deliver to Lessor a Notice and Acknowledgement of Assignment substantially in the form of Exhibit H attached hereto within five (5) business days after its receipt of such request.

Section 11.02. Assignment and Subleasing by Lessee. **None of Lessee's right, title, and interest in, to and under this Agreement or any portion of the Equipment or the Acquisition Fund Agreement or the Acquisition Fund may be assigned, encumbered or subleased by Lessee for any reason, and any purported assignment, encumbrance or sublease without Lessor's prior written consent shall be null and void.**

ARTICLE XII

Section 12.01. Events of Default Defined. Any of the following events shall constitute an *"Event of Default"* under this Agreement:

(a) Failure by Lessee to (i) pay any Rental Payment or other payment required to be paid under this Agreement within 10 days after the date when due as specified herein or (ii) maintain insurance as required herein;

(b) Failure by Lessee to observe and perform any covenant, condition or agreement contained in this Agreement on its part to be observed or performed, other than as referred to in subparagraph (a) above, for a period of 30 days after written notice specifying such failure and requesting that it be remedied is given to Lessee by Lessor, unless Lessor shall agree in writing to an extension of such time prior to its expiration; *provided* that, if the failure stated in the notice cannot be corrected within the applicable period, Lessor will not unreasonably withhold its consent to an extension of such time if corrective action is instituted by Lessee within the applicable period and diligently pursued until the default is corrected;

(c) Any statement, representation or warranty made by Lessee in or pursuant to this Agreement or its execution, delivery or performance shall prove to have been false, incorrect, misleading, or breached in any material respect on the date when made; or

(e) An order, judgment or decree shall be entered by any court of competent jurisdiction, approving a petition or appointing a receiver, trustee, custodian or liquidator for Lessee or of all or a substantial part of the assets of Lessee, in each case without its application, approval or consent, and such order, judgment or decree shall continue unstayed and in effect for any period of 30 consecutive days.

Section 12.02. Remedies on Default. Whenever any Event of Default exists, Lessor shall have the right, at its sole option without any further demand or notice, to take one or any combination of the following remedial steps:

(a) By written notice to Lessee, Lessor may declare all Rental Payments payable by Lessee and other amounts payable by Lessee hereunder to the end of the then current Original Term or Renewal Term to be due;

(b) With or without terminating the Lease Term, Lessor may enter the premises where the Equipment is located and retake possession of such Equipment or require Lessee at Lessee's expense to promptly return any or all of such Equipment to the possession of Lessor at such place within the United States as Lessor shall specify, and sell or lease such Equipment or, for the account of Lessee, sublease such Equipment, continuing to hold Lessee liable, but solely from legally available funds, for the difference between (i) the Rental Payments payable by Lessee and other amounts hereunder or the Equipment that are payable by Lessee to the end of the then current Original Term or Renewal Term, as the case may be, and (ii) the net proceeds of any such sale, leasing or subleasing (after deducting all expenses of Lessor in exercising its remedies hereunder , including without limitation all expenses of taking possession, storing, reconditioning and selling or leasing such Equipment and all brokerage, auctioneer's and attorney's fees), subject, however, to the provisions of Section 3.03. The exercise of any such remedies respecting any such Event of Default shall not relieve Lessee of any other liabilities hereunder or the Equipment;

(c) Lessor may terminate the Acquisition Fund Agreement and apply any proceeds in the Acquisition Fund to the Rental Payments due hereunder; and

(d) Lessor may take whatever action at law or in equity may appear necessary or desirable to enforce its rights under this Agreement or the Acquisition Fund Agreement or as a secured party in any or all of the Equipment or the Acquisition Fund.

Section 12.03. No Remedy Exclusive. No remedy herein conferred upon or reserved to Lessor is intended to be exclusive and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder now or hereafter existing at law or in equity. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient. In order to entitle Lessor to exercise any remedy reserved to it in this Article it shall not be necessary to give any notice other than such notice as may be required in this Article.

ARTICLE XIII

Section 13.01. Notices. All notices, certificates or other communications under this Agreement shall be sufficiently given and shall be deemed given when delivered or mailed by registered mail, postage prepaid, or delivered by overnight courier, or sent by facsimile transmission (with electronic confirmation) to the parties hereto at the addresses immediately after the signatures to this Agreement (or at such other address as either party hereto shall designate in writing to the other for notices to such party) and to any assignee at its address as it appears on the registration books maintained by Lessee.

Section 13.02. Binding Effect. This Agreement shall inure to the benefit of and shall be binding upon Lessor and Lessee and their respective successors and assigns.

Section 13.03. Severability. In the event any provision of this Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

Section 13.04. Amendments, Changes and Modifications. This Agreement may only be amended by Lessor and Lessee in writing.

Section 13.05. Execution in Counterparts. This Agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

Section 13.06. Applicable Law and Venue. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida. This Agreement shall be enforced by bringing an action in either state or federal court located in Miami-Dade County, Florida.

