

# Memorandum

**Date:** February 2, 2016

**To:** Honorable Chairman Jean Monestime  
and Members, Board of County Commissioners

**From:** Carlos A. Gimenez  
Mayor

Agenda Item No. 8(F)(5)

**Subject:** Request for Additional Expenditure Authority to Legacy Contract No. L601, Electronic Voter Identification Stations

## Recommendation

It is recommended that the Board of County Commissioners (Board) authorize increased expenditure authority of \$400,000 to *Legacy Contract No. L601, Electronic Voter Identification Stations*, for the Elections Department to purchase additional electronic voter identification stations (EVIDs), electronic poll books, associated software licenses and required software maintenance and support services. EVIDs interface directly with the County's voter registration database, allowing Elections Department staff to verify voter information, including voter eligibility, through the use of driver's license card swipes or bar code scanners. The EVIDs maintain up-to-date voter activity and prevent voter fraud by detecting multiple check-ins and identifying when absentee ballots have already been submitted.

The increased spending authority will be specifically applied to expand the use of EVIDs to all Early Voting and Election Day precincts for countywide and municipal elections, which is expected to improve operational efficiencies and voter experience. More precisely, it is anticipated that expanded usage of EVIDs will reduce voter check-in time, prevent multiple voting, provide live statistics of voter activity, automatically update voter registration records, validate voter reports to the correct precinct, and reduce staff workload.

The Board awarded this legacy contract to VR Systems, Inc. in September 2013 through Resolution No. R-735-13 for a three-year term plus two (2), two-year options-to-renew. The Elections Department relies on this contract to purchase equipment, supplies, software, including software licenses, and associated maintenance services to buttress its vast voting operations.

## Scope

The impact of this item is countywide in nature.

## Fiscal Impact/Funding Source

The contract, which is in its initial three-year term, expires on October 31, 2016. The allocation for the initial term was modified from \$3,200,000 to \$3,800,000, administratively, to purchase 200 EVIDs. The requested \$400,000 increase in allocation for the initial term is based on estimated needs in preparation for the 2016 presidential election cycle, as recommended by the County Mayor's Elections Advisory Group. This allocation will allow for the purchase of 25 additional EVIDs, software licenses and maintenance and support services for the remainder of the term. If this modification is approved, the contract will have a total modified allocation for the initial term of \$4,200,000.
