

Memorandum

Agenda Item No. 2(B)1
January 20, 2016

Date: November 16, 2015

To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor 

Subject: Report Addressing Infill Housing Initiative Program Directive - 151882

This report on Miami-Dade County's Infill Housing Initiative Program (Program) is provided to the Board of County Commissioners (Board) in response to a request by Commissioner Dennis C. Moss during the Economic Prosperity Committee meeting on August 27, 2015.

The Code of Miami-Dade County (County Code), specifically Article VII, Section 17-121 through 17-128.1, addresses the Program, covering purpose, definitions, acquisitions, transfer or sale of property, eligible households, affordability controls, development, rental property, forgiveness of County liens, and policies, etc. In addition to the County Code, the Program is also governed by Florida State Statutes, Sections 125.379 and 125.38, Implementing Order 3-44, the Infill Housing Developer County Contract and the Program Guidelines.

The purpose of the Program is to increase the availability of affordable homes for very low, low and moderate-income persons; maintain a stock of affordable housing; redevelop urban neighborhoods by eliminating blight of vacant lots and dilapidated or abandoned properties; equitably distribute homeownership opportunities within the Infill Target Areas; and generate payment of ad valorem taxes. The Program encourages the redevelopment of vacant property through the sale or transfer of County property to qualified developers who are required to build affordable single-family homes to be sold to income eligible households. The Program provides incentives to encourage qualified developers to build affordable housing within the Infill Target Areas such as conveyance of land for \$10.00, forgiveness of County liens and citations on private lots, refund of impact fees, and assistance in the form of second mortgages for qualified buyers.

Since November 1, 2011, the Program has been administered by the Public Housing and Community Development Department (Department). There is currently one (1) full-time staff person dedicated to administering the Program. From 2002 through November 2011, the Program was administered by the Internal Services Department, which had four (4) full-time staff, a supervisor, and two (2) part-time County employees for Program administration. Other than some minor program fees, the Department does not receive funding from the County for Program administration. The Department plans to request two (2) additional full-time Real Estate Officers to better administer the Program.

Since the Program's inception in 2002, there have been 777 affordable homes built and sold. There are 14 homes currently under construction and 149 parcels which are pending development have been conveyed to developers. A detailed report by Commission District (1, 2, 3, 4, 5, 7, 8, and 9) indicates the Infill lots that are currently being developed or have been constructed since the Program began

(Attachment A). In addition, pursuant to Florida Statute 9, Section 17-128.1, an annual report is submitted to the Board that includes the following information:

- List of lots made available and conveyed to qualified developers,
- Number of homes built and sold to qualified households,
- Amount of liens released on County and private property developed for the Program, and
- Legal actions taken against violators.

The last annual report issued to the Board is provided as Attachment B.

The Department is currently working with the County Attorney's Office (CAO) to revise applicable legislation and other requirements to update the Program, address changes in the real estate market and adopt recommendations made in the "Report Addressing the Infill Housing Program Impediments that Delay the Implementation of the Infill Program," which was issued to the Board on May 15, 2015. The Department is also drafting a resolution to surplus approximately 200 lots for the Program and will present this to the Board for consideration in the near future.

If you have any questions regarding this report, please contact the Department Director Michael Liu at (786)469-4106.

In accordance with Ordinance 14-65, this memorandum will be placed on the next available Committee meeting agenda.

Total lots = 43

Legend

z = Inactive Developer

Conveyed lots that were County-owned and were conveyed to developers to develop Infill housing.

Bid lots are County-owned through a competitive bid process were sold to the highest Infill developer to develop Infill housing.

Private lots are lots approved by the Program to allow private developers to build Infill housing on their privately-owned property.

Total lots = 368

Legend

z = Inactive Developer

Conveyed lots that were County-owned and were conveyed to developers to develop Infill housing.

Bid lots are County-owned through a competitive bid process were sold to the highest Infill developer to develop Infill housing.

Private lots are lots approved by the Program to allow private developers to build Infill housing on their privately-owned property.

Legend

z = Inactive Developer

Conveyed lots that were County-owned and were conveyed to developers to develop Infill housing.

Bid lots are County-owned through a competitive bid process were sold to the highest Infill developer to develop Infill housing.

Private lots are lots approved by the Program to allow private developers to build Infill housing on their privately-owned property.

Date: March 12, 2015

To: Honorable Chairperson Jean Monestime
and Members, Board of County Commissioners

From: Carlos A. Gimenez, Mayor 

Subject: 2015 Status Report on the Infill Housing Initiative Program for Calendar Year 2014

The purpose of the Infill Housing Initiative is to increase the availability of affordable homes for purchase by very low-, low- and moderate-income persons; minimize the blight of vacant lots and dilapidated or abandoned properties in Infill Target Areas; provide equal opportunities to qualified households for homeownership within the Infill Target Areas; reduce the availability of idle County-owned residential properties in the Infill Target areas; and to generate ad valorem taxes. The Infill Housing Initiative encourages the redevelopment of vacant property through the sale or transfer of County property to qualified developers who are required to build affordable single-family homes to be sold to income eligible households.

Pursuant to Florida Statute, Section 17-128.1, an annual report shall be submitted to the Board of County Commissioners (Board) that includes the following information:

- List of lots made available and conveyed to qualified developers (as per Attachment A): 78
- Number of homes built and sold to qualified households: 16
- Amount of liens released on County and private property developed for the Program: 9
- Legal actions taken against violators: None

The Infill Housing Program Guidelines are reviewed periodically and revised to reflect departmental responsibilities and other necessary changes as the program evolves to meet the challenges and changes in the real estate market. Staff considers input from other County departments and the development community and the newly formed developer pool.

Should you have any questions, please do not hesitate to contact Michael Liu, Director, Public Housing and Community Development at (786) 469-4106.

Attachment

c: Robert A. Cuevas, Jr. County Attorney
Russell Benford, Deputy Mayor
Charles Anderson, Commission Auditor