Section 13.07. Captions. The captions or headings in this Agreement are for convenience only and in no way define, limit or describe the scope or intent of any provisions or sections of this Agreement.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

EXHIBIT D

FORM OF OPINION OF COUNSEL TO LESSEE
(to be typed on letterhead of counsel)

[Closing Date]

_____
_____
_____
_____
Attn: _____

Re: Equipment Lease/Purchase Agreement, dated as of _____ between _____, as Lessor, and _____, as Lessee

Ladies and Gentlemen:

As legal counsel to Miami-Dade County (*"Lessee"*), I have examined (a) an executed counterpart of a certain Equipment Lease/Purchase Agreement, dated as of _____, and Exhibits thereto by and between _____ (*"Lessor"*) and Lessee (the *"Agreement"*), which, among other things, provides for the lease of certain property (the *"Equipment"*) and a certain Acquisition Fund and Account Control Agreement among Lessor, Lessee, and _____ as Acquisition Fund Custodian, dated _____ (the *"Acquisition Fund Agreement"*), (b) an executed counterpart of the ordinances or resolutions of Lessee which with respect to the transaction contemplated by the Agreement, the Acquisition Fund Agreement, and documents related thereto and (c) such other opinions, documents and matters of law as I have deemed necessary in connection with the following opinions. The Agreement, the Acquisition Fund Agreement and the documents relating thereto are referred to collectively as the "Transaction Documents."

Based on the foregoing, I am of the following opinions:

1. Lessee is a political subdivision of the State of Florida, duly organized and existing under the laws of the State, and has a substantial amount of the following sovereign powers: (a) the power to tax, (b) the power of eminent domain, and (c) police powers as a political subdivision of a state within the meaning of Section 103(c) of the Internal Revenue Code of 1986, as amended (the *"Code"*) and the obligations of Lessee under the Agreement will constitute an obligation of Lessee within the meaning of Section 103(a) of the Code, notwithstanding Section 103(b) of the Code.

2. Lessee has the requisite power and authority to lease and acquire the Equipment and to execute and deliver the Transaction Documents and to perform its obligations under the Transaction Documents.

3. The Transaction Documents have been duly authorized, approved, executed and delivered by and on behalf of Lessee and the Transaction Documents are legal, valid and binding obligations of Lessee enforceable in accordance with their respective terms.

4. The authorization, approval, execution and delivery of the Transaction Documents and all other proceedings of Lessee relating to the transactions contemplated thereby have been performed in accordance with all open meeting laws, public bidding laws and all other applicable state or federal laws.

5. There is no proceeding pending or threatened in any court or before any governmental authority or arbitration board or tribunal that, if adversely determined, would adversely affect the transactions contemplated by the Transaction Documents or the security interest of Lessor or its assigns, as the case may be, in the Equipment, the Acquisition Fund or other collateral thereunder.

All capitalized terms herein shall have the same meanings as in the Transaction Documents unless otherwise provided herein. Lessor and its successors and assigns, and any counsel rendering an opinion on the tax-exempt status of the interest components of the Rental Payments, are entitled to rely on this opinion.

Sincerely,

EXHIBIT E

Re: Equipment Lease/Purchase Agreement, dated as of _____ between _____, as Lessor, and _____, as Lessee

Ladies and Gentlemen:

In accordance with the Equipment Lease/Purchase Agreement (the *"Agreement"*), the undersigned Lessee hereby certifies and represents to, and agrees with Lessor as follows:

1. All of the Equipment (as such term is defined in the Agreement) has been delivered, installed and accepted on the date hereof.

2. Lessee has conducted such inspection and/or testing of the Equipment as it deems necessary and appropriate and hereby acknowledges that it accepts the Equipment for all purposes.

3. Lessee is currently maintaining the insurance coverage required by Section 7.02 of the Agreement.

4. Lessee hereby reaffirms that the representations, warranties and covenants contained in the Agreement are true and correct as of the date hereof.

5. No event or condition that constitutes, or with notice or lapse of time, or both, would constitute, an Event of Default (as defined in the Agreement) exists at the date hereof.

FORM OF SELF INSURANCE CERTIFICATE

_____
_____
_____
_____
Attn: _____

Re: Equipment Lease/Purchase Agreement, dated as of _____ (the *"Agreement"*) between _____, as Lessor, and _____, as Lessee

In connection with the above-referenced Agreement, _____ (the *"Lessee"*), the Lessee warrants and represents to _____ the following information. The terms capitalized herein but not defined herein shall have the meanings assigned to them in the Agreement.

1. The Lessee is self-insured for damage or destruction to the Equipment. The dollar amount limit for property damage to the Equipment under such self-insurance program is $_____. [The Lessee maintains an umbrella insurance policy for claims in excess of Lessee's self-insurance limits for property damage to the Equipment which policy has a dollar limit for property damage to the Equipment under such policy of $_____.]

2. The Lessee is self-insured for liability for injury or death of any person or damage or loss of property arising out of or relating to the condition or operation of the Equipment. The dollar limit for such liability claims under the Lessee's self-insurance program is $_____. [The Lessee maintains an umbrella insurance policy for claims in excess of Lessee's self-insurance limits for liability which policy has a dollar limit for liabilities for injury and death to persons as well as damage or loss of property arising out of or relating to the condition or operation of the Equipment in the amount of $_____.

[3]. The Lessee maintains a self-insurance fund. Monies in the self-insurance fund [are/are not] subject to annual appropriation. The total amount maintained in the self-insurance fund to cover Lessee's self-insurance liabilities is $_____. [Amounts paid from the Lessee's self-insurance fund are subject to a dollar per claim of $_____.]

[3]. The Lessee does not maintain a self-insurance fund. The Lessee obtains funds to pay claims for which it has self-insured from the following sources: _____. Amounts payable for claims from the such sources are limited as follows: _____.

4. Attached hereto are copies of certificates of insurance with respect to policies maintained by Lessee.

EXHIBIT G

FORM OF BANK QUALIFICATION CERTIFICATE

The undersigned, a duly authorized official of _____ (the *"Lessee"*) certifies in connection with the Equipment Lease/Purchase Agreement dated as of _____ (the *"Agreement"*) between _____ and Lessee as follows:

1. The obligations evidenced by the Agreement are not "private activity bonds" as defined in Section 141 of the Internal Revenue Code of 1986, as amended (the *"Code"*);

2. The Lessee hereby designates the principal components of the Rental Payments payable under the Agreement as "qualified tax-exempt obligations" for purposes of Section 265(b)(3) of the Code;

3. The reasonably anticipated amount of tax-exempt obligations (other than private activity bonds, treating qualified 501(c)(3) bonds as not being private activity bonds) which will be issued by the Lessee (and all entities treated as one issuer with the Lessee, and all subordinate entities whose obligations are treated as issued by the Lessee) during the current calendar year will not exceed $10,000,000; and

4. Not more than $10,000,000 of obligations issued by the Lessee during the current calendar year has been designated for purposes of Section 265(b)(3) of the Code.

EXHIBIT H

FORM OF NOTICE AND ACKNOWLEDGEMENT OF ASSIGNMENT

DATED _____

_____ (*"Assignor"*) hereby gives notice that it has assigned and sold to _____ (*"Assignee"*) all of Assignor's right, title and interest in, to and under the Equipment Lease/Purchase Agreement (the *"Agreement"*) dated as of _____, between Assignor and _____ (*"Lessee"*), together with all exhibits, schedules, addenda and attachments related thereto, and all certifications and other documents delivered in connection therewith, the Rental Payments and other amounts due under the Agreement, all of Assignor's right, title and interest in the Equipment (as defined in the Agreement), and all of Assignor's right, title and interest in, to and under the Acquisition Fund and Account Control Agreement dated _____ (the *"Acquisition Fund Agreement"*) by and among Lessee, Assignor and _____, as Acquisition Fund Custodian, together with the Acquisition Fund related thereto (collectively, the *"Assigned Property"*).

1. Pursuant to the authority of Resolution _____ adopted on _____, Lessee hereby acknowledges the effect of the assignment of the Assigned Property and absolutely and unconditionally agrees to deliver to Assignee all Rental Payments and other amounts coming due under the Agreement in accordance with the terms thereof on and after the date of this Acknowledgment.

2. Lessee hereby agrees that: (i) Assignee shall have all the rights of Lessor under the Agreement and all related documents, including, but not limited to, the rights to issue or receive all notices and reports, to give all consents or agreements to modifications thereto, to receive title to the equipment in accordance with the terms of the Agreement, to declare a default and to exercise all remedies thereunder; and (ii) except as provided in Section 3.03 of the Agreement, the obligations of Lessee to make Rental Payments and to perform and observe the other covenants and agreements contained in the Agreement shall be absolute and unconditional in all events without abatement, diminution, deduction, set-off or defense.

3. Lessee agrees that, as of the date of this Notice and Acknowledgment of Assignment (this *"Acknowledgement"*), the following information about the Agreement is true, accurate and complete:

Number of Rental Payments Remaining	–	_____
Amount of Each Rental Payment	–	$_____
Total Amount of Rents Remaining	–	$_____
Frequency of Rental Payments	–	_____
Next Rental Payment Due	–	_____
Funds Remaining in Acquisition Fund	–	$_____

4. The Agreement remains in full force and effect, has not been amended and no nonappropriation or Event of Default (or event which with the passage of time or the giving of notice or both would constitute a default) has occurred thereunder.

5. Any inquiries of Lessee related to the Agreement and any requests for disbursements from the Acquisition Fund, if applicable, and all Rental Payments and other amounts coming due pursuant to the Agreement on and after the date of this Acknowledgment should be remitted to Assignee at the following address (or such other address as provided to Lessee in writing from time to time by Assignee):
